PROXY STATEMENT
2012 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 24, 2012

The board of directors of SPS Commerce, Inc. is soliciting proxies for use at the annual meeting of stockholders to be held on May 24, 2012, and at any adjournment or postponement of the meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the meeting?

At our annual meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting of Stockholders, and management will report on matters of current interest to our stockholders and respond to questions from our stockholders. The matters outlined in the notice include the election of directors, the ratification of the selection of our independent auditor for 2012, the amendment and restatement of our amended and restated certificate of incorporation to provide for the declassification of our board of directors and the approval of the SPS Commerce, Inc. Employee Stock Purchase Plan.

Who is entitled to vote at the meeting?

The board of directors has set March 29, 2012 as the record date for the annual meeting. If you were a stockholder of record at the close of business on March 29, 2012, you are entitled to vote at the meeting. As of the record date, _____ shares of common stock, representing all of our voting stock, were issued and outstanding and, therefore, eligible to vote at the meeting.

What are my voting rights?

Holders of our common stock are entitled to one vote per share. Therefore, a total of _____ votes are entitled to be cast at the meeting. There is no cumulative voting.

How many shares must be present to hold the meeting?

In accordance with our bylaws, shares equal to a majority of the voting power of the outstanding shares of common stock entitled to vote generally in the election of directors as of the record date must be present at the annual meeting in order to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if:

you are present and vote in person at the meeting; or

you have properly and timely submitted your proxy as described below under **How do I submit my proxy?**

What is a proxy?

It is your designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. When you designate a proxy, you also may direct the proxy how to vote your shares. We refer to this as your proxy vote. Two executive officers have been designated as proxies for our 2012 annual meeting of stockholders. These executive officers are Archie C. Black and Kimberly K. Nelson.

What is the difference between a stockholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the stockholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the

Table of Contents

broker, bank, trust or other nominee is considered to be the stockholder of record with respect to those shares, while you are considered the beneficial owner of those shares. In that case, your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the method described below under How do I submit my proxy?

How do I submit my proxy?

If you are a stockholder of record, you can submit a proxy to be voted at the meeting in any of the following ways:

over the telephone by calling a toll-free number;

over the internet; or

signing, dating and mailing the proxy card in the envelope provided.

To vote by telephone or the internet, you will need to use a control number that was provided to you by our vote tabulator, Broadridge Financial Solutions, and then follow the additional steps when prompted. The steps have been designed to authenticate your identity, allow you to give voting instructions, and confirm that those instructions have been recorded properly. If you hold your shares in street name, you must vote your shares in the manner prescribed by your broker, bank, trust or other nominee, which is similar to the voting procedures for stockholders of record. You will receive a voting instruction form (not a proxy card) to use in directing the broker, bank, trust or other nominee how to vote your shares.

What does it mean if I receive more than one printed set of proxy materials?

If you receive more than one printed set of proxy materials, it means that you hold shares registered in more than one account. To ensure that all of your shares are voted, vote once for each control number you receive as described above under How do I submit my proxy?

Can I vote my shares in person at the meeting?

If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you submit your proxy as described above so your vote will be counted if you later decide not to attend the meeting. If you submit your vote by proxy and later decide to vote in person at the annual meeting, the vote you submit at the meeting will override your proxy vote.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain and bring to the meeting a signed letter or other form of proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting.

How does the board of directors recommend that I vote?

The board of directors recommends a vote:

FOR all of the nominees for director;

FOR the ratification of the selection of Grant Thornton LLP as the independent auditor of SPS Commerce, Inc. for the year ending December 31, 2012;

Edgar Filing: SPS COMMERCE INC - Form PRE 14A

FOR the amendment and restatement of our amended and restated certificate of incorporation to provide for the declassification of our board of directors; and

Table of Contents

FOR the approval of the SPS Commerce, Inc. Employee Stock Purchase Plan.

What if I do not specify how I want my shares voted?

If you are a stockholder of record and submit a signed proxy card or submit your proxy by internet or telephone but do not specify how you want to vote your shares on a particular matter, we will vote your shares as follows:

FOR all of the nominees for director;

FOR the ratification of the selection of Grant Thornton LLP as the independent auditor of SPS Commerce, Inc. for the year ending December 31, 2012;

FOR the amendment and restatement of our amended and restated certificate of incorporation to provide for the declassification of our board of directors; and

FOR the approval of the SPS Commerce, Inc. Employee Stock Purchase Plan.

Your vote is important. We urge you to vote, or to instruct your broker, bank, trust or other nominee how to vote, on all matters before the annual meeting. If you are a street name holder and fail to instruct the stockholder of record how you want to vote your shares on a particular matter, those shares are considered to be uninstructed. New York Stock Exchange rules determine the circumstances under which member brokers of the New York Stock Exchange may exercise discretion to vote uninstructed shares held by them on behalf of their clients who are street name holders. Other than the ratification of the selection of Grant Thornton LLP as our independent auditor for the year ending December 31, 2012, the rules do *not* permit member brokers to exercise voting discretion as to the uninstructed shares on any matter included in the notice of meeting. With respect to the ratification of the selection of Grant Thornton as our independent auditor for the year ending December 31, 2012, the rules permit member brokers to exercise voting discretion as to the uninstructed shares. For matters with respect to which the broker, bank or other nominee does not have voting discretion or has, but does not exercise, voting discretion, the uninstructed shares will be referred to as a broker non-vote. For more information regarding the effect of broker non-votes on the outcome of the vote, see below under How are votes counted?

Can I change my vote after submitting my proxy?

Yes. You may revoke your proxy and change your vote at any time before your proxy is voted at the annual meeting, in any of the following ways:

by submitting a later-dated proxy by telephone or the internet before 11:59 p.m. Eastern Time on Wednesday, May 23, 2012;

by submitting a later-dated proxy to the Chief Financial Officer of SPS Commerce, Inc., which must be received by us before the time of the annual meeting;

by sending a written notice of revocation to the Chief Financial Officer of SPS Commerce, Inc., which must be received by us before the time of the annual meeting; or

by voting in person at the meeting.

What vote is required to approve each item of business included in the notice of meeting?

The two directors who receive a plurality of the voting power of the shares of common stock entitled to vote and present in person or represented by proxy at the meeting.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to ratify the selection of our independent auditor.

Table of Contents

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to approve the amendment and restatement of our amended and restated certificate of incorporation to provide for the declassification of our board of directors.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to approve the SPS Commerce, Inc. Employee Stock Purchase Plan.

How are votes counted?

You may either vote **FOR** or **WITHHOLD** authority to vote for each director nominee. You may vote **FOR**, **AGAINST** or **ABSTAIN** on the other proposals. If you properly submit your proxy but withhold authority to vote for one or more director nominees or abstain from voting on the other proposals, your shares will be counted as present at the meeting for the purpose of determining a quorum and for the purpose of calculating the vote on the particular matter(s) with respect to which you abstained from voting or withheld authority to vote. If you do not submit your proxy or voting instructions and also do not vote by ballot at the annual meeting, your shares will not be counted as present at the meeting for the purpose of determining a quorum unless you hold your shares in street name and the broker, bank, trust or other nominee has discretion to vote your shares and does so. For more information regarding discretionary voting, see the information above under **What if I do not specify how I want my shares voted?**

If you withhold authority to vote for one or more of the director nominees or you do not vote your shares on this matter (whether by broker non-vote or otherwise), this will have no effect on the outcome of the vote. With respect to the proposals to ratify the selection of Grant Thornton LLP as our independent auditor, approve the amendment and restatement of our amended and restated certificate of incorporation to provide for the declassification of our board of directors and to approve the SPS Commerce, Inc. Employee Stock Purchase Plan, if you abstain from voting, doing so will have the same effect as a vote against the proposal, but if you do not vote your shares (or, for shares held in street name, if you do not submit voting instructions and your broker, bank, trust or other nominee does not or may not vote your shares), this will have no effect on the outcome of the vote.

How can I attend the meeting?

All of our stockholders are invited to attend the annual meeting. You may be asked to present valid photo identification, such as a driver's license or passport, before being admitted to the meeting. If you hold your shares in street name, you also may be asked to present proof of ownership to be admitted to the meeting. A brokerage statement or letter from your broker, bank, trust or other nominee are examples of proof of ownership.

Who pays for the cost of proxy preparation and solicitation?

SPS Commerce pays for the cost of proxy preparation and solicitation, including the reasonable charges and expenses of brokerage firms, banks, trusts or other nominees for forwarding proxy materials to street name holders. We are soliciting proxies by mail. In addition, our directors, officers and regular employees may solicit proxies personally, telephonically, electronically or by other means of communication. Our directors, officers and regular employees will receive no additional compensation for their services other than their regular compensation.

ITEM 1 *ELECTION OF DIRECTORS*

The number of directors currently serving on our board of directors is seven. Our amended and restated certificate of incorporation provides that the board shall be divided into three classes, each class being as equal in

Table of Contents

number as reasonably possible. Vacancies may be filled by a majority vote of the directors then in office, though less than a quorum, and directors so chosen are subject to election by the stockholders at the next annual meeting of stockholders. Directors elected at an annual meeting of stockholders to succeed directors whose terms expire are elected for three-year terms. At the annual meeting, two persons will be nominated for election to our board of directors.

