RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the risks described below, the risks described under "Risk Factors" in our most recent Annual Report on Form 10-K, as well as all of the other information contained in this prospectus supplement and the accompanying prospectus and incorporated by reference into this prospectus supplement and the accompanying prospectus, including our financial statements and related notes, before investing in our common stock. If any of the possible events described in those documents actually occur, our business, business prospects, cash flow, results of operations or financial condition could be harmed. In this case, the trading price of our common stock could decline, and you might lose all or part of your investment in our common stock. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our operations.

Risks Related to the Offering

Our management will have broad discretion over the use of net proceeds from this offering and may not use the proceeds effectively.

Our management will have broad discretion over the use of the net proceeds from this offering and could spend the proceeds in a variety of ways that may ultimately fail to improve our operating results or enhance the value of our common stock. Our failure to use the net proceeds effectively could have a negative effect on our business and cause the price of our common stock to decline.

You will experience immediate dilution in the book value per share of the common stock you purchase.

Because the price per share of our common stock being offered is higher than the book value per share of our common stock, you will suffer dilution in the net tangible book value of the common stock you purchase in this offering, by an amount equal to the difference between the public offering price and the net tangible book value per share of common stock after this offering.

Additional Risks Related to our Business, Industry and an Investment in our Common Stock

For a discussion of additional risks associated with our business, our industry and an investment in our common stock, see the section entitled "Risk Factors" in our most recent annual report on Form 10-K for our fiscal year ended December 31, 2011, filed with the Securities and Exchange Commission, or SEC, on March 23, 2012, and any other subsequently filed document that is also incorporated or deemed to be incorporated by reference in this prospectus supplement or the prospectus.

Table of Contents

\$1.1 million in principal amount of the promissory note issued in connection with the acquisition of Badger Equipment Company, with annual principal payments of \$550,000, the final principal payment due on July 14, 2014, and which bears interest at 6% per annum;

\$1.8 million in principal amount of the non-interest bearing note payable issued in connection with the acquisition of CVS Ferrari, srl, with semi-annual principal payments of 467,000 Euros and final principal payment due December 30, 2013; and

Pending application of the net proceeds as described above, we intend to temporarily invest the proceeds in short-term interest bearing instruments.

PLAN OF DISTRIBUTION

We have entered into a placement agency agreement with a placement agent, Avondale Partners, LLC, or Avondale, pursuant to which Avondale is acting as our exclusive placement agent on a reasonable best efforts basis to arrange for the sale of up to 500,000 registered shares of common stock that we are offering to investors by this prospectus supplement.

We currently anticipate the closing of the sale of the common stock offered hereby on or about July 17, 2012. On such closing date, the following will occur:

the investors will tender funds in the amount of the aggregate purchase price of the securities being sold by us on such closing date, less the amount of the placement agent's fee we are paying to the placement agent;

we will issue the shares of common stock being sold on such date to such investors; and

we will pay Avondale a placement agent fee in accordance with the terms of our placement agency agreement.

We have agreed to pay Avondale a cash fee equal to 5.25% of the gross proceeds of the offering. In no event will the maximum commission or discount to be received by any Financial Industry Regulatory Authority, or FINRA, member or independent broker-dealer exceed 8% for the sale of the securities registered herein.

The following table shows the per share and total placement agent's fees (not including placement agent's expenses) we will pay to the placement agent in connection with the sale of the shares pursuant to this prospectus assuming the purchase of all of the shares offered hereby.

| Maximum offering total | \$216,563 |

The placement agency agreement we entered into with Avondale has been filed as an exhibit to a Current Report on Form 8-K that we filed with the SEC in connection with the consummation of this offering.

We have agreed to indemnify the placement agent against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or the Securities Act. We may also be required to contribute to payments the placement agent may be required to make in respect of such liabilities.

We, along with our executive officers and directors, have agreed to certain lock-up provisions with regard to future sales of our common stock and other securities convertible into or exercisable or exchangeable for common stock for a period of 90 days after the offering, as set forth in the placement agent agreement.

