

SECTION 1 – CONFLICT MINERALS DISCLOSURE

Item 1.01 Conflict Minerals Disclosure and Report

Introduction

This Specialized Disclosure Form (“Form SD”) of Allot Communications Ltd. (the “Company,” “we,” or “us”) is filed pursuant to Rule 13p-1 (the “Rule”) promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), for the reporting period from January 1, 2015 to December 31, 2015.

The Rule requires disclosure of certain information when a company manufactures or contracts to manufacture products for which the minerals specified in the Rule are necessary to the functionality or production of those products. The specified minerals are gold, columbite-tantalite (coltan), cassiterite and wolframite, including their derivatives, which are limited to tantalum, tin and tungsten (collectively, the “Conflict Minerals”), that originated in the Democratic Republic of the Congo (“DRC”) and certain adjoining countries (collectively with the DRC, the “Covered Countries”).

Conclusion Based on Reasonable Country of Origin Inquiry

In accordance with the Rule, the Company has concluded in good faith that during the year ended December 31, 2015:

Certain of the Company’s operations manufactured, or contracted to manufacture, products (the “Covered Products”) for which the Conflict Minerals are necessary to the functionality or production of those products.

Based on the Company’s good faith reasonable country of origin inquiry regarding the Conflict Minerals, which was designed to determine whether any of the Conflict Minerals contained in the Company’s Covered Products originated in the Covered Countries and whether any of the Conflict Minerals contained in the Covered Products are or may be from recycled or scrap sources, the Company had reason to believe that (i) the Conflict Minerals contained in its Covered Products may have originated in the Covered Countries and (ii) such Conflict Minerals may not be from recycled or scrap sources.

On the basis of these conclusions, the Company proceeded to exercise due diligence with respect to the source and chain of custody of the Conflict Minerals contained in its Covered Products. The Conflict Minerals Report describing the Company’s due diligence efforts is attached as Exhibit 1.01 to this Form SD for the reporting period from January 1, 2015 to December 31, 2015. This Conflict Minerals Report has not been subject to an independent private sector audit.

Countries of origin identified as a result of the Company’s reasonable country of origin inquiry include, to the extent known, Australia, Austria, Belgium, Bolivia, Brazil, Canada, Chile, China, Czech Republic, Estonia, France, Germany, Hong Kong, India, Indonesia, Italy, Japan, Kazakhstan, Republic Of Korea, Kyrgyzstan, Malaysia, Mexico, Netherlands, New Zealand, Peru, Philippines, Poland, Russian Federation, Rwanda, Saudi Arabia, Singapore, South Africa, Spain, Sudan, Sweden, Switzerland, Taiwan, Thailand, Turkey, United Arab Emirates, United Kingdom, United States, Uzbekistan, Vietnam and Zimbabwe.