As explained in further detail on page 32, the board of directors is proposing to amend and restate our amended and restated certificate of incorporation to move to annual elections of all our directors. This action cannot take place, however, until approved by stockholders. Accordingly, if the proposed amendment in Item 3 is not approved, the two nominees will serve a three-year term. If stockholders approve Item 3 to amend and restate our amended and restated articles of incorporation to move to annual election of all our directors, the Class II nominees will be elected for a one-year term at this annual meeting.

The board of directors currently consists of seven directors, divided into the three following classes:

Class I directors: Michael B. Gorman and Philip E. Soran; whose current terms will expire at the annual meeting of stockholders to be held in 2014;

Class II directors: Archie C. Black and George H. Spencer, III; whose current terms will expire at the annual meeting; and

Class III directors: Daniel R. Fishback, Martin J. Leestma and Sven A. Wehrwein; whose current terms will expire at the annual meeting of stockholders to be held in 2013.

Messrs. Gorman, Black, Leestma, Spencer and Wehrwein were initially elected to our board of directors pursuant to a voting agreement that was entered into prior to our initial public offering among certain holders of our previously outstanding preferred stock. This voting agreement terminated in connection with the closing of our initial public offering in 2010.

Upon recommendation of the governance and nominating committee, which acts as the nominating committee of the board of directors, the board has nominated Archie C. Black and George H. Spencer, III for three-year terms expiring in the year 2015. Each of the nominees has agreed to serve as a director if elected. The two nominees receiving a plurality of the votes cast at the meeting in person or by proxy will be elected. Proxies may not be voted for more than two directors. If, for any reason, any nominee becomes unable to serve before the annual meeting occurs, the persons named as proxies may vote your shares for a substitute nominee selected by our board of directors.

The board of directors recommends a vote FOR the election of the two director nominees. Proxies will be voted FOR the election of the two nominees unless otherwise specified.

Set forth below is biographical information for the nominees and each person whose term of office as a director will continue after the annual meeting. The following includes certain information regarding our directors' individual experience, qualifications, attributes and skills that led the board of directors to conclude that they should serve as directors.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The board of directors conducts its business through meetings of the board and the following standing committees: audit, compensation, and governance and nominating. Each of the standing committees has adopted and operates under a written charter, all of which are available on our website at www.spscommerce.com. Other corporate governance documents available on our website include our Corporate Governance Guidelines and Code of Business Conduct and Ethics.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics relating to the conduct of our business by our directors, officers and employees, which is posted on our website at www.spscommerce.com.

Director Independence

As required under The NASDAQ Stock Market rules and regulations, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the board. The

Table of Contents

board of directors consults with our counsel to ensure that the board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of The NASDAQ Stock Market, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and our company, our management and our independent registered public accounting firm, the board of directors has affirmatively determined that all of the Company's directors are independent directors within the meaning of the applicable listing standards of The NASDAQ Stock Market, except for Mr. Black, our current President and Chief Executive Officer.

As required under The NASDAQ Stock Market rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our board of directors are comprised entirely of directors determined by the board to be independent within the meaning of The NASDAQ Stock Market rules and regulations.

Board Leadership Structure

Mr. Leestma, a non-employee independent director, has served as our chairman of the board of directors since March 2011, while Mr. Black serves as our President and Chief Executive Officer. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the chairman of the board to lead the board in its fundamental role of providing advice to, and independent oversight of, management. The board of directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our chairman. Our Corporate Governance Guidelines require our chairman and Chief Executive Officer positions to be separate because the board of directors believes that having separate positions and having an independent director serve as chairman of the board is the appropriate leadership structure for us and demonstrates our commitment to good corporate governance.

Board Involvement in Risk Oversight

Our management is responsible for defining the various risks facing us, formulating risk management policies and procedures, and managing our risk exposures on a day-to-day basis. The board of directors' responsibility is to monitor our risk management processes by informing itself concerning our material risks and evaluating whether management has reasonable controls in place to address the material risks; the board is not responsible, however, for defining or managing our various risks. The audit committee of the board of directors is primarily responsible for monitoring management's responsibility in the area of financial risk oversight and the board of directors primarily responsible for monitoring management's responsibility in our other areas of risk management. Accordingly, management regularly reported to the audit committee and the board of directors on risk management during 2011. The audit committee, in turn, reports on the matters discussed at the committee level to the full board. The audit committee and the full board focus on the material risks facing us, including financial, operational, market, credit, liquidity, legal and regulatory risks, to assess whether management has reasonable controls in place to address these risks. In addition, the compensation committee is charged with reviewing and discussing with management whether our compensation arrangements are consistent with effective controls and sound risk management. The board of directors believes this division of responsibilities provides an effective and efficient approach for addressing risk management.

Board Committees

The board of directors has established an audit committee, a compensation committee and a governance and nominating committee. Each of our committees has a charter and each charter is posted on our website. The following sets forth the membership of each of our committees.

Audit Committee

Among other matters, our audit committee:

evaluates the qualifications, performance and independence of our independent auditor and reviews and approves both audit and nonaudit services to be provided by the independent auditor;

discusses with management and our independent auditors any major issues as to the adequacy of our internal controls, any actions to be taken in light of significant or material control deficiencies and the adequacy of disclosures about changes in internal control over financial reporting;

establishes procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters;

administers our investment and cash management policies; and

prepares the audit committee report that SEC rules require to be included in our annual proxy statement and annual report on Form 10-K.

Each of the members of our audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and the NASDAQ Stock Market. Our board of directors has determined that Mr. Wehrwein is an audit committee financial expert, as defined under the applicable rules of the SEC. Each member of our audit committee satisfies the NASDAQ Stock Market independence standards and the independence standards of Rule 10A-3(b)(1) of the Securities Exchange Act.

Compensation Committee

Our compensation committee reviews and approves on an annual basis the goals and objectives relevant to our Chief Executive Officer's compensation and annually reviews the evaluation of the performance of our executive officers and approves our executive officers' annual compensation. Our compensation committee also administers the issuance of stock options and other awards under our 2010 Equity Incentive Plan.

Governance and Nominating Committee

Our governance and nominating committee identifies individuals qualified to become members of the board of directors, recommends individuals to the board for nomination as members of the board and board committees, reviews the compensation paid to our non-employee directors and recommends any adjustments in director compensation and oversees the evaluation of our board of directors.

Meeting Attendance

Edgar Filing: SPS COMMERCE INC - Form PRE 14A

Our Corporate Governance Guidelines provide that our directors are expected to attend meetings of the board of directors and of the committees on which they serve, as well as our annual meeting of stockholders. Our

Table of Contents

board of directors held nine (9) meetings and acted by written consent three (3) times during 2011. The audit committee of the board met eight (8) times and acted by written consent two (2) times, the compensation committee of the board met eight (8) times and the governance and nominating committee of the board met two (2) times during 2011. Each of our directors attended at least 75% of the meetings of the board of directors and the committees on which he served during 2011. We encourage all of our directors and nominees for director to attend our annual meeting of stockholders.

Procedures for Contacting the Board of Directors

Stockholders who wish to communicate with the board of directors may do so by writing to the board or a particular director in care of the Secretary of the Company. All communications will initially be received and processed by the Secretary of the Company, who will then refer the communication to the appropriate board member (either the director named in the communication, the chairperson of the board committee having authority over the matter raised in the communication, or the chairperson of the board in all other cases). The director to whom a communication is referred will determine, in consultation with our counsel, whether a copy or summary of the communication will be provided to the other directors. The board of directors will respond to communications if and as appropriate.

Procedures for Selecting and Nominating Director Candidates

Stockholders may directly nominate a person for election to our board of directors by complying with the procedures set forth in Article II, Section 2.4(a)(2) of our bylaws, and with the rules and regulations of the Securities and Exchange Commission. Under our bylaws, only persons nominated in accordance with the procedures set forth in the bylaws will be eligible to serve as directors. In order to nominate a candidate for service as a director, you must be a stockholder at the time you give the board notice of your nomination, and you must be entitled to vote for the election of directors at the meeting at which your nominee will be considered. In accordance with our bylaws, director nominations generally must be made pursuant to notice delivered to, or mailed and received at, our principal executive offices at the address above, not later than the 90th day, nor earlier than the 120th day, prior to the first anniversary of the prior year's annual meeting of stockholders. Your notice must set forth all information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

Your notice also must set forth the following information for you and any beneficial owner on whose behalf you make a nomination: (i) the name and address of the stockholder, as they appear on our books; (ii) the class and number of shares of our capital stock which are owned beneficially and of record, as well as a description of all securities or contracts, with a value derived in whole or in part from the value of any shares of our capital stock, held by you and such beneficial owner or to which either is a party; (iii) a description of all arrangements or understandings between you and any such beneficial owner and any other person or persons (including their names) regarding the nomination; (iv) a representation that you intend to appear in person or by proxy at the meeting to nominate the persons named in your notice; and (v) a description of any other information relating to you and any such beneficial owner that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies pursuant to Regulation 14A under the Securities Exchange Act of 1934.

As required by our Corporate Governance Guidelines, when evaluating the appropriate characteristics of candidates for service as a director, the governance and nominating committee takes into account many factors. The board of directors selects and recommends to stockholders qualified individuals who, if added to the board, would provide the mix of director characteristics and diverse experiences, perspectives and skills appropriate for us. Board candidates are considered based on various criteria, including breadth and depth of relevant business and board skills and experiences, judgment and integrity, reputation in their profession, diversity of background,

Table of Contents

education, leadership ability, concern for the interests of stockholders and relevant regulatory guidelines. These considerations are made in the context of an assessment of the perceived needs of the board of directors at the particular point in time. We do not have a formal policy with respect to diversity, however, the board of directors seeks to have a board that represents diversity as to gender, race, ethnicity and background experiences. Directors must be willing and able to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serving on the board for an extended period of time.

