PROXY STATEMENT

for

ANNUAL MEETING OF STOCKHOLDERS

January 27, 2010

The Board of Directors of PriceSmart, Inc., a Delaware corporation (the **Company**), is soliciting the enclosed Proxy for use at the Annual Meeting of Stockholders of the Company to be held on January 27, 2010 (the **Annual Meeting**), and at any adjournments thereof. This Proxy Statement will be first sent to stockholders on or about December 8, 2009. You can submit your Proxy by mail or you may provide voting instructions for your shares by telephone or via the Internet. Instructions for voting by telephone, by using the Internet or by mail are described on the enclosed Proxy. If you plan to attend the Annual Meeting and wish to vote your shares personally, you may do so. Unless contrary instructions are indicated on the Proxy, all shares represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted for the election of the Board of Directors' nominees for directors, or for a substitute or substitutes selected by the Board in the event a nominee or nominees are unable to serve or decline to do so. As to any other business which may properly come before the Annual Meeting and be submitted to a vote of the stockholders, Proxies received by the Board of Directors will be voted in accordance with the best judgment of the holders thereof.

A Proxy may be revoked by written notice to the Secretary of the Company at any time prior to the Annual Meeting, by executing a later Proxy or by attending the Annual Meeting and voting in person.

The Company will bear the cost of solicitation of Proxies. In addition to the use of mails, Proxies may be solicited by personal interview, telephone, facsimile or e-mail, by officers, directors and other employees of the Company. The Company also will request persons, firms and corporations holding shares in their names, or in the names of their nominees, which are beneficially owned by others to send or cause to be sent Proxy material to, and obtain Proxies from, such beneficial owners and will reimburse such holders for their reasonable expenses in so doing.

The Company's mailing address is 9740 Scranton Road, San Diego, California 92121.

Voting

Stockholders of record at the close of business on November 30, 2009 (the **Record Date**) will be entitled to notice of and to vote at the Annual Meeting or any adjournments thereof.

Edgar Filing: PRICESMART INC - Form DEF 14A

As of November 30, 2009, 29,746,173 shares of the Company's common stock, \$.0001 par value per share (Common Stock) were outstanding, representing the only voting securities of the Company. Each share of Common Stock is entitled to one vote.

Votes cast by Proxy or in person at the Annual Meeting will be counted by the person appointed by the Company to act as Inspector of Election for the Annual Meeting. The Inspector of Election will treat shares represented by Proxies that reflect abstentions or include broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Because directors are elected by a plurality of the votes of the shares present in person or represented by Proxy at the Annual Meeting and entitled to vote on the election of directors, abstentions and broker non-votes do not constitute a vote for or against any nominee for the Board of Directors and thus will be disregarded in the calculation of votes cast for purposes of electing nominees to the Board of Directors.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors of the Company has nominated and recommends for election as directors the eight persons named herein to serve until the next Annual Meeting of Stockholders and until their respective successors shall have been duly elected and qualified. All of the nominees are presently directors of the Company, and following the Annual Meeting there will be no vacancies on the Board. Directors are elected by a plurality of the votes of the shares present in person or represented by Proxy at the Annual Meeting and entitled to vote on the election of directors. The enclosed Proxy will be voted in favor of the persons nominated unless otherwise indicated. If any of the nominees should be unable to serve or should decline to do so, the discretionary authority provided in the Proxy will be exercised by the proxy holders to vote the shares represented by the Proxies for one or more substitute nominees selected by the present Board of Directors. The Board of Directors does not believe at this time that any substitute nominee or nominees will be required.

Nominations Process

The Board of Directors of the Company has adopted a resolution approving certain procedures comprising a Nominations Process. A copy of the Nominations Process is available on the Company's website at www.pricemart.com. Among other things, the Nominations Process sets forth a procedure calling for director nominees to be recommended to the Board of Directors, for the Board's nomination, by a majority of the independent directors. Under the Company's Corporate Governance Guidelines, the independent directors, in recommending to the Board of Directors candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, are required to take into account many factors, including a candidate's ability to make independent analytical inquiries, general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment, experience in the Company's industry and with relevant social policy concerns, understanding of the Company's business on a technical level, other board service and educational and professional background. Each nominee must also possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. The independent directors and the Board of Directors are required to evaluate each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend to the Board a director for re-election, the independent directors also are required to consider the director's past attendance at meetings and participation in and contributions to the activities of the Board. Notwithstanding the foregoing, there are no specific, minimum qualifications that a nominee must meet. The independent directors of the Board unanimously recommended the director nominees who were subsequently nominated by the full Board.

