Item 2.02. Results of Operations and Financial Condition.

On July 17, 2012, United Rentals, Inc. issued a press release reporting its results of operations for the quarter ended June 30, 2012. A copy of the press release is being furnished with this report as Exhibit 99.1.

Item 7.01. Regulation FD Disclosure.

Certain information concerning our business, financial results and 2012 outlook that we expect to use at certain investor meetings and presentations can be accessed currently on our website, www.ur.com. Such presentation will be maintained on our website for at least the period of its use at such meetings and presentations or until superseded by more current information.

The presentation includes certain financial measures free cash (usage) flow, earnings before interest, taxes, depreciation and amortization (EBITDA), adjusted EBITDA and adjusted earnings per share (adjusted EPS) that are non-GAAP financial measures as defined under the rules of the Securities and Exchange Commission. Free cash (usage) flow represents net cash provided by operating activities, less purchases of rental and non-rental equipment plus proceeds from sales of rental and non-rental equipment and excess tax benefits from share-based payment arrangements, net. EBITDA represents the sum of net (loss) income from continuing operations, loss from discontinued operations, net of taxes, (benefit) provision for income taxes, interest expense, net, interest expense-subordinated convertible debentures, depreciation of rental equipment and non-rental depreciation and amortization. Adjusted EBITDA represents EBITDA plus the sum of RSC merger related costs, restructuring charge, stock compensation expense, net, the impact on used equipment cost of sales related to the fair value mark-up of acquired RSC fleet and the gain on sale of our software subsidiary. Adjusted EPS represents EPS plus the sum of the RSC merger related costs, restructuring charge, asset impairment charge, pre-close RSC merger related interest expense, the impact on interest expense related to the fair value adjustment of acquired RSC indebtedness, the impact on rental depreciation related to acquired RSC fleet, the impact on used equipment cost of sales related to the fair value mark-up of acquired RSC fleet, RSC merger related intangible asset amortization, the gain on sale of our software subsidiary and the loss on repurchase/redemption of debt securities and retirement of subordinated convertible debentures.

The presentation includes reconciliations of these non-GAAP financial measures to their nearest generally accepted accounting principles financial measures. We believe that: (i) free cash (usage) flow provides useful additional information concerning cash flow available to meet future debt service obligations and working capital requirements; (ii) EBITDA and adjusted EBITDA provide useful information about operating performance and period-over-period growth; and (iii) adjusted EPS provides useful information concerning future profitability. However, none of these measures should be considered as alternatives to net income (loss), cash flows from operating activities or earnings per share under GAAP as indicators of operating performance or liquidity.
