ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On February 22, 2006, Weyerhaeuser Company filed with the Securities and Exchange Commission (SEC) its Annual Report on Form 10-K for the fiscal year ended December 25, 2005 (Form 10-K). This Current Report on Form 8-K is being filed to recast certain financial information and footnotes from that Form 10-K.

Financial results of the company's North American and Irish composites operations, which were sold in July and November, 2006, respectively, have been reclassified as discontinued operations as discussed in Note 23: Discontinued Operations. The accompanying consolidated statement of earnings and consolidated balance sheet have been recast to reflect these additional discontinued operations. The consolidated balance sheet presentation of discontinued operations as of December 26, 2004, has also been recast to include the current and noncurrent balances of assets and liabilities of discontinued operations in their respective classifications.

During the second quarter of 2006, the company corrected the classification of rebates made on sales of certain wood products. In addition, the company corrected the classification of certain internal sales between Wood Products businesses that were previously reported as intersegment sales. As a result, balances for third-party and intersegment sales of the Wood Products segment have been reclassified to reflect these corrections. The classification correction resulted in a net decrease to consolidated third-party sales and revenues on the accompanying consolidated statement of earnings, but had no impact on contribution to earnings of any segment.

For additional information regarding the consolidated financial statements and footnotes that have been recast to reflect these changes, refer to Note 28: Recast Financial Information.

This Form 8-K only recasts the consolidated financial statements and footnotes of the Form 10-K for the fiscal year ended December 25, 2005, for the items set forth above. In order to preserve the nature and character of the disclosures set forth in such items as originally filed in the Form 10-K, except for the matters discussed in Note 24: Subsequent Events, no attempt has been made in this Form 8-K to reflect events occurring after the filing of the Form 10-K or to otherwise modify or update such disclosures except as required to reflect the effects of the items discussed above. Other events occurring after the filing of the Form 10-K or other disclosures necessary to reflect material subsequent events have been addressed in the company's Quarterly Reports on Form 10-Q for the quarterly periods ended March 26, 2006, June 25, 2006, and September 24, 2006, or on other Current Reports on Form 8-K, as have been filed with the SEC.
