Policy on Audit Committee Pre-Approval of Services of Independent Registered Public Accounting Firm

Our Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. Prior to engagement of the independent registered public accounting firm for the following year's audit, management will submit to the Audit Committee for approval a description of services expected to be rendered during that year for each of following four categories of services:

Audit services include audit work performed in the preparation and audit of the annual financial statements, review of quarterly financial statements, reading of annual, quarterly and current reports, as well as work that generally only the independent auditor can reasonably be expected to provide, such as the provision of consents and comfort letters in connection with the filing of registration statements.

Audit-related services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions and special procedures required to meet certain regulatory requirements.

Tax services consist principally of assistance with tax compliance and reporting, as well as certain tax planning consultations.

Other services are those associated with services not captured in the other categories. We generally do not request such services from our independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted, and the Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year,

circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

None of the services described above for 2010 or 2009 provided by EKS&H were approved by the Audit Committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

Required Vote and Recommendation of Board of Directors

The affirmative vote of the holders of a majority of the shares present and entitled to vote on the proposal at the annual meeting is required to ratify the appointment of the independent registered public accounting firm. Abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect upon the proposal. If our stockholders do not ratify the selection of EKS&H, our Board of Directors will consider other independent auditors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* RATIFICATION OF THE APPOINTMENT OF EHRHARDT KEEFE STEINER & HOTTMAN PC AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2011.

PROPOSAL NO. 3

APPROVAL AND ADOPTION OF AMENDMENT TO THE AMPIO PHARMACEUTICALS, INC.

2010 STOCK OPTION AND INCENTIVE PLAN TO INCREASE THE SHARE RESERVE

Our 2010 Stock Option and Incentive Plan (the 2010 Plan), which was adopted in March 2010, currently has authorized for issuance 4,500,000 shares of Common Stock, of which 357,467 shares remained available for future grants as of the Record Date. Our Board of Directors has approved an amendment to the 2010 Plan, subject to approval by our stockholders, to increase the shares authorized for issuance by 1,200,000 shares to a total of 5,700,000 shares.

Our Board of Directors believes that the approval of the amendment to the 2010 Plan is in the best interests of our Company and stockholders because the availability of an adequate number of shares reserved for issuance under the 2010 Plan is an important factor in attracting, motivating and retaining qualified individuals essential to our success.

Pursuant to the 2010 Plan, we may grant to eligible persons awards of incentive stock options (ISOs) within the meaning of Section 422(b) of the Internal Revenue Code of 1986, as amended (the Code), non-qualified stock options, restricted or unrestricted stock awards of our Common Stock, stock appreciation rights (SARs), restricted stock units, cash-based awards, performance share awards and dividend equivalent rights (together, Awards). Our Board of Directors believes that Awards are an integral part of the compensation packages to be offered to our executives, directors, employees and consultants and that the grant of Awards, which in most cases align the interests of the recipients with those of our stockholders, is an effective method to attract and retain employees in an industry characterized by a high level of employee mobility and aggressive recruiting of the services of a limited number of skilled personnel.

The following summary of certain features of the 2010 Plan is qualified in its entirety by reference to the full text of the 2010 Plan, which is filed as an exhibit to our Current Report on Form 8-K/A filed with the SEC on March 17, 2010. Attached to this Proxy Statement as Appendix A is the Instrument of Amendment to the 2010 Plan that would effect the amendment described in this Proposal No. 3. All capitalized terms used but not defined herein have the respective meanings ascribed to them in the 2010 Plan.

Nature and Purposes of the 2010 Plan

The purposes of the 2010 Plan are to facilitate fair, adequate and competitive compensation and to induce certain individuals to remain in the employ of, or to continue to serve as directors of, or as independent consultants to, our company and our present and future subsidiary corporations, as defined in section 424(f) of the Code, to attract new individuals to enter into such employment and service and to encourage such individuals to secure or increase on reasonable terms their stock ownership in the company. Our Board of Directors believes that the granting of Awards under the 2010 Plan will promote continuity of management, increased incentive and personal interest in our welfare, and aid in securing our growth and financial success.

Duration and Modification

The 2010 Plan will terminate on March 5, 2020, ten years from its adoption by the Board of Directors. The Board of Directors may at any time terminate the 2010 Plan or make such modifications to the 2010 Plan as it may deem advisable, or amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action may adversely affect rights under any outstanding Award without the participant's consent. The Administrator of the 2010 Plan is specifically authorized to exercise its discretion to reduce the exercise price of outstanding stock options or SARs or effect the repricing of such Awards through cancellation and re-grants. To the extent required under NASDAQ Capital Market rules, to the extent determined by the Administrator to be required by the Code to ensure that ISOs granted under the 2010 Plan are qualified under Code Section 422, or to ensure that compensation earned under Awards qualifies as performance-based compensation under Code Section 162(m), 2010 Plan amendments shall be subject to stockholder approval. In accordance with NASDAQ Capital Market rules, an increase in the number of shares of Common Stock as to which Awards may be granted under the 2010 Plan requires stockholder approval.

Administration of the Plan

The 2010 Plan is administered by the Board or the Compensation Committee or a similar committee performing the functions of the Compensation Committee. The Administrator has the discretion to determine the participants under the 2010 Plan, the types, terms and conditions of the Awards, including performance and other earn out and/or vesting contingencies, permit transferability of Awards to immediate family members of a participant or a trust established for the benefit of such immediate family members, interpret the 2010 Plan's provisions and administer the 2010 Plan in a manner that it deems advisable.

Eligibility and Extent of Participation

The 2010 Plan provides for discretionary grants of Awards to all of our employees, non-employee directors and other key persons such as consultants and prospective employees, including those of any of our subsidiaries. As of October 14, 2011, we had 15 employees and four non-employee directors who would be eligible to participate in the 2010 Plan.

Shares Authorized for Issuance

At a special meeting on March 1, 2010, our stockholders approved the original adoption of the 2010 Plan, under which 2,500,000 shares were initially reserved for future issuance pursuant to Awards. On August 15, 2010, the number of shares issuable under the plan was increased to 4,500,000 shares by consent of our majority stockholders.

Stock Options

Under the 2010 Plan, the Administrator may grant Awards in the form of options to purchase shares of Common Stock. The exercise price per share of Stock subject to a stock option shall be determined by the

Administrator and may not be less than the fair market value of the Stock at the time of grant. The exercise price for an ISO may not be less than 110% of the fair market value with respect to a participant who, at such time, owns stock representing more than 10% of the total combined voting power of the Common Stock.

No option granted pursuant to the 2010 Plan may be exercised more than 10 years after the date of grant, except that ISOs granted to participants who own more than 10% of the total combined voting power of the Common Stock at the time the ISO is granted may not be exercised more than five years after the date of grant.

Stock Awards Restricted or Unrestricted

The 2010 Plan permits the grant of stock awards, which grant the participant the right to receive shares of Common Stock in the future. Stock Awards may or may not contain transferability restrictions and vesting restrictions relating to the participant's continued service with the Company and/or the achievement of pre-established performance goals. Such restrictions, if any, will be determined by the Administrator and described in the Award Certificate.

Stock Appreciation Rights

The 2010 Plan also permits the grant of Awards of SARs, which are grants of the right to receive shares of Common Stock with an aggregate fair market value equal to the value of the SAR. The value of a SAR with respect to one share of Common Stock on any date is the excess of the fair market value of a share on such date over the fair value of the shares underlying of the SAR on the grant date.

Restricted Stock Units

The 2010 Plan provides for discretionary grants of restricted stock unit awards, which consist of the right to receive cash, common stock or a combination thereof at a date on or after meeting the vesting restrictions, which may include the participant's continued service with the Company and/or the achievement of pre-established performance goals. Such restrictions will be determined by the Administrator and described in the Award Certificate.

