Item 8.01 Other Events.

On December 10-11, 2011, at the 53rd annual meeting of the American Society of Hematology (ASH), Spectrum Pharmaceuticals, Inc. (the Company) unveiled its repositioning campaign for its drug ZEVALIN. A copy of the press release describing the campaign is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

At the ASH meeting, impressive evidence supporting the safety and efficacy of ZEVALIN was presented. A copy of the press release describing key scientific papers on ZEVALIN at ASH is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

The data presented at ASH further encourages the Company to advance its clinical development program for ZEVALIN. Among other initiatives in 2012, the Company announced it plans to conduct a Phase 3 study in Diffuse Large B-Cell Lymphoma and a trial to evaluate ZEVALIN in previously untreated follicular non-Hodgkin's lymphoma patients. It is expected that these trials will accrue patients from sites throughout the world. At one meeting at ASH on December 11, 2011, Rajesh C. Shrotriya, MD, Chairman of the Board, Chief Executive Officer, and President of the Company mentioned that data from ASH encourages the Company to pursue such a global clinical development program and to also work toward obtaining rights to ZEVALIN in additional territories. After highlighting the safe harbor disclosures pertaining to forward looking statements at this December 11, 2011 meeting at ASH, Dr. Shrotriya remarked that the Company currently anticipates that annual revenues could range from \$180 million to \$200 million. As with all forward looking statements, there can be no assurance that such results will be achieved.
