- (5) During the nine months ended December 28, 2013, the Company recorded a \$133.2 million loss on extinguishment of debt resulting from two debt transactions.
During the quarter ended June 29, 2013, the Company completed a re-pricing of the applicable margin on its then-outstanding term loan facilities and recognized a pre-tax loss of \$4.0 million, which was comprised of \$0.8 million of fees paid to lenders, a non-cash write-off of \$2.4 million of unamortized deferred financing costs and \$0.8 million of original issue discount.

During the quarter ended September 29, 2013, the Company entered into a Third Amended and Restated First Lien Credit Agreement (the "Third Restated Credit Agreement"), which amended and restated in its entirety the prior credit agreement. The Third Restated Credit Agreement provides for loans consisting of a new term loan in the aggregate principal amount of \$1,950.0 million (the "New Term Loan") and a revolving credit facility of up to \$265.0 million. The proceeds of the New Term Loan were used to (i) repay in full the \$786.2 million aggregate principal amount of loans then-outstanding under the prior credit agreement, together with accrued interest thereon, (ii) retire (through a cash tender offer and redemption) all of the Company's 8.50% Senior Notes due 2018 and (iii) pay related fees and expenses. - (8) Working capital represents total current assets less total current liabilities.

- (9) Total debt represents long-term debt plus the current portion of long-term debt.

In addition to net (loss) income, we believe Adjusted EBITDA is an important measure under our senior secured credit facilities, as our ability to incur certain types of acquisition debt or subordinated debt, make certain types of acquisitions or asset exchanges, operate our business and make dividends or other distributions, all of which will impact our financial performance, is impacted by our Adjusted EBITDA, as our lenders measure our performance with a net first lien leverage ratio by comparing our net first lien indebtedness to our Adjusted EBITDA. We reported Adjusted EBITDA of \$293.5 million for the nine months ended December 28, 2013 and \$405.0 million for the year ended March 31, 2013. See Management's Discussion and Analysis of Financial Condition and Results of Operations Covenant Compliance in our Quarterly Report on Form 10-Q for the fiscal quarter ended December 28, 2013, which is incorporated by reference into the accompanying prospectus, for a reconciliation of Adjusted EBITDA to net (loss) income.

RISK FACTORS

Investing in our common stock involves risk. You should carefully consider the risk factors set forth below, as well as the other information contained in this prospectus supplement and the accompanying prospectus or incorporated by reference into this prospectus supplement. In addition to those listed below and elsewhere in this prospectus supplement, you should also consider the risks, uncertainties and assumptions discussed under the caption Item 1A. Risk Factors included in our Annual Report on Form 10-K for the year ended March 31, 2013, and any subsequent filings with the SEC, which are incorporated by reference into the accompanying prospectus. Any of these risks could materially and adversely affect our business, financial condition or results of operations. In such a case, you may lose all or a part of your original investment.

Risks Related to this Offering

Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock.

Future sales or the availability for sale of substantial amounts of our common stock in the public market could adversely affect the prevailing market price of our common stock and could impair our ability to raise capital through future sales of equity securities.

All of the outstanding shares of our common stock prior to this offering are eligible for resale under Rule 144 or Rule 701 of the Securities Act or otherwise, subject in certain cases to volume limitations and applicable holding period requirements.

As of December 28, 2013, we had options for an aggregate of 14.2 million shares of our common stock either outstanding or authorized for future issuance pursuant to Roll-Over Options issued in connection with the Merger, under our former 2006 Stock Option Plan or under our 2012 Performance Incentive Plan; issuances of these shares are registered on Registration Statements on Form S-8. Accordingly, shares of our common stock registered under such registration statements will be available for sale in the open market upon exercise by the holders of such options, subject to vesting restrictions and Rule 144 limitations applicable to our affiliates.

We cannot predict the size of future issuances of our common stock or other securities or the effect, if any, that future issuances and sales of our common stock or other securities, including future sales by the selling stockholders, will have on the market price of our common stock. Sales of substantial amounts of common stock (including shares of common stock issued in connection with an acquisition), or the perception that such sales could occur, may adversely affect prevailing market prices for our common stock.

The price and trading volume of our common stock may fluctuate significantly, and you could lose all or part of your investment.

The market price of our common stock may be highly volatile and could be subject to wide fluctuations. In addition, the trading volume of our common stock may fluctuate and cause significant price variations to occur.

Volatility in the market price of our common stock may prevent you from being able to sell your shares at or above the price you paid for your shares of common stock. The market price for our common stock could fluctuate significantly for various reasons, including:

our operating and financial performance and prospects;

our quarterly or annual earnings or those of other companies in our industry;

conditions that impact demand for our products and services;

future announcements concerning our business or our competitors' business;

the public's reaction to our press releases, developments related to the review of strategic alternatives, other public announcements and filings with the SEC;

changes in general market, economic and political conditions in the United States and global economies or financial markets, including those resulting from natural disasters, terrorist attacks, acts of war and responses to such events.

