Appointment of Chairman

The Royal Bank of Scotland Group plc (“the Group”) announces that Sir Tom McKillop has indicated he wishes to retire as Chairman from today and, accordingly, Sir Philip Hampton, currently Deputy Chairman and Chairman-designate, will assume Chairmanship of the Group.

Sir Tom McKillop said “While my retirement was originally planned for April 2009, I believe it is appropriate to bring this forward so that Sir Philip can complete the restructuring of the board and work with the board and executive teams on the strategy going forward. I wish Sir Philip and the board every success in this difficult financial and economic environment as they strive to restore the bank’s prosperity.”

Sir Philip Hampton said "Tom McKillop has chaired RBS through unprecedented turbulence in financial markets with great dedication and integrity and the board wishes him well. It is now my privilege to chair a Group with very significant challenges but with fundamental strengths in its people and businesses. We are extremely fortunate to have the support of the UK Government and taxpayer as we restructure the Group and we mean to repay that support as soon as is practicable".

3 February 2009

The Royal Bank of Scotland Group plc ("RBS") – RBS to retain RBS Insurance

5 February 2009

RBS today announces that it has decided to retain its RBS Insurance division and that it is no longer in discussions with interested parties regarding a possible disposal of the business.

As announced on 4 November 2008, RBS is undertaking a strategic review with the aim of refocusing the Group on those businesses that have a clear competitive advantage, credible future growth opportunities from strong customer franchises and which generate appropriate risk-adjusted returns. After careful consideration, the Board of RBS believes RBS Insurance meets these criteria and that it is in the best interests of shareholders for the Group to retain the business.

Stephen Hester, Group Chief Executive, said: "Given RBS' broader considerations, it was important to test the market for this business which has demonstrated that a sale on terms currently available would destroy value for RBS' shareholders. RBS Insurance benefits from a leading market position, strong cash generation and low capital requirements. It does not absorb funding or risk-weighted assets and is not

- RBS Insurance employs approximately 17,000 employees in five countries, including over 15,000 in the UK
- In the first half of 2008, RBS Insurance reported a 41% increase in operating profit (before manufacturing cost) to £513m. The business has its operating challenges but is expected to exhibit more stability than our banking businesses during the current negative credit cycle.

RBS announces Board restructuring

The Board of RBS Group has been considering its future shape in recent months, especially in light of the commitment to appoint three new Non-executive Directors made at the time of the recapitalisation of the Group in October 2008. The Board has determined that a restructured Board with a smaller number of directors will be better able to engage effectively in the restructuring process for the RBS Group going forward.

As of 6 February 2009, and ahead of the appointment of three new Non-executive Directors to be completed with the approval of UKFI, the Board of RBS Group will comprise:

Chairman
Group Chief Executive

Sir Philip Hampton
Mr Stephen Hester

Group Finance Director Mr Guy Whittaker
Chairman, Regional Markets Mr Gordon Pell

Non-executive Directors Mr Colin Buchan
 Mr Archie Hunter
 Mr Joe MacHale

Mr John McFarlane

Mr Art Ryan

As a consequence, the following Non-executive Directors will retire with effect from 6 February 2009: Bob Scott, Jim Currie, Bill Friedrich, Bud Koch, Janis Kong, Steve Robson and Peter Sutherland.

The Chairman of RBS Group Sir **Philip Hampton** said:

“ We are making good and purposeful progress in the restructuring of the Group including the Board. These have been very challenging times for RBS and throughout the company's difficulties I know that the whole Board served with great commitment and determination. With several directors completing two or more terms or otherwise wishing to retire, now is the right time to reduce the size of the Board , whilst ensuring an appropriate level of continuity in its key committees. Everyone at RBS is fully focused on the task in hand; restoring the company to sustainable standalone strength and repaying the support of the UK taxpayer as quickly and effectively as is practicable.”

The Royal Bank of Scotland Group plc

RBS announces Pay and Reward Settlement for 2008

RBS Group can confirm that it has reached agreement with the UK Government as majority shareholder (through UK Financial Investments) on its approach to Pay and Reward for 2008/09.

The outline of the approach is as follows:

• **No Reward for Failure:**

No bonuses or pay increases will be made to staff associated with the major losses suffered in 2008.

• **Board Remuneration:**

As previously announced Board Executive Directors will receive no bonus for 2008 performance and no pay increase in 2009.

• **Pay 2009:**

Agreement has been reached with Unite in the UK

for staff which they represent below managerial grades. Ongoing discussions with staff representatives are taking place in other regions. This will mean a pay freeze for Directors and Executives in the Group worldwide, and for most staff in the US and the Global Banking & Markets division. On average, other staff will receive below inflation pay rises.

