PROXY STATEMENT

FOR THE

2007 ANNUAL MEETING OF STOCKHOLDERS

ABOUT THE MEETING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Exponent, Inc., a Delaware corporation. The Annual Meeting of Stockholders will be held at the Company's principal executive offices, 149 Commonwealth Drive, Menlo Park, California 94025, on Tuesday, May 22, 2007 at 9:30 a.m. local time. The telephone number for this location is (650) 326-9400.

What is the Purpose of the Annual Meeting?

At the Company's Annual Meeting, stockholders will act upon matters outlined in the accompanying notice of the meeting and transact such other business that may properly come before the meeting.

Who is Entitled to Vote?

Only stockholders of record at the close of business on the Record Date, April 6, 2007, receive notice of the Annual Meeting and are entitled to vote at the Annual Meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

Please note that if you hold your shares in street name, that is, through a broker or other nominee, you will need to bring a copy of a brokerage statement reflecting your stock ownership on the Record Date. If you do not vote your proxy, your brokerage firm may either vote your shares on routine matters, such as election of directors and the ratification of the Company's independent registered public accounting firm, or leave your shares without a vote. We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures your shares will be voted at the meeting.

The proxy solicitation materials will be mailed on or about May 1, 2007, together with the Company's Annual Report for the period ended December 29, 2006, to all stockholders entitled to vote at the meeting.

How Do I Vote?

You have four ways to vote. You may return the proxy card by mail, vote by telephone, vote via the internet, or vote in person. To vote by mail, you must sign your proxy card and send it in the enclosed prepaid, addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. If you return a signed card but do not provide voting instructions, your shares will be voted as recommended by the Board of Directors:

- for the five named nominees; and
- for the ratification of the appointment of KPMG LLP, as the Company's independent registered public accounting firm.

Edgar Filing: EXPONENT INC - Form DEF 14A

If you choose to vote by telephone or via the internet, please review the back of the proxy card for instructions on how to do so. You do not need to mail in your proxy card if you vote by telephone or via the internet. Some brokers may not provide telephone or internet voting.

Table of Contents

If you choose to vote in person, you will have an opportunity to do so at the Annual Meeting. You may either bring your proxy card to the Annual Meeting, or if you do not bring your proxy card, the Company will pass out written ballots to anyone who was a stockholder as of the Record Date.

What if I Change My Mind After I Return My Proxy Card?

You may revoke your proxy and change your vote at any time before the polls close at the Annual Meeting. You may do this by signing and delivering another proxy with a later date, voting by telephone or via the internet, or by voting in person at the Annual Meeting. Your proxy with the latest date is counted.

What Does it Mean if I Receive More than One Proxy Card?

It means you have multiple accounts with the transfer agent and/or with brokers. Please provide voting instructions for all proxy cards you receive.

What Constitutes a Quorum?

The presence, in person or by properly executed proxy, of the holders of a majority of the shares of common stock outstanding as of the Record Date constitutes a quorum at the Annual Meeting. Shares that voted For, Against, or Withheld on the proposals are treated as being present at the meeting for purposes of establishing a quorum and are deemed to be votes cast at the Annual Meeting with respect to the proposals. Abstentions and broker non-votes will be included for purposes of determining whether a quorum of shares is present at the Annual Meeting. However, abstentions and broker non-votes will not be included in the tabulation of the voting results on the election of directors or on issues requiring approval of a majority of the votes duly cast. Signed, unmarked proxy cards are voted as recommended by the Board of Directors. A plurality of the votes duly cast is required for the election of directors. The affirmative vote of a majority of the votes duly cast is required for the ratification of the appointment of the independent registered public accounting firm.

As of the Record Date, a total of 14,738,751 shares of the Company's common stock, \$.001 par value, were issued and outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of the Company's common stock, see Stock Ownership. The closing price of the Company's common stock on the NASDAQ National Market on the Record Date was \$19.99 per share.

Corporate Governance and Nominating Committee

As described in the table above, the Corporate Governance and Nominating Committee of the Board identifies individuals qualified to become Board members, recommends that the Board select the director nominees for the next annual meeting of stockholders, oversees the Board's annual evaluation of its performance and reviews and recommends to the Board compensation for non-employee directors. The committee is also responsible for developing and recommending to the Board a set of corporate governance guidelines applicable to the Company and for periodically reviewing such guidelines. The members of the Corporate Governance and Nominating Committee are all independent directors within the meaning of applicable NASDAQ listing standards. The responsibilities of this committee are set forth in the Corporate Governance and Nominating Committee Charter, which is available on the Company's website at: <http://www.exponent.com/investors/corpgovernance.html>.

