Dear Stockholders:

Please join us for Hilton Worldwide Holdings Inc.'s Annual Meeting of Stockholders on Wednesday, May 7, 2014, at 10:00 a.m., Eastern time, at the Waldorf Astoria New York, 301 Park Avenue, New York, New York 10022.

Attached to this letter are a Notice of Annual Meeting of Stockholders and Proxy Statement, which describe the business to be conducted at the meeting. We also will report on matters of current interest to our stockholders.

Your vote is important to us. Whether you own a few shares or many, and whether or not you plan to attend the Annual Meeting in person, it is important that your shares be represented and voted at the meeting. You may vote your shares by proxy on the Internet, by telephone or by completing, signing and promptly returning a proxy card or you may vote in person at the Annual Meeting. Voting online, by telephone or by returning your proxy card does not deprive you of your right to attend the Annual Meeting and to vote your shares in person. If you do attend the Annual Meeting and wish to vote your shares personally, you may revoke your proxy at or prior to the Annual Meeting.

Thank you for your continued support of Hilton Worldwide Holdings Inc.

Sincerely,

Jonathan D. Gray
Chairman of the Board of Directors

Christopher J. Nassetta

PROXY VOTING METHODS

If at the close of business on March 17, 2014, you were a stockholder of record or held shares through a broker or bank, you may vote your shares by proxy through the Internet, by telephone or by mail, or you may vote in person at the Annual Meeting. For shares held through a broker, bank or other nominee, you may vote by submitting voting instructions to your broker, bank or other nominee. To reduce our administrative costs and help the environment by conserving natural resources, we ask that you vote through the Internet or by telephone, both of which are available 24 hours a day. You may revoke your proxies at the times and in the manners described on page 4 of the Proxy Statement.

If you are a stockholder of record or hold shares through a broker or bank and are voting by proxy, your vote must be received by 11:59 p.m., Eastern time, on May 6, 2014 to be counted.

To vote by proxy if you are a stockholder of record:

BY INTERNET

Go to the website www.proxyvote.com and follow the instructions, 24 hours a day, seven days a week.

You will need the 12-digit number included on your proxy card to obtain your records and to create an electronic voting instruction form.

BY TELEPHONE

From a touch-tone telephone, dial 1-800-690-6903 and follow the recorded instructions, 24 hours a day, seven days a week.

You will need the 12-digit number included on your proxy card in order to vote by telephone.

BY MAIL

When you receive the proxy card, mark your selections on the proxy card.

Date and sign your name exactly as it appears on your proxy card.

Mail the proxy card in the enclosed postage-paid envelope provided to you.

YOUR VOTE IS IMPORTANT TO US. THANK YOU FOR VOTING.

If you hold your shares in street name, you may submit voting instructions to your broker, bank or other nominee. In most instances, you will be able to do this over the Internet, by telephone or by mail. Please refer to information from

your broker, bank, or other nominee on how to submit voting instructions.

PROXY STATEMENT

Annual Meeting of Stockholders

May 7, 2014

GENERAL INFORMATION

Why am I being provided with these materials?

We have delivered printed versions of these proxy materials to you by mail in connection with the solicitation by the Board of Directors (the Board or Board of Directors) of Hilton Worldwide Holdings Inc. of proxies to be voted at our Annual Meeting of Stockholders to be held on May 7, 2014 (Annual Meeting), and at any postponements or adjournments of the Annual Meeting. Directors, officers and other Company employees also may solicit proxies by telephone or otherwise. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses. You are invited to attend the Annual Meeting and vote your shares in person. Except where the context requires otherwise, references to the Company, we, us and our refer to Hilton Worldwide Holdings Inc.

What am I voting on?

There are four proposals scheduled to be voted on at the Annual Meeting:

Proposal No. 1: Election of the director nominees listed in this Proxy Statement.

Proposal No. 2: Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2014.

Proposal No. 3: Approval, in a non-binding advisory vote, of the compensation paid to the named executive officers.

Proposal No. 4: Determination, in a non-binding advisory vote, whether a non-binding stockholder vote to approve the compensation paid to our named executive officers should occur every one, two or three years.

Who is entitled to vote?

Stockholders as of the close of business on March 17, 2014 (the Record Date) may vote at the Annual Meeting. As of that date, there were 984,615,364 shares of common stock outstanding. You have one vote for each share of common stock held by you as of the Record Date, including shares:

Held directly in your name as stockholder of record (also referred to as registered stockholder); and

Held for you in an account with a broker, bank or other nominee (shares held in street name) Street name holders generally cannot vote their shares directly and instead must instruct the brokerage firm, bank or nominee how to vote their shares.

What constitutes a quorum?

The holders of record of a majority of the voting power of the issued and outstanding shares of capital stock entitled to vote at the Annual Meeting must be present in person or represented by proxy to constitute a quorum

Table of Contents

for the Annual Meeting. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by broker non-votes also are counted as present and entitled to vote for purposes of determining a quorum. However, as described below under **How are votes counted?** if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote (a broker non-vote).

What is a broker non-vote ?

A broker non-vote occurs when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the stockholder who beneficially owns the shares and (2) the broker lacks the authority to vote the shares at their discretion. Under current New York Stock Exchange (NYSE) interpretations that govern broker non-votes, Proposal Nos. 1, 3 and 4 are considered non-discretionary matters, and a broker will lack the authority to vote uninstructed shares at their discretion on such proposals. Proposal No. 2 is considered a discretionary matter, and a broker will be permitted to exercise its discretion to vote uninstructed shares on the proposal.

How many votes are required to approve each proposal?

With respect to the election of the director nominees (Proposal No. 1), all elections of directors will be determined by a plurality of the votes cast. A plurality vote requirement means that the director nominees with the greatest number of votes cast, even if less than a majority, will be elected. There is no cumulative voting.

Notwithstanding the foregoing, our Corporate Governance Guidelines set forth our procedures if a director nominee, other than a person nominated or designated pursuant to the stockholders' agreement between the Company and Blackstone (as defined below), is nominated in an uncontested election but receives a majority of withheld votes. In an uncontested election, any nominee for director who receives a greater number of votes withheld from his or her election than votes for such election is required to tender his or her resignation following certification of the stockholder vote. The Nominating and Corporate Governance Committee is required to consider all relevant factors and make recommendations to the Board with respect to any such letter of resignation. The Board is required to take action with respect to this recommendation within 90 days after the certification of the election results.

For any other proposal being considered at the Annual Meeting, approval of the proposal requires a majority of the votes cast. While the vote on executive compensation (Proposal No. 3) and vote on the frequency of stockholder votes on executive compensation (Proposal No. 4) are advisory in nature and non-binding, the Board will review the voting results and expects to take them into consideration when making future decisions regarding executive compensation.

As of March 17, 2014, affiliates of The Blackstone Group L.P. (collectively, Blackstone or our Sponsor) beneficially own and have the right to vote 752,492,744 of the outstanding shares of our common stock (representing 76.4% of the voting power) and have advised us that they intend to vote all such shares in favor of the director nominees listed herein, for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2014 and for the approval of the compensation paid to the named executive officers, and they intend to vote one year with respect to the frequency of stockholder votes on executive compensation. As a result, we are assured a quorum at the Annual Meeting, the election of the director nominees listed herein, the ratification of the appointment of Ernst & Young LLP, the approval of executive compensation and the determination of one year with respect to the frequency of stockholder votes on executive compensation.

How are votes counted?

Edgar Filing: Hilton Worldwide Holdings Inc. - Form DEF 14A

With respect to the election of directors (Proposal No. 1), you may vote **FOR** or **WITHHOLD** with respect to each nominee. Votes that are withheld will be excluded entirely from the vote with respect to the

Table of Contents

nominee from which they are withheld and will have the same effect as an abstention. Votes that are withheld will not have any effect on the outcome of the election of directors. Broker non-votes will have no effect on the outcome of Proposal No. 1.

You may vote **FOR**, **AGAINST** or **ABSTAIN** with respect to the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2014 (Proposal No. 2) and the advisory vote on the compensation paid to our named executive officers (Proposal No. 3). With respect to the advisory vote on the frequency of stockholder votes on executive compensation (Proposal No. 4), you may vote every **ONE YEAR**, **TWO YEARS**, **THREE YEARS** or **ABSTAIN**. For each of Proposal Nos. 2, 3 and 4, abstentions will not affect the outcome of these proposals. For Proposal Nos. 3 and 4, broker non-votes will have no effect on the outcome of these proposals.

If you just sign and submit your proxy card without voting instructions, your shares will be voted **FOR** each director nominee listed herein, **one year** with respect to Proposal No. 4 and on the other proposals as recommended by the Board and in accordance with the discretion of the holders of the proxy with respect to any other matters that may be voted upon.

Who will count the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspectors of election.

How does the Board recommend that I vote?

Our Board recommends that you vote your shares:

FOR each of the nominees to the Board set forth in this Proxy Statement.

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2014.

FOR the approval, on a non-binding, advisory basis, of the compensation paid to our named executive officers.

For every **ONE YEAR**, on a non-binding, advisory basis, with respect to how frequently a non-binding stockholder vote to approve the compensation paid to our named executive officers should occur.

How do I vote my shares without attending the Annual Meeting?

If you are a stockholder of record, you may vote by granting a proxy. Specifically, you may vote:

By Internet If you have Internet access, you may submit your proxy by going to www.proxyvote.com and by following the instructions on how to complete an electronic proxy card. You will need the 12-digit number included on your proxy card in order to vote by Internet.

By Telephone If you have access to a touch-tone telephone, you may submit your proxy by dialing 1-800-690-6903 and by following the recorded instructions. You will need the 12-digit number included on your proxy card in order to vote by telephone.

By Mail You may vote by mail by signing and dating the enclosed proxy card where indicated and by mailing or otherwise returning the card in the envelope provided to you. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), indicate your name and title or capacity.

Table of Contents

If you hold your shares in street name, you may submit voting instructions to your broker, bank or other nominee. In most instances, you will be able to do this over the Internet, by telephone or by mail. Please refer to information from your bank, broker or other nominee on how to submit voting instructions.

Internet and telephone voting facilities will close at 11:59 p.m., Eastern time, on May 6, 2014, for the voting of shares held by stockholders of record or held in street name.

Mailed proxy cards with respect to shares held of record must be received no later than May 6, 2014.

How do I vote my shares in person at the Annual Meeting?

First, you must satisfy the requirements for admission to the Annual Meeting (see below). Then, if you are a stockholder of record and prefer to vote your shares at the Annual Meeting, you must bring proof of identification along with your proof of ownership. You may vote shares held in street name at the Annual Meeting only if you obtain a signed proxy from the record holder (broker, bank or other nominee) giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by Internet, telephone or mail so that your vote will be counted even if you later decide not to attend the Annual Meeting.

What does it mean if I receive more than one proxy card on or about the same time?

It generally means you hold shares registered in more than one account. To ensure that all your shares are voted, please sign and return each proxy card or, if you vote by Internet or telephone, vote once for each proxy card you receive.

May I change my vote or revoke my proxy?

Yes. Whether you have voted by Internet, telephone or mail, if you are a stockholder of record, you may change your vote and revoke your proxy by:

 sending a written statement to that effect to our Secretary, provided such statement is received no later than May 6, 2014;

 voting again by Internet or telephone at a later time before the closing of those voting facilities at 11:59 p.m., Eastern time, on May 6, 2014;

 submitting a properly signed proxy card with a later date that is received no later than May 6, 2014; or

 attending the Annual Meeting, revoking your proxy and voting in person.

If you hold shares in street name, you may submit new voting instructions by contacting your bank, broker or other nominee. You may also change your vote or revoke your proxy in person at the Annual Meeting if you obtain a signed proxy from the record holder (broker, bank or other nominee) giving you the right to vote the shares.

Do I need a ticket to be admitted to the Annual Meeting?