The placement agent may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act and any commissions received by it and any profit realized on the sale of the securities by them while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. The placement agent would be required to comply with the requirements of the Securities Act, and the

Securities Exchange Act of 1934, as amended, or the Exchange Act, including, without limitation, Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of shares of common stock by the placement agent. Under these rules and regulations, the placement agent may not (i) engage in any stabilization activity in connection with our securities; and (ii) bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until they have completed their participation in the distribution.

Avondale may, from time to time in the future, engage in transactions with and perform services for us in the ordinary course of its business, but we have no present arrangements or understandings to do so.

We are a leading provider of engineered lifting solutions. We design, manufacture and distribute a diverse group of products that serve different functions and are used in a variety of industries. Through our subsidiary Manitex, Inc. we market a comprehensive line of boom trucks and sign cranes. Manitex's boom trucks and crane products are primarily used for industrial projects, energy exploration and infrastructure development, including, roads, bridges and commercial construction. Our subsidiary Badger Equipment Company, acquired on July 10, 2009, is a manufacturer of specialized rough terrain cranes and material handling products, including a 30-ton model introduced in October 2009, the first in a new line of specialized high quality rough terrain cranes. Badger primarily serves the needs of the construction, municipality, and railroad industries. We acquired Badger primarily to obtain the recently developed 30 ton Rough Terrain crane together with Badger's long standing crane legacy and niche customer relationships. These acquisitions provide significant additional markets for us and are also strategically aligned with our existing Lifting Equipment segment.

Through our Manitek Lifting subsidiary, we also sell a complete line of rough terrain forklifts, a line of stand-up electric forklifts, cushioned tired forklifts with lifting capacities from 18 thousand to 40 thousand pounds, and special mission oriented vehicles, as well as other specialized carriers, heavy material handling transporters and steel mill equipment. The foregoing operations comprise our Lifting Equipment Segment. On December 31, 2009, our subsidiary Manitek Load King, Inc. acquired the operating assets of Load King Trailers, an Elk Point, South Dakota-based manufacturer of specialized custom trailers and hauling systems typically used for transporting heavy equipment. Load King trailers serve niche markets in the commercial construction, railroad, military, and equipment rental industries through a dealer network.

In October 2008, we began operating a crane dealership located in Bridgeview, Illinois that distributes Terex rough terrain and truck cranes, Fuchs material handlers, Manitek boom trucks and sky cranes. We treat these operations as a separate reporting segment entitled Equipment Distribution. Our Equipment Distribution segment also supplies repair parts for a wide variety of medium to heavy duty construction equipment sold both domestically and internationally. In addition, our Equipment Distribution segment (doing business as North American Equipment Exchange) markets previously owned construction and heavy equipment, domestically and internationally. Our crane products are used primarily for infrastructure development and commercial construction, applications include road and bridge construction, general contracting, roofing, scrap handling and sign construction and maintenance.

DESCRIPTION OF CAPITAL STOCK

The following information describes our capital stock and provisions of our Articles of Incorporation, as amended, and our Amended and Restated Bylaws, as amended. This description is only a summary and does not purport to be complete. For information on how you can obtain those documents, see [Where You Can Find More Information](#).

General

As of the date of this prospectus, our authorized capital stock consists of 20,000,000 shares of common stock, no par value per share and 150,000 shares of preferred stock, no par value per share. As of the date of this prospectus, there were 11,409,533 shares of our common stock issued and outstanding and no shares of our preferred stock issued and outstanding. Our common stock currently trades on the NASDAQ Capital Market under the symbol MNTX.

Common Stock

Holders of our common stock are entitled to one vote per share on all matters to be voted upon by shareholders. In accordance with Michigan law, the affirmative vote of a majority of the shares represented and voting at a duly held meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) shall be the act of the shareholders.

Shares of our common stock have no preemptive rights, no redemption or sinking fund provisions, and are not liable for further call or assessment. The holders of such common stock are entitled to receive dividends when and as declared by our board of directors out of funds legally available for dividends, subject to the prior rights or preferences applicable to any preferred stock then outstanding and subject to covenants of the Company's credit agreements. The Company has not declared or paid any cash dividends on its common stock and the Company does not intend to pay any cash dividends in the foreseeable future. Furthermore, the terms of our credit facility do not allow us to declare or pay dividends without the prior written consent of our lender.

