**Prospectus supplement**

*To prospectus dated August 25, 2005*

## ***5,000,000 Shares of Common Stock***

This prospectus supplement relates to the issuance and sale of up to 5,000,000 shares of our common stock from time to time through our sales agent, Cantor Fitzgerald & Co. These sales, if any, will be made pursuant to the terms of a sales agreement between us and the sales agent.

Our common stock trades on the New York Stock Exchange (NYSE) under the symbol NHP. Sales of shares of our common stock under this prospectus supplement, if any, may be made in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an at the market offering as defined in Rule 415 under the Securities Act of 1933, as amended, which includes sales made directly on the NYSE, the existing trading market for our common stock, or sales made to or through a market maker other than on an exchange. The sales agent will make all sales on a best efforts basis using commercially reasonable efforts consistent with its normal trading and sales practices, on mutually agreed terms between the sales agent and us. On September 21, 2006, the last reported sales price of our common stock on the NYSE was \$26.31 per share.

The compensation to the sales agent for sales of common stock sold pursuant to the sales agreement will be up to 2.25% of the gross proceeds of the sales price per share of common stock sold. The net proceeds from any sales under this prospectus supplement will be used as described under Use of Proceeds in this prospectus supplement.

In connection with the sale of common stock on our behalf, the sales agent may be deemed to be an underwriter within the meaning of the Securities Act of 1933, as amended, and the compensation of the sales agent may be deemed to be underwriting commissions or discounts. We have agreed to provide indemnification and contribution to the sales agent against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

---

You should carefully read and consider the Risk Factors beginning on page S-1 of this prospectus supplement and on page 5 of the accompanying prospectus.

---

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined that this prospectus supplement is accurate or complete. Any representation to the contrary is a criminal offense.

### **The Company**

Nationwide Health Properties, Inc., a Maryland corporation, is a real estate investment trust (REIT) specializing in investments in healthcare related senior housing and long-term care properties. Whenever we refer herein to NHP, the Company or to us or use the terms we or our, we are referring to Nationwide Health Properties, Inc. and its subsidiaries, unless the context otherwise requires.

We primarily make our investments by acquiring an ownership interest in facilities and leasing them to unaffiliated tenants under triple-net master leases that pass all facility operating costs (maintenance, repairs, property taxes, utilities, insurance, capital expenditures, etc.) through to the tenant. In addition, but to a much lesser extent because we view the risks of this activity to be greater, from time to time we extend mortgage loans and other financing to tenants. For the six months ended June 30, 2006, approximately 97% of our revenues were derived from our leases, with the remaining 3% from our mortgage loans and other financing activities.

We believe we have operated in such a manner as to qualify for taxation as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended. We intend to continue to qualify as such and therefore to distribute at least 90% of our REIT taxable income (computed without regard to the dividends paid deduction and excluding net capital gain) to our stockholders. If we qualify for taxation as a REIT, and we distribute 100% of such REIT taxable income to our stockholders, we will generally not be subject to U.S. federal income taxes on our income that is distributed to stockholders. This treatment substantially eliminates the double taxation (i.e., at the corporate and stockholder levels) that generally results from investing in the stock of a corporation.

Our principal executive offices are located at 610 Newport Center Drive, Suite 1150, Newport Beach, California 92660 and our telephone number is (949) 718-4400.

### **Use of Proceeds**

We will use the net proceeds from this offering for general corporate purposes, including the acquisition of healthcare facilities, funding of mortgage loans secured by healthcare facilities and the repayment of debt. Pending such investments, we will place the net proceeds in interest-bearing bank accounts or in readily marketable, interest-bearing securities.

### **Risk Factors**

*An investment in our common stock involves various risks, including those described below pertaining to the common stock, those described in the accompanying prospectus beginning on page 5, and those described in our Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2006 and June 30, 2006, which are incorporated by reference in the accompanying prospectus, that address the general risks associated with our business. You should carefully consider such risk factors, together with the other information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus, before acquiring shares of our common stock.*

#### **Market volatility may adversely affect the market price of our common stock.**

As with other publicly traded securities, the trading price of our common stock depends on several factors, many of which are beyond our control, including:

general market and economic conditions;

prevailing interest rates;

the market for similar securities issued by REITs;

our credit rating; and

our financial condition and results of operations.

**Our charter and bylaws and the laws of the state of our incorporation contain provisions that may delay, defer or prevent a change in control or other transactions that could provide the holders of our common stock with the opportunity to realize a premium over the then-prevailing market price for our common stock.**

In order to protect us against the risk of losing our REIT status for U.S. federal income tax purposes, our charter subjects the ownership by any single person of more than 9.9% of the issued and outstanding shares of our voting stock to our right to redeem shares acquired or held in excess of such ownership limit. In addition, any transfer of our shares, options, warrants or other securities convertible into voting shares that would create a beneficial owner of more than 9.9% of the outstanding shares of our stock shall be deemed null and void. The ownership limit may

S-1

## **Table of Contents**

have the effect of delaying, deferring or preventing a change in control of our company and could adversely affect our stockholders' ability to realize a premium over the market price for the shares of our common stock. Our board of directors has increased the ownership limit to 20% with respect to one of our stockholders. Based on shareholder reporting services, that stockholder beneficially owned 9,299,983 of our shares, or approximately 11.6% of our common stock, as of June 30, 2006.

Our charter authorizes us to issue additional shares of common stock and one or more series of preferred stock and to establish the preferences, rights and other terms of any series of preferred stock that we issue. Although our board of directors has no intention to do so at the present time, it could establish a series of preferred stock that could delay, defer or prevent a transaction or a change in control that might involve the payment of a premium over the market price for our common stock or otherwise be in the best interests of our stockholders.

In addition, the laws of the state of our incorporation and the following provisions of our charter may delay, defer or prevent a transaction that may be in the best interests of our stockholders:

in certain circumstances, a proposed consolidation, merger, share exchange or transfer must be approved by two-thirds of the votes of our preferred stockholders entitled to be cast on the matter;

business combinations must be approved by 90% of the outstanding shares unless the transaction receives a unanimous vote or consent of our board of directors or is a combination solely with a wholly owned subsidiary; and

the classification of our board of directors into three groups, with each group of directors being elected for successive three-year terms, may delay any attempt to replace our board.

As a Maryland corporation, we are subject to provisions of the Maryland Business Combination Act ( MBCA ) and the Maryland Control Share Acquisition Act ( MCSA ). The MBCA may prohibit certain future acquirors of 10% or more of our stock (entitled to vote generally in the election of directors) and their affiliates from engaging in business combinations with us for a period of five years after such acquisition, and then only upon recommendation by the board of directors with (1) a stockholder vote of 80% of the votes entitled to be cast (including two-thirds of the stock not held by the acquiror and its affiliates) or (2) if certain stringent fair price tests are met. The MCSA may cause acquirors of stock at levels in excess of 10%, 33% or 50% of the voting power of our stock to lose the voting rights of such stock unless voting rights are restored by stockholder vote of at least two-thirds of all the votes entitled to be cast on the matter, excluding votes of stock held by the acquiring stockholder and our officers and employee directors.

### **Holders of our outstanding preferred stock have liquidation and other rights that are senior to the rights of the holders of our common stock.**

Our board of directors has the authority to designate and issue preferred stock that may have dividend, liquidation and other rights that are senior to those of our common stock. As of June 30, 2006, 900,485 shares of our Series A cumulative preferred step-up REIT securities and 1,064,500 shares of our Series B cumulative convertible preferred stock were outstanding. Holders of our preferred stock are entitled to cumulative dividends before any dividends may be declared or set aside on our common stock, subject to limited exceptions. Upon our voluntary or involuntary liquidation, dissolution or winding up, before any payment is made to holders of our common stock, holders of our preferred stock are entitled to receive a liquidation preference of \$100 per share, plus any accrued and unpaid distributions. This will reduce the remaining amount of our assets, if any, available to distribute to holders of our common stock. In addition, holders of our preferred stock have the right to elect two additional directors to our board of directors if six quarterly preferred dividends are in arrears.

### **A decision by any of our significant stockholders to sell substantial amounts of our common stock could depress our stock price.**

Based on filings with the SEC and shareholder reporting services, as of June 30, 2006, four of our stockholders owned more than 5% of our common stock, for a total of approximately 29.5% of our common stock. A decision by any of these stockholders to sell a substantial amount of our common stock could depress the trading price of our common stock.

---

**Table of Contents**

**Certain U.S. Federal Income Tax Considerations**

The following summary of material U.S. federal income tax considerations is based upon the provisions of the Internal Revenue Code of 1986, as amended (the Code), the final and temporary Treasury Regulations promulgated thereunder and administrative rulings and judicial decisions now in effect, all of which are subject to change (possibly with retroactive effect) or different interpretations. This summary does not purport to deal with all aspects of U.S. federal income taxation that may be relevant to an investor's decision to purchase shares of common stock, nor any tax consequences arising under the laws of any state, locality or foreign jurisdiction. This summary is not intended to be applicable to all categories of investors, such as dealers in securities, banks, thrifts, or other financial institutions, insurance companies, regulated investment companies, tax-exempt organizations, U.S. expatriates, persons that hold common stock as part of a straddle, conversion transaction, or hedge, persons deemed to sell common stock under the constructive sale provisions of the Code, persons whose functional currency is other than the U.S. dollar, persons who acquire or are deemed to have acquired common stock in an exchange or for property other than cash, or holders subject to the alternative minimum tax, each of which may be subject to special rules. This summary deals only with common stock held as capital assets. As used in this section, a U.S. holder is a beneficial owner of common stock that is for U.S. federal income tax purposes:

an individual U.S. citizen or resident alien;

a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, that was created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income tax regardless of its source; or

a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or that has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

A non-U.S. holder is a beneficial owner of common stock that is an individual, corporation or other entity taxable as a corporation for U.S. federal income tax purposes, estate, or trust and is not a U.S. holder.

If a partnership, or other entity treated as a partnership for U.S. federal income tax purposes, holds common stock, the tax treatment of a partner in such partnership will generally depend upon the status of the partner and upon the activities of the partnership.

**YOU SHOULD CONSULT YOUR OWN TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL AND FOREIGN TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP, AND DISPOSITION OF COMMON STOCK.**

**Certain U.S. federal income tax considerations to us of our REIT election**

**General**

We have made an election to be taxed as a REIT under Sections 856 through 860 of the Code, commencing with our taxable year ended December 31, 1985. We believe that we are organized and have operated in such a manner as to qualify for taxation as a REIT under the Code and our proposed future method of operation will enable us to continue to so qualify. No assurances, however, can be given that we have operated in a manner so as to qualify as a REIT or that we will continue to operate in such a manner in the future. Qualification and taxation as a REIT depends on our ability to meet on a continuing basis, through actual annual operating results, distribution levels and diversity of stock ownership, the various qualification tests imposed under the Code on REITs, some of which are summarized below. While we intend to operate so that we qualify as a REIT, given the highly complex nature of the rules governing REITs, the ongoing importance of factual determinations, and the possibility of future changes in our circumstances, no assurance can be given that we satisfy the REIT tests or will continue to do so. See Failure to Qualify below.

The sections of the Code relating to qualification and operation as a REIT, and the U.S. federal income tax treatment of a REIT and its securityholders, are highly technical and complex. The following discussion sets forth only the material aspects of those sections. This summary is qualified in its entirety by the applicable Code provisions, rules and regulations promulgated thereunder, and administrative and judicial

interpretations thereof.

**Taxation of our company**

In any year in which we qualify as a REIT, in general, we will not be subject to U.S. federal income tax on that portion of our taxable income or capital gain that is distributed to stockholders. We will, however, be subject to tax at normal corporate rates upon any taxable income or capital gain not distributed.