You will need your *proof of identification along with either your Notice of Annual Meeting of Stockholders or proof of stock ownership* to enter the Annual Meeting. If your shares are held beneficially in the name of a bank, broker or other holder of record and you wish to be admitted to attend the Annual Meeting, you must present proof of your ownership of Hilton Worldwide Holdings Inc. stock, such as a bank or brokerage account statement.

Do I also need to present identification to be admitted to the Annual Meeting?

Yes, all stockholders must present a form of personal identification in order to be admitted to the Annual Meeting.

Table of Contents

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

Could other matters be decided at the Annual Meeting?

At the date this Proxy Statement went to print, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement.

If other matters are properly presented at the Annual Meeting for consideration and you are a stockholder of record and have submitted a proxy card, the persons named in your proxy card will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees (for no additional compensation) in person or by telephone, electronic transmission and facsimile transmission. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses.

Table of Contents**PROPOSAL NO. 1 ELECTION OF DIRECTORS**

Our Board of Directors has considered and nominated the following nominees for a one-year term expiring in 2015 or until his or her successor is duly elected and qualified: Christopher J. Nassetta, Jonathan D. Gray, Michael S. Chae, Tyler S. Henritze, Judith A. McHale, John G. Schreiber, Elizabeth A. Smith, Douglas M. Steenland and William J. Stein. Action will be taken at the Annual Meeting for the election of these nominees.

Unless otherwise instructed, the persons named in the form of proxy card (the proxyholders) included with this proxy statement intend to vote the proxies held by them for the election of the director nominees. If any of these nominees ceases to be a candidate for election by the time of the Annual Meeting (a contingency which the Board does not expect to occur), such proxies may be voted by the proxyholders in accordance with the recommendation of the Board.

THE BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

Our Board manages or directs our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board and three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Prior to our initial public offering in December 2013 (the IPO), Blackstone and other pre-IPO investors owned 100% of our Company. Because Blackstone still owns 76.4% of our Company, we are a controlled company within the meaning of the NYSE corporate governance standards, and therefore will utilize exemptions from certain corporate governance standards, including the requirement that a majority of the board of directors consist of independent directors and the requirement that we have a compensation committee and a nominating committee that is each composed entirely of independent directors. However, we have had a fully independent Audit Committee and independent director representation on each of our Compensation Committee and our Nominating and Corporate Governance Committee since the IPO.

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance include:

Blackstone has advised us that, when it ceases to own a majority of our common stock, it will ensure that its employees will no longer constitute a majority of our Board;

our Board is not classified and each of our directors is subject to re-election annually;

under our by-laws and our corporate governance guidelines, directors (other than directors designated pursuant to our stockholders agreement) who fail to receive a majority of the votes cast in uncontested elections are required to submit their resignation to our Board of Directors;

our independent directors meet regularly in executive sessions without the presence of our corporate officers or non-independent directors;

we do not have a stockholder rights plan, and if our Board were ever to adopt a stockholder rights plan in the future without prior stockholder approval, our Board would either submit the plan to stockholders for ratification or cause the rights plan to expire within one year; and

we have implemented a range of other corporate governance best practices, including placing limits on the number of directorships held by our directors to prevent overboarding and implementing a robust director education program.

The stockholders agreement described below under Transactions with Related Persons provides that Blackstone has the right to nominate to our Board a number of designees approximately equal to the percentage of voting power of all shares of our capital stock entitled to vote generally in the election of directors as collectively beneficially owned by Blackstone. Currently, Blackstone has appointed five directors (Messrs. Gray, Chae, Henritze, Schreiber and Stein) to our Board of Directors. The provisions of the stockholders agreement regarding the nomination of directors will remain in effect until Blackstone is no longer entitled to nominate a director to our Board, unless Blackstone requests

that they terminate at an earlier date. See Transactions with Related Persons Stockholders Agreement.

Director Independence and Independence Determinations

Under our Corporate Governance Guidelines and NYSE rules, a director is not independent unless the Board affirmatively determines that he or she does not have a direct or indirect material relationship with us or any of our subsidiaries.

Our Corporate Governance Guidelines define independence in accordance with the independence definition in the current NYSE corporate governance rules for listed companies. Our Corporate Governance Guidelines require the Board to review the independence of all directors at least annually.

Table of Contents

In the event a director has a relationship with the Company that is relevant to his or her independence and is not addressed by the objective tests set forth in the NYSE independence definition, the Board will determine, considering all relevant facts and circumstances, whether such relationship is material.

Our Board has affirmatively determined that each of Ms. McHale, Ms. Smith and Mr. Steenland is independent under the guidelines for director independence set forth in the Corporate Governance Guidelines and under all applicable NYSE guidelines, including with respect to committee membership. Our Board also has determined that each of Ms. McHale, Ms. Smith and Mr. Steenland is independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act).

In making its independence determinations, the Board considered and reviewed all information known to it (including information identified through annual directors' questionnaires).

Board Structure

Our Board of Directors is led by Mr. Gray, our Non-Executive Chairman. The Chief Executive Officer position is separate from the Chairman position. We believe that the separation of the Chairman and Chief Executive Officer positions is appropriate corporate governance for us at this time. Accordingly, Mr. Gray serves as Chairman, while Mr. Nassetta serves as our Chief Executive Officer and President.

Controlled Company Exception

Affiliates of Blackstone beneficially own more than 50% of our common stock and voting power. As a result, (x) under the terms of the Stockholders Agreement, affiliates of Blackstone are entitled to nominate at least five of the nine members of our Board of Directors (see Transactions with Related Persons Stockholders Agreement) and (y) we are a controlled company within the meaning of the corporate governance standards of the NYSE. Under the NYSE corporate governance standards, a company of which more than 50% of the voting power is held by an individual, group or another company is a controlled company and may elect to utilize exemptions from certain corporate governance standards, including (1) the requirement that a majority of the Board of Directors consist of independent directors, (2) the requirement that we have a compensation committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities, (3) the requirement that we have a nominating and corporate governance committee that is composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities, and (4) the requirement for an annual performance evaluation of the nominating and corporate governance and compensation committees. We are currently utilizing these exemptions and expect to continue to do so. In the event that we cease to be a controlled company, we will be required to comply with these provisions within the transition periods specified in the corporate governance rules of the NYSE.

Table of Contents

All directors are expected to make every effort to attend all meetings of the Board, meetings of the committees of which they are members and the annual meeting of stockholders. During the year ended December 31, 2013, the Board held six meetings, the Audit Committee held five meetings, the Compensation Committee held three meetings and the Nominating and Corporate Governance Committee held two meetings. In 2013, all of our directors attended 100% of the meetings of the Board and committees during which he or she served as a member of the Board or such committee.

Committee Membership

Audit Committee

All members of the Audit Committee have been determined to be independent, consistent with our Audit Committee Charter, Corporate Governance Guidelines and the NYSE listing standards applicable to boards of directors in general and audit committees in particular. Our Board also has determined that each of the members of the Audit Committee is financially literate within the meaning of the listing standards of the NYSE. In addition, our Board has determined that Douglas M. Steenland qualifies as an audit committee financial expert as defined by applicable Securities Exchange Commission (the SEC) regulations.

The duties and responsibilities of the Audit Committee are set forth in its charter, which may be found at www.hiltonworldwide.com under Investors: Corporate Governance: Governance Documents: Audit Committee Charter, and include the following:

the adequacy and integrity of our financial statements and our financial reporting and disclosure practices;

the soundness of our system of internal controls regarding finance and accounting compliance;

the annual independent audit of our consolidated financial statements;

the independent registered public accounting firm's qualifications and independence;

the engagement of the independent registered public accounting firm;

the performance of our internal audit function and independent registered public accounting firm;

our compliance with legal and regulatory requirements in connection with the foregoing;

review of related party transactions; and

compliance with our Code of Conduct.

With respect to our reporting and disclosure matters, the responsibilities and duties of the Audit Committee include reviewing and discussing with management and the independent registered public accounting firm our annual audited financial statements and quarterly financial statements prior to inclusion in our Annual Report on Form 10-K or other public filings in accordance with applicable rules and regulations of the SEC.

On behalf of the Board, the Audit Committee plays a key role in the oversight of our risk management policies and procedures. See [Oversight of Risk Management](#) below.

Compensation Committee

Ms. McHale is a member of the Compensation Committee who has been determined to be independent as defined by our Corporate Governance Guidelines and the NYSE listing standards applicable to boards of directors in general and compensation committees in particular. The other members of the Compensation Committee, Messrs. Schreiber and Stein, have not been affirmatively determined by our Board of Directors to be independent.

Table of Contents

The duties and responsibilities of the Compensation Committee are set forth in its charter, which may be found at www.hiltonworldwide.com under Investors: Corporate Governance: Governance Documents: Compensation Committee Charter, and include the following:

the establishment, maintenance and administration of compensation and benefit policies designed to attract, motivate and retain personnel with the requisite skills and abilities to contribute to the long term success of the Company;

oversight of the goals, objectives and compensation of our President and Chief Executive Officer, including evaluating the performance of the President and Chief Executive Officer in light of those goals;

oversight of the objectives and compensation of our other executives and non-management directors;

our compliance with the compensation rules, regulations and guidelines promulgated by the NYSE, the SEC and other law, as applicable; and

the issuance of a report on executive compensation for inclusion in our annual proxy statement and annual report.

With respect to our reporting and disclosure matters, the responsibilities and duties of the Compensation Committee include overseeing the preparation of the Compensation Discussion and Analysis for inclusion in our annual proxy statement and Annual Report on Form 10-K in accordance with applicable rules and regulations of the SEC. The charter of the Compensation Committee permits the committee to delegate any or all of its authority to one or more subcommittees and to delegate to one or more of our officers the authority to make awards to team members other than any Section 16 officer under our incentive compensation or other equity-based plan, subject to compliance with the plan and the laws of our state of jurisdiction.

The Compensation Committee has the authority under its charter to retain outside consultants or advisors, as it deems necessary or advisable. In accordance with this authority, in May 2012, the Compensation Committee engaged the services of Exequity LLP (Exequity) as its independent outside compensation consultant.

All executive compensation services provided by Exequity were conducted under the direction or authority of the Compensation Committee, and all work performed by Exequity was pre-approved by the Compensation Committee. Neither Exequity nor any of its affiliates maintains any other direct or indirect business relationships with us or any of our subsidiaries. The Compensation Committee evaluated whether any work provided by Exequity raised any conflict of interest and determined that it did not.

As requested by the Compensation Committee, in 2013, Exequity's services to the Compensation Committee included, among other things, providing perspective on current trends and developments in executive compensation as well as analysis of benchmarking data and development of our peer group.

An Exequity representative participated in three of the Compensation Committee meetings in 2013.

Nominating and Corporate Governance Committee

Each of Ms. Smith and Mr. Steenland is a member of the Nominating and Corporate Governance Committee who has been determined to be independent as defined by our Corporate Governance Guidelines and the NYSE listing standards. The other member of the Nominating and Corporate Governance Committee, Mr. Stein, has not been affirmatively determined by our Board of Directors to be independent.

The duties and responsibilities of the Nominating and Corporate Governance Committee are set forth in its charter, which may be found at www.hiltonworldwide.com under Investors: Corporate Governance: Governance Documents: Nominating and Corporate Governance Committee Charter, and include the following:

advise the Board concerning the appropriate composition and qualifications of the Board and its committees;

Table of Contents

identify individuals qualified to become Board members;

recommend to the Board the persons to be nominated by the Board for election as directors at any meeting of stockholders;

recommend to the Board the members of the Board to serve on the various committees;

develop and recommend to the Board a set of corporate governance guidelines and assist the Board in complying with them; and

oversee the evaluation of the Board, the Board's committees and management.

