PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD TUESDAY, APRIL 28, 2009

This proxy statement is furnished to the shareholders of Citizens Holding Company in connection with the solicitation of proxies by the board of directors, for use at the 2009 Annual Meeting of Shareholders to be held at 4:30 p.m., Central time, on Tuesday, April 28, 2009, at our main office, 521 Main Street, Philadelphia, Mississippi 39350, and any adjournments or postponements thereof. In this proxy statement, Citizens Holding Company is referred to as Citizens, we, our, us, or the Company, and The Citizens Bank of Philadelphia is referred to as the Bank.

VOTING YOUR SHARES

Who is soliciting proxies from the shareholders?

Our board of directors is soliciting the enclosed proxy. The proxy provides you with the opportunity to vote on the proposals presented at the annual meeting, whether or not you attend the meeting.

What will be voted on at the annual meeting?

The enclosed proxy provides the opportunity for you to specify approval, disapproval or abstention for the following proposals:

1. the setting of the number of directors on the board of directors at ten;
2. the election of three Class I directors to serve until the expiration of their respective three-year terms, or until their successors are elected and qualified; and
3. the ratification of the board's appointment of HORNE LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

For the proposal to elect directors, you may vote for all of the nominees in each class for election as director, for one or more nominees in each class but not the others (to the extent more than one director is to be elected), or you may withhold your vote for all nominees in that class. For the remaining proposals, you may vote for the approval of the proposal or against its approval, or you may abstain from voting on the proposal. The proxy card also gives the proxy holders discretionary authority to vote the shares represented by the proxy on any matter, other than the above proposals, that is properly presented for action at the annual meeting. Each proposal is a separate matter for the shareholders to vote on, and no one proposal's approval is subject to or conditioned upon the approval of any other proposal.

Table of Contents

Who bears the cost of the proxy solicitation?

We generally bear all costs of soliciting proxies. We have retained and pay a fee to American Stock Transfer and Trust Company to act as our registrar and transfer agent and to assist in the solicitation of proxies, but we pay no separate compensation solely for the solicitation of proxies. We intend to solicit proxies primarily through the use of the mail. Our directors, officers and employees may solicit proxies by telephone, mail, facsimile, via the Internet or overnight delivery service. These individuals will not receive separate compensation for these services. We will also, in accordance with the regulations of the Securities and Exchange Commission (the SEC), reimburse brokerage firms and other persons representing beneficial owners of our common stock for their reasonable expenses in forwarding solicitation material to such beneficial owners.

Who can vote at the annual meeting, and how are votes cast?

Our board of directors fixed the close of business on Thursday, March 12, 2009, as the record date for our annual meeting. Only shareholders of record on that date were entitled to receive notice of and to vote at the annual meeting. As of March 12, 2009, our only outstanding class of securities was common stock, \$0.20 par value per share. On that date, we had 22,500,000 shares authorized, of which 4,859,496 shares were outstanding.

You can vote either in person at the annual meeting (if you, rather than your broker, are the record holder of the stock) or by proxy, whether you attend the annual meeting. To vote by proxy, you must fill out the enclosed proxy card, date and sign it, and either return it in the enclosed postage-paid envelope in time for us to receive it prior to the annual meeting or attend the annual meeting and submit the proxy at that time.

How many votes must be present to hold the annual meeting?

A quorum must be present to hold our annual meeting. A majority of the votes entitled to be cast at the annual meeting constitutes a quorum. Your shares, once represented for any purpose at the annual meeting, are deemed present for purposes of determining a quorum for the remainder of the meeting and for any adjournment, unless a new record date is set for the adjourned meeting. This is true even if you abstain from voting with respect to any matter brought before the annual meeting.

How many votes does a shareholder have per share?

Our shareholders are entitled to one vote for each share held, except that as to the proposals to elect Class I directors, shareholders may cumulate their votes. Cumulative voting is described below.

Table of Contents

What vote is required for approval of proposals at the annual meeting?

For all proposals brought before the annual meeting, except the election of directors, each proposal is approved if the votes cast in favor of the proposal are greater than the votes cast opposing the proposal. The vote required to elect directors is described below.

How are directors elected?

At the annual meeting, you will consider a proposal to elect three Class I directors. Directors are elected by plurality vote; the candidates in each class who receive the highest number of votes cast, up to the number of directors in that class to be elected, are elected.

Generally, you may cumulate your votes to elect directors in a particular class. Cumulative voting entitles you to vote the number of shares you hold multiplied by the number of directors in each class. You can cast your votes for one nominee or distribute your total votes among all or several nominees in the class.

For example: There are three nominees for election as Class I directors. If you own ten shares, you have 30 votes for Class I directors. You can elect to allocate the 30 votes among the Class I directors by casting all votes for a single director or by dividing the votes between any number of the nominees in any proportion.

How will my proxy be voted, and how are votes counted?

When your proxy card is returned, properly signed and dated, the proxy holders will vote the shares represented by the proxy at the annual meeting as you instruct on the card, including any adjournments or postponements of the meeting. If your proxy card is signed, but no instructions are given, the proxy holders will vote the shares represented by the proxy at the annual meeting as follows:

1. **FOR** setting the number of directors to serve on the board of directors at ten;
2. **FOR** the election of nominees Don L. Fulton, Donald L. Kilgore and Herbert A. King as Class I directors, each to serve a three-year term; and
3. **FOR** the approval of the appointment of HORNE LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

To the extent that the proxy holders possess discretionary voting authority because your proxy card does not withhold authority to vote for the election of directors or for a particular nominee or provide specific instructions about the allocation of votes, the proxy holders are expected to cumulate votes in the manner most likely to elect all of the board's nominees for Class I director.