The governance and nominating committee will consider director candidates recommended by stockholders in the same manner that it considers all director candidates. Stockholders who wish to suggest qualified candidates should write to SPS Commerce, Inc., 333 South Seventh Street, Suite 1000, Minneapolis, Minnesota 55402, Attention: Chief Financial Officer, stating in detail the characteristics that make the candidate a suitable person to serve on our board of directors in light of our Corporate Governance Guidelines.

For 2011, our director compensation policy provided that each non-employee director received an initial stock option grant to purchase up to 16,020 shares of our common stock upon appointment to the board. Each grant vests in equal monthly installments over three years for so long as the director remains a member of the board.

Our director compensation policy for 2011 also provided that each non-employee director received a stock option grant to purchase up to 5,340 shares of our common stock on the date of the annual meeting of stockholders at which the director was elected to the board or continued to serve as a director. The awards vest in full on the earlier of one year after the date of grant or the date of the next year's annual meeting of stockholders, provided the recipient remains a member of the board as of the vesting date. All stock options granted under the policy have an exercise price equal to the fair market value of our common stock on the date of grant in accordance with our 2010 Equity Incentive Plan. We also reimbursed our directors for out-of-pocket expenses incurred in connection with attending our board and committee meetings.

Non-employee directors received cash fees in addition to the equity awards described above. For 2011, each non-employee director received an annual retainer of \$20,000. In addition, for 2011, the chair of each committee received an annual fee as follows:

| Committee Chair | Annual Cash Fee |

| Audit | \$ 5,000 |
| Compensation | \$ 4,000 |
| Governance and Nominating | \$ 2,000 |

For 2011, the chairman of our board of directors received an additional annual fee of \$12,500.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of compensation arrangements of our named executive officers for 2011. Our named executive officers for 2011 were:

Archie C. Black, our President and Chief Executive Officer,

Kimberly K. Nelson, our Executive Vice President and Chief Financial Officer,

James J. Frome, our Executive Vice President and Chief Strategy Officer,

Michael J. Gray, our Executive Vice President of Operations, and

David J. Novak, Jr., our Executive Vice President of Business Development.

Executive Summary

We are a technology company with \$58 million in annual revenues. We are a leading provider of on-demand supply chain management solutions and the Retail Universe community, providing integration, collaboration, connectivity, visibility and data analytics to thousands of customers worldwide.

In 2011 we achieved several significant financial results. In our earnings releases we focus on revenue, recurring revenue, net income (and diluted EPS), non-GAAP net income (and diluted non-GAAP EPS) and Adjusted EBITDA and we performed well on all these measures in 2011.

We had sequential revenue growth for all four quarters of 2011 and we now have 44 consecutive quarters of sequential revenue growth.

Our revenues of \$58.0 million, compared to \$44.6 for 2010, reflect 30% growth from 2010.

Our recurring revenues from recurring revenue customers grew 32% from 2010.

We achieved improvements in operational efficiency that produced Adjusted EBITDA of \$5.4 million, compared to \$5.2 million in 2010, and non-GAAP income per diluted share of \$0.26 in 2011 and \$0.31 in 2010.

Consequently, we believe that we are well-positioned to execute on our long-term strategic objectives over the next several years.

As reflected in our compensation philosophy, we set the compensation of our executive officers, including the named executive officers, based on their ability to achieve annual operational objectives that further our long-term business objectives and to create sustainable long-term stockholder value in a cost-effective manner. Accordingly, our 2011 compensation actions and decisions were based on our executive's accomplishments in these dual areas. Each of the primary elements of our executive compensation program is discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the executive compensation objectives described above.

Edgar Filing: SPS COMMERCE INC - Form PRE 14A

Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our objectives.

For 2011, the committee took the following actions with respect to the compensation of the named executive officers:

increased base salaries between 7% and 13% per individual compared to 2010;

awarded formula-based bonuses at 145% of the target bonus opportunity established at the beginning of the year and discretionary bonuses at 100% of the target bonus opportunity; and

Table of Contents

approved stock option awards to satisfy competitive market concerns, satisfy our retention objectives, and reward individual performance for 2010.

In addition to the compensation details provided above and discussed further below, other important details are as follows:

named executive officers are not entitled to any tax gross-up treatment on any severance or change in control benefits; and

our compensation programs are reviewed regularly by our compensation committee, which has determined that our compensation programs do not create inappropriate or excessive risk that is likely to have a material adverse effect on the company.

Compensation Objectives and Process

We have designed the compensation arrangements for our named executive officers to provide compensation in overall amounts and in forms that attract and retain talented and experienced individuals and motivate our executives to achieve the goals that are important to our growth. We typically provide compensation to our named executive officers through a combination of base salary, bonuses and equity awards. During 2011, our compensation primarily consisted of base salary, annual cash incentive awards and stock option grants, which helps align the incentives of our named executive officers with the interests of our stockholders.

Historically, our compensation committee has established all elements of compensation for our named executive officers. Generally, prior to commencing the compensation determinations, our Chief Executive Officer provided his review of our other named executive officers to the compensation committee. Our compensation committee engaged Compensia, Inc., a compensation consultant, to help evaluate our compensation philosophy and provide guidance in administering our compensation program.

Our compensation committee determines executive compensation, in part, by reference to the compensation information for the executives of a peer group of comparable companies. In 2011, we did not complete a formal compensation study and instead relied on the executive compensation market assessment developed by Compensia, our independent compensation consultant, in 2010. The 2010 Compensia report reviewed publicly available compensation data aggregated for a peer group of public technology companies. These companies were selected based on their similarities in industry and revenue at the time in 2010. The group consisted primarily of software and internet companies, with a focus on companies that provide software as a service. It also included other technology companies with headquarters in the Midwest. The peer companies were also selected by revenue with a limit on annual revenue of \$120 million. Based on these criteria, we selected the following peer group for the 2010 executive compensation market analysis:

| | | |
|-------------------------|----------------|----------------------|
| Compellent Technologies | Local.com | Salary.com |
| Constant Contact | LogMeIn | Smith Micro Software |
| DemandTec | NIC | SolarWinds |
| Ebix | OpenTable | Support.com |
| Electronic Game Card | Plato Learning | Vocus |
| LivePerson | | |

This comparative data from the peer group is valuable to the compensation committee because it provides insight into competitive pay practices for each of the components of total compensation as well as confirms the reasonableness of our own compensation decisions. In January 2011, our compensation committee reviewed again the 2010 analysis of the compensation of our named executive officers relative to compensation paid by our peer group of companies summarized in a report prepared by Compensia. The 2010 Compensia report

Table of Contents

showed that even with the increases to base salaries in 2010, the base salaries of our Chief Executive Officer and Chief Financial Officer were below the 25th percentile of the peer group. The 2010 report did not have peer group information for the other named executive officers.

Base Salary

Base salaries are used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our named executive officers. Base salaries for each of our named executive officers are initially established based on arm's-length negotiations between us and the executive. Our compensation committee reviews the base salaries of our named executive officers annually at the beginning of each year. When negotiating or reviewing base salaries, the compensation committee considers market competitiveness based on their experience, the executive's expected future contribution to our success and the relative base salaries and responsibilities of our other executives.

In January 2011, our named executive officers received base salary increases ranging from 7% to 13% of their 2010 base salaries. The adjustments were made to transition our named executive officers' compensation to be competitive with the compensation of other similarly situated companies as reflected in the peer group. As a private company until our initial public offering in April 2010, our base salaries were significantly lower than the public company competitive market. Our compensation committee intends to annually evaluate our named executive officers' compensation and to incrementally move their compensation closer to the median compensation paid by our peer group as we continue our transition to a public company executive compensation program.

Bonuses – 2011 Management Incentive Plan

Our named executive officers participated in our management incentive plan, or the MIP, which provides them with an opportunity to receive two types of bonuses: a formula-based bonus and a discretionary bonus. The formula-based bonus is intended to motivate our executives to achieve specific financial goals that will drive the growth and success of our business. The discretionary bonus is designed to motivate our executive team to achieve goals that contribute to our growth and success but are not necessarily measurable by the financial results of our operations.

Formula-Based Bonuses. The formula-based bonus is based on the target bonus for each named executive officer established by the compensation committee at the beginning of each year. The compensation committee established the target bonus opportunity based on the amount it believes is necessary to provide a competitive overall compensation package in light of each named executive officer's base salary and to motivate our executives to achieve an aggressive level of growth. The amount of the formula-based bonus, if any, actually paid to executives after the end of the year is determined by a matrix that takes into account our revenues and earnings before interest, taxes, depreciation and amortization and non-cash, share-based compensation, or Adjusted EBITDA, prior to the payment of the MIP. The formula-based bonus is based in part on revenues because, given the scalability of our current core business, the compensation committee believes our financial results are driven most significantly by the revenues we generate. The compensation committee also believes formula-based bonuses should be based in part on Adjusted EBITDA prior to payment of the MIP because Adjusted EBITDA is a useful measure of our operating performance. A reconciliation of net income to Adjusted EBITDA is incorporated by reference to the section titled "Results of Operations – Year Ended December 31, 2011 Compared to Year Ended December 31, 2010 – Adjusted EBITDA" included in our annual report on Form 10-K filed with the Securities and Exchange Commission on March 9, 2012 (SEC file no. 001-34702).