In addition, in recent years, the stock market has experienced significant price and volume fluctuations. This volatility has had a significant impact on the market price of securities issued by many companies, including companies in our industries. The changes frequently appear to occur without regard to the operating performance of the affected companies. Hence, the price of our common stock could fluctuate based upon factors that have little or nothing to do with us, and these fluctuations could materially reduce our share price.

We currently have no plans to pay regular dividends on our common stock, so you may not receive funds without selling your common stock.

We currently have no plans to pay regular dividends on our common stock. Any payment of future dividends will be at the discretion of our board of directors and will depend on, among other things, our earnings, financial condition, capital requirements, level of indebtedness, statutory and contractual restrictions applying to the payment of dividends, and other considerations that our board of directors deems relevant. Our credit agreement also includes limitations on the ability of our subsidiaries to pay dividends to us. Accordingly, you may have to sell some or all of your common stock in order to generate cash flow from your investment.

Following the offering, we will no longer be a controlled company within the meaning of the NYSE rules, and we will be subject to additional governance requirements under NYSE rules.

The Apollo Funds currently control a majority of our voting common stock and, as a result, we are a controlled company under NYSE rules and have elected not to comply with certain NYSE corporate governance requirements. Following this offering, the Apollo Funds will no longer control more than 50% of our voting common stock and, consequently, we will no longer be a controlled company. As a result, we will be subject to additional governance requirements under NYSE rules, including the requirements to have:

a majority of independent directors on our board of directors;

a nominating and corporate governance committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities;

a compensation committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities; and

Table of Contents

an annual performance evaluation of the nominating and corporate governance and compensation committees.

The NYSE rules provide for phase-in periods for these requirements, but we must be fully compliant with the new requirements within one year of the consummation of this offering. We cannot provide any assurance that we will be able to do so. Currently, we do not have a majority of independent directors nor do our nominating and corporate governance and compensation committees consist entirely of independent directors and we do not conduct an annual performance evaluation of the nominating and corporate governance and compensation committees. During the transition period following our ceasing to be a controlled company, our stockholders may not have the same protections afforded to stockholders of companies that are subject to all of the NYSE corporate governance requirements.

We estimate that the net proceeds of this offering to us will be approximately \$73.6 million, after deducting the underwriting discounts and commissions and our estimated offering expenses. These general corporate purposes may include, among other things, additions to our working capital, capital expenditures, research and development, repayment of debt, repurchases of stock, or the financing of possible acquisitions and investments.

We will not receive any proceeds from the sale of the shares by the selling stockholders in this offering, including the sale of the shares by the selling stockholders upon the exercise by the underwriters of their option to purchase additional shares.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of certain U.S. federal income tax considerations with respect to the ownership and disposition of our common stock applicable to non-U.S. holders (as defined below). This discussion is based on current provisions of the Internal Revenue Code of 1986, as amended, or the Code, existing and proposed U.S. Treasury regulations promulgated thereunder, and administrative rulings and court decisions in effect as of the date hereof, all of which are subject to change at any time, possibly with retroactive effect.

This discussion does not address U.S. federal estate tax or the Medicare contribution tax on certain net investment income. A non-U.S. holder should consult with their own tax advisors regarding the possible application of these taxes.

For the purposes of this discussion, the term *non-U.S. holder* means a beneficial owner of our common stock that is, for U.S. federal income tax purposes, an individual, corporation, estate or trust other than:

an individual who is a citizen or resident of the United States;

a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in the United States or under the laws of the United States, any state thereof or the District of Columbia;

an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or

a trust if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons (as defined in the Code) have the authority to control all substantial decisions of the trust, or (2) it has a valid election in effect under applicable U.S. Treasury regulations to be treated as a domestic trust.

It is assumed for purposes of this discussion that a non-U.S. holder holds shares of our common stock as a capital asset within the meaning of Section 1221 of the Code (generally, property held for investment). This discussion does not address all aspects of U.S. federal income taxation that may be important to a non-U.S. holder in light of that holder's particular circumstances or that may be applicable to non-U.S. holders subject to special treatment under U.S. federal income tax law (including, for example, financial institutions, dealers in securities, traders in securities that elect mark-to-market treatment, insurance companies, tax-exempt entities, holders who acquired our common stock pursuant to the exercise of employee stock options or otherwise as compensation, entities or arrangements treated as partnerships for U.S. federal income tax purposes (and investors therein), holders liable for the alternative minimum tax, controlled foreign corporations, passive foreign investment companies, former citizens or former long-term residents of the United States, and holders who hold our common stock as part of a hedge, straddle, constructive sale or conversion transaction). In addition, this discussion does not address U.S. federal tax laws other than those pertaining to the U.S. federal income tax, nor does it address any aspects of U.S. state, local or non-U.S. taxes.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds shares of our common stock, the tax treatment of a person treated as a partner generally will depend on the status of the partner and the

activities of the partnership. Persons that for U.S. federal income tax purposes are treated as a partner in a partnership holding shares of our common stock should consult their own tax advisors.

