---

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of FRANKLIN ELECTRONIC PUBLISHERS, INCORPORATED to be used at the annual meeting of shareholders of the Company which will be held in the 11<sup>th</sup> Floor Conference Center of Katten Muchin Rosenman LLP, 575 Madison Avenue, New York, New York 10022, on Wednesday, August 29, 2007, at 10:00 A.M. (local time), and at any adjournments thereof. All references in this Proxy Statement to the Company, we, us, and our refer to Franklin Electronic Publishers, Incorporated.

Shareholders who execute proxies retain the right to revoke them at any time by notice in writing to the Secretary of the Company, by revocation in person at the meeting or by presenting a later-dated proxy. Unless so revoked, the shares represented by proxies will be voted at the meeting. The shares represented by the proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein, but if no direction is given, such shares will be voted **FOR** the election of the named director nominees and **FOR** the ratification of the appointment of Radin, Glass & Co., LLP. Shareholders vote at the meeting by casting ballots (in person or by proxy) which are tabulated by a person who is appointed by the Board of Directors before the meeting to serve as inspector of election at the meeting and who has executed and verified an oath of office. Abstentions and broker non-votes are included in the determination of the number of shares present at the meeting for quorum purposes. The affirmative vote of (i) a plurality of the shares present at the meeting and entitled to vote on the subject matter is required to elect the director nominees to the Board of Directors and (ii) a majority of the shares present at the meeting and entitled to vote on the subject matter is required to ratify the selection of Radin, Glass & Co., LLP as the Company's independent registered public accounting firm and approve any other business which may properly come before the meeting. Abstentions will count as a vote against the proposals, other than the election of directors. Broker non-votes are not counted in the tabulations of the votes cast on any of the proposals. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. There are no proposals at this meeting which involve a broker non-vote.

The principal executive offices of the Company are located at One Franklin Plaza, Burlington, New Jersey 08016-4907. The approximate date on which this Proxy Statement and the enclosed form of proxy were first sent or given to shareholders is on or about July 30, 2007.

As required by the listing standards of the American Stock Exchange (AMEX), a majority of the members of the Company's Board must qualify as independent, as affirmatively determined by the Company's Board. The Company's Board determines director independence based on an analysis of such listing standards and all relevant securities and other laws and regulations regarding the definition of independent.

Consistent with these considerations, after review of all relevant transactions and relationships between each director, any of his or her family members, and us, our executive officers and our independent registered public accounting firm, the Board has affirmatively determined that a majority of the Company's Board is comprised of independent directors. The Company's independent directors pursuant to Section 121(A) of the AMEX listing standards are Drs. Morgan, Lodish, Simons and Schubel and Messrs. Cohen, Meister, and Turner.

All current members of the Audit Committee are independent as defined in Section 121(A) of the AMEX listing standards and Rule 10A-3 of Securities Exchange Act of 1934, as amended (the Exchange Act). The Audit Committee's function is to provide assistance to the Board of Directors in fulfilling the Board's oversight functions relating to the quality and integrity of the Company's financial reports, monitor the Company's financial reporting process and internal control system, and perform such other activities consistent with its charter and the Company's By-laws as the Audit Committee or the Board of Directors deems appropriate. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the outside auditors (including resolution of disagreements between management of the Company and the outside auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The Audit Committee must pre-approve all audit and non-audit services to be provided to the Company by its outside auditors. ### **Audit Committee Report**

The Company's management has the primary responsibility for the financial statements and the reporting process, including the Company's system of internal controls and disclosure controls and procedures. The independent registered public accounting firm audits the Company's financial statements and expresses an opinion on the financial statements based on the audit. The Audit Committee oversees (i) the accounting and financial reporting processes of the Company and (ii) the audits of the financial statements of the Company on behalf of the Board. The Audit Committee operates under a written charter adopted by the Board which is available on the Company's website at [www.franklin.com](http://www.franklin.com).