Under the Company's Nominations Process, the independent directors are required to give consideration to candidates recommended by any stockholder of the Company who has held the Company's Common Stock for at least one year and who holds a minimum of 1% of the Company's outstanding shares of Common Stock. The recommending stockholder must submit the following:

a detailed resume of the recommended candidate;

an explanation of the reasons why the stockholder believes the recommended candidate is qualified for service on the Company's Board;

such other information that would be required by the rules of the SEC to be included in a proxy statement;

Edgar Filing: PRICESMART INC - Form DEF 14A

the written consent of the recommended candidate;

a description of any arrangements or undertakings between the stockholder and the recommended candidate regarding the nomination;
and

proof of the recommending stockholder's stock holdings in the Company.

Recommendations from stockholders received after the deadline set forth in the Company's most recent proxy statement for a stockholder proposal to be considered for inclusion in the Corporation's proxy statement for the next annual meeting likely will not be considered timely for consideration for the following year's annual meeting. Recommendations received by stockholders will be processed and subject to the same criteria as other candidates recommended to the Board.

Information Regarding the Board

Board Meetings

The Company's Board of Directors held eight meetings during fiscal 2009. No nominee for director who served as a director during the past year attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings of

committees of the Board of Directors on which he or she served.

Committees of the Board

Audit Committee. The Audit Committee, which consists of Messrs. Janks and Krause and Ms. Hensley, held four meetings during fiscal 2009. The Audit Committee oversees the Company's accounting and financial reporting processes and the audits of its consolidated financial statements. The Committee reviews the annual audits conducted by the Company's independent public accountants, reviews and evaluates internal accounting controls, is responsible for the selection of the Company's independent public accountants, and conducts such reviews and examinations as it deems necessary with respect to the practices and policies of, and the relationship between the Company and its independent public accountants. All committee members satisfy the definition of independent director as established in the Nasdaq Stock Market's listing standards and the rules promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, and the Board of Directors has determined that Mr. Janks qualifies as an audit committee financial expert within the meaning of the applicable SEC rules and regulations.

Compensation Committee. The Compensation Committee, which consists of Ms. Hensley and Messrs. Janks and Krause, held six meetings during fiscal 2009. Each of the members of the Compensation Committee is an independent director within the meaning of the Nasdaq Stock Market's listing standards. The Compensation Committee reviews and approves the compensation program for the Company's executive officers. The Committee is authorized to evaluate and determine the compensation of the Corporation's Chief Executive Officer, and reviews and approves all such compensation for all other executive officers. The Committee also administers, interprets and makes grants under the Company's stock option plans. The Compensation Committee is governed by a written charter adopted by the Board of Directors, which is available on the Company's public website at www.pricemart.com.

Nominating Committee. The Nominating Committee, which consists of Ms. Hensley and Mr. Price, did not hold any meetings during fiscal 2009. The Nominating Committee may evaluate and recommend candidates to fill vacancies on the Board of Directors or any committee thereof, which vacancies may be created by the departure of any directors, or the expansion of the number of members of the Board. The Nominating Committee may also consider the slate of nominees to be presented for reelection at annual meetings of stockholders. The Nominating Committee has not adopted a nominating committee charter. Because the Nominating Committee only has two members, director nominees are selected, or recommended for the Board's selection, by a majority of the independent directors who may consider the advice and recommendation of the Nominating Committee pursuant to the Company's Nominations Process.

Executive Committee. The Executive Committee, which consists of Messrs. Price and Janks, did not hold any meetings during fiscal 2009. The Executive Committee has all powers and rights necessary to exercise the full authority of the Board of Directors in the management of the business and affairs of the Company, except as provided in the Delaware General Corporation Law or the Bylaws of the Company.

Finance Committee. The Finance Committee, which consists of Messrs. Janks, Krause, Wolcott and Price and Ms. Hensley, held four meetings during fiscal 2009. The Finance Committee reviews and makes recommendations with respect to (1) annual budgets, (2) investments, (3) financing arrangements and (4) the creation, incurrence, assumption or guaranty by the Company of any indebtedness, obligation or liability, except, in each case, for any such transactions entered into in the ordinary course of business of the Company.

Real Estate Committee. The Real Estate Committee was disbanded in July 2009, the Board having determined that material terms of real estate related transactions, as well as any material changes to those terms, are being presented by Management to the Board for review and approval.

