Wealth Committee of

Bryn Mawr Bank Corporation

We have audited the accompanying statement of net assets available for benefits of Bryn Mawr Bank Corporation 401(k) ( the Plan ) as of December 31, 2011 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan 's administrators. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan 's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan 's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2011, and the changes in its net assets available for benefits for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the Plan 's basic financial statements taken as a whole. The accompanying supplemental schedule of assets (Held at End of Year) as of December 31, 2011 is presented for purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor 's Rules and Regulations for the Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan 's management. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole

The Participants and Plan Administrator

Bryn Mawr Bank Corporation 401(k) Plan

We have audited the accompanying statement of net assets available for benefits of the Bryn Mawr Bank Corporation 401(k) Plan (hereinafter the Plan ) as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the Plan s net assets available for benefits as of December 31, 2010, and changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2010 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s *Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974*. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**BRYN MAWR BANK CORPORATION 401(k) PLAN**

Notes to Financial Statements

December 31, 2011 and 2010

**(1) Description of the Plan**

***(a) General***

The following description of the Bryn Mawr Bank Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan is a defined contribution plan under which all employees of Bryn Mawr Bank Corporation (the Corporation) and its wholly owned subsidiaries, including The Bryn Mawr Trust Company (the Bank), (collectively, the Company) who meet certain service requirements are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***(b) Eligibility***

Employees of Bryn Mawr Bank Corporation and its subsidiaries become eligible to participate in the Plan on the next entry date following the completion of six months of employment, during which they are credited with at least 500 hours of service. Effective January 1, 2010 the requirements of six months of employment and 500 hours of service needed in order for a participant to make salary deferral contributions to the Plan were removed. Effective on that date employees are eligible to make salary deferral contributions upon their date of hire; however, various requirements still pertain to a participant receiving the employer matching and discretionary contribution.

***(c) Contributions***

Employees can elect to defer through payroll deduction from 1% to 16% of their pay on a pre-tax or after-tax basis, subject to certain limitations. Such contributions are processed with each payroll and are matched quarterly dollar for dollar by the Company to a maximum of 3% of the participant's base annual pay. Effective January 1, 2010, the 16% pre-tax or after-tax basis contribution cap was removed.

The Plan includes an automatic enrollment feature and an automatic increase feature. Under the enrollment feature, 3% of compensation shall be automatically deducted from pay on a pre-tax basis for each employee who is eligible to participate and has elected participation in this feature. Under the automatic increase feature, each participating employee's contributions to the Plan will automatically be increased by 1% of his or her compensation (if the employee has elected participation in this feature) as of each January 1. In no event will more than 10% of compensation be contributed to the Plan under the automatic increase feature, although an employee may elect to contribute more than 10%.

In addition to above, the Board of Directors of the Corporation may, at their discretion, authorize an additional contribution based on the Corporation's profitability. Effective April 1, 2008, the Corporation began making quarterly contributions equal to 3% of gross compensation allocated as a discretionary contribution to eligible participants. The participants direct the investment of their contributions into various investment options offered by the Plan. The employer match and discretionary contributions and the salary deferral contributions are allocated among the investment options based upon the participant's investment election.

Notes to Financial Statements

December 31, 2011 and 2010

***(d) Amendments to the Plan***

Effective January 1, 2010, the 16% maximum salary deferral rate cap as well as the eligibility requirements that must have been satisfied prior to a participant making salary deferral contributions to the Plan were removed.

Beginning in 2010, a non-spouse beneficiary entitled to receive an eligible rollover distribution is permitted to make a direct trustee to trustee rollover to an IRA.

***(e) New Investment Options***

During 2010 and 2011, the Plan added and deleted the following investment options:

Effective October 1, 2011, the PIMCO Low Duration Institutional Fund (PTLDX) and Vanguard Total International Stock Fund (VGTSX) were added. In addition, the Wells Fargo Advantage Government Securities Fund (STVSX) was eliminated.

Effective December 17, 2010, the PIMCO Total Return R Fund was converted to PIMCO Total Return I Fund and effective September 15, 2010 the Templeton Global Bond ADV Fund was added. The name on the AIM Charter R Fund changed to the INVESCO Charter R Fund.

***(f) Payment of Benefits***

Upon termination, as defined by the Plan Document, or upon request for an in-service distribution, a participant may elect to receive an annuity or lump-sum payment equal to the value of the participant's vested interest in their account.

***(g) Vesting***

Participants are immediately vested in all contributions.