The Audit Committee has met and held discussions with management and Radin, Glass & Co., LLP, the Company's independent registered public accounting firm. Management represented to the Audit Committee that the Company's financial statements for the year ended March 31, 2007 were prepared in accordance with generally accepted accounting principles. We discussed the financial statements with both management and the independent registered public accounting firm. We also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board.

The Audit Committee discussed with the independent registered public accounting firm the overall scope and plans for the audit. We met with the independent registered public accounting firm, with and without management, to discuss the results of their examination, the evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

We discussed with the independent registered public accounting firm the firm's independence from the Company and management, including the independent registered public accounting firm's written disclosures required by Independent Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*) as adopted by the Public Company Accounting Oversight Board.

Based on the foregoing, we have recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended March 31, 2007, for filing with the Securities and Exchange Commission.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### *Overview*

Our Compensation Committee has responsibility for evaluating and approving the compensation plans and policies for our Chief Executive Officer (the CEO) and our other executive officers named in the Summary Compensation Table (the Named Executive Officers). Our compensation policies and plans are designed to attract, retain and motivate highly qualified executives. Our Named Executive Officers are compensated through a combination of base salary, incentive bonus and equity ownership, which enables us to be competitive relative to alternatives potentially available to these individuals and to align each Named Executive Officer's compensation with the long-term interests of our stockholders.

#### *Objectives of Compensation Program*

The primary focus of our executive compensation program has been, and will continue to be, to improve short term performance, achieve long-term sustainable growth in earnings and align the interests of our executive team with our stockholders. The compensation program was designed to provide the tools necessary to retain executives and, if necessary, hire executives with the skills needed to manage the Company to meet these goals and to retain them over the long-term.

In developing the programs, a key consideration was to have plans that were understandable, focused on stockholder objectives, quantitatively measurable while being competitive with the programs offered by other companies and other large organizations with which we compete for executive talent.

#### *What Our Compensation Program is Designed to Reward*

Our compensation philosophy is to focus on both annual improvement in earnings and the long-term growth objectives of the business. The plans are designed to reward the Named Executive Officers based upon both annual achievements and long term results reflected in the price of our Common Stock. Our compensation programs include cash compensation, designed to reward current financial performance, balanced with long-term stock based incentives designed to align the interests of our executive team with the interests of our stockholders. Regarding most compensation matters, including compensation for Named Executive Officers, our CEO provides recommendations to the Compensation Committee.

#### *Role of Executive Officers in Determining Compensation*

While the Compensation Committee is primarily responsible for the overall oversight of our executive compensation, the CEO does provide input and views with respect to compensation for the other Named Executive Officers. Our CEO and other executive officers participate in and will continue to participate in the compensation process providing input such as follows:

during the annual compensation review process, the CEO generally recommends to the Compensation Committee base salary increases and cash bonuses for the other Named Executive Officers;

the CEO provided input to the Compensation Committee with respect to equity grants to be made to our other executive officers;

other executive officers may be asked from time to time by the Compensation Committee to provide data about past practices, awards, costs and participation in various plans, as well as information about our annual and long-term goals, as requested by the Compensation Committee or the CEO; and

the Compensation Committee seeks the advice of members of management to set the agenda for Compensation Committee meetings. The Compensation Committee believes that the CEO's input is critical in determining the compensation of other Named Executive Officers because the CEO has day-to-day involvement with these executive officers and is in the best position to assess their performance, abilities, and contribution to our success. Therefore, in fiscal 2008, while the Compensation Committee will be primarily responsible for reviewing and making recommendations and determinations with respect to executive compensation, the CEO will continue to provide his input and recommendations to the Compensation Committee with respect to compensation for the other Named Executive Officers.