Cash-Based Awards

The Administrator may grant cash-based awards, which are awards entitling the recipient to receive a cash-denominated payment. Cash-based awards may contain vesting restrictions, which may include the participant's continued service with the Company and/or the achievement of pre-established performance goals. Such restrictions, if any, will be determined by the Administrator and described in the Award Certificate.

Performance Share Awards

The Administrator may also grant performance share awards independently or in connection with other Awards. The Administrator will establish performance objectives in an Award Certificate or in a separate performance plan and the participant will receive a certain number of shares of Common Stock based on the attainment of the performance objectives at the end of the performance period.

Performance-Based Awards

Awards may be granted under the 2010 Plan such that they qualify for the performance-based compensation exemption of Code Section 162(m). An employee or other key person providing services to the Company may receive a performance-based award upon the attainment of Performance Goals that are established by the Administrator and relate to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Administrator. The Administrator must define in an objective fashion the manner of calculating the Performance Criteria it selects to use in accordance with the 2010 Plan. Depending on the Performance Criteria used to establish such Performance Goals, the Performance Goals may be expressed in terms of overall Company performance or the performance of a division, business unit, or an individual. Subject to

adjustments for stock splits and similar events, the maximum award granted to any one individual that is intended to qualify as performance-based compensation under Section 162(m) of the Code will not exceed 200,000 shares of Common Stock for any performance cycle. If a performance-based award is payable in cash, it cannot exceed \$500,000 for any performance cycle. In addition, options or stock appreciation rights with respect to no more than 400,000 shares may be granted to any one individual during any one calendar year period.

Dividend Equivalent Rights

Under the 2010 Plan, the Administrator is authorized to grant a dividend equivalent right to any participant either as a component of another Award or as a separate Award, conferring on participants the right to receive cash or shares of Common Stock equal in value to dividends paid on a specific number of shares or other periodic payments. The terms and conditions of the dividend equivalent right shall be specified in the Award Certificate. Dividend equivalents credited to the holder of a dividend equivalent right may be paid currently or may be deemed to be reinvested in additional shares. Any such reinvestment shall be at the fair market value at the time thereof. A dividend equivalent right may be settled in cash, shares, or a combination thereof.

Voting Rights

Participants will not have any interest or voting rights in shares covered by their Awards until the Awards shall have been exercised or restrictions shall have lapsed and a certificate for such shares shall have been issued. In the case of restricted stock Awards, a grantee shall have the rights of a stockholder with respect to the voting of the shares underlying the Award upon grant of the restricted stock Award and payment of any applicable purchase price, subject to any conditions contained in the Award Certificate.

Adjustment of Number of Shares

In the event of any corporate event or transaction involving the Company such as a merger, consolidation, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, exchange of shares or other similar change in capital structure or similar corporate event or transaction, the Administrator shall, to prevent dilution or enlargement of participants' rights under the 2010 Plan, make an appropriate or proportionate adjustment in (i) the maximum number of shares reserved for issuance under the 2010 Plan, including the maximum number of shares that may be issued in the form of ISOs, (ii) the number of stock options or SARs that can be granted to any one individual grantee and the maximum number of shares that may be granted under a performance-based award, (iii) the number and kind of shares or other securities subject to any then outstanding Awards under the 2010 Plan, (iv) the repurchase price, if any, per share subject to each outstanding restricted stock award, and (v) the exercise price for each share subject to any then-outstanding stock options and SARs under the 2010 Plan, without changing the aggregate exercise price as to which such stock options and SARs remain exercisable. The Administrator shall also make equitable or proportionate adjustments in the number of shares subject to outstanding Awards and the exercise price and the terms of outstanding Awards to take into consideration cash dividends paid other than in the ordinary course or any other extraordinary corporate event.

Change in Control

Unless otherwise specified in an Award Certificate, upon the occurrence of a Sale Event, the 2010 Plan and all outstanding Awards shall terminate, unless provision is made in connection with the Sale Event by the parties thereto for the assumption or continuation of Awards by the successor entity, or the substitution of such Awards with new Awards of the successor entity or parent thereof, with appropriate adjustment as such parties shall agree.

In the event of termination upon a Sale Event, (i) the Company shall have the option (in its sole discretion) to make or provide for a cash payment to the grantees holding options and SARs in exchange for the cancellation thereof or (ii) each grantee shall be permitted, within a specified period of time prior to the consummation of the Sale Event as determined by the Administrator, to exercise all outstanding options and SARs held by such grantee. The Administrator shall also have the discretion to accelerate the vesting of all other Awards.

As used in the 2010 Plan, the term "Sale Event" means (i) the sale of all or substantially all of the assets of the Company on a consolidated basis to an unrelated person or entity, (ii) a merger, reorganization or consolidation pursuant to which the holders of the Company's outstanding voting power immediately prior to such transaction do not own a majority of the outstanding voting power of the resulting or successor entity (or its ultimate parent, if applicable) immediately upon completion of such transaction, or (iii) the sale of all of the Stock of the Company to an unrelated person or entity.

New Plan Benefits to Named Executive Officers and Others

If this Proposal No. 3 is approved, the following equity awards would be expected to be granted following approval:

Director Compensation. We expect to continue to make annual restricted stock awards valued at \$10,000 to each of our non-employee directors, which awards are in addition to cash director fees. The value of the common stock being delivered in satisfaction of this obligation is fixed based on the closing price of our common stock on the NASDAQ Capital Market on the date of grant of the award.

Because incentive awards granted under the 2010 Plan are generally discretionary, the table below sets forth information pertaining to stock options and shares of restricted stock that were granted in 2010 pursuant to the 2010 Plan to the persons or groups named below.

Name and Position	Total Number of Stock Options	Dollar Value of Stock Options (1)	Total Number of Shares of Restricted Stock	Dollar Value of Restricted Stock (1)

(1) Market values for stock option awards were calculated using the Black-Scholes Method. A discussion of the assumptions used in calculating the Black-Scholes values may be found in Note 8 "Common Stock - Equity Incentive Plan" of the notes to our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2010. Market values for restricted stock awards were determined by multiplying the number of shares granted by the closing market price of our stock on the grant date in accordance with FASB ASC 718.

Equity Compensation Plan Information

At a special meeting held on March 1, 2010, our stockholders approved the adoption of the 2010 Plan, under which 2,500,000 shares were initially reserved for future issuance under restricted stock awards, options, and other equity awards. Tax Aspects Under the Code

The following is a summary of the principal federal income tax consequences of certain transactions under the 2010 Plan. It does not describe all federal tax consequences under the 2010 Plan, nor does it describe state or local tax consequences.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an ISO. If shares of Common Stock issued to an optionee pursuant to the exercise of an ISO are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (i) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (ii) the Company will not be entitled to any deduction for federal income tax purposes. The exercise of an ISO will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares of Common Stock acquired upon the exercise of an ISO are disposed of prior to the expiration of the two-year and one-year holding periods described above (a disqualifying disposition), generally (i) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares of Common Stock at exercise (or, if less, the amount realized on a sale of such shares of Common Stock) over the option price thereof, and (ii) we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the ISO is paid by tendering shares of Common Stock.

If an ISO is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a non-qualified option. Generally, an ISO will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

Non-Qualified Options. No income is realized by the optionee at the time the option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares of Common Stock on the date of exercise, and we receive a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of Common Stock have been held.

