Edgar Filing: SWEDISH MATCH CORP - Form 6-K

Item 17: The Board shall consist of 8 ordinary members and no deputy members.

Item 18: It is proposed that the fees to the Board of Directors shall be paid as follows for the period until the close of the next Annual General Meeting:

The Chairman shall receive a fee of SEK 750,000 and the other Board members elected by the Meeting shall each receive a fee of SEK 300,000. Furthermore, it is proposed that the Board be allocated SEK 400,000 as compensation for committee work carried out, and that it shall be divided within the Board in the manner decided by the Board. It is however proposed that Board members employed by the Swedish Match Group shall be allocated no fees.

Item 19: The following ordinary members are proposed:

Reelection of Bernt Magnusson, Jan Blomberg, Tuve Johannesson, Arne Jurbrant, Karsten Slotte and Meg Tivéus and election of Sven Hindrikes and Kersti Strandqvist.

Item 20: The Nominating Committee proposes that the Annual General Meeting adopt a revised version of the Instruction to Swedish Match AB's Nominating Committee (Election Committee), according to which the task of the Election Committee shall be to prepare and submit to the Annual General Meeting proposals for the following:

(i) Election of the Chairman and other members of the Board, and the division between the President and other Board members of fees paid to the Board, as well as any compensation for committee work;

(ii) Election of and fees to auditors;

(iii) Election of the Chairman at the Annual General Meeting; and

(iv) Election of an Election Committee ahead of the next Annual General Meeting.

In other respects, the Instruction has been adapted to the rules of the Swedish owner management code (Sw. svensk kod för ägarstyrning).

Board of Directors proposals:

Edgar Filing: SWEDISH MATCH CORP - Form 6-K

Item 8: The Board of Directors proposes that a dividend be paid to the shareholders in the amount of SEK 1.90 per share and that the remaining profits be carried forward. It is proposed that the year's dividend initially be deducted from the non-restricted reserves after the reduction of the share capital, with the remainder being deducted from the profits carried forward. May 2, 2005 is proposed as the record date for entitlement to receive a cash dividend. The dividend is expected to be paid through VPC (the Swedish Securities Register Center) on May 6, 2005.

Item 9: In 1999, the Board of Directors adopted a stock option programme for senior Swedish Match officials as part of the total compensation package. The purpose of the programme is to increase still further the involvement of senior Company officials in the Company and their ownership of it, as well as to attract, motivate and retain key employees. Through the stock option programme, the incentives of senior officials will correspond to the interests of the shareholders.

The Board of Directors proposes that a stock option programme for the year 2005 be approved by the Meeting. The terms and conditions shall be substantially the same as the Company's stock option programmes in place between 1999 and 2004. The Board of Directors' proposal for 2005 includes a maximum of 61 senior Company officials and key employees. The requirements for allocation of options in the stock option programme are as follows:

A positive total stock return for the Swedish Match share that exceeds the return on the shares in a selection of other companies in the industry. The maximum allocation in accordance with this criterion will take place when the Company's return exceeds the other companies' returns by 20 per cent.

An increase in earnings per share and an EPS that exceeds the average for the three previous years. The maximum allocation in accordance with this criterion will take place when earnings per share exceed the average for the three previous years by 20 per cent. The figure for earnings per share is calculated on the basis of the number of shares at the beginning of the year. The two requirements (a positive total stock return that is better than that of competitors and higher earnings per share) are equally weighted. When only one of the requirements set forth above is met, allocation will be a maximum of 50 per cent of the full allocation. The market value of the stock options shall be determined in accordance with a generally acknowledged valuation model (Black-Scholes), and the stock options shall be allocated without consideration. The total value of the stock option programme for 2005 shall not exceed a limit of SEK 25,200,000 (excluding any payroll tax), which is equivalent to a limit of 30 per cent of the total base salary in 2005 of the company officials participating in the programme. The stock options are freely transferable and not related to employment. The stock options may be redeemed during the period from March 2009 to February 2011 and shall carry a redemption price corresponding to 120 per cent of the average share price over a time period close to the allocation date and subsequent to the publication of the year-end report for 2005. Commitments under the stock option programme for 2005 may be secured by way of repurchases of the Company's shares and the transfer of such shares in connection with the demand for the possible redemption of the stock options. Any decision to repurchase shares and issue stock options for the stock option programme for 2005 will be taken by the Annual General Meeting of Shareholders in 2006. The Compensation Committee will determine the allocation following the publication of the 2005 annual report.

Item 10: The Board of Directors proposes that the Articles of Association (§4) be amended so that the Company's share capital shall be a minimum of SEK 300,000,000 and a maximum of SEK 1,200,000,000.

The resolution of the Meeting with regard to item 11 is contingent upon being supported by shareholders representing at least two-thirds of the votes cast and two-thirds of the shares represented at the Meeting.