Notwithstanding our qualification as a REIT, we may also be subject to taxation in certain other circumstances. If we should fail to satisfy the 75% or the 95% gross income test (as discussed below), and nonetheless maintain our qualification as a REIT because certain other requirements are met, we will be subject to a 100% tax on the greater of (i) the amount by which we fail

S-3

## **Table of Contents**

the 75% test, or (ii) the excess of 95% of our gross income over the amount of such income attributable to sources that qualify under the 95% test, multiplied in either case by a fraction intended to reflect our profitability. In addition, if we should fail to satisfy the asset or other requirements applicable to REITs, as described below, yet nonetheless maintain our qualification as a REIT because there is reasonable cause for the failure and other applicable requirements are met, we may be subject to tax based on the nature and amount of the failure. We will also be subject to a tax of 100% on net income from prohibited transactions (which are, in general, certain sales or other dispositions of property held primarily for sale to customers in the ordinary course of business, other than foreclosure property) and, if we have (i) net income from the sale or other disposition of foreclosure property (generally, property acquired by reason of a default on indebtedness or a lease) which is held primarily for sale to customers in the ordinary course of business or (ii) other non-qualifying income from foreclosure property, we will be subject to tax on such income from foreclosure property at the highest corporate rate. If we should fail to distribute during each calendar year at least the sum of (i) 85% of our REIT ordinary income for such year, (ii) 95% of our REIT capital gain net income for such year, and (iii) any undistributed taxable income from prior years, we would be subject to a 4% excise tax on the excess of such required distribution over the amounts actually distributed. In addition, if we acquire any asset from a C corporation (that is, a corporation generally subject to U.S. federal income tax under Subchapter C of the Code) in a transaction in which the basis of the asset in our hands is determined by reference to the basis of the asset in the hands of the C corporation, and we recognized gain on the disposition of such asset during a ten-year period beginning on the date we acquired the asset, then the asset's built-in gain will be subject to tax at the highest regular corporate rate. We may also be subject to the corporate alternative minimum tax on our items of tax preference, as well as tax in certain situations not presently contemplated. If it is determined that amounts of certain income and expense were not allocated between us and a taxable REIT subsidiary on the basis of arm's-length dealing, or to the extent we charge a taxable REIT subsidiary interest in excess of a commercially reasonable rate, we will be subject to a tax equal to 100% of such amounts. We use the calendar year for U.S. federal income tax purposes and for financial reporting purposes.

### **Requirements for qualification**

To qualify as a REIT, we must elect to be so treated and must meet the requirements, discussed below, relating to our organization, sources of income, nature of assets, and distributions of income to stockholders.

*Organizational requirements.* The Code defines a REIT as a corporation, trust or association (1) which is managed by one or more trustees or directors; (2) the beneficial ownership of which is evidenced by transferable shares, or by transferable certificates of beneficial interest; (3) which would be taxable as a domestic corporation, but for Sections 856 through 860 of the Code; (4) which is neither a financial institution nor an insurance company subject to certain provisions of the Code; (5) the beneficial ownership of which is held by 100 or more persons; (6) during the last half of each taxable year not more than 50% in value of the outstanding stock of which is owned, directly or indirectly, by five or fewer individuals (as defined in the Code); and (7) which meets certain other tests, described below, regarding the nature of its income and assets. The Code provides that conditions (1) to (4), inclusive, must be met during the entire taxable year and that condition (5) must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. We are treated as having satisfied condition (6) if we comply with the regulatory requirements to request information from our shareholders regarding their actual ownership of our stock, and do not know, or exercising reasonable diligence would not have known, that we failed to satisfy such condition. If we fail to comply with the rules that require us to ascertain the actual ownership of our outstanding shares for any such taxable year, we will be subject to a penalty of \$25,000, or \$50,000 if such failure was intentional. However, if our failure to comply was due to reasonable cause and not willful neglect, no penalties will be imposed. Our Amended and Restated Articles of Incorporation, as amended, provide for restrictions regarding transfer of our capital stock, in order (among other purposes) to assist us in continuing to satisfy the share ownership requirement described in (6) above.

*Gross income tests.* In order for us to maintain our qualification as a REIT, there are two requirements relating to our gross income that must be satisfied annually. First, at least 75% of our gross income (excluding gross income from prohibited transactions) for each taxable year must consist of defined types of income derived directly or indirectly from investments relating to real property or mortgages on real property (including rents from real property and, in certain circumstances, interest) or temporary investment income. Second, at least 95% of our gross income (excluding gross income from prohibited transactions) for each taxable year must be derived from such real property and from dividends, other types of interest and gain from the sale or disposition of stock or securities or from any combination of the foregoing.

In the case of a REIT which is a partner in a partnership, Treasury regulations provide that the REIT will be deemed to own its proportionate share of the assets of the partnership and will be deemed to be entitled to the income of the partnership attributable to such share. In addition, the character of the assets and gross income of the partnership will retain the same character in the hands of the REIT for U.S. federal income tax purposes. Thus, our proportionate share of the assets, liabilities and items of income of the partnerships in which we have an interest will be treated as our assets, liabilities and items of income for purposes of applying the REIT requirements described herein.

Rents received by us will qualify as rents from real property in satisfying the gross income requirements for a REIT described above only if several conditions are met. First, the amount of rent must not be based in whole or in part on the

S-4

**Table of Contents**

income or profits of any person. An amount received or accrued generally will not be excluded from the term rents from real property solely by reason of being based on a fixed percentage or percentages of receipts or sales. Second, the Code provides that rents received from a tenant generally will not qualify as rents from real property in satisfying the gross income tests if the REIT, or one or more owners of 10% or more of the REIT, directly or constructively, own in the aggregate 10% or more of such tenant. Third, if rent attributable to personal property, leased in connection with a lease of real property, is greater than 15% of the total rent received under the lease, then the portion of rent attributable to such personal property will not qualify as rents from real property. Finally, for rents received to qualify as rents from real property, the REIT generally must not operate or manage the property or furnish or render services to the tenants of such property, other than through an independent contractor from whom the REIT derives no income, except that we may directly perform certain services other than services which are not usually or customarily rendered in connection with the rental space for occupancy only and are considered rendered to the occupant of the property. A de minimis amount of up to 1% of the gross income received by us from each property is permitted to be from the provision of non-customary services without disqualifying all other amounts received from such property as rents from real property. However, such de minimis amount itself will not qualify as rents from real property for purposes of the 75% and 95% gross income tests. In addition, we may furnish certain services (including non-customary services) through a taxable REIT subsidiary ( TRS ). A TRS includes a corporation other than a REIT in which a REIT directly or indirectly holds stock and that has made a joint election with the REIT to be treated as a TRS. A TRS is subject to U.S. federal income tax at regular corporate rates.

We typically do not provide services to any lessees under our leases, and to the extent that we provide services to any such lessee, we believe that any and all such services were and will be of the type usually or customarily rendered in connection with the rental of space for occupancy only, and therefore, that the provision of such services did not and will not cause the rents received with respect to properties or newly-acquired properties to fail to qualify as rents from real property for purposes of the 75% and 95% gross income tests. If we contemplate providing services in the future that reasonably might be expected not to meet the usual or customary standard, we will arrange to have such services provided by an independent contractor from which we derive no income or by an affiliated entity that has elected TRS status. It is anticipated that, for purposes of the gross income tests, our investment in our leases will in major part give rise to qualifying income in the form of rents and gains on the sales of leased property.

If we fail to satisfy one or both of the 75% and 95% gross income tests for any taxable year, we may nevertheless qualify as a REIT for that year if we are entitled to relief under the Code. These relief provisions generally will be available if our failure to meet the tests is due to reasonable cause and not due to willful neglect, we attach a schedule of the sources of our income to our U.S. federal income tax return and any incorrect information on the schedule is not due to fraud with intent to evade tax. Beginning on or after October 23, 2004, these relief provisions generally will be available for any taxable year if our failure to meet the tests is due to reasonable cause and not due to willful neglect and if we satisfy certain specified filing and disclosure requirements set forth in the Code. It is not possible, however, to state whether in all circumstances we would be entitled to the benefit of these relief provisions. As discussed above in Certain U.S. federal income tax considerations to us of our REIT election Taxation of our company, even if these relief provisions apply, a tax would be imposed with respect to our excess gross income reduced by approximated expenses.

*Asset tests.* At the close of each quarter of our taxable year, we must also satisfy four tests relating to the nature of our assets. First, at least 75% of the value of our total assets must be represented by real estate assets (including (i) our allocable share of real estate assets held by partnerships in which we own an interest and (ii) stock or debt instruments held for not more than one year purchased with the proceeds of an offering of our stock or long-term (at least five years) debt), cash, cash items and government securities. Second, not more than 25% of our total assets may be represented by securities other than those in the 75% asset class. Third, of the investments included in the 25% asset class, the value of any one issuer's securities owned by us may not exceed 5% of the value of our total assets and we may not own more than 10% of the vote or value of any one issuer's outstanding securities. Fourth, not more than 20% of the value of our total assets may be represented by securities of one or more TRSs. For purposes of the third asset test, the term securities does not include equity or debt securities of a TRS, mortgage loans that constitute real estate assets, other securities included in the 75% asset class above, or equity interests in a partnership. The term securities, however, generally includes debt securities issued by a partnership or another REIT. Certain exceptions, such as a straight debt exception, apply for purposes of the 10% of value test referred to above. Our investment in our leases will constitute qualified assets for purposes of the 75% asset test.

We will not lose our status as a REIT if we fail to satisfy the asset tests at the end of a quarter solely by reason of changes in the relative values of our assets. If the failure to satisfy the asset tests results from the acquisition of securities or other property during a quarter, the failure can be cured by a disposition of sufficient non-qualifying assets or acquisition of sufficient qualifying assets within 30 days after the close of that quarter. We intend to maintain adequate records of the value of our assets to ensure compliance with the asset tests and to take any available action within 30 days after the close of any quarter as may be required to cure any noncompliance with the asset tests. We cannot ensure that these steps always will be successful. If we fail to cure the noncompliance with the asset tests within this 30-day period, we could fail to qualify as a REIT.

---

## **Table of Contents**

In addition, beginning on or after October 23, 2004, we may avoid disqualification of our status as a REIT in the event of certain failures if (i) the failure was due to reasonable cause and not due to willful neglect, (ii) the failure is timely corrected, (iii) a penalty amount is paid, and (iv) other requirements are met; or the failure was de minimis and timely corrected.

*Annual distribution requirements.* In order to qualify as a REIT, we are required to distribute dividends (other than capital gain dividends) to our stockholders in an amount at least equal to (A) the sum of (i) 90% of our REIT taxable income (computed without regard to the dividends paid deduction and our net capital gain) and (ii) 90% of the net income (after tax), if any, from foreclosure property, minus (B) the sum of certain items of noncash income. Such distributions must be paid in the taxable year to which they relate, or in the following taxable year if declared before we timely file our tax return for such year and if paid on or before the first regular dividend payment after such declaration. To the extent that we do not distribute all of our net capital gain or distribute at least 90%, but less than 100%, of our REIT taxable income, as adjusted, we will be subject to tax on the undistributed amount at regular ordinary and capital gains corporate tax rates, as applicable. We may designate all or a portion of our undistributed net capital gains as being includable in the income of our stockholders as gain from the sale or exchange of a capital asset, which stockholders would receive an increase in the basis of their stock in the amount of such income recognized. Such stockholders would also be treated as having paid their proportionate share of the capital gains tax imposed on us on such undistributed amounts and would receive a corresponding decrease in the basis of their stock. Furthermore, if we should fail to distribute during each calendar year at least the sum of (i) 85% of our REIT ordinary income for such year, (ii) 95% of our REIT capital gain net income for such year, and (iii) any undistributed taxable income from prior periods, we would be subject to a 4% excise tax on the excess of such required distribution over the amounts actually distributed. We have made and intend to make timely distributions sufficient to satisfy all annual distribution requirements.

It is possible that, from time to time, we may experience timing differences between (i) the actual receipt of income and actual payment of deductible expenses and (ii) the inclusion of that income and deduction of such expenses in arriving at our taxable income. Further, it is possible that, from time to time, we may be allocated a share of net capital gain attributable to the sale of depreciated property which exceeds our allocable share of cash attributable to that sale. Additionally, we may incur cash expenditures that are not currently deductible for tax purposes. As such, we may have less cash available for distribution than is necessary to meet our annual 90% distribution requirement or to avoid tax with respect to capital gain or the excise tax imposed on certain undistributed income. To meet the 90% distribution requirement necessary to qualify as a REIT or to avoid tax with respect to capital gain or the excise tax imposed on certain undistributed income, we may find it appropriate to arrange for short-term (or possibly long-term) borrowings or to pay distributions in the form of taxable stock dividends.

