PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 5, 2006

To Our Stockholders:

The Board of Directors of NovaStar Financial, Inc., a Maryland corporation (NovaStar Financial or the Company), is furnishing this proxy statement in connection with its solicitation of proxies for use at the annual meeting of stockholders to be held on May 5, 2006 at 11:30 a.m., Central Time, at our corporate offices, 8140 Ward Parkway, Suite 300, Kansas City, Missouri. This proxy statement, the accompanying proxy card and the notice of annual meeting are being provided to stockholders beginning on or about March 31, 2006.

GENERAL INFORMATION

Record Date and Voting Rights

Holders of shares of NovaStar Financial s common stock, par value \$0.01 per share, at the close of business on March 10, 2006, the record date, are entitled to notice of, and to vote at, the annual meeting. On that date, 32,591,228 shares of common stock were outstanding. Each share of common stock outstanding on the record date is entitled to one vote on each matter presented at the annual meeting.

Voting of Proxies

If you are not planning on attending the Annual Meeting to vote your shares in person, your shares of common stock cannot be voted until either a signed proxy card is returned to the Company or voting instructions are submitted by using the Internet or by calling a specifically designated telephone number. Specific instructions for shareholders of record who wish to use the Internet or telephone voting procedures are set forth on the enclosed proxy card.

Shares of common stock represented by properly executed proxies received in time for the annual meeting will be voted in accordance with the choices specified in the proxies. Unless contrary instructions are indicated on the proxy, shares will be voted **FOR** the election of the nominees named in this proxy statement as directors, **FOR** the approval of the NovaStar Financial, Inc. Executive Bonus Plan (Amended and Restated January 1, 2006) (the Executive Bonus Plan) and **FOR** the ratification of the selection of Deloitte & Touche LLP as the independent registered public accounting firm for the fiscal year ending December 31, 2006.

The management and the Board of Directors know of no matters to be brought before the annual meeting other than as set forth herein. To date, NovaStar Financial has not received any stockholder proposals. If any other matter of which the management and Board of Directors are not now aware is properly presented to the stockholders for action, it is the intention of the proxy holders to vote in their discretion on all matters on which the shares represented by such proxy are entitled to vote.

Revocability of Proxy

Edgar Filing: NOVASTAR FINANCIAL INC - Form DEF 14A

The giving of the enclosed proxy does not preclude the right to vote in person should the stockholder giving the proxy so desire. A proxy may be revoked at any time prior to its exercise by delivering a written statement to the Corporate Secretary that the proxy is revoked, by presenting a later-dated proxy, or by attending the annual meeting and voting in person.

Table of Contents

Solicitation of Proxies

The costs of this solicitation by the Board of Directors will be borne by the Company. Proxy solicitations will be made by mail and also may be made by personal interview, telephone, facsimile transmission and telegram. Banks, brokerage house nominees and other fiduciaries are requested to forward the proxy soliciting material to the beneficial owners and to obtain authorization for the execution of proxies. NovaStar Financial will, upon request, reimburse those parties for their reasonable expenses in forwarding proxy materials to the beneficial owners. NovaStar Financial may engage an outside firm to solicit votes. If such a firm is engaged subsequent to the date of this proxy statement, the cost is estimated to be less than \$10,000, plus reasonable out-of-pocket expenses.

Broker Non-Votes

If the shares you own are held in street name by a bank, brokerage firm or other nominee, your nominee, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your nominee provides you. If you do not give instructions to your nominee, it will still be able to vote your shares with respect to discretionary items, including the election of directors, the approval of the Executive Bonus Plan and the ratification of the independent registered accounting firm. However, your nominee will not be allowed to vote your shares with respect to non-discretionary items. When a nominee does not vote on such non-discretionary items because instructions are not received, it is referred to as a broker non-vote.

Votes Required for Approval of Proposals

The presence, in person or by proxy, of stockholders representing 50% or more of the issued and outstanding stock entitled to vote constitutes a quorum for the transaction of business at the annual meeting. Both abstentions and broker non-votes will be considered present for the purpose of determining the presence of a quorum.

The vote of a plurality of all of the votes cast at the annual meeting (at which a quorum is present) is required for the election of a director. For purposes of the election of directors, abstentions will not be counted as votes cast and will have no effect on the result of the vote.

The affirmative vote of a majority of the votes cast at the annual meeting (at which a quorum is present) is required for approval of the Executive Bonus Plan. For purposes of the vote on the Executive Bonus Plan, abstentions will not be counted as votes cast and will have no effect on the result of the vote.

The affirmative vote of a majority of the votes cast at the annual meeting (at which a quorum is present) is required for ratification of the independent registered public accounting firm. For purposes of the vote on the ratification of the independent registered public accounting firm, abstentions will not be counted as votes cast and will have no effect on the result of the vote.