Governance Committee. The Governance Committee, which consists of Mr. Krause and Ms. Hensley, was established in November 2003 and did not hold any meetings during fiscal 2009. The Governance Committee assists the Board of Directors in establishing corporate governance guidelines and other policies and procedures

pertaining to corporate governance matters, and assists the Board of Directors in evaluating potential nominees for director of the Company.

Policy Governing Stockholder Communications with the Board of Directors

The Board of Directors welcomes communications from stockholders of the Company. Any stockholder who wishes to communicate with the Board or one or more members of the Board should do so in writing in care of the General Counsel of the Company, at the principal office of the Company, 9740 Scranton Road, San Diego, California 92121. The General Counsel is directed to forward each communication to the director or directors of the Company for whom it is intended.

Policy Governing Director Attendance at Annual Meetings of Stockholders

The Company encourages, but does not require, its Board members to attend the annual meeting of stockholders. Nine members of the Board of Directors attended the Annual Meeting of Stockholders held on January 28, 2009.

Audit Committee Report

The Audit Committee oversees the Company's financial accounting and reporting process and the audits of the financial statements of the Company. All committee members satisfy the definition of independent director set forth at Rule 5605(a)(2) of the Nasdaq Stock Market's listing standards. The Audit Committee is governed by a written charter adopted by the Board of Directors, and is available on the Company's public website at www.pricemart.com.

In fulfilling its oversight responsibilities, the committee reviewed and discussed with management the audited financial statements in the Annual Report, including a discussion of the quality, and not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for expressing an opinion on the conformity of its audited financial statements with generally accepted accounting principles. Ernst & Young met with the committee and expressed its judgment as to the quality, not just the acceptability, of the Company's accounting principles and discussed with the committee other matters as required under generally accepted auditing standards, including those matters required under Statement of Auditing Standards No. 61 or the Codification of Statements on Auditing Standards, AU Section 380. In addition, Ernst & Young discussed the accountants' independence from the Company and from the Company's management and delivered to the committee those matters to be set forth in written disclosures as required by applicable requirements of the Public Company Accounting Oversight Board regarding independent registered public accounting firm's communications with the Audit Committee concerning independence.

The committee discussed with the Company's independent registered public accounting firm the overall scope and plan of their audit. The committee meets with the independent registered public accounting firm, with and without our management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Edgar Filing: PRICESMART INC - Form DEF 14A

In reliance on the reviews and discussions referred to above, the committee recommended that the audited financial statements be included in the Annual Report on Form 10-K for the year ended August 31, 2009 for filing with the SEC.

This report of the Audit Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of our Board, comprised entirely of independent directors, administers our executive compensation program. The role of the Compensation Committee is to oversee our compensation and benefit plans and policies, administer our stock plans and review and approve annually all compensation decisions relating to all executive officers.

The compensation programs are intended to provide a link between the creation of stockholder value and the compensation earned by our named executive officers and has been designed to:

Attract, motivate and retain superior talent;

Encourage high performance and promote accountability;

Align a portion of compensation with our performance and stockholder returns;

Edgar Filing: PRICESMART INC - Form DEF 14A

Provide performance awards for the achievement of financial and operational targets and strategic objectives that are critical to our long-term growth; and

Ensure that the executive officers have financial incentives to achieve substantial growth in stockholder value.

To achieve these objectives, the Compensation Committee, which is comprised of members who have knowledge of executive compensation levels of other companies by virtue of their professional background, experience and dealings external to PriceSmart, has implemented and intends to maintain compensation plans that tie a portion of the executives' overall compensation to key financial and operational goals.

The compensation of our named executive officers is composed of base salaries, an annual corporate incentive bonus plan and long-term equity incentives in the form of restricted stock. In determining specific components of compensation, the Compensation Committee considers each officer's performance, level of responsibility, skills and experience, and other compensation awards or arrangements. The Compensation Committee reviews and approves all elements of compensation for all of our named executive officers taking into consideration recommendations from management. The Compensation Committee reviews and approves all annual bonus awards for all executives and restricted stock awards for all employees.

Our President, in consultation with our Chief Executive Officer, sets salaries and bonus opportunities for employees below the level of Executive Vice President and makes recommendations with respect to restricted stock awards to people at these levels. He likewise makes recommendations with respect to salary, bonus eligibility and restricted stock awards for our Executive Vice Presidents. Our President and Chief Financial Officer also gather information and provide compensation recommendations in response to requests from the Compensation Committee. The information includes historical salary and bonus payments to PriceSmart executives, internal equity comparisons, and the financial impact of a particular decision. After gathering this input and receiving these recommendations, the Compensation Committee determines the compensation of our named executive officers in executive session.