Under certain circumstances relating to any Internal Revenue Service audit adjustments that increase income, we may be able to rectify a failure to meet the distribution requirement for a year by paying deficiency dividends to stockholders in a later year, which may be included in our deduction for dividends paid for the earlier year. Thus, we may be able to avoid being taxed on amounts distributed as deficiency dividends; however, we will be required to pay interest based upon the amount of any deduction taken for deficiency dividends.

Pursuant to applicable Treasury regulations, in order to be able to elect to be taxed as a REIT, we must maintain certain records. We are also required to request certain information from our stockholders designed to disclose the actual ownership of our stock. We have complied and intend to continue to comply with such requirements.

### **Failure to qualify**

If we fail to qualify for taxation as a REIT in any taxable year, and the relief provisions do not apply, we will be subject to tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. Dividends to stockholders in any year in which we fail to qualify will not be deductible by us nor will they be required to be made. In such event, to the extent of current and accumulated earnings and profits, all distributions to stockholders will be taxable as ordinary income, and, subject to certain limitations of the Code, corporate distributees may be eligible for the dividends received deduction. Unless entitled to relief under specific statutory provisions, we will also be disqualified from taxation as a REIT for the four taxable years following the year during which we ceased to qualify as a REIT. It is not possible to state whether in all circumstances we would be entitled to such statutory relief.

### **U.S. holders**

**Distributions.** As long as we qualify as a REIT, distributions made to you out of current or accumulated earnings and profits and not properly designated by us as capital gain dividends will be taken into account by you as ordinary income and will not be eligible for the dividends received deduction for corporations. Since such dividends will be received from a REIT, they generally will not be eligible to be taxed at the preferential qualified dividend income rates (currently a 15% maximum federal rate, expiring for taxable years beginning after December 31, 2010) applicable to non-corporate U.S. holders who receive dividends from taxable C corporations under current law. An exception to this rule applies, however, and non-corporate U.S. holders will be taxed at such preferential rates on dividends designated by and received from us, to the extent that such dividends are attributable to (i) after-tax income that was accumulated in a non-REIT taxable year, (ii) dividends we received from taxable REIT subsidiaries or other taxable C corporations, or (iii) after-tax income from certain sales of appreciated

---

## Table of Contents

property acquired from C corporations in carryover basis transactions. Distributions that are designated as capital gain dividends will be taxed as long-term capital gains (to the extent they do not exceed our actual net capital gain for the taxable year) without regard to the period for which you have held our common stock. However, if you are a corporation, you may be required to treat up to 20% of certain capital gain dividends as ordinary income. Distributions in excess of current and accumulated earnings and profits will not be taxable to you to the extent that they do not exceed the adjusted basis of your shares, but rather will reduce the adjusted basis of the shares. To the extent that distributions in excess of current and accumulated earnings and profits exceed the adjusted basis of your shares, you will include the distributions in income as long-term capital gain (or short-term capital gain if you have held the shares for one year or less). In addition, any distribution declared by us in October, November or December of any year payable to you as a stockholder of record on a specified date in any of these months shall be treated as both paid by us and received by you on December 31 of that year, provided that the distribution is actually paid by us during January of the following calendar year. You may not include in your individual income tax returns any of our net operating losses or capital losses.

**Sale, exchange or other disposition of common stock.** Upon a sale or other disposition of common stock, you generally will recognize capital gain or loss equal to the difference between the amount of cash and the fair market value of property you receive on the sale or other disposition and your adjusted tax basis in the common stock. Such capital gain or loss will be long-term capital gain or loss if your holding period for the common stock is more than one year. Long-term capital gains may qualify for reduced rates under U.S. federal income tax laws, and capital losses may be subject to limitations. In general, any loss upon a sale or exchange of shares by you, if you have held the shares for six months or less (after applying certain holding period rules), will be treated as a long-term capital loss to the extent of distributions from us required to be treated by you as long-term capital gain.

**Backup withholding and information reporting.** The amount of dividends paid to you and the tax withheld with respect to those dividends may be required to be reported. Under the backup withholding provisions of the Code and applicable Treasury Regulations, you may be subject to backup withholding with respect to dividends paid on, or the proceeds of a sale, exchange or redemption of, common stock unless:

you are a corporation or come within certain other exempt categories and when required demonstrate this fact, or

provide a taxpayer identification number, certify as to no loss of exemption from backup withholding, and otherwise comply with applicable requirements of the backup withholding rules.

If you do not provide us with your correct taxpayer identification number, you may also be subject to penalties imposed by the Internal Revenue Service. Any amount paid as backup withholding will be creditable against your income tax liability, provided that the required information is furnished to the Internal Revenue Service. In addition, we may be required to withhold a portion of capital gain distributions to you, if you fail to certify your nonforeign status to us. See Non-U.S. holders.

### **Treatment of tax exempt stockholders**

If you are a tax exempt employee pension trust or other domestic tax exempt stockholder, our distributions to you generally will not constitute unrelated business taxable income, or UBTI, unless you have borrowed to acquire or carry our common stock. However, qualified trusts that hold more than 10% (by value) of certain REITs may be required to treat a certain percentage of that REIT's distributions as UBTI. This requirement will apply only if:

the REIT would not qualify for U.S. federal income tax purposes but for the application of a look through exception to the five or fewer requirement applicable to shares held by qualified trusts; and

the REIT is predominantly held by qualified trusts.

A REIT is predominantly held if either:

a single qualified trust holds more than 25% by value of the REIT interests; or

one or more qualified trusts, each owning more than 10% by value of the REIT interests, hold in the aggregate more than 50% by value of the REIT interests:

The percentage of any REIT dividend treated as UBTI is equal to the ratio of the UBTI earned by the REIT (treating the REIT as if it were a qualified trust and therefore subject to tax on UBTI) to the total gross income (less certain associated expenses) of the REIT.

A de minimis exception applies where the ratio set forth in the preceding sentence is less than 5% for any year. For those purposes, a qualified trust is any trust described in section 401(a) of the Code and exempt from tax under section 501(a) of the Code. The provisions requiring qualified trusts to treat a portion of REIT distributions as UBTI will not apply if the REIT is able to satisfy the five or fewer requirement without relying upon the look-through exception. The restrictions on ownership of our common stock in our Amended and Restated Articles of Incorporation, as amended, will help prevent application of the provisions treating a portion of REIT distributions as UBTI to tax-exempt entities purchasing our common stock, absent approval by the board of directors.

## Table of Contents

### **Non-U.S. holders**

The rules governing U.S. federal income taxation of non-U.S. holders are complex and no attempt will be made herein to provide more than a summary of these rules. Prospective non-U.S. holders should consult with their own tax advisors to determine the impact of federal, state and local income tax laws with regard to an investment in common stock, including any reporting requirements.

**Distributions.** Distributions that are not attributable to gain from our sales or exchanges of U.S. real property interests and not properly designated by us as capital gain dividends will be treated as dividends of ordinary income to the extent that they are made out of our current or accumulated earnings and profits. Such distributions will ordinarily be subject to a withholding tax equal to 30% of the gross amount of the distribution unless an applicable tax treaty reduces or eliminates that tax.

However, if income from the investment in the common stock is treated as effectively connected with your conduct of a U.S. trade or business, you generally will be subject to a tax at graduated rates, in the same manner as U.S. holders are taxed with respect to the distributions (and may also be subject to the 30% branch profits tax if you are a foreign corporation). We expect to withhold U.S. income tax at the rate of 30% on the gross amount of any distributions made to you unless:

a lower treaty rate applies, you file an IRS Form W-8BEN with us and other conditions are met; or

you file an IRS Form W-8ECI with us claiming that the distribution is effectively connected income, and other conditions are met. Distributions in excess of our current and accumulated earnings and profits will not be taxable to you to the extent that the distributions do not exceed the adjusted basis of your shares, but rather will reduce the adjusted basis of the shares. To the extent that distributions in excess of current accumulated earnings and profits exceed the adjusted basis of your shares, these distributions will give rise to tax liability if you would otherwise be subject to tax on any gain from the sale or disposition of your shares in us, as described below. If it cannot be determined at the time a distribution is made whether or not the distribution will be in excess of current and accumulated earnings and profits, the distributions will be subject to withholding at the same rate as dividends. However, amounts thus withheld are refundable if it is subsequently determined that a distribution was, in fact, in excess of our current and accumulated earnings and profits, provided the required information is furnished in a timely manner to the Internal Revenue Service.

For any year in which we qualify as a REIT, distributions that are attributable to gain from our sales or exchanges of U.S. real property interests will be taxed to you under the provisions of the Foreign Investment in Real Property Tax Act of 1980 ( FIRPTA ). Under FIRPTA, distributions attributable to gain from sales of U.S. real property interests are taxed to you as if the gain were effectively connected with a U.S. business. You would thus be taxed at the normal capital gain rates applicable to U.S. holders (subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals). Also, distributions subject to FIRPTA may be subject to a 30% branch profits tax in the hands of a foreign corporate stockholder not entitled to a treaty exemption. We are required by applicable Treasury regulations to withhold 35% of any distribution that could be designated by us as a capital gain dividend. This amount is creditable against your FIRPTA tax liability.

Notwithstanding the foregoing, distributions (including capital gain distributions) with respect to any class of stock of a REIT which is regularly traded on an established securities market located in the United States will not be treated as gain recognized from the sale or exchange of a U.S. real property interest if the non-U.S. holder does not own more than 5% of such class of stock at any time during the 1-year period ending on the date of distribution.

**Sale or other disposition.** Gain recognized by you upon a sale of shares generally will not be taxed under FIRPTA if we are a domestically controlled REIT, defined generally as a REIT in which at all times during a specified testing period less than 50% in value of the stock was held directly or indirectly by foreign persons. It is currently anticipated that we will be a domestically controlled REIT, although there can be no assurance that we will retain that status. If we are not domestically controlled, so long as our common stock continues to be regularly traded on an established securities market, gain recognized by you upon a sale of our common stock will continue to be exempt under FIRPTA if you did not own more than 5% of our common stock for specified periods.

If the gain on the sale of common stock were to be subject to taxation under FIRPTA, you would be subject to the same treatment as U.S. holders with respect to the gain, subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals.

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

Gain not subject to FIRPTA will be taxable to you if:

investment in the shares is effectively connected with your U.S. trade or business, in which case you will be subject to the same treatment as U.S. holders with respect to the gain, subject to applicable alternative minimum tax and a special alternative minimum tax in the case of nonresident alien individuals (and may also be subject to the 30% branch profits tax if you are a foreign corporation); or

S-8

---

## **Table of Contents**

you are a nonresident alien individual who was present in the United States for more than 182 days during the taxable year and other applicable requirements are met, in which case you will be subject to a 30% tax on your capital gains, net of certain capital losses.

**Information reporting and backup withholding.** The amount of dividends paid to you and the tax withheld with respect to those dividends may be required to be reported, regardless of whether withholding was required. Copies of the information returns reporting those dividends and withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty or other applicable agreements.

Backup withholding is generally imposed on certain payments to persons that fail to furnish the necessary identifying information to the payor. You generally will be subject to backup withholding tax with respect to dividends paid on your common stock unless you certify your non-U.S. status and other conditions are met.

The payment of proceeds of a sale of common stock effected by or through a U.S. office of a broker is subject to both backup withholding and information reporting unless you properly certify as to your non-U.S. status or you otherwise establish an exemption. In general, backup withholding and information reporting will not apply to the payment of the proceeds of a sale of common stock by or through a foreign office of a broker. If, however, such broker is, for U.S. federal income tax purposes, a U.S. person, a controlled foreign corporation, a foreign person that derives 50% or more of its gross income for certain periods from the conduct of a trade or business in the United States or a foreign partnership with specified connections to the United States, such payments will be subject to information reporting, but not backup withholding, unless such broker has documentary evidence in its records that you are a non-U.S. holder and certain other conditions are met or you otherwise establish an exemption.

Any amounts withheld under the backup withholding rules generally will be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is furnished in a timely manner to the Internal Revenue Service.

### **Tax aspects of our investments in partnerships**

We may hold direct or indirect interests in various partnerships (each individually a Partnership and, collectively, the Partnerships). In general, partnerships are pass-through entities that are not subject to U.S. federal income tax. Rather, partners are allocated their shares of the items of income, gain, loss, deduction and credit of a partnership, and are potentially subject to tax thereon, without regard to whether the partners receive a distribution from the partnership. We will include our proportionate share of the foregoing items of the Partnerships for purposes of the various REIT income tests. See Certain U.S. federal income tax considerations to us of our REIT election Requirements for qualification Gross income tests. Moreover, for purposes of the REIT asset tests (see Certain U.S. federal income tax considerations to us of our REIT election Requirements for qualification Asset tests), we will include our proportionate share of assets held by the Partnerships.