The information below describes the criteria and process that the Corporate Governance and Nominating Committee uses to evaluate candidates to the Board of Directors.

Criteria for Nomination to the Board of Directors. The Corporate Governance and Nominating Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of the directors are independent under the rules of the NASDAQ National Market, and that members of the Audit Committee meet the financial literacy requirements under the rules of the NASDAQ National Market and at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission (SEC). Nominees for director are recommended to the Board on the basis of the appropriate size, function and needs of the Board, taking into account that the Board as a whole shall have competency in the following areas: (i) industry knowledge; (ii) accounting and finance; (iii) business judgment; (iv) management; (v) leadership; (vi) business strategy; and (vii) corporate governance.

Stockholders' Proposals for Nominees. The Corporate Governance and Nominating Committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the Corporate Governance and Nominating Committee c/o the Secretary of the Company and should include (at a minimum) the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholder(s); and (c) appropriate biographical information and a statement as to the qualifications of the nominee, and should be submitted in the time frame described in the Bylaws of the Company and under the caption, "Stockholder Proposals for the 2008 Annual Meeting."

Process for Identifying and Evaluating Nominees. The Corporate Governance and Nominating Committee believes the Company is well served by its current directors, and in the ordinary course re-nominates incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Corporate Governance and Nominating Committee may seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates are selected based on input from members of the Board, senior management of the Company and, if the Corporate Governance and Nominating Committee deems appropriate, a third-party search firm. The Corporate Governance and Nominating Committee will evaluate each candidate's qualifications and check relevant references. In addition, such candidates will be interviewed by at least one member of the Corporate Governance and Nominating Committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the Corporate Governance and Nominating Committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for approval of the stockholders, as appropriate.

Table of Contents

The Company has never received a proposal from a stockholder to nominate a director. Although the Corporate Governance and Nominating Committee has not adopted a formal policy with respect to stockholder nominees, the committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Board Nominees for the 2007 Annual Meeting. Each of the nominees listed in the proxy statement is a current director standing for re-election.

How to Contact the Board of Directors. Interested parties wishing to contact the non-management directors of the Company may do so by writing to them at the following address: Corporate Secretary, 149 Commonwealth Drive, Menlo Park, CA 94025. All letters received will be categorized by the Company's Corporate Secretary, and then forwarded to the Company's non-management directors.

Code of Business Conduct and Corporate Governance

The Board of Directors has adopted a Code of Business Conduct and Ethics, which applies to all of the Company's employees, officers and members of the Board of Directors. The Company has also adopted a Code of Ethics applicable to its senior financial officers, including its Chief Executive Officer, Chief Financial Officer and Controller. Copies of both documents are available on the Company's website at: <http://www.exponent.com/investors/corp-governance.html>. The Company intends to disclose any waivers from these codes in a report on Form 8-K filed with the SEC.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following Report of the Audit Committee of the Board of Directors does not constitute soliciting material and should not be considered filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Board of Directors is responsible for general oversight of the Company's financial accounting and reporting process. The committee's primary responsibilities fall into three broad categories:

- first, the committee is charged with monitoring the preparation of quarterly and annual financial reports by the Company's management, including discussions with management and the Company's independent registered public accounting firm about quarterly and annual financial statements and key accounting and reporting matters;
- second, the committee is responsible for matters concerning the relationship between the Company and its independent registered public accounting firm, including their appointment or removal; approving the scope of their audit services and related fees, as well as any other services being provided to the Company; and determining whether the independent registered public accounting firm is independent (based in part on the annual letter provided to the Company pursuant to *Independence Standards Board Standard No. 1*); and
- third, the committee in consultation with management and the independent registered public accounting firm considers the integrity of the Company's financial reporting processes and controls regarding finance, accounting and legal compliance.

The committee's responsibilities are presented in detail in the complete charter of the committee, which is available on the Company's website at: <http://www.exponent.com/investors/corpgovernance.html>. The charter reflects standards set forth in the applicable SEC regulations and the NASDAQ National Market rules. Audit Committee members are independent as defined by these regulations and rules. The Board of Directors has determined that Mr. Riggins is an audit committee financial expert as such term is defined by these rules and regulations.

The committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention it considers necessary or appropriate to each of the matters assigned to it under the committee's charter.