Voting by Shares Held in the 401(k) Plan

If you participate in the NovaStar Financial, Inc. 401(k) plan and your account has investments in shares of the Company's common stock, you must provide voting instructions to the plan trustee (either via the proxy card or by Internet or telephone) no later than 11:59 P.M. Eastern Time May 4, 2006 in order for your shares to be voted as you instruct. If no voting instructions are received by the plan trustee, your 401(k) shares will not be voted. Your voting instructions will be held in strict confidence.

Householding of Proxy Materials

In December of 2000, the Securities and Exchange Commission adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more security holders sharing the same address by delivering a single proxy statement addressed to those security holders. This process is commonly referred to as householding.

A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker that it will be householding

communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you or another stockholder of record with whom you share an address wish to receive a separate Annual Report or Proxy Statement, we will promptly deliver it to you if you request it by writing to: NovaStar Financial, Inc., Investor Relations, 8140 Ward Parkway, Suite 300, Kansas City, MO 64114. If you or another stockholder of record with whom you share an address wish to receive a separate Annual Report or Proxy Statement in the future, you may telephone toll-free 1-800-542-1061 or write to ADP, Attention Household Department, 51 Mercedes Way, Edgewood, New York 11717.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

Annual Report

The 2005 annual report including financial statements for the year ended December 31, 2005, which is being mailed to stockholders together with the proxy statement, contains financial and other information about the activities of NovaStar Financial, but is not incorporated into this proxy statement and is not to be considered a part of these proxy-soliciting materials.

ITEM 1 ELECTION OF DIRECTORS

The Board of Directors is divided into three classes, designated Class I, Class II and Class III, with one class standing for election at the annual meeting of stockholders each year. A director elected by stockholders shall hold office until the annual meeting for the year in which his or her term expires and until his or her successor is elected and qualified, subject however, to prior death, resignation, retirement, disqualification or removal from office. The two Class I directors, whose terms will expire in three years, are to be elected at this year's annual meeting. In addition one Class III director, who was named to the Board of Directors in July of 2005, and whose term will expire in two years, is to be elected at this year's annual meeting. The nominees for director are set forth below. The proxy holders intend to vote all proxies received by them in the accompanying form for each nominee for director listed below unless otherwise specified by the stockholder. In the event that a nominee is unable or declines to serve as a director at the time of the annual meeting, the proxies will be voted for a nominee who shall be designated by the present Board of Directors to fill the vacancy. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them for the nominee listed below and against any other nominee. Each nominee has agreed to serve as a director if elected and as of the date of this proxy statement the Board of Directors is not aware of any nominee who is unable to serve as director. The nominees listed below already serve as directors of NovaStar Financial.

The election to the Board of Directors of the nominees identified in the proxy statement will require a plurality of all of the votes cast at the annual meeting.

The Board of Directors unanimously recommends that stockholders vote FOR the nominees identified below:

Director Independence

A majority of the directors of the Board must meet the criteria for independence as established by the Board in accordance with the rules of the New York Stock Exchange (NYSE). The NYSE rules provide that a director will not qualify as independent unless the Board affirmatively determines that the director has no material relationship with the Company. As permitted by the NYSE rules, the Board has adopted, upon recommendation from the Nominating and Corporate Governance Committee, a set of categorical standards to form the basis for the Board's independence determinations. These Director Independence Categorical Standards are included as Appendix A to this proxy statement.

The Nominating and Corporate Governance Committee and the Board have evaluated the relationships between each nominee or director (and his or her immediate family members and related interests) and the Company and its subsidiaries. As a result of this evaluation, the Board has affirmatively determined, upon recommendation from the Nominating and Corporate

In an action alleging violations of 16(b) of the Securities Exchange Act of 1934 against Gregory T. Barmore filed in federal court the Company is advancing expenses and reasonable attorneys' fees to Mr. Barmore subject to his undertaking to repay the amounts advanced if it is ultimately determined that the standard of conduct necessary for indemnification has not been met. Consideration of Director Nominees by Stockholders

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted stockholder nominations for candidates for membership on the Board of Directors as described below.

Identifying and Evaluating Nominees for Directors

The Nominating and Corporate Governance Committee intends to utilize a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee will regularly assess the appropriate size of the Board of Directors, and whether any vacancies on the Board of Directors are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current members of the Board of Directors, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. Stockholder nominations should be addressed to: NovaStar Financial, Inc., 8140 Ward Parkway, Suite 300, Kansas City, MO 64114, attention Jeffrey D. Ayers, Corporate Secretary. The Nominating and Corporate Governance Committee will consider properly submitted stockholder nominations for candidates for the Board of Directors, following verification of the stockholder status of persons proposing candidates. If any materials are provided by a stockholder in connection with the nominating of a director candidate such material will be forwarded to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will also review materials provided by professional search firms or other parties. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors.