Oversight of Risk Management

The Board has extensive involvement in the oversight of risk management related to us and our business and accomplishes this oversight through the regular reporting by the Audit Committee. The Audit Committee represents the Board by periodically reviewing our accounting, reporting and financial practices, including the integrity of our financial statements, the surveillance of administrative and financial controls, our compliance with legal and regulatory requirements and our enterprise risk management program. Through its regular meetings with management, including the finance, legal and internal audit functions, the Audit Committee reviews and discusses all significant areas of our business and summarizes for the Board all areas of risk and the appropriate mitigating factors. In addition, our Board receives periodic detailed operating performance reviews from management.

Executive Sessions

Executive sessions, which are meetings of the non-management members of the Board, are regularly scheduled throughout the year. In addition, at least once a year, the independent directors meet in a private session that excludes management and non-independent directors. At each of these meetings, the non-management and independent directors in attendance, as applicable, will determine which member will preside at such session.

Committee Charters and Corporate Governance Guidelines

Our commitment to good corporate governance is reflected in our Corporate Governance Guidelines, which describe the Board's views on a wide range of governance topics. These Corporate Governance Guidelines are reviewed from time to time by the Board and, to the extent deemed appropriate in light of emerging practices, revised accordingly, upon recommendation to and approval by the Board.

Our Corporate Governance Guidelines, our Audit, Compensation and Nominating and Corporate Governance Committee charters and other corporate governance information are available on the Corporate Governance page of the Investors section on our website at www.hiltonworldwide.com. Any stockholder also may request them in print, without charge, by contacting the Secretary at Hilton Worldwide Holdings Inc., 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102.

Code of Conduct

We maintain a Code of Conduct that is applicable to all of our directors, officers and employees, including our Chairman, Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and other senior financial officers. The Code of Conduct sets forth our policies and expectations on a number of topics, including conflicts of interest, compliance with laws, use of our assets and business conduct and fair dealing. This Code of Conduct also satisfies the requirements for a code of ethics, as defined by Item 406 of Regulation S-K promulgated by the SEC. We will disclose within four business days any substantive changes in or waivers of the Code of Conduct granted to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, by posting such information on our website as set forth above rather than by filing a Form 8-K. In the case of a waiver for an executive officer or a director, the required disclosure also will be made available on our website within four business days of the date of such waiver.

The Code of Conduct may be found on our website at www.hiltonworldwide.com under Investors: Corporate Governance: Governance Documents: Code of Conduct.

Director Nomination Process

The Nominating and Corporate Governance Committee weighs the characteristics, experience, independence and skills of potential candidates for election to the Board and recommends nominees for director to the Board for election. In considering candidates for the Board, the Nominating and Corporate Governance Committee also assesses the size, composition and combined expertise of the Board. As the application of these factors involves the exercise of judgment, the Nominating and Corporate Governance Committee does not have a standard set of fixed qualifications that is applicable to all director candidates, although the Nominating and Corporate Governance Committee does at a minimum assess each candidate's strength of character, judgment, industry knowledge or experience, his or her ability to work collegially with the other members of the Board and his or her ability to satisfy any applicable legal requirements or listing standards. In addition, although the Board considers diversity of viewpoints, background and experiences, the Board does not have a formal diversity policy. In identifying prospective director candidates, the Nominating and Corporate Governance Committee may seek referrals from other members of the Board, management, stockholders and other sources, including third party recommendations. The Nominating and Corporate Governance Committee also may, but need not, retain a search firm in order to assist it in identifying candidates to serve as directors of the Company and has previously consulted with the firm of Spencer Stuart regarding board member recruiting. The Nominating and Corporate Governance Committee utilizes the same criteria for evaluating candidates regardless of the source of the referral. When considering director candidates, the Nominating and Corporate Governance Committee seeks individuals with backgrounds and qualities that, when combined with those of our incumbent directors, provide a blend of skills and experience to further enhance the Board's effectiveness.

In connection with its annual recommendation of a slate of nominees, the Nominating and Corporate Governance Committee also may assess the contributions of those directors recommended for re-election in the context of the Board evaluation process and other perceived needs of the Board.

Each of Messrs. Gray, Chae, Henritze, Schreiber and Stein were recommended by Blackstone as director nominees pursuant to the stockholders' agreement described below under Transactions with Related Persons. Each of Ms. McHale and Smith were recommended by Blackstone and our management, with consultation from a third party search firm, Spencer Stuart. Mr. Steenland, who has served on our Board since 2009, was recommended by Blackstone with consultation from management.

When considering whether the directors and nominees have the experience, qualifications, attributes and skills, taken as a whole, to enable the Board to satisfy its oversight responsibilities effectively in light of our business and structure, the Board focused primarily on the information discussed in each of the board member's biographical information set forth above. We believe that our directors provide an appropriate mix of experience and skills relevant to the size and nature of our business. In particular, the members of our Board of Directors considered the following important characteristics:

Mr. Nassetta we considered his experience as an executive in the hospitality industry, his extensive financial background and experience with real estate investments. Furthermore, we also considered how his additional role as our President and Chief Executive Officer would bring management perspective to board deliberations and provide valuable information about the status of our day-to-day operations.

Mr. Gray we considered his affiliation with Blackstone, his significant experience in working with companies controlled by private equity sponsors, particularly in the real estate and hospitality industry, his experience in working with the management of various other companies owned by Blackstone's funds, his experience with real estate investing and his extensive financial background.

Table of Contents

Mr. Chae we considered his affiliation with Blackstone, his significant experience in working with companies controlled by private equity sponsors, his experience in working with the management of various other companies owned by Blackstone's funds and his extensive financial background.

Mr. Henritze we considered his affiliation with Blackstone, his significant experience in working with companies controlled by private equity sponsors, particularly in the real estate industry, his experience in working with the management of various other companies owned by Blackstone's funds, his experience with real estate investing and his extensive financial background.

Ms. McHale we considered her extensive business and management expertise, including her experience as a chief executive officer and director of several public companies, as well as her prior service as a high-ranking official in the U.S. Department of State.

Mr. Schreiber we considered his affiliation with Blackstone, his significant experience in working with companies controlled by private equity sponsors, particularly in the real estate industry, his experience in working with the management of various other companies owned by Blackstone's funds, his experience with real estate investing and his extensive financial background.

Ms. Smith we considered her deep experience in strategy, brands, marketing and sales, as well as significant experience in corporate finance and financial reporting developed in her executive level roles where her responsibilities have included direct financial oversight of multinational companies with multiple business units.

Mr. Steenland we considered his experience in managing large, complex, international institutions generally and his experience as a member of global public company boards and an executive in the travel and hospitality industries in particular.

Mr. Stein we considered his tenure with Blackstone involving the direct asset management and asset management oversight of Blackstone's global real estate assets, his extensive financial background and experience as an asset manager focusing on real estate and hospitality investments.

This process resulted in the Board's nomination of the incumbent directors named in this Proxy Statement and proposed for election by you at the upcoming Annual Meeting.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Any recommendation submitted to the Secretary of the Company should be in writing and should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include information that would be required under the rules of the SEC to be included in a proxy statement soliciting proxies for the election of such candidate and a written consent of the candidate to serve as one of our directors if elected. Stockholders wishing to propose a candidate for consideration may do so by submitting the above information to the attention of the Secretary, Hilton Worldwide Holdings Inc., 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102. All recommendations for nomination received by the Secretary that satisfy our by-law requirements relating to such director nominations will be presented to the Nominating and Corporate Governance Committee for

its consideration. Stockholders also must satisfy the notification, timeliness, consent and information requirements set forth in our by-laws. These requirements are also described under the caption Stockholder Proposals for the 2015 Annual Meeting.

Communications with the Board

As described in the Corporate Governance Guidelines, stockholders and other interested parties who wish to communicate with a member or members of the Board, including the chairperson of the Audit, Compensation, or Nominating and Corporate Governance Committees or to the non-management or independent directors as a group, may do so by addressing such communications or concerns to the Secretary of the Company, 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102, who will forward such communication to the appropriate party.

**PROPOSAL NO. 2 RATIFICATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for 2014.

Although ratification is not required by our by-laws or otherwise, the Board is submitting the selection of Ernst & Young LLP to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm. If our stockholders fail to ratify the selection, it will be considered as notice to the Board and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They also will have the opportunity to make a statement if they desire to do so, and they are expected to be available to respond to appropriate questions.

The shares represented by your proxy will be voted for the ratification of the selection of Ernst & Young LLP unless you specify otherwise.

Audit and Non-Audit Fees

In connection with the audit of the 2013 financial statements, we entered into an agreement with Ernst & Young LLP which sets forth the terms by which Ernst & Young LLP will perform audit services for the Company.

The following table presents fees for professional services rendered by Ernst & Young LLP for the audit of our financial statements for 2013 and 2012 and fees billed for other services rendered by Ernst & Young LLP for those periods:

	2013	2012
Audit Fees:		
Consolidated Audit ⁽¹⁾	\$ 10,184,377	\$ 8,090,363
Statutory and Subsidiary Audits ⁽²⁾	4,558,183	4,110,000
	14,742,560	12,200,363
Audit-related fees ⁽³⁾	1,927,214	1,146,300
Tax fees ⁽⁴⁾	5,755,730	7,166,000
Total:	\$ 22,425,504	\$ 20,512,663

(1) Includes the aggregate fees recognized in each of the last two fiscal years for professional services rendered by Ernst & Young LLP for the audit of the Company's annual financial statements and the review of financial

statements included in SEC filings. The fees are for services that are normally provided by Ernst & Young LLP in connection with statutory or regulatory filings or engagements, and specifically include costs relating to the Company's IPO and refinancing of \$4,992,332 and \$1,822,363 for 2013 and 2012, respectively.

- (2) Includes the aggregate fees recognized in each of the last two fiscal years for professional services rendered by Ernst & Young LLP that are reasonably related to the performance of audits related to subsidiaries and statutory reporting required for legal compliance for certain international subsidiaries or requirements of debt or other operating agreements.

Table of Contents

- (3) Includes the aggregate fees recognized in each of the last two fiscal years for professional services rendered by Ernst & Young LLP that are reasonably related to the performance of the Company's audit. Specifically, these costs include fees for audits of employee benefit plans, accounting and audit consultation and other attest services.
- (4) Includes the aggregate fees recognized in each of the last two fiscal years for professional services rendered by Ernst & Young LLP for tax compliance, tax advice and tax planning.

The Audit Committee considered whether providing the non-audit services shown in this table was compatible with maintaining Ernst & Young LLP's independence and concluded that it was.

Consistent with SEC policies regarding auditor independence and the Audit Committee's charter, the Audit Committee has responsibility for engaging, setting compensation for and reviewing the performance of the independent registered public accounting firm. In exercising this responsibility, the Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm and pre-approves all audit and permitted non-audit services provided by any independent registered public accounting firm prior to each engagement.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2014.

PROPOSAL NO. 3 NON-BINDING VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act)) and the related rules of the SEC, we are including in these proxy materials a separate resolution subject to stockholder vote to approve, in a non-binding, advisory vote, the compensation paid to our named executive officers as disclosed on pages 26 to 49. While the results of the vote are non-binding and advisory in nature, the Board intends to carefully consider the results of this vote.

The text of the resolution in respect of Proposal No. 3 is as follows:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in this Proxy Statement pursuant to the rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and any related narrative discussion is hereby **APPROVED**.

In considering their vote, stockholders may wish to review with care the information on our compensation policies and decisions regarding the named executive officers presented in Compensation Discussion and Analysis on pages 26 to 38, as well as the discussion regarding the Compensation Committee on pages 12 to 13.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee operates pursuant to a charter which is reviewed annually by the Audit Committee. Additionally, a brief description of the primary responsibilities of the Audit Committee is included in this Proxy Statement under the discussion of The Board of Directors and Certain Governance Matters Committee Membership Audit Committee. Under the Audit Committee charter, our management is responsible for the preparation, presentation and integrity of our financial statements, the application of accounting and financial reporting principles and our internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for auditing our financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the Audit Committee reviewed and discussed the audited financial statements of the Company with management and with the independent registered public accounting firm. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16 Communications with Audit Committee. In addition, the Audit Committee received the written disclosures and the letters from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm their independence.