***(h) Participant Accounts***

Each participant's account is credited with the participant's contribution and allocations of (a) the Corporation's contribution and (b) Plan earnings (losses), and charged with a proportionate allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***(i) Participant Loans***

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Current loan terms range from 1 to 10 years, while some loans under the previous loan policy have original terms of 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to

1% above rates commensurate with local prevailing rates as determined monthly by the Plan administrator. Principal and interest is paid ratably through biweekly payroll deductions. The interest rates on loans ranged from 3.75% to 8.75% at December 31, 2011 and 2010.

**(j) Withdrawals**

Participants are 100% vested in the underlying equity in their account, including employer contributions. Participants who terminate from the Plan may choose to have all vested funds distributed to them.

Participant contributions and accumulated earnings (losses) are restricted as to withdrawal except in Hardship cases as defined by the *Internal Revenue Code* or the attainment of age 59 1/2. Hardship withdrawals will be subject to a 10% early distribution penalty to the participant if he or she is not age 59 1/2 at the time of distribution.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

**(b) Administrative Expenses**

Cost and expenses incurred in regards to the administration of the Plan are paid by the Plan.

**(c) Recent Accounting Pronouncements**

In May 2011, the FASB issued Accounting Standard Update 2011-04, Amendments to Archive Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs, ( ASU 2011-04 ). ASU 2011-04 amended ASC 820, Fair Value Measurements and Disclosures, to converge the fair value guidance in US Generally Accepted Accounting Principles (GAAP) and International Financial Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures (although certain of these new disclosures will not be required for nonpublic entities). The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

In January 2010, the FASB issued Accounting Standard Update 2010-06, *Improving Disclosures about Fair Value Measurement*, ( ASU 2010-06 ). This guidance that requires reporting entities to make new disclosures about recurring or nonrecurring fair value measurements including significant transfers into and out of Level 1 and Level 2 fair value measurements and information on purchases, sales, issuance, and settlements on a gross basis in the reconciliation of Level 3 fair value measurements. The guidance is effective for annual reporting periods beginning after December 15, 2009, except for the requirement to provide Level 3 purchases, sales, issuance and settlements on a gross basis, which will be effective for annual reporting periods beginning after December 31, 2010. The adoption of this guidance did not have a material impact on the financial statements.

**Table of Contents**

**BRYN MAWR BANK CORPORATION 401(k) PLAN**

Notes to Financial Statements

December 31, 2011 and 2010

***(d) Reclassifications***

Certain reclassifications have been made to the prior period's financial statements in order to conform to current year's presentation.

***(e) Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***(f) Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The Corporation common stock is valued at its quoted market price.

Purchases and sales of investments are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

***(g) Payment of Benefits***

Benefits are recorded when paid.

***(h) Notes Receivable from Participants***

Notes receivable from participants represent participant loans recorded at their unpaid principal balance plus accrued interest. Interest income generated on the notes receivable is recorded when earned and administrative expenses associated with notes receivable are expensed when incurred. A provision for doubtful accounts has not been recorded as of December 31, 2011 or 2010. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan Document.

**(3) Fair Value Measurement**

ASC 820, *Fair Value Measurements and Disclosures*, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

**Table of Contents****BRYN MAWR BANK CORPORATION 401(k) PLAN**

Notes to Financial Statements

December 31, 2011 and 2010

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. ASC 820 establishes three levels of input that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities;

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

***Investments Measured at Fair Value on a Recurring Basis***

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2011 (Level 1, 2 and 3 inputs are defined above):

|  | Fair Value Measurements Using |         |         | Total         |

Notes to Financial Statements

December 31, 2011 and 2010

**(5) Income Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter (determination letter) dated March 7, 2008, that the Plan and related trust are designed in accordance with applicable sections of the *Internal Revenue Code*. The Plan has been amended since receiving the March 7, 2008 determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the *Internal Revenue Code*.

In line with generally accepted accounting principles in the United States of America, the plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

**(6) Plan Merger**

Effective January 1, 2010, the JNJ Holdings LLC 401(k) Plan and Trust was merged into the Plan. The assets transferred to the Plan are reflected on the statement of changes in net assets available for benefits as transfers in from other qualified plans.

**(7) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**(8) Related-Party Transactions**

The Plan invests in common stock of the Corporation, and therefore, these transactions qualify as related party and party-in-interest transactions. Certain plan investments are shares of mutual funds and money market funds managed by Fidelity Investments. Fidelity is the custodian for these investments and, therefore, these transactions qualify as party-in-interest transactions. Although the above investments and transactions in the investments qualify as related party and party-in-interest transaction they are exempt from the prohibited transaction rules of ERISA.

**(9) Risks and Uncertainties**

The Plan provides participants various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
