### Results of operations in 2011

2011 saw good progress in terms of risk reduction and financial soundness despite a much tougher market environment in which to achieve these goals. Customer service and support was sustained well.

However, RBS Holdings N.V. recorded a loss for the period of €656 million. The loss resulted from significant non-operating items which occurred in 2011 including an impairment loss of €1,463 million in respect of the impairment of Greek government bonds as a result of Greece's continuing fiscal difficulties. This charge wrote the bonds down to their market price as at 31 December 2011. This loss was partially offset by a gain of €1,290 million on movements in the fair value of own debt, as the volatile market conditions led to a significant widening in RBS N.V.'s credit spreads during the second half of the year.

Net interest income decreased in 2011 principally reflecting the significant changes in the structure of the balance sheet in the Non-Core segment and in Global Banking and Markets (GBM). The decrease in Non-Core was largely as a result of the divestitures of operations in 2010. The decrease in GBM was largely due to transfers of businesses to RBS plc in 2011. In addition, RBS Holdings N.V.'s interest margin was negatively affected by the cost of carrying higher liquidity reserves and central bank balances.

The profit from Non-interest income increased due to a gain of €1,290 million on movements in the fair value of own debt. This was partially offset by lower trading income in 2011 principally reflecting the significant changes in the structure of the balance sheet in Non-Core and GBM as discussed above. In addition, lower results in GBM were seen, reflecting depressed primary market volumes and limited opportunities in the secondary market.

Impairments for 2011 amounted to €1,765 million comprising of an impairment charge of €1,463 million on Greek bonds, as discussed above and commercial loan impairments of €302 million.

Total equity as at the 31 December 2011 was €3.3 billion, a decrease of €1.6 billion compared to 31 December 2010.

The RBS Holdings N.V. 2011 Annual Report and Accounts is available on the RBS website ([www.RBS.com](http://www.RBS.com)).