If we are liquidated, our creditors and any holders of our preferred stock with preferential liquidation rights will be paid before any distribution to holders of common stock. The holders of common stock would be entitled to receive a pro rata distribution per share of any excess amount. The rights, preferences and privileges of holders of common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of preferred stock which we may designate and issue in the future.

Preferred Stock

Our Articles of Incorporation empower our board of directors to issue up to 150,000 shares of preferred stock from time to time in one or more series. As of the date of this prospectus, there were no shares of preferred stock issued and outstanding.

We may issue one or more series of preferred stock, with designations, powers, preferences and other rights and qualifications, limitations or restrictions as may be approved by our board of directors, including:

the distinctive designation of each series and the number of shares that will constitute the series;

the voting rights, if any, of shares of the series and the terms and conditions of the voting rights;

the dividend rate on the shares of the series, the dates on which dividends are payable, any restriction, limitation or condition upon the payment of dividends, whether dividends will be cumulative, and the dates from and after which dividends shall accumulate;

the prices at which, and the terms and conditions on which, the shares of the series may be redeemed, if the shares are redeemable;

Edgar Filing: Manitex International, Inc. - Form 424B5

the terms and conditions of a sinking or purchase fund for the purchase or redemption of shares of the series, if such a fund is provided;

any preferential amount payable upon the shares of the series in the vent of the liquidation, dissolution or winding up of, or upon the distribution of any of our assets; and

Table of Contents

the prices or rates of conversion or exchange at which , and the terms and conditions on which, the shares of the series may be converted or exchanged into other securities, if the shares are convertible or exchangeable.

The particular terms of any series of preferred stock, and the transfer agent and registrar for that series, will be described in a prospectus supplement. All preferred stock offered, when issued, will be fully paid and nonassessable. Any material United States federal income tax consequences and other special considerations with respect to any preferred stock offered under this prospectus will also be described in the applicable prospectus supplement.

Preferred Share Purchase Rights

For each share of our common stock, there is one preferred share purchase right (a Right). Each Right entitles the registered holder to purchase from us one one-hundredth of a share of our Series A Junior Participating Preferred Stock, no par value (Preferred Shares), at a price of \$35.00 per one one-hundredth of a Preferred Share, subject to adjustment (the Purchase Price). As long as the Rights are attached to the common stock, we will issue one Right for each share of common stock, so that all such shares will have attached Rights. We initially reserved 125,000 Preferred Shares for issuance upon exercise of the Rights. The description below is only a summary of the Rights Agreement, dated October 17, 2008 (the Rights Agreement) with and the Rights Agent, which is currently Broadridge Corporate Issuer Solutions, Inc., and does not purport to be complete. For information on how you can obtain a complete copy of the Rights Agreement, see Where You Can Find More Information.

Until the earlier to occur of (i) 10 days following a public announcement that a person or group of affiliated or associated persons (other than us, any of our subsidiaries or any of our employee benefit plans or certain holders of our common stock as of the date of the Rights Agreement) (an Acquiring Person) has acquired beneficial ownership of 15% (or, in the case of certain holders, 30%) or more of outstanding common stock (the Shares Acquisition Date), or (ii) 10 business days (or such later date as may be determined by action of our board of directors prior to such time as any person becomes an Acquiring Person) following the commencement of, or announcement of an intention to make, a tender offer or exchange offer the consummation of which would result in the beneficial ownership by a person or group (other than us, any of our subsidiaries or any of our employee benefit plans) of 15% (or, in the case of certain holders, 30%) or more of such outstanding shares of common stock (the earlier of such dates being called the Distribution Date), the Rights will be evidenced by the certificates for such shares of common stock.

The Rights Agreement provides that, until the Distribution Date, the Rights will be transferred with and only with the shares of common stock. Until the Distribution Date (or earlier redemption or expiration of the Rights), new common stock certificates, upon transfer or new issuance of shares of common stock, will contain a notation incorporating the Rights Agreement by reference. Until the Distribution Date (or earlier redemption or expiration of the Rights), the surrender for transfer of any certificates for common stock,, even without such notation, will also constitute the transfer of the Rights associated with the shares of common stock represented by such certificate. As soon as practicable following the Distribution Date, separate certificates evidencing the Rights (Right Certificates) will be mailed to holders of record of the shares of common stock as of the close of business on the Distribution Date and such separate Right Certificates alone will evidence the Rights.