Directors Minimum Qualifications

The Company considers candidates for the Board of Directors based upon several criteria, including their broad-based business and professional skills and experience, education, accounting and financial expertise, age, diversity, reputation, civic and community relationships, concern for the long-term interest of stockholders, personal integrity and judgment, and knowledge and experience in the mortgage banking industry. When evaluating nominees, the composition of the entire Board of Directors is taken into account including the need for a majority of independent directors. In addition the assessment of a candidate includes consideration of the number of public boards on which he or she serves because of the time requirements for duties and responsibilities associated with serving on the Board of Directors.

Director Nominee Recommendations

The Nominating and Corporate Governance Committee of the Board of Directors has approved the three candidates for inclusion on the proxy card. Two of the three director nominees are standing for re-election to their positions as Directors of the Company. The third candidate, Donald M. Berman, is standing for election as a Director for the first time. Mr. Berman was appointed to the Board of Directors in July of 2005 in conjunction with the expansion of the size of the Board of Directors from five to six members. He was recommended by a third-party search firm engaged specifically to identify potential Board candidates. Mr. Berman's appointment was approved by a majority of the Board of Directors, including a majority of the independent directors.

The Audit Committee is composed of four directors, each of whom is independent as defined by the listing standards of the New York Stock Exchange.

The Audit Committee has reviewed and discussed with management and the independent auditors NovaStar Financial's audited financial statements for fiscal 2005. In addition, the Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

The Audit Committee has received from the independent auditors written disclosures and a letter concerning the independent auditors' independence from NovaStar Financial, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. These disclosures have been reviewed by the Committee and discussed with the independent auditors.

Based on these reviews and discussions, the Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2005 for filing with the Securities and Exchange Commission.

Compensation Committee Report

Policy Overview

The Compensation Committee (the Committee), which is comprised exclusively of independent directors, is responsible for setting and administering the compensation policies for the Company's executives, including the following:

setting policies with respect to compensation for executive officers, including the Chief Executive Officer;

evaluating the performance of executive officers, including the Chief Executive Officer;

establishing and administering incentive and equity-based compensation plans; and

monitoring and determining such other compensation matters as may be assigned to the Committee by the Board of Directors.

The Committee has the authority to retain independent compensation experts to assist the Committee with respect to establishing and implementing the compensation philosophy, assessing the reasonableness of executive compensation and benefits and making specific compensation decisions. The Committee appoints, compensates, retains and oversees the work of any such retained external compensation consultant(s) and such compensation consultants report directly and solely to the Committee.

The Committee operates pursuant to a charter (available on the NovaStar Financial website, (www.novastarmortgage.com), which further articulates the Committee's authority, duties and responsibilities.

The Committee's current members are Gregory T. Barmore (Chairman), Edward W. Mehrer, Art N. Burtscher and Donald M. Berman. Each Committee member is an independent director and each served on the Committee during 2005, except Mr. Berman.

Compensation Philosophy

The compensation philosophy of the Company has been strongly influenced by the principle that the compensation of the executive officers should be structured to link their financial rewards to the achievement of annual and long-term performance goals. Thus, executives would both share in the success of the Company as a whole and be adversely affected by poor Company performance, thereby aligning their interests with those of the stockholders. The Committee is guided by the following objectives when making decisions regarding executive officer compensation:

attracting, retaining and motivating highly qualified executives by maintaining competitive compensation;

establishing a direct link between business results, individual performance and rewards;

aligning executive officer compensation with the business metrics that drive shareholder value, with an emphasis on diluted earnings per share, operating growth, financial strength and the development and implementation of strategic plans; and

ensuring a significant portion of the long-term compensation opportunity of executive officers is in the form of equity-based awards that are dependent on the future performance of the Company and an increase in the market value of its stock.

The executive compensation program is designed to reward performance that is directly relevant to the Company's short-term and long-term success and goals and, as such, has three components: base salary, annual bonuses, and long-term incentives.

Base Salary

Base salaries for executive officers are determined in part by pay practices in unaffiliated companies and the Committee's assessment of individual performance relative to responsibilities and objectives for each executive. Base salaries are not intended to compensate individuals for extraordinary performance or for above average Company performance.

Table of Contents

Incentive Bonus Plan

Executives are eligible to receive annual bonuses, which are generally determined for each executive officer based on the following business objectives, as applied to that officer's business unit, and such officer's contribution to achieving those objectives:

Company profitability;

operating growth, including the volume of loans originated and profit from fee income business units;

financial strength of the organization; and

development and implementation of strategic plans

The specific objectives for each executive officer may be included in his or her employment agreement or agreed upon with the Committee on an annual basis. Bonuses awarded are paid in cash in the year after they are earned unless deferred by the officer pursuant to the NovaStar Mortgage, Inc. Deferred Compensation Plan (the "Deferred Compensation Plan").