• **Bonuses for 2008:**

No discretionary cash bonuses will be paid in 2009 for performance in 2008. Only legally binding guaranteed bonuses will be paid. Total cash bonus payments for 2009 will amount to £175m. Therefore total cash spend overall will have been reduced by more than 90%.

• **Protection for lower paid staff:**

The existing Profit Share "bonus" scheme worth 10% of salary will not be paid for

2008, and will be terminated for all future years. A
n

equivalent

payment will be made as part of the existing monthly award package to staff below managerial
grade

, beginning in 2009

. The average salary for this group is £18,979.

- **Deferred awards**

:

Staff who are

essential to the bank's recovery

and

who might otherwise be at serious risk of leaving

,

and who remain with the Bank will receive a deferred award for 2008. The deferred award will be released in three equal annual instalments beginning June 2010 and payable in sub-ordinated debt of RBS i.e. not in cash.

- **Claw back of deferred awards**

:

In individual cases up to 100% of these deferred awards will be subject to forfeiture at the discretion of the Remuneration Committee

and if future losses arise in relation to their 2008 activities

. Awards will therefore be based on sustained long-term performance

,

not on short-term revenue generation.

- **Deferred Amount:**

The total amount of deferred
awards

will be finalised following our forthcoming company announcement relating to the Group's Strategic Review. However, the

total

amount will

represent

at a very significant reduction on

the

comparable

prior year

totals

and the settlement

overall

will be

as tough as that at any other

comparable

bank.

• **Future Policy:**

RBS is undertaking a fundamental review of its approach to future remuneration to ensure that incentives are well aligned to the interests of shareholders

over the long-term. The intention for 2009 is to follow the same approach and deferral periods as outlined for 2008 while ensuring the Group pays competitively overall with other international banks. More details will be provided in the Group's forthcoming Annual Report and Accounts.

Commenting on this approach RBS Group Chairman **Sir Philip Hampton** said:

“A fundamental reform to pay and reward is needed to reflect the reality of the situation the company is in. The Board is satisfied that this approach will be seen by most reasonable observers to have balanced difficult conflicting issues. We fully recognise, as a Company, that we have to change materially not just the business we do but also the way we do business.

“Our overarching aim is to restore the standalone health of the Group as soon as is practicable. In doing so, we need to retain the trust of our customers, shareholders and the wider public while delivering the best possible commercial performance. We need to retain, motivate and attract talented people to restore the fortunes of the Company. We will try to do that whilst being among those banks leading the industry in changing the way we operate.

“This approach also means that we now can offer some certainty to our employees to enable them to plan ahead financially. Our staff have had to contend with significant anxiety over recent weeks and months over a situation that the vast majority bore no responsibility for creating. We have tried, wherever possible, to focus the worst impact of the changes on our more senior staff and, in particular, those in the concentrated areas of our business responsible for the major losses recorded in 2008.”

RBS GROUP INTENDED PARTICIPATION IN HM TREASURY ASSET PROTECTION SCHEME AND ADDITIONAL CAPITAL RAISING

Today RBS confirms its intended participation in H.M. Treasury's Asset Protection Scheme, in conjunction with an additional £13 billion capital raising. The agreement between RBS and the Treasury will, when

completed, allow RBS to secure asset protection that enhances its financial strength and provides improved stability for customers and depositors, and also enhances RBS' ability to lend into the UK market. The agreement is subject to, among other things, shareholder approvals.

Issuance of Capital

On or after the implementation of the Scheme, the Treasury will subscribe for £13 billion of B Shares which will constitute Core Tier 1 capital. A summary of the expected terms of the B Shares is set out in Appendix 1. The Treasury will also commit to subscribe for an additional £6 billion of B Shares at RBS' option.

Scheme Amount

RBS intends to participate in the Scheme in respect of assets with a par value of £325 billion and a carrying value net of impairments and write-downs of £302 billion.

First Loss

The agreement would see RBS bear the first loss amount relating to the assets in the Scheme up to £19.5 billion (after taking into account historic impairments and writedowns). Losses arising in respect of the assets after the first loss would be borne 90% by the Treasury and 10% by RBS. The Scheme will apply to losses incurred on assets on or after 1 January 2009.

Fee and Issuance of Capital

If it enters into the Scheme, RBS will pay a participation fee of £6.5 billion to the Treasury. This would be funded through the issuance of B Shares (in addition to, and on the same terms as, the B Shares referred to above), which will constitute Core Tier 1 capital. In addition, RBS will, over a period to be agreed, agree not to claim certain UK tax losses or allowances¹.