*Elements of Our Compensation Plan and How It Relates to Our Objectives*

Currently, our executive compensation program includes a combination of short-term compensation (salary and incentive bonus payment) and long-term compensation (equity incentive plan awards such as stock options) to achieve our goal of improving earnings and achieving long term sustainable growth in revenues and earnings which we believe constitutes alignment with stockholders interests. Base salary and incentive bonus payments are determined and paid annually and are designed to reward current performance. Equity incentive plan awards such as stock options are designed to reward longer term performance and promote retention of executive officers.

**Short-Term Compensation**

**Base Salary.** The Compensation Committee annually reviews and approves the base salaries of our Named Executive Officers based upon recommendations from our CEO. Increases are not preset and take into account the individual's performance, responsibilities of the position, potential to contribute to the long term objectives of the Company, management skills, competitive data and future potential.

Salary planning includes guidelines set after considering competitive market data and current salary levels, as appropriate. At the end of the year, the CEO evaluates each Named Executive Officer's performance in light of individual objectives. Financial results, as well as non-financial measures such as the magnitude of responsibility of the position, individual experience, and the Compensation Committee's knowledge of compensation practices for comparable positions at other companies are considered. Base salary compensates each Named Executive Officer for the primary responsibilities of his position and is set at levels that we believe enable us to retain and attract talented management.

For fiscal 2008, Mr. Lipsky's and Mr. Levitt's annual base salaries, and Mr. Baile's annual compensation remained unchanged from the annual base salary received for the fiscal year ended March 31, 2007. In fiscal 2008, the base salary increases over fiscal 2007 for the other Named Executive Officers ranged from 1.3% to 4.6%.

Increases in base salaries are generally determined by the performance of the operating division or function for which an executive is responsible. Consideration is given quantitatively to revenue and contribution margin of the division or function compared with budgeted and prior year performance. Consideration is also given to growth in market share, brand development within a particular market, customer relations, accuracy of product forecasts and overall operating efficiencies among other factors.

**Annual Incentive Bonus Payments.** Annual cash bonuses are an important component of our compensation program for executive officers and are designed to reward current performance. The Company's bonus plans have been used to provide incentives for our executive officers by tying profitability to an annual cash bonus distribution. The Company's bonus plans are intended to focus our executive officers' attention on short-term or annual business results and to award a bonus to certain executives each year based on their contributions to the profits of the Company. Under our Senior Executive Bonus Plan, annual incentive bonus payments are approved by the Compensation Committee and paid in cash within 120 days of each year-end based on performance for the prior fiscal year. For the 2007 fiscal year, Messrs. Lipsky, Levitt and Baile were eligible to participate in our Senior Executive Bonus Plan.

In addition, other Named Executive Officers, primarily those having divisional P&L responsibility are eligible to participate in our Short-Term Incentive Plan. Annual incentive bonus payments are approved by Mr. Lipsky and paid in cash within 120 days of each year-end based on performance measures of the prior fiscal year. For the 2007 fiscal year, of the Named Executive Officers, Messrs. Crincoli and Schillings were eligible to participate in the Short-Term Incentive Plan.

For the 2007 fiscal year, the Company paid an incentive bonus of \$34,721 to Mr. Schillings in accordance with the Short-Term Incentive Plan. In determining the bonus amount, Mr. Lipsky considered the net sales and contribution margin of our Continental European operations compared with the performance measures for Continental Europe established in our Short-Term Incentive Plan.

Mr. Lipsky, Mr. Levitt, and Mr. Baile did not receive incentive bonuses for the 2007 fiscal year because of the loss incurred by the Company during the 2007 fiscal year.

Mr. Crincoli did not receive an incentive bonus because our North American operations did not achieve the performance measure established in our Short-Term Incentive Plan.