The Rights are not exercisable until the Distribution Date. The Rights will expire on October 17, 2018 (the Final Expiration Date), unless we redeem or exchange the Rights earlier, in each case as described below.

The Purchase Price payable, and the number of Preferred Shares or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Preferred Shares, (ii) upon the grant to holders of the Preferred Shares of certain rights or warrants to subscribe for or purchase Preferred Shares at a price, or securities convertible into Preferred Shares with a conversion price, less than the then current market price of the Preferred Shares or (iii) upon the distribution to holders of the Preferred Shares of evidences of indebtedness or assets (excluding regular annual cash dividends or dividends payable in Preferred Shares) or of subscription rights or warrants (other than those referred to above).

The number of outstanding Rights and the number of one one-hundredths of a Preferred Share issuable upon exercise of each Right are also subject to adjustment in the event of a stock split of the common stock or a stock dividend on the common stock payable in common stock or subdivisions, consolidations or combinations of the common stock occurring, in any such case, prior to the Distribution Date.

Table of Contents

Preferred Shares purchasable upon the exercise of Rights will not be redeemable. Each Preferred Share will be entitled to a minimum preferential quarterly dividend payment of \$1.00 per share but will be entitled to an aggregate dividend of 100 times the dividend declared per share of common stock. In the event of liquidation, the holders of the Preferred Shares will be entitled to a minimum preferential liquidation payment of \$100 per share but will be entitled to an aggregate payment of 100 times the payment made per share of common stock. Each Preferred Share will have one vote per share, voting as a separate class on all matters submitted to holders of common stock. Finally, in the event of any merger, consolidation or other transaction in which common stock are exchanged, each Preferred Share will be entitled to receive 100 times the amount received per share of common stock. These Rights are protected by customary antidilution provisions.

In the event that any person becomes an Acquiring Person (a Flip In Event), each holder of a Right (except as otherwise provided in the Rights Agreement) will thereafter have the right to receive upon exercise that number of common stock (or, in certain circumstances, cash, property or other securities of the Company or a reduction in the Purchase Price) having a market value of two times the then current Purchase Price. Notwithstanding any of the foregoing, following the occurrence of a Flip In Event all Rights that are, or (under certain circumstances specified in the Rights Agreement) were, or subsequently become beneficially owned by an Acquiring Person, related persons and transferees will be null and void.

In the event that, at any time following the Shares Acquisition Date, (i) we are acquired in a merger or other business combination transaction or (ii) 50% or more of our consolidated assets or earning power are sold (the events described in clauses (i) and (ii) are herein referred to as Flip-Over Events), proper provision will be made so that each holder of a Right (except as otherwise provided in the Rights Agreement) will thereafter have the right to receive, upon the exercise thereof at the then current Purchase Price, that number of shares of common stock of the acquiring company which at the time of such transaction will have a market value of two times the then current Purchase Price.

With certain exceptions, no adjustment in the Purchase Price will be required until cumulative adjustments require an adjustment of at least 1% in such Purchase Price.

At any time after a person becomes an Acquiring Person and prior to the acquisition by such Acquiring Person of 50% or more of the outstanding common stock, our board of directors may exchange the Rights (other than Rights owned by any Acquiring Person which have become void), in whole or in part, at an exchange ratio of one share of common stock, or one one-hundredth of a Preferred Share (or of a share of a class or series of our preferred stock having equivalent rights, preferences and privileges), per Right (subject to adjustment).

At any time prior to a person becoming an Acquiring Person, our board of directors may redeem the Rights in whole, but not in part, at a price of \$.001 per Right (the Redemption Price). The redemption of the Rights may be made effective at such time, on such basis and with such conditions as our board of directors in its sole discretion may establish. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

Other than amendments that would change the Redemption Price, the Purchase Price or the Final Expiration Date of the Rights, the terms of the Rights may be amended by our board of directors without the consent of the holders of the Rights, including an amendment to lower the threshold for exercisability of the Rights from 15% to not less than 10%, with appropriate exceptions for any person then beneficially owning a percentage of the number of common stock then outstanding equal to or in excess of the new threshold, except that from and after such time as any person becomes an Acquiring Person no such amendment may adversely affect the interests of the holders of the Rights.

