**Item 1.01 Entry Into Material Definitive Agreement.**

*Pending TEAK Midstream Acquisition*

On April 16, 2013, Atlas Pipeline Mid-Continent Holdings, LLC, a wholly owned subsidiary of Atlas Pipeline Partners, L.P. (the Company), entered into a definitive agreement (the Purchase and Sale Agreement) with TEAK Midstream Holdings, LLC and its wholly owned subsidiary TEAK Midstream, L.L.C. (TEAK) to purchase 100% of its outstanding member and other ownership interests for \$1.0 billion in cash, subject to customary purchase price adjustments. TEAK's assets primarily include gas gathering, processing and treating facilities in South Texas.

Closing of the pending TEAK acquisition is expected to occur in May 2013 with an effective date of April 1, 2013, and is subject to customary closing conditions. There can be no assurance that the acquisition will be completed in the anticipated time frame, or at all. A copy of the Purchase and Sale Agreement is attached hereto as Exhibit 2.1.

*Class D Preferred Unit Purchase Agreement*

On April 16, 2013, the Company executed a Class D preferred unit purchase agreement for a private placement of \$400 million of its Class D convertible preferred units to third party investors, at a negotiated price per unit of \$30.41, subject to adjustment. The Class D preferred units will be offered and sold in a private transaction exempt from registration under Section 4(2) of the Securities Act of 1933, as amended. The issuance of the Class D preferred units is subject to customary closing conditions, including the closing of the pending TEAK acquisition discussed above, and there can be no assurance that all of the conditions to closing will be satisfied. A copy of the Class D preferred unit purchase agreement is attached hereto as Exhibit 10.1.

The Company will have the right to convert the Class D preferred units, in whole but not in part, beginning one year following their issuance, into common units, subject to customary anti-dilution adjustments. Unless previously converted, all Class D preferred units will convert into common units at the end of eight full quarterly periods following their issuance. The Class D preferred units will receive distributions of additional Class D preferred units for the first four full quarterly periods following their issuance, and thereafter will receive distributions in Class D preferred units, or cash, or a combination of Class D preferred units and cash, at the discretion of the Company's general partner.

Upon issuance of the Class D preferred units, the Company will enter into a registration rights agreement pursuant to which it will agree to file a registration statement with the Securities and Exchange Commission to register the resale of the common units issuable upon conversion of the preferred units. The Company will agree to use its commercially reasonable efforts to have the registration statement declared effective within 180 days of the date of conversion.