For the 2008 fiscal year, Messrs. Lipsky, Levitt and Baile are currently eligible to participate in the Senior Executive Bonus Plan. The incentive bonus pool will consist of an amount equal to 20% of the Company's income before taxes between \$1.2 million and \$2.4 million plus 10% of income before taxes in excess of \$2.4 million. The incentive bonus pool shall be distributed as follows: 40% of the pool shall be paid to Mr. Lipsky, President and Chief Executive Officer of the Company with the remaining 60% of the pool being shared by the other senior executive officers in amounts not to exceed 20% of the pool to any one participating senior executive officer as determined by the Compensation Committee upon the recommendation of Mr. Lipsky. No bonus is to be paid unless income before taxes is in excess of \$1.2 million.

The recommendation of Mr. Lipsky for the incentive bonuses to Mr. Levitt and Mr. Baile will be based upon the overall financial performance of the Company and the individual's performance in managing the areas for which they are responsible.

The incentive bonuses for Mr. Crincoli and Mr. Schillings will be based upon the sales and contribution margin of North American operations and Continental European operations, respectively, compared with the performance measures established in our Short-Term Incentive Plan.

### **Long-Term Compensation**

The long-term incentive compensation utilized by us for our senior management is an equity based compensation plan designed to ensure alignment of senior management's interests with those of our long term stockholders. The stock options have a time-based vesting schedule with a certain percentage of options vesting over a period of time established by the Compensation Committee under our 1998 Stock Option Plan, as amended and restated and 2005 Stock Option Plan, which we refer to as our stock plans. This is a substantial portion of the total compensation package for the Named Executive Officers and is an important retention tool.

### ***Stock Plans***

Under our stock plans, stock options are granted to executives and key employees of and consultants to the Company. Stock options are designed to focus the executives' attention on long term stock values and to align the interests of executives with those of the stockholders. Stock options are granted at prices equal to the fair market value on the date of grant, are not exercisable until the first anniversary of the date of grant and do not become fully exercisable until the fourth anniversary of the date of grant. The options generally remain exercisable during employment until the tenth anniversary of the date of grant. This approach provides an incentive to executives to increase stockholder value over the long term since the full benefit of the options cannot be realized unless stock price appreciation occurs over a number of years.

In fiscal 2007, no stock option grants were made to our Named Executive Officers. The Compensation Committee, in determining not to award any stock options to Named Executive Officers in fiscal 2007, reviewed and considered the loss incurred by the Company in fiscal 2007. Any grant of stock options in fiscal 2008 will be based upon the operating results of the Company and the performance of each individual executive officer in his area of responsibility.

### ***FAS 123R valuation of equity awards.***

Effective April 1, 2006, we adopted SFAS No. 123(R), Share-Based Payment (SFAS 123R) using the modified prospective transition method. Accordingly, we apply the Black-Scholes valuation model in determining the fair value of stock options granted to employees, including the Named Executive Officers, which is then amortized on a straight-line basis to compensation expense over the requisite service period. We elected to adopt the modified prospective transition method as provided by SFAS 123(R). In accordance with the requirements of the modified prospective transition method, consolidated financial statements for prior year periods have not been restated to reflect the fair value method of expensing share-based compensation.

In determining not to revise the annual base salaries and annual compensation for these executives for the fiscal year ending March 31, 2008, the Compensation Committee took into account the performance of the Company, as set forth in *Short-Term Compensation* above, in fiscal 2007.

In establishing Mr. Crincoli's annual base salary of \$188,500 for the fiscal year ending March 31, 2008, the CEO and Compensation Committee took into account the performance of the Company and of the North American division, as set forth in *Short-Term Compensation* above, in fiscal 2007.

We do not provide benefits pursuant to a nonqualified deferred compensation plan.

Name	Termination or Change of Control
Barry Lipsky Severance (1)	\$ 953,250
Arnold Levitt Severance (1)	\$ 222,422

(1) Reflects severance of one-and one-half (1 1/2) months salary for each year of employment subject to a 30 month maximum. This amount would be paid as a salary continuation to the individual affected.