### **Other tax consequences**

**Possible legislative or other actions affecting tax consequences.** Prospective holders of our common stock should recognize that the present U.S. federal income tax treatment of investment in our company may be modified by legislative, judicial or administrative action at any time and that any of these actions may affect investments and commitments previously made. The rules dealing with U.S. federal income taxation are constantly under review by persons involved in the legislative process and by the Internal Revenue Service and the Treasury Department, resulting in revisions of regulations and revised interpretations of established concepts as well as statutory changes. Revisions in U.S. federal tax laws and interpretations thereof could adversely affect the tax consequences of investment in our company.

**State and local taxes.** We may be required to pay tax in various state or local jurisdictions, including those in which we transact business. Our state and local tax treatment may not conform to the U.S. federal income tax consequences discussed above. Consequently, you should consult your tax advisors regarding the effect of state and local tax laws on an investment in us.

THE FOREGOING SUMMARY DOES NOT DISCUSS ALL ASPECTS OF U.S. FEDERAL INCOME TAXATION THAT MAY BE RELEVANT TO YOU IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES AND INCOME TAX SITUATION. YOU SHOULD CONSULT YOUR OWN TAX ADVISOR AS TO THE SPECIFIC TAX CONSEQUENCES THAT WOULD RESULT FROM YOUR PURCHASE, OWNERSHIP AND DISPOSITION OF COMMON STOCK, INCLUDING THE APPLICATION AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND THE POSSIBLE EFFECTS OF CHANGES IN U.S. FEDERAL OR OTHER TAX LAWS.

PROSPECTUS

**\$1,250,000,000**

**Debt Securities**

**Preferred Stock**

**Common Stock**

**Securities Warrants**

We may offer, from time to time, in one or more series:

debt securities;

warrants to purchase debt securities;

shares of our preferred stock;

warrants to purchase shares of our preferred stock;

shares of our common stock; and

warrants to purchase shares of our common stock.

The common stock warrants, the debt securities warrants and the preferred stock warrants are collectively referred to herein as the securities warrants. The debt securities, the preferred stock, the common stock and the securities warrants are collectively referred to herein as the securities. The securities will have an aggregate offering price of \$1,250,000,000 and will be offered on terms to be determined at the time of offering. We will provide the specific terms of these securities in prospectus supplements to this prospectus prepared in connection with each offering. The prospectus supplement will also disclose whether the securities will be listed on a national securities exchange and if they are not to be listed, the possible effects thereof on their marketability. You should read this prospectus and the applicable prospectus supplement carefully before you invest in the securities.

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

Securities may be sold directly, through agents from time to time or through underwriters or dealers. If any agent or any underwriter is involved in the sale of the securities, the name of the agent or underwriter and any applicable commission or discount will be set forth in the accompanying prospectus supplement. See Plan of Distribution. The net proceeds we receive from the sale also will be set forth in the applicable prospectus supplement.

Our common stock is traded on the New York Stock Exchange under the symbol NHP . On August 25, 2005, the closing price of our common stock was \$23.12.

**ABOUT THIS PROSPECTUS**

This prospectus is part of a registration statement that we filed with the SEC utilizing a shelf registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings up to a total amount of \$1,250,000,000. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add to or update other information contained in this prospectus. You should read both this prospectus and the accompanying prospectus supplement together with additional information described under the heading "Where You Can Find More Information" on page 20.

Whenever we refer herein to NHP, the Company or to us or use the terms we or our, we are referring to Nationwide Health Properties, Inc. and its subsidiaries, unless the context otherwise requires.

**THE COMPANY**

Nationwide Health Properties, Inc., a Maryland corporation incorporated on October 14, 1985, is a real estate investment trust (REIT) that invests primarily in healthcare related facilities and provides financing to healthcare providers.

We primarily make our investments by acquiring an ownership interest in facilities and leasing them to unaffiliated operators under triple-net master leases that pass all facility operating costs (including maintenance, repairs, taxes, insurance and capital expenditures) through to the tenant operator. In addition, but intentionally to a much lesser extent because we view the risks of this activity to be greater, from time to time we extend mortgage loans and other financing to operators. Currently, about 96% of our revenues are derived from our leases, with the remaining 4% from our mortgage loans and other financing.

At June 30, 2005, we had investments in 426 facilities located in 39 states. The facilities included 194 skilled nursing facilities, 216 assisted and independent living facilities, seven continuing care retirement communities, seven specialty hospitals and two assets held for sale.

Our facilities are operated by 72 different operators, including the following publicly traded companies: American Retirement Corporation, Beverly Enterprises, Inc., Emeritus Corporation, Extencicare, Inc., Genesis Healthcare, HEALTHSOUTH Corporation, Kindred Healthcare, Inc. and Sun Healthcare Group, Inc. Of the operators of our facilities, only Alterra Healthcare Corporation (Alterra) accounted for 10% or more of our revenues at June 30, 2005 or is expected to account for more than 10% of our revenues for the remainder of 2005.

At June 30, 2005, we had direct ownership of 180 skilled nursing facilities, 215 assisted and independent living facilities, six continuing care retirement communities, seven specialty hospitals and two assets held for sale. Substantially all of our owned facilities are leased under triple-net leases, which are accounted for as operating leases.

Our leases generally have initial terms ranging from five to 21 years with two or more multiple-year renewal options. We earn fixed monthly minimum rents and may earn periodic additional rents. The additional rent payments are generally computed as a percentage of facility revenues

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

in excess of base amounts or as a percentage of the increase in the Consumer Price Index. Additional rents are generally calculated and payable monthly or quarterly. While the calculations and payments of additional rents contingent upon revenue are generally made on a quarterly basis, SEC Staff Accounting Bulletin No. 101, Revenue Recognition in Financial Statements (SAB No. 101) does not allow for the recognition of this revenue until all possible contingencies have been eliminated. Most of our leases with additional rents contingent upon revenue are structured as quarterly

**Table of Contents**

calculations so that all contingencies for revenue recognition have been eliminated at each of our quarterly reporting dates. Also, the majority of our leases contain provisions that the total rent cannot decrease from one year to the next. Approximately 82% of our facilities are leased under master leases. In addition, the majority of our leases contain cross-collateralization and cross-default provisions tied to other leases with the same tenant, as well as grouped lease renewals and, if purchase options exist, grouped purchase options. Leases covering 338 facilities are backed by security deposits consisting of irrevocable letters of credit or cash, most of which cover from three to six months of initial monthly minimum rents. As of December 31, 2004, leases covering 153 facilities required the tenant to impound property taxes and leases covering 71 facilities required capital expenditure impounds. Under the terms of the leases, the tenant is responsible for all maintenance, repairs, taxes, insurance and capital expenditures for the leased properties.

At June 30, 2005, we held 13 mortgage loans secured by 14 skilled nursing facilities, one assisted and independent living facility and one continuing care retirement community. As of June 30, 2005, the mortgage loans receivable had a net book value of \$78,082,000. The mortgage loans had individual outstanding balances ranging from \$111,000 to \$10,563,000 and had maturities ranging from 2005 to 2031 at June 30, 2005.

We believe we have operated in such a manner as to qualify for taxation as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended. We intend to continue to qualify as such and therefore to distribute at least 90% of our REIT taxable income to our stockholders. If we qualify for taxation as a REIT, and we distribute 100% of our taxable income to our stockholders, we will generally not be subject to federal income taxes on our income that is distributed to stockholders. This treatment substantially eliminates the double taxation (i.e., at the corporate and stockholder levels) that generally results from investing in the stock of a corporation.

Our principal executive offices are located at 610 Newport Center Drive, Suite 1150, Newport Beach, California 92660, and our telephone number is (949) 718-4400.

**Table of Contents****RISK FACTORS**

Investing in the securities described herein involves risk. Please see the risk factors described in our Annual Report on Form 10-K for our most recent fiscal year, which is incorporated by reference in this prospectus. Before making an investment decision, you should carefully consider these risks as well as other information we include or incorporate by reference in this prospectus. The risks and uncertainties we have described are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations. Additional risk factors may be included in a prospectus supplement relating to a particular series or offering of such securities. These risks could materially affect our business, results of operations or financial condition and cause the value of our securities to decline. You could lose all or part of your investment.

**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratios of earnings to fixed charges for the periods indicated. In computing the ratio of earnings to fixed charges, earnings have been based on consolidated income from continuing operations before fixed charges (exclusive of capital interest). Fixed charges consist of interest on debt, including amounts capitalized, an estimate of interest in rental expense, and interest expense related to the guaranteed debt of the partnerships and limited liability companies in which we hold an interest. In computing the ratio of earnings to combined fixed charges and preferred stock dividends, preferred stock dividends consist of dividends on our 7.677% Series A Cumulative Preferred Step-Up REIT Securities and 7.75% Series B Cumulative Convertible Preferred Stock.

	<b>For the six months ended June 30,</b>	<b>Year Ended December 31,</b>				
	<b>2005</b>	<b>2004</b>	<b>2003</b>	<b>2002</b>	<b>2001</b>	<b>2000</b>
Ratio of Earnings to Fixed Charges	2.27	2.27	1.96	1.72	2.05	2.09
Ratio of Earnings to Combined Fixed Charges and Preferred Stock Dividends	1.81	1.87	1.73	1.52	1.80	1.85

**USE OF PROCEEDS**

Unless otherwise specified in the prospectus supplement which accompanies this prospectus, the net proceeds from the sale of the securities offered from time to time hereby will be used for general corporate purposes, including the repayment of short term bank lines of credit and investments in healthcare related facilities. The Company uses its existing revolving bank credit facility primarily to provide short term financing for the acquisition of healthcare related facilities.

**Table of Contents**

**DESCRIPTION OF DEBT SECURITIES**

NHP may issue debt securities under one or more trust indentures to be executed by NHP and a specified trustee. The terms of the debt securities will include those stated in the indenture and those made a part of the indenture (before any supplements) by reference to the Trust Indenture Act of 1939. The indentures will be qualified under the Trust Indenture Act.

The following description sets forth certain anticipated general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement (which terms may be different than those stated below) and the extent, if any, to which such general provisions may apply to the debt securities so offered will be described in the prospectus supplement relating to such debt securities. Accordingly, for a description of the terms of a particular issue of debt securities, investors should review both the prospectus supplement relating thereto and the following description. A form of the indenture (as discussed herein) has been filed as an exhibit to the Registration Statement of which this prospectus is a part.

**General**

The debt securities will be direct obligations of NHP and may be either senior debt securities or subordinated debt securities. The indebtedness represented by subordinated securities will be subordinated in right of payment to the prior payment in full of NHP's senior debt (as defined in the applicable indenture).

Except as set forth in the applicable indenture and described in a prospectus supplement relating thereto, the debt securities may be issued without limit as to aggregate principal amount, in one or more series, secured or unsecured, in each case as established from time to time in or pursuant to authority granted by a resolution of the board of directors or as established in the applicable indenture. All debt securities of one series need not be issued at the same time and, unless otherwise provided, a series may be reopened, without the consent of the holders of the debt securities of such series, for issuance of additional debt securities of such series.

The prospectus supplement relating to any series of debt securities being offered will contain the specific terms thereof, including, without limitation:

The title of such debt securities and whether such debt securities are senior securities or subordinated securities;

The aggregate principal amount of such debt securities and any limit on such aggregate principal amount;

The percentage of the principal amount at which such debt securities will be issued and, if other than the principal amount thereof, the portion of the principal amount thereof payable upon declaration of acceleration of the maturity thereof;

If convertible, the portion of the principal amount of such debt securities which is convertible into common stock or preferred stock, or the method by which any such portion shall be determined;

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

If convertible, any applicable limitations on the ownership or transferability of the common stock or preferred stock into which such debt securities are convertible;

The date or dates, or the method for determining the date or dates, on which the principal of such debt securities will be payable;

The rate or rates (which may be fixed or variable), or the method by which the rate or rates shall be determined, at which such debt securities will bear interest, if any.