Edgar Filing: Ampio Pharmaceuticals, Inc. - Form DEF 14A

Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares of Common Stock. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Restricted Stock Awards. Restricted stock Awards are generally subject to ordinary income tax at the time the restrictions lapse. The Company will be entitled to a corresponding Federal income tax deduction at the time the participant recognizes ordinary income.

Stock Appreciation Rights. No income is realized by the participant at the time upon the grant of a SAR. When the participant receives the appreciation inherent in the SARs in stock, the spread between the then current market value and the Base Value will be taxed as ordinary income to the participant. The Company will be entitled to a Federal tax deduction equal to the amount of ordinary income the participant is required to recognize as the result of exercising the SAR.

Other Awards. The Company generally will be entitled to a tax deduction in connection with an award under the 2010 Plan in an amount equal to the ordinary income realized by the participant at the time the participant recognizes such income. Participants typically are subject to income tax and recognize such tax at the time that an award is exercised, vests or becomes non-forfeitable, unless the award provides for a further deferral.

Parachute Payments. The vesting of any portion of an option or other award that is accelerated due to the occurrence of a change in control (such as a sale event) may cause a portion of the payments with respect to such accelerated awards to be treated as parachute payments as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on Deductions. Under Section 162(m) of the Code, the Company's deduction for certain awards under the 2010 Plan may be limited to the extent that the Chief Executive Officer or other executive officer whose compensation is required to be reported in the summary compensation table (other than the Chief Financial Officer) receives compensation in excess of \$1 million a year (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code). The 2010 Plan is structured to allow certain awards to qualify as performance-based compensation.

Stockholder Approval Requirement for the Proposal

Because our Common Stock is listed on the NASDAQ Capital Market, we are subject to the NASDAQ listing standards set forth in its Marketplace Rules. We are required under Marketplace Rule 5635(c) to seek stockholder approval of our proposed amendment to increase the number of shares authorized for issuance, and impose a maximum individual limit on annual awards of options or stock appreciation rights, under the 2010 Plan. Marketplace Rule 5635(c) requires stockholder approval prior to materially amending a stock option plan or other equity compensation arrangement, pursuant to which stock may be acquired by officers, directors, employees or consultants. Therefore, we are requesting stockholder approval for this Proposal No. 3 under this NASDAQ listing standard.

Required Vote and Recommendation of Board of Directors

The affirmative vote of the holders of a majority of the shares present and entitled to vote on the proposal at the annual meeting is required to ratify the amendment to the 2010 Plan. Abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect upon the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL TO AMEND THE 2010 PLAN TO INCREASE THE SHARE RESERVE

BOARD OF DIRECTORS AND COMMITTEES; CORPORATE GOVERNANCE

Meetings of the Board of Directors

During the year ended December 31, 2010, there were held (i) four meetings of the Board of Directors, (ii) three meetings of the Audit Committee, (iii) two meetings of the Compensation Committee, and (iv) one meeting of the Nominating and Governance Committee. No incumbent director attended fewer than seventy-five percent (75%) of the aggregate of (x) the total number of meetings of the Board, and (y) the total number of meetings held by all committees of the Board during the period that such director served.

Committees of the Board

Our Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, each of which has the composition and the responsibilities described below. The Audit Committee, Compensation Committee and Nominating and Governance Committee all operate under charters approved by our Board of Directors, which charters are available on our website.

Audit Committee. Our Audit Committee oversees our corporate accounting and financial reporting process and assists the Board of Directors in monitoring our financial systems and our legal and regulatory compliance. Our Audit Committee is responsible for, among other things:

selecting and hiring our independent auditors;

appointing, compensating and overseeing the work of our independent auditors;

approving engagements of the independent auditors to render any audit or permissible non-audit services;

reviewing the qualifications and independence of the independent auditors;

monitoring the rotation of partners of the independent auditors on our engagement team as required by law;

reviewing our financial statements and reviewing our critical accounting policies and estimates;

reviewing the adequacy and effectiveness of our internal controls over financial reporting; and

reviewing and discussing with management and the independent auditors the results of our annual audit, our quarterly financial statements and our publicly filed reports.

The members of our Audit Committee are Messrs. Giles, Coelho and Stevens. Mr. Giles is our Audit Committee chairman and was appointed to our Audit Committee on August 10, 2010. Our Board of Directors has determined that each member of the Audit Committee meets the financial literacy requirements of the national securities exchanges and the SEC, and Mr. Giles qualifies as our Audit Committee financial expert as defined under SEC rules and regulations. Our Board of Directors has concluded that the composition of our Audit Committee meets the requirements for independence under the current requirements of the NASDAQ Capital Market and SEC rules and regulations. We believe that the functioning of our Audit Committee complies with the applicable requirements of SEC rules and regulations, and applicable requirements of the NASDAQ Capital Market.

Compensation Committee. Our Compensation Committee oversees our corporate compensation policies, plans and programs. The Compensation Committee is responsible for, among other things:

Edgar Filing: Ampio Pharmaceuticals, Inc. - Form DEF 14A

reviewing and recommending policies, plans and programs relating to compensation and benefits of our directors, officers and employees;

reviewing and recommending compensation and the corporate goals and objectives relevant to compensation of our chief executive officer;

reviewing and approving compensation and corporate goals and objectives relevant to compensation for executive officers other than our chief executive officer;

evaluating the performance of our executive officers in light of established goals and objectives;

developing in consultation with our Board of Directors and periodically reviewing a succession plan for our chief executive officer; and

administering our equity compensations plans for our employees and directors.

The members of our Compensation Committee are Messrs. Coelho, Giles and Stevens. Mr. Coelho is the chairman of our Compensation Committee. Each member of our Compensation Committee is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act, is an outside director, as defined pursuant to Section 162(m) of the Code, and satisfies the independence requirements of the NASDAQ Capital Market. We believe that the composition of our Compensation Committee meets the requirements for independence under, and the functioning of our Compensation Committee complies with, any applicable requirements of the NASDAQ Capital Market and SEC rules and regulations.

Our Compensation Committee and our Board of Directors have not yet established a succession plan for our chief executive officer.

In fulfilling its responsibilities, the Committee is permitted under the Compensation Committee charter to delegate any or all of its responsibilities to a subcommittee comprised of members of the Compensation Committee or the Board, except that the Committee may not delegate its responsibilities for any matters that involve compensation of any officer or any matters where it has determined such compensation is intended to comply with Section 162(m) of the Code or is intended to be exempt from Section 16(b) under the Exchange Act pursuant to Rule 16b-3 by virtue of being approved by a committee of independent or nonemployee directors.

Nominating and Governance Committee. Our Nominating and Governance Committee oversees and assists our Board of Directors in reviewing and recommending corporate governance policies and nominees for election to our Board of Directors. The Nominating and Governance Committee is responsible for, among other things:

evaluating and making recommendations regarding the organization and governance of the Board of Directors and its committees;

assessing the performance of members of the Board of Directors and making recommendations regarding committee and chair assignments;

recommending desired qualifications for Board of Directors membership and conducting searches for potential members of the Board of Directors; and

reviewing and making recommendations with regard to our corporate governance guidelines.

The members of our Nominating and Governance Committee are currently Messrs. Giles and Coelho. Mr. Coelho is the chairman of our Nominating and Governance Committee. Our Board of Directors has determined that each member of our Nominating and Governance Committee is independent within the meaning of the independent director guidelines of the NASDAQ Capital Market.

Our Board of Directors may from time to time establish other committees.

Annual Meeting Attendance and Executive Sessions

Commencing January 1, 2011, our policy has been that directors attend the annual meeting of stockholders. We previously did not have a policy concerning director attendance at annual meetings. Commencing January 1, 2011, our policy has been that our non-employee directors are also required to meet in separate sessions without management on a regularly scheduled basis four times a year. Generally, these meetings are expected to take place in conjunction with regularly scheduled meetings of the Board throughout the year.