Stephen Hester, Chief Executive of RBS Group, said:

“Participation in this Scheme would assist us in reducing risk for shareholders whilst providing greater support for UK customers via increased lending. It would provide increased certainty to the market by limiting potential losses on a significant proportion of our balance sheet.”

Assets

The assets would be drawn from RBS' and certain of its affiliates' portfolios of corporate and leveraged loans, commercial and residential property loans, structured credit assets and such other assets as the Treasury and RBS agree are to be included in the Scheme. It is also envisaged that the Scheme may include structured synthetic assets and counterparty risk exposures associated with certain derivatives transactions with monoline insurers and credit derivative product companies. RBS expects that the Scheme will protect: £225 billion of third party assets², £44 billion of undrawn commitments, and £33 billion in other counterparty risk exposures.

Lending

By participating in the Scheme RBS would be able to free up its lending capacity. Consequently, RBS would increase its lending to UK homeowners and businesses who meet RBS' ordinary course credit and pricing criteria on RBS' normal commercial terms by £25 billion over the next 12 months.

Where there is demand, the increased lending will be split £9 billion to mortgage lending and the remaining £16 billion to business lending . A further £25 billion increase is targeted in 2010.

RBS is very much open for business and continues to provide funding support to personal and business customers. Its lending to business and commercial customers rose by 10% in 2008.

RBS also takes an active role in providing Enterprise Finance Guarantee (EFG) lending. Since the launch of the scheme just over a month ago the value of EFG loans to be drawn down or in the pipeline with RBS totals £20 million.

This latest commitment builds on RBS' recently announced pledge to guarantee overdrafts and pricing for small business customers until at least the end of 2009.

Capital Ratios

The Scheme and associated capital raising is expected to improve the capital ratios at the RBS consolidated group level by (i) substituting government risk weighting for that of the relevant assets; and (ii) the subscription for the B Shares by Treasury (being both the B Shares issued in respect of funding the fee for the Scheme and the additional £13 billion of B Shares to be issued on or after the implementation of the Scheme) Based on total covered assets of £325 billion, RWA would reduce by approximately £144 billion.

In addition, RBS will continue to look at various market based and/or internal capital management opportunities to generate and further strengthen Core Tier 1 Capital.

Term

While it is intended that the Scheme would apply to the covered assets until their maturity, RBS' participation in the Scheme would be capable of termination by mutual agreement of RBS and the Treasury.

Management of the Assets

RBS would be required under the Scheme to manage the assets in accordance with certain asset management requirements as referred to in the Scheme. As the Scheme is intended to apply to losses on assets arising from 1 January 2009, RBS has today agreed with the Treasury certain interim arrangements relating to the management of those assets likely to be part of the Scheme.

Conditions to accession to the Scheme

Implementation of the Scheme for RBS will be subject to further due diligence by the Treasury and its advisers, documentation and satisfaction of applicable conditions (including the application criteria and asset eligibility criteria of the Scheme) and conditions precedent to accession in the Scheme, including State aid, regulatory and shareholder approvals.

2008 Accounts

It should be noted that there are no details about the Asset Protection Scheme in the 2008 Report and Accounts, which were approved by the Board on 25 February 2009.

Appendix 1
Summary of Expected Terms of the B Shares

RBS DRAFT 3 (NV/PIRD): 26 February 2009

B Shares

Issuer The Royal Bank of Scotland Group plc (the “**Company**”).

Securities: Ordinary shares with preferential rights in respect of dividends (“**B Shares**”). The B Shares have no maturity and are irredeemable.

Nominal Value: GBP 0.50 per B Share

Issue Price: GBP 0.50 per B Share

Rights upon Liquidation: On a return of capital or distribution of assets on a winding-up holders of B Shares will rank in the application of the assets of the Company available to shareholders *pari passu* with the holders of any other classes of ordinary shares of the Company.

For these purposes, on a winding-up, each holder of a B Share will be deemed to hold one ordinary share of the Company for every B Share held at the date of the commencement of such winding-up (the “Winding Up Ratio”).

Adjustments to the Winding Up Ratio:

Dividends:

The Winding Up Ratio shall be subject to anti-dilution adjustments.

Non-cumulative dividends will be declared at the discretion of the Board of Directors or a Committee thereof, which dividends shall be paid in priority to any dividend on any other class of ordinary share capital.