The Compensation Committee establishes individual executive compensation at levels the Compensation Committee believes are comparable with those of executives in other companies of similar size and stage of development operating in retail industries, taking into account our relative performance and our own strategic goals. Management utilized Equilar Inc.'s ExecutiveInsight research database, a resource for referencing executive compensation and analyzing executive pay trends, to aid the Compensation Committee in the identification of a peer group of publicly traded companies so that the Compensation Committee could consider competitive market data in determining our named executive officers' fiscal year 2009 compensation program and compensation levels. In establishing 2009 compensation levels for our named executive officers, the Compensation Committee evaluated the compensation practices of the following public company peer groups:

U.S. based retail companies with annual revenues ranging from \$500 million to \$15 billion: Charlotte Russe Holding, Inc., Wet Seal, Inc., 99¢ Only Stores, Big Lots, Inc., BJ's Wholesale Club, Inc., Dollar General Corporation, Dollar Tree, Inc., Family Dollar Stores, Inc., Fred's, Inc., Cato Corp., Gottschalks, Tuesday Morning Corp. and Retail Ventures, Inc.

San Diego-based companies with revenues of \$500 million to \$3 billion: Amylin Pharmaceuticals, Inc., Callaway Golf Co., Cubic Corp., Illumina, Inc., Jack in the Box, Inc., Leap Wireless International, Inc., Life Technologies Corp., Resmed, Inc., Solera Holdings, Inc. and Viasat, Inc.

As part of this process, the Compensation Committee reviews the mix of the compensation elements for our named executive officers against the compensation data for positions similar to those held by such officers with our peer group of companies. Equilar draws data from proxy statements and reports filed with the Securities and Exchange Commission.

Based on the objectives outlined above, the Compensation Committee strives to set target total compensation opportunity levels and the individual components of compensation to be competitive with the market that we compete in for executive talent. The Compensation Committee does not, however, guarantee that any executive will receive a specific market-derived compensation level.

Compensation data for our peer group of companies is only one of the many factors our Compensation Committee considers in setting compensation for our named executive officers and actual compensation may vary based on our Compensation Committee's review of other considerations, including our company's and the individual named executive officer's performance and the value of the executive's leadership and other skills to our company.

Our named executive officers may also realize compensation above target opportunity levels based on achieving outstanding results for our stockholders, which is measured in large part based on our performance relative to the annual financial and operational goals set by the Compensation Committee. This approach is intended to ensure that there is a direct relationship between our overall performance in the achievement of its financial and operational goals and each individual named executive officer's total compensation.

Except as described above, our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of compensation. This is due to the small size of our executive team and the need to tailor each executive's award to attract and retain that executive.

Elements of Compensation

Executive compensation consists of the following elements:

Base Salary. Base salaries for our named executive officers are generally established based on the scope of their responsibilities, level of experience and individual performance, taking into account both external competitiveness and internal equity considerations. While the goal for the base salary component is to compensate executives at a level that are competitive with the salaries of executives in comparable positions among our peer group, our compensation committee does not attempt to set base salaries at a certain target percentile within our peer group. Instead, our compensation committee considers the peer group information as merely a means by which to confirm that its base salary determinations based on the other factors described above are competitive within our peer group. Base salaries are reviewed annually, and adjusted from time to time to address inflation and to take into account individual responsibilities, performance and experience.

Base salaries for named executive officers were adjusted in January 2009. Mr. Price received an increase of \$7,000 (2%). Mr. Laparte received an increase of \$8,000 (2%), Mr. Heffner received an increase of \$5,092 (2%), Mr. Gans received an increase of \$5,466 (2.1%), and Mr. Naylor received an increase of \$5,600 (2%). These increases were intended to address inflation and to maintain a competitive pay structure with the external market.

Annual Management Bonus Program. The Company emphasizes pay-for-performance through an annual management bonus program. All PriceSmart employees with at least six months of service who meet a minimum level of acceptable performance are eligible to participate in the program. Under the program, the Compensation Committee sets target bonuses for each participant, which are awarded if the Company achieves a targeted level of operating income approved by the Compensation Committee.

For fiscal 2009, our named executive officers' target bonuses were as follows: Mr. Laparte, \$100,000; our Executive Vice Presidents, 15% of base salary. These target bonuses remain at the same level for fiscal 2010.