Long-Term Incentives

Long-term incentives are designed to focus executives on the long-term goals and performance of the Company and to provide a reward directly tied to stockholder return. The particular plans are intended to encourage executives to strive to achieve long-term success for the Company and to remain with us in order to fully benefit from the plans.

Long-term incentive awards normally will consist of stock options and time-vested restricted stock awards. The Compensation Committee may also grant stock awards for those years in which NovaStar's performance is extraordinary or for other business purposes (including, for example, to address unique employee retention issues).

All such stock-based awards will be issued pursuant to the terms of the 2004 Incentive Stock Plan and an award agreement granted thereunder. The Committee will determine each year:

The number of shares to be awarded to each key executive;

The type of awards granted (e.g., stock options, restricted stock, etc.); and

Any performance or other conditions and limitations that may apply with respect to such awards.

Stock Options. Stock options are issued periodically to executives at an exercise price of no less than the then current market price of the Company's common stock, have a life up to ten (10) years and typically vest to the executive at a rate not exceeding twenty-five percent (25%) of the amount awarded on each anniversary of their issuance. Allocation of available options is at the discretion of the Committee and is determined by potential contribution to, or impact upon, the overall performance of the Company by the executive.

Restricted Stock. Restricted stock is periodically issued to executives at an exercise price of zero. The restricted stock typically has a vesting period up to ten (10) years or will only vest if certain Company performance targets are met. Allocation of available restricted stock is at the discretion of the Committee and is determined by potential contribution to, or impact upon, the overall performance of the Company by the executive.

Savings Plans. The 401(k) Plan offers eligible employees the opportunity to make long-term investments on a regular basis through pre-tax salary contributions. As prescribed by the IRS, employee contributions into the 401(k) Plan were limited to \$14,000 during fiscal year 2005, for those employees who are under the age of 50. For those employees age 50 or older employee contributions into the 401(k) Plan were limited to \$18,000 during fiscal year 2005, as prescribed by the IRS. Additionally, the 401(k) contributions are supplemented by matching Company contributions in the form of cash. For the 401(k) Plan, the Company matched 50% of the contributions made by employees for fiscal year 2005, up to a maximum match of \$7,000 (or \$9,000 for employees age 50 or older). Highly compensated employees are not eligible for matching contributions under the 401(k) Plan, but instead receive their matching contributions under the Deferred Compensation Plan.

Table of Contents

The Deferred Compensation Plan offers highly compensated eligible employees of NovaStar Mortgage, Inc. and its affiliates (including NovaStar Financial) the opportunity to defer additional compensation on a tax-deferred basis. Employee contributions to the Deferred Compensation Plan are limited to (i) 50% of their base salary, (ii) 100% of their bonus and (iii) 100% of their stock awards granted under the terms of the 2004 Incentive Stock Plan and the NovaStar Financial, Inc. 1996 Executive and Non-Employee Director Stock Option Plan.

Chief Executive Officer Compensation

2005 Compensation of the Chief Executive Officer. In establishing the 2005 compensation for the Chief Executive Officer, the Committee considered the compensation philosophy described above and the Chief Executive Officer's performance as measured against goals established by the Committee and made the following decisions:

Annual base salary for 2005 was set at \$642,735 (an increase of 3.7% over 2004);

A cash bonus and common stock bonus of \$642,735 and \$118,906, respectively, was awarded for 2005 performance (119% of target);

A grant of stock options to purchase 13,860 common shares under the Company's 2004 Incentive Stock Plan was made; and

A restricted stock award of 4,400 shares under the Company's 2004 Incentive Stock Plan was made that will vest in its entirety after ten years of additional service from the date of grant; and

A performance based restricted stock award of 4,400 shares under the Company's 2004 Incentive Stock Plan was made that will vest only if certain predetermined Company performance targets are met.

The incentive bonus award was based on performance in achieving predetermined 2005 objectives, including: earnings per share reaching a set amount, reduction in cost of loan production by a set amount, growth in non-prime originations and developing and implementing various strategic plans. Of Mr. Hartman's goals, 45% related to earnings per share, 30% to reduction in cost of loan production, 20% to growth in non-prime originations and 5% to developing and implementing strategic plans.

The Committee believes that Mr. Hartman's fiscal 2005 compensation was fair given the Company's absolute performance in a highly competitive mortgage banking environment and also its performance compared to its key competitors. Earnings per share (diluted) for the year ended December 31, 2005 was \$4.42 per share, an increase of 4% from 2004. Net income available to common shareholders for fiscal 2005 was \$132.5 million, an increase of 21% when compared to fiscal 2004. Non-prime originations increased 10% from 2004, while cost of loan production decreased by 14 basis points from 2004. Net interest yield on assets grew to 1.64% in 2005 from 1.53% in 2004. Annualized return on average common equity only slightly declined from 31.76% in 2004 to 28.09% in 2005. Book value per share grew by approximately 21% from December 31, 2004 to \$15.08 as of December 31, 2005.