The matrix provides that each executive will receive a percentage of his or her target formula-based bonus, between 0% and 145%, based on our revenues and Adjusted EBITDA prior to payment of the MIP. For example, for our executives to earn their target bonuses for 2011, we needed to generate revenues of approximately \$55.8 million and Adjusted EBITDA of approximately \$5.2 million. If we failed to have either revenues of approximately \$54.8 million or Adjusted EBITDA of approximately \$4.4 million, our named executive officers

Table of Contents

would not have received a formula-based bonus for the year. With some exceptions, the percentage of the target bonus earned between the minimum and the maximum varies in five percentage-point increments based on revenues and Adjusted EBITDA for the year relative to increments established for each metric in the matrix. The target revenues and Adjusted EBITDA are adjusted during the year by the compensation committee in the event we complete acquisitions, if any, during the year. The compensation committee established the intervals for the matrix with the intent that achieving 100% of an executive's target bonus will be a difficult but achievable goal in light of the prior year's results of operations and anticipated growth for 2012. For 2011, we exceeded the targets for both revenue and Adjusted EBITDA and the formula-based bonus for each named executive officer was as follows:

Mr. Black \$214,600

Ms. Nelson \$104,400

Mr. Frome \$104,400

Mr. Gray \$98,600

Mr. Novak \$104,400

Discretionary Bonuses. At the beginning of each year, our compensation committee also establishes a target discretionary bonus opportunity for each named executive officer that it may pay to the executive at the end of the year in our compensation committee's discretion. Our compensation committee establishes the target bonus opportunity for each executive in an amount the committee believes is appropriate to incentivize our executives to strive to exceed performance expectations and pursue activities that will not necessarily increase the calculations of revenues or Adjusted EBITDA applied to the formula-based bonus matrix. For 2011, the target discretionary bonus opportunity for each named executive officer was as follows:

Mr. Black \$50,000

Ms. Nelson \$24,000

Mr. Frome \$24,000

Mr. Gray \$22,000

Mr. Novak \$24,000

The amount actually paid to each named executive officer is based on the compensation committee's subjective evaluation of each named executive officer's achievement during the year. Our compensation committee does not have any predetermined criteria or goals that they are required to consider in connection with payment of the discretionary bonus. For 2011, in determining whether to pay a discretionary bonus, the compensation committee, in February 2012, discussed our company's performance and our executive officers' performance in the areas of general leadership, pursuit of strategic initiatives and overall performance relative to expectations. The compensation committee determines the amount of the discretionary bonus actually paid to each member of our executive team independent of the formula-based bonus earned after considering the criteria described above. For 2011, the discretionary bonus for each named executive officer was equal to their target discretionary bonus opportunity.

Equity Awards

Historically, we have granted our named executive officers stock options in connection with their initial employment. When determining the size of the award, our compensation committee considers the executive's position and responsibilities, the equity holdings of our other executives and the anticipated future contribution the executive will make to our success. We believe stock options are an important element of compensation because they provide our executives a potential ownership interest in our company, which helps align executives' interests with those of other stockholders. We believe stock options further align the interest of our executives and stockholders because the executives profit from stock options only if our stock price increases relative to the option's exercise price. We believe options also help retain our executives because the awards vest over several

Table of Contents

years, and vesting depends on the executive's continued employment with us. Typically, these stock options vest over a period of four years. The vesting of these stock options in the event of a termination or change in control is described in more detail below under Potential Payments Upon Termination or Change in Control. We do not have any security ownership requirements for our named executive officers.

At the beginning of each year, our compensation committee grants annual equity awards to our named executive officers. In 2011, Mr. Black received a stock option grant to purchase 68,645 shares of common stock and our other named executive officers received stock option grants to purchase 34,322 shares of common stock. Our policy is to grant annual stock options with an exercise price equal to the fair market value of our common stock on the date of grant. Going forward, we anticipate that equity compensation, whether in the form of restricted stock, stock options, restricted stock units, or other stock-based awards, will become a more significant part of our executive compensation and will continue to be granted on an annual basis in order to ensure a continued unvested equity component to the executive compensation package.

Other Compensation

Perquisites are not a material aspect of our executive compensation program. All of our full-time employees, including our named executive officers, are eligible to participate in our Section 401(k) plan. Pursuant to our Section 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit and to have the amount of this reduction contributed to our Section 401(k) plan. Our Section 401(k) plan provides that we will match eligible employees' Section 401(k) contributions equal to 25% of the employee's elective deferrals, up to an amount not to exceed 6% of the employee's compensation.

We entered into agreements with our named executive officers that provide for payments to them under certain circumstances involving a termination of their employment with us or upon a change in control of our company. The committee believes these types of agreements are essential in order to attract and retain qualified executives and promote stability and continuity in our senior management team. We believe that the stability and continuity provided by these agreements are in the best interests of our stockholders. In 2002, we also entered into management incentive agreements with each of Archie C. Black and James J. Frome that provide for a bonus to be paid to them upon a sale of our company. A sale includes (1) the disposition of all or substantially all of our assets; (2) the sale of at least 70% of our voting stock to a person who was not a stockholder of our company on July 1, 2002 and (3) a merger or consolidation of our company resulting in 70% or more of the voting power of the surviving company following the transaction being held by persons who were not a stockholder of our company on July 1, 2002. The payment to Mr. Black would be equal to 0.114% of the amount of the purchase price, as defined, exceeding \$25 million but less than \$65 million, subject to a maximum of \$45,600. The payment to Mr. Frome would be equal to 0.115% of the amount of the purchase price, as defined, exceeding \$25 million but less than \$65 million, subject to a maximum of \$46,000. These agreements terminate on June 30, 2012. We entered into these agreements in lieu of a cash bonus to each of these individuals to preserve our then-current cash position as we grew our business. These agreements are described in more detail below under Potential Payments Upon Termination or Change in Control.

Accounting and Tax Implications

Subject to rules that generally exempt compensation paid pursuant to pre-existing arrangements approved prior to our initial public offering, as a publicly-traded company we are not permitted under Section 162(m) of the Internal Revenue Code (the Code) to deduct compensation paid to certain executive officers to the extent that compensation exceeds \$1.0 million per covered officer in any year. Compensation that is considered performance based for purposes of Section 162(m) is excluded from this limitation. Non-performance based compensation paid to our named executive officers for 2011 did not exceed the \$1.0 million limit per officer.

Our compensation committee believes that in establishing the cash and equity incentive compensation programs for our named executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason, our compensation committee may deem it appropriate to provide one or more named

Table of Contents

executive officers with the opportunity to earn compensation which may not qualify as performance based for purposes of Section 162(m), such as cash incentive awards under programs not approved by our shareholders or restricted stock grants tied to the named executive officer's continued service, and which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Code. Our compensation committee believes it is important to maintain this flexibility in determining cash and equity incentive compensation in order to attract and retain high caliber named executive officer candidates, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Also, our compensation committee takes into account whether components of our compensation program may be subject to the penalty tax associated with Section 409A of the Code, and aims to structure the elements of compensation to be compliant with or exempt from Section 409A to avoid such potential adverse tax consequences.

Overview of 2012 Executive Compensation Program

In February 2012, our compensation committee determined the components, design and performance objectives of our 2012 executive compensation program.

2012 Base Salaries

For 2012, our named executive officers received base salary increases ranging from 6% to 13% of their 2011 base salaries. The adjustments were made in order to keep our named executive officers' compensation competitive with the compensation of other similarly situated companies as reflected in the peer group.

2012 Management Incentive Plan

The management incentive plan for 2012 has been structured in a manner similar to that in place for 2011. The amount of the formula-based bonus, if any, actually paid to executives after the end of the year will still be determined by a matrix that takes into account our revenues and earnings before interest, taxes, depreciation and amortization and non-cash, share-based compensation, or Adjusted EBITDA, prior to the payment of the MIP. The target revenues and Adjusted EBITDA will still be adjusted during the year by the compensation committee in the event we complete acquisitions, if any, during the year. The management incentive plan for 2012 also includes a target discretionary bonus for each named executive officer that it may pay to the executive in the first quarter of 2013 in the compensation committee's discretion.

2012 Stock Option Grants and Restricted Stock Unit Grants

Pension Benefits

We do not offer pension benefits to our named executive officers.

Non-Qualified Deferred Compensation

We do not offer non-qualified deferred compensation to our named executive officers.

Employment Agreements

We entered into an employment agreement with Archie C. Black, our Chief Executive Officer. The initial term of the agreement expired on December 31, 2009, but the agreement automatically renews for additional one-year terms unless terminated by us or Mr. Black. This agreement renewed for an additional year on January 1, 2011. Pursuant to the agreement, Mr. Black's base salary is reviewed annually by our compensation committee and may be maintained or increased, but not decreased, in the compensation committee's discretion. Mr. Black's employment agreement requires him not disclose our confidential information or disparage us or our officers or employees at any time during the term of the agreement or thereafter.

We entered into confidentiality and non-competition agreements with our named executive officers other than Mr. Black. These agreements require the executives to not disclose our confidential information at any time. The agreements also require the executives not to compete with us or solicit our employees to engage in other employment during the term of the executive's employment with us and for one year thereafter. We entered into a confidentiality agreement, but not a non-competition agreement, with Mr. Black.