The Board of Directors or a Committee thereof shall, by 30th April in each year, decide whether or not to declare a final dividend or make a bonus issue on the ordinary shares in respect of the immediately preceding financial year. If it is decided that a final dividend on the ordinary shares is to be declared or a bonus issue is to be made in respect of the immediately preceding financial year, any dividend declared on the B Shares in respect of the same financial year will be declared at the same time. If it is decided that no final dividend on the ordinary shares will be declared or bonus issue made in respect of any financial year, the dividend on the B Shares in respect of such financial year will, if declared, be so declared no later than 30th April in the immediately following financial year provided, in each case, funds are available for distribution and are permitted by law to be distributed. The date on which the Board of Directors or a Committee thereof takes the decision to declare or not declare a dividend (in whole or in part) on the B Shares in respect of a year is referred to as a “Declaration Date”.

If declared, dividends on the B Shares will be paid annually on the date that is three business days after the record date in respect of the final dividend payable on the ordinary shares in each year commencing in 2010, if such a dividend is declared, and otherwise on 31st May in each year commencing in 2010 (the “Payment Date”). The record date for the B shares will be the same as the record date for any final dividend on the ordinary shares or otherwise shall be three business days before 31st May in each year. Any dividend payable on the B Shares in respect of the period from the date of their issue to 31 December 2009 shall be paid *pro rata* by reference to the number of days the B Shares

have been in issue.

Dividends on each B Share due on each Payment Date shall be equivalent to the greater of (1) 7% of the Issue Price per B Share and (2) if a dividend or dividends or other distribution is/are declared, paid or made on the ordinary shares in the period from (but excluding) the immediately preceding Declaration Date to (and including) the current Declaration Date, 250% (the "Participation Rate") of the aggregate amount of such dividend(s) or distribution per ordinary share (the amount of any non-cash dividend or distribution being its market value).

The Board of Directors or a Committee thereof may in its discretion decide that a dividend on the B Shares in respect of a year will not be declared at all or will be declared only in part even when distributable profits are available for distribution. If the Board of Directors or a Committee decides not to declare a dividend on the B Shares in respect of a year or declares a dividend only in part, then the rights of holders of the B Shares to receive the dividend in respect of that year on that relevant Payment Date will be lost either entirely or as to the part not declared, as applicable, and the Company will have no obligation in respect of the amount of dividend not declared either to pay the dividend in respect of that year on the relevant Payment Date or to pay interest thereon, whether or not dividends on the B Shares are declared in respect of any future years.

Adjustments to the Participation Rate:

The Participation Rate will be subject to anti-dilution adjustments.

Option to Pay in Scrip:

If the Board, or a Committee thereof, decides to declare a dividend on the B Shares in respect of a financial year and, either (i) no dividend has been declared on the ordinary shares and/or distribution made thereon in respect of the same financial year or (ii) a dividend has been declared and/or a distribution has been made thereon otherwise than in cash in respect of the same financial year, the Board or Committee may in its discretion determine that the dividend on the B Shares shall be paid in whole or in part by the Company issuing further B Shares to the Holders of B Shares. The number of further B Shares to be issued to each Holder as a bonus issue shall be such number of B Shares as shall be certified by an independent investment bank (acting as expert) to equal the value of the dividend otherwise payable on the B Shares.

Restrictions following non-declaration of dividends:

If dividends in respect of a year are not declared and paid in full on the B Shares in cash or otherwise, or the Company has not set aside an amount equal to the dividend for that year, the Company:

- (i) may not pay dividends or other distributions (whether in cash or otherwise) upon any Parity Securities, including any dividends or distributions (whether in cash or otherwise) on ordinary shares payable by reference to the same record date as the B Shares, and the Company may not set aside any sum for the payment of those dividends or other distributions, unless, on the date of declaration of any such dividends or other distributions, the Company sets aside an amount equal to the dividend for the then current year payable on the B Shares to provide for payment in full of such dividend on the B Shares on the next Payment Date; or

(ii) may not redeem, purchase or otherwise acquire for any consideration any of its Parity Securities and shall not set aside any sum or establish any sinking fund for the redemption, purchase or other acquisition of Parity Securities,

until such time as the declaration and payment of dividends on the B Shares has resumed in full.

“Group” means the Company and its subsidiary undertakings.

“Parity Securities” means (i) the ordinary shares of the Company and (ii) any other securities of the Company or any other member of the Group ranking or expressed to rank *pari passu* with the ordinary shares and the B Shares on a return of capital or distribution of assets on a winding-up, either issued by the Company or, where issued by another member of the Group, where the terms of the securities benefit from a guarantee or support agreement entered into by the Company which ranks or is expressed to rank *pari passu* with the ordinary shares and the B Shares on a return of capital or distribution of assets on a winding-up.