The date or dates, or the method for determining such date or dates, from which any interest will accrue, the interest payment dates on which any such interest will be payable, the regular record dates for such

**Table of Contents**

interest payment dates, or the method by which any such date shall be determined, the person to whom such interest shall be payable, and the basis upon which interest shall be calculated if other than that of a 360-day year of twelve 30-day months;

The place or places where the principal of (and premium, if any) and interest, if any, on such debt securities will be payable, such debt securities may be surrendered for conversion or registration of transfer or exchange and notices or demands to or upon NHP in respect of such debt securities and the applicable indenture may be served;

The period or periods within which, the price or prices at which and the terms and conditions upon which such debt securities may be redeemed, as a whole or in part, at NHP's option, if NHP is to have such an option;

The obligation, if any, of NHP to redeem, repay or purchase such debt securities pursuant to any sinking fund or analogous provision or at the option of a holder thereof, and the period or periods within which, the price or prices at which and the terms and conditions upon which such debt securities will be redeemed, repaid or purchased, as a whole or in part, pursuant to such obligation;

If other than U.S. dollars, the currency or currencies in which such debt securities are denominated and payable, which may be a foreign currency or units of two or more foreign currencies or a composite currency or currencies, and the terms and conditions relating thereto;

Whether the amount of payments of principal of (and premium, if any) or interest, if any, on such debt securities may be determined with reference to an index, formula or other method (which index, formula or method may, but need not be, based on a currency, currencies, currency unit or units or composite currencies) and the manner in which such amounts shall be determined;

Any additions to, modifications of or deletions from the terms of such debt securities with respect to the events of default or covenants set forth in the indenture;

Any provisions for collateral security for repayment of such debt securities;

Whether such debt securities will be issued in certificated and/or book-entry form;

Whether such debt securities will be in registered or bearer form and, if in registered form, the denominations thereof if other than \$1,000 and any integral multiple thereof and, if in bearer form, the denominations thereof and terms and conditions relating thereto;

The applicability, if any, of defeasance and covenant defeasance provisions of the applicable indenture;

The terms, if any, upon which such debt securities may be convertible into NHP's common stock or preferred stock and the terms and conditions upon which such conversion will be effected, including, without limitation, the initial conversion price or rate and the conversion period;

Whether and under what circumstances NHP will pay additional amounts as contemplated in the applicable indenture on such debt securities in respect of any tax, assessment or governmental charge and, if so, whether NHP will have the option to redeem such debt securities in lieu of making such payment; and

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

Any other terms of such debt securities and any deletions from or modifications or additions to the applicable indenture in respect of such securities.

The debt securities may provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof. Special federal income tax, accounting and other considerations applicable to these original issue discount securities will be described in the applicable prospectus supplement.

## **Table of Contents**

The applicable indenture may contain provisions that would limit NHP's ability to incur indebtedness or that would afford holders of debt securities protection in the event of a highly leveraged or similar transaction involving NHP or in the event of a change of control.

Restrictions on ownership and transfer of NHP's common stock and preferred stock are designed to preserve its status as a REIT and, therefore, may act to prevent or hinder a change of control. See Description of Preferred Stock Restrictions on Ownership. Investors should review the applicable prospectus supplement for information with respect to any deletions from, modifications of or additions to the events of default or covenants that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

## **Merger, Consolidation or Sale**

The applicable indenture will provide that NHP may consolidate with, or sell, lease or convey all or substantially all of its assets to, or merge with or into, any other corporation, provided that:

Either NHP shall be the continuing corporation, or the successor corporation (if other than NHP) formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets shall be organized and existing under U.S. or state law and shall expressly assume payment of the principal of (and premium, if any), and interest on, all of the applicable debt securities and the due and punctual performance and observance of all of the covenants and conditions contained in the applicable indenture;

Immediately after giving effect to such transaction and treating any indebtedness which becomes an obligation of NHP or any subsidiary as a result thereof as having been incurred by NHP or such subsidiary at the time of such transaction, no event of default under the applicable indenture, and no event which, after notice or the lapse of time, or both, would become such an event of default, shall have occurred and be continuing; and

An officer's certificate and legal opinion covering such conditions shall be delivered to the trustee.

## **Covenants**

The applicable indenture will contain covenants requiring NHP to take certain actions and prohibiting NHP from taking certain actions. The covenants with respect to any series of debt securities will be described in the prospectus supplement relating thereto.

## **Events of Default, Notice and Waiver**

Each indenture will describe specific events of default with respect to any series of debt securities issued thereunder. Such events of default are likely to include (with grace and cure periods):

Default in the payment of any installment of interest on any debt security of such series;

Default in the payment of principal of (or premium, if any, on) any debt security of such series at its maturity;

Default in making any required sinking fund payment for any debt security of such series;

Default in the performance or breach of any other covenant or warranty of NHP contained in the applicable indenture (other than a covenant added to the indenture solely for the benefit of a series of debt securities issued thereunder other than such series), continued for a specified period of days after written notice as provided in the applicable indenture;

Default in the payment of specified amounts of indebtedness of NHP or any mortgage, indenture or other instrument under which such indebtedness is issued or by which such indebtedness is secured,

**Table of Contents**

such default having occurred after the expiration of any applicable grace period and having resulted in the acceleration of the maturity of such indebtedness, but only if such indebtedness is not discharged or such acceleration is not rescinded or annulled; and

Certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of NHP or any significant subsidiary or either of its property.

If an event of default under any indenture with respect to debt securities of any series at the time outstanding occurs and is continuing, then the applicable trustee or the holders of not less than 25% of the principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities or indexed securities, such portion of the principal amount as may be specified in the terms thereof) of all the debt securities of that series to be due and payable immediately by written notice thereof to NHP (and to the applicable trustee if given by the holders). However, at any time after such a declaration of acceleration with respect to debt securities of such series (or of all debt securities then outstanding under any indenture, as the case may be) has been made, but before a judgment or decree for payment of the money due has been obtained by the applicable trustee, the holders of not less than a majority in principal amount of outstanding debt securities of such series (or of all debt securities then outstanding under the applicable indenture, as the case may be) may rescind and annul such declaration and its consequences if:

NHP shall have deposited with the applicable trustee all required payments of the principal of (and premium, if any) and interest on the debt securities of such series (or of all debt securities then outstanding under the applicable indenture, as the case may be), plus certain fees, expenses, disbursements and advances of the applicable trustee; and

All events of default, other than the non-payment of accelerated principal (or specified portion thereof), with respect to debt securities of such series (or of all debt securities then outstanding under the applicable indenture, as the case may be) have been cured or waived as provided in such indenture.

Each indenture also will provide that the holders of not less than a majority in principal amount of the outstanding debt securities of any series (or of all debt securities then outstanding under the applicable indenture, as the case may be) may waive any past default with respect to such series and its consequences, except a default:

In the payment of the principal of (or premium, if any) or interest on any debt security of such series; or

In respect of a covenant or provision contained in the applicable indenture that cannot be modified or amended without the consent of the holder of each outstanding debt security affected thereby.

Each trustee will be required to give notice to the holders of debt securities within 90 days of a default under the applicable indenture unless such default shall have been cured or waived; provided, however, that such trustee may withhold notice to the holders of any series of debt securities of any default with respect to such series (except a default in the payment of the principal of (or premium, if any) or interest on any debt security of such series or in the payment of any sinking fund installment in respect of any debt security of such series) if specified responsible officers of such trustee consider such withholding to be in the interest of such holders.

Each indenture will provide that no holders of debt securities of any series may institute any proceedings, judicial or otherwise, with respect to such indenture or for any remedy thereunder, except in the case of failure of the applicable trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an event of default from the holders of not less than a majority in principal amount of the outstanding debt securities of such series, as well as the furnishing of indemnity reasonably satisfactory to it. This provision will not prevent, however, any holder of debt securities from instituting suit for the enforcement of payment of the principal of (and premium, if any) and interest on such debt securities at the respective due dates thereof.

Subject to provisions in each indenture relating to its duties in case of default, no trustee will be under any obligation to exercise any of its rights or powers under an indenture at the request or direction of any holders of any series of debt securities then outstanding under such indenture, unless such holders shall have furnished to

## **Table of Contents**

the trustee thereunder reasonable security or indemnity. The holders of not less than a majority in principal amount of the outstanding debt securities of any series (or of all debt securities then outstanding under an indenture, as the case may be) shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable trustee, or of exercising any trust or power conferred upon such trustee. However, a trustee may refuse to follow any direction which is in conflict with any law or the applicable indenture, which may involve such trustee in personal liability or which may be unduly prejudicial to the holders of debt securities of such series not joining therein.

Within 120 days after the close of each fiscal year, NHP will be required to deliver to each trustee a certificate, signed by one of several specified officers, stating whether or not such officer has knowledge of any default under the applicable indenture and, if so, specifying each such default and the nature and status thereof.

## **Modification of the Indenture**

It is anticipated that modifications and amendments of an indenture may be made by NHP and the trustee, with the consent of the holders of not less than a majority in principal amount of each series of the outstanding debt securities issued under the indenture which are affected by the modification or amendment, provided that no such modification or amendment may, without the consent of each holder of such debt securities affected thereby:

Change the stated maturity date of the principal of (or premium, if any) or any installment of interest, if any, on any such debt security;

Reduce the principal amount of (or premium, if any) or the interest, if any, on any such debt security or the principal amount due upon acceleration of an original issue discount security;

Change the place or currency of payment of principal of (or premium, if any) or interest, if any, on any such debt security;

Impair the right to institute suit for the enforcement of any such payment on or with respect to any such debt security;

Reduce the above-stated percentage of holders of debt securities necessary to modify or amend the indenture; or

Modify the foregoing requirements or reduce the percentage of outstanding debt securities necessary to waive compliance with certain provisions of the indenture or for waiver of certain defaults.

A record date may be set for any act of the holders with respect to consenting to any amendment.

The holders of not less than a majority in principal amount of outstanding debt securities of each series affected thereby will have the right to waive compliance by NHP with certain covenants in such indenture.

Each indenture will contain provisions for convening meetings of the holders of debt securities of a series to take permitted action.

Under certain circumstances, modifications and amendments of an indenture may be made without the consent of any holders of outstanding debt securities.

### **Redemption of Securities**

The applicable indenture will provide that the debt securities may be redeemed at any time at the option of NHP, in whole or in part, for certain reasons intended to protect NHP's status as a REIT. Debt securities may also be subject to optional or mandatory redemption on terms and conditions described in the applicable prospectus supplement.

## **Table of Contents**

From and after notice has been given as provided in the applicable indenture, if funds for the redemption of any debt securities called for redemption shall have been made available on such redemption date, such debt securities will cease to bear interest on the date fixed for such redemption specified in such notice, and the only right of the holders of the debt securities will be to receive payment of the redemption price.

## **Conversion of Securities**

The terms and conditions, if any, upon which any debt securities are convertible into common stock or preferred stock of NHP will be set forth in the applicable prospectus supplement relating thereto. Such terms will include:

Whether such debt securities are convertible into common stock or preferred stock;

The conversion price (or manner of calculation thereof);

The conversion period;

Provisions as to whether conversion will be at the option of the holders or NHP;

The events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such debt securities; and

Any restrictions on conversion, including restrictions directed at maintaining NHP's REIT status.

## **Subordination**

Upon any distribution to NHP's creditors in a liquidation, dissolution or reorganization, the payment of the principal of and interest on any subordinated securities will be subordinated to the extent provided in the applicable indenture in right of payment to the prior payment in full of all senior securities. No payment of principal or interest will be permitted to be made on subordinated securities at any time if any payment default or any other default which permits accelerations exists. After all senior securities are paid in full and until the subordinated securities are paid in full, holders of subordinated securities will be subrogated to the right of holders of senior securities to the extent that distributions otherwise payable to holders of subordinated securities have been applied to the payment of senior securities. By reason of such subordination, in the event of a distribution of assets upon insolvency, certain general creditors of NHP may recover more, ratably, than holders of subordinated securities. If this prospectus is being delivered in connection with a series of subordinated securities, the accompanying prospectus supplement or the information incorporated herein by reference will contain the approximate amount of senior securities outstanding as of the end of NHP's most recent fiscal quarter.

## **Global Securities**

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

The debt securities of a series may be issued in whole or in part in global form. The global securities will be deposited with a depositary, or with a nominee for a depositary, identified in the prospectus supplement. In this case, one or more global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding debt securities of the series to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive form, a global security may not be transferred except as a whole by the depositary for the global security to a nominee of the depositary or by a nominee of the depositary to the depositary or another nominee of the depositary or by the depositary or any nominee to a successor of the depositary or a nominee of the successor.