The employment and confidentiality and non-competition agreements with our named executive officers address various termination of employment scenarios. No severance payments are made to executives who are terminated for cause. The terms of potential payments under these agreements upon a termination of employment are summarized below under **Potential Payments Upon Termination or Change-in-Control**.

We entered into management incentive agreements with each of Archie C. Black and James J. Frome that provide for a bonus to be paid to them upon a sale of our company. A sale includes (1) the disposition of all or substantially all of our assets; (2) the sale of at least 70% of our voting stock to a person who was not a stockholder of our company on July 1, 2002 and (3) a merger or consolidation of our company resulting in 70% or more of the voting power of the surviving company following the transaction being held by persons who were not a stockholder of our company on July 1, 2002. The payment to Mr. Black would be equal to 0.114% of the amount of the purchase price, as defined, exceeding \$25 million but less than \$65 million, subject to a maximum of \$45,600. The payment to Mr. Frome would be equal to 0.115% of the amount of the purchase price, as defined, exceeding \$25 million but less than \$65 million, subject to a maximum of \$46,000. These agreements terminate on June 30, 2012.

Potential Payments Upon Termination or Change-in-Control

Employment Agreements

We have entered into agreements that will require us to provide compensation to our named executive officers in the event of a termination of employment or a change in control of our company. Our employment agreement with Archie C. Black, our Chief Executive Officer, provides that, if we terminate his employment without cause, or if he terminates his employment with us for good reason, we will (1) pay his salary for 12 months in accordance with our regular payroll practices and any unused vacation accrued as of the date of termination and (2) provide health care benefits to him and his family for 12 months after the date of termination on the same terms as they are provided as of termination. Cause for termination exists upon (a) conviction of a felony; (b) dishonesty or gross misconduct in the performance of the agreement; or (c) failure by Mr. Black to cure his material breach of the agreement within 30 days of receiving written notice of breach from us. Mr. Black

Table of Contents

may terminate his employment for good reason (a) by providing us with notice of his intent to terminate his employment within 10 days of his annual performance review; (b) our failure to cure our material breach of the agreement within 30 days of receiving written notice of breach from him; or (c) upon a change in control, which includes removal of Mr. Black as our Chief Executive Officer by our board of directors or the occurrence of a transaction that results in the holders of our stock immediately prior to the transaction ceasing to hold the voting power necessary to elect a majority of our board following the transaction. Also, if we terminate Mr. Black's employment if he suffers a permanent disability, we will maintain for his benefit for 12 months after termination all health benefit plans in which he was entitled to participate immediately prior to termination.

We have entered into agreements with each of our named executive officers other than Mr. Black that provide that, if we terminate the named executive officer's employment without cause, and provided the termination does not occur upon or within 12 months of a change in control of our company, we will pay the named executive officer six months of his or her then-current base salary over a six-month period in accordance with our normal payroll practices. If we terminate the named executive officer's employment without cause upon or within 12 months after a change in control, or if the named executive officer terminates his or her employment for good reason upon or within 12 months after a change in control, we will pay the named executive officer 12 months of his or her then-current base salary over a 12-month period in accordance with our normal payroll practices. Payment of these amounts is subject to certain conditions and limitations, including that the named executive officer execute a release of claims against us. A change in control and the reasons for which a named executive officer may terminate without cause are defined in accordance with our 2001 Stock Option Plan and described below. A named executive officer may terminate his or her employment for good reason if there is a material reduction in the officer's salary at the time of the change in control or a material reduction in responsibilities following the change in control.

Option Agreements

Generally, option agreements executed pursuant to our 2001 Stock Option Plan, provide that, in the event of a change in control of our company, outstanding stock options granted to senior management, including our named executive officers, immediately become exercisable as to 50% of the unvested shares subject to option. Our option agreements with our named executive officers also provide that if the named executive officer's employment with us is terminated, or the named executive officer's employment responsibilities or base salary are materially reduced, other than for cause, prior to the first anniversary of the change in control, all remaining unvested shares subject to the option immediately become fully exercisable. A change in control includes (1) any person's acquisition of beneficial ownership of 50% or more of our outstanding common stock; (2) a failure to have a majority of our board of directors be people for whose election our board solicited proxies; (3) approval by our stockholders of a reorganization, merger or consolidation, unless our stockholders immediately prior to the transaction own more than 50% of the voting power of the corporation resulting from the transaction; or (4) approval by our stockholders of the disposition of all or substantially all of our assets. Cause for termination exists upon (a) failure by the named executive officer to cure his or her material breach of the terms of a non competition/non solicitation agreement between us and the officer within 30 days of receipt of written notice of breach from us; (b) gross negligence or willful misconduct by the officer; (c) conviction of the officer of a crime involving moral turpitude or any felony; (d) willful violation of instructions from our board of directors or Chief Executive Officer; or (e) fraud, embezzlement, theft or proven dishonesty against us.

Generally, option agreements executed pursuant to our 2010 Equity Incentive Plan provide that in the event of a sale of all or substantially all of our assets or a merger, consolidation, or share exchange involving our company, the surviving or successor entity may continue, assume or replace some or all of the outstanding awards under the 2010 Equity Incentive Plan. Our awards agreements with our executive officers typically provide that if awards granted to the executive officer under the 2010 Equity Incentive Plan are continued, assumed or replaced in connection with such an event and if within one year after the event the executive officer experiences an involuntary termination of service other than for cause, then the executive officer's outstanding awards will vest in full, will immediately become fully exercisable and will remain exercisable for one year.

following termination. If awards granted to any participant are not continued, assumed or replaced, the administrator may provide for the surrender of any outstanding award in exchange for payment to the holder of the amount of the consideration that would have been received in the event for the number of shares subject to the award less the aggregate exercise price (if any) of the award. In the event of a change in control (as defined in the 2010 Equity Incentive Plan) that does not involve a merger, consolidation, share exchange, or sale of all or substantially all of our company's assets, the plan administrator, in its discretion, may provide that any outstanding award will become fully vested and exercisable upon the change in control or upon the involuntary termination of the participant within one year after the change in control or that any outstanding award will be surrendered in exchange for payment to the holder of the amount of the consideration that would have been received in the change in control for the number of shares subject to the award less the aggregate exercise price (if any) of the award.

Management Incentive Agreements

We entered into the management incentive agreements with each of Archie C. Black and James J. Frome described above under "Employment Agreements" that provide for a bonus to be paid to them upon a sale of our company. The payment to Mr. Black would be equal to 0.114% of the amount of the purchase price, as defined, exceeding \$25 million but less than \$65 million, subject to a maximum payment of \$45,600. The payment to Mr. Frome would be equal to 0.115% of the amount of the purchase price, as defined, exceeding \$25 million but less than \$65 million, subject to a maximum payment of \$46,000.

The following tables list the potential payments and benefits upon termination of employment or change in control of our company for our named executive officers. The tables assume the triggering event for the payments or provision of benefits occurred on December 31, 2011. Amounts in the tables for the vesting of unvested stock options are calculated based on the number of accelerated stock options multiplied by the difference between \$25.95, the closing price for a share of our common stock on The NASDAQ Stock Market on December 31, 2011, and the per share exercise price.

Our related person policy requires that any executive officer requesting to enter into a transaction with a related person generally must promptly disclose to our audit committee the related person transaction and all material facts with respect thereto. In reviewing a transaction, our audit committee will consider all relevant facts and circumstances, including (1) the commercial reasonableness of the terms, (2) the benefit and perceived benefits, or lack thereof, to us, (3) opportunity costs of alternate transactions and (4) the materiality and character of the related person's interest, and the actual or apparent conflict of interest of the related person. Our audit committee will not approve or ratify a related person transaction unless it determines that, upon consideration of all relevant information, the transaction is beneficial to our company and stockholders and the terms of the transaction are fair to our company. No related person transaction will be consummated without the approval or ratification of our audit committee. We adopted our related person policy in connection with our initial public offering in 2010 and did not have a formal review and approval policy for related person transactions at the time of any transaction described in this Certain Relationships and Related Transactions section.

Auditor Services Pre-Approval Policy

The audit committee has adopted an auditor services pre-approval policy applicable to services performed for us by our independent auditor. In accordance with this policy, the audit committee's practice is to approve annually all audit, audit-related and tax and other services to be provided by the independent auditor during the year. If a service to be provided is not pre-approved as part of the annual process or if it may exceed pre-approved fee levels, the service must receive a specific and separate pre-approval by the audit committee, which may delegate authority to grant such pre-approvals during the year to one or more independent members of the audit committee. Any pre-approvals granted pursuant to delegated authority must be reported to the audit committee at its next regular meeting.

Our audit committee has determined that the provision of the non-audit services described in the table above was compatible with maintaining the independence of our independent auditor. The audit committee reviews each non-audit service to be provided and assesses the impact of the service on the auditor's independence.

ITEM 2 RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The audit committee of our board of directors has selected Grant Thornton LLP to serve as our independent auditor for the year ending December 31, 2012. While it is not required to do so, our board of directors is submitting the selection of Grant Thornton LLP for ratification in order to ascertain the views of our stockholders with respect to the choice of audit firm. If the selection is not ratified, the audit committee will reconsider its selection. Representatives of Grant Thornton LLP are expected to be present at the annual meeting, will be available to answer stockholder questions and will have the opportunity to make a statement if they desire to do so.