Director Nominations and Stockholder Communications

Our Nominating and Governance Committee's policy is to evaluate any recommendation for director nominee proposed by a stockholder. Our bylaws permit stockholders to nominate directors for consideration at an annual meeting, subject to certain conditions. Any recommendation for director nominee must be submitted in writing to:

Ampio Pharmaceuticals, Inc.

Attention: Corporate Secretary

5445 DTC Parkway, Suite 925

Greenwood Village, Colorado 80111

The Nominating and Governance Committee generally identifies potential candidates for director by seeking referrals from our management and members of the Board of Directors and their various business contacts. There are currently no specific, minimum or absolute criteria for Board membership. Candidates are evaluated based upon factors such as independence, knowledge, judgment, integrity, character, leadership, skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. There are no differences in the manner in which the Committee will evaluate nominees for director based on whether the nominee is recommended by a stockholder.

We have not implemented a formal policy or procedure by which our stockholders can communicate directly with our Board of Directors. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board of Directors or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe that we are responsive to stockholder communications, and therefore have not considered it necessary to adopt a formal process for stockholder communications with our Board. During the upcoming year, our Board will continue to monitor whether it would be appropriate to adopt such a policy. Communications will be distributed to the Board, or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communications. Items that are unrelated to the duties and responsibilities of the Board may be excluded, such as:

junk mail and mass mailings;

resumes and other forms of job inquiries;

surveys; and

solicitations or advertisements.

In addition, any material that is unduly hostile, threatening, or illegal in nature may be excluded, provided that any communication that is excluded will be made available to any outside director upon request.

Director Independence

Our common stock is listed on the NASDAQ Capital Market. The listing rules of the NASDAQ Capital Market require that a majority of the members of the Board of Directors be independent. The rules of the NASDAQ Capital Market require that, subject to specified exceptions, each member of our Audit, Compensation and Nominating and Governance Committees be independent. Audit Committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. Under the rules of the NASDAQ Capital Market, a director will only qualify as an independent director if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered to be independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

In August 2011, our Board of Directors undertook a review of its composition, the composition of its committees and the independence of each director. Based upon information provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board of Directors has determined that none of Messrs. Macaluso, Coelho, Giles and Stevens, representing four of our six directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined by the NASDAQ Capital Market. Our Board of Directors also determined that Messrs. Giles, Coelho and Stevens, who comprise our Audit Committee and our Compensation Committee, and Messrs. Giles and Coelho, who comprise our Nominating and Governance Committee, satisfy the independence standards for those committees established by applicable SEC rules and the NASDAQ Capital Market rules. In making this determination, our Board of Directors considered the relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that is applicable to all of our employees, officers and directors. The code is available on our web site, www.ampiopharma.com, under the Investor Relations tab. We intend to disclose future amendments to, or waivers from, certain provisions of our code of ethics, if any, on the above website within four business days following the date of such amendment or waiver.

Leadership Structure of the Board

The Board of Directors does not currently have a policy on whether the same person should serve as both the chief executive officer and chairman of the Board or, if the roles are separate, whether the chairman should be selected from the non-employee directors or should be an employee. The Board believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best to provide appropriate leadership for Ampio at that time. Our current chairman, Michael Macaluso, is not an officer of Ampio or its subsidiaries. Mr. Macaluso has served as a member of our Board since March 2010, and has been a member of the board of directors of Life Sciences from December 2009.

Risk Oversight

The Board oversees risk management directly and through its committees associated with their respective subject matter areas. Generally, the Board oversees risks that may affect Ampio's business as a whole, including operational matters. The Audit Committee is responsible for oversight of our accounting and financial reporting processes and also discusses with management our financial statements, internal controls and other accounting and related matters. The Compensation Committee oversees certain risks related to compensation programs and the Nominating and Governance Committee oversees certain corporate governance risks. As part of their roles in overseeing risk management, these committees periodically report to the Board regarding briefings provided by management and advisors as well as the committees' own analysis and conclusions regarding certain risks faced by us. Management is responsible for implementing the risk management strategy and developing policies, controls, processes and procedures to identify and manage risks.

Involvement in Certain Legal Proceedings

No director, executive officer, promoter or control person of our company has, during the last ten years: (i) been convicted in or is currently subject to a pending a criminal proceeding (excluding traffic violations and other minor offenses); (ii) been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction

and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to any Federal or state securities or banking or commodities laws including, without limitation, in any way limiting involvement in any business activity, or finding any violation with respect to such law, nor (iii) any bankruptcy petition been filed by or against the business of which such person was an executive officer or a general partner, whether at the time of the bankruptcy or for the two years prior thereto.

In addition, Ampio is not engaged in, nor is it aware of any pending or threatened, litigation in which any of its directors, executive officers, affiliates or owner of more than 5% of Ampio's common stock is a party adverse to Ampio or has a material interest adverse to Ampio.

Family Relationships

There are no family relationships between any of our directors or executive officers. Raphael Bar-Or, a non-executive officer, is the son of David Bar-Or, M.D., our Chief Scientific Officer and a director. Barbara Giles, a non-executive employee, is the spouse of Richard B. Giles, one of our directors.

- (4) Includes \$17,063 in salary deferred by Dr. Bar-Or at December 31, 2009.

- (9) Includes \$13,500 in salary deferred by Mr. Miller at December 31, 2009.

The above-noted salary deferrals were necessitated by the Company's limited financial resources in 2010 and 2009. All deferred salaries were paid to the officers in question following the closing in April 2011 of the private placement of 5,092,880 shares of the Company's common stock at a per share price of \$2.50 per share, for net proceeds to the Company of approximately \$10.9 million (the 2011 Private Placement).

Mr. McGregor is an at-will employee and is receiving an annual salary of \$150,000, commencing with his employment as Chief Financial Officer on April 4, 2011. Mr. McGregor was issued an option to purchase 100,000 shares of the Company's common stock on April 4, 2011, which has an exercise price of \$2.50 per share (equal to the purchase price of shares sold in the 2011 Private Placement that was consummated on that date) and which vested 50% on the date of grant and which is scheduled to vest as to the remaining 50% on the one year anniversary of the date of grant. The unvested portion of the option (if any) will vest immediately in the event that Mr. McGregor's employment is involuntarily terminated without Cause following the appointment of a new chief executive officer of the Company. Mr. McGregor receives no other compensation or benefits from the Company under the terms of his employment arrangement.

Mr. Miller, the Company's former Chief Financial Officer, remains employed with the Company as a member of the team tasked to advance the commercialization of Zertane. Mr. Miller was chief executive officer and/or president of BioSciences from 1992 until the Company's acquisition of BioSciences in March 2011 and, in such capacity, gained significant experience in licensing opportunities with respect to Zertane.

The executive officers will be reimbursed by the Company for any out-of-pocket expenses incurred in connection with activities conducted on the Company's behalf.

Overview of Compensation Program

Our compensation program for our named executive officers, consists of three components—a base salary, discretionary bonuses based on performance, and equity compensation. Each of these components is reflected in the Summary Compensation Table above and is discussed in further detail below.

Compensation Program Objectives; What Our Compensation Program is Designed to Reward. Our executive compensation program is designed to retain our executive officers and to motivate them to increase stockholder value on both an annual and longer term basis. These objectives are to be accomplished primarily by positioning us to maximize our product development efforts and to transform, over time, those efforts into collaboration revenues and income. To that end, compensation packages include significant incentive forms of stock-based compensation to ensure that each executive officer's interest is aligned with the interests of our stockholders.

