Item 1.01 Entry into a Material Definitive Agreement.

On June 29, 2012, American Tower Corporation (the "Company") entered into a loan agreement for a new \$750.0 million unsecured term loan credit facility (the "Term Loan") with The Royal Bank of Scotland plc, as Administrative Agent, Royal Bank of Canada and TD Securities (USA) LLC, as Co-Syndication Agents, JPMorgan Chase Bank, N.A. and Morgan Stanley MUFG Loan Partners, LLC, as Co-Documentation Agents, RBS Securities Inc., RBC Capital Markets, LLC and TD Securities (USA) LLC, as Joint Lead Arrangers and Joint Bookrunners, J.P. Morgan Securities LLC and Morgan Stanley MUFG Loan Partners, LLC, as Joint Bookrunners, and lenders that are signatories thereto. The borrower under the Term Loan is the Company. The Term Loan has a term of five years and matures on June 29, 2017. All amounts will be due and payable in full at maturity. The Term Loan does not require amortization of principal and may be paid prior to maturity in whole or in part at the Company's option without penalty or premium.

The Company received net proceeds of approximately \$746.4 million from the Term Loan, used approximately \$632.0 million to repay certain existing indebtedness under the Company's \$1.0 billion unsecured revolving credit facility entered into in January 2012 (the "2012 Credit Facility") and will use the remainder for general corporate purposes. The basis for determining interest rates for the Term Loan is determined at the option of the Company with the margin ranging between 1.25% to 2.50% above the LIBOR rate for LIBOR based borrowings or between 0.25% to 1.50% above the defined base rate for base rate borrowings, in each case based upon the Company's debt ratings. The Term Loan has a current interest rate of LIBOR plus 1.75%.

The Term Loan contains certain financial ratios and operating covenants and other restrictions (including limitations on additional debt, guaranties, sales of assets and liens) with which the Company must comply that are substantially consistent with the 2012 Credit Facility, including the following three financial maintenance tests (each of the capitalized terms, as defined in the loan agreement for the Term Loan):

a consolidated total leverage ratio (Total Debt to Adjusted EBITDA) of not greater than 6.00 to 1.00 for the Company and its subsidiaries (other than unrestricted subsidiaries);

a consolidated senior secured leverage ratio (Senior Secured Debt to Adjusted EBITDA) of not greater than 3.00 to 1.00 for the Company and its subsidiaries (other than unrestricted subsidiaries); and

an interest coverage ratio (Adjusted EBITDA to Interest Expense) of not less than 2.50 to 1.00 for the Company and its subsidiaries (other than unrestricted subsidiaries).

Any failure to comply with the financial and operating covenants of the Term Loan would constitute a default, which could result in, among other things, the amounts outstanding, including all accrued interest, becoming immediately due and payable.

The foregoing is only a summary of certain provisions of the Term Loan and is qualified in its entirety by the terms of the loan agreement for the Term Loan, a copy of which will be filed as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2012.

On July 2, 2012, the Company issued a press release announcing that it had entered into the Term Loan, a copy of which is filed herewith as Exhibit 99.1.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information included under Item 1.01 of this Current Report on Form 8-K is incorporated into this Item 2.03 by reference.