Edgar Filing: PRICESMART INC - Form DEF 14A

In fiscal 2009, a percentage of each named executive officer's actual bonus was contingent upon the Company's achieving specified percentages, ranging from 90% to 120%, of targeted operating income of \$53.0 million. Minimum performance of 90% of the targeted level of operating income was required for any bonus payouts, with performance between 90% and 100% of the targeted level of operating income resulting in bonuses, as follows:

25% of the target bonuses for operating income at 90% to 94% of the targeted operating income level;

50% of target bonuses for operating income at 95% to 96% of the targeted operating income level;

75% of target bonuses for operating income at 97% to 99% of the targeted operating income level; and

For achievement of greater than 100% of targeted operating income, additional bonus amounts are earned on a linear basis of up to a maximum of 150% of an executive's target bonus for 120% of targeted operating income achievement

For fiscal 2009, our operating income was \$57.5 million, and we paid out annual incentive bonuses to each of our named executive officers at 125% of target. The amounts paid to the named executive officers under the annual management bonus program for fiscal 2009 are disclosed below in the Summary Compensation Table as Non-Equity Incentive Plan Compensation. The named executive officers received the bonus amounts dictated by the 2009 Management Bonus Program, as described above, with an adjustment for a real estate related write-off which negatively impacted operating income by approximately 1%. The Compensation Committee determined that excluding this amount from the bonus calculation more accurately reflected the underlying performance of Company management in fiscal year 2009. The effect of this adjustment resulted in aggregate additional bonus payments to the named executive officers of only \$8,607.

Under the 2010 program, minimum performance of 90% of a specified level of operating income is required for any bonus payouts, with performance between 90% and 100% of the specified level of operating income resulting in bonuses, as follows: 25% of the target bonuses for operating income at 90-94% of the specified operating income level, 50% of target bonuses at 95-96% of the specified operating income level and 75% of target bonuses at 97-99% of the specified operating income level. The 2010 program also allows for (i) an additional bonus amount, of up to 50% of an executive's target bonus, for achievement of certain net warehouse sales levels over specified levels of sales; and also (ii) a second additional bonus amount, of up to 50% of an executive's target bonus, for achievement of certain operating income levels over specified levels of operating income. If both the maximum levels of net warehouse sales and operating income are achieved, an executive's maximum bonus would be 200% of target bonus. Notwithstanding these performance targets, the Compensation Committee retains discretion in determining whether to grant a bonus to each named executive officer. The Compensation Committee reserves the right to apply its judgment to the year-end bonus pool funding based on factors that may affect reported operating income, both positively and negatively, and specifically approves the payments made to the Company's named executive officers. We do not currently have any standing guidelines regarding the exercise of such judgment by the Compensation Committee.

Long-Term Incentive Compensation. We believe that long-term incentives are an integral part of the overall executive compensation program and that the Company's long-term performance will be enhanced through the use of equity awards that reward our executives for maximizing stockholder value over time. While we previously used stock options as the primary long-term equity incentive vehicle, in January 2006 we instead began using restricted stock awards. The restricted stock awards typically vest on an annual basis based upon continued employment over a five-year period. We have not adopted stock ownership guidelines.

We expect to continue to use restricted stock as our primary long-term incentive vehicle because:

restricted stock and the related vesting period help attract and retain executives;

the value received by the recipient of a restricted stock award can be enhanced by the growth of the stock price; therefore, restricted stock enhances the executives' incentive to increase our stock price and maximize stockholder value; and

restricted stock helps to provide a balance to the overall executive compensation program as base salary and our annual bonus plan focus on short-term compensation, while restricted stock awards reward executives for increases in stockholder value over the longer term.

In determining the number of shares of restricted stock to be granted to our named executive officers, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the value of restricted stock in relation to other elements of

the individual executive's total compensation. All

awards of restricted stock are made by the Compensation Committee, except that our full Board will take action with respect to any equity awards made to our non-employee directors. The Company does not have equity ownership requirements or guidelines.

Our named executive officers recognize taxable income from restricted stock awards when and as shares vest. On each vesting date, we repurchase a portion of the shares vesting on such vesting date from the participant to cover the tax obligations triggered by the vesting. We repurchase the shares at their fair market value on the date of vesting. We pay the purchase price for the shares we repurchase directly to the taxing authorities. We generally receive a corresponding tax deduction for compensation expense in the year of vesting. The amount included in the participant's wages upon such vesting, and the amount we may deduct, is equal to the common stock price when the shares vest multiplied by the number of shares vesting.

There were no stock awards granted to our named executive officers in fiscal 2009.