The specific material terms of the depositary arrangement with respect to any portion of a series of debt securities to be represented by a global security will be described in the prospectus supplement. We anticipate that the following provisions will apply to all depositary arrangements.

## **Table of Contents**

Upon the issuance of a global security, the depository for the global security will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by the global security to the accounts of persons, or participants, that have accounts with the depository. The accounts to be credited will be designated by any underwriters or agents participating in the distribution of the debt securities. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in the global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depository for the global security, with respect to interests of participants, or by participants or persons that hold through participants, with respect to interests of persons other than participants. So long as the depository for a global security, or its nominee, is the registered owner of the global security, the depository or the nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture; provided, however, that for purposes of obtaining any consents or directions required to be given by the holders of the debt securities, we, the trustee and our agents will treat a person as the holder of the principal amount of debt securities as specified in a written statement of the depository. Except as set forth herein or otherwise provided in the prospectus supplement, owners of beneficial interests in a global security will not be entitled to have the debt securities represented by the global security registered in their names, will not receive physical delivery of the debt securities in definitive form and will not be considered the owners or holders thereof under the indenture.

Principal, premium, if any, and interest payments on debt securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security. Neither we, the trustee nor any paying agent for the debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security or for maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

We expect that the depository for any debt securities represented by a global security, upon receipt of any payment of principal, premium, if any, or interest will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global security as shown on the records of the depository. We also expect that payments by participants will be governed by standing instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in street names and will be the responsibility of the participants.

If the depository for any debt securities represented by a global security is at any time unwilling or unable to continue as depository and a successor depository is not appointed by us within 90 days, we will issue the debt securities in definitive form in exchange for the global security. In addition, we may at any time and in our sole discretion determine not to have any of the debt securities of a series represented by one or more global securities and, in that event, will issue debt securities of the series in definitive form in exchange for all of the global security or securities representing the debt securities.

The laws of some states require that certain purchasers of securities take physical delivery of the securities in definitive form. These laws may impair the ability to transfer beneficial interests in debt securities represented by global securities.

## **Governing Law**

The indenture and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

**Table of Contents**

**DESCRIPTION OF PREFERRED STOCK**

The following description of the terms of the preferred stock sets forth certain general terms and provisions of the preferred stock to which any prospectus supplement may relate. Certain other terms of any series of the preferred stock offered by any prospectus supplement will be described in the applicable prospectus supplement. The description of certain provisions of the preferred stock set forth below and in any prospectus supplement do not purport to be complete and are subject to and qualified in their entirety by reference to our amended and restated articles of incorporation, as amended, our amended and restated bylaws and our board of directors' resolution or articles supplementary relating to each series of the preferred stock which will be filed with the SEC and incorporated by reference as an exhibit to the registration statement of which this prospectus is a part at or prior to the time of the issuance of the series of the preferred stock.

**General**

Our authorized capital stock consists of 100,000,000 shares of common stock, \$0.10 par value per share, and 5,000,000 shares of preferred stock, \$1.00 par value per share, which includes the preferred stock offered hereby.

Under our amended and restated articles of incorporation, our board of directors is authorized without further stockholder action to provide for the issuance of up to 5,000,000 shares of preferred stock, in one or more series, with the voting, dividend, conversion or liquidation rights, designations, preferences, powers and relative participating, optional or other special rights and qualifications, limitations or restrictions of shares of the series as are stated in the resolutions providing for the issuance of a series of preferred stock, adopted, at any time or from time to time, by our board of directors. At June 30, 2005 there were 1,000,000 shares of 7.677% Series A Cumulative Preferred Stock and 1,064,500 shares of 7.75% Series B Cumulative Convertible Preferred Stock outstanding. With respect to payment of dividends, the Series A and Series B Preferred Stock will rank senior to our common stock and equivalent to any other shares of our preferred stock which are not by their terms, as disclosed in the applicable prospectus supplement, subordinated to the Series A and Series B Preferred Stock with respect to payment of dividends and amounts due upon liquidation, dissolution or winding up.

Subject to limitations prescribed by Maryland law and the charter, our board of directors is authorized to fix the number of shares constituting each series of preferred stock and the designations and powers, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof, including such provisions as may be desired concerning voting, redemption, dividends, dissolution or the distribution of assets, conversion or exchange, and such other subjects or matters as may be fixed by resolution of our board of directors or a duly authorized committee thereof. The preferred stock will, when issued, be fully paid and nonassessable and will have no preemptive rights.

The prospectus supplement relating to preferred stock will contain the specific terms, including:

The title and stated value of such preferred stock;

The number of shares of such preferred stock offered, the liquidation preference per share and the offering price of such preferred stock;

Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

The dividend rate(s), period(s) and or payment date(s) or method(s) of calculation thereof applicable to such preferred stock;

The date from which dividends on such preferred stock shall accumulate, if applicable;

The provision for a sinking fund, if any, for such preferred stock;

The provisions for redemption, if applicable, of such preferred stock;

Any listing of such preferred stock on any securities exchange;

## **Table of Contents**

The terms and conditions, if applicable, upon which such preferred stock will be convertible into common stock, including the conversion price (or manner of calculation thereof);

A discussion of certain federal income tax considerations applicable to such preferred stock;

The relative ranking and preferences of such preferred stock as to dividend rights and rights upon NHP's liquidation, dissolution or winding up of its affairs;

Any limitations on issuance of any series of preferred stock ranking senior to or on a parity with such series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of affairs;

Any limitations on direct or beneficial ownership and restrictions on transfer, in each case as may be appropriate to preserve the status of NHP as a REIT; and

Any other specific terms, preferences, rights, limitations or restrictions of such preferred stock.

Unless otherwise stated in a prospectus supplement relating to a particular series of preferred stock, each series of the preferred stock will rank on a parity as to dividends and distributions of assets with each other series of the preferred stock. The rights of the holders of each series of the preferred stock will be subordinate to those of our general creditors.

## **Certain Provisions of our Amended and Restated Articles of Incorporation**

See "Description of Common Stock Redemption and Business Combination Provisions" for a description of certain provisions of our amended and restated articles of incorporation, including provisions relating to redemption rights and provisions which may have certain anti-takeover effects.

## **Dividend Rights**

Holders of the preferred stock of each series will be entitled to receive, when, as and if declared by our board of directors, out of funds legally available therefor, cash dividends on the dates and at the rates as are set forth in, or as are determined by the method described in, the prospectus supplement relating to the series of the preferred stock. The rate may be fixed or variable or both. Each dividend will be payable to the holders of record as they appear on the our stock books on the record dates, fixed by our board of directors, as specified in the prospectus supplement relating to the series of preferred stock.

The dividends may be cumulative or noncumulative, as provided in the prospectus supplement relating to the series of preferred stock. If our board of directors fails to declare a dividend payable on a dividend payment date on any series of preferred stock for which dividends are noncumulative, then the right to receive a dividend in respect of the dividend period ending on the dividend payment date will be lost, and we will have no obligation to pay the dividend accrued for the period, whether or not dividends on the series are declared payable on any future dividend payment dates. Dividends on the shares of each series of preferred stock for which dividends are cumulative will accrue from the date on which we initially issue shares of the series.

Unless otherwise specified in the applicable prospectus supplement, if any preferred stock of any series is outstanding, no full dividends shall be declared or paid or set apart for payment on the preferred stock of any other series ranking, as to dividends, on a parity with or junior to the preferred stock of such series for any period unless full dividends (which include all unpaid dividends in the case of cumulative dividend preferred stock) have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for such payment on the preferred stock of such series.

When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the preferred stock of any series and the shares of any other series of preferred stock ranking on a parity as to dividends with the preferred stock of such series, all dividends declared upon shares of preferred stock of such

## **Table of Contents**

series and any other series of preferred stock ranking on a parity as to dividends with such preferred stock shall be declared pro rata among the holders of such series. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on preferred stock of such series which may be in arrears.

So long as the shares of any series of the preferred stock are outstanding, we may not, other than as we determine is necessary to maintain our status as a REIT, declare any dividends on any shares of common stock or any other stock ranking as to dividends or distributions of assets junior to the series of preferred stock, or make any payment on account of, or set apart money for, the purchase, redemption or other retirement of, or for a sinking or other analogous fund for, any shares of junior stock or make any distribution in respect thereof, whether in cash or property or in obligations or stock, other than junior stock which is neither convertible into, nor exchangeable or exercisable for, any securities other than junior stock, unless:

full dividends, including if the preferred stock is cumulative, dividends for prior dividend periods, have been paid or declared and set apart for payment on all outstanding shares of the preferred stock of the series and all other classes and series of preferred stock, other than junior stock; and

we are not in default or in arrears with respect to the mandatory or optional redemption or mandatory repurchase or other mandatory retirement of, or with respect to any sinking or other analogous fund for, any shares of preferred stock of the series or any shares of any other preferred stock of any class or series, other than junior stock.

## **Liquidation Preference**

In the event of any liquidation, dissolution or winding up of us, voluntary or involuntary, the holders of each series of the preferred stock will be entitled to receive out of our assets available for distribution to stockholders, before any distribution of assets is made to the holders of common stock or any other shares of stock ranking junior as to the distribution to the series of preferred stock, the amount of the liquidation preference per share set forth in the prospectus supplement relating to the series of the preferred stock plus an amount equal to all accumulated and unpaid dividends accrued. If, upon any voluntary or involuntary liquidation, dissolution or winding up of us, the amounts payable with respect to the preferred stock of any series and any other shares of preferred stock, including any other series of the preferred stock, ranking as to the distribution on a parity with the series of the preferred stock are not paid in full, the holders of the preferred stock of the series and of the other shares of our preferred stock will share ratably in any distribution of our assets in proportion to the full respective preferential amounts to which they are entitled. After payment to the holders of the preferred stock of each series of the full preferential amounts of the liquidating distribution to which they are entitled, the holders of each series of the preferred stock will be entitled to no further participation in any distribution of our assets.

## **Redemption**

A series of the preferred stock may be redeemable, in whole or from time to time in part, at our option, and may be subject to mandatory redemption pursuant to a sinking fund or otherwise, in each case upon terms, at the times and at the redemption prices set forth in the prospectus supplement relating to the series. Shares of the preferred stock redeemed by us will be restored to the status of authorized but unissued shares of preferred stock.

In the event that fewer than all of the outstanding shares of a series of the preferred stock are to be redeemed, whether by mandatory or optional redemption, the number of shares to be redeemed will be determined by lot or pro rata, subject to rounding to avoid fractional shares, as may be

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

determined by us or by any other method as may be determined by us in our sole discretion to be equitable. Unless default shall be made by us in providing for the payment of the redemption price plus accumulated and unpaid dividends, if any, from and after the redemption date, dividends shall cease to accumulate on the shares of the preferred stock called for redemption and all rights of the holders thereof, except the right to receive the redemption price plus accumulated and unpaid dividends, if any, shall cease.

## **Table of Contents**

So long as any dividends on shares of any series of the preferred stock or any other series of preferred stock ranking on a parity as to dividends and distribution of assets with the series of the preferred stock are in arrears, no shares of any series of the preferred stock or other series of preferred stock will be redeemed, whether by mandatory or optional redemption, unless all of the shares of each series of preferred stock are simultaneously redeemed, and we will not purchase or otherwise acquire any shares; provided, however, that the foregoing will not prevent the purchase or acquisition of the shares pursuant to a purchase or exchange offer made on the same terms to holders of all shares outstanding of each series of preferred stock.

## **Conversion Rights**

The terms, if any, on which shares of preferred stock of any series may be exchanged for or converted, mandatorily or otherwise, into shares of common stock or another series of preferred stock will be set forth in the prospectus supplement relating thereto. See Description of Common Stock.

## **Voting Rights**

Holders of preferred stock will not have any voting rights, except as set forth below or as otherwise from time to time required by law or as indicated in the applicable prospectus supplement.

Any series of preferred stock may provide that, so long as any shares of such series remain outstanding, the holders of such series may vote as a separate class on certain specified matters, which may include changes in NHP's capitalization, amendments to its charter and mergers and dispositions.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of such series of preferred stock shall have been redeemed or called for redemption upon proper notice and sufficient funds shall have been irrevocably deposited in trust to effect such redemption.