Other Benefits and Perquisites

The executive officers receive certain perquisites such as receiving financial and tax planning assistance. The aggregate annual incremental cost to NovaStar Financial of perquisites provided to the Chief Executive Officer and the four other most highly compensated individuals (based upon salary and bonus earned during fiscal year 2005) who were serving as executive officers of NovaStar Financial at the end of fiscal year 2005 (the Named Executive Officers) in 2005 did not exceed the lesser of either \$50,000 or 10% of the total salary and bonus for the Named Executive Officer in 2005.

Table of Contents

Conclusion

The Committee has reviewed all components of the executive officers' compensation, including salary, bonus, equity and long-term incentive compensation, perquisites and other personal benefits, and the actual projected payout obligations under potential severance and change-in-control scenarios. Based on its review, the Committee finds the executive officers' total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable.

Table of Contents**Employment Agreements**

NovaStar Financial has entered into employment agreements with Mr. Hartman and Mr. Anderson. Mr. Hartman's and Mr. Anderson's employment agreements are automatically extended for an additional year at the end of each year of the agreement unless either party provides a prescribed prior written notice to the contrary. Each employment agreement provides for the subject officer to receive his annual base salary and bonus compensation pro-rated to the date of the termination of employment if the termination was due to death or disability and to receive his annual base salary pro-rated to the date of the termination of employment if the termination was for cause if by NovaStar Financial or for other than good reason if by the officer as those terms are defined in the agreement. Each employment agreement also provides for the officer to receive, if the officer resigns for good reason or is terminated without cause after a change in control, as those terms are defined in the agreement, an amount equal to three times such officer's combined maximum base salary and actual bonus compensation for the preceding year, subject in each case to a maximum amount of 1% of the book equity value (exclusive of valuation adjustments) and a minimum of \$360,000. In the instance that such an amount is paid to the officer, he is prohibited from competing with NovaStar Financial for a period of one year. In addition, all outstanding stock based compensation awards granted to the officer shall immediately vest. Section 280G of the Code may limit the deductibility of the payments to such officer for federal income tax purposes. Change of control for purposes of the agreements would include a merger or consolidation of NovaStar Financial, a sale of all or substantially all of the assets of NovaStar Financial, changes in the identity of a majority of the members of the Board of Directors of NovaStar Financial (except in limited circumstances) or acquisitions of more than 25% of the combined voting power of NovaStar Financial's capital stock, subject to certain limitations. Absent a change in control, if NovaStar Financial terminates the officer's employment without cause, or if the officer resigns for good reason, the officer receives an amount, payable immediately, equal to such officer's combined maximum base salary and actual bonus compensation for the preceding year, subject in each case to a maximum amount of 1% of book value (exclusive of valuation adjustments) and a minimum of \$120,000. In addition, all outstanding and unvested stock based compensation awards shall be forfeited. If the officer resigns for any other reason, there is no severance payment and the officer is prohibited from competing with NovaStar Financial for a period of one year following the resignation.

NovaStar Financial has also entered into employment agreements with Mr. Metz and Mr. Bamberg. NMI has entered into an employment agreement with Mr. Pazgan. None of these employment agreements provide for a specified term or period of employment. Each employment agreement provides for the officer to receive his annual base salary and bonus compensation pro-rated to the date of the termination of employment in case of resignation by the employee for good reason or termination by the employer without cause and to receive his annual base salary pro-rated to the date of the termination of employment in case of a termination of employment by reason of death or by the employer due to disability or for cause or by the employee without good reason as those terms are defined in the agreement. In addition, in case of termination of employment by the employer for cause or by the employee other than for good reason, the vesting period of all outstanding stock options granted to the subject officer under the applicable stock option plan shall immediately cease. The vesting period of all outstanding stock options granted to the officer continues without acceleration upon the employee's termination of employment by NovaStar Financial, due to disability. All stock options and restricted stock shall immediately vest upon termination due to death. Each employment agreement also provides for the subject officer to receive, if the officer resigns for good reason or is terminated without cause after a change in control as those terms are defined in the employment agreement, an amount equal to two times such officer's combined current year base salary and actual bonus compensation for the preceding fiscal year, subject in each case to a maximum amount of 1% of the book equity value of NovaStar Financial and a minimum of \$500,000. In addition, all outstanding options granted to the officer shall immediately vest if the subject officer resigns for good reason or is terminated without cause after a change in control or if the employment is terminated due to the death of the employee. Section 280G of the Code may limit the deductibility of the payments to such officer for federal income tax purposes. Change of control for purposes of the agreements would include a merger or consolidation of NovaStar Financial, a sale of all or substantially all of the assets of NovaStar Financial, certain changes in the identity of a majority of the members of the Board of Directors of NovaStar Financial or acquisitions of more than 25% of the combined voting power of NovaStar Financial's capital stock, subject to certain limitations. If the officer resigns or is terminated for any other reason, there is no severance payment. Absent a change in control, if NovaStar Financial terminates the officer's employment without cause, or if the officer resigns for good reason, the employment agreement provides that the officer and NovaStar Financial shall immediately enter into a twelve months consulting agreement pursuant to which the officer shall receive payment in an amount equal to twelve months base salary in exchange for consulting services with respect to matters related to the officer's job description during the course of his employment with NovaStar Financial. In addition, absent a change in control, the vesting period of stock options and restricted stock for the year in which the termination occurs will accelerate to the date of termination if the subject officer resigns for good reason or is terminated without cause. All other vesting of stock options and restricted stock shall cease upon such termination. Each employment agreement provides that the officer is prohibited from competing with NovaStar Financial during employment and for a period of one year following the termination of his employment with NovaStar Financial.