This summary is for general information only and is not intended to constitute a complete description of all tax consequences relating to the ownership and disposition of our common stock. Holders of our common stock should consult with their own tax advisors regarding the tax consequences to them (including the application and effect of other U.S. federal tax laws and any state, local, non-U.S. income and other tax laws) of the ownership and disposition of our common stock.

Dividends

Although we do not anticipate that we will pay any dividends on our common stock, if dividends are paid to non-U.S. holders, such dividends, to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles) will be subject to U.S. federal income tax withholding at a rate of 30% (or a lower rate provided by an applicable income tax treaty). To obtain a reduced rate of withholding under an applicable income tax treaty, a non-U.S. holder generally will be required to provide the applicable withholding agent with a properly completed IRS Form W-8BEN certifying the non-U.S. holder's entitlement to benefits under that treaty. In certain cases, additional requirements may need to be satisfied to avoid the imposition of U.S. withholding tax. See FATCA below for further details.

Because it will generally not be known, at the time a non-U.S. holder receives any distribution, whether the distribution will be paid out of our current or accumulated earnings and profits, we expect that a withholding agent will deduct and withhold U.S. tax at the applicable rate on all distributions that you receive on our common stock. If it is later determined that a distribution was not a dividend in whole or in part, you may be entitled to claim a refund of the U.S. federal income tax withheld with respect to that portion of the distribution, provided that the required information is timely furnished to the IRS.

If the dividends are effectively connected with the non-U.S. holder's conduct of a trade or business within the United States, withholding should not apply, so long as the appropriate certifications are made by such non-U.S. holder. See

Effectively Connected Income below for additional information on the U.S. federal income tax considerations applicable with respect to such effectively connected dividends.

Gain on Disposition of our Common Stock

Subject to the discussion below under Information Reporting and Backup Withholding and FATCA, a non-U.S. holder generally will not be subject to U.S. federal income tax or withholding tax on any gain realized upon the sale or other taxable disposition of our common stock unless:

the gain is effectively connected with the conduct, by such non-U.S. holder, of a trade or business in the United States, in which case the gain will be subject to tax in the manner described below under Effectively Connected Income ;

the non-U.S. holder is an individual who is present in the United States for a period or periods aggregating 183 days or more during the calendar year in which the sale or disposition occurs and certain other conditions are met, in which case the gain (reduced by any U.S.-source capital losses) will be subject to 30% (or a lower applicable treaty rate) tax; or

we are, or have been, a United States real property holding corporation for U.S. federal income tax purposes, at any time during the shorter of the five-year period preceding such disposition and the non-U.S. holder's holding period in our common stock; provided, that so long as our common stock is regularly traded on an established securities market, generally a non-U.S. holder would be subject to taxation with respect to a taxable disposition of our common stock, only if at any time during that five-year or shorter period it owned more than 5% directly or by attribution, of that

class of common stock.

We believe that we currently are not, and do not anticipate becoming, a United States real property holding corporation. Because the determination of whether we are a United States real property holding corporation depends on the fair market value of our interests in real property located within the United States relative to the fair market value of our interests in real property located outside the United States and our other business assets, however, there can be no assurance that we will not become a United States real property holding corporation in the future. If we were treated as a U.S. real property holding corporation during the relevant period described in the third bullet point above, any taxable gains recognized by a non-U.S. holder on the sale or other taxable disposition of our common stock would be subject to tax as if the gain were effectively connected with the conduct of the non-U.S. holder's trade or business in the United States except the branch profits tax would not

S-14

Table of Contents

apply. See **Effectively Connected Income**. In addition, if our common stock ceases to be traded on an established securities market the transferee of our common stock would generally be required to withhold tax, under U.S. federal income tax laws, in an amount equal to 10% of the amount realized by the non-U.S. holder on the sale or other taxable disposition of our common stock. The rules regarding U.S. real property interests are complex, and non-U.S. holders are urged to consult with their own tax advisors on the application of these rules based on their particular circumstances.