If you hold your shares in a broker's name (sometimes called street name or nominee name), you must provide voting instructions to your broker. If you do not provide instructions to your broker, the shares will not be voted on any matter on which your

Table of Contents

broker does not have discretionary authority to vote, which generally includes non-routine matters. A vote that is not cast for this reason is called a broker non-vote. We will treat broker non-votes as shares present for the purpose of determining whether a quorum is present at the meeting, but we will not consider broker non-votes present for purposes of calculating the vote on a particular matter, nor will we count broker non-votes as a vote **FOR** or **AGAINST** a matter or as an abstention on the matter. We believe that all of the proposals to be voted on at the annual meeting are generally considered routine matters for broker voting purposes.

Under Mississippi law, an abstention by a shareholder, who is either present in person at the annual meeting or represented by proxy, is not a vote cast and is counted neither for nor against the matter subject to the abstention.

Can a proxy be revoked?

Yes. You can revoke your proxy at any time before it is voted. You may revoke your proxy by giving written notice to our secretary before the annual meeting or by granting a subsequent proxy. If you, rather than your broker, are a record holder of our stock, a proxy can also be revoked by appearing in person and voting at the annual meeting. Written notice of the revocation of a proxy should be delivered to the following address: Secretary, Citizens Holding Company, 521 Main Street, Philadelphia, Mississippi 39350.

Does any person own more than 5% of our common stock?

The following table sets forth as of March 12, 2009, each person or group (as that term is used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended, or the Exchange Act) known to us to be the beneficial owner of more than 5% of the outstanding shares of our common stock. Table of Contents**BOARD OF DIRECTORS**

How many directors serve on the board, and who are the current directors?

A total of ten directors currently serve on our board. There are three classes of directors. Currently, three directors are in Class I, three directors are in Class II, and four directors are in Class III. Under the board of directors proposals described later in this proxy statement, the current Class I directors, whose terms expire at the 2009 annual meeting, have been nominated for reelection. If all of the board's nominees for election as director are elected by our shareholders, there will be three directors in Class I, three directors in Class II and four directors in Class III.

The term of office of each Class I director expires at the 2009 annual meeting, the term of office of each Class II director expires at the 2010 annual meeting, and the term of office of each Class III director expires at the 2011 annual meeting. The following table provides certain information about our current directors.

Are the directors independent?

Our board has determined that each of Craig Dungan, Don L. Fulton, Donald L. Kilgore, Herbert A. King, David A. King, Daniel Adam Mars, David P. Webb, Terrell E. Winstead and Amzie T. Williams is an independent director as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules.

The board considered certain relationships between our directors and nominees for director and Citizens or the Bank when determining each director's or nominee's status as an independent director under Rule 4200(a)(15) of the Nasdaq Marketplace Rules. In particular, the board noted that we and the Bank employed Baker, Donelson, Bearman, Caldwell & Berkowitz, PC, a law firm of which David P. Webb was a partner in 2008, to provide advice in various legal areas, including tax audits, employee benefits, civil lawsuit defense and general corporate law. The board determined that this relationship did not affect the status of Mr. Webb as an independent director.

Table of Contents

There are no family relationships between any director, executive officer or persons nominated to become a director, except that David A. King and Herbert A. King are brothers.

Who are the directors of the Bank?

All of our continuing directors presently serve on the board of directors of the Bank.

How are directors compensated?

During 2008, each of our directors, including Mr. McKee who is our employee and an employee of the Bank, received an annual retainer of \$14,700, a year-end payment of \$1,225 and an additional payment of \$125 for each board meeting attended. Directors who serve on the Bank's loan committee received an additional \$100 per month. Mr. McKee's director fees are included in the All Other Compensation column of the Summary Compensation Table in the Executive Compensation section below.

We maintain a stock option plan for the benefit of our nonemployee directors, the 1999 Directors' Stock Compensation Plan. During 2008, each nonemployee director was granted options to purchase 1,500 shares of our common stock, at an exercise price of \$18.00 per share, which was the fair market value of the stock on the date of grant. The options were granted on April 23, 2008, became exercisable on October 24, 2008, and expire, to the extent not exercised, as of April 23, 2018.

Directors may elect to participate in the Directors' Deferred Fee Plan maintained by the Bank. A participating director elects to defer all or part of his fees to a bookkeeping account maintained by the Bank for a period of ten years. Interest is credited to the account at 100% of Moody's Average Corporate Bond Rate, which was 7.56% in 2008. Benefits are generally payable when a director attains age 70. The Bank has elected to purchase individual life insurance policies to fund its obligations under the plan.