In overseeing the preparation of the Company's financial statements, the committee met with both management and the Company's independent registered public accounting firm to review and discuss all quarterly and annual financial statements prior to their issuance and to discuss significant accounting issues. Management advised the committee that all financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the committee discussed the statements with both management and the independent registered public accounting firm. The committee's review included discussion with the independent registered public accounting firm of matters required to be discussed pursuant to *Statement on Auditing Standards No. 114 (The Auditor's Communication With Those Charged With Governance)*, which includes:

- methods used to account for significant and unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for independent registered public accounting firm's conclusions regarding the reasonableness of those estimates; and

Table of Contents

- disagreements with management, if any, over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

With respect to the Company's independent registered public accounting firm, the committee, among other things, discussed with KPMG LLP matters relating to its independence, including the disclosures made to the committee as required by the *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*.

On the basis of these reviews and discussions, the committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 29, 2006, for filing with the SEC.

EXECUTIVE OFFICER COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

General Philosophy. In order to align management's incentives with the long-term interests of our stockholders, to create a sense of partnership, and to provide a retention vehicle, we strive to compensate our executive officers competitively with executives and consulting professionals throughout the industry and geographies in which we operate. Executive officer compensation is based on the performance of the Company, individual achievements, and the competitive environment. Individual performance assessments are based on both objective and subjective appraisals of financial performance, professional accomplishments and leadership that meet the level of excellence demanded by the Company. We use a total compensation approach for our executive officers, in which each element of compensation is reviewed individually and considered collectively with the other elements of our compensation program to ensure that it is consistent with the objectives of both that particular element of compensation and our overall compensation program. Our compensation program consists of the following elements: base salary, bonus, equity compensation and other benefits.

Board Process. The responsibility for determining the compensation of our executive officers has been delegated by the Board of Directors to the Human Resources Committee (the Committee). During 2006, the Committee engaged a compensation consultant to provide recommendations regarding performance objectives and market data used in setting the total compensation for our Chief Executive Officer. The Committee reviews the Chief Executive Officer's written assessment of his performance, evaluates the performance of the Chief Executive Officer relative to his objectives and determines the appropriate compensation. For the other executive officers, the Chief Executive Officer evaluates their performance and presents his evaluation and compensation recommendations to the Committee for review and approval. The Committee approves the compensation for all executive officers. The Committee also approves all equity compensation grants. The Charter of the Committee is available on the Company's website at: <http://www.exponent.com/investors/corpgovernance.html>.

Elements of Compensation Program

Base Salary. We believe that competitive base salaries are necessary to attract and retain management talent critical to achieving our business objectives. We strive to provide base salaries commensurate with comparable executives at professional service organizations of similar size and location and with consulting professionals of similar background and experience working for both professional service organizations and in private practice. Base salaries are reviewed annually and adjusted to realign salaries with market levels after taking into account the performance of the Company, and the individual's responsibilities and performance. The level of total compensation relative to other executive officers is also considered when determining executive officer base salaries.

For our Chief Executive Officer, for both 2006 and 2007 we concluded that a base salary of \$575,000 was appropriate. The 2006 base salaries for the other Named Executive Officers (the Chief Executive Officer, the Chief Financial Officer and the other three most highly compensated executive officers (the Named Executive Officers)) were as follows; Mr. Schlenker \$265,000, Dr. Johnston \$425,000, Dr. Caligiuri \$440,000, and Dr. McCarthy \$550,000. In accordance with an employment agreement that became effective on January 1, 2007 between the Company and Dr. McCarthy, the base salary of Dr. McCarthy was reduced to \$220,000 on January 1, 2007. The terms of this employment agreement are discussed below. Effective April 1, 2007, the base salaries for the other Named Executive Officers were increased to the following amounts; Mr. Schlenker \$280,000, Dr. Johnston \$445,000, and Dr. Caligiuri \$470,000. The increase in base salary for Mr. Schlenker, Dr. Johnston and Dr. Caligiuri was determined based on rising salaries in the general market, strong performance of the Company and their individual contributions.

We entered into an employment agreement with Dr. McCarthy effective January 1, 2007. Under the agreement Dr. McCarthy will be an exempt, 40% time, at will employee of Exponent. Dr. McCarthy will be paid an annual salary of \$220,000 and is eligible to receive quarterly bonuses equal to 60% of his personal revenue

Table of Contents

less salary paid and certain non-billable expenses. Dr. McCarthy is also eligible to receive an annual bonus equal to 75% of his personal revenue collected less base salary paid, quarterly bonuses paid and certain non-billable expenses. Under the plan Dr. McCarthy's incentive compensation may be adjusted based on the level of consulting revenues he generates in addition to his personal revenue.

Our other Named Executive Officers are at will employees and are not party to an employment agreement with the Company.