Based upon the review and discussions described in the preceding paragraph, our Audit Committee recommended to the Board that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis*****Section Overview***

Our executive compensation program is designed to attract and retain individuals with the skills and qualifications to manage and lead the Company effectively. The overarching goal of our program is to motivate our leaders to contribute to the achievement of our financial goals and to focus on long-term value creation for our stockholders.

Our named executive officers, or NEOs, for 2013 were:

Name	Position
Christopher J. Nassetta	President and Chief Executive Officer (CEO)
Kevin J. Jacobs	Executive Vice President and Chief Financial Officer (CFO)
Ian R. Carter	Executive Vice President and President, Development, Architecture & Construction
Mark D. Wang	Executive Vice President, Global Sales and President, Hilton Grand Vacations (HGV)
Kristin A. Campbell	Executive Vice President and General Counsel
Thomas C. Kennedy	Former Executive Vice President and Chief Financial Officer ⁽¹⁾

- (1) Mr. Kennedy served as our Executive Vice President and Chief Financial Officer from September 15, 2008 until his resignation from these positions effective August 8, 2013. In connection with his resignation, we entered into a separation agreement with Mr. Kennedy in which he agreed to provide services to the Company following his resignation until the earlier of December 31, 2013 or the date he commenced employment with a new employer. The material terms of Mr. Kennedy's separation agreement are described under Potential Payments upon Termination or Change in Control Thomas C. Kennedy Separation Agreement. On August 8, 2013, Kevin J. Jacobs, previously our Executive Vice President and Chief of Staff, became our Executive Vice President and Chief Financial Officer.

Executive Summary

Compensation Philosophy and Approach. At Hilton Worldwide, we expect our executive team to possess and demonstrate strong leadership and management capabilities. To reward and retain our leaders, including our NEOs, we have designed a total compensation approach that rewards both short-term and long-term success.

Compensation Objectives. Our compensation program for executives is designed to support the following objectives:

foster a strong relationship between stockholder value and executive compensation by having a significant portion of compensation composed of equity-based incentive awards;

provide annual and long-term incentive awards that emphasize performance-based compensation contingent upon achieving corporate and individual performance goals; and

provide competitive levels of compensation to attract, retain and motivate highly-qualified executives to continue to enhance long-term equity value.

Program Design. Our executive compensation program has three main components: (1) base salary; (2) annual cash incentive compensation; and (3) long-term incentive awards. Each component is designed to be consistent with the Company's compensation philosophy.

To align pay with the interests of our stockholders, we strive to create competitive compensation packages that cultivate long-term value creation without taking unnecessary risks. We believe that a combination of both

Table of Contents

short-term and long-term compensation creates an optimal pay-for-performance environment. We motivate and reward NEOs for successfully executing our business strategy. The compensation program for our NEOs has been designed to emphasize variable pay over fixed pay, yet also create a positive work environment that rewards long-term achievements.

Pay for Performance. In structuring our executive compensation packages, the Compensation Committee of our Board of Directors, or Compensation Committee, considers how each component of compensation promotes retention and motivates performance. We believe that, to attract and retain senior executives, we must provide them with a competitive level of compensation that rewards their continued service. We also believe that performance-based compensation plays the most significant role in aligning management's interests with those of our stockholders. For this reason, performance-based compensation constitutes a substantial portion of the overall compensation for our senior executives. Our compensation packages are designed to promote the Company's core values of hospitality, integrity, leadership, teamwork, ownership and innovation by individuals working at our owned, leased, managed, timeshare and corporate locations (referred to as team members) whose performance and responsibilities directly affect the results of our operations.

We intend to evaluate our executive compensation program annually, or more frequently as circumstances require, to maintain a competitive environment for talent and to ensure that our incentive programs are achieving their desired results. We do not intend to adhere to rigid formulas or react to short-term changes in business performance in determining the amount and mix of compensation elements. We will continue to emphasize pay-for-performance and long-term incentive compensation when designing our executive officers' compensation.

Employment Agreements. As discussed in more detail below, we previously entered into employment agreements with Messrs. Nassetta, Kennedy and Carter to attract and retain these executives. These agreements generally had similar provisions that defined the nature of each NEO's employment, compensation and benefits provided in connection with his initial employment (such as initial base salary and/or other personal benefits or perquisites), compensation and benefits upon termination and restrictive covenants relating to intellectual property, confidential information and competitive business activities. See Narrative to Summary Compensation Table and 2013 Grants of Plan-Based Awards Employment Agreements. In connection with the IPO, the Compensation Committee decided that employment agreements were no longer necessary to attract members of our executive team, and therefore, the Company and Messrs. Nassetta and Carter agreed to terminate these employment agreements.

Our Annual Compensation-Setting Process

Role of the Compensation Committee. The Compensation Committee is responsible for overseeing key aspects of the executive compensation program, including our CEO, NEO and other executive officer salaries, goals and payouts under the annual cash incentive plan, the size and structure of equity awards and any executive perquisites or other benefits. The Compensation Committee is responsible for reviewing, approving and, for certain roles such as the CEO and executive officers, recommending to the full Board for approval, the compensation programs for our executives. At the beginning of each performance cycle, the Compensation Committee approves financial goals designed to align executive pay with company performance and stockholder interests, provide competitive pay opportunities dependent on performance, retain talent, maximize stockholder value and mitigate material risk.

Role of Management. In setting executive compensation for 2013, our CEO and our Chief Human Resources Officer worked closely with the Compensation Committee in managing the executive compensation program and attended meetings of the Compensation Committee. Because of his daily involvement with the executive team, the CEO made recommendations to the Compensation Committee regarding compensation for the executive officers other than himself. All NEO compensation decisions are approved by the Compensation Committee.

Role of the Compensation Consultant. The Compensation Committee has the authority to engage its own advisors to assist in carrying out its responsibilities. In May 2012, after completing a thorough review process, the Compensation Committee selected Exequity, LLP (Exequity) as its independent compensation consultant

Table of Contents

to assist in providing analytical data and establishing and implementing our executive and Director compensation strategy. Following their selection, Exequity has advised us in selecting our current Peer Group (as described below), has provided us with compensation data for the Peer Group and has advised on best practices when developing executive pay programs and policies. Exequity reports to and is instructed in its duties by the Compensation Committee and carries out its responsibilities in coordination with the Human Resources department. Exequity performs no other services for the Company.

In 2013, management separately received benchmarking information with respect to executive officer compensation from Towers Watson. This benchmarking information serves as an alternative point of reference with respect to the compensation of the executive officers. While Towers Watson provides compensation consulting services to management, the Compensation Committee has separately engaged Exequity as its independent compensation consultant to avoid any conflicts of interest.

Use of Comparative Market Data. Our goal is to compensate our executive officers competitively in the market for executive talent. When determining final target pay levels, the Compensation Committee reviews and considers individual factors, such as the knowledge, experience and capabilities of each executive.

To gain a general understanding of current compensation practices, the Compensation Committee reviews pay of executives, serving in similar positions at peer companies with whom we compete for hiring and retaining executive talent. The external market data reviewed for 2013 included peer group proxy data, several broad industry-comparative compensation surveys that included many of the companies contained in the Peer Group as defined below, data provided by peer group companies that participate in Equilar's Annual Top 25 Survey and compensation data provided by Towers Watson using our defined Peer Group.

Following the retention of Exequity in May 2012, the Compensation Committee, with the assistance of Exequity, selected a group of peer companies, which we refer to as our Peer Group. Exequity provided the Compensation Committee with annual (base salary and annual incentive) and long-term (equity and long-term cash incentive) compensation for the Peer Group.

The criteria used for selecting the Peer Group included the industry, annual revenue, EBITDA, market capitalization, brand recognition, global presence and number of employees. Other factors considered were performance measures such as revenue growth, net income growth, earnings per share growth, return on equity and total stockholder return.

The Peer Group for 2013 consisted of the following companies:

Avis Budget Group, Inc.	McDonald's Corporation
Darden Restaurants, Inc.	MGM Resorts International
FedEx Corporation	Nike, Inc.
General Mills, Inc.	Starbucks Corporation
Hyatt Hotels Corporation	Starwood Hotels & Resorts Worldwide, Inc.
Host Hotels & Resorts, Inc.	United Continental Holdings, Inc.
Kellogg Company	The Walt Disney Company
Las Vegas Sands Corp.	Wyndham Worldwide Corporation
Marriott International, Inc.	Wynn Resorts, Limited

The Compensation Committee reviewed the Peer Group compensation data and determined not to make any changes to the NEOs' 2013 compensation.

Compensation Components

There are three main components to our executive compensation program: base salary, annual cash incentive compensation and long-term incentive awards.

Table of Contents*Base Salary*

We believe it is important to provide a competitive fixed level of pay to attract and retain experienced and successful executives. In determining the amount of base salary that each NEO receives, we look to the executive's current compensation, time in position, any change in the executive's position or responsibilities, including complexity and scope and the relation of his or her position to those of other executives within the Company and in similar positions at peer companies. Base salaries are reviewed annually or at other times when appropriate and may be increased from time to time pursuant to such review. None of the NEOs' 2013 base salaries were adjusted in fiscal 2013.

Annual Cash Incentive Compensation

Our annual cash incentive program rewards NEOs for their contributions towards specific annual, short-term financial and operational goals and is designed to motivate executive officers to focus on company-wide priorities and reward them for individual results and achievements with respect to their business units or function.

For the year ended December 31, 2013, our annual cash incentive compensation plan compensated and rewarded successful achievement of both short-term financial and non-financial goals that were closely aligned with the long-term goals of the Company. The 2013 annual incentive program was based on a combination of (1) financial performance and (2) individual performance.

The financial component of our NEOs' annual bonus opportunity, other than for Mr. Wang, was based on the Company's consolidated Adjusted EBITDA (calculated as set forth in Note 24: Business Segments to the consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013). Due to Mr. Wang's role as President of HGV, 50% of the financial component for his annual bonus opportunity was based on the Company's consolidated Adjusted EBITDA and 50% of the financial component was based on our timeshare segment's Adjusted EBITDA (calculated as set forth in Note 24: Business Segments to the consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013). For all NEOs, the individual performance component was measured by objectives tied to the performance of the consolidated business unit(s) that the executive oversaw. The financial component composed 60% of the total award opportunity, and the individual performance component composed 40% of the total award opportunity.

Each NEO's target annual bonus is expressed as a percentage of his or her base salary and ranges from 60% to 100% of base salary. The annual incentive target bonus opportunities and corresponding minimum and maximum bonus as a percentage of each executive's base salary are approved annually by the Compensation Committee. The annual incentive target bonus opportunities were established in 2008, or, if later, the NEO's commencement of employment, and have not been adjusted through fiscal 2013. For the year ended December 31, 2013, the NEOs' target and maximum bonus opportunity as a percentage of such executive's base salary were as follows:

Name	Target	Maximum
Christopher J. Nassetta	100.0%	200.0%
Kevin J. Jacobs ⁽¹⁾	50.0%	75.0%
Ian R. Carter	60.0%	90.0%
Mark D. Wang	75.0%	112.5%
Kristin A. Campbell	75.0%	112.5%
Thomas C. Kennedy	75.0%	112.5%

- (1) Mr. Jacobs' target bonus was established at the beginning of 2013 when he was serving as our Executive Vice President and Chief of Staff and prior to his promotion to Chief Financial Officer.