Other Benefits. Our named executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, long and short-term disability and life insurance, in each case on the same basis as our other employees. We also offer to our President a housing allowance and travel benefits in accordance with his employment agreement described below. The Compensation Committee believes that these perquisites are no greater than our competitors' practices.

Employment Contracts

The Company has employment agreements with each of its named executive officers other than Mr. Price and Mr. Heffner. Each agreement specifies a term and a base salary amount. Each agreement states that the executive is eligible to participate in the Company's bonus plan and to receive all other benefits offered to officers under the Company's standard company benefits practices and plans. Under the agreements, the executive may terminate the agreement at any time on 90 days' prior written notice. The Company may terminate the agreement for cause upon immediate notice thereof, or upon the death or disability of the executive. The executive may not engage in any activities, with or without compensation, that would interfere with the performance of his duties or that would be adverse to the Company's interests, without the Company's prior written consent. In the event that the Company terminates the agreement for any reason other than cause, death or disability, the executive will be entitled to the continuation of his base salary for one year, payable in conformity with the Company's normal payroll period. If the agreement expires and is not renewed by the Company upon expiration of the employment term with at least the same base annual salary or does not thereafter continue upon other mutually agreeable terms, the executive will be entitled to the continuation of his base salary for one year, reduced by any compensation he may receive from another employer during that year. Except as noted below, the foregoing severance benefits are the exclusive benefits that would be payable to the executive under his agreement by reason of his termination, and the Company is not obligated to segregate any assets or procure any investment in order to fund such severance benefits. The agreements also contain confidentiality provisions and other terms and conditions customary to executive employment agreements.

The following table shows the name and titles of the named executive officers with employment agreements, as well as the minimum base salary specified in each executive's agreement and the current expiration date.

Executive	Title	Base Salary	Expiration Date
Jose Luis Laparte	President	\$ 408,000	October 7, 2010
William J. Naylon	Executive Vice President and Chief Operating Officer	\$ 285,600	January 31, 2010
Robert M. Gans	Executive Vice President, Secretary and General Counsel	\$ 278,800	October 16, 2010

Pursuant to his agreement, Mr. Laparte also is entitled to receive an annual housing allowance of \$50,000, up to 11 round-trip tickets annually between Mexico City and San Diego for Mr. Laparte and members of his family and reasonable moving expenses to Mexico at the end of the employment term.

Mr. Price and Mr. Heffner are covered by our standard severance policy. Under the policy, if they are terminated for other than cause, death or disability, they will be entitled to receive a lump sum severance payment equal to their base salary for a period equal to two weeks per completed year of service up to a maximum of 26 weeks.

For purposes of the employment agreements and our standard severance policy, "cause" generally means the executive's (1) repeated and habitual failure to perform his duties or obligations hereunder, (2) engaging in any act that has a direct, substantial and adverse effect on our interests, (3) personal dishonesty, willful misconduct, or breach of fiduciary duty involving personal profit, (4) intentional failure to perform his stated duties, (5) willful violation of any law, rule or regulation which materially adversely affects his ability to discharge his duties or has a direct, substantial and adverse effect on our interests, (6) any material breach of the employment agreement by the executive (if applicable), or (7) the executive's willful breach of duty in the course of his employment, or habitual neglect of his duty or continued incapacity to perform it.

Equity Incentive Plans

The Company has four equity incentive plans.

1997 PriceSmart Stock Option Plan

The Stock Option Plan of PriceSmart, Inc. (the 1997 Plan) provides for option grants covering up to 700,000 shares of Common Stock. As of October 31, 2009, 538,609 shares had been issued upon exercise of options granted under the 1997 Plan, options to purchase an aggregate of 28,665 shares of Common Stock at prices ranging from \$6.19 to \$20.00 per share (other than the annual grants to directors of the Company, which range to \$39.00 per share) remained outstanding, and 132,726 shares remained available for future grant. No additional awards will be granted under the 1997 Plan.

Each award agreement under the 1997 Plan provides that in the event of a Change in Control or a Corporate Transaction, as defined in such award agreements, each outstanding award shall, immediately prior to the effective date of the Change in Control or Corporate Transaction, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such award and, as applicable, may be exercised for any or all of those shares as fully vested shares of Common Stock.

1998 Equity Participation Plan

The 1998 Equity Participation Plan of PriceSmart, Inc. (the 1998 Plan) provides that the Compensation Committee of the Board or a subcommittee thereof may grant or issue non-qualified stock options, stock purchase rights, stock appreciation rights, restricted stock, deferred stock, dividend equivalents, performance awards, stock payments and other stock related benefits, or any combination thereof. Under the stock purchase feature of the 1998 Plan, the Compensation Committee may grant to any consultant or employee the right to purchase shares of Common Stock (stock purchase rights) under the 1998 Plan from time to time, in such amounts and subject to such terms and conditions as the committee may determine, and, at the discretion of the Committee, such determinations may include determining categories of employees and the number of shares to be made available to employees in each such category.