Item 11: The Board of Directors proposes that it be authorised to decide to acquire, prior to the next Annual General Meeting, a maximum of as many shares as may be acquired without the Company's holding at any time exceeding 10 per cent of all shares in the Company. The shares shall be acquired on the Stockholm Stock Exchange at a price within the price interval registered at any given time, i.e. the interval between the highest bid price and the lowest offer price. The purpose of the repurchase is primarily to enable the Company's capital structure to be adjusted and to cover the allocation of options that forms part of the Company's rolling option programmes.

The resolution of the Meeting with regard to item 10 is contingent upon being supported by shareholders representing at least two-thirds of the votes cast and two-thirds of the shares represented at the Meeting.

Item 12: The Board of Directors has decided on the allocation of stock options for the years 1999-2004 and the Company's shareholders have, at the respective annual shareholders' meetings, decided to issue stock options on the Company's shares to secure the Company's obligations. According to the stock option programme for 2004, certain senior Company officials shall be allocated a minimum of 6,805 options and a maximum of 64,815 stock options per person. The options can be used to buy shares over the period from March 3, 2008 to March 1, 2010 at a redemption price of SEK 99.75. The terms and conditions applying to the options were established on the basis of the average price of the Swedish Match share on the Stockholm Stock Exchange over the period from February 11, 2005 to February 24, 2005, which was SEK 83.21. The market value of the options, calculated on the basis of the conditions prevailing at the time at which the terms and conditions applying to the options were established, is deemed by an independent valuation institute to be SEK 10.80 per option, corresponding to a total maximum value of SEK 9,800,000. The Board of Directors proposes that the Meeting resolve that the Company shall issue a maximum 907,408 stock options to secure the stock option programme for 2004. The Board of Directors further proposes that the Company deviate from the preferential rights of shareholders and be permitted to transfer a maximum of 907,408 shares in the Company at a selling price of SEK 99.75 per share in conjunction with demand for the redemption of the call options. The number of shares and the selling price of the shares covered by the transfer resolution under item 12 may be changed as a consequence, inter alia, of a bonus issue of shares, a combination or split of shares, a new share issue, a reduction of the share capital or other similar measure.

The resolution of the Meeting with regard to item 12 is contingent upon being supported by shareholders representing at least nine-tenths of the votes cast and nine-tenths of the shares represented at the Meeting.

Edgar Filing: SWEDISH MATCH CORP - Form 6-K

Item 13: The Board of Directors proposes a reduction of the Company's share capital by SEK 28,800,000 through the withdrawal of 12,000,000 shares in the Company. The shares in the Company proposed for withdrawal have been repurchased by the Company in accordance with the authorisation granted by the General Meeting of Shareholders of the Company. The Board of Directors also proposes that the reduced amount be transferred to non-restricted shareholders' equity for allocation to a fund for use in repurchasing the Company's own shares.

The resolution of the Meeting with regard to item 13 is contingent upon being supported by shareholders representing at least two-thirds of the votes cast and two-thirds of the shares represented at the Meeting.

Item 14: The Board of Directors proposes to reduce the Company's share capital through a reduction in the nominal amount from SEK 2.40 to SEK 1.20 per share without repayment to the shareholders, and also proposes to transfer the reduced amount to non-restricted shareholders' equity for allocation to a fund for use in repurchasing the Company's own shares. As a result, the Board of Directors also proposes that the Articles of Association (§5) be amended to specify that the nominal amount of the share shall be SEK 1.20.

The resolution of the Meeting with regard to item 14 is contingent upon being supported by shareholders representing at least two-thirds of the votes cast and two-thirds of the shares represented at the Meeting.

Item 15: The Board of Directors proposes that the Company's statutory reserve be reduced by SEK 114,000,000 to SEK 80,364,332.20. The Board of Directors also proposes that the reduced amount be transferred to non-restricted shareholders' equity for allocation to a fund for use in repurchasing the Company's own shares.

Item 22: The Board of Directors proposes that the Articles of Association (§9) be amended to specify that the Annual General Meeting of Shareholders shall determine the fees to be paid to the Board, *along with the division between the Chairman and other Board members, as well as any compensation for committee work*, and that *the Chairman of the Board shall be elected by the Annual General Meeting*.

The resolution of the Meeting with regard to item 22 is contingent upon being supported by shareholders representing at least two-thirds of the votes cast and two-thirds of the shares represented at the Meeting.

Item 21: The following will be proposed as members of the Election Committee: Joachim Spetz (Handelsbanken Fonder), Marianne Nilsson (Robur), Carl Rosén (Second Swedish National Pension Fund), Pernilla Klein (Third Swedish National Pension Fund), and Bernt Magnusson.

Full details of the proposed resolutions under items 9, 10, 11, 12, 13, 14, 15, 20, and 22 are available from Swedish Match AB's Head Office (Legal Department) at Rosenlundsgatan 36 in Stockholm as of April 13, 2005.