Table of Contents

For the year ended December 31, 2013, the financial component of the bonus would be paid at 100% of target if the Company's consolidated Adjusted EBITDA was \$2,150 million (and with respect to the 30% of Mr. Wang's total bonus opportunity subject to the performance of HGV, if our timeshare segment's Adjusted EBITDA was \$284 million). Participants were eligible to receive a threshold payout percentage, defined as 50% of the target bonus with respect to the financial component, if actual performance was 95% of target and were eligible to receive the maximum payout percentage, defined as 150% (200% with respect to Mr. Nassetta) of the target bonus with respect to the financial component, if actual performance met or exceeded 105% of target. For actual performance between the specified threshold, target and maximum levels, the resulting payout percentage would be adjusted on a linear basis.

For the year ended December 31, 2013, the Company's actual consolidated Adjusted EBITDA achieved was \$2,210 million, or 103% of target, resulting in a payout percentage of 128% of target (156% for Mr. Nassetta) with respect to the company-wide financial component. The actual timeshare segment's Adjusted EBITDA achieved was \$297 million, or 104% of target, resulting in a payout percentage of 143% of target with respect to 30% of Mr. Wang's total bonus opportunity.

The remaining 40% portion of each NEO's annual cash incentive award was determined based on individual performance based on the achievement of performance objectives tied to the consolidated business unit(s) that the executive oversaw.

In establishing the individual performance goals, Mr. Nassetta works with senior management to establish business priorities at the beginning of each performance year. These business priorities are used to create the individual performance objectives for our annual cash incentive program for each of the NEOs. The Compensation Committee then reviews and approves the individual performance objectives recommended for each NEO.

For the year ended December 31, 2013, the personal objectives of each NEO were generally focused on the core duties of his or her position. Each personal objective was given a specific weighting based on the scope, importance and overall time burden of the task. For the year ended December 31, 2013, the individual performance objectives (and the weightings assigned to each individual performance objective) for each of the NEOs were as follows:

For Mr. Nassetta, the Compensation Committee considered efforts related to the individual performance components of his direct reports. The individual performance components of his annual compensation award were based on a compilation of all of his direct reports, with all objectives equally weighted.

For Mr. Jacobs, the Compensation Committee considered efforts related to and responsibilities for business and strategic planning (7.5%); responsibilities as Chief of Staff (7.5%); maximization of profitability on the real estate portfolio (5%); pursuit of real estate value creation transactions (5%); execution of the capital expenditure program (5%); cost effectiveness for the real estate department (5%); and identification of corporate value enhancement initiatives (5%).

For Mr. Carter, the Compensation Committee considered efforts related to the Company's development approvals achieved (8%); hotel construction starts (4%); hotel openings (4%); alignment of development resources with corporate growth and his management of deal processes (4%); execution of Hilton Grand Vacations' and hotels' capital expenditure programs (5%); achievement of growth through property deliveries (5%); cost effectiveness for the development and architecture groups (5%); and identification of corporate

value enhancement initiatives (5%).

For Mr. Wang, the Compensation Committee considered efforts related to optimizing return on invested capital (5%); the increase in industry leading margins (5%); the maximization of synergy with Hilton Worldwide Holdings Inc. (4%); the improved timeshare synergy with the hotel portfolio (4%); the increased revenue, market share and EBITDA through sales (4%); the increased customer loyalty and focus on cost optimization through technology (4%); driving sales organizational alignment, integration and capabilities (4%); cost effectiveness for the sales and HGV groups (5%) and identification of corporate value enhancement initiatives (5%).

Table of Contents

For Ms. Campbell, the Compensation Committee considered efforts related to legal compliance oversight (10%); legal services support to businesses that minimize risk and negative legal exposure (7.5%); operating in a cost efficient manner without negative legal exposure (7.5%); resolution of certain matters (5%); cost effectiveness for the legal department (5%); and identification of corporate value enhancement initiatives (5%).

For Mr. Kennedy, the individual performance component of his total award opportunity was paid at the maximum level of achievement pursuant to the terms of Mr. Kennedy's separation agreement.

Following the completion of the year ended December 31, 2013, the Finance and Human Resources departments reviewed the achievement of financial and individual personal performance objectives (against the predetermined objectives) with the CEO. The CEO reviewed these results with the Compensation Committee, and presented recommended awards under the annual cash incentive plan for each of the NEOs, other than himself.

Actual annual cash incentive awards were calculated by multiplying each NEO's actual base salary by his or her target bonus potential, which was then adjusted by an achievement factor based on the combined achievement of the financial component and the individual performance objectives. Each of the NEOs earned annual cash incentive awards for the year ended December 31, 2013 as follows, which are included in the Non-Equity Incentive Plan column of the Summary Compensation Table:

Name	2013 Year-End Base Salary (\$)	Target Bonus as a Percentage of Base Salary		Target Bonus Potential (\$)	Combined Achievement Factor as a Percent of the Target Bonus	2013 Amount Earned under Annual Cash Incentive Program* (\$)
		Base Salary (%)	Target Bonus Potential (%)		Target Bonus (%)	
Christopher J. Nassetta	850,000	100%	850,000	850,000	151.8%	1,290,420
Kevin J. Jacobs ⁽¹⁾	500,000	50%	250,000	250,000	128.7%	321,688

* Amounts may not total due to rounding.

(1) In addition to his award under the Company's annual cash incentive program, the Compensation Committee determined it was appropriate to award Mr. Jacobs an additional bonus of \$278,312 in recognition of his increased duties and responsibilities as Chief Financial Officer, his oversight of the Company's real estate and information technology functions following his promotion on August 8, 2013 and his efforts on the Company's debt refinancing and IPO. This additional discretionary bonus awarded to Mr. Jacobs is reported in the Bonus column of the Summary Compensation Table.

(2)

In addition to his award under the Company's annual cash incentive program, the Compensation Committee determined that it was appropriate to award Mr. Wang an additional bonus of \$15,754 in recognition of his increased duties and responsibilities overseeing Global Sales. This additional discretionary bonus awarded to Mr. Wang is reported in the Bonus column of the Summary Compensation Table.

- (3) In addition to her award under the Company's annual cash incentive program, the Compensation Committee determined that it was appropriate to award Ms. Campbell an additional bonus of \$38,562 in recognition of her efforts on the Company's debt refinancing and IPO. This additional discretionary bonus awarded to Ms. Campbell is reported in the Bonus column of the Summary Compensation Table.
- (4) The portion of Mr. Kennedy's bonus award related to individual performance objectives was paid at the maximum level of performance pursuant to the terms of his separation agreement and is reported in the Bonus column of the Summary Compensation Table. The portion of Mr. Kennedy's bonus award related to Adjusted EBITDA was paid based on actual Company performance and is reported in the Non-Equity Incentive Plan column of the Summary Compensation Table.

Table of Contents*Long-Term Incentive Awards*

Like the annual cash incentive compensation described above, long-term incentive awards are a key component of our executive compensation program.

Each NEO has been granted long-term incentive awards that provide our executives an incentive to remain in the Company's service and align executives' interests with those of our stockholders. We believe this helps motivate performance and attracts and fosters the retention of senior executives.

Because we have been privately held, the long-term incentive compensation awarded to our NEOs primarily consisted of the opportunity to make investments in the capital interests (called A-2 Units) of BH Hotels Holdco LLC, or BH Hotels, as discussed below and the grant of awards under a Tier I long-term equity-based incentive program that generally provides for the payment of cash amounts to selected participants based on the value of BH Hotels equity over an extended period of time. In addition, our NEOs had the opportunity to receive Class B Units in BH Hotels, which we sometimes refer to as Tier II awards. The principal terms of each of these grants are summarized immediately below and in Narrative to Summary Compensation Table and 2013 Grants of Plan-Based Awards Equity Awards.

Tier I Awards. In December 2010, we offered certain members of our senior management team, including the NEOs employed at that time, the opportunity to participate in an equity-based incentive plan. These Tier I awards provided participants the opportunity to share in a portion of BH Hotels' equity value up to a specified amount based on the achievement of specified service and performance conditions. The maximum value available to be distributed in respect of all Tier I awards was approximately \$230 million or 2.75% of the equity value of the Company (capped at a total equity value of \$8.352 billion). The Tier I awards were generally payable in cash on the date that Blackstone ceased to own 50% or more of the Class A Units in BH Hotels (the Acceleration Date), so long as the participant was employed on that date. If, prior to the date on which a Tier I award became payable, a participant's employment was terminated without cause or by the participant for good reason or as a result of disability or death, a portion of the award vested based on length of service (20% per year, with the vesting of a portion of the Tier I award payable to Mr. Nassetta measured from the date on which he commenced employment with the Company). The entire Tier I award was payable on the Acceleration Date or, if the Acceleration Date did not occur by April 2013, the program was structured to pay installments of a maximum aggregate value of \$50 million per year (depending on the overall percentage of Tier I awards owned by participants) over three years, with the remaining value payable upon the Acceleration Date. Because none of our long-term incentive arrangements had resulted in any cash payments to our team between the end of 2007 and 2012, the Compensation Committee decided in the first quarter of 2012 to accelerate the installment payments. During the first quarter of 2012, the first installment payments for the Tier I awards were accelerated for our participating NEOs (other than Mr. Nassetta). In addition, during the fourth quarter of 2012, the second and third installment payments for the Tier I awards were accelerated and paid for our participating NEOs (other than Mr. Nassetta). With respect to Mr. Nassetta's Tier I award, during the fourth quarter of 2012, our Compensation Committee determined to accelerate the payment of his remaining installment payments and Mr. Nassetta also received payment of an additional portion of such award as contemplated by the terms and conditions thereof. In connection with the IPO, we accelerated the vesting of all Tier I awards that remained outstanding at the time of the pricing of the offering and paid the remaining value in respect of such awards in cash. The amounts paid to each of the NEOs for their Tier I awards are reflected in the 2013 Option Exercises and Stock Vested table below.

Tier II (Class B Units). The Tier II units (Class B Units) of BH Hotels were profits interests having economic characteristics similar to stock appreciation rights. Therefore, the Class B Units only had value to the extent there was an appreciation in the value of our business from and after the applicable date of grant. All of the Class B Units were

exit-vesting units and vested on the date when Blackstone ceased to beneficially own more than 50% of the Class A Units, subject to the NEO's continued employment with the Company on such date. In addition, if the executive's employment terminated without cause, as a result of a constructive termination or as a result of disability or death (each as defined in the management subscription agreement for

Table of Contents

the Class B Units), then 20% of the Class B Units were deemed to have vested ratably in equal, annual installments over five years, beginning on April 8, 2011 (or June 27, 2011 with respect to Ms. Campbell). For example, if the executive was terminated without cause on April 8, 2014, then 80% of the executive's Class B Units would have vested. If the NEO's employment was terminated voluntarily by the NEO, other than as a result of a constructive termination, no unvested Class B Units would have vested and, if the executive was terminated for cause, all Class B Units, whether vested or unvested, would have been forfeited.

In March 2013, in connection with his promotion to Executive Vice President and Chief of Staff in 2012, Mr. Jacobs was awarded an additional 6,902,440 Class B Units in recognition of his additional role and responsibilities.

Class A Units. In addition to the Tier I awards and the Class B Units described above, Messrs. Nassetta, Kennedy, Wang and Carter also purchased for cash at fair market value Class A-2 Units in BH Hotels, and Mr. Nassetta received a grant of 5,000,000 restricted equity units in BH Hotels in connection with the commencement of his employment. On December 31, 2012, the restricted equity units vested and were converted into Class A-2 Units. The Class A-2 Units were equity interests, had economic characteristics that are similar to those of shares of common stock in a corporation and had no vesting schedule. As described below, the Class A-2 Units were exchanged for vested shares of our common stock in connection with the IPO.