The board of directors recommends that you vote FOR ratification of the selection of Grant Thornton LLP as the independent auditor of SPS Commerce, Inc. and our subsidiaries for the year ending December 31, 2012. Proxies will be voted FOR ratification of this selection unless otherwise specified.

ITEM 3 DECLASSIFICATION OF OUR BOARD OF DIRECTORS

On February 28, 2012, the board of directors unanimously approved, upon the recommendation of the governance and nominating committee, an amended and restated version of our amended and restated certificate of incorporation, reflecting amendments that would declassify our board of directors and instead provide for the annual election of all of our directors, subject to obtaining approval of the amendments from our stockholders at the 2012 annual meeting.

Our amended and restated certificate of incorporation currently provides that our directors are divided into three classes, with each class serving a three-year term. Under the proposed amendments to our amended and restated certificate of incorporation, the classified board structure would be eliminated. Commencing with the 2013 annual meeting, our directors would be elected for one-year terms rather than three-year terms. Therefore, at our 2013 annual meeting and each annual meeting thereafter, our stockholders would be asked to vote for all of our directors who previously served in Classes I, II and III.

The governance and nominating committee and our board of directors regularly evaluate all of our corporate governance practices to ensure that such practices, including the mechanism for the election of directors, remain in the best interests of SPS Commerce and our stockholders. Proponents of classified boards believe that they provide continuity and stability to the board of directors, facilitate a long-term outlook by the board of directors, and improve the board of director's negotiating position when confronted with an unsolicited suitor. On the other hand, an increasing number of investors have come to believe that classified boards reduce accountability of directors because they limit the ability of stockholders to evaluate and elect all directors annually.

In making its recommendation, the board of directors considered carefully comments from our stockholders regarding the advantages of both classified and declassified board structures. The board of directors determined

Table of Contents

that the advantages of a classified board were outweighed by the advantages of the stockholders' ability to evaluate all directors annually and the adoption of a structure that is currently considered by many to be a "best practice" in corporate governance. Consequently, the board of directors concluded that an amendment to our amended restated certificate of incorporation to provide for the annual election of all directors is in the best interests of SPS Commerce and its stockholders.

We are proposing to amend and restate the amended and restated certificate of incorporation in its entirety, and all of the proposed amendments are reflected in the proposed form of amended and restated certificate of incorporation attached to this proxy statement as *Appendix A*. For your convenience, the attached form of amended and restated certificate of incorporation is marked to indicate the proposed amendments.

The board of directors recommends that you vote FOR this proposal. Proxies will be voted FOR the proposal unless otherwise specified.

ITEM 4 APPROVAL OF THE SPS COMMERCE, INC. EMPLOYEE STOCK PURCHASE PLAN

Introduction

We are asking stockholders to approve the SPS Commerce, Inc. Employee Stock Purchase Plan (the "Plan"), which was approved by our board of directors on February 28, 2012 subject to shareholder approval.

The Plan offers eligible employees the opportunity to acquire a stock ownership interest in the company through periodic payroll deductions that will be applied towards the purchase of our common stock at a discount from the then current market price. The Plan provides for the issuance of up to 1,200,000 shares of our common stock.

The full text of the Plan is contained in *Appendix B* to this proxy statement. The significant features of the Plan are summarized below.

Administration

The compensation committee of our board of directors (the "Committee") is authorized to administer the Plan. The Committee has full authority to adopt rules and procedures to administer the Plan, to interpret the provisions of the Plan, to determine the terms and conditions of offerings under the Plan, to designate which of our subsidiaries may participate in the Plan, and to adopt rules, procedures and subplans to permit employees of foreign subsidiaries to participate in the Plan on a basis intended to achieve tax, securities law or other compliance objectives in locations outside of the United States. All costs and expenses incurred for Plan administration are paid by us.

Securities Subject to the Plan

Up to 1,200,000 shares of our common stock may be purchased by participants under the Plan. The shares are to be made available from authorized but unissued shares of our common stock. Any shares issued under the Plan will reduce, on a one-for-one basis, the number of shares available for subsequent issuance under the Plan. In the event of any change to our outstanding common stock, such as a recapitalization, stock split or similar event, appropriate adjustments will be made to the number and class of shares available under the Plan and to the number, class and purchase price of shares subject to each outstanding purchase right.

Eligibility and Participation

With one exception, any individual employed by our company or any participating subsidiary corporation whose customary employment is for more than five months during each calendar year is eligible to participate in

Table of Contents

the Plan. However, no employee who owns stock possessing 5% or more of the total combined voting power or value of all classes of our stock or the stock of any of our subsidiaries may participate in the Plan. As of February 29, 2012, we estimate that approximately 487 employees, including our five named executive officers, were eligible to participate in the Plan.

Eligible employees may enroll in the Plan and begin participating at the start of any purchase period.

Purchase Periods and Purchase Dates

Shares of common stock will be offered under the Plan through a series of offerings, each of which consists of a single purchase period of six months, or such other duration (up to 27 months) as the Committee may prescribe. If our shareholders approve this Proposal, we expect that our shares will be offered under the Plan through a series of successive six-month purchase periods that are expected to commence on July 1, 2012 and on the first day of January and July thereafter. Purchases under the Plan are expected to occur on the last trading day of June and December each year.

Purchase Price

The purchase price of a share of our common stock under the Plan on each purchase date will be no less than 85% of the lower of (i) the fair market value of a share of our common stock on the first day of the applicable purchase period or (ii) the fair market value of a share of our common stock on the purchase date at the end of the applicable six-month purchase period.

The fair market value of a share of our common stock on any relevant date under the Plan will be deemed to be equal to the closing sale price per share on such date on the NASDAQ Stock Market. The closing sale price of our common stock on the NASDAQ Stock Market on March 13, 2012 was \$26.84 per share.

Contributions and Stock Purchases

Each participant may authorize periodic payroll deduction contributions in any multiple of 1% of his or her eligible compensation each purchase period, up to a maximum of 15% of eligible compensation per pay period or purchase period. The accumulated contributions will automatically be applied on each purchase date to the purchase of shares of our common stock at the purchase price in effect for that purchase date. In connection with specific offerings under the Plan, the Committee may permit participants to make contributions other than payroll deduction contributions during the applicable purchase period. For purposes of the Plan, eligible compensation generally includes base salary, bonuses, commissions and overtime pay, and excludes allowances and income with respect to equity-based awards.

Special Limitations

The Plan imposes certain limitations upon a participant's right to purchase our common stock under the Plan, including the following:

A participant may not be granted rights to purchase more than \$25,000 worth of our common stock (valued at the time each purchase right is granted) for each calendar year in which such purchase rights are outstanding.

No participant may purchase more than 1,000 shares of our common stock (or such other number of shares as the Committee may designate for a specific offering) on any one purchase date.

Changing Contribution Amounts; Withdrawal from Plan

A participant may decrease or increase the amount of his or her payroll deduction contributions effective as of the first day of the next purchase period. To the extent permitted by the Committee in connection with a

Table of Contents

specific offering, a participant may also decrease or increase the amount of his or her payroll deduction contributions during a purchase period. A participant may withdraw from the Plan at any time, and his or her accumulated (but not yet invested) contributions to the Plan will be promptly refunded.

Termination of Employment

A participant's participation in the Plan will immediately terminate upon his or her termination of employment for any reason. Any payroll deductions that the participant may have made for the purchase period in which such termination of employment occurs will be refunded and will not be applied to the purchase of common stock.

Shareholder Rights

No participant will have any shareholder rights with respect to the shares covered by his or her purchase rights under the Plan until the shares are actually purchased on the participant's behalf through the Plan.

Transferability

No purchase rights under the Plan will be assignable or transferable by the participant, except by will or the laws of inheritance following a participant's death. Unless otherwise provided in connection with a specific offering, shares of common stock purchased through the Plan by a participant may not be sold by the participant prior to three months and a day after the purchase date of the shares.

Corporate Transactions

If our company is acquired by merger or through the sale of all or substantially all its assets, the board of directors may provide that (i) each right to acquire shares on any purchase date scheduled to occur after the date of the consummation of the acquisition transaction shall be continued or assumed or an equivalent right shall be substituted by the surviving or successor corporation or its parent or subsidiary, (ii) the Plan shall be terminated, or (iii) the purchase period then in progress shall be shortened by setting a new purchase date.

Share Proration

Should the total number of shares of common stock to be purchased pursuant to outstanding purchase rights on any particular purchase date exceed the number of shares remaining available for issuance under the Plan at that time, the Committee will make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis, and the payroll deductions of each participant not used to purchase shares will be refunded.

Amendment and Termination

The Plan may be terminated at any time by the board of directors, and will terminate upon the date on which all shares remaining available for issuance under the Plan are sold pursuant to exercised purchase rights.

The board of directors may at any time amend or suspend the Plan. However, the board of directors may not, without shareholder approval, amend the Plan to (i) increase the number of shares issuable under the Plan or (ii) effect any other change in the Plan that would require shareholder approval under applicable law or to maintain compliance with Section 423 of the Internal Revenue Code (the "Code").

U.S. Federal Income Tax Consequences

Table of Contents

Plan qualifies as an employee stock purchase plan within the meaning of Code Section 423, is not intended to be exhaustive and does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside.