⁽²⁾ This column reflects expense recorded in 2008 with respect to outstanding stock option grants, calculated in accordance with Financial Accounting Standards Board Statement 123R, Share-Based Payment (Statement 123R). Please refer to Note 1, Summary of Significant Accounting Policies, and Note 18, Stock Options, in the Notes to Consolidated Financial Statements in our Annual Report to Shareholders, which is enclosed with this proxy statement, for details regarding the assumptions we made to derive the fair value of our stock option grants. The fair value of the 1,500 stock options granted to each director on April 23, 2008, the grant date, computed in accordance with Statement 123R, was \$8,880. Expenses for previously granted options were recorded in earlier years. At December 31, 2008, an aggregate of 91,500 stock options granted to directors were outstanding. During 2008, no options were forfeited.

How many meetings did the board hold during 2008?

Our board of directors meets monthly, generally in a joint session with the board of directors of the Bank. During 2008, the board met 16 times. There were 12 regular monthly meetings and four special meetings. Each director attended at least 75% of all meetings held by the board and the committees on which he served. The members of the board of directors who are independent directors, as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules, met in executive session one time in 2008.

The board does not have a policy regarding director attendance at the annual meeting. Last year, all of the directors attended the annual meeting, and we expect that all directors will attend this year's annual meeting.

What committees has the board of directors established?

The board of directors has established an audit committee, a compensation committee and a nominating committee. The composition and responsibilities of the audit committee and the nominating committee are described below. The composition and responsibilities of the compensation committee are described in the Compensation Discussion and Analysis section below.

Table of Contents

Who serves on the audit committee, and what are its responsibilities?

A. T. Williams (Chairman), Terrell E. Winstead, Don L. Fulton, and Herbert A. King are the members of the audit committee. The board has determined that each member of the audit committee is an independent director as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules and that each meets the criteria for independence set forth in Rule 10A-3 under the Exchange Act. The board has determined that A. T. Williams qualifies as an audit committee financial expert as such term is defined under SEC regulations and satisfies the financial sophistication requirements of Rule 4350 of the Nasdaq Marketplace Rules.

The board has adopted a written charter for the audit committee that details its authority, powers and responsibilities. The committee periodically reviews the charter and makes appropriate revisions. A copy of the audit committee charter can be found on our website, www.citizensholdingcompany.com, under the Investor Relations Corporate Governance tab.

The audit committee reviews our financial reporting process on behalf of the board of directors. The audit committee's duties and responsibilities include the following:

appointing (which includes the power to dismiss), compensating and overseeing our independent auditors;

monitoring the integrity of our financial reporting process and system of internal controls;

monitoring the independence and performance of our independent auditors and internal auditing department;

reviewing and establishing internal policies and procedures regarding audits, accounting and other financial controls;

reviewing the adequacy of our internal controls and determining whether new controls or procedures are necessary;

pre-approving all auditing and permitted non-audit services provided by our independent auditors;

providing an avenue of communication among our independent auditors, management, the internal auditing department, and the board of directors; and

establishing procedures for (1) the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, and (2) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

During 2008, the audit committee held eight meetings.

Who serves on the nominating committee, and what are its responsibilities?

The members of the nominating committee are Herbert A. King (Chairman), Don L. Fulton and Amzie T. Williams. The board has determined that each member of the nominating committee is an independent director as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules. The nominating committee has adopted a charter that details its authority, powers and responsibilities.

Table of Contents

The committee periodically reviews the charter and makes appropriate revisions. A copy of the nominating committee charter can found on our website, www.citizensholdingcompany.com, under the Investor Relations Corporate Governance tab.

The nominating committee is responsible for interviewing, evaluating, nominating and recommending individuals for membership on our board of directors and the board's committees. The nominating committee prepared the slate of candidates for election at the 2009 annual meeting and presented this list to the full board for their approval.

The nominating committee seeks recommendations from our existing directors to identify potential candidates to fill a vacancy on the board. The nominating committee will also consider nominees who are recommended by our shareholders. The nominating committee evaluates all nominees for election as a director of the Company, whether such individuals are recommended by our current directors, by shareholders or otherwise, using the following criteria:

the candidate's independence for purposes of the Nasdaq Marketplace Rules and SEC rules;

the candidate's financial sophistication for purposes of service as a member of the audit committee;

the candidate's experience in banking, or in marketing, finance, legal, accounting or other professional disciplines;

the candidate's capacity and desire to represent the best interests of the shareholders as a whole and not a special interest group or constituency;

the candidate's familiarity with and participation in the local community and prominence and reputation in his or her profession; and

the candidate's record of honest and ethical conduct, personal integrity and independent judgment.

Shareholder nominations must be made in accordance with our bylaws. For shareholder nominations of directors for the 2010 annual meeting, nominations should be made in writing and delivered to the nominating committee at the following address: Secretary, Citizens Holding Company, 521 Main Street, Philadelphia, Mississippi 39350. Nominations must be received by the Secretary no earlier than the close of business on December 29, 2009, and not later than the close of business on January 28, 2010. As provided in our bylaws, the shareholder's notice must set forth as to each nominee:

the reason for making such nomination;

all arrangements or understandings between the recommending shareholder and the nominee;

all information relating to such nominee that is required to be disclosed in solicitations of proxies for the election of directors pursuant to Regulation 14A under the Exchange Act; and

the nominee's written consent to being named in the proxy statement and to serve as a director if elected.

