**English Translation of Excerpts from Quarterly Securities Report Filed in Japan**

This document is an English translation of selected information included in the Quarterly Securities Report filed by Mitsubishi UFJ Financial Group, Inc. ( MUFG ) with the Kanto Local Financial Bureau, the Ministry of Finance of Japan, on February 14, 2013 (the Quarterly Securities Report ).

The Quarterly Securities Report has been prepared and filed in Japan in accordance with applicable Japanese disclosure requirements. In addition, the Quarterly Securities Report is intended to update prior disclosures filed by MUFG in Japan and discusses selected recent developments in the context of those prior disclosures. Accordingly, the Quarterly Securities Report may not contain all of the information that is important to you. For a more complete discussion of the background to information provided in the Quarterly Securities Report disclosure, please see our annual report on Form 20-F for the fiscal year ended March 31, 2012 and the other reports filed or submitted by MUFG to the SEC.

**Risks Relating to Our Business**

We have described below the major developments and changes during the nine months ended December 31, 2012 that we believe may have a material impact on your investment decision with respect to the risks to our business and other risks disclosed in our most recent annual securities report filed in Japan. The discussion below contains forward-looking statements, which unless specifically described otherwise, reflect our understanding as of the date of filing of the Quarterly Securities Report.

The numbering of the risk factor subheading below corresponds to the numbering of the same risk factor subheading in Risks Relating to Our Business in our most recent annual securities report filed with the Kanto Local Financial Bureau, the Ministry of Finance of Japan.

**17. Risks of receiving potential claims or sanctions regarding unfair or inappropriate practices or other conduct from our customers or regulatory authorities**

We conduct our business subject to ongoing regulations and associated compliance risks (including the effects of changes in laws, regulations, policies and voluntary codes of practice in Japan and other markets where we operate). Our compliance risk management systems and programs may not be fully effective in preventing all violations of laws, regulations and rules.

Our failure to comply with all applicable laws and regulations may lead to fines, public reprimands, damage to reputation, enforced suspension of operations or, in extreme cases, withdrawal of authorization to operate, which may adversely affect our business and results of operations. Regulatory matters may also adversely affect our ability to obtain regulatory approvals for future strategic initiatives.

In December 2011, JACCS Co., Ltd., an equity-method affiliate, received an administrative order (business improvement order) from the Kanto Bureau of Economy, Trade and Industry of the Ministry of Economy, Trade and Industry of Japan, under Articles 35-3-21 and 35-3-31 of the Installment Sales Act of Japan, in connection with extensions of credit to individuals without conducting a credit examination to determine the individual's repayment ability as required by the Act when JACCS experienced a system failure, resulting in loans extended to individuals in excess of their respective estimated repayment abilities. Failure to take necessary corrective action with respect to the order to improve business operations mentioned above in a timely manner, or the discovery of violations of other legislative or regulatory requirements in the process of further review of any of the matters mentioned above or in the process of implementing any corrective measures, may result in further regulatory action.

In December 2012, The Bank of Tokyo-Mitsubishi UFJ, Ltd. ( BTMU ) agreed to make a payment to the Office of Foreign Assets Control, or OFAC, of the US Department of the Treasury to settle potential civil liability for apparent violations of certain US sanctions regulations from 2006 to 2007. BTMU conducted a self-initiated internal investigation in 2007 of transactions involving countries subject to US sanctions and reported the results of the investigation to OFAC. After a series of deliberations and consultations with OFAC, some of the transactions reported by BTMU were determined to be apparent violations of certain of those US sanctions regulations. BTMU continues to cooperate closely with all relevant regulators and is undertaking necessary actions. These developments or other similar events may result in additional regulatory actions against us.