Effectively Connected Income

If a dividend received on our common stock, or gain from a sale or other taxable disposition of our common stock, is treated as effectively connected with a non-U.S. holder's conduct of a trade or business in the United States, such non-U.S. holder will generally be exempt from withholding tax on any such dividend and any gain realized on such a disposition, provided such non-U.S. holder complies with certain certification requirements (generally on IRS Form W-8ECI). Instead such non-U.S. holder will generally be subject to U.S. federal income tax on a net income basis on any such gains or dividends in the same manner as if such holder were a U.S. person (as defined in the Code) unless an applicable income tax treaty provides otherwise. In addition, a non-U.S. holder that is a foreign corporation may be subject to a branch profits tax at a rate of 30% (or a lower rate provided by an applicable income tax treaty) on such holder's earnings and profits for the taxable year that are effectively connected with such holder's conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, are attributable to such holder's U.S. permanent establishment), subject to adjustments.

Information Reporting and Backup Withholding

Generally, applicable withholding agents must report to our non-U.S. holders and the IRS the amount of dividends paid during each calendar year, if any, and the amount of any tax withheld. These information reporting requirements apply even if no withholding is required (e.g., because the distributions are effectively connected with the non-U.S. holder's conduct of a United States trade or business, or withholding is eliminated by an applicable income tax treaty). This information also may be made available under a specific treaty or agreement with the tax authorities in the country in which the non-U.S. holder resides or is established.

Backup withholding, however, generally will not apply to distributions to a non-U.S. holder of shares of our common stock provided the non-U.S. holder furnishes to the applicable withholding agent the required certification as to its non-U.S. status, such as by providing a valid IRS Form W-8BEN or IRS Form W-8ECI, or certain other requirements are met. Notwithstanding the foregoing, backup withholding may apply if the applicable withholding agent has actual knowledge, or reason to know, that the non-U.S. holder is a U.S. person (as defined in the Code) that is not an exempt recipient.

Backup withholding is not an additional tax but merely an advance payment, which may be refunded to the extent it results in an overpayment of tax and the appropriate information is timely supplied by the non-U.S. holder to the IRS.

FATCA

Pursuant to the Foreign Account Tax Compliance Act (**FATCA**) foreign financial institutions (which include most foreign hedge funds, private equity funds, mutual funds, securitization vehicles and any other investment vehicles) and certain other foreign entities must comply with new information reporting rules with respect to their U.S. account holders and investors or confront a new withholding tax on U.S. source payments made to them (whether received as a beneficial owner or as an intermediary for another party). More specifically, a foreign financial institution or other foreign entity that does not comply with the FATCA reporting requirements will generally be subject to a new 30%

withholding tax with respect to any withholdable payments. For this purpose, withholdable payments include generally U.S.-source payments otherwise subject to nonresident withholding tax (e.g., U.S.-source dividends) and also include the entire gross proceeds from the

S-15

Table of Contents

sale of any equity or debt instruments of U.S. issuers. The new FATCA withholding tax will apply even if the payment would otherwise not be subject to U.S. nonresident withholding tax (e.g., because it is capital gain). Final Treasury and IRS guidance regulations defer this withholding obligation until July 1, 2014 for payments of dividends on U.S. common stock and until January 1, 2017 for gross proceeds from dispositions of U.S. common stock.

FATCA withholding will not apply to withholdable payments made directly to foreign governments, international organizations, foreign central banks of issue and individuals, and Treasury is authorized to provide additional exceptions.

Non-U.S. holders are urged to consult with their own tax advisors regarding the effect, if any, of the FATCA provisions to them based on their particular circumstances.

Table of Contents**SELLING STOCKHOLDERS**

The following table sets forth (i) the selling stockholders, (ii) the number of shares of common stock that each of the selling stockholders beneficially owned as of January 27, 2014 and the number of shares proposed to be sold in this offering by each of the selling stockholders, and (iii) the number of shares of our common stock that will be beneficially owned by each of the selling stockholders following this offering.

The amounts and percentage of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he or she has no economic interest.

Except as indicated by footnote, the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them.

Table of Contents**UNDERWRITING (CONFLICTS OF INTEREST)**

The Company, the selling stockholders and the underwriters named below have entered into an underwriting agreement with respect to the shares being offered. Goldman, Sachs & Co., Robert W. Baird & Co. Incorporated and Credit Suisse Securities (USA) LLC are the representatives of the underwriters. Subject to certain conditions, each underwriter has severally agreed to purchase the number of shares indicated in the following table:

Underwriters	Number of Shares
Goldman, Sachs & Co	3,082,192
Robert W. Baird & Co. Incorporated	3,082,192
Credit Suisse Securities (USA) LLC	3,082,192
Merrill Lynch, Pierce, Fenner & Smith Incorporated	1,258,562
Barclays Capital Inc.	1,258,562
BMO Capital Markets Corp.	1,258,562
Deutsche Bank Securities Inc.	1,258,562
Apollo Global Securities, LLC	719,176
Total	15,000,000

The underwriters are committed to take and pay for all of the shares being offered by the Company and the selling stockholders, if any are taken, other than the shares covered by the option described below unless and until this option is exercised.