Table of Contents

The shareholder's notice must also set forth the name and address of the nominating shareholder and the class and amount of such shareholder's beneficial ownership of our stock, including evidence to support the shareholder's ownership of such shares. If a shareholder intends to recommend a nominee for election as director or proposes any other business for consideration at an annual meeting on behalf of the beneficial owner of the shares that the recommending shareholder is the record owner of, the recommending shareholder must also provide the name and address of such beneficial owner, as well as the class and number of shares of our stock owned by such beneficial owner.

The nominating committee held two meetings in 2008.

How does the board respond to shareholder questions?

The board of directors has not adopted a formal procedure that you must follow to send questions to it. However, the board of directors does receive communications from shareholders, from time to time, and addresses the communications as appropriate. You can send communications to the board of directors by contacting our Treasurer, Robert T. Smith, in one of the following ways:

In writing, to Citizens Holding Company, 521 Main Street Philadelphia, Mississippi 39350, Attention: Robert T. Smith, Treasurer;

By email at rsmith@tcbphila.com; and

By phone at (601) 656-4692.

If you request information or ask questions that can more efficiently be addressed by management, the Treasurer will respond to your questions. The Treasurer will forward to the audit committee any shareholder communication concerning employee fraud or accounting matters. The Treasurer will forward to the full board of directors any communication relating to corporate governance or requiring action by the board of directors.

What are our policies and procedures regarding the review, approval or ratification of related person transactions?

On December 19, 2006, the board of directors adopted a written related person transaction policy, entitled "Policy and Procedures With Respect To Related Person Transactions" (referred to as the "Related Person Policy"). The Related Person Policy is administered by our audit committee. It covers any transaction, relationship or arrangement (or series of transactions, relationships or arrangements) (1) in which we or any of our subsidiaries participate or will participate, (2) where the amount involved exceeds \$50,000 and (3) in which any of the following persons or entities (referred to as "related persons") has or will have a direct or indirect material interest: (x) any of our directors, executive officers, or any owner of 5% or more of our securities, (y) any immediate family member of any of the foregoing persons, or (z) any firm or other entity in which any of the foregoing persons is a partner, principal or holder of a 5% or greater beneficial ownership interest. Any covered transaction, relationship or arrangement is referred to as a "related person transaction."

Table of Contents

Pursuant to the Related Person Policy, the audit committee requires our directors and executive officers to compile a list of all related persons of the director or executive officer. Such information is also requested from owners of greater than 5% of our common stock. Nominees for election as a director and persons appointed as directors or executive officers also must compile a list of related persons for the audit committee. The directors and executive officers must provide the audit committee with updates of their list of related person when necessary. The audit committee, in its discretion, may also examine publicly-available information to ensure that each list of related persons is accurate and complete.

Once a master list of related persons is prepared, the audit committee distributes this list to the loan committee and to our Chief Financial Officer, who will distribute the list to such other individuals as he deems appropriate. The loan committee and other individuals then use this master list to determine if any existing or proposed transaction is a related person transaction. If a proposed related person transaction is identified, then the audit committee gathers information about the transaction, including, among other things, (1) the related person involved, (2) the material facts of the proposed transaction, including the amount involved, (3) the benefits of the transaction to us, (4) the availability of other sources of comparable products or services, and (5) an assessment of whether the terms of the proposed transaction are comparable to those available to unrelated third parties.

With this information, the audit committee determines whether the proposed related person transaction should be approved. If an audit committee member has an interest in the subject transaction, he or she is not permitted to participate in the review of the transaction. Under the Related Person Policy, the audit committee may only approve a related person transaction that is in, or at least not inconsistent with, the best interests of us and our shareholders.

If the loan committee or any other person becomes aware of an ongoing related party transaction that the audit committee has not approved, then information about the transaction similar to that described above will be compiled. The audit committee will then determine whether the transaction should be ratified or, if possible, amended or terminated. If the related person transaction is already complete, the committee must determine whether it is appropriate to attempt to rescind the transaction. Under the Related Person Policy, the audit committee must request our chief financial officer to review our controls and procedures to ascertain why the related person transaction was not submitted to the audit committee for its prior approval. Finally, under the Related Person Policy, the audit committee is charged with reviewing annually any previously approved or ratified related party transaction that has a remaining term of more than six months or has remaining amounts payable greater than \$25,000. Based on this review, the audit committee must determine whether it is in the best interests of us and our stockholders to continue, modify or terminate any ongoing related person transaction.

Table of Contents

Were there any related person transactions in 2008?

In 2008, we did not engage in any related person transactions that are required to be disclosed under applicable regulations of the SEC other than indebtedness transactions described immediately below.

Are any directors, nominees or executive officers indebted to the Bank?

Certain of our directors, nominees and officers, businesses with which they are associated and members of their immediate families are customers of the Bank and have had transactions with the Bank in the ordinary course of the Bank's business. In the opinion of the board of directors, such transactions were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and do not involve more than the normal risk of collectibility or present other unfavorable features.

EXECUTIVE OFFICERS

Who are our executive officers?

Greg L. McKee and Robert T. Smith are our only executive officers. Information about the age, position and experience of Mr. Smith is listed below. Due to the fact that Mr. McKee is also a member of our board of directors, information about Mr. McKee appears previously under the heading Board of Directors. Both of our executive officers are appointed annually by the board of directors and serve at the discretion of the board of directors.

