Item 1.01. Entry into a Material Definitive Agreement.

On February 4, 2010, BioMarin Pharmaceutical Inc. (BioMarin) entered into a stock purchase agreement with LEAD Therapeutics, Inc. (LEAD) and the stockholders of LEAD to acquire all of the outstanding shares of capital stock of LEAD. LEAD is a small private drug discovery and early stage development company with key compound LT-673, an orally available poly (ADP-ribose) polymerase (PARP) inhibitor for the treatment of patients with rare, genetically defined cancers.

Under the terms of the stock purchase agreement, BioMarin will pay to the stockholders of LEAD \$18 million upfront and will pay an additional \$11 million upon acceptance of the IND filing (filing expected by the end of 2010), and up to \$68 million for development and launch milestones for LT-673. As a result of this acquisition, BioMarin expects to incur approximately \$11.0 to \$13.0 million in operating expenses and acquisition related charges in 2010. Subject to customary closing conditions, the acquisition is expected to be completed by mid-February 2010.

The foregoing description of the stock purchase agreement is qualified in its entirety by reference to the full text of the stock purchase agreement, a copy of which will be filed with the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2010.