Until a Right is exercised, the holder thereof, as such, will have no rights as a shareholder of the Company, including, without limitation, the right to vote or to receive dividends.

The Rights have certain anti-takeover effects. The Rights will cause substantial dilution to a person or group that attempts to acquire us without conditioning the offer on redemption of the Rights or on a substantial number of Rights being acquired. The Rights should not interfere with any merger or other business combination approved by our board of directors since the board of directors may, at its option, at any time until a person becomes an Acquiring Person redeem all but not less than all of the then-outstanding Rights at \$.001 per Right.

Table of Contents

Anti-Takeover Provisions

Provisions of our Articles of Incorporation and Amended and Restated Bylaws, Michigan law, and the Rights Agreement could make it more difficult for a third party to acquire the Company, even if doing so would be perceived to be beneficial to you. These provisions could discourage potential takeover attempts and could adversely affect the market price of our shares. Because of these provisions, you might not be able to receive a premium on your investment. These provisions:

authorize our board of directors, without requiring shareholder consent, to issue shares of blank check preferred stock that could be issued by our board of directors to increase the number of outstanding shares and prevent a takeover attempt;

limit our shareholders' ability to call a special meeting of our shareholders;

limit our shareholders' ability to amend, alter or repeal our bylaws;

may result in the issuance of preferred stock, which would significantly dilute the stock ownership percentage of certain shareholders and make it more difficult for a third party to acquire a majority of our outstanding voting stock; and

restrict business combinations with certain shareholders.

The provisions described above could prevent, delay or defer a change in control of the Company or its management. See also Preferred Share Purchase Rights and Description of Purchase Rights for details regarding the purchase rights that attach to each share of our common stock and other purchase rights that may attach to our securities in the future.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of common stock, preferred stock or a combination thereof. We may issue warrants independently or together with any other securities offered by any prospectus supplement and may be attached to or separate from the other offered securities. We will describe the particular terms of any warrants that we may offer under this prospectus in more detail in the applicable prospectus supplement.

General

The applicable prospectus supplement relating to any particular issue of warrants will describe the terms of the warrants, including, as applicable, the following:

the title of the warrants;

the aggregate number of the warrants;

the price or prices at which the warrants will be issued;

the designation, terms and number of shares of preferred stock or common stock purchasable upon exercise of the warrants;

Edgar Filing: Manitex International, Inc. - Form 424B5

the designation and terms of the offered securities, if any, with which the warrants are issued and the number of the warrants issued with each offered security;

the date, if any, on and after which the warrants and the related common stock or preferred stock will be separately transferable;

the price at which each share of preferred stock or common stock purchasable upon exercise of the warrants may be purchased;

the date on which the right to exercise the warrants shall commence and the date on which that right shall expire;

the provisions for changes to or adjustments in the exercise price, if any;

the terms of any rights to redeem or call, or accelerate the expiration of, the warrants;

the minimum or maximum amount of the warrants which may be exercised at any one time;

Table of Contents

a discussion of certain federal income tax considerations; and

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants. Until any warrants are exercised, holders of the warrants will not have any rights of holders of the underlying common stock or preferred stock, including any rights to receive dividends or to exercise any voting rights.

We may amend or supplement the warrant agreement for a series of warrants without the consent of the holders of the warrants issued thereunder to cure ambiguities in the warrant agreement or to effect changes that we deem necessary or desirable and which do not materially and adversely affect the interests of the holders of the warrants.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The prospectus supplement will describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

a description of the terms of any unit agreement governing the units;

a description of the provisions for the payment, settlement, transfer or exchange of the units;

a discussion of material federal income tax considerations, if applicable; and

whether the units will be issued in fully registered or global form.

The descriptions of the units and any applicable underlying security or pledge or depository arrangements in this prospectus and in any prospectus supplement are summaries of the material provisions of the applicable agreements. These descriptions do not restate those agreements in their entirety and may not contain all the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define many of your rights as holders of the units. For more information, please review the form of the relevant agreements, which will be filed with the SEC promptly after the offering of units and will be available as described under [Where You Can Find More Information](#).