Name	Age	Position
Robert T. Smith	57	Mr. Smith has been employed as our Treasurer and Chief Financial Officer since February 1996. He has been employed by the Bank as Senior Vice President and Chief Financial Officer since January 2001. Prior to that, he served as Vice President and Controller of the Bank from 1987 to 2001 and Assistant Vice President of the Bank from 1986 to 1987.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section, or CD&A, describes the compensation program for our named executive officers, or NEOs. Our NEOs are Mr. McKee and Mr. Smith. As more fully described below, our compensation committee is charged with establishing, reviewing and administering our executive compensation program, including making all decisions about the compensation of our named executives. Responsibility for the day-to-day administration of our executive compensation program has been delegated to officers of the Bank.

Table of Contents

Who is responsible for determining compensation?

The compensation committee is responsible for determining the compensation of our named executives and our directors. The committee consists of Don L. Fulton, Herbert A. King and Donald L. Kilgore, who is the chairman. Each member of the compensation committee is an independent director, as defined under Rule 4200(a)(15) of the Nasdaq Marketplace Rules. Each member is also a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act, and each qualifies as an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code.

The compensation committee has adopted a written committee charter that details its authority, powers and responsibilities. A copy of the charter can be found on our website at www.citizensholdingcompany.com under the Investor Relations - Corporate Governance tab. The committee periodically reviews the charter and makes revisions as it deems appropriate. The charter was adopted on April 25, 2006.

The compensation committee meets with the frequency necessary to perform its duties and responsibilities. The compensation committee usually makes many of its performance-based decisions at a meeting held in January of each fiscal year, including evaluating the performance of our named executives during the immediately preceding year, determining the amount of their annual cash bonuses for the preceding year, and determining base salaries for the upcoming fiscal year. Grants of equity compensation are generally made in the first quarter of each year, however the compensation committee did not make any equity grants during this time period. In the second quarter, the compensation committee did grant 1,500 options to Mr. McKee at the time of the directors grant to compensate for his service on the board. The committee met four times during 2008.

Role of Our Officers. Our executive officers compile and provide information, make recommendations for the committee's consideration and assist in the management and administration of our executive and other benefit plans. Their responsibilities may include, but are not limited to, the following:

recommending pay levels and grants and awards for our officers, other than our chief executive officer;

recommending changes to ensure that our compensation programs remain competitive and aligned with our objectives; and

providing information to the committee, including but not limited to (1) information concerning Company and individual performance, (2) information concerning the attainment of our strategic objectives, (3) the common stock ownership of each executive and his option holdings, (4) equity compensation plan dilution, and (5) peer group compensation and performance data.

Table of Contents

Our executive officers may attend the meetings of the compensation committee, at its request, except that Mr. McKee is not present during the deliberation of his compensation. A portion of each of the four meetings held during 2008 was an executive session during which none of our executive officers were present.

Using Compensation Consultants. The compensation committee has the authority to engage compensation consultants as it deems necessary. In 2006, the compensation committee engaged Hay Group, as an independent consultant to compile information regarding the compensation levels for senior executives at 18 publicly traded financial institutions similar in size to us. Other than the compilation of this information, Hay Group did not perform any services for the compensation committee, nor do we anticipate that Hay Group will provide any ongoing services to us or the compensation committee.

What are the objectives of our compensation program?

The fundamental purpose of our executive compensation program is to assist us in achieving our financial and operating performance objectives, which in 2008 included increasing our net income by 5% or more. Specifically, our compensation program has three basic objectives:

to retain and motivate our executive officers, including the named executives;

to reward executives upon the achievement of measurable corporate, business unit and individual performance goals; and

to align each executive's interests with the creation of shareholder value.

What are the specific elements of the compensation program, and what are they intended to address and reward?

Our compensation program includes four basic elements:

Base salary: This element is intended to reflect an executive's job responsibilities and his value to us. It is also intended to retain our executives and to acknowledge each executive's individual efforts in furthering our strategic goals.

Annual short-term cash incentives: An annual cash bonus is one of the performance-based elements of our compensation. It is intended to motivate our executives and to provide an immediate reward for short-term (annual) set performance.

Equity-based incentives: Grants of stock options are the method we use to align the interests of our named executive officers with the interests of our shareholders; they are another element of performance-based compensation.

Welfare benefits and retirement plans: These benefits and plans are intended to retain qualified executives, by ensuring that our compensation program is competitive and provides an adequate opportunity for retirement savings.

Table of Contents

Do we benchmark total compensation or any element of compensation?

No, we do not believe it is appropriate to determine total compensation, or any element of compensation, based primarily on benchmarking, which is the practice of setting compensation based upon the compensation practices of other companies similar in size, industry and other characteristics. Usually, we review the Mississippi Bankers Association Salary Survey to help us determine appropriate salary levels for all of our officers and employees, including the named executives.

How are the relative amounts of each element of compensation determined?

The compensation committee does not use a specific formula to determine the amount allocated to each element of our compensation program. Instead, the committee makes individual compensation decisions that provide for adequate exposure to equity, an appropriate mix of short-term and long-term rewards and an adequate performance based component. For fiscal year 2008, 1.4% of our executive compensation was paid in the form of equity and approximately 16.2% of each executive's total compensation related to short-term performance.

How is base salary determined and adjusted?