Bonus. Annual bonuses are designed to create an incentive and reward executive officers for their contributions to the Company's performance by making a significant portion of their total compensation variable. Our annual bonuses are funded with the profits of the Company. The bonus pool is distributed based on each individual's relative contribution to the overall performance of the Company. Our bonus plan covers all employees, including executive officers, and the bonus pool is equal to 33% of pre-tax income before bonuses, stock-based compensation and interest income. Up to 40% of each executive officer's annual bonus is settled with vested stock unit awards for which each executive officer has the right to receive shares of our common stock four years from the date of grant. The remainder of each executive officer's annual bonus is settled in cash. To better align executive officers' interests with those of stockholders, the Board of Directors increased the maximum amount of each executive officer's annual bonus that may be settled in vested stock unit awards from 30% to 40% for 2006.

For 2006, the performance objectives for our Chief Executive Officer were to increase profit, increase revenue, increase shareholder value, and demonstrate leadership. We established the target bonus level for our Chief Executive Officer equal to his base salary multiplied by the ratio of our actual bonus pool to our planned bonus pool. The maximum payout is two times the target bonus level. Each of the four performance objectives for our Chief Executive Officer are equally weighted and include a combination of quantitative and qualitative assessments of the Chief Executive Officer's contribution to achieving these objectives.

Where an executive officer has responsibilities for both providing direct consulting services and managing a business unit, their performance is generally weighted toward the direct consulting revenues generated by such executive officer for the Company. Where an executive officer has broader corporate responsibilities, such as our Chief Operating Officer and Chief Financial Officer, their performance is based on that officer's role and responsibilities.

The Human Resources Committee set Michael R. Gaulke's, Chief Executive Officer of the Company, target bonus for 2006 at his base salary multiplied by the ratio of our actual bonus pool to our planned bonus pool. The maximum payout was set at two times the target bonus. Mr. Gaulke's performance was evaluated based on the objectives listed below:

- *Increase profit* increase earnings before interest, taxes, depreciation and amortization, and stock-based compensation (EBITDAS), increase margin, leverage infrastructure, and improve utilization.
- *Increase revenue* increase revenues before reimbursements, pursue strategic growth initiatives, grow headcount, and increase focus on business development of senior staff.
- *Increase shareholder value* deploy excess cash, market stock to investors, and seek analyst coverage.
- *Demonstrate leadership* increase focus on recruiting, enhance staff development programs, retain key consulting staff, and provide strategic direction.

With respect to the first objective, Increase profit, and the second objective, Increase revenue, the Committee recognized that overall the objectives were met. With respect to the third objective, Increase shareholder value, the Committee recognized that overall the objective was exceeded and that Mr. Gaulke's contributions were instrumental in deploying excess cash through our share repurchase program and effectively marketing our stock to investors. With respect to the fourth objective, Demonstrate leadership, the Committee

Table of Contents

recognized that this objective was met. Based on the Committee's evaluation Mr. Gaulke's 2006 bonus was 117.5% of his target bonus.

We do not have target bonuses for our other Named Executive Officers. The bonuses for the other Named Executive Officers were determined based on the size of our bonus pool and their relative contribution to the overall performance of the Company. Total compensation was also considered when determining the annual bonuses for our other Named Executive Officers.

Equity Compensation. Our equity compensation program is designed to align executive officers and stockholders interests, create a sense of partnership, provide a retention vehicle which is needed in a competitive environment and to provide a competitive total compensation package. We use a combination of restricted stock units and stock options to achieve these objectives.

Up to 40% of each executive officer's annual bonus is settled with fully vested restricted stock unit awards. Under these awards each executive officer has the right to receive shares of our common stock four years from the date of grant. Each executive officer who received a fully vested restricted stock unit award is also granted a matching number of unvested restricted stock unit awards. These unvested restricted stock unit awards cliff vest four years from the date of grant provided the holder has met certain employment conditions. In the case of retirement at 59 1/2 years or older, all unvested restricted stock unit awards will continue to vest provided the executive officer does all consulting work through the Company and does not become an employee for a past or present client, beneficial party or competitor of the Company.

Our practice is to determine each executive officer's bonus and the dollar amount of vested and unvested restricted stock unit awards following the availability of financial results for the prior year. With the exception of significant promotions and new hires, we generally grant restricted stock unit awards once the allocation of our bonus pool has been determined. For restricted stock unit awards granted during 2006 our plan defined the fair market value of the restricted stock unit awards as the closing price of our stock on the day prior to the grant. We believe that the closing price of our stock on the date of grant is a better measure of fair value. As such for restricted stock unit awards granted during 2007 our plan was amended such that the fair market value of the restricted stock unit awards was determined based upon the closing price of our stock on the day of grant. Restricted stock unit award grants related to fiscal 2005 bonuses were made on March 10, 2006 and for fiscal 2006 bonuses on March 9, 2007. Our annual review process and the Human Resources Committee's schedule was determined several months in advance, and the proximity of any awards to earnings announcements or other market events is coincidental.