Why Each Element of Compensation is Paid; How the Amount of Each Element is Determined. The following is a brief discussion of each element of our named executive officer compensation. The Compensation Committee intends to pay each of these elements in order to ensure that a desirable overall mix is established between base compensation and incentive compensation, cash and non-cash compensation, and annual and long-term compensation. The Compensation Committee also intends to evaluate on a periodic basis the overall competitiveness of our executive compensation packages as compared to packages offered in the marketplace for which we compete with executive talent. Overall, our Compensation Committee believes that our executive compensation packages are currently appropriately balanced and structured to retain and motivate our named executive officers, while necessarily taking into account our presently limited financial resources.

Salaries. The cash salaries paid to three of our named executive officers (Mr. Wingerter and Drs. Bar-Or and Clift) were established at the time they became officers. Each of these persons has an employment agreement with us, a copy of which is an exhibit to, or incorporated by reference in, our annual report on Form 10-K for the fiscal year ended December 31, 2010. Our other named executive officer, Mr. Miller, is an employee at will. Since the respective dates of their becoming named executive officers, any increases in the salaries of our named executive officers have been made at the discretion of the Compensation Committee. Mr. Wingerter and Dr. Bar-Or, who serve as our Chief Executive Officer and Chief Scientific Officer, respectively, receive no additional compensation for serving on our Board of Directors.

Cash Incentive Compensation. Cash incentive or bonus compensation is discretionary under our employment agreements with Mr. Wingerter and Drs. Bar-Or and Clift. However, each employment agreement contains performance objectives tailored to the individual officer's duties, and provides for a target bonus of 50% of the officer's base salary, which is to take into account both employee performance and company performance. All cash incentive compensation grants are intended to be paid in accordance with Section 162(m) of the Code. In 2010, we paid a cash bonus to Mr. Wingerter of \$29,000, Mr. Miller of \$10,000 and Dr. Clift of \$29,500 which were awarded on a discretionary basis by the Compensation Committee based on the Compensation Committee's assessment of 2010 performance.

Equity Compensation. In 2010, we granted stock options to certain of our officers, directors and consultants for their services, all of which were granted pursuant to written agreements under the 2010 Plan. All future grants are expected to be made under the 2010 Plan. The vesting period for option grants varies, but the grants made to our named executive officers on August 11, 2010 provided that (i) one-third vested immediately, and (ii) the remaining options vest in equal thirds on the two following anniversaries of the date of grant.

Perquisites. We offer health benefits received by all of our employees. None of our named executive officers receives any further perquisites.

How Each Compensation Element Fits into Overall Compensation Objectives and Affects Decisions Regarding Other Elements. In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, our operational and financial performance as a company, and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation. The Compensation Committee also endeavors to properly allocate between cash and non-cash compensation and between annual and long-term compensation.

Risk Assessment. Our Compensation Committee has reviewed our compensation program and believes that the program, including our cash incentive compensation and equity incentive compensation, does not encourage our named executive officers to engage in any unnecessary or excessive risk-taking. As a result, the Compensation Committee has to date not implemented a provision for recovery by us of cash or incentive compensation bonuses paid to our named executive officers.

Role of Compensation Consultants in Executive Compensation Decisions. The Compensation Committee has the authority to retain the services of third-party executive compensation specialists in connection with the establishment of the Company's compensation policies. The Compensation Committee did not use a compensation consultant in connection with setting 2010 executive compensation, and relied upon the professional and market experience of the Committee members in determining 2010 executive compensation. The Compensation Committee may engage a compensation consultant in the future if it deems such services to be appropriate and cost-justified.

Role of Executives in Executive Compensation Decisions. The Compensation Committee seeks input and specific recommendations from our Chief Executive Officer when discussing the performance of, and compensation levels for, executives other than himself. The Chief Executive Officer provides recommendations to the Compensation Committee regarding each executive officer's level of individual achievement other than himself. However, he is not a member of the Compensation Committee and does not vote. The Compensation Committee also works with our Chief Executive Officer and our Chief Financial Officer to evaluate the financial, accounting, tax and retention implications of our various compensation programs. Neither our Chief Executive Officer nor any of our other executives participates in deliberations relating to his or her own compensation.

The following table provides a summary of equity awards outstanding for each of the named executive officers as of December 31, 2010:

(1) Each currently unexercisable option becomes exercisable by its terms 50% on August 12, 2011 and 50% on August 12, 2012.

Mr. McGregor was granted an option on April 4, 2011 covering 100,000 shares that vested 50% immediately and is scheduled to vest as to the remaining 50% on April 4, 2012. The option has an exercise price of \$2.50 per share. Mr. McGregor was not employed with us at December 31, 2010.

Employment Agreements

Life Sciences previously entered into employment agreements with Dr. Bar-Or, Mr. Miller and Dr. Clift and three non-executive officers: Dr. James Winkler, Raphael Bar-Or and Ms. Wannell Crook. In August and November 2010 and January 2011, respectively, we entered into new employment agreements with Mr. Wingerter, our Chief Executive Officer, Dr. Bar-Or, our Chief Scientific Officer, and Dr. Clift, our Chief Regulatory Affairs Officer. The new employment agreement with Dr. Bar-Or superseded the prior agreement with Life Sciences. The terms of the employment agreements with Mr. Wingerter, Dr. Bar-Or and Dr. Clift are substantially identical except as noted below. Each agreement has an initial term ending July 31, 2013. Due to the closing of the 2011 Private Placement in April 2011, the officers no longer receive the reduced salaries that reflected our limited financial resources in 2009 and 2010. Accordingly, Mr. Wingerter and Drs. Bar-Or and Clift now receive salaries memorialized in their employment agreements, being \$275,000 for Mr. Wingerter, \$300,000 for Dr. Bar-Or, and \$250,000 for Dr. Clift. On closing of the 2011 Private Placement, Dr. Clift's housing reimbursement allowance was discontinued in accordance with the terms of his employment agreement.

Each officer is entitled to receive an annual bonus each year that will be determined by the Compensation Committee of the Board of Directors based on individual achievement and company performance objectives established by the Compensation Committee. Included in those objectives, as applicable for the responsible officer, are (i) obtaining a successful phase 2 clinical trial for a drug to treat diabetic retinopathy, (ii) preparation and compliance with a fiscal budget, (iii) the launch of a second clinical trial for an additional product approved by the Board of Directors, and (iv) the sale of intellectual property not selected for clinical trials by the Company at prices, and times, approved by the Board of Directors. The targeted amount of the annual bonus shall be 50% of the base salary paid to each officer, although the actual bonus may be higher or lower.

The employment agreements provided for an immediate grant of stock options to Mr. Wingerter, Dr. Bar-Or and Dr. Clift in the amount of 600,000, 700,000 and 365,000 options, respectively. Each option is exercisable for a period of ten years at an exercise price per share equal to the quoted closing price of our common stock on August 11, 2010, the day immediately prior to the effective date of the employment agreement. The options vest as follows: (i) one-third upon execution of the agreement, (ii) one-third on August 12, 2011, and (iii) one-third on August 12, 2012. The vesting of all options set forth above shall accelerate upon a change in control as defined in each agreement.

In May 2011, the employment agreements for each of Mr. Wingerter and Dr. Clift were amended to provide that if either Mr. Wingerter or Dr. Clift is terminated without cause (as defined in the agreement) or resigns with good reason (as defined in the agreement) during the term of his respective employment agreement, then any unvested options shall vest immediately and in full, notwithstanding any inconsistent provision of the respective employment agreement. This provision applies retroactively to all option grants made by the Company to Mr. Wingerter and Dr. Clift under the 2010 Plan.