Under a qualified Code Section 423 arrangement, no taxable income will be recognized by a participant, and no deductions will be allowed to the company, upon either the grant or the exercise of purchase rights under the Plan. Taxable income will not be recognized until either there is a sale or other disposition of the shares acquired under the Plan or in the event the participant should die while still owning the purchased shares.

If a participant sells or otherwise disposes of the purchased shares within two years after the first day of the purchase period in which such shares were acquired, or within one year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the closing market price of the shares on the purchase date exceeded the purchase price paid for those shares, and the company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal in amount to such excess. The participant also will recognize a capital gain to the extent the amount realized upon the sale of the shares exceeds the sum of the aggregate purchase price for those shares and the ordinary income recognized in connection with their acquisition.

If a participant sells or otherwise disposes of the purchased shares more than two years after the first day of the purchase period in which the shares were acquired and more than one year after the actual purchase date of those shares, the participant will recognize ordinary income in the year of sale or disposition equal to the lower of (i) the amount by which the selling price of the shares on the sale or disposition date exceeded the purchase price paid for those shares or (ii) 15% of the closing market price of the shares on the first day of the purchase period in which the shares were acquired. Any additional gain upon the disposition will be taxed as a long-term capital gain. The company will not be entitled to an income tax deduction with respect to such disposition.

If a participant still owns the purchased shares at the time of death, his or her estate will recognize ordinary income in the year of death equal to the lower of (i) the amount by which the closing market price of the shares on the date of death exceeds the purchase price or (ii) 15% of the closing market price of the shares on the first day of the purchase period in which those shares were acquired.

Plan Benefits

The benefits to be received by our officers and employees under the Plan are not determinable because the amounts of future purchases by participants are based on elective participant contributions.

BOARD OF DIRECTORS

5.1 ~~NUMBER AND CLASSIFICATION OF DIRECTORS; VACANCIES AND REMOVAL.~~

- (a) ~~Number.~~ Except as otherwise provided by the resolution or resolutions adopted by the board of directors of the Corporation designating the rights, powers and preferences of any series of Preferred Stock, the number of directors of the Corporation shall be fixed, and may be increased or decreased from time to time, exclusively by the board of directors.
- (b) ~~Classification.~~ The directors shall be divided into three classes, Class I, Class II and Class III, with each class having as nearly equal a number of members as possible. Class I initially shall consist of Michael B. Gorman and Murray R. Wilson. Class II initially shall consist of Archie C. Black and George H. Spencer, III. Class III initially shall consist of Steve A. Cobb, Martin J. Leestma and Sven A. Wehrwein. The initial term of office of the directors in Class I shall expire at the annual meeting of stockholders in 2011. The initial term of office of the directors in Class II shall expire at the annual meeting of stockholders in 2012. The initial term of office of the directors in Class III shall expire at the annual meeting of stockholders in 2013. Beginning in 2011, at each annual meeting of stockholders, successors to the class of directors whose term shall then expire shall be elected to hold office for a term of office to expire at the third succeeding annual meeting of stockholders after their election. If the number of directors is changed, any increase or decrease shall be apportioned among the classes by the board of directors so as to maintain the number of directors in each class as nearly equal as is reasonably possible. Except as otherwise provided by the resolution or resolutions adopted by the board of directors of the Corporation designating the rights, powers and preferences of any series of Preferred Stock, newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause shall be filled solely by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the board of directors, or by the sole remaining director. Any additional director of any class elected to fill a vacancy resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class. In no case will a decrease in the number of directors shorten the term of any incumbent director, even though such decrease may result in an inequality of the classes until the expiration of such term. A director shall hold office until the annual meeting of stockholders in the year in which his or her term expires and until his or her successor shall be elected and qualified subject, however, to prior death, resignation, retirement or removal from office. Any director elected to fill a vacancy not resulting from an increase in the number of directors shall have the same remaining term as that of his or her predecessor.
- (c) ~~Removal.~~ Subject to the rights, if any, of any series of Preferred Stock to elect directors and to remove any director whom the holders of any such series have the right to elect, any director (including persons elected by directors to fill vacancies in the board of directors) may be removed from office (i) only with cause and (ii) only by the affirmative vote of the holders of 75% or more of the outstanding shares of capital stock then entitled to vote at an election of directors. At least 45 days prior to any annual or special meeting of stockholders at which it is proposed that any director be removed from office, written notice of such proposed removal and the alleged grounds thereof shall be sent to the director whose removal will be considered at the meeting.

BY-LAWS

In furtherance and not in limitation of the powers conferred by the laws of the State of Delaware, the board of directors of the Corporation is expressly authorized to make, alter, and repeal the by-laws of the Corporation, subject to the power of the stockholders of the Corporation to alter or repeal any by-law whether adopted by them or otherwise.

ARTICLE 7

AMENDING THE CERTIFICATE OF INCORPORATION

The Corporation reserves the right at any time from time to time to amend, alter, change or repeal any provision contained in this Certificate of Incorporation, and any other provisions authorized by the laws of the State of Delaware at the time in force may be added or inserted, in the manner now or hereafter prescribed by law. All rights, preferences and privileges of whatsoever nature conferred upon stockholders, directors or any other persons whomsoever by and pursuant to this Certificate of Incorporation in its present form or as hereafter amended are granted subject to the right reserved in this Article.

ARTICLE 8

DIRECTOR LIABILITY; INDEMNIFICATION AND INSURANCE

8.1 ELIMINATION OF CERTAIN LIABILITY OF DIRECTORS. The personal liability of the directors of the Corporation shall be eliminated to the fullest extent permitted by law. No amendment, modification or repeal of this Article, adoption of any provision in this Certificate of Incorporation, or change in the law or interpretation of the law shall adversely affect any right or protection of a director or officer of the Corporation under this Article 8 with respect to any act or omission that occurred prior to the time of such amendment, modification, repeal, adoption or change.

8.2 INDEMNIFICATION.

- (a) Right to Indemnification. Each person who was or is made a party or is threatened to be made a party to or is involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a *proceeding*), by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer of the Corporation or is or was serving at the request of the Corporation as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, officer, employee or agent, shall be indemnified and held harmless by the Corporation to the fullest extent authorized by the General Corporation Law of the State of Delaware, as the same exists or may hereafter be amended (but, in the case of any such amendment, to the fullest extent permitted by law, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment), against all expense, liability and loss (including attorneys' fees, judgments, fines, amounts paid or to be paid in settlement, and excise taxes or penalties arising under the Employee Retirement Income Security Act of 1974) reasonably incurred or suffered by such person in connection therewith and such indemnification shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of his or her heirs, executors and administrators; provided, however, that, except as provided in paragraph (b) below, the Corporation shall indemnify any such person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person only if such proceeding (or part thereof) was authorized by the board of directors of the Corporation. The right to indemnification conferred in this Article shall be a contract right and shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition; provided, however, that,

Table of Contents

if the General Corporation Law of the State of Delaware requires, the payment of such expenses incurred by a director or officer in his or her capacity as a director or officer (and not in any other capacity in which service was or is rendered by such person while a director or officer, including, without limitation, service to an employee benefit plan) in advance of the final disposition of a proceeding, shall be made only upon delivery to the Corporation of an undertaking, by or on behalf of such director or officer, to repay all amounts so advanced if it shall ultimately be determined that such director or officer is not entitled to be indemnified under this Article or otherwise. The Corporation may, by action of the board of directors, provide indemnification to employees and agents of the Corporation with the same scope and effect as the foregoing indemnification of directors and officers.

- (b) **Right of Claimant to Bring Suit.** If a claim under paragraph (a) above is not paid in full by the Corporation within thirty days after a written claim has been received by the Corporation, the claimant may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim and, if successful in whole or in part, the claimant shall be entitled to be paid also the expense of prosecuting such claim. It shall be a defense to any such action (other than an action brought to enforce a claim for expenses incurred in defending any proceeding in advance of its final disposition where the required undertaking, if any is required, has been tendered to the Corporation) that the claimant has not met the standards of conduct which make it permissible under the General Corporation Law of the State of Delaware for the Corporation to indemnify the claimant for the amount claimed, but the burden of proving such defense shall be on the Corporation. Neither the failure of the Corporation (including its board of directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such action that indemnification of the claimant is proper in the circumstances because he or she has met the applicable standard of conduct set forth in the General Corporation Law of the State of Delaware, nor an actual determination by the Corporation (including its board of directors, independent legal counsel, or its stockholders) that the claimant has not met such applicable standard of conduct, shall be a defense to the action or create a presumption that the claimant has not met the applicable standard of conduct.
- (c) **Non-Exclusivity of Rights.** The right to indemnification and the payment of expenses incurred in defending a proceeding in advance of its final disposition conferred in this Article shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, provision of the Certificate of Incorporation (as it may be amended from time to time), Bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

- 8.3 **INSURANCE.** The Corporation may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any such expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expense, liability or loss under the General Corporation Law of the State of Delaware.

10.3. *Issuance of Shares.* Promptly after the end of each Purchase Period, the number of Shares purchased by all Participants as of the applicable Purchase Date shall be issued and delivered (as provided in Section 20.5) to an agent selected by the Company. The agent will hold such Shares for the benefit of all Participants who have purchased Shares and will maintain a Share Account for each Participant reflecting the number of Shares (including fractional Shares) credited to the account of each Participant. Each Participant will be entitled to direct the voting of, and receive dividends on, all Shares credited to such Participant's Share Account by the agent. Subject to Section 10.4, each Participant may also direct the agent to sell Shares credited to the Participant's Share Account and distribute the net proceeds of such sale to the Participant. Unless otherwise provided with respect to an Offering, at any time after a Participant has satisfied the minimum holding period requirements established by Code Section 423(a)(1) with respect to Shares credited to the Participant's Share Account, the Participant may request that the agent transfer such Shares to the Participant, in which case the agent shall transfer such whole number of Shares to the Participant as provided in Section 20.5 and will pay the Participant a cash amount representing the Fair Market Value of any fractional Share.