Certain Transactions

Indebtedness of Management. In transactions approved by the Audit and Compensation Committees of the Board of Directors two executive officers, Mr. Hartman and Mr. Anderson, executed 10-year non-recourse, non interest-bearing promissory notes dated January 1, 2001, aggregating to \$1,393,208. These transactions were executed to restructure previously issued promissory notes outstanding with Mr. Hartman and Mr. Anderson. Each executive officer has pledged 144,444 shares of NovaStar Financial common stock as security for the promissory notes. The notes will be forgiven in equal annual installments over a 10-year period so long as the executive remains in the employ of NovaStar Financial. In addition, the notes will be forgiven in the event of a change of control of NovaStar Financial, termination other than for cause or resignation for good reason as those terms are defined in each executive's employment agreement. The balance of these notes aggregated \$824,315 as of January 1, 2005, which was the largest aggregate amount of indebtedness outstanding under these promissory notes for the fiscal year ended December 31, 2005. As of December 31, 2005 the aggregate amount outstanding of these promissory notes was \$696,604.

ITEM 2 APPROVAL OF THE EXECUTIVE BONUS PLAN

The Board of Directors, subject to approval of the stockholders of NovaStar Financial, has approved the Executive Bonus Plan, which amends and restates NovaStar Financial's current Executive Bonus Plan (the Current Executive Bonus Plan) effective as of January 1, 2006.

The Executive Bonus Plan was amended and restated to satisfy the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). If stockholders approve the Executive Bonus Plan, it will replace the Current Executive Bonus Plan. Otherwise, the Current Executive Bonus Plan will remain in effect.

Section 162(m) of the Code generally limits the deductibility of compensation paid by a public company to its chief executive officer and each of the other four most highly compensated executive officers to no more than \$1,000,000 for any taxable year. An exception to this limitation applies in the case of qualified performance-based compensation. In order to be considered qualified performance-based compensation, the following requirements generally must be met: (1) the compensation must be paid solely on account of one or more pre-established, objective performance goals; (2) the performance goals under which the compensation is paid must be established by a compensation committee comprised solely of two or more outside directors; (3) the material terms of the performance goals under which the compensation is to be paid must be disclosed to and subsequently approved by the shareholders of the company before the compensation is paid; and (4) the compensation committee must certify in writing prior to payment of the compensation that the performance goals and any other material terms were in fact satisfied.

To comply with Section 162(m) of the Code and thus provide NovaStar Financial with the opportunity to deduct compensation in excess of \$1 million for its executive officers, the stockholders are being asked to approve the amended and restated Executive Bonus Plan. The material features of the Executive Bonus Plan are described below.

The approval of the Executive Bonus Plan will require the affirmative vote of a majority of the votes cast at the annual meeting.

The Board of Directors unanimously recommends that stockholders vote FOR the approval of the Executive Bonus Plan.

Executive Bonus Plan

The following paragraphs summarize the material features of the Executive Bonus Plan and are qualified in their entirety by reference to the full text of the Executive Bonus Plan, a copy of which is attached hereto as Appendix B.

The Executive Bonus Plan will be administered by the Compensation Committee of NovaStar Financial. On an annual basis, the Compensation Committee will designate the executive officers and other key employees of NovaStar Financial who are eligible for awards. There are currently approximately 15 executive officers and key employees eligible for awards.