Under the 1998 Plan, each person who is initially elected to the Board and who is a non-employee director at the time of such initial election automatically shall be granted on the date of such initial election the right to purchase 2,716 shares of Common Stock at a purchase price equal to the fair market value on the date the shares are purchased. Non-employee directors also are eligible to receive grants of non-qualified options under the 1998 Plan upon purchases of shares of Common Stock. For each such director who has purchased at least an aggregate of 500 shares of Common Stock, on the date such person purchases additional shares of Common Stock (other than upon the exercise of stock options), such person automatically will be granted a non-qualified stock option to purchase a number of shares of Common Stock equal to the difference between (1) three times the number of such shares of Common Stock actually purchased and (2) the number of shares of Common Stock subject to options previously granted to such director under this provision of the 1998 Plan. No director, however, may receive options under this provision of the 1998 Plan that are exercisable for more than an aggregate of 8,146 shares of our Common Stock.

future grant.

Each award agreement under the 1998 Plan provides that in the event of a Change in Control or a Corporate Transaction, as defined in such award agreements, each outstanding award shall, immediately prior to the effective date of the Change in Control or Corporate Transaction, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such award and, as applicable, may be exercised for any or all of those shares as fully vested shares of Common Stock.

The 2001 Plan provides that in the event of a Change in Control or a Corporate Transaction, each as defined in the 2001 Plan, each outstanding award shall, immediately prior to the effective date of the Change in Control or Corporate Transaction, automatically become fully vested, exercisable or payable, as applicable, for all of the shares of Common Stock at the time subject to such award and, as applicable, may be exercised for any or all of those shares as fully-vested shares of Common Stock.

The Retirement Plan of PriceSmart, Inc.

In 1998, the Company established a retirement plan. The retirement plan is designed to be a qualified plan under applicable provisions of the Internal Revenue Code of 1986, as amended, covering all employees who have completed three months of service, as defined in the retirement plan. Each year, participants may contribute up to 100% per pay period of their pre-tax annual compensation (as defined in the retirement plan) up to the maximum allowable by the Internal Revenue Code of 1986, as amended. All participants in the retirement plan are immediately vested in their accounts and earnings thereon.

Pension Benefits

Other than our retirement plan, which is described above, we do not have any plan that provides for payments or other benefits at, following, or in connection with, retirement.

Nonqualified Deferred Compensation

We do not have any plan that provides for deferred compensation.

Director Compensation

Each non-employee director receives \$20,000 per year for serving on the Board. In addition, non-employee directors who serve on committees of the Board (in a capacity other than chairman of a committee) receive \$500 for each meeting attended. The chairmen of the committees of the Board each receive \$5,000 per year in addition to their other compensation as directors, except that the chairman of the Audit Committee receives \$35,000 per year. Each director is eligible to receive stock options pursuant to the Company's 1997 Plan, 1998 Plan, 2001 Plan and 2002 Plan. Under each of the 1997 Plan, 1998 Plan, 2001 Plan and 2002 Plan, non-employee directors are entitled to receive initial grants of non-qualified stock options to purchase 3,000 shares of Common Stock upon becoming directors and additional grants of options to purchase 1,000 shares of Common Stock on the date of each annual meeting of stockholders at which the director is re-elected to the Board. Each year, the Company

makes a determination as to which equity plan the automatic non-employee option awards will be granted under for such year based in part on its review of the available share reserves under such equity plans. In no event will the non-employee directors receive automatic option grants under more than one equity plan during any year.

Under the 1998 Plan, each person who is initially elected to the Board and who is an independent director at the time of such initial election automatically shall be granted on the date of such initial election the right to purchase 2,716 shares of Common Stock at a purchase price equal to the fair market value on the date the shares are purchased. Non-employee directors also are eligible to receive grants of non-qualified options under the 1998 Plan upon purchases of shares of Common Stock. For each such director who has purchased at least an aggregate of 500 shares of Common Stock, on the date such person purchases additional shares of Common Stock (other than upon the exercise of stock options), such person automatically will be granted a non-qualified stock option to purchase a number of shares of Common Stock equal to the difference between (1) three times the number of such shares of Common Stock actually purchased and (2) the number of shares of Common Stock subject to options previously granted to such director under this provision of the 1998 Plan. No director, however, may receive options under this provision of the 1998 Plan that are exercisable for more than an aggregate of 8,146 shares of our Common Stock.

