Item 8.01. Other Events.

On February 20, 2013, The Goodyear Tire & Rubber Company (the Company) entered into an underwriting agreement with Goldman, Sachs & Co., as representative of the several underwriters named therein (the Underwriting Agreement), for the issuance and sale by the Company of \$900.0 million in aggregate principal amount of its 6.500% Senior Notes due 2021 (the Notes). The Notes are guaranteed, jointly and severally, by the Company's U.S. and Canadian subsidiaries that also guarantee the Company's obligations under its U.S. senior secured credit facilities (the Subsidiary Guarantors). The Company registered the offering and sale of the Notes under the Securities Act of 1933, as amended, pursuant to a shelf registration statement on Form S-3 (File No. 333-168704). A copy of the Underwriting Agreement is attached as Exhibit 1.1 to this Current Report on Form 8-K.

The offering of the Notes is expected to close on February 25, 2013. The Notes will be issued pursuant to the Indenture, dated as of August 13, 2010 (the Base Indenture), among the Company, the Subsidiary Guarantors party thereto and Wells Fargo Bank, N.A., as Trustee (the Trustee), as supplemented by the Third Supplemental Indenture, dated as of February 25, 2013 (the Supplemental Indenture), among the Company, the Subsidiary Guarantors and the Trustee (the Base Indenture, as supplemented by the Supplemental Indenture, the Indenture). The Indenture provides, among other things, that the Notes will be senior unsecured obligations of the Company and will rank equally with all of the Company's other senior unsecured and unsubordinated debt.

Interest is payable on the Notes on March 1 and September 1 of each year, beginning on September 1, 2013. The Notes will mature on March 1, 2021. On or after March 1, 2016, the Company may redeem for cash some or all of the Notes. Prior to March 1, 2016, the Company may redeem for cash some or all of the Notes at a redemption price equal to the principal amount of the Notes plus a make-whole premium. In addition, at any time prior to March 1, 2016, the Company may redeem up to 35% of the original aggregate principal amount of the Notes with the net cash proceeds of certain equity offerings. The redemption prices and make-whole premium are described in the Supplemental Indenture.

The terms of the Indenture, among other things, limit the ability of the Company and certain of its subsidiaries to (i) incur additional debt or issue redeemable preferred stock, (ii) pay dividends or make certain other restricted payments or investments, (iii) incur liens, (iv) sell assets, (v) incur restrictions on the ability of the Company's subsidiaries to pay dividends to the Company, (vi) enter into affiliate transactions, (vii) engage in sale and leaseback transactions, and (viii) consolidate, merge, sell or otherwise dispose of all or substantially all of their assets. These covenants are subject to significant exceptions and qualifications. For example, if the Notes are assigned an investment grade rating by Moody's and Standard & Poor's and no default has occurred or is continuing, certain covenants will be suspended.

The Indenture provides for customary events of default that include (subject in certain cases to customary grace and cure periods), among others: nonpayment of principal or interest, breach of covenants or other agreements in the Indenture, defaults in or failure to pay certain other indebtedness or judgments, and certain events of bankruptcy or insolvency. Generally, if an event of default occurs, the Trustee or the holders of at least 25% in principal amount of the then

outstanding Notes may declare the principal of and accrued but unpaid interest on all of the Notes to be due and payable. In addition, in the event of a change in control, the Company will be required to make an offer to purchase the Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest to the date of purchase.

A copy of the Base Indenture was originally filed as Exhibit 4.1 to the Company's Current Report on Form 8-K filed on August 13, 2010. A copy of the Supplemental Indenture is attached as Exhibit 4.2 to this Current Report on Form 8-K. The descriptions of the material terms of the Indenture and the Notes are qualified in their entirety by reference to such exhibits.

A news release dated February 21, 2013 announcing the pricing of the offering of the Notes is attached hereto as Exhibit 99.1.

Item 9.01. Financial Statements and Exhibits.