Table of Contents

The amount of each bonus award will be determined for each participant based on the business objectives determined by the Compensation Committee. The Compensation Committee will designate whether any award granted to any participant is intended to be performance-based compensation as that term is used in Section 162(m) of the Code. Any awards designated as performance-based compensation will be conditioned on the achievement of one or more performance measures, selected by the Compensation Committee, including the following: revenue; revenue per employee; GAAP earnings; taxable earnings; GAAP or taxable earnings per employee (basic or diluted); GAAP or taxable earnings per share (basic or diluted); operating income; total stockholder return; dividends paid or payable; market share; profitability as measured by return ratios, including return on revenue, return on assets, return on equity, and return on investment; cash flow; economic value added (economic profit); earnings per share growth; operating growth, including without limitation the volume of loans originated and profit from fee income business units; operating costs, including without limitation cost to produce; financial strength of the organization; or development and implementation of an objective strategic plan.

The maximum aggregate amount of compensation, including payments under the Executive Bonus Plan, that may be awarded in any one calendar year to a covered employee subject to Section 162(m) of the Code may not exceed \$5 million.

Bonuses awarded will be paid in cash in the year after they are earned, unless deferred by the participant pursuant to NovaStar Financial's non-qualified deferred compensation plan.

The Compensation Committee may amend, alter, or discontinue the Executive Bonus Plan at any time.

Non-Management Director Independence Standards

Pursuant to the New York Stock Exchange listing standards and SEC audit committee requirements, the Company's Board of Directors has adopted a formal set of Director Independence Standards with respect to the determination of director independence. To be considered independent for purposes of these standards, a director must be determined, by resolution of the Board as a whole, after due deliberation, to have no material relationship with the Company. In each case, the Board shall broadly consider all relevant facts and circumstances and shall apply the following standards:

1. In no event will a director be considered independent if: (i) the director is, or has been within the preceding three years, an employee of the Company or any of its direct or indirect subsidiaries; (ii) an immediate family member of the director is, or has been within the preceding three years, an executive officer of the Company; (iii) the director or one of his immediate family members has received, during any twelve-month period within the last three years, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); (iv) the director is a current partner or a current employee of a firm that is the Company's present or former internal or external auditor; (v) an immediate family member of the director is a current employee of the Company's internal or external auditor and participates in such firm's audit, assurance or tax compliance (but not tax planning) practice; (vi) the director or an immediate family member was within the preceding three years (but is no longer) a partner or employee of the Company's internal or external auditor and personally worked on the Company's audit within that time; (vii) the director or an immediate family member, is or has been within the preceding three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; or (viii) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.
2. Audit Committee members may not have any direct or indirect financial relationship whatsoever with the Company, or directly or indirectly receive any fees from the Company, including consulting and advisory fees, other than as directors. Audit committee members may receive directors' fees, in the form of cash, stock, stock units, stock options or other in-kind consideration ordinarily available to directors, as well as regular benefits that other directors receive. In addition Audit Committee Members may not be an affiliated person of the Company or any of its subsidiaries.
3. a. The following not for profit relationship will not be considered to be material relationships that would impair a director's independence: if a director of the Company serves as an officer, director or trustee of a not for profit organization, and the Company's discretionary charitable contributions to the organization, in the aggregate, are less than two percent or \$1 million, whichever is greater, of that organization's consolidated gross revenue.
b. A not for profit relationship in excess of the thresholds listed in (a) will be considered a material relationship that would impair a director's independence until 3 years after falling below such threshold.
4. For not for profit relationships not covered by the guidelines in paragraph 3, above, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who satisfy the independence guidelines set forth in paragraphs 1 and 3, above. The Company will explain in the next proxy statement the basis for any board determination that a relationship is immaterial despite the fact that it does not meet the categorical standards of immateriality set forth in paragraph 3, above.

Edgar Filing: NOVASTAR FINANCIAL INC - Form DEF 14A

5. The Company will not make any personal loans or extensions of credit to directors or executive officers except to the extent authorized by the law and the Corporate Governance Guidelines.

6. To help maintain the independence of the Board, all directors are required to deal at arm's length with the Company and its subsidiaries and to disclose circumstances material to the director that might be perceived as a conflict of interest.

(Amended and Restated January 1, 2006)

Administration: The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (the Committee). The Committee shall designate the executive officers and other key employees of the Company who are eligible for awards under the Plan. Each award shall be evidenced by a notation on the Company's books and records and shall be subject to such terms and conditions as the Committee shall prescribe in its sole discretion.

Amount of Awards: The amount of each bonus award shall be determined for each participant based on the business objectives determined by the Committee, as applied to that participant's business unit and such participant's contribution to achieving those objectives. The Committee may designate whether any award granted to any participant under this Plan is intended to be performance-based compensation as that term is used in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Any such awards designated as performance-based compensation shall be conditioned on the achievement of one or more performance measures. The performance measures that may be used by the Committee for such awards shall be based on any one or more of the following, as selected by the Committee: revenue; revenue per employee; GAAP earnings; taxable earnings; GAAP or taxable earnings per employee (basic or diluted); GAAP or taxable earnings per share (basic or diluted); operating income; total stockholder return; dividends paid or payable; market share; profitability as measured by return ratios, including return on revenue, return on assets, return on equity, and return on investment; cash flow; economic value added (economic profit); earnings per share growth; operating growth, including without limitation the volume of loans originated and profit from fee income business units; operating costs, including without limitation cost to produce; financial strength of the organization; or development and implementation of an objective strategic plan. For awards intended to be performance-based compensation, the grant of the awards, the establishment of the performance measures, and the certification that the performance goals were satisfied shall be made during the period and in the manner required under Code Section 162(m).