If the underwriters sell more shares than the total number set forth in the table above, the underwriters have an option to buy up to an additional 2,250,000 shares from the selling stockholders. They may exercise that option for 30 days. If any shares are purchased from the selling stockholders pursuant to this option, the underwriters will severally purchase shares in approximately the same proportion as set forth in the table above.

The following tables show the per share and total underwriting discounts and commissions to be paid to the underwriters by the Company and the selling stockholders. Such amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase 2,250,000 additional shares from the selling stockholders.

Paid by the Company	
Per Share	\$ 0.94
Total	\$ 2,820,000

Paid by the Selling Stockholders		
	No Exercise	Full Exercise
Per Share	\$ 0.94	\$ 0.94
Total	\$ 11,280,000	\$ 13,395,000

Shares sold by the underwriters to the public will initially be offered at the price to public set forth on the cover of this prospectus supplement. Any shares sold by the underwriters to securities dealers may be sold at a discount of up to \$0.54 per share from the public offering price. If all the shares are not sold at the public offering price, the

representatives may change the offering price and the other selling terms. The offering of the shares by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The Company estimates that the total expenses of the offering, excluding underwriting discounts and commissions payable solely by the Company and the selling stockholders with respect to the shares sold by each

Table of Contents

party, will be approximately \$0.8 million. The Company has agreed to reimburse the underwriters for expenses relating to the clearance of the offering with the Financial Industry Regulatory Authority in an amount up to \$75,000.

The Company, the selling stockholders and the directors and executive officers of the Company have agreed with the underwriters, subject to certain exceptions, not to dispose of or hedge any of their common stock or securities convertible into or exchangeable for shares of common stock during the period from the date of this prospectus supplement continuing through the date 90 days after the date of this prospectus supplement, except with the prior written consent of the representatives.

In connection with the offering, the underwriters may purchase and sell shares of common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares from the selling stockholders in the offering. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase additional shares pursuant to the option granted to them. Naked short sales are any sales in excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of common stock made by the underwriters in the open market prior to the completion of the offering.

The underwriters may also impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased shares sold by or for the account of such underwriter in stabilizing or short covering transactions.

Purchases to cover a short position and stabilizing transactions, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the Company's stock, and together with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the common stock. As a result, the price of the common stock may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued at any time. These transactions may be effected on NYSE, in the over-the-counter market or otherwise.

The Company and the selling stockholders have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Company, for which they received or will receive customary fees and expenses. Certain of the underwriters and/or their affiliates may have an indirect ownership interest in us through various private equity funds, including funds of Apollo and/or its affiliates. Certain of the underwriters or their affiliates are lenders under our senior secured credit facilities.

Apollo Global Securities, LLC, which is one of the underwriters in this offering, is an affiliate of the Apollo Funds, which are our controlling stockholders and among the selling stockholders in this offering. Since the Apollo Funds beneficially own more than 10% of our outstanding common stock, a conflict of interest is deemed to exist under Rule 5121 of the Conduct Rules of the Financial Industry Regulatory Authority, or FINRA. Accordingly, this offering will be made in compliance with the applicable provisions of FINRA Rule 5121. As such, any underwriter that has a conflict of interest pursuant to Rule 5121 will not confirm sales to accounts in which it exercises discretionary authority without the prior written consent of the customer.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the Company. Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), no offer of shares may be made to the public in that Relevant Member State other than:

- A. to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- B. to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of shares shall require the Company or the representatives to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State (other than a Relevant Member State where there is a Permitted Public Offer) who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed that it is a qualified investor within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive. In the case of any shares being offered to a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, each such financial intermediary will be deemed to have represented, acknowledged and agreed that the shares acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any shares to the public other than their offer or resale in a Relevant Member State to qualified investors as so defined or in circumstances in which the prior consent of the representatives has been obtained to each such proposed offer or resale.

The Company, the representatives and their affiliates will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement.

This prospectus supplement has been prepared on the basis that any offer of shares in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares. Accordingly any person making or intending to make an offer in that Relevant Member State of shares which are the subject of the offering contemplated in this prospectus may only do so in circumstances in which no obligation arises for the Company or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither the Company nor the underwriters have authorized, nor do they

authorize, the making of any offer of shares in circumstances in which an obligation arises for the Company or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression "an offer to the public" in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or

Table of Contents

subscribe the shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

Table of Contents

DESCRIPTION OF CAPITAL STOCK

Our authorized capital stock consists of 200,000,000 shares of common stock and 10,000,000 shares of preferred stock, the rights and preferences of which may be designated by the board of directors. As of January 27, 2014, there were 98,015,137 shares of common stock issued and outstanding and no shares of preferred stock issued and outstanding. All of our existing common stock is validly issued, fully paid and nonassessable.