Potential Payments Upon Termination or Change in Control

If the employment of Mr. Wingerter, Dr. Bar-Or or Dr. Clift is terminated at our election at any time, for reasons other than death, disability, cause (as defined in the agreement) or a voluntary resignation, or if an officer terminates his employment for good reason, the officer in question shall be entitled to receive a lump sum severance payment equal to two times his base salary and of the continued payment of premiums for continuation of the officer's health and welfare benefits pursuant to COBRA or otherwise, for a period of two years from the date of termination, subject to earlier discontinuation if the officer is eligible for comparable coverage from a subsequent employer. All severance payments, less applicable withholding, are subject to the officer's execution and delivery of a general release of us and our subsidiaries and affiliates and each of their officers, directors, employees, agents, successors and assigns in a form acceptable to us, and a reaffirmation of the officer's continuing obligation under the propriety information and inventions agreement (or an agreement without that title, but which pertains to the officer's obligations generally, without limitation, to maintain and keep confidential all of our proprietary and confidential information, and to assign all inventions made by the officer to us, which inventions are made or conceived during the officer's employment). If the employment is terminated for cause, no severance shall be payable by us.

Good Reason means:

a material reduction or change in the officer's title or job duties inconsistent with his position and his prior duties, responsibilities and requirements;

any reduction of the officer's then-current base salary or his target bonus;

relocation of the officer to a facility or location more than 30 miles from our current offices in Greenwood Village, Colorado; or

a material breach by Ampio of the employment agreement.

Cause means:

conviction of a felony or a crime involving fraud or moral turpitude;

commission of theft, a material act of dishonesty or fraud, intentional falsification of employment or company records, or a criminal act that impairs the officer's ability to perform his duties;

intentional or reckless conduct or gross negligence materially harmful to Ampio or its successor;

willful failure to follow lawful instructions of the Board; or

gross negligence or willful misconduct in the performance of duties.

Change in Control means the occurrence of any of the following events:

Any person (other than persons who are employees of Ampio at any time more than one year before a transaction) becomes the beneficial owner, directly or indirectly, of securities of Ampio representing 50% or more of the combined voting power of Ampio's then outstanding securities. In applying the preceding sentence, (A) securities acquired directly from Ampio or its affiliates by or for the person shall not be taken into account, and (B) an agreement to vote securities shall be disregarded unless its ultimate purpose is to cause what would otherwise be Change in Control, as reasonably determined by the Board;

Ampio consummates a merger, or consolidation of Ampio with any other corporation unless: (a) the voting securities of Ampio outstanding immediately before the merger or consolidation would continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 50% of the combined voting power of the voting securities of Ampio or such surviving entity outstanding immediately after such merger or consolidation; and (b) no person (other than persons who are employees at any time more than one year before a transaction) becomes the beneficial owner, directly or indirectly, of securities of Ampio representing 50% or more of the combined voting power of Ampio's then outstanding securities;

The stockholders of Ampio approve an agreement for the sale or disposition by Ampio of all, or substantially all, of Ampio's assets; or

The stockholders of Ampio approve a plan or proposal for liquidation or dissolution of Ampio.

Notwithstanding the foregoing, a Change in Control shall not be deemed to have occurred by virtue of the consummation of any transaction or series of integrated transactions immediately following which the record holders of the common stock of Ampio immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an entity which owns all or substantially all of the assets of Ampio immediately following such transaction or series of transactions.

The employment agreements also provide for the payment of a gross-up payment if the officer becomes entitled to certain payments and benefits and equity acceleration under his employment agreement and those payments and benefits constitute parachute payments under Section 280G of the Code. In addition, in accordance with Ampio's stock incentive plan, all outstanding stock options held by Mr. Wingerter, Dr. Bar-Or, and Dr. Clift (and all other option holders with grants under that plan) become fully vested in connection with a Change in Control.

Michael Macaluso	\$ 61,500	\$ 349,008		\$ 410,508
Philip H. Coelho	58,000	142,776		200,776
Richard B. Giles	34,333	158,640		192,973

(1) The amounts in this column reflect the grant date fair values of the stock awards based on the last reported sale price of the common stock at the dates of grant, August 12, 2010. Please see Note 9 Stock-Based Compensation in the Notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2010.

(2) At December 31, 2010, Messrs. Macaluso, Coelho and Giles held options to acquire 550,000, 225,000 and 250,000 shares of common stock, respectively. Excludes March 2011 grants of 150,000 options each to Messrs. Coelho and Giles.

In March 2011, Messrs. Coelho and Giles were each granted an option to purchase 150,000 shares of common stock in connection with their efforts as directors in connection with the private placement offering. Each stock option has an exercise price of \$2.50 per share, which was the price of our common stock offered in the 2011 Private Placement, and vested immediately and became exercisable on the date of award. Each option has a term of 10 years from the date of grant.

In June 2011, Dr. Stevens was appointed to the Board of Directors. Dr. Stevens is eligible to participate in all non-employee director compensation plans or arrangements available to the Company's other non-employee directors.

In July 2011, Dr. Stevens was granted an option to purchase 100,000 shares of common stock in connection with his initial appointment to the Board of Directors. The stock option has an exercise price of \$5.55 per share, which was the closing price of the Company's common stock on the date of grant (July 25, 2011), and vests and becomes exercisable with respect to (i) one-third of the underlying shares on the date of grant, (ii) one-third of the underlying shares on the first anniversary of the date of grant and (iii) the remaining one-third of the underlying shares on the second anniversary of the date of grant. The option has a term of 10 years from the date of grant.

In August 2011, Dr. Stevens was asked by the other members of the Board of Directors to oversee (in his capacity as a director) a business review of the Company's diagnostic assets being conducted by outside third parties. In consideration of Dr. Stevens accepting such increased director duties, the Board of Directors decided to compensate Dr. Stevens in the amount of \$10,000 per month in additional non-employee director fees until the outside business review is completed. Dr. Stevens was also granted an option to purchase 25,000 shares of common stock in connection therewith. The stock option has an exercise price of \$7.68 per share, which was the closing price of the Company's common stock on the date of grant (August 29, 2011), and vests and becomes exercisable with respect to all of the shares that are subject to the option upon the completion of the outside business review. The outside business review is currently expected to be completed by the end of 2011.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee evaluates auditor performance, manages relations with the Company's independent registered public accounting firm, and evaluates policies and procedures relating to internal control systems. The Audit Committee operates under a written Audit Committee Charter that has been adopted by the Board, a copy of which is available on the Company's website. All members of the Audit Committee currently meet the independence and qualification standards for Audit Committee membership set forth in the listing standards provided by NASDAQ and the SEC.

The Audit Committee members are not professional accountants or auditors. The members' functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2010. This review included a discussion of the quality and the acceptability of the Company's financial reporting, including the nature and extent of disclosures in the financial statements and the accompanying notes. The Audit Committee also reviewed the progress and results of the testing of the design and effectiveness of its internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee also reviewed with the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61, as adopted by the Public Company Accounting Oversight Board. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the Public Company Accounting Oversight Board. The Audit Committee discussed with the independent registered public accounting firm their independence from management and the Company, including the matters required by the applicable rules of the Public Company Accounting Oversight Board.