In connection with the IPO, our executive officers (including our NEOs) surrendered their (1) Class A-2 Units and vested Class B Units and received in exchange vested shares of our common stock and (2) unvested Class B Units and received in exchange unvested shares of our restricted stock. The number of vested shares of common stock and shares of restricted stock delivered to these equity holders was determined in a manner intended to replicate the respective economic value associated with the Class A-2 Units and the Class B Units, as applicable, based upon the valuation derived from the IPO price. The shares of our restricted stock granted as a result of the IPO are subject to the following vesting: (1) 40% vested as of the pricing date on December 11, 2013, (2) 40% will vest on December 11, 2014, contingent upon continued employment through that date, and (3) 20% will vest on the date that Blackstone ceases to own 50% or more of the shares of the Company, contingent upon continued employment through that date. In addition, if the executive's employment is terminated without cause, as a result of a constructive termination or as a result of disability or death, all remaining unvested shares of restricted stock will vest.

The following table sets forth the number of vested shares of our common stock and unvested shares of our restricted stock that each of our NEOs received in exchange for their Class A-2 Units, vested Class B Units and unvested Class B Units.

- (1) For estate planning purposes, 24,400,000 Class B Units (or 2,033,800 shares of common stock) were transferred to a limited liability company. A revocable living trust, of which Mr. Nassetta is the trustee and a beneficiary, serves as the managing member of such limited liability company. 99% of the economic interests in the limited liability company are held by a family trust for the benefit of Mr. Nassetta's children and the remaining 1% is held by the aforementioned living trust.
- (2) In connection with Mr. Kennedy's separation, we agreed to pay for the cancellation of his Class B Units and repurchased his equity investment in Class A Units as further described below under Potential Payments upon Termination or Change in Control Thomas C. Kennedy Separation Agreement.

Table of Contents*Perquisites and Other Benefits*

Our executives, including the NEOs, are eligible for specified benefits, such as group health, dental and disability insurance and basic life insurance premiums. These benefits are intended to provide competitive and adequate protection in case of sickness, disability or death, and the NEOs participate in these plans on the same basis as all other team members.

We provide specified perquisites to our NEOs when determined to be necessary and appropriate, particularly in connection with enabling the executives and their families to transition from previous positions, which may require relocation. In addition, we provide certain NEOs with the opportunity for an annual physical examination service and pay for personal hotel costs when they stay at Company-branded hotels. We also provide Mr. Nassetta with a life insurance benefit for his family and the associated taxes. Until December 2013, when we canceled Mr. Carter's Employment Agreement, we provided him with payment in lieu of pension, tuition reimbursement and tax preparation services. In addition, given our wide geographic footprint, Mr. Nassetta has use of the Company aircraft for both business and personal travel. The value of these perquisites and other personal benefits are reflected in the All Other Compensation column to the Summary Compensation Table and the accompanying footnote. We believe that these benefits are competitive in our industry and consistent with our overall compensation philosophy. The cost of these benefits is a small percentage of the overall compensation package, and the Compensation Committee believes that they allow the executives to work more efficiently.

Retirement Benefits

The Company maintains a tax-qualified 401(k) plan, under which the Company matches each team member's contributions up to 3% dollar-for-dollar and \$0.50 for every \$1 for the next 2% contributed. In addition to the 401(k) plan, the Company also offers the NEOs and other senior management the opportunity to supplement their retirement and other tax-deferred savings through Hilton Worldwide's Executive Deferred Compensation Plan, (EDCP). Those that are eligible to participate in the EDCP may elect to defer up to 100% of both their annual salary and bonus. The Company currently provides no contribution or match to the EDCP. Additional information about the EDCP is reflected in 2013 Non-Qualified Deferred Compensation below.

Pension Benefits

In addition to our 401(k) plan and EDCP, one of our NEOs, Mr. Carter, participated in two of our defined benefit pension plans, the Hilton U.K. Pension Plan (the U.K. Pension Plan) and the Hilton U.K. Hotels Employer-Finance Retirement Benefit Plan (the Supplemental U.K. Pension Plan) between 2005 and 2009. Mr. Carter's benefit under the U.K. Pension Plan was closed to further accrual in 2009, and the Supplemental U.K. Pension Plan was frozen to all participants in 2009. See the Pension Benefits table and accompanying narrative below for a description of these defined-benefit pension plans.

Severance Benefits

We studied the market and best practices, and the Compensation Committee believes that carefully structured severance benefits are necessary to attract and retain talent for long-term success. The Compensation Committee believes that our severance programs allow our executives to focus their attention and energy on making objective business decisions that are in the best interest of stockholders. In addition, the Compensation Committee believes that the interests of our stockholders are better protected and enhanced by providing greater certainty regarding executive pay obligations in the context of planning and negotiating any potential corporate transactions.

In December 2013, the Company approved the terms of a broad-based severance benefits plan (the Severance Plan), which replaced all senior executive severance arrangements.

Table of Contents

Under the terms of the Severance Plan, if an eligible team member's employment is terminated by us without cause, or if the eligible team member terminates his or her employment for good reason (each, a qualifying termination), then subject to the eligible team member's execution and non-revocation of a release of claims against us, and continued compliance with restrictive covenants related to post-employment non-solicitation and non-compete covenants for one year following termination, and indefinite covenants covering confidentiality and non-disparagement, he or she will be eligible to receive a severance payment amount determined based on the team member's position and then-current base salary and target bonus. Under the terms of the Severance Plan, our NEOs will be eligible to receive a severance payment amount equal to 2.99 times, in the case of Mr. Nassetta, and 2.0 times, in the case of our other NEOs, the sum of his or her annual base salary and annual target bonus at the time of termination, paid in a lump sum. In addition to cash severance payments, upon a qualifying termination, the NEO will also be entitled to continued medical, dental and, to the extent provided to the team member immediately prior to a qualifying termination, basic life insurance for up to one year following termination, and outplacement services, as needed, for one year following termination.

The NEOs will also be entitled to the same level of severance benefits upon a qualifying termination in connection with a change in control except that severance benefits may be reduced if doing so would result in the executive realizing a better after-tax result following the imposition of any applicable parachute-tax provisions in the Internal Revenue Code Section 4999.

In addition to the Severance Plan, any compensation and benefits to be made in connection with a separation are determined at the discretion of the Compensation Committee and may be based on the executive, his or her position, nature of the potential separation and such executive's compliance with specified post-termination restrictive covenants. In connection with his resignation, the Compensation Committee determined that, in consideration for entering into a general release of claims and his serving as a Special Advisor, it was appropriate to enter into a separation agreement with Mr. Kennedy, which agreement is described under Potential Payments upon Termination or Change in Control below.

Tax and Accounting Considerations

The Compensation Committee recognizes the tax and regulatory factors that can influence the structure of executive compensation programs. Section 162(m) of the Internal Revenue Code will limit the Company's federal income tax deduction for compensation in excess of \$1 million paid to NEOs except for the Chief Financial Officer. However, performance-based compensation can be excluded from the limitation as long as specified requirements are met.

We expect to be able to claim the benefit of a special exemption rule that applies to compensation paid (or compensation in respect of equity awards such as stock options or restricted stock granted) during a specified transition period following the IPO. This transition period may extend until the first annual stockholders meeting that occurs after the close of the third calendar year following the calendar year in which the IPO occurred, unless the transition period is terminated earlier under the Section 162(m) post-offering transition rules. At such time as we are subject to the deduction limitations of Section 162(m), we expect that the Compensation Committee will take the deductibility limitations of Section 162(m) into account in its compensation decisions; however, the Compensation Committee may, in its judgment, authorize compensation payments that are not exempt under Section 162(m) when it believes that such payments are appropriate to attract or retain talent.

The Compensation Committee intends to regularly consider the accounting implications of our future equity-based awards. The Compensation Committee is also cognizant of Section 409A of the Internal Revenue Code, the limitations of which in the case of the Company primarily relate to the deferral and payment of benefits under the Executive Deferred Compensation Plan. The Compensation Committee continues to consider the impact of the

changes to Section 409A and in general, the evolving tax and regulatory landscape in which its compensation decisions are made.

Table of Contents***Ownership Policy***

We have adopted an executive stock ownership policy for our NEOs. Each of our NEOs is expected to own shares of our common stock in the following amounts within five years from the later of February 19, 2014 and the date he or she first becomes subject to the stock ownership policy:

Chief Executive Officer	5 times base salary
All other executive officers	3 times base salary

Under this requirement, executives may not dispose of any shares of the Company they acquire, including, but not limited to, any shares of vested restricted stock, any shares underlying vested restricted stock units, net of taxes, or any shares acquired upon the exercise of any stock options, net of taxes and payment of any exercise price, in each case, received from grants made under the new Omnibus Incentive Plan until the ownership requirements are satisfied; provided, however, that this restriction does not apply to any shares of the Company received by executives in exchange for Class A or Class B Units in BH Hotels.

Clawback Policy

We have adopted a clawback policy for incentive compensation plans put into place following our IPO. Consistent with the Company's core values, the Compensation Committee determined that it may be appropriate to recover annual and/or long-term incentive compensation in specified situations. If the Compensation Committee determines that incentive compensation of its current and former officers subject to reporting under Section 16 of the Exchange Act or any other employee designated by the Compensation Committee, was overpaid, in whole or in part, as a result of a restatement of the reported financial results of the Company or any of its segments due to material non-compliance with financial reporting requirements (unless due to a change in accounting policy or applicable law) caused or contributed by such employee's fraud, willful misconduct or gross negligence, the Compensation Committee will review the incentive compensation paid, granted, vested or accrued based on the prior inaccurate results. If the Compensation Committee determines to seek recovery for the overpayment, the Company has the right to demand that the employee pay the Company for, or forfeit, any overpayment paid or awarded during the three-year period preceding the date on which the Company is required to prepare any restatement of its financial statements. To the extent the employee refuses to pay the overpayment, the Company has the right to sue for repayment and enforce the employee's obligation to make payment through the reduction or cancellation of outstanding and future incentive compensation.

2014 Compensation Decisions***NEO Compensation***

As part of the Company's annual compensation-setting process and in connection with the Company's recent transition from being privately held to publicly traded, at its regularly scheduled February 19, 2014 meeting, the Compensation Committee approved and authorized increases to the base salaries of the NEOs. In addition, the Company granted nonqualified stock options (options), time-vesting restricted stock units (RSUs) and performance-vesting restricted stock units (performance shares) to each of the NEOs. These actions are further described in our Current Report on Form 8-K, filed on February 24, 2014.

Stock Options

The options vest ratably over three years from the date of grant, subject to the executive's continued employment through the applicable vesting date and will terminate 10 years from the date of grant or earlier if the executive's service terminates. The options have an exercise price per share equal to the closing price of the Company's common stock as reported on the New York Stock Exchange on the date of grant. If the executive's employment terminates for any reason other than as described below, all unvested options will be forfeited. Upon (1) termination of an executive's employment without cause within 12 months following a change in control or

Table of Contents

termination due to the executive's death or disability, all unvested options will immediately vest and become exercisable; and (2) termination for cause, all vested and unvested options terminate. Upon termination due to death or disability, all vested options will remain exercisable for one year thereafter. Upon termination of employment for any other reason all vested options will remain exercisable for 90 days thereafter; provided that, in each case, the options expire upon a violation of specified restrictive covenants.

Restricted Stock Units

The RSUs vest ratably over two years from the date of grant, subject to the executive's continued employment through the applicable vesting date. If the executive's employment terminates for any reason other than as described below, all unvested RSUs will be forfeited. Upon termination of an executive's employment without cause within 12 months following a change in control, or termination due to the executive's death or disability, all unvested RSUs will immediately vest. Unvested RSUs entitle the holder to be credited with dividend equivalent payments either in cash or, at the sole discretion of the Committee, in shares of the Company's common stock having a fair market value equal to the amount of such dividends, with such dividend equivalents payable following vesting (or forfeited to the extent the underlying RSUs are forfeited).