The discussion below describes the most important terms of our capital stock, certificate of incorporation, bylaws and certain agreements among us and certain of our stockholders. Because it is only a summary, it does not contain all the information that may be important to you. For a complete description refer to our certificate of incorporation and bylaws and to those agreements, which are exhibits to our most recent Annual Report on Form 10-K, which is incorporated by reference into this prospectus, and to the applicable provisions of the Delaware General Corporation Law (the "DGCL").

Common Stock

Voting Rights. The holders of our common stock are entitled to one vote per share on all matters submitted for action by the stockholders. There is no provision for cumulative voting with respect to the election of directors. Accordingly, a holder of more than 50% of the shares of our common stock would be able to, if it so chooses, elect all of our directors. In that event, the holders of the remaining shares would not be able to elect any directors.

Dividend Rights. All shares of our common stock are entitled to share equally in any dividends our board of directors may declare from legally available sources, subject to the terms of any outstanding preferred stock. Our senior secured credit facilities and any other debt instruments may impose restrictions on our ability to declare dividends with respect to our common stock.

Liquidation Rights. Upon liquidation or dissolution of Rexnord Corporation, whether voluntary or involuntary, all shares of our common stock are entitled to share equally in the assets available for distribution to stockholders after payment of all of our prior obligations, including any preferential rights afforded to then-outstanding preferred stock.

Registration Rights. In connection with the acquisition in 2006 of the Company by the investment funds affiliated with, or co-investment vehicles managed by, Apollo Management VI, L.P. (collectively, the "Apollo Funds") and others, the Company entered into two separate stockholders' agreements—one with affiliates of the Apollo Funds and certain other of our stockholders, and the other with affiliates of the Apollo Funds, George M. Sherman and two entities then-controlled by Mr. Sherman (collectively, the "Stockholders' Agreements"). Under the terms of the Stockholders' Agreements, we have agreed, under certain circumstances, to register shares of our common stock owned by affiliates of the Apollo Funds. In connection with any such registration, Mr. Sherman is entitled to exercise piggyback registration rights.

Other Matters. The holders of our common stock have no preemptive or conversion rights, and our common stock is not subject to further calls or assessments by us. There are no redemption or sinking fund provisions applicable to our common stock.

Dividend Policy

We currently intend to retain all future earnings, if any, for use in the operation of our business and to fund future growth. In addition, the agreement governing our senior secured credit facilities limits our ability to pay dividends or other distributions on our common stock. The decision whether to pay dividends will be made by

Table of Contents

our board of directors in light of conditions then existing, including factors such as our results of operations, financial condition and requirements, business conditions and covenants under any applicable contractual arrangements.

Preferred Stock

Our board of directors, without further stockholder approval, may issue, from time to time, up to an aggregate of 10,000,000 shares of preferred stock in one or more series and to fix or alter the designations, preferences, rights and any qualifications, limitations or restrictions of the shares of each such series thereof, including the dividend rights, dividend rates, conversion rights, voting rights, terms of redemption (including sinking fund provisions), redemption prices, liquidation preferences and the number of shares constituting any series or designations of such series. Our board of directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of common stock. The issuance of preferred stock, while providing flexibility in connection with possible future financings and acquisitions and other corporate purposes could, under certain circumstances, have the effect of delaying, deferring or preventing a change in control of us and might affect the market price of our common stock.

The preceding summary of certain provisions of the preferred stock does not purport to be complete and is subject to the designation of any series of preferred stock by our board of directors, which would be described in a prospectus summary relating to that preferred stock. The summary is qualified in its entirety by reference to the provisions of the designation of any series of preferred stock filed with the SEC in connection with any offering of such preferred stock.

Certain Anti-Takeover, Limited Liability and Indemnification Provisions

We are governed by the DGCL. Our certificate of incorporation, bylaws and the Nominating Agreement, dated April 3, 2012, between us and Apollo Management VI, L.P., contain provisions that could make more difficult the acquisition of us by means of a tender offer, a proxy contest or otherwise, or to remove or replace our current management.

Blank Check Preferred Stock. Our certificate of incorporation authorizes the issuance of blank check preferred stock that could be issued by our board of directors to increase the number of outstanding shares or establish a stockholders rights plan making a takeover more difficult and expensive.

Classified Board. Our board of directors is divided into three classes. The members of each class serve staggered, three-year terms. Upon the expiration of the term of a class of directors, directors in that class are elected for three-year terms at the annual meeting of stockholders in the year in which their term expires.

Removal of Directors; Vacancies. Our certificate of incorporation and bylaws provide that a director may be removed only for cause and only upon the affirmative vote of the holders of a majority of the outstanding shares of our capital stock entitled to vote in the election of directors. Vacancies on our board of directors may be filled only by a majority of our board of directors. Until the Apollo Funds no longer beneficially own at least 50.1% of our outstanding common stock, certain vacancies caused by an increase in the size of the board of directors requested by the Apollo Funds must be filled by the directors nominated by the Apollo Funds then in office. In addition, until the Apollo Funds no longer own at least 33 $\frac{1}{3}$ % of our outstanding common stock, the removal of a director nominated by the Apollo Funds must be filled by the directors nominated by the Apollo Funds then in office.

