RISK CONSIDERATIONS There can be no assurance that the funds will achieve their investment objectives. Investors should consider the following risk factors and special considerations associated with investing in an ETF, which may cause you to lose money, including the entire principal amount that you invest. Investment returns and principal value will fluctuate so that when shares are redeemed, they may be worth more or less than original cost. Most investors will also incur customary brokerage commissions when buying or selling shares of an ETF. Investments in securities and derivatives, in general, are subject to market risks that may cause their prices to fluctuate over time. ETF shares may trade below their net asset value (NAV). The NAV of shares will fluctuate with changes in the market value of an ETF s holdings. In addition, there can be no assurance that an active trading

market for shares will develop or be maintained. Tracking error risk refers to the risk that the advisor may not be able to cause the ETF s performance to match or correlate to that of the ETF s underlying index, either on a daily or aggregate basis. Tracking error risk may cause the ETF s performance to be less than you expect. Please refer to the individual ETF prospectus for a more detailed discussion of the fund-specific risks and considerations.

Read a fund s prospectus and summary prospectus (if available) carefully before investing. It contains the fund s investment objectives, risks, charges, expenses and other information, which should be considered carefully before investing. Obtain a prospectus and summary prospectus (if available) at guggenheiminvestments.com or call 888.WHY.ETFs.

Each CurrencyShares® Trust (each a Trust and collectively, the Trusts) has filed a registration statement (including a prospectus) with the SEC for the offerings to which this communication relates. Before you invest in the shares of a Trust, you should

read the prospectus in the registration statement and other documents the Trust has filed with the SEC for more complete information about the Trust and its offering. You may get these documents for free by visiting EDGAR on the SEC web site at sec.gov. Alternatively, visit currencyshares.com or the Trust will arrange to send you its prospectus if you request it by calling toll-free 800.820.0888.