Estimated benefits that would have been payable to Mr. Crincoli if his employment had been terminated on March 31, 2007 by the Company without cause are shown below:

Name	Termination Without Cause
Michael Crincoli Severance (1)	\$ 29,000

(1) Reflects severance of the product of the weekly base salary at March 31, 2007 and the number of weeks equal to the number of full years of prior employment, plus one week.

The following table summarizes the estimated benefits that would have been payable to Mr. Schillings if his employment had been terminated on March 31, 2007 (i) by the Company without important cause (as defined in Mr. Schilling's employment agreement) and other than due to a change of control of the Company, (ii) by the Company following a change of control of the Company, (iii) by the Company during the last six months of his contract period or (iv) by Mr. Schillings:

In addition, for each of the Named Executive Officers listed above, stock options held by such Named Executive Officer vest upon termination by the Company following a change of control. Currently, all stock options held by such Named Executive Officers are vested and therefore, a termination by the Company upon a change of control would not cause the acceleration of vesting of any stock options held by such Named Executive Officers.

#### Severance Policy and Change in Control Arrangement

We have instituted a severance policy for each of our employees in the United States that provides that if such employee is terminated by us without cause (cause shall include failure to report for work), he or she shall receive his or her then base salary and shall continue to be covered under his or her benefit plan for a number of weeks equal to the number of full years of prior employment, plus one week. Of our Named Executive Officers, only Mr. Crincoli is eligible to participate under our severance policy.

For Messrs. Lipksy and Levitt, a separate policy provides for severance of one-and one-half (1 1/2) months salary for each year of employment subject to a 30 month maximum and for the acceleration of the vesting of any unvested stock options in certain instances on termination of employment or in connection with certain changes in control of the Company.

Mr. Schillings employment agreement provides that if he is terminated without important cause (as defined therein) and other than due to a change of control of the Company, he will receive a payment equal to his then current salary for the remainder of the term and a bonus determined by business performance. If Mr. Schillings is terminated during the last six months of the contract period, he will receive a payment equal to six months salary from the last day that he works. If Mr. Schillings is terminated following a change of control of the Company, he will receive an amount equal to the greater of (i) two years of his then current salary or (ii) the current salary for the completion of term, and a bonus determined by business performance. If Mr. Schillings terminates his employment prior to the completion of the term of this agreement, he will continue his management duties and responsibilities for at least six months following his termination. The employment agreement also provides that Mr. Schillings shall not perform for a period of one year after the termination of the agreement any services for any firm or company carrying on the business in electronic publishing within Germany or other country in the European Community, in which Franklin Germany operates as of the date of termination which is or is likely to be in competition with any business carried on or proposed to be carried on at the date of such determination by Franklin Germany or any other related company. Mr. Schillings cannot carry on business with such competitors on his own or on the behalf of any other person and cannot acquire any shares in such companies that carry on business in competition with Franklin Germany. For such one year period, Mr. Schillings shall be paid 50% of his last monthly paid salary. Mr. Schillings employment agreement expires on February 14, 2009.

**Policy on Pre-Approval of Services Provided by Radin, Glass & Co., LLP**

The Audit Committee has established policies and procedures regarding pre-approval of all services provided by the independent registered public accounting firm. The Audit Committee annually reviews and pre-approves the services that may be provided by the independent

registered public accounting firm without obtaining specific pre-approval from the Audit Committee. Unless a type of service has received general pre-approval, it requires specific pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. The Audit Committee may delegate, subject to any rules or limitations it may deem appropriate, to one or more designated members of the Audit Committee the authority to grant such pre-approvals; provided, however, that the decisions of any member to whom authority is so delegated to pre-approve an activity shall be presented to the full Audit Committee at its next scheduled meeting. The Audit Committee has delegated such pre-approval authority to Edward H. Cohen, Chair of the Audit Committee. The Audit Committee pre-approved all audit and permitted non-audit services that were provided on account of the fiscal year ended March 31, 2007.