Considerations. The committee reviews and adjusts base salary annually. Adjustments are based upon a review of a variety of factors, including the following:

individual, Company and Bank performance, measured against quantitative and qualitative goals;

duties and responsibilities; and

compensation paid by our peer group.

Fiscal Year 2008 Decisions. The 2008 base salary of our named executives is included in the Summary Compensation Table that follows this section. For 2008, base salaries increased on average by \$8,450, or 5.0%, over base salaries paid in 2007. The primary factors evaluated by the committee in connection with these increases were (1) our growth in total assets and the expansion of our service area through the addition of new branches in 2007, and (2) individual performance.

Fiscal Year 2009 Decisions. The compensation committee has set the following base salaries for 2009, which represent an average increase of \$9,937, or 5.6%, over the base salary paid in 2008:

Named Executive Officer	2009 Base Salary	Percentage Increase Over 2008 Base Salary
Greg L. McKee	\$ 238,392	5.6%
Robert T. Smith	136,382	5.6%

Table of Contents

How is the annual cash bonus determined?

Considerations. At its meeting in January each year, the compensation committee analyzes our performance, Bank performance and the individual performance of each named executive officer, with the growth of our net income being the primary consideration. For the 2008 fiscal year, the committee determined that a cash bonus of 25% of Mr. McKee's 2008 base salary and 15% of Mr. Smith's 2008 base salary would be paid as a bonus if our net income increased by 5% or more. For each 1% increment above or below the target, the amount of either bonus is increased or reduced by 2%. For example, if net income had increased 5% in 2008, then the applicable bonus percentages increase to 27.5% of Mr. McKee's base salary and 16.5% of Mr. Smith's base salary. If net income had decreased 5% in 2008, then Mr. McKee's bonus percentage decreases to 22.5% of his base salary and Mr. Smith's bonus percentage decreases to 13.5% of his base salary. In 2008, earnings were 14.0% higher than 105% of the previous year's income and accordingly, their bonuses were increased by 28.0%.

Fiscal Year 2008 Decisions. Cash bonuses paid to our named executives are listed on the Summary Compensation Table, which follows this CD&A. In light of our increase in earnings in 2008 from the budgeted earnings, Mr. McKee received a cash bonus equal to 32.0% of his 2008 base salary, and Mr. Smith received a cash bonus equal to 19.2% of his 2008 base salary.

Fiscal Year 2009 Decisions. For the 2009 fiscal year, the compensation committee determined that a cash bonus of 25% of Mr. McKee's 2009 base salary and 15% of Mr. Smith's 2009 base salary would be paid as a bonus if our net income is equal to the net income recorded in 2008. The compensation committee took into consideration the outlook for the national and local economy and determined that factors beyond the control of the executives would dictate the level of earnings for 2009. The compensation committee further determined that if the Company were to be able to attain earnings at the 2008 level in 2009, then the compensation committee would consider this to be a successful year. For each 1% increment above or below the target, the amount of either bonus is increased or reduced by 2%. For example, if net income increases 5% in 2009, then the applicable bonus percentages increase to 27.5% of Mr. McKee's base salary and 16.5% of Mr. Smith's base salary. If net income decreases 5% in 2009, then Mr. McKee's bonus percentage decreases to 22.5% of his base salary and Mr. Smith's bonus percentage decreases to 13.5% of his base salary.

How is equity compensation determined and paid?

Considerations. Equity compensation is granted under our LTIP, our 1999 Employees' Long-Term Incentive Plan, in the form of stock options, which are used to incent long-term performance. Stock options create long-term incentives because they have value only to the extent our share price increases over time. The exercise price for stock options is always the fair market value of our common stock on the grant date, which is the closing market price of our common stock on the date of the grant as quoted on The NASDAQ Global Market (or on the immediately preceding trading date if shares are not traded on the grant date). Unless the compensation committee otherwise provides, options vest and become exercisable six months and one day after grant, and lapse ten years after the grant date. The vesting of options is accelerated and an executive's options remain exercisable for not less than six months following a change in control of the Company.

Table of Contents

The compensation committee's usual practice is to make grants in the first quarter of each fiscal year, irrespective of whether we are in possession of material non-public information at the time of grant. The compensation committee believes that the practice of making grants about the same date each year precludes any inference that we are attempting to manipulate the timing of our stock option grants to take advantage of non-public information. We do not backdate options or grant options retroactively. Generally, in determining the amount of any grant, the compensation committee considers:

the position, responsibility and prior performance of each executive;

his ability to affect corporate performance;

the value of grants or awards in relation to other elements of total compensation; and

the number of shares of our common stock that he owns, whether directly or beneficially.

Fiscal Year 2008 Decisions. The Summary Compensation Table and the table entitled Grants of Plan Based Awards, which follow this discussion, each provide specific information about the options granted for the 2008 fiscal year. For 2008, the compensation committee granted 1,500 stock options to our chief executive officer.

How are welfare and retirement plans integrated into our compensation program?

Retirement Benefits. We offer our eligible employees, including our named executive officers, participation in a tax-qualified defined contribution 401(k) plan, which allows savings for retirement on a tax deferred basis. We provide matching contributions, up to 6% of compensation deferred, as well as discretionary non-matching contributions. Both contributions are subject to the completion of a three-year incremental service vesting period. The plan provides for the distribution of account balances following termination of employment, generally in the form of a lump sum. The Summary Compensation Table includes information about our contributions for the 2008 fiscal year.