Performance Shares

The amounts of performance shares that vest are based on a three-year performance period beginning on January 1, 2014 and ending on December 31, 2016. The performance shares are settled at the end of the performance period based on (1) the Company's total shareholder return relative to the total shareholder returns of members of a peer company group (relative shareholder return) and (2) the Company's EBITDA compound annual growth rate (EBITDA CAGR). The total number of performance shares that vest based on each performance measure (relative shareholder return and EBITDA CAGR) are based on an achievement factor which, in each case, ranges from a 0% payout for below threshold performance, to 50% for threshold performance, to 100% for target performance, and up to 200% for maximum performance (and, with respect to the relative shareholder return, an above target performance level with 150% payout). For actual performance between the specified threshold, target, above target and maximum levels, the resulting payout percentage will be adjusted on a linear basis. Of the total number of performance shares awarded, one half will vest subject to achievement under the relative shareholder return measure, and one half will vest subject to achievement under the EBITDA CAGR measure. In addition, if the Company's total shareholder return is negative over the performance period, the achievement percentage under the relative shareholder return measure cannot exceed 100%. If the executive's employment terminates for any reason other than as described below, all unvested performance shares will be forfeited. Upon death or disability during the performance period, a portion of the performance shares will immediately vest at pro-rated target levels, with such pro-ration based on the number of days in the performance period that have elapsed. Upon a change in control during the performance period, the performance shares vest based on actual performance through that date, or, if performance is unable to be calculated, at target.

Covenants and Clawback

Each of the foregoing executive grants of an option, an RSU or a performance share is subject to restrictive covenants related to post-employment non-solicitation and non-competition covenants for 12 months following any termination of employment, and indefinite covenants covering trade secrets, confidentiality and non-disparagement. Under the award agreements, if there is a restrictive covenant violation or the Company determines after termination that grounds for a termination for cause existed, the executive will be required to pay the Company an amount equal to the after-tax proceeds received upon the sale or disposition of the equity award and any shares issued in respect thereof. In addition, each of these executives' equity-based awards is subject to the Company's Clawback Policy.

Stock Award Granting Policy

The annual grant of stock-based awards is made under usual circumstances on the date of the first regularly scheduled Board meeting of the calendar year (typically held in February or March). In addition to annual

Table of Contents

awards, other grants may be awarded at other times (1) to attract new hires, to recognize employees for special achievements or for retention purposes; (2) to new employees as a result of the acquisition of another company; or (3) as may be desirable and prudent in other special circumstances. The exercise price of option grants and the fair market value of other equity-based awards is the closing market price of our common stock on the date of grant. We monitor and periodically review our equity grant policies to ensure compliance with plan rules and applicable law. We do not have a program, plan or practice to time our equity grants in coordination with the release of material, non-public information.

Officer)

- (1) Amounts in this column reflect the salary earned during the fiscal year, whether paid or deferred under the Company's employee benefit plans.
- (2) As described in Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards above, in connection with the IPO, among other things, the Company accelerated the vesting of the outstanding Tier I awards and modified the terms of the outstanding Class B Units so that 40% vested on December 11, 2013, 40% will vest on December 11, 2014, contingent upon continued employment through that date, and 20% will vest on the date when Blackstone ceases to own 50% or more of the shares of the Company, contingent upon continued employment through that date. The terms of these awards are summarized under Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards above and under Narrative Disclosure to Summary Compensation Table and 2013 Grants of Plan-Based Awards Table Equity Awards below. The NEOs surrendered their vested Class B Units in exchange for shares of our common stock. There was no incremental fair value with respect to the awards modified in connection with the IPO. In March 2013, in connection with his promotion to Executive Vice President and Chief of Staff in 2012, Mr. Jacobs was awarded an additional 6,902,440 Class B Units in recognition of his additional role and responsibilities. Similar to the Class B Units granted prior to 2013, achievement of the performance condition was not deemed probable on the date the Class B Units were granted to Mr. Jacobs, and accordingly, no value is included in the table for this award. The grant date fair value of the Class B Units granted to Mr. Jacobs was \$9,180,245, assuming achievement of the performance condition.

Table of Contents

- (3) Amounts reported represent the aggregate increase in the actuarial present value of Mr. Carter's accumulated benefit under the defined-present value of the retirement pension due based on assumptions described below. This value is the sum that would be payable should Mr. Carter choose to transfer his benefits from the U.K. Pension Plan in full as of December 31, 2013 and 2012. The key financial assumptions used in the calculation of the present value included discount rates of 5.4% and 4.5% for 2013 and 2012, respectively, CPI inflation of 2.20% and 1.15% for 2013 and 2012, respectively, and pension inflation of 1.6% and 1.2% for 2013 and 2012, respectively. The Company does not provide any of its executives with any above-market or preferential earnings on non-qualified deferred compensation.
- (4) All other compensation for 2013 includes:

- (a) Amounts reported reflect the incremental costs associated with guests accompanying Mr. Nassetta on the Company aircraft during the year ended December 31, 2013. For purposes of the Summary Compensation Table, we value the incremental cost associated with these accompanying guests by using a method that takes into account the variable costs. Since the aircraft is used primarily for business travel, the calculation does not include the fixed costs that do not change based on usage, such as crew salaries, hangar storage costs and cost of maintenance not related to trips.
- (b) Reflects for Mr. Nassetta, \$6,755 of employer-paid taxes owed with respect to personal use of the Company aircraft, \$37,247 of employer-paid taxes owed with respect to Mr. Nassetta's personal use of Company-branded hotels and \$6,436 of employer-paid taxes owed in connection with his employer-paid executive life insurance policy.
Reflects for Mr. Carter, \$22,885 of employer-paid taxes with respect to Mr. Carter's education expenses.
- (c) Reflects amounts paid or accrued during the year ended December 31, 2013 pursuant to the terms of Mr. Kennedy's separation agreement as follows: \$87,500 for all accrued but unused vacation time through the Separation Date, \$74,550 paid for reimbursement of legal fees incurred in connection with his separation agreement. In addition, in January 2014, pursuant to the terms of his separation agreement, Mr. Kennedy received a cash payment of \$3,187,363 representing his Tier I award, a cash payment of \$6,699,938 for the cancellation of his Class B Units and \$664,668 that represents the gain on his Class A Units repurchased by the Company in 2013. Additional amounts and benefits to which Mr. Kennedy is entitled under his separation agreement, subject to his compliance with specified covenants, are described under Potential Payments upon Termination or Change in Control Thomas C. Kennedy Separation Agreement.

- (d) For Mr. Nassetta, this amount includes \$43,550 employer-paid expenses incurred at Company-branded hotels while on personal travel and premiums for life insurance policies.

For Messrs. Jacobs, Wang and Kennedy and Ms. Campbell, this amount represents life insurance premiums paid by the Company.

For Mr. Carter, this amount includes a \$207,000 payment for a retirement benefit pursuant to the terms of his employment agreement, \$30,000 for tuition reimbursement pursuant to the terms of his employment agreement, tax preparation services, reimbursement for the cost of his executive physical and premiums for a life insurance policy. Mr. Carter no longer receives these benefits as a result of the cancellation of his employment agreement in December 2013.

- (5) Mr. Kennedy served as our Executive Vice President and Chief Financial Officer from September 2008 until his resignation effective August 8, 2013. Mr. Kennedy agreed to provide services to the Company following his resignation at his current base salary until the earlier of December 31, 2013 or the date he commenced employment with a new employer. In connection with his resignation, Mr. Kennedy forfeited all of his remaining Tier I award and all of his Class B Units. On August 8, 2013, Kevin J. Jacobs became our Executive Vice President and Chief Financial Officer.
- (6) Amount represents the individual performance component of Mr. Kennedy's annual cash incentive award, which was paid at the maximum level of achievement pursuant to the terms of his separation agreement.

Table of Contents**2013 Grants of Plan-Based Awards**

The following table sets forth information concerning grants of plan-based awards to the NEOs during the fiscal year ended December 31, 2013.

- (1) Reflects the possible payouts of cash incentive compensation under the 2013 Annual Incentive Program. Amounts reported in the Threshold column assumes that there is no payout under the financial component of the annual cash incentive program and that the NEO only earns the minimum payout for the one individual performance objective that has been assigned the lowest weighting. The actual amounts paid are described in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.
- (2) Reflects the Class B Units granted during 2013 all of which were granted subject to vesting upon Blackstone owning less than 50% of the Company. In connection with the IPO, the terms of the Class B Units were modified and exchanged for vested shares of our common stock and unvested shares of our restricted stock. See Compensation Components Long-Term Incentive Awards and Narrative Disclosure to Summary Compensation Table and 2013 Grants of Plan-Based Awards Equity Awards.
- (3) Represents the value of the Class B Units based upon the probable outcome of the performance conditions. See footnote (2) to the Summary Compensation Table above.
- (4) The portion of Mr. Kennedy's bonus award related to individual performance objectives was paid at the maximum level of performance pursuant to the terms of his separation agreement and is reported in the Bonus column of the Summary Compensation Table. The portion of Mr. Kennedy's bonus related to Adjusted EBITDA was paid based on actual Company performance and is reported in the Non-Equity Incentive Plan column of the Summary Compensation Table.

Narrative to Summary Compensation Table and 2013 Grants of Plan-Based Awards**Employment Agreements**

Upon their commencement of employment, some of our NEOs entered into employment agreements, each of which contained substantially similar terms. Each of the employment agreements provided for a five-year initial employment

term that extended automatically for additional one-year periods unless either we or the executive elected not to extend the term. Under the employment agreements, each executive was eligible to receive a minimum base salary, as set forth in the applicable agreement, and annual cash incentive compensation based on the achievement of specified financial and individual goals as defined by the Compensation Committee each year. If these goals were achieved, each executive could have received a cash bonus based on a target percentage of his or her base salary as described below. Each NEO was also entitled to participate in all employee benefit plans, programs and arrangements made available to other executive officers generally.

Following are the material individual provisions of the NEOs' employment agreements.

Mr. Nassetta's Employment Agreement. Mr. Nassetta's employment agreement dated as of January 4, 2011 provided that he was to serve as Hilton Worldwide's President and Chief Executive Officer, and was eligible to

Table of Contents

receive a base salary of \$850,000, subject to periodic adjustments as may be approved by the Board. Mr. Nassetta was also eligible to receive a target bonus of 100% of his annual base salary at the end of the fiscal year if targets established by the Board are achieved, 50% of his base salary if minimum performance objectives were achieved and 200% of his base salary if high performance objectives were achieved. Mr. Nassetta's agreement also provided for the reasonable payment of premiums for his existing life insurance policy and provided that Mr. Nassetta could use the Company airplane for business and personal travel. In connection with the IPO, Mr. Nassetta agreed to terminate his employment agreement.

Mr. Carter's Employment Agreement. Mr. Carter's employment agreement dated as of January 1, 2010, provided that he was to serve as Hilton Worldwide's President, Global Operations, or a commensurate role, and was eligible to receive a base salary of \$690,000, subject to periodic adjustments as may be approved by our Board. Mr. Carter was also eligible to receive a target bonus of 60% of his base salary if targets established by the Board are achieved and 90% of his base salary if high performance objectives are achieved. Mr. Carter's agreement did not provide a threshold award percentage if minimum performance objectives were achieved. In connection with the IPO, Mr. Carter agreed to terminate his employment agreement.

Mr. Kennedy's Employment Agreement. Mr. Kennedy's employment agreement dated as of September 15, 2008 provided that he was to serve as Hilton Worldwide's Executive Vice President and Chief Financial Officer and was eligible to receive a base salary of \$650,000, subject to periodic adjustments as approved by our Board. Mr. Kennedy was also eligible to receive a target bonus of 75% of his annual base salary at the end of the fiscal year if performance objectives and targets established by the Board were achieved. Mr. Kennedy resigned as Executive Vice President and Chief Financial Officer as of August 8, 2013 and continued his employment as a Special Advisor to the CEO through December 31, 2013. On September 24, 2013, we entered into a separation agreement with Mr. Kennedy. The material terms of the separation agreement are summarized below under Potential Payments upon Termination or Change in Control.