In addition to the matters specified above, the Audit Committee discussed with the Company's independent registered public accounting firm the overall scope, plans and estimated costs of their audit. The Committee met with the independent registered public accounting firm periodically, with and without management present, to discuss the results of the independent registered public accounting firm's examinations, the overall quality of the Company's financial reporting and the independent registered public accounting firm's reviews of the quarterly financial statements, and drafts of the quarterly and annual reports.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

Submitted by the Audit Committee of the Board of Directors

Richard B. Giles

Philip H. Coelho

Michael Macaluso (*)

* Mr. Macaluso served on the Audit Committee until June 8, 2011, when he resigned from the Audit Committee concurrently with the appointment of Dr. Stevens thereto. The change in the composition of the Audit Committee members occurred after the filing of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and the inclusion of the Company's audited financial statements therein.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In addition to the director and executive compensation arrangements discussed above in Executive Compensation, we or Life Sciences have been a party to the following transactions since January 1, 2009 in which the amount involved exceeded or will exceed \$120,000, and in which any director, executive officer or holder of more than 5% of any class of our voting stock, or any member of the immediate family of or entities affiliated with any of them, had or will have a material interest.

In April 2009, Life Sciences issued 3,500,000 shares of its common stock to BioSciences in connection with Life Sciences' purchase of certain of BioSciences' assets. Under the terms of the agreement, Life Sciences acquired office and lab equipment, cell lines and intellectual property including patents and license agreements. In conjunction with the asset purchase, Life Sciences recorded a distribution of \$252,015 to reflect liabilities assumed. Included in the assumed liabilities was a \$200,000 note payable to Life Sciences' founder, Michael Macaluso. The note payable was subsequently converted by Mr. Macaluso into 163,934 shares of Life Sciences Series A preferred stock at a conversion price of \$1.22 per share, which was converted into our common stock upon the closing of the Chay Enterprises merger.

As of December 31, 2009, Life Sciences had \$100,000 in notes payable to Mr. Macaluso, Life Sciences' founder, and \$100,000 payable to BioSciences. The related party notes payable were unsecured, bore interest at 6% and initially were scheduled to mature on April 30, 2010. These notes were extended through September 2, 2010, and additional borrowings of \$200,000 were made by us from BioSciences in the three months ended June 30, 2010, bringing the total amount owed by us to BioSciences to \$300,000. In October and November 2010, we borrowed an additional \$215,971 from BioSciences. The notes evidencing the foregoing borrowings were extended to become due at the earlier of April 30, 2011, or closing of a financing exceeding \$5 million. On closing of the BioSciences acquisition, our borrowings from BioSciences were extinguished. The note to Mr. Macaluso was paid in full from the proceeds of the 2011 Private Placement.

BioSciences paid operating expenses on behalf of Life Sciences, and funds were advanced and repaid between Life Sciences and BioSciences, during 2009. Disbursements to BioSciences during 2009, including prepayment of liabilities assumed under the asset purchase agreement, totaled \$111,943. BioSciences owed \$8,312 to Life Sciences and \$1,527 in short-term non-interest bearing advances at December 31, 2010. That amount was extinguished on closing of the BioSciences acquisition.

In April 2009, Life Sciences issued 7,350,000 shares of restricted common stock to its directors, officers and employees in exchange for \$7,350 in cash. One third of the restricted shares vested on the date of grant. The remaining two-thirds were scheduled to vest on a monthly basis between the second and fourth anniversaries of the date of grant. Vesting was subject to acceleration upon achieving certain milestones and such milestones were achieved in April 2011.

Life Sciences issued 913,930 shares of its Series A preferred stock in April and May 2009 in exchange for \$1,115,020 in cash. Mr. Macaluso purchased 819,672 of such shares of preferred stock. All such preferred stock was converted into our common stock on the merger of Life Sciences with a subsidiary of Chay Enterprises.

Life Sciences has a sponsored research agreement with Trauma Research LLC, or TRLLC, an entity owned by Dr. Bar-Or. Under the terms of the research agreement, Life Sciences is to provide personnel and equipment with an equivalent value of \$263,750 per year and to make monthly equipment rental payments of \$7,236 on behalf of TRLLC. In exchange, TRLLC will assign any intellectual property rights it develops on our behalf under the research agreement. The research agreement expires in 2014 and may be terminated by either party on six months' notice or immediately if either party determines that the other is not fulfilling its obligations under the agreement. Life Sciences was current in its financial obligations under the research agreement at December 31, 2010 and June 30, 2011.

Life Sciences has license agreements with the Institute for Molecular Medicine, Inc. a nonprofit research organization founded by Dr. Bar-Or, who also serves as its executive director. The license agreements were assigned to Life Sciences as a part of the asset purchase from BioSciences. Under the license agreements, Life Sciences pays the costs associated with obtaining and maintaining intellectual property subject to the license agreements. In the license covering certain Methylphenidate derivatives, Life Sciences is entitled to deduct twice the amounts it has paid to maintain the intellectual property from any amounts that may become due to the Institute for Molecular Medicine, Inc. under the license agreement, if and when the intellectual property becomes commercially viable and generates revenue. Life Sciences paid \$53,000, \$61,000 and \$41,736 during 2009, 2010 and during the six months ended June 30, 2011, respectively, in legal and patent fees to maintain the intellectual property of the Institute for Molecular Medicine, Inc.

Immediately prior to the closing of the merger between Life Sciences and a subsidiary of Chay Enterprises, Chay Enterprises accepted subscriptions for an aggregate of 1,325,000 shares of common stock from six officers and employees of Life Sciences, for a purchase price of \$150,000. Mr. Wingerter, our chief executive officer, purchased 325,000 of such shares for a purchase price of approximately \$36,800 which was advanced on his behalf by Life Sciences. Dr. Clift acquired 575,000 shares for a purchase price of approximately \$65,000, which was likewise advanced by Life Sciences, and transferred such shares to his wife, Kristin Clift. Life Sciences made advances to the other four non-executive officers and employees in the additional amount of approximately \$48,000 to facilitate these share purchases. These shares were issued immediately before the closing of the Chay Enterprises merger but after the stockholders of Chay Enterprises had approved the merger. Life Sciences was not a public company at the time such advances were made.

In August 2010, Mr. Macaluso and Mr. Giles, both members of our Board of Directors, together with an affiliate of Mr. Giles, purchased convertible debentures from us for \$430,000. The debentures were issued in principal amounts of \$230,000, \$100,000 and \$100,000, respectively, to Mr. Macaluso, Mr. Giles, and James A. Ludvik. Mr. Ludvik is the sole owner of Ludvik Electric Co., for which Mr. Giles serves as the chief financial officer. The debentures accrued interest at the rate of 8% per annum. The principal and accrued interest of the debentures were converted into our common stock at a conversion price of \$1.75 per share on February 28, 2011, on the same terms under which convertible debentures issued to non-affiliates were converted.

In conjunction with the issuance of the debentures, we issued warrants to Messrs. Macaluso, Giles and Ludvik representing the right to purchase an aggregate of 21,500 shares of our common stock. We paid no commission in connection with the sale of the debentures and the warrants, and did not engage a placement agent to assist it in the sale of these unregistered securities. Upon closing of a bridge financing of the Company in November 2010, we reserved an additional 27,643 shares for issuance to Messrs. Macaluso, Giles and Ludvik for most favored nation adjustments to the warrants previously issued to these persons.

In 2010 and 2009, Dr. Bar-Or, Mr. Miller and Dr. Clift deferred salaries in the amounts of \$85,313, \$67,500, and \$64,833, respectively, due to the limited financial resources available to us during these periods. These deferred salaries were paid to the officers in question in April 2011 following the closing of the 2011 Private Placement.

Mr. McGregor purchased 20,000 shares of common stock in the 2011 Private Placement in March 2011, prior to his becoming our Chief Financial Officer on April 4, 2011. Mr. Giles purchased 32,000 shares of common stock in the 2011 Private Placement. Such purchases were on terms identical to those extended to unaffiliated purchasers in the 2011 Private Placement.