No Cumulative Voting. Our certificate of incorporation provides that stockholders do not have the right to cumulative votes in the election of directors.

No Stockholder Action by Written Consent; Calling of Special Meetings of Stockholders. Our bylaws do not permit stockholder action without a meeting by consent if less than 50.1% of our outstanding common stock is

Table of Contents

beneficially owned by the Apollo Funds. The bylaws also provide that if less than 50.1% of our outstanding common stock is beneficially owned by the Apollo Funds, special meetings of our stockholders may be called only by our board of directors or the chairman of the board of directors.

Advance Notice Requirements for Stockholder Proposals and Director Nominations. Our bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice thereof in writing. To be timely, a stockholder's notice generally must be delivered to and received at our principal executive offices, not less than 120 days nor more than 150 days prior to the first anniversary of the preceding year's annual meeting; provided, that in the event that the date of such meeting is advanced more than 30 days prior to, or delayed by more than 70 days after, the anniversary of the preceding year's annual meeting of our stockholders, a stockholder's notice to be timely must be so delivered not earlier than the close of business on the 150th day prior to such meeting and not later than the close of business on the later of the 120th day prior to such meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Our bylaws also specify certain requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders. These provisions generally do not apply to nominations of directors by the Apollo Funds.

Board of Directors. If the Apollo Funds or their affiliates continue to beneficially own at least 50.1% of our common stock, the Apollo Funds will have the right to require the board of directors to be expanded and the directors nominated by the Apollo Funds then in office will have the right to nominate directors to fill these vacant seats.

Apollo Approval Rights. Until such time as the Apollo Funds no longer beneficially own at least 33 ¹/₃% of the total number of shares of our common stock outstanding at any time, the approval of a majority of a quorum of the members of our board of directors, which must include the approval of the majority of the directors nominated by the Apollo Funds voting on the matter, will be required for a consolidation or merger with or into any other entity, or a transfer (by lease, assignment, sale or otherwise) of all or substantially all of our assets to another entity and other business combinations and to approve certain other matters.

Delaware Takeover Statute. Our certificate of incorporation provides that we are not governed by Section 203 of the DGCL which, in the absence of such provisions, would have imposed additional requirements regarding mergers and other business combinations.

Limitation of Officer and Director Liability and Indemnification Arrangements. Our certificate of incorporation limits the liability of our officers and directors to the maximum extent permitted by Delaware law. Delaware law provides that directors will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except liability for:

any breach of their duty of loyalty to the corporation or its stockholders;

acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions; or

any transaction from which the director derived an improper personal benefit.

This certificate of incorporation provision has no effect on any non-monetary remedies that may be available to us or our stockholders, nor does it relieve us or our officers or directors from compliance with federal or state securities laws. The certificate and bylaws also generally provide that we shall indemnify, to the fullest extent permitted by law, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, investigation, administrative hearing or any other proceeding by reason of the

fact that he is or was a director or officer of ours, or is or was serving at our request as a director, officer, employee or agent of another entity, against expenses incurred by him in connection with such proceeding. An officer or director shall not be entitled to indemnification by us if:

the officer or director did not act in good faith and in a manner reasonably believed to be in, or not opposed to, our best interests; or

with respect to any criminal action or proceeding, the officer or director had reasonable cause to believe his conduct was unlawful. We currently maintain liability insurance for our directors and officers. In addition, certain of our directors are also insured under Apollo's professional liability insurance policies and may be indemnified under Apollo's bylaws or other constitutive documents.

Our certificate of incorporation and bylaw provisions and provisions of Delaware law may have the effect of delaying, deterring or preventing a change in control of Rexnord Corporation.

As permitted by the DGCL, our certificate of incorporation and bylaws provide that:

we will indemnify our current and former directors and officers and anyone who is or was serving at our request as the director or officer of, or our legal representative in, another entity, and may indemnify our current or former employees and other agents, to the fullest extent permitted by the DGCL, subject to limited exceptions; and

we may purchase and maintain insurance on behalf of our current or former directors, officers, employees or agents against any liability asserted against them and incurred by them in any such capacity, or arising out of their status as such.

Our certificate of incorporation requires us to advance expenses to our directors and officers in connection with a legal proceeding, subject to receiving an undertaking from such director or officer to repay advanced amounts if it is determined he or she is not entitled to indemnification. Our bylaws provide that we may advance expenses to our employees and other agents, upon such terms and conditions, if any, as we deem appropriate.

