EXPLANATORY NOTE

On August 31, 2009 we received a comment letter from the Securities and Exchange Commission relating to our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 which we filed with the Securities and Exchange Commission on March 25, 2009 (the “Original Report”). The primary purpose of this amendment to the Original Report (the “Amendment”) is to respond to the comment letter.

In this Amendment we have revised Item 9A, “Disclosure Controls and Procedures”.

This Amendment includes information contained in the Original Report, and we have made no attempt in the Amendment to modify or update the disclosures presented in the Original Report, except as identified above. The disclosures in this Amendment continue to speak as of the date of the Original Report, and do not reflect events occurring after the filing of the Original Report. Accordingly, this Amendment should be read in conjunction with our other filings made with the Securities and Exchange Commission subsequent to the filing of the Original Report, including any amendments to those filings. The filing of this Amendment shall not be deemed to be an admission that the Original Report, when made, included any untrue statement of a material fact or omitted to state a material fact necessary to make a statement not misleading.

Item 9A. Disclosure Controls and Procedures

Internal Control over Financial Reporting

(a) Management’s annual report on internal control over financial reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) and 15d-15(f) promulgated under the Exchange Act as a process designed by, or under the supervision of, the Company’s principal executive and principal financial officers and effected by the Company’s Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, the Company's internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of December 31, 2008.

In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control—Integrated Framework. Based on management's assessment, management has concluded that, for the reasons set forth below, as of December 31, 2008 our internal control over financial reporting was not effective.

Our business is a small and efficient operation with only 6 management employees. As a result, we do not have the number of staff necessary to adequately segregate each and every duty in certain areas. This is also true of our subsidiaries, many of which have only a limited number of employees.

In order to remediate this weakness, we will need to hire a number of additional employees. Until we are able to hire additional employees to remediate this weakness, management has determined to report more frequently to our audit committee and to have members of our audit committee review our control procedures on a regular basis.

This Annual Report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this Annual Report.

(b) Changes in internal control over financial reporting

There have been no changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15 (f) under the Exchange Act) during the fourth quarter of 2008 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