Supplemental Retirement Benefits. We also maintain a Supplemental Executive Retirement Plan, or SERP, for our NEOs. The SERP is a noncontributory, nonqualified retirement plan. It generally provides for the payment of benefits upon retirement, death or disability. If a participant retires on or after his age 55, he is entitled to receive a benefit equal to 50% of his average base salary during the three years preceding his retirement. This benefit is reduced by 5% for each year between the participant's age at retirement and his 65th birthday. The benefit is paid in monthly installments over 15 years, commencing the month after the participant's employment ends. If Mr. Smith, who is age 57, had retired at December 31, 2008, the aggregate amount of his benefit would have been \$551,475. The present value of Mr. Smith's early retirement benefit at December 31, 2008 was \$148,444.

If a participant's employment ends before age 55, he is entitled to receive the vested portion of his benefit in a lump sum the month following termination of employment. Each of our NEO's benefit is fully vested. The Pension Benefits table that follows this section of the proxy statement sets forth the amount of the benefit that each named executive has accrued under the SERP as of December 31, 2008.

Table of Contents

If a participant's employment ends within two years of a change in control, our SERP provides a benefit equal to 50% of his average base salary over the three years preceding his termination. Payment is made in monthly installments over 15 years, commencing the month after the participant's employment ends. The term "change in control" is defined to include the following events:

any person or group becomes the direct or indirect beneficial owner of at least 25% of our or the Bank's outstanding voting stock;

the completion of a merger of us or the Bank in which we or the Bank, as applicable, are not the surviving entity;

a sale of at least all of our or the Bank's property;

the members of our or the Bank's board of directors immediately prior to a tender offer, exchange offer or contested director election cease to constitute a majority after such transaction; or

a tender offer or exchange offer is made which, if completed, would result in the offeror owning at least 25% of our or the Bank's outstanding voting stock.

Welfare Benefits. We maintain a number of broad-based benefit plans that are available to all of our employees, including group medical, dental and life insurance plans, some of which are contributory.

Have we entered into employment, severance, change in control or other agreements with our named executive officers?

Yes. We have entered into a change in control agreement with Mr. McKee, and our named executive officers are entitled to change in control benefits under the SERP. We believe that change in control payments ensure that personal concerns do not impede transactions that may be in the best interests of our shareholders, such as a sale of the Company to a third party. The agreement is described in the section below titled "Potential Payments upon Termination or Change in Control."

How do tax, accounting and other statutes or regulations affect the compensation paid to our named executive officers?

Section 162(m). Section 162(m) of the Code limits to \$1 million in any taxable year the deduction a company may claim for compensation paid to each of its chief executive and four other highest paid officers, unless certain performance-based conditions are satisfied. Base salary and bonuses are subject to the Section 162(m) limitation. Options granted under our LTIP have been granted at fair market value and are intended to be performance-based compensation that is excluded from the determination of the limit. Given our current levels of compensation and the exclusion of options from the determination, the compensation committee does not anticipate that the compensation presently paid to any affected officer will be impacted by the limit.

Table of Contents

Other Statutes and Regulations. In January 2006, we adopted the provisions of Financial Accounting Standards Board Statement 123R, Share-Based Payment or Statement 123R. Statement 123R establishes accounting requirements for share-based compensation to employees and carries forward prior guidance on accounting for awards to non-employees. Under Statement 123R, we are required to recognize compensation expense for all share-based payments to our employees, including our named executive officers. Since the adoption of Statement 123R, we have granted 1,500 options to our named executive officers.

What are the compensation committee's conclusions with respect to the 2008 fiscal year?

After considering all of the elements of compensation paid to our NEOs in 2008, the compensation committee has concluded that the compensation is reasonable and not excessive. This conclusion is based upon a number of factors, including the following:

our earnings over the previous three years;

our growth in dividends;

that approximately 16.2% of our named executive officers' total compensation is subject to the achievement of performance goals; and

that the total compensation levels for our named executive officers are consistent with the compensation levels deemed appropriate by the committee, which are less than those of our identified peer group.

Report of the Compensation Committee

We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and in Citizens' Annual Report on Form 10-K for the year ended December 31, 2008.

Compensation Committee Interlocks and Insider Participation

PROPOSAL NOS. 1 AND 2 SIZE OF THE BOARD AND THE

ELECTION OF DIRECTORS

Proposals Nos. 1 and 2 relate to the size of our board of directors and the election of three Class I directors to the board of directors.

Proposal 1: Setting the Number Of Directors on the Board at Ten

Our Articles of Incorporation provide for a board of directors consisting of not less than nine nor more than 25 directors and require the shareholders to set the actual number of directors to serve on the board at the annual meeting each year. The board of directors currently consists of ten directors who are divided into three classes, with members of each class elected for a

Table of Contents

three-year term. The terms of the three classes are staggered such that only one class is elected by the shareholders annually. The board of directors has decided to retain the size of the board the same as determined at the 2008 Annual Meeting. Accordingly, Proposal No. 1 sets the number of directors to serve on the board for the ensuing year at ten.

How does Proposal No. 1 affect the election of directors?

