FORM 8-K

Item 1.01 Entry into a Material Definitive Agreement

On June 30, 2009, Nautilus, Inc. (the Company) entered into an Office Lease (the Lease) with Columbia Tech Center, L.L.C. (the Landlord), a Washington limited liability company, for a portion of the same building previously leased by the Company for its headquarters. As further described under Item 1.02 of this Current Report on Form 8-K, on June 30, 2009 the Company also entered into an agreement with the Landlord to terminate the prior lease.

The Lease is effective as of July 3, 2009 and for a term of sixty months with an option to extend for another five years. The monthly base rent for the first ninety days of the lease shall be \$158,333.00, and for the remaining term shall be \$112,855.58, which includes operating expenses such as utilities and maintenance. If the Lease term is extended for the optional five years, the monthly base rent shall increase to \$124,141.14, including operating expenses. The Landlord must maintain insurance on the property. Customary provisions allowing for late fees for unpaid rent, Landlord access to the property, and events of default are included. The Landlord may terminate the Lease under certain circumstances, but must either pay a termination fee or relocate the Company to another location within three miles of the building project in which it is currently located.

This summary is qualified in its entirety to the Lease itself, which is attached hereto as Exhibit 99.1.

Item 1.02 Termination of a Material Definitive Agreement

On June 30, 2009, the Company entered into a Lease Termination Agreement (the Termination) with the Landlord, terminating, as of July 2, 2009, the Lease Agreement (the Prior Lease), dated November 23, 2004, by and between the Company and the Landlord for the Company's headquarters building in Vancouver, Washington. The Company paid a termination fee of \$1,900,000 to the Landlord on July 2, 2009 in accordance with the terms of the Prior Lease.

The Prior Lease was for the 482,538 net rentable square foot building and associated land in Vancouver, Washington. The lease provided for an initial term of ten years with an annual base rent of \$1,900,000 and included an option to extend the lease for an additional ten year period. At any time during the first seven years of the Prior Lease, the Company had an option to purchase the building and land for a total purchase price of \$22,500,000. The Company paid operating costs such as utilities and maintenance, which totaled approximately \$2.3 million in 2008. This summary of the Prior Lease is qualified in its entirety to the lease itself, which is attached as Exhibit 99.1 to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on November 30, 2004.

Item 2.05 Costs Associated with Exit or Disposal Activities

On June 30, 2009, the Company's management committed to a plan to terminate the Prior Lease and to enter into a new lease agreement with the Landlord. The Company took this action as part of its cost reduction efforts. The Company paid a termination fee in the amount of \$1,900,000 on July 2, 2009 and expects to incur additional charges of approximately \$8.0 million in connection with the termination of the Prior Lease. Of these charges, \$1.9 million are expected to be cash charges and \$8.0 million are expected to be non-cash.

The major types of charges expected to be incurred are as follows:

Contract Termination Costs	\$ 1.9 million
Impairment of Leasehold Improvements	\$ 8.0 million
Total	\$ 9.9 million
