B. Basis of calculation:

(1) Summary

One share of registered common stock of KB Financial Group shall be allocated for one share of registered common stock of Kookmin Bank, and the stock transfer ratio applicable to each subsidiary shall be calculated based on the appraisal value of the common stock of Kookmin Bank. Kookmin Bank, as a company whose stock is listed on the KRX, and KB Real Estate Trust, KB Investment, KB Credit Information, KB Data System, KB Asset Management, KB Futures and KB Investment & Securities, as non-listed companies, will become wholly-owned subsidiaries of KB Financial Group as a result of the stock transfer and KB Financial Group will be established as the parent financial holding company. For Kookmin Bank, the stock transfer ratio is calculated on the basis of its base stock price as calculated under Article 84-7 of the Enforcement Decree of the Securities and Exchange Act (the SEA). For each of KB Real Estate Trust, KB Investment, KB Credit Information, KB Data System, KB Asset Management, KB Futures and KB Investment & Securities, the applicable stock transfer ratio is calculated on the basis of the weighted arithmetic average of its asset value and its profit value calculated under Article 84-7 of the Enforcement Decree of the SEA and Article 36-12 of the Enforcement Rules of the SEA, respectively. Shares of KB Financial Group's common stock will be issued and allocated to the stockholders of each subsidiary of KB Financial Group in accordance with the applicable stock transfer ratio.

The stock transfer ratios set forth above may be changed by a resolution of the applicable board of directors if (i) the capital structure of the relevant company is changed due to certain events, including issuance of new shares or (ii) events occur which would reasonably require a change to the applicable stock transfer ratio.

(2) Basis of calculation of transfer price

The transfer price was calculated in accordance with Article 84-7, Paragraph (1) of the Enforcement Decree of the SEA, Article 36-12 of the Enforcement Rules of the SEA, Article 82 of the Regulation on

Securities Issuance and Disclosure and Articles 6 through 9 of the Detailed Enforcement Rules thereof. For details of such calculation, see 5. Summary of the Appraisal Opinion provided by Appraisal Agent below.

B. Summary:

KB Financial Group is expected to be established in September 2008, and this stock transfer application is being submitted to the FSC as of April 30, 2008 following resolutions by the relevant boards of directors on the same date. With respect to the calculation of the share values discussed herein, we evaluated the transfer price for Kookmin Bank, as a KRX-listed company, by applying Article 36-12 of the Enforcement Rules of the SEA and Article 6 of the Detailed Enforcement Rules of the Regulation on Securities Issuance and Disclosure and evaluated the intrinsic value (i.e., the weighted arithmetic average of asset value and profit value) of KB Real Estate Trust, KB Investment, KB Credit Information, KB Data System, KB Asset Management, KB Futures and KB Investment & Securities, as non-listed companies, by applying Article 82 of the Regulation on Securities Issuance and Disclosure and Articles 5 through 7 of the Detailed Enforcement Rules thereof. In addition, the record date for the analysis is April 25, 2008, five days prior to the filing date of the stock transfer application, pursuant to Article 9 of the Detailed Enforcement Rules of the Regulation on Securities Issuance and Disclosure.

C. Evaluation method:

Under Article 190-2 of the SEA, Article 84-7 of the Enforcement Decree thereof, Article 36-12 of the Enforcement Rules thereof, Article 82 of the Regulation on Securities Issuance and Disclosure and Articles 5 through 8 of the Detailed Enforcement Rules thereof, the stock transfer price was analyzed as follows:

The base stock price of Kookmin Bank, as a KRX-listed company, shall be the lower of (i) the arithmetic average of the trading volume-weighted arithmetic average closing price for the past one (1) month, the trading volume-weighted arithmetic average closing price for the past one week and the most recent closing price or (ii) the most recent closing price, which was calculated on the date preceding the filing date of the stock transfer application, pursuant to Article 36-12, Paragraph (1) of the Enforcement Rules of the SEA.

The intrinsic value of KB Real Estate Trust, KB Investment, KB Credit Information, KB Data System, KB Asset Management, KB Futures and KB Investment & Securities, as non-listed companies shall be the weighted arithmetic average of asset value and profit value (weighted 1 to 1.5), pursuant to Articles 5 through 7 of the Detailed Enforcement Rules of the Regulation on Securities Issuance and Disclosure.

We note that Article 8 of the Detailed Enforcement Rules of the Regulation on Securities Issuance and Disclosure stipulates that relative value must be considered in the evaluation of non-listed companies and that companies similar to that being evaluated must be selected for determining the relative value. However, as there are no listed companies similar to the non-listed companies participating in the stock transfer, relative value was not considered.