With the exception of significant promotions and new hires, stock option awards are granted during the first quarter. For 2006, our plan defined the exercise price of stock option awards granted as the average of the high bid and low ask price of our common stock on the day prior to the grant. We believe that the closing price of our stock on the date of grant is a better measure of fair value. As such, for 2007 our plan was amended such that the exercise price of the stock option was equal to the closing price of our stock on the day of grant. Our option awards vest ratably over a four-year period beginning on the grant date.

Nonqualified Deferred Compensation. We also have a nonqualified deferred compensation plan under which we provide Officers, Directors and Principals the opportunity to elect to defer the receipt of compensation. Participants in the plan may elect to defer up to 100% of their compensation to include base salary and bonus. We also retain the discretion to make company contributions for any participant.

Other Benefits. Executive officers participate in our other benefit plans on the same terms as other employees. These plans include medical and dental insurance, life insurance, and company contributions to each employee's 401(k) plan. We also provide vacation and other paid holidays to all employees, including executive officers.

Tax Deductibility of Pay

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code), places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to each of our five most highly paid executive officers. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. Our 1999 Incentive Stock Option Plan enables compensation recognized in connection with the exercise of options to qualify as an exception to the deduction limit. Base salary, bonuses, and restricted stock unit awards do not qualify as exceptions to the deduction limit.

- (1) The 2006 base salaries for our Named Executive Officers took effect on April 1, 2006. As such the amounts in this column reflect three months at their 2005 base salaries and nine months at their 2006 base salaries.
- (2) The amounts shown in this column represent the value of bonuses earned during 2006, including the portion settled with vested restricted stock unit awards. The value of the vested restricted stock unit awards were: Mr. Gaulke \$272,000, Mr. Schlenker \$90,000, Dr. Johnston \$120,000, Dr. Caligiuri \$144,000, and Dr. McCarthy \$50,000.
- (3) The amounts shown in this column represent the expense recognized for financial statement reporting purposes in accordance with SFAS 123(R) (excluding forfeiture estimates) for unvested restricted stock unit awards. The value of awards granted prior to 2006 is amortized over the four-year vesting period of the award. Due to the adoption of SFAS 123(R) the value of awards granted during 2006 is amortized over the shorter of the four-year vesting period of the award or the period between the grant date and the date the award recipient turns 59½. If the award recipient is 59½ on the date of grant the value of the entire award is expensed upon grant. Since Mr. Gaulke was older than 59½ on March 10, 2006 the entire value of his 2006 award of \$175,140 was expensed upon grant and thus included in this column. Since Dr. McCarthy turns 59½ before the end of the four-year vesting period, the value of his 2006 award of \$45,707 is being amortized over 2.2 years. The other named executive officers will not turn 59½ during the vesting period and thus their 2006 awards are being amortized over the four-year vesting period.
- (4) The amounts shown in this column represent the expense recognized for financial statement reporting purposes in accordance with SFAS 123(R) (excluding forfeiture estimates) for stock option awards. The value of our stock option awards is amortized ratably over the four-year vesting period.

- (2) Amounts represent the number of unvested restricted stock units granted under our Restricted Stock Plan. These awards cliff vest four years from the date of grant.
- (3) Amounts represent options granted under our 1999 Stock Option Plan. These options become exercisable over a period of four years at a rate of 25% per year and expire 10 years from the date of grant.

Restricted Stock Unit Awards. Each of the Named Executive Officers were awarded the number of vested and unvested restricted stock unit awards as shown in the table above. The number of fully vested restricted stock unit awards granted was determined by dividing the portion of each Named Executive Officer's 2005 bonus designated for settlement in fully vested restricted stock units by the closing price of our common stock on the day prior to the grant. An equal number of unvested restricted stock unit awards were also granted to each Named Executive Officer. For financial statement reporting purposes the value of these awards is amortized over the shorter of the four-year vesting period or the period between the grant date and the date the award recipient turns 59^{1/2}.

Stock Options. Certain of the Named Executive Officers were awarded stock options as shown in the table above. The exercise price of these stock options was equal to the average of the high bid and low ask price of our common stock on the day prior to the grant. The closing price of our common stock on the date of grant is also disclosed in the table above.