We have entered into indemnification agreements with our directors and certain officers. The indemnification agreements provide generally that we must promptly advance directors and certain officers all reasonable costs of defending against certain litigation upon request, and must indemnify such director or officer against liabilities incurred in connection with such litigation to the extent that such director or officer is successful on the merits of the proceeding, or, if unsuccessful, to the extent that such director or officer acted in good faith. However, no indemnification will be made under the indemnification agreement if the director or officer is found to not have acted in good faith. The advance is subject to repayment under certain circumstances.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for our directors, officers and controlling persons under the foregoing provisions or otherwise, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Corporate Opportunity

Our certificate of incorporation provides that we expressly renounce any interest or expectancy in any business opportunity, transaction or other matter in which the Apollo Group, as defined therein, participates or desires or seeks to participate in, even if the opportunity is one that we would reasonably be deemed to have pursued if given the opportunity to do so. The renouncement does not apply to any business opportunities that are presented to an Apollo Group member solely in such person's capacity as a member of our board of directors and with respect to which no other member of the Apollo Group independently receives notice or otherwise identifies

such business opportunity prior to us becoming aware of it, or if the business opportunity is initially identified by the Apollo Group solely through the disclosure of information by or on behalf of us.

Forum Selection

Our certificate of incorporation provides that unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for any derivative action or proceeding brought on our behalf, any action asserting a claim of breach of a fiduciary duty owed by any director, officer, employee or agent of ours to us or to our stockholders, any action asserting a claim arising pursuant to any provision of the DGCL, or any action asserting a claim governed by the internal affairs doctrine, in each such case subject to the Court of Chancery having personal jurisdiction over the indispensable parties named as defendants therein. Any person or entity purchasing or otherwise acquiring any interest in our capital stock will be deemed to have notice of and consent to this forum selection provision.

DESCRIPTION OF WARRANTS

We may issue, alone or together with other securities, warrants for the purchase of other securities. The warrants will be issued under a warrant agreement to be entered into between us and a warrant agent to be selected at the time of the issue. Each series of warrants would be issued under a separate warrant agreement. The warrant agreement may include or incorporate by reference standard warrant provisions. The following summary of certain provisions of the warrants does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the warrant agreement that will be filed with the SEC in connection with the offering of such warrants.

If warrants are offered, the related prospectus supplement and/or other offering material will describe the designation and terms of the warrants, including, among other things, the following:

the offering price, if any;

the number or amount of, and the class of, securities purchasable upon exercise of one warrant and the initial price at which the shares may be purchased upon exercise;

the date on which the right to exercise the warrants will commence and the date on which that right will expire;

any applicable material United States federal income tax considerations;

the call provisions, if any;

the currency, currencies or currency units in which the offering price, if any, and exercise price are payable;

DESCRIPTION OF RIGHTS

We may issue other rights to purchase our securities. The rights may or may not be transferable by the persons purchasing or receiving the rights. In connection with any rights offering, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other persons would purchase any offered securities remaining unsubscribed for after such rights offering. Each series of rights will be issued under a separate rights agent agreement.

If rights are offered, the related prospectus supplement and/or other offering material will describe the designation and terms of the rights, including, among other things, the following:

the date of determining the security holders entitled to the rights distribution;

the aggregate number of rights issued and the number or amount of, and the class of, securities purchasable upon exercise of the rights;

the exercise price;

the conditions to completion of the rights offering;

the date on which the right to exercise the rights will commence and the date on which the rights will expire; and

any applicable material United States federal income tax considerations.

The preceding summary of certain provisions of the rights does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the rights agreement that will be filed with the SEC in connection with the offering of such rights.

DESCRIPTION OF UNITS

We may, from time to time, issue units comprised of one or more of certain other securities that may be offered under this prospectus, in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately at any time, or at any time before a specified date.

Any prospectus supplement related to any particular units will describe, among other things, the following:

the material terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any material provisions relating to the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units;

any applicable material United States federal income tax considerations; and

Edgar Filing: Rexnord Corp - Form 424B5

any material provisions of the governing unit agreement that differ from those described above.

These sales may be at fixed, varying or privately negotiated prices.

Broker-dealers engaged by us or any selling stockholders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from us or any selling stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated. We, and if applicable any selling stockholders, do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

In compliance with the guidelines of the Financial Industry Regulatory Authority (FINRA), the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the proceeds from any offering pursuant to this prospectus and any applicable prospectus supplement.

Any securities covered by this prospectus that qualify for sale under Rule 144 or Rule 144A of the Securities Act may be sold under Rule 144 or Rule 144A rather than under this prospectus. The securities covered by this prospectus may also be sold to non-U.S. persons outside the U.S. in accordance with Regulation S under the Securities Act rather than under this prospectus. The securities may be sold in some states only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless the sale has been registered or qualified for sale or an exemption from registration or qualification is available and complied with.