Conversion:

Holder of B Shares shall have the option to convert some or all of the B Shares into ordinary shares of the Company at any time at the Conversion Price provided, however, that all B Shares shall be automatically and mandatorily converted into ordinary shares at the Conversion Price if the volume weighted average trading price of the ordinary shares for 20 complete trading days in any 30 day trading period equals or exceeds GBP 0.65 per ordinary share.

The number of ordinary shares to be delivered by the Company to a Holder of B Shares upon conversion of the B Shares shall equal the Conversion Ratio for each B Share held, rounded down to the nearest whole share.

As used herein:

"Conversion Price" means GBP 0.50 per ordinary share; and

“Conversion Ratio” means the Issue Price per B Share divided by the Conversion Price.

Covenants relating to conversion

The terms of the B Shares will contain standard covenants relating to the availability of ordinary shares and to listing in respect of any conversion to ordinary shares.

Restrictions on conversion:

Without prejudice to rights arising on the mandatory conversion of ordinary shares, HM Treasury shall not be entitled to exercise its option to convert B shares into ordinary shares for as long as it holds 75% or more of the ordinary shares or if the exercise of such option would result in it holding 75% or more of the ordinary shares.

Adjustments to the Conversion Price:

The Conversion Price shall be adjusted in accordance with standard Euro-market anti-dilution adjustments other than customary change of control adjustments or extraordinary dividend adjustments (to the extent compensated by dividends paid at the Participation Rate).

Voting rights:

Holder of the B Shares will only be entitled to receive notice of and to attend any general meeting of Shareholders and to speak or vote upon any resolution proposed at such meeting if a resolution is proposed either varying or

abrogating any of the rights and restrictions attached to the B Shares or to wind up, or in relation to the winding-up of, the Company (and then in each such case only to speak and vote upon any such resolution).

If holders of the B Shares are entitled to vote upon a resolution proposed at a general meeting of Shareholders, on a show of hands every holder of B Shares who is entitled to vote or any proxy or a corporate representative for that holder, in each case who is present in person, will have one vote. On a poll, each holder of B Shares who is entitled to vote and who is present in person, by proxy or by corporate representative, will have two votes for each B Share of which he or she is the holder.

Purchase of own shares: Subject to the Articles, the provisions of the Companies Acts, all other laws and regulations applying to the Company and the rights conferred on any other class of shares of the Company and confirmation from the FSA that it has no objection to the purchase (for as long as the Company is required to obtain such confirmation) the Company may at any time purchase any B Shares.

Share buybacks: For as long as any B Shares remain outstanding the Company may not purchase any of its ordinary shares.

Restrictions on Voting Rights: HM Treasury shall not be entitled to vote, whether on a show of hands or on a poll, in respect of ordinary shares acquired by it as a result of the conversion of B Shares into ordinary shares to the extent, but only to that extent, that votes cast on such ordinary shares, together with any other votes which HM Treasury is entitled to cast in respect of any other ordinary shares held by or on behalf of HM Treasury would exceed 75% of the total votes eligible to be cast on a resolution presented at a general meeting of the Company. For the avoidance of doubt, these restrictions shall not affect or limit any voting rights that HM Treasury may have in respect of any other class or classes of shares in the capital of the Company.

Amendments: For so long as the B Shares are held by or on behalf of HM Treasury and in the event that the B Shares cease to be eligible as Core Tier 1 Capital then HM Treasury shall negotiate in good faith with the Company with a view to making such amendments to the terms of the B shares as may be necessary for the B Shares to constitute Core Tier 1 Capital.

“Core Tier 1 Capital” has the meaning given by the FSA from time to time.

No pre-emption rights: Holders of the B Shares will not have pre-emption rights in respect of ordinary shares.

Listing: The B Shares will not initially be listed. HM Treasury is entitled to require the Company to seek a listing of the B Shares.

Governing law: The creation and issue of the B Shares and the rights attached to them are governed by, and shall be construed in accordance with, the laws of Scotland.

He will work closely with new colleagues here in managing down our risk positions through oversight of both our Risk function and the new Non-Core Division that we have created. Nathan's experience bears well on these tasks.

We have also announced internally other management changes today. Gordon Pell has kindly agreed to postpone his scheduled retirement to 2010. We benefit greatly from his experience and I am pleased to recognise that with his changed role as Deputy Chief Executive.”