In April 2008 the Company's Board granted to directors Hensley, Janks, Krause and Wolcott an award of restricted stock units, entitling each of such directors to 5,000 shares of the Company's Common Stock, with vesting commencing on March 29, 2008 at the rate of 20% per year. Such awards were subject to approval of an amendment to the Company's 2001 Plan by the stockholders of this Company, allowing for the award of restricted stock units to independent directors under that Plan. The amendment was approved by the Company's stockholders at the Company's Annual Meeting of Stockholders held on January 28, 2009.

Directors also receive reimbursement for travel expenses incurred in connection with their duties as directors.

The following table sets forth a summary of the compensation we paid to our non-employee directors in the fiscal year ended August 31, 2009.

Severance and Change in Control Payments

The Company has entered into agreements and maintains plans that require it to make payments and/or provide benefits to its named executive officers under specified circumstances in the event of a termination of their employment or a change of control. The Company provides for certain severance benefits in the event that a named executive officer's employment is involuntarily terminated. Such severance benefits are designed to alleviate the financial impact of an involuntary termination through salary continuation and with the intent of providing for a stable work environment. The Company believes that reasonable severance benefits for its named executive officers are important because it may be difficult for the Company's executive officers to find comparable employment within a short period of time following certain qualifying terminations. In addition to normal severance, the Company provides for accelerated vesting of all equity awards for all of its employees in the event of a change in control as a means reinforcing and encouraging the continued attention and dedication of its employees to their duties of employment without personal distraction or conflict of interest in circumstances which could arise from the occurrence of a change in control. The Company believes that the interests of stockholders will be best served if the interests of its senior management are aligned with them, and providing these change-in-control benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential change in control transactions that may be in the best interests of stockholders.

The Company extends severance, continuity and change-in-control benefits because they are essential to help the Company fulfill its objectives of attracting and retaining key managerial talent. These agreements are intended to be competitive within the Company's industry and company size and to attract highly qualified individuals and encourage them to be retained by the Company. While these arrangements form an integral part of the total compensation provided to these individuals and are considered by the Compensation Committee when determining executive officer compensation, the decision to offer these benefits did not influence the Compensation Committee's determinations concerning other direct compensation or benefit levels.

The following table summarizes the potential payments to each named executive officer in two different potential scenarios: (1) a termination of the named executive officer without cause, and (2) a change of control without a termination of employment. The table assumes that the termination of employment or change of control occurred on August 31, 2009, the last business day of our last completed fiscal year. For purposes of estimating the value of accelerated vesting of equity awards to be received in the event of a change of control, the Company has assumed a price per share of our Common Stock of \$17.75, which represents the closing market price of the Company's Common Stock as reported on the Nasdaq Global Select Market on August 31, 2009 (the last trading day of fiscal 2009).

Named Executive Officer	Severance upon Termination without Cause	Acceleration of Options and Restricted Stock upon Change of Control

Robert M. Gans Executive Vice President, Secretary and General Counsel	(2)	\$ 465,320
William J. Naylor Executive Vice President and Chief Operating Officer	(2)	\$ 326,600

- (1) Mr. Price and Mr. Heffner are covered by our standard severance policy. Under the policy, if they are terminated for other than cause, death or disability, they will be entitled to a lump sum severance payment equal to their base salary for a period equal to two weeks per completed year of service up to a maximum of 26 weeks.
- (2) Under the named executive officer's employment agreement, in the event of his termination for other than cause, death or disability, he will be entitled to the continuation of his base salary for a period of one year, payable over such severance period in conformity with the Company's normal payroll.

This practice, known as "householding," is designed to reduce duplicate mailings, save significant printing and postage costs, and conserve natural resources. Stockholders will receive only one copy of our proxy statement and annual report if they share an address with another stockholder, have been previously notified of householding by their broker, bank or other intermediary, and have consented to householding, either affirmatively or implicitly by not objecting to householding. If you would like to opt out of this practice for future mailings, and receive separate annual reports and proxy statements for each stockholder sharing the same address, please contact your broker, bank or other intermediary. You may also obtain a separate annual report or proxy statement without charge by sending a written request to PriceSmart, Inc., 9740 Scranton Road, San Diego, California 92121, Attention: Secretary or call Investor Relations at (858) 404-8800. We will promptly send additional copies of the annual report or proxy statement upon receipt of such request.