DESCRIPTION OF PURCHASE RIGHTS

We may issue rights to purchase common stock, preferred stock, warrants or units. These rights may be issued independently or together with any other security and may or may not be transferable by the person receiving the rights in such offering. In connection with any offering of such rights, we may enter into a standby arrangement with one or more underwriters or other purchasers pursuant to which the underwriters or other purchasers may be required to purchase any securities remaining unsubscribed for after such offering.

Each series of rights will be issued under a separate rights agreement which we will enter into with a bank or trust company, as rights agent, all as set forth in the applicable prospectus supplement. The rights agent will act solely as our agent in connection with the certificates relating to the rights and will not assume any obligation or relationship of agency or trust with any holders of rights certificates or beneficial owners of rights.

The applicable prospectus supplement will describe the specific terms of any offering of rights for which this prospectus is being delivered, including the following:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

the date of determining the shareholders entitled to the rights distribution;

Table of Contents

the number of rights issued or to be issued to each shareholder;

the exercise price payable for each share of common stock, preferred stock, warrant or unit upon the exercise of the rights;

the number and terms of the shares of common stock, preferred stock, warrants or units which may be purchased per each right;

the extent to which the rights are transferable;

the date on which the holder's ability to exercise the rights shall commence, and the date on which the rights shall expire;

the extent to which the rights may include an over-subscription privilege with respect to unsubscribed securities;

if applicable, the material terms of any standby underwriting or purchase arrangement entered into by us in connection with the offering of such rights; and

any other terms of the rights, including the terms, procedures, conditions, and limitations relating to the exchange and exercise of the rights.

The descriptions of the rights and any applicable underlying security in this prospectus and in any prospectus supplement are summaries of the material provisions of the applicable agreements. These descriptions do not restate those agreements in their entirety and may not contain all the information that you may find useful. We urge you to read the applicable agreements because they, and not the summaries, define many of your rights as holders of the securities. For more information, please review the form of the relevant agreements, which will be filed with the SEC promptly after the offering of purchase rights and will be available as described under [Where You Can Find More Information](#).

PLAN OF DISTRIBUTION

We may sell securities covered by this prospectus in and outside the United States (a) through underwriters or dealers, (b) directly to purchasers, including our affiliates, (c) through agents or (d) through a combination of any of these methods. The accompanying prospectus supplement will set forth the terms of the offering and the method of distribution and will identify any firms acting as underwriters, dealers or agents in connection with the offering, including:

the names of any underwriters, dealers or agents;

the respective amounts underwritten;

the name or names of any managing underwriter or underwriters;

the terms of the offering;

the purchase price of the securities and the net proceeds to us from the sale;

any underwriting discounts, commissions and other items constituting compensation to underwriters, dealers or agents;

any public offering price;

any discounts or concessions allowed or re-allowed or paid to dealers; and

any commissions paid to agents.

Only those underwriters identified in such prospectus supplement are deemed to be underwriters in connection with the securities offered in the prospectus supplement.

Sale Through Underwriters Or Dealers

If underwriters are used in an offering, the underwriters will acquire securities for their own account. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer the securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any offering price and any discounts or concessions allowed or re-allowed or paid to dealers.

Table of Contents

During and after an offering through underwriters, the underwriters may purchase and sell the securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering.

If dealers are used in the sale of the securities covered by this prospectus, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

At-the-Market Offerings

We may engage in at-the-market offerings of our common stock. An at-the-market offering is an offering of our common stock at other than a fixed price to or through a market maker.

Direct Sales and Sales Through Agents

We may sell the securities covered by this prospectus directly. In this case, no underwriters or agents would be involved. We may also sell the securities through agents designated from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the shares, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the securities covered by this prospectus directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act of 1933, as amended (the Securities Act), with respect to any sale of those securities. We will describe the terms of any such sales in the prospectus supplement.

Delayed Delivery Contracts

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make. Agents, dealers and underwriters may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.

LEGAL MATTERS

Bowen, Radabaugh & Milton, P.C., Troy, Michigan, has passed upon the validity of the securities to be offered pursuant to this prospectus.

EXPERTS

The financial statements incorporated in this prospectus by reference from our Annual Report on Form 10-K for the year ended December 31, 2010 have been audited by UHY LLP, our independent registered public accounting firm, as stated in their report, which is incorporated herein by reference and have been so incorporated in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.