10.4. *Required Holding Period.* Unless otherwise provided with respect to an Offering, Shares purchased by a Participant during a Purchase Period may not be sold by the Participant until one day after the three-month anniversary of the Purchase Date on which the Shares were purchased by the Participant (for example, Shares purchased on a Purchase Date of December 31 may not be sold before the next April 1).

11. **Rights as a Shareholder.** A Participant shall not be entitled to any of the rights or privileges of a shareholder of the Company with respect to Shares, including the right to vote or direct the voting or to receive any dividends that may be declared by the Company, until (i) the Participant actually has paid the purchase price for such Shares and (ii) such Shares have been issued to the agent as provided in Section 10.

12. **Rights Not Transferable.** A Participant's rights under this Plan are exercisable only by the Participant during his or her lifetime, and may not be sold, pledged, assigned, transferred or disposed of in any manner other than by will or the laws of descent and distribution. Any attempt to sell, pledge, assign, transfer or dispose of the same shall be null and void and without effect. The amounts credited to a Recordkeeping Account may not be sold, pledged, assigned, transferred or disposed of in any way, and any attempted sale, pledge, assignment, transfer or other disposition of such amounts will be null and void and without effect.

13. Administration of the Plan.

13.1. *Administrative Authority of Committee.* This Plan shall be administered by the Committee. Subject to the express provisions of the Plan and applicable law, and in addition to other express powers and authorizations conferred on the Committee by the Plan, the Committee shall have full power and authority to:

(a) Determine when each Purchase Period under this Plan shall occur, and the terms and conditions of each related Offering (which need not be identical);

(b) Designate from time to time which Affiliates of the Company shall be eligible to participate in the Plan;

(c) Construe and interpret the Plan and establish, amend and revoke rules, regulations and procedures for the administration of the Plan. The Committee may, in the exercise of this power, correct any defect, omission or inconsistency in the Plan, in such manner and to the extent it may deem necessary, desirable or appropriate to make the Plan fully effective;

(d) Exercise such powers and perform such acts as the Committee may deem necessary, desirable or appropriate to promote the best interests of the Company and its Designated Affiliates and to carry out the intent that the Offerings made under the Plan are treated as qualifying under Code Section 423(b); and

(e) As more fully described in Section 19, to adopt such rules, procedures and sub-plans as may be necessary, desirable or appropriate to permit participation in the Plan by employees who are foreign nationals or employed outside the United States by a non-U.S. Designated Affiliate, and to achieve tax, securities law and other compliance objectives in particular locations outside the United States.

13.2. *Finality of Committee Decisions.* Unless otherwise expressly provided in the Plan, all designations, determinations, interpretations, and other decisions under or with respect to the Plan shall be within the sole discretion of the Committee, may be made at any time and shall be final, conclusive, and binding upon all persons, including the Company, any Affiliate, any Participant and any Eligible Employee.

13.3. *Delegation by Committee.* Subject to the terms of the Plan and applicable law, the Committee may delegate ministerial duties associated with the administration of the Plan to such of the Company's officers, employees or agents as the Committee may determine.

13.4. *Liability Limits and Indemnification.* No member of the Board or Committee shall be liable for any action taken or determination made in good faith with respect to the Plan. In addition to such other rights of indemnification as they may have as members of the Board or officers or employees of the Company or a Designated Affiliate, members of the Board and Committee and any officers or employees of the Company or Designated Affiliate to whom authority to act for the Committee is delegated shall be indemnified by the Company from and against any and all liabilities, costs and expenses incurred by such persons as a result of any act or omission to act in connection with the performance of such person's duties, responsibilities and obligations under the Plan if such person has acted in good faith and in a manner that he or she reasonably believes to be in, or not opposed to, the best interests of the Company.

14. Adjustment upon Changes in Capitalization and Corporate Transactions.

14.1. *Changes in Capitalization.* In the event of any change in the Common Stock of the Company by reason of a stock dividend, stock split, reverse stock split, corporate separation, recapitalization, merger, consolidation, combination, exchange of shares and the like, the Committee shall make such equitable adjustments as it deems appropriate in the aggregate number and class of shares available under this Plan and the number, class and purchase price of shares available but not yet purchased under this Plan.

14.2. *Corporate Transactions.* In the event of a Corporate Transaction, the Board may determine and provide that: (i) each right to acquire Shares on any Purchase Date that is scheduled to occur after the date of the consummation of the Corporate Transaction shall be continued or assumed or an equivalent right shall be substituted by the surviving or successor corporation or a parent or subsidiary of such corporation; (ii) the Plan shall be terminated; or (iii) the Purchase Period then in progress shall be shortened by setting a new Purchase Date. If a new Purchase Date is set, it shall be a specified date before the date of the consummation of the Corporate Transaction. Each Participant shall be notified in writing, prior to any new Purchase Date, that the Purchase Date for the existing Offering has been changed to the new Purchase Date and that the Participant's right to acquire Shares will be exercised automatically on the new Purchase Date unless prior to such date the Participant's employment has been terminated or the Participant has withdrawn from the Plan.

15. **Joint Accounts.** A Participant's Share Account established with the agent described in Section 10 may be established in the name of the Participant, or jointly in the name of the Participant and another person, as the Participant may direct on an appropriate form filed with the Company or the agent.

16. **Amendment or Suspension of Plan.** The Board may at any time suspend this Plan or amend it in any respect, but no such amendment may, without shareholder approval, increase the number of shares reserved under this Plan, or effect any other change in the Plan that would require shareholder approval under applicable law or to maintain compliance with Code Section 423. No such amendment or suspension shall adversely affect the rights of Participants pursuant to Shares previously acquired under the Plan. During any suspension of the Plan, no new Offering or Purchase Period shall begin and no Eligible Employee shall be offered any new right to purchase Shares under the Plan or any opportunity to elect to participate in the Plan, and any existing payroll deduction authorizations shall be suspended, but any such right to purchase Shares previously granted for a Purchase Period that began prior to the Plan suspension shall remain subject to the other provisions of this Plan and the discretion of the Board and the Committee with respect thereto.

17. Effective Date and Term of Plan. This Plan shall be effective on February 28, 2012. No rights to purchase Shares granted under this Plan will be exercised unless and until the Plan has been approved by the shareholders of the Company, which approval must occur within 12 months after the date the Plan is adopted by the Board. The Plan and all rights of Participants hereunder shall terminate (i) at any time, at the discretion of the Board of Directors, or (ii) upon the completion of any Offering under which the limitation on the total number of shares to be issued set forth in Section 3 has been reached. Except as otherwise determined by the Board, upon termination of this Plan, the Company shall pay to each Participant cash in an amount equal to the entire remaining balance in such Participant's Recordkeeping Account.

18. Governmental Regulations and Listing. All rights granted or to be granted to Eligible Employees under this Plan are expressly subject to all applicable laws and regulations and to the approval of all governmental authorities required in connection with the authorization, issuance, sale or transfer of the Shares reserved for this Plan, including, without limitation, there being a current registration statement of the Company under the Securities Act of 1933, as amended, covering the Shares purchasable on the Purchase Date applicable to such Shares, and if such a registration statement shall not then be effective, the term of such Purchase Period shall be extended until the first business day after the effective date of such a registration statement, or post-effective amendment thereto. If applicable, all such rights hereunder are also similarly subject to effectiveness of an appropriate listing application to a national securities exchange covering the Shares issuable under the Plan upon official notice of issuance.

19. Rules for Foreign Jurisdictions. The Committee may adopt rules, procedures or subplans relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Committee is specifically authorized to adopt rules and procedures regarding handling of payroll deductions, payment of interest, conversion of local currency, payroll tax, the definition of Eligible Compensation, withholding procedures and the transfer of Shares that vary with local requirements.

20. Miscellaneous.

20.1. Employment Status. This Plan shall not be deemed to constitute a contract of employment between the Company and any Participant, nor shall it interfere with the right of the Company to terminate the employment of any Participant and treat him or her without regard to the effect that such treatment might have upon him or her under this Plan.

20.2. Number and Gender. Wherever appropriate as used herein, the masculine gender may be read as the feminine gender, the feminine gender may be read as the masculine gender, the singular may be read as the plural and the plural may be read as the singular.

20.4. Electronic Communications. Any reference in the Plan to election or enrollment forms, notices, authorizations or any other document to be provided in writing shall include any such form, notice, authorization or document delivered electronically, including through the Company's intranet, in accordance with procedures established by the Committee.

20.5. Issuance and Transfer of Shares. Any reference in this Plan to the issuance or transfer of Shares shall be deemed to include the issuance or transfer of such Shares in certificated, book-entry or electronic form. Uncertificated Shares shall be deemed delivered for purposes of this Plan when the Company or its agent shall have provided to the recipient of the Shares a notice of issuance or transfer by electronic mail (with proof of receipt) or by United States mail, and have recorded the issuance or transfer in its records.