The provisions of a series of preferred stock may provide for additional rights, remedies and privileges if dividends on such series are in arrears for specified periods, which rights and privileges will be described in the applicable prospectus supplement.

## **Transfer Agent and Registrar**

Unless otherwise indicated in a prospectus supplement relating thereto, The Bank of New York will be the transfer agent, dividend and redemption price disbursement agent and registrar for shares of each series of the preferred stock.

## **Restrictions On Ownership**

As discussed below under Description of Common Stock Restrictions on Transfer, for NHP to qualify as a REIT under the Code, not more than 50% in value of its outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year, and the stock must be beneficially owned by 100 or more persons or entities during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Therefore, ownership and transfer of each series of preferred stock will be restricted in the same manner as the common stock.

All certificates representing preferred stock will bear a legend referring to the restrictions described above.

**Table of Contents**

**DESCRIPTION OF COMMON STOCK**

The following description of the terms of our common stock sets forth certain general terms and provisions of the common stock to which any prospectus supplement may relate. The description of certain provisions of our common stock set forth below and in any prospectus supplement do not purport to be complete and are subject to and qualified in their entirety by reference to our amended and restated articles of incorporation, as amended, and our amended and restated bylaws.

**General**

Our authorized capital stock consists of 100,000,000 shares of common stock, \$0.10 par value per share, and 5,000,000 shares of preferred stock, \$1.00 par value per share. At June 30, 2005, there were 67,409,107 shares of our common stock outstanding.

All shares of common stock:

participate equally in dividends payable to stockholders of common stock when and as declared by our board of directors and in net assets available for distribution to stockholders of common stock on liquidation or dissolution;

have one vote per share on all matters submitted to a vote of the stockholders; and

do not have cumulative voting rights in the election of directors.

All issued and outstanding shares of common stock are, and the common stock offered hereby will be upon issuance, validly issued, fully paid and nonassessable. Holders of the common stock do not have preference, conversion, exchange or preemptive rights. The common stock is listed on the New York Stock Exchange (NYSE Symbol: NHP).

**Redemption and Business Combination Provisions**

If our board of directors is, at any time and in good faith, of the opinion that direct or indirect ownership of at least 9.9% or more of the voting shares of stock has or may become concentrated in the hands of one beneficial owner, our board of directors has the power:

by lot or other means deemed equitable by it to call for the purchase from any stockholder a number of voting shares sufficient, in the opinion of our board of directors, to maintain or bring the direct or indirect ownership of voting shares of stock of the beneficial owner to a level of no more than 9.9% of the outstanding voting shares of our stock; and

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

to refuse to transfer or issue voting shares of stock to any person or entity whose acquisition of those voting shares would, in the opinion of our board of directors, result in the direct or indirect ownership by that person or entity of more than 9.9% of the outstanding voting shares of our stock.

Further, any transfer of shares, options, warrants or other securities convertible into voting shares that would create a beneficial owner of more than 9.9% of the outstanding voting shares of our stock shall be deemed void *ab initio* and the intended transferee shall be deemed never to have had an interest therein. The purchase price for any voting shares of stock so redeemed shall be equal to the fair market value of the shares reflected in the closing sales price for the shares, if then listed on a national securities exchange, or the average of the closing sales prices for the shares if then listed on more than one national securities exchange, or if the shares are not then listed on a national securities exchange, the latest bid quotation for the shares if then traded over-the-counter, on the last business day immediately preceding the day on which notices of the acquisitions are sent, or, if none of these closing sales prices or quotations are available, then the purchase price will be equal to the net asset value of the stock as determined by our board of directors in accordance with the provisions of

## Table of Contents

applicable law. From and after the date fixed for purchase by our board of directors, the holder of any shares so called for purchase shall cease to be entitled to distributions, voting rights and other benefits with respect to those shares, except the right to payment of the purchase price for the shares.

Our amended and restated articles of incorporation require that, except in certain circumstances, business combinations between us and a beneficial holder of 10% or more of our outstanding voting stock, a related person, be approved by the affirmative vote of at least 90% of our outstanding voting stock or, in advance and unanimously, by our board of directors. A business combination is defined in our amended and restated articles of incorporation as:

any merger or consolidation with or into a related person;

any sale, lease, exchange, transfer or other disposition, including without limitation a mortgage or any other security device, of all or any substantial part of our assets, including without limitation any voting securities of a subsidiary, to a related person;

any merger or consolidation of a related person with or into us;

any sale, lease, exchange, transfer or other disposition of all or any substantial part of the assets of a related person to us;

the issuance of any of our securities to a related person, other than by way of pro rata distribution to all stockholders; and

any agreement, contract or other arrangement providing for any of the above.

Pursuant to our amended and restated articles of incorporation, our board of directors is classified into three classes. Each class of directors serves for a term of three years, with one class being elected each year. As of the date of this prospectus, there are 8 directors, divided into three classes consisting of three, three and two directors.

The foregoing provisions of our amended and restated articles of incorporation and certain other matters may not be amended without the affirmative vote of at least 90% of our outstanding voting stock.

The foregoing provisions may have the effect of discouraging unilateral tender offers or other takeover proposals which certain stockholders might deem in their interests or in which they might receive a substantial premium. Our board of directors' authority to issue and establish the terms of currently authorized preferred stock, without stockholder approval, may also have the effect of discouraging takeover attempts. See

Description of Preferred Stock. The provisions could also have the effect of insulating current management against the possibility of removal and could, by possibly reducing temporary fluctuations in market price caused by accumulations of shares, deprive stockholders of opportunities to sell at a temporarily higher market price. However, our board of directors believes that inclusion of the business combination provisions in our amended and restated articles of incorporation may help assure fair treatment of stockholders and preserve our assets.

The foregoing summary of certain provisions of our amended and restated articles of incorporation does not purport to be complete or to give effect to provisions of statutory or common law. The foregoing summary is subject to, and qualified in its entirety by reference to, the provisions

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

of applicable law and our amended and restated articles of incorporation, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part.

### **Transfer Agent and Registrar**

Unless otherwise indicated in a prospectus supplement relating thereto, The Bank of New York is the transfer agent and registrar of the common stock.

## **Table of Contents**

### **Restrictions on Transfer**

For NHP to qualify as a REIT under the Internal Revenue Code of 1986, as amended:

- 1) Not more than 50% in value of its outstanding capital stock may be owned, directly or indirectly (after application of certain attribution rules), by five or fewer individuals at any time during the last half of its taxable year; and
- 2) Its stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year.

In order to ensure that requirement (1) above is satisfied, our board of directors has the power to refuse to transfer shares of our capital stock to any person or entity whose acquisition of such shares would result in the direct or indirect ownership of more than 9.9% in value of the outstanding capital stock.

In connection with the foregoing, if our board of directors, at any time and in good faith, believes that direct or indirect ownership (as determined under applicable federal tax attribution rules) in excess of this ownership limit has or may become concentrated in the hands of one beneficial owner, the board of directors has the power to refuse to transfer or issue these excess shares to a person or entity whose acquisition of such excess shares would cause a beneficial holder to exceed the ownership limit. Further, any transfer of excess shares that would cause a beneficial owner to hold shares of capital stock in excess of the ownership limit shall be deemed void, and the intended transferee shall be deemed never to have had an interest therein.

If at any time there is a transfer in violation of these restrictions, our board of directors may treat the excess shares as having been transferred to NHP, as trustee for the benefit of such persons or entities to whom the excess shares are later transferred. Subject to any right NHP may have to purchase the excess shares, the interest in the trust representing the excess shares shall be freely transferable by the intended transferee at a price that does not exceed the price paid by the intended transferee of the excess shares. Excess shares do not have voting rights, and will not be considered for the purpose of any shareholder vote or determining a quorum, but will continue to be reflected as issued and outstanding stock. NHP will not pay dividends with respect to excess shares. NHP may purchase excess shares for the market price. The market price for any stock so purchased shall be equal to the fair market value of such shares reflected in:

The closing sales price for the stock, if then listed on a national securities exchange;

The average closing sales price of such stock, if then listed on more than one national securities exchange; or

If the stock is not then listed on a national securities exchange, the latest bid quotation for the stock if then traded over-the-counter, as of the day immediately preceding the date on which notices of such purchase are sent by NHP.

If no such closing sales prices or quotations are available, the purchase price shall equal the net asset value of such stock as determined by our board of directors in accordance with applicable law.

All certificates representing shares of common stock bear a legend referring to the restrictions described above.

These restrictions may have the effect of preventing an acquisition of control of NHP by a third party.

**Table of Contents**

**DESCRIPTION OF SECURITIES WARRANTS**

The following information outlines some of the provisions of each warrant agreement, the warrants and the warrant certificates. This information may not be complete in all respects and is qualified entirely by reference to the relevant warrant agreement with respect to the warrants of any particular series. The specific terms of any series of warrants will be described in the relevant prospectus supplement. If so described in a prospectus supplement, the terms of that series of warrants may differ from the general description of terms presented below.

**General**

NHP may issue warrants for the purchase of its debt securities, preferred stock or common stock. Warrants may be issued independently or together with debt securities, preferred stock or common stock, and may be attached to or separate from those securities.

Each series of securities warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent, all as set forth in the prospectus supplement relating to the particular issue of offered securities warrants. The warrant agent will act solely as our agent in connection with the securities warrant certificates relating to the securities warrants and will not assume any obligation or relationship of agency or trust for or with any holders of securities warrant certificates or beneficial owners of securities warrants.

The relevant prospectus supplement relating to a series of warrants will mention the name and address of the warrant agent. The relevant prospectus supplement will describe the terms of the warrant agreement and the series of warrants in respect of which this prospectus is being delivered, including

the offering price;

the currency for which such warrants may be purchased;

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;

the date which the warrants and the related securities will be separately transferable;

in the case of warrants to purchase debt securities, the principal amount of debt securities that can be purchased upon exercise of one warrant, and the price and currency for purchasing those debt securities upon exercise and, in the case of warrants to purchase preferred stock, or common stock, the number of shares of preferred stock, or common stock, as the case may be, that can be purchased upon the exercise of one warrant, and the price for purchasing such shares upon this exercise;

the dates on which the right to exercise the warrants will commence and expire and, if the warrants are not continuously exercisable, any dates on which the warrants are not exercisable;

certain federal income tax consequences of holding or exercising those warrants;

whether the warrants or related securities will be listed on any securities exchange;

the terms of the securities issuable upon exercise of those warrants;

whether the warrants will be issued in global or certificated form; and

any other terms of the warrants.

Warrant certificates may be exchanged for new warrant certificates of different denominations, may be presented for transfer registration, and may be exercised at the warrant agent's corporate trust office or any other office indicated in the relevant prospectus supplement. If the warrants are not separately transferable from the securities with which they were issued, this exchange may take place only if the certificates representing such

## **Table of Contents**

related securities are also exchanged. Prior to warrant exercise, warrantholders will not have any rights as holders of the securities purchasable upon such exercise, including, in the case of warrants to purchase debt securities, the right to receive principal, premium, if any, or interest payments, on the debt securities purchasable upon such exercise or to enforce covenants in the applicable indenture or, in the case of warrants to purchase preferred stock or common stock, the right to receive any dividends, or payments upon NHP's liquidation, dissolution or winding up or to exercise any voting rights.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the warrants.

## **Exercise of Warrants**

Each warrant will entitle the holder to purchase the securities specified in the relevant prospectus supplement at the exercise price mentioned in, or calculated as described in, the relevant prospectus supplement. Unless otherwise specified in the relevant prospectus supplement, warrants may be exercised at any time up to 5:00 p.m., New York time, on the expiration date mentioned in that prospectus supplement. After 5:00 p.m., New York time, on the expiration date, unexercised warrants will become void.

Warrants may be exercised by delivery of the warrant certificate representing the warrants to be exercised, or in the case of global securities, as described under "Global Securities" on page 9 above, by delivery of an exercise notice for those warrants, together with certain information, and payment to the warrant agent in immediately available funds, as provided in the relevant prospectus supplement, of the required purchase amount. The information required to be delivered will be on the reverse side of the warrant certificate and in the relevant prospectus supplement. Upon receipt of such payment and the warrant certificate or exercise notice properly executed at the warrant agent's corporate trust office or any other office indicated in the relevant prospectus supplement, NHP will, in the time period the relevant warrant agreement provides, issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants unless the unexercised warrants have become void.