Upon the formation of Life Sciences, shares of common stock issued to Mr. Miller, James Winkler, M.D., and Raphael Bar-Or, as well as Wannell Crook, were subject to vesting requirements under which one-third of the shares vested immediately, one-third vested monthly from April 16, 2010 to April 16, 2011, and the remainder vesting monthly through April 16, 2012. The second and third tranches were subject to accelerated vesting based on development milestones being achieved by Life Sciences. In April 2011, the Board of Directors determined that the milestones for accelerated vesting had been met and that the portion of the shares that was unvested would vest immediately. All vested shares remain subject to contractual lockup agreements entered into in connection with the acquisition of BioSciences in March 2011.

Indemnification of Officers and Directors

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

Policies and Procedures for Related Party Transactions

We have adopted a formal written policy that our executive officers, directors, nominees for election as directors, beneficial owners of more than 5% of any class of our common stock and any member of the immediate family of any of the foregoing persons, are not permitted to enter into a related party transaction with us without the prior consent of our Audit Committee, subject to the pre-approval exceptions described below. If advance approval is not feasible then the related party transaction will be considered at the Audit Committee's next regularly scheduled meeting. In approving or rejecting any such proposal, our Audit Committee is to consider the relevant facts and circumstances available and deemed relevant to our Audit Committee, including, but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. Our Board of Directors has delegated to the chair of our Audit Committee the authority to pre-approve or ratify any request for us to enter into a transaction with a related party, in which the amount involved is less than \$120,000 and where the chair is not the related party. Our Audit Committee has also reviewed certain types of related party transactions that it has deemed pre-approved even if the aggregate amount involved will exceed \$120,000, including employment of executive officers, director compensation, certain transactions with other organizations, transactions where all stockholders receive proportional benefits, transactions involving competitive bids, regulated transactions and certain banking-related services.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding beneficial ownership of our common stock as of September 30, 2011, by:

each person or group of affiliated persons known by us to be the beneficial owner of more than 5% of our common stock;

each of our named executive officers;

each of our directors; and

all executive officers and directors as a group.

We have determined beneficial ownership in accordance with SEC rules. The information does not necessarily indicate beneficial ownership for any other purpose. Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options and warrants held by the respective person or group which may be exercised within 60 days after September 30, 2011. For purposes of calculating each person's or group's percentage ownership, stock options and warrants exercisable within 60 days after September 30, 2011 are included for that person or group but not the stock options, debentures, or warrants of any other person or group. Applicable percentage ownership is based on 28,778,751 shares of common stock outstanding at September 30, 2011.

Unless otherwise indicated and subject to any applicable community property laws, to our knowledge, each stockholder named in the following table possesses sole voting and investment power over the shares listed. SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own greater than 10% of a registered class of its equity securities to file certain reports with the SEC with respect to ownership and changes in ownership of the Common Stock and our other equity securities. Prior to our listing on

the NASDAQ Capital Market, our common stock was registered pursuant to Section 15(d) of the Exchange Act, and accordingly, our executive officers, directors and greater than 10% stockholders were not subject to the obligation to file Forms 3, 4 and 5 pursuant to Section 16(a) of the Exchange Act. Upon our listing on the NASDAQ Capital Market, our executive officers, directors and greater than 10% stockholders became subject to the filing obligations described in Section 16(a).

On September 27, 2011, each of our executive officers and directors filed Form 3's pursuant Section 16(a) of the Exchange Act. These reports were not timely filed. Except in the case of Dr. Stevens, the reports were due on the effective date of the Company's registration statement on Form 8-A registering the Company's common stock under Section 12 of the Exchange Act, which effective date was May 18, 2011. Because Dr. Stevens was appointed to the Board on June 8, 2011, his initial Form 3 was due on June 20, 2011. On September 27, 2011, Dr. Stevens also filed a Form 4 pursuant to Section 16(a) of the Exchange Act with respect to the grant to Dr. Stevens by the Company of (i) an option to purchase 100,000 shares on July 25, 2011 and (ii) an option to purchase 25,000 shares on August 29, 2011. These reports were not timely filed. The reports were due on the second business day following the date of grant of the respective stock option.

Other than as described above, none of our executive officers or directors engaged in any transaction that would have been required to be reported under Section 16(a) of the Exchange Act during the period starting on the date the reports were originally due and ending on the date such reports were filed. To the Company's knowledge, no stockholder beneficially owns more than 10% of the Company's Common Stock.

STOCKHOLDER PROPOSALS

Stockholder proposals will be considered for inclusion in the Proxy Statement for the 2012 Annual Meeting in accordance with Rule 14a-8 under the Exchange Act, if they are received by the Secretary of the Company, on or before June 30, 2012.

Stockholders who intend to present a proposal at the 2012 Annual Meeting of Stockholders without inclusion of such proposal in our proxy materials for the 2012 Annual Meeting are required to provide notice of such proposal between August 5, 2012 and September 4, 2012, assuming that the 2012 Annual Meeting is held within 30 days from December 3, 2012. If the meeting is advanced by more than 30 days or delayed by more than 60 days, notice must be delivered prior to the later of (i) 60 days before the annual meeting or (b) the 10th day after which announcement of the meeting day is first made. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

Proposals and notices of intention to present proposals at the 2012 Annual Meeting should be addressed to Corporate Secretary of Ampio Pharmaceuticals, Inc., 5445 DTC Parkway, Suite 925, Greenwood Village, Colorado 80111.

We will deliver promptly, upon written or oral request, a separate copy of this Proxy Statement or such Annual Report to a stockholder at a shared address to which a single copy of the document was delivered. Stockholders sharing an address who are receiving multiple copies of proxy statements or annual reports may also request delivery of a single copy. To request separate or multiple delivery of these materials now or in the future, a stockholder may submit a written request to Corporate Secretary of Ampio Pharmaceuticals, Inc., 5445 DTC Parkway, Suite 925, Greenwood Village, Colorado 80111 or an oral request at (720) 437-6500.

WHEREAS, Ampio Pharmaceuticals, Inc. (the Company) maintains the Ampio Pharmaceuticals, Inc. 2010 Stock and Incentive Plan, as amended (the Plan);

WHEREAS, Section 18 of the Plan provides that the Board of Directors of the Company (the Board) may amend the Plan from time to time subject to stockholder approval (to the extent required);

WHEREAS, the Board wishes to amend the Plan to increase the number of shares of the Company 's common stock, par value \$0.0001 per share (Common Stock) available for grant or delivery under the Plan from 4,500,000 shares to 5,700,000 (the Amendment); and

WHEREAS, stockholder approval is being solicited at the Company 's 2011 Annual Meeting of Stockholders (Annual Meeting) on December 3, 2011 to effectuate the Amendment.

NOW, THEREFORE, the Plan is hereby amended, effective December 3, 2011, upon stockholder approval of the Amendment at the Annual Meeting, and at any adjournment thereof, as follows:

1. Section 3(a) of the Plan is amended and restated in its entirety to read as follows:

(a) Stock Issuable. The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 5,700,000 shares of Stock, subject in all cases to adjustment as provided in Section 3(b). For purposes of this limitation, the shares of Stock underlying any Awards that are forfeited, canceled, held back upon exercise of an Option or settlement of an Award to cover the exercise price or tax withholding, reacquired by the Company prior to vesting, satisfied without the issuance of Stock or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. In the event the Company repurchases shares of Stock on the open market, such shares shall not be added to the shares of Stock available for issuance under the Plan. Subject to such overall limitations, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, that Stock Options or Stock Appreciation Rights with respect to no more than 400,000 shares of Stock may be granted to any one individual grantee during any one calendar year period. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company.