If the shareholders approve Proposal No. 1, the number of directors will remain at ten. Three Class I directors will be elected, each to serve a three-year term. If the shareholders do not approve Proposal No. 1, the number of directors on the board will remain at ten, as fixed by the shareholders at the 2008 annual meeting, with three Class I directors to be elected.

What are the voting procedures?

Shares represented by a properly signed and dated proxy card will be voted in accordance with the instructions on the card at the annual meeting. If the proxy card is signed but no instructions are given with respect to setting the number of directors to serve on the board, the proxy holders will vote the proxies received by them **FOR** setting the number of directors to serve on the board at ten.

The board of directors unanimously recommends a vote **FOR setting**

the number of directors to serve on the board at ten.

Proposal No. 2 Election of Three Class I Directors

The board of directors has nominated, based upon the recommendations of our nominating committee, Don L. Fulton, Donald L. Kilgore and Herbert A. King for election as Class I directors to serve until the 2012 annual meeting or until their successors are duly elected and qualified. Mr. Fulton, Mr. Kilgore and Mr. King currently serve as Class I members of our board of directors. Information about their age and experience is provided above.

What happens if a shareholder has submitted a nominee for election as director?

Three Class I directors will be elected from the candidates listed above and any candidate that a shareholder has properly submitted as a nominee for election. As of the date of this proxy statement, we have not been advised that a shareholder intends to submit a nominee for election as a Class I director, and the proxy holders will not have discretionary authority to vote for any nominee submitted by a shareholder.

What are the voting procedures?

The three Class I nominees receiving the highest number of votes cast will be elected to serve as Class I directors. Shareholders may cumulate votes; cumulative voting is described above under the heading **Voting Your Shares**.

Table of Contents

Shares represented by a properly signed and dated proxy card will be voted in accordance with the instructions on the card at the annual meeting. If the proxy card is signed but no instructions are given with respect to the election of Class I directors, the proxy holders will vote the proxies received by them for the board of directors' nominees for Class I director listed above. In addition, the proxy holders will possess the authority to cumulate votes and distribute them among the board's nominees in their discretion, to the extent that a shareholder does not provide instructions regarding how to cumulate votes or withhold authority to vote for the election of directors generally or for any particular nominee.

If for any reason one or more of the nominees named above is not available as a candidate for director, an event that the board of directors does not anticipate, the proxy holders will vote, in their discretion, for another candidate or candidates nominated by the board. If shareholders attending the annual meeting cumulate their votes such that all of the board of directors' nominees cannot be elected, the proxy holders will cumulate votes to elect as many of the nominees listed above as possible.

Our board of directors unanimously recommends a vote FOR the election

of Don L. Fulton, Donald L. Kilgore and Herbert A. King

as Class I directors to the board of directors.

PROPOSAL NO. 3 APPOINTMENT OF HORNE LLP AS OUR INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

Who are our auditors?

HORNE LLP, an independent registered public accounting firm, has served as our auditor since December 31, 1998. The audit committee has appointed HORNE LLP to serve as auditor for the fiscal year ending December 31, 2009. Although the appointment of an independent auditor does not require approval by the shareholders, the board of directors has chosen to submit its selection for ratification by the shareholders. The audit committee, however, reserves the right to change independent auditors at any time, notwithstanding shareholder approval.

A representative of HORNE LLP is expected to attend the annual meeting. If present, the representative will have the opportunity to make a statement and will be available to respond to appropriate questions.

Table of Contents

What fees were paid to the auditors in 2007 and 2008?

Fees related to services performed for us by HORNE LLP in fiscal years 2008 and 2007 are as follows:

	2008	2007
Audit Fees ⁽¹⁾	\$ 175,000	\$ 184,000

- (1) Audit fees include fees and expenses associated with the audit of our annual financial statements, the reviews of the financial statements in our quarterly reports on Form 10-Q, and regulatory and statutory filings.
- (2) Audit-related fees primarily include professional services rendered for the audit of our employee benefit plans and technical accounting, consulting and research.
- (3) Tax fees and expenses include tax compliance services, tax advice, and tax planning assistance, all of which were pre-approved by the audit committee. All tax fees were permissible tax fees under SEC rules.

In accordance with the procedures set forth in its charter, the audit committee pre-approves all auditing services and permitted non-audit services (including the fees and terms of those services) to be performed for us by our independent auditor prior to engagement for the services, subject to the de minimis exceptions for non-audit services permitted by SEC rules and regulations. For fiscal years 2008 and 2007, none of the fees listed under Audit-Related Fees, Tax Fees or All Other Fees were covered by the de minimis exception. The chairman of the audit committee has been delegated the authority by the committee to pre-approve the engagement of the independent auditors when the entire committee is unable to do so. The chairman must report all such pre-approvals to the entire audit committee at the next committee meeting.

What are the voting procedures?

Shares represented by a properly signed and dated proxy card will be voted in accordance with the instructions on the card at the annual meeting. If the proxy card is signed but no instructions are given with respect to the ratification of the appointment of the independent accountants, the proxy holders will vote **FOR** the ratification of the appointment of HORNE LLP as our independent registered public accounting firm for the 2009 fiscal year.

The board of directors has unanimously approved the appointment of HORNE LLP

as our independent registered public accounting firm and recommends a vote FOR