If mentioned in the relevant prospectus supplement, securities may be surrendered as all or part of the exercise price for warrants.

## **Antidilution Provisions**

In the case of warrants to purchase common stock, the exercise price payable and the number of common stock shares to be purchased upon warrant exercise may be adjusted in certain events, including

the issuance of a stock dividend to common stockholders or a combination, subdivision or reclassification of common stock;

the issuance of rights, warrants or options to all common stockholders entitling them to purchase common stock for an aggregate consideration per share less than the current market price per common stock share,

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

any NHP distribution to its common stockholders of evidences of NHP indebtedness or of assets, excluding cash dividends or distributions referred to above and,

any other events mentioned in the relevant prospectus supplement.

No adjustment in the number of shares of common stock purchasable upon warrant exercise will be required until cumulative adjustments require an adjustment of at least 1% of such number. No fractional shares will be issued upon warrant exercise, but NHP will pay the cash value of any fractional shares otherwise issuable.

## **Table of Contents**

### **Modification**

NHP and the relevant warrant agent may amend any warrant agreement and the terms of the related warrants by executing a supplemental warrant agreement, without any such warrant holder's consent, for the purpose of

curing any ambiguity, any defective or inconsistent provision contained in the warrant agreement, or making any other corrections to the warrant agreement that are not inconsistent with the provisions of the warrant certificates;

evidencing the succession of another corporation to NHP and their assumption of NHP's covenants contained in the warrant agreement and the warrants;

appointing a successor depositary, if the warrants are issued in the form of global securities;

evidencing a successor warrant agent's acceptance of appointment with respect to the warrants;

adding to NHP's covenants for the warrant holders' benefit or surrendering any right or power conferred upon NHP under the warrant agreement issuing warrants in definitive form, if such warrants are initially issued in the form of global securities; or

amending the warrant agreement and the warrants as NHP deems necessary or desirable and that will not adversely affect the warrant holders' interests in any material respect.

NHP and the warrant agent may also amend any warrant agreement and the related warrants by a supplemental agreement with the consent of the holders of a majority of the unexercised warrants such amendment affects, for the purpose of adding, modifying or eliminating any of the warrant agreement's provisions or of modifying the holders' rights. However, no such amendment that

changes the number or amount of securities purchasable upon warrant exercise so as to reduce the number of securities receivable upon this exercise;

shortens the time period during which the warrants may be exercised;

otherwise adversely affects the exercise rights of such warrant holders in any material respect; or

reduces the number of unexercised warrants the consent of holders of which is required for amending the warrant agreement or the related warrants may be made without the consent of each holder affected by that amendment.

### **Consolidation, Merger and Sale of Assets**

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

Each warrant agreement will provide that NHP may consolidate or merge with or into any other corporation or sell, lease, transfer or convey all or substantially all of its assets to any other corporation, provided that

either NHP must be the continuing corporation, or the corporation other than NHP formed by or resulting from any consolidation or merger or that receives the assets must be organized and existing under U.S. or state law and must assume NHP's obligations for the unexercised warrants and the performance of all covenants and conditions of the relevant warrant agreement and

NHP or that successor corporation must not immediately be in default under that warrant agreement.

### **Enforceability of Rights by Holders of Warrants**

Each warrant agent will act solely as NHP's agent under the relevant warrant agreement and will not assume any obligation or relationship of agency or trust for any warrant holder. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case NHP defaults in performing its obligations under the relevant warrant agreement or warrant, including any duty or responsibility to initiate any legal proceedings or to make any demand upon NHP. Any warrant holder may,

**Table of Contents**

without the warrant agent's consent or of any other warrant holder, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, that warrant.

**Replacement of Warrant Certificates**

NHP will replace any destroyed, lost, stolen or mutilated warrant certificate upon delivery to NHP and the relevant warrant agent of evidence satisfactory to them of the ownership of that warrant certificate and of the destruction, loss, theft or mutilation of that warrant certificate, and (in the case of mutilation) surrender of that warrant certificate to the relevant warrant agent, unless NHP or the warrant agent has received notice that the warrant certificate has been acquired by a bona fide purchaser. That warrant holder will also be required to provide indemnity satisfactory to the relevant warrant agent and NHP before a replacement warrant certificate will be issued.

**Title**

NHP, the warrant agents and any of their agents may treat the registered holder of any warrant certificate as the absolute owner of the warrants evidenced by that certificate for any purpose and as the person or entity entitled to exercise the rights attaching to the warrants so requested, despite any notice to the contrary. See "Global Securities" on page 8 above.

**PLAN OF DISTRIBUTION**

We may sell the securities covered by this prospectus from time to time. Registration of the securities covered by this prospectus does not mean, however, that those securities will necessarily be offered or sold.

We may sell the securities separately or together:

through one or more underwriters or dealers in a public offering and sale by them;

directly to investors; or

through agents.

We may sell the securities from time to time:

in one or more transactions at a fixed price or prices, which may be changed from time to time;

at market prices prevailing at the times of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

We will describe the method of distribution of the securities and the terms of the offering in the prospectus supplement.

If underwriters are used in the sale of any securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions described above. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to conditions precedent and the underwriters will be obligated to purchase all of the securities being distributed if they purchase any of the securities.

We may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery

## Table of Contents

contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement or in a post-effective amendment.

If so indicated in the applicable prospectus supplement, we will authorize underwriters, dealers or other persons to solicit offers by certain institutions to purchase offered securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a future date or dates. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. The obligations of any purchasers under any delayed delivery contract will not be subject to any conditions except:

the purchase of the offered securities must not at the time of delivery be prohibited under the laws of the jurisdiction to which the purchaser is subject; and

if the offered securities are also being sold to underwriters, we will have sold to the underwriters the offered securities not sold for delayed delivery.

The underwriters, dealers and other persons will not have any responsibility for the validity or performance of these contracts. The prospectus supplement relating to the contracts will set forth the price to be paid for securities under the contracts, the commission payable for solicitation of the contracts and the date or dates in the future for delivery of offered securities under the contracts.

Underwriters, dealers and agents may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments made by the underwriters, dealers or agents, under agreements between us and the underwriters, dealers and agents.

We may grant underwriters who participate in the distribution of securities an option to purchase additional securities in connection with the distribution.

Underwriters, dealers or agents may receive compensation in the form of discounts, concessions or commissions from us or our purchasers, as their agents in connection with the sale of securities. These underwriters, dealers or agents may be considered to be underwriters under the Securities Act. As a result, discounts, commissions or profits on resale received by the underwriters, dealers or agents may be treated as underwriting discounts and commissions. The prospectus supplement will identify any such underwriter, dealer or agent and describe any compensation received by them from us. In no event will the aggregate discounts, concessions and commissions to any underwriters, dealers or agents exceed eight percent of the gross proceeds. Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

Shares of our common stock are quoted on the New York Stock Exchange. Unless otherwise specified in the related prospectus supplement, all securities we offer, other than common stock, will be new issues of securities with no established trading market. Any underwriter may make a market in these securities, but will not be obligated to do so and may discontinue any market making at any time without notice. We may apply to list any

## **Table of Contents**

series of debt securities, preferred stock or warrants on an exchange, but we are not obligated to do so. Therefore, there may not be liquidity or a trading market for any series of securities.

In connection with an offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities while an offering is in progress.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased securities sold by or for the account of that underwriter in stabilizing or short-covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the securities. As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an exchange or automated quotation system, if the securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

Underwriters, dealers or agents who may become involved in the sale of our securities may engage in transactions with and perform other services for us in the ordinary course of their business for which they receive compensation.

## **LEGAL MATTERS**

The validity of the securities offered hereby will be passed upon for us by O Melveny & Myers LLP. Unless otherwise specified in an applicable prospectus supplement, Sidley Austin Brown & Wood LLP will act as counsel for the underwriters or agents, if any. Paul C. Pringle, a partner at Sidley Austin Brown & Wood LLP, owns 51,090 shares of our common stock.

## **EXPERTS**

Ernst & Young LLP, independent auditors, have audited NHP's consolidated financial statements and schedules included or incorporated by reference in its Annual Report on Form 10-K for the year ended December 31, 2004, as set forth in their reports, which are incorporated by reference in this prospectus and elsewhere in the registration statement. NHP's financial statements and schedules are incorporated by reference in reliance on Ernst & Young LLP's reports, given on their authority as experts in accounting and auditing.

## **WHERE YOU CAN FIND MORE INFORMATION**

## Edgar Filing: NATIONWIDE HEALTH PROPERTIES INC - Form 424B5

We file current, quarterly and annual reports, proxy statements and other information required by the Exchange Act with the SEC. You may read and copy any of these filed documents at the SEC's public reference room located at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. Our SEC filings are also available to the public from the SEC's internet site at <http://www.sec.gov>.

Our website is <http://www.nhp-reit.com> (which is not intended to be an active hyperlink in this prospectus). We make available free of charge on our website our annual reports on Form 10-K, quarterly reports on

## **Table of Contents**

Form 10-Q, current reports on Form 8-K, proxy statements and Forms 3, 4 and 5 filed on behalf of directors and executive officers and any amendments to such reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act as soon as reasonably practicable after such material is electronically filed with, or furnished to, the SEC. The information contained on, connected to or that can be accessed via our website is not part of this prospectus.

We have filed with the SEC a Registration Statement on Form S-3 under the Securities Act with respect to the securities offered by this prospectus. This prospectus, which constitutes a part of that Registration Statement, does not include all the information contained in that Registration Statement and its exhibits. For further information with respect to us and our securities, you should consult the Registration Statement and its exhibits.

### **INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE**

Statements contained in this prospectus concerning the provisions of any documents are necessarily summaries of those documents, and each statement is qualified in its entirety by reference to the copy of the document filed with the SEC. The Registration Statement and any of its amendments, including exhibits filed as a part of the Registration Statement or an amendment to the Registration Statement, are available for inspection and copying through the entities listed above.

The SEC allows us to incorporate by reference the information we file with it, which means that we can disclose important information to you by referring you to documents containing that information. The information incorporated by reference is considered to be part of this prospectus, and later information that we file with the SEC will automatically update and supersede this information. We incorporate by reference the following documents filed by us with the SEC and any future filings we will make with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act until this offering is complete or terminated:

our annual report on Form 10-K for the fiscal year ended December 31, 2004;

our quarterly reports on Form 10-Q for the quarters ended March 31, 2005 and June 30, 2005; and

our current reports on Form 8-K, dated February 3, 2005, February 24, 2005, April 7, 2005, May 4, 2005, May 18, 2005 and August 3, 2005.

You may request a copy of these filings, at no cost, by writing or calling us at the following address:

Nationwide Health Properties, Inc.

You should rely only on the information incorporated by reference or provided in this prospectus or any prospectus supplement. We have not authorized anyone else to provide you with different information. We are not making an offer of these securities in any state where the offer is not permitted. You should not assume that the information in this prospectus or any prospectus supplement is accurate as of any date other than the date on the front cover of those documents.

#### **CAUTIONARY STATEMENTS**

This prospectus and the accompanying prospectus supplement and the documents incorporated by reference may include statements that may constitute forward-looking statements within the meaning of federal securities laws. One can identify these forward-looking statements by their use of words such as expects,

**Table of Contents**

plans, will, estimates, forecasts, projects and other words of similar meaning. One can also identify them by the fact that they do not relate strictly to historical or current facts. These statements are likely to address the Company's growth strategy and financial results. One must carefully consider any such statement and should understand that many factors could cause actual results to differ materially from our forward-looking statements. These factors include inaccurate assumptions and a broad variety of other risks and uncertainties, including some that are known and some that are not. No forward-looking statement can be guaranteed and actual future results may vary materially.

Information regarding important factors that could cause actual results to differ, perhaps materially, from the anticipated results in our forward-looking statements is contained from time to time in our annual and quarterly report filings with the SEC, including under the caption

Item 1 Business Risk Factors in our annual report on Form 10-K for the fiscal year ended December 31, 2004, which is incorporated into this prospectus by reference. See Where You Can Find More Information on page 20 for information on how to obtain a copy of this annual report.

We undertake no obligation to update any forward-looking statements or to release publicly the results of any future revisions we may make to forward-looking statements to reflect events or circumstances after the date of this prospectus or to reflect the occurrence of unanticipated events.