Maximum Amount: The maximum aggregate amount that may be awarded in any one calendar year to a participant who is a covered employee subject to Section 162(m) of the Code shall not exceed \$5 million.

Payment: Bonuses awarded are paid in cash in the year after they are earned, unless deferred by the participant pursuant to the Company's non-qualified deferred compensation plan.

Amendment: The Committee may amend, alter, or discontinue the Plan at any time.

NOVASTAR FINANCIAL, INC.

Audit Committee Policy

Procurement of External Audit Services and Non-Audit Services

NovaStar recognizes the importance of maintaining the independence and objectiveness of its independent auditors. The company believes that management, the audit committee and the independent auditors themselves, share responsibility in ensuring independence, both in fact and in appearance. To support this objective the Audit Committee has established the following policies to define the basis upon which its independent auditors, may be engaged to provide audit and non-audit services. Unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee.

The appendices to this policy describe the Audit, Audit-related, Tax and All Other services that have the pre-approval of the Audit Committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will periodically revise the list of pre-approved services based on subsequent determinations.

Delegation

The Audit Committee may delegate pre-approval to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

Permitted Services

Audit Services These services are highly correlated with the role of an independent auditor. Such services include matters such as analysis and interpretation of accounting principles and their application, support for financings and similar transactions, and other services that have bearing on the Company's financial statements on which the independent auditor provides their opinion. The Audit Committee must specifically approve the annual audit services engagement terms and fees. The Audit Committee will approve, if necessary, changes in terms, conditions and fees resulting from changes in audit scope, Company structure or other matters. In addition, the Audit Committee has pre-approved the Audit Services listed in Appendix I.

Audit Related Services These are assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statement and that are traditionally performed by the independent auditor. The Audit Committee has pre-approved Audit Related Services listed in Appendix I.

Tax Services These services are expressly allowed under this policy, as they do not impact independence of the independent auditors. However, the Audit Committee will not permit the retention of the independent auditor in connection with a transaction initially recommended by the independent auditor, the purpose of which may be tax avoidance and the tax treatment of which will likely not be supported in the Internal Revenue Code and related regulations. The Audit Committee has pre-approved Tax Services listed in Appendix I. All Tax Services involving large and complex transactions not listed must be separately pre-approved by the Audit Committee.

All Other Services The Audit Committee may grant pre-approval to those permissible non-audit services classified as All Other Services that it believes are routine and recurring, and would not impair the independence of the auditor. The Audit Committee has pre-approved All Other Services listed in Appendix I. All Other Services involving large and complex transactions not listed must be separately pre-approved by the Audit Committee. Restricted Services

Explicitly Prohibited These are services that may not be provided by independent auditors as they are considered by statute or in the Company's (including audit committee's) opinion to be incompatible with the role of an independent auditor

This policy applies to the Company and all corporations, subsidiaries, branches and other entities directly or indirectly owned by the Company that is included in the Company's consolidated financial statements. The policy and its appendix are to be approved annually by the Audit Committee or more frequently as necessary due to changes in statute or regulation.

Independent Auditor Responsibilities

The responsibility for ensuring that the Company's independent auditors are engaged to perform only those services that are compatible with maintaining the firm's independence from the Company rests with its independent auditors, the Company's Chief Financial/Accounting Officer and the Audit committee. Annually the Company will prepare a summary of the fees paid to its independent auditors for audit and other permitted services for inclusion in the annual proxy statement. With respect to each proposed pre-approved service, the independent auditor will provide detailed back-up documentation, which will be provided to the Audit Committee, regarding the specific services to be provided. Quarterly, the independent auditors will provide a status of all audit and non-audit activities and fee information to the audit committee at the first regular audit committee meeting held after the end of each quarter.

Pre-Approval Fee Levels

The Audit Committee is mindful of the overall relationship of fees for audit and non-audit services in determining whether to pre-approve any such services. Pre-approval fee levels for all services to be provided by the independent auditor will be established periodically by the Audit Committee. Any Proposed services exceeding these levels or the amounts will require separate and specific pre-approval by the Audit Committee.

Procedures

Request or applications to provide services that require separate and specific approval by the Audit Committee will be discussed with the Audit Committee (or its designee) with input from both the independent auditor and the Chief Accounting Officer to determine if the request or application is consistent with the SEC's rules on auditor independence.