Equity Awards

As a condition to receiving the Class B Units, each NEO was required to enter into a subscription agreement with BH Hotels to become a party to BH Hotels' limited liability company agreement as well as an equity holders agreement. These agreements generally governed the NEOs' rights with respect to their Class B Units.

The Class B Units were profits interests having economic characteristics similar to stock appreciation rights and represent the right to share in any increase in the equity value of BH Hotels. Therefore, the Class B Units only had value to the extent there was an appreciation in the value of our business from and after the applicable date of grant. All of the Class B Units were exit-vesting units and had the vesting terms described in Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards above and in Potential Payments upon Termination or Change in Control below.

The subscription agreements also contained restrictive covenants that are substantially similar to the restrictive covenants contained in the employment agreements with the NEOs, including an indefinite covenant on confidentiality of information and covenants related to non-competition and non-solicitation of employees and customers of the Company and its affiliates at all times during the executive's employment, and for one year after any termination of his or her employment. If a termination occurred after Blackstone ceased to beneficially own 25% of the voting power of the Company, however, the non-competition lapsed.

As described above, in connection with the IPO:

we accelerated the vesting of all Tier I awards which remained outstanding at the time of the pricing of the offering and paid the remaining value in respect of such awards in cash;

we modified the vesting of Class B Units held by all Class B Unit holders, including our NEOs, such that (1) 40% vested as of December 11, 2013, (2) 40% will vest on December 11, 2014, contingent

upon continued employment through that date, and (3) 20% will vest on the date that Blackstone ceases to own 50% or more of the shares of the Company, contingent upon continued employment through that date; and

our executive officers (including our NEOs) surrendered their Class A-2 Units and Class B Units and received in exchange a combination of vested shares of common stock and unvested shares of restricted common stock.

Holders of unvested shares of our restricted stock following the conversion are subject to an indefinite covenant on confidentiality of information and covenants related to non-competition and non-solicitation of employees and customers of the Company and its affiliates at all times during the executive's employment, and, where the executive is entitled to receive severance upon termination, for one year after a termination of his or her employment. If a termination occurs after Blackstone ceased to beneficially own 25% of the voting power of the Company, however, the non-competition covenant lapses.

(2) Amounts reported are based on the closing market price of our common stock as of December 31, 2013.

- (3) Reflects the number of time-vesting shares of our restricted stock received in exchange for the Class B Units and which are scheduled to vest on December 11, 2014, contingent upon continued employment through that date. In addition, if the executive's employment is terminated without cause, as a result of a constructive termination or due to disability or death, all unvested shares of restricted stock will vest. See Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards, Narrative Disclosure to Summary Compensation Table and 2013 Grants of Plan-Based Awards Equity Awards and Potential Payments upon Termination or Change in Control.
- (4) For estate planning purposes, 24,400,000 Class B Units (or 2,033,800 shares of common stock) were transferred to a limited liability company. A revocable living trust, of which Mr. Nassetta is the trustee and a beneficiary, serves as the managing member of such limited liability company. 99% of the economic interests in the limited liability company are held by a family trust for the benefit of Mr. Nassetta's children and the remaining 1% is held by the aforementioned living trust.

- (5) Reflects the number of exit-vesting shares of our restricted stock received in exchange for the Class B Units and which are scheduled to vest on the date when Blackstone and its affiliates cease to own 50% or more of the shares of the Company, contingent upon continued employment through that date. In addition, if the executive's employment is terminated without cause, as a result of a constructive termination or due to disability or death, all unvested shares of restricted stock will vest. See Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards, Narrative Disclosure to Summary Compensation Table and 2013 Grants of Plan-Based Awards Equity Awards and Potential Payments upon Termination or Change in Control.
- (6) In March 2013, in connection with his promotion to Executive Vice President and Chief of Staff in 2012, Mr. Jacobs was awarded an additional 6,902,440 Class B Units in recognition of his additional role and responsibilities.
- (7) In connection with his resignation, Mr. Kennedy forfeited all of his Class B Units and his outstanding Tier I awards, and therefore, received no shares or restricted stock in connection with the IPO.

- (1) As described in Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards above, in connection with the IPO, among other things, the Company accelerated the vesting of the outstanding Tier I awards and modified the vesting terms of the Class B Units. The terms of these awards are summarized under Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards and Narrative Disclosure to Summary Compensation Table and 2013 Grants of Plan-Based Awards Table Equity Awards above. In addition, as described in Compensation Discussion and Analysis Compensation Components Long-Term Incentive Awards, in connection with the IPO, the NEOs surrendered their Class B Units that vested on December 11, 2013 in exchange for shares of our common stock. The number of shares of our common stock and the value each NEO received on vesting with respect to each of the awards modified in connection with the IPO is, therefore, as follows:

- (1) The present value is calculated by the Trustee of the U.K. Pension Plan and represents the present value of the retirement pension due based on assumptions described below. This value is the sum that would be payable should Mr. Carter choose to transfer his benefits from the U.K. Pension Plan in full as of December 31, 2013. The key financial assumptions used in the calculation of the present value included discount rates of 5.4% and 4.5% for 2013 and 2012, respectively, CPI inflation of 2.20% and 1.15% for 2013 and 2012, respectively, and pension inflation of 1.6% and 1.2% for 2013 and 2012, respectively.
- (2) The U.K. Pension Plan is a defined benefit pension plan in the U.K., for which benefit payments are payable monthly from retirement age (age 60 in accordance with the terms of the plan). The pension value is determined based on years of service, final salary of active membership (final salary in the final year of the membership in the plan minus applicable restrictions of earning offsets) in the plan and an accrual ratio. The funds are invested through a trustee, who has full investment discretion. For Mr. Carter, the U.K. Pension Plan has been frozen since 2009, and neither the Company nor Mr. Carter has contributed to the plan since that time. The purpose of the U.K. Pension Plan is to provide a retirement benefit based on U.K. market practice. The U.K. Pension Plan does not provide special policies such as granting extra years of credited service, however, it provides tax advantages such as tax relief on employee contributions and a tax-free cash payment at retirement.
- (3) The Supplemental U.K. Pension Plan is a supplement to the U.K. Pension Plan and provides an additional retirement benefit to top management of the Company in the U.K. Mr. Carter participated in the Supplemental U.K. Pension Plan from 2006 to 2009, after which the Company ceased contributing to the plan and the plan was frozen. The funds in the Supplemental U.K. Pension Plan have been invested based on Mr. Carter's elected investment portfolio. The terms of the U.K. Pension Plan provide that the funds be paid in lump sum upon retirement, or age 60 in accordance with the terms of the plan. The annual amount the Company contributed was calculated based on a percentage of Mr. Carter's base salary above the annual earnings cap under the U.K. Pension Plan. The Supplemental U.K. Pension Plan does not provide any special tax treatment, and payment under this plan is triggered upon Mr. Carter's retirement.

Table of Contents**2013 Non-Qualified Deferred Compensation**

The Company offers to its executives, including all of the NEOs, the opportunity to participate in the EDCP. The table below provides information as of December 31, 2013, for those NEOs who chose to participate in the plan.

- (1) The amount in this column is included in the Salary column for 2013 in the Summary Compensation Table above.
- (2) Amounts in this column are not reported as compensation for fiscal year 2013 in the Summary Compensation Table since they do not reflect above-market or preferential earnings.
- (3) Mr. Nassetta made no contributions during fiscal 2012 or fiscal 2013 and, therefore, no amounts in this column have previously been reported in the Summary Compensation Table. Of the total in this column listed for Mr. Wang, \$93,308 was previously reported in the Summary Compensation Table.

Narrative to Non-Qualified Deferred Compensation Table

Pursuant to our EDCP, specified eligible employees, including our NEOs, may defer up to 100% of either or both their annual salary and bonus. Deferral elections are made by eligible employees in the calendar year preceding the year compensation is otherwise payable. Contributions to the EDCP consist solely of participants' elective deferral contributions with no matching or other employer contributions. Eligible employees are permitted to make individual investment elections that will determine the rate of return on their deferral amounts under the elective nonqualified deferred compensation plan. Participants may change their investment elections at any time. Deferrals are only deemed to be invested in the investment options selected. Participants have no ownership interest in any of the funds as investment elections are used only as an index for crediting gains or losses to participants' accounts. The investment options consist of a variety of well-known mutual funds including certain non-publicly traded mutual funds available through variable insurance products. Investment gains or losses in the funds are credited to the participants' accounts daily, net of investment option related expenses. The EDCP does not provide any above-market returns or preferential earnings to participants, and the deferrals and their earnings are always 100% vested.

NEOs may elect to receive in-service distributions of such amounts at the time they make their deferral elections. In addition, upon a showing of financial hardship due to death, illness, accident or similar extraordinary or unforeseeable circumstances, an executive may be allowed to access funds in his or her deferred compensation account before he otherwise would have been eligible. The participant must make two payout elections, one in the case of termination and one in the case of retirement. Benefits can generally be received either as a lump sum payment or in installments over a period not to exceed 20 years in the case of retirement, 5 years in the case of termination and 5 years for in-service distributions. In the event of a change in control, 100% of the value of the eligible employee's deferred compensation account will be distributed.

Potential Payments upon Termination or Change in Control

The following table describes the potential payments and benefits that would have been payable to our NEOs under existing plans assuming (1) a termination of employment and/or (2) a change in control (CIC) occurred, in each case, on December 31, 2013. The amounts shown in the table do not include payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms or operation in favor of the NEOs. These include certain accrued rights (such as earned but unpaid salary or bonus), distributions of plan balances under our 401(k) savings plan and distributions of plan balances under the pension plans

and the non-qualified deferred compensation plan.

For purposes of the table below, a **qualifying termination** means a termination of employment with the Company either by the Company without **cause** or by the executive for **good reason**, each as defined in the Severance Plan. An executive is not deemed to have experienced a qualifying termination as a result of (a) his or her death or disability, or (b) solely as a result of a change in control.

Table of Contents

Because the disclosures in the table assume the occurrence of a termination or CIC as of a particular date and under a particular set of circumstances and therefore make a number of important assumptions, the actual amounts to be paid to each of our NEOs upon a termination or CIC may vary significantly from the amounts included herein. Factors that could affect these amounts include the timing during the year of any such event, the continued availability of benefit policies at similar prices and the type of termination event that occurs (as set forth in the first column in the table below).

- (1) Under the Severance Plan, whether or not in connection with a change in control, each NEO would have been entitled to receive a cash severance amount consisting of an amount equal to two times (2.99 in the case of Mr. Nassetta) the sum of the executive's (x) base salary and (y) target bonus, each as in effect at date of termination.

If the employment of the NEO was terminated for death or disability, such executive would have been entitled to receive a prorated bonus. Amounts reported under Death or Disability for each NEO reflect each NEO's target annual bonus for the year ended December 31, 2013.

- (2) Under the Severance Plan, upon a qualifying termination, each NEO is entitled to continued healthcare coverage in an amount equal to the excess of the cost of the coverage over the amount that executive would have had to pay if the executive remained employed for 12 months following the date of termination. In addition, upon a qualifying termination, an NEO who received life insurance coverage prior to the qualifying termination is entitled to receive life insurance coverage for a period of 12 months following the termination, payable in a lump sum. Amounts reported assume 2014 rates.
- (3) If the NEO's employment with the Company is terminated (x) by the Company without cause, (y) by the executive as a result of a constructive termination or (z) by the Company as a result of disability or death, then all unvested shares shall vest. If the NEO's employment with the Company is terminated voluntarily by the executive (other than as a result of constructive termination), no unvested shares shall vest. In addition, upon a change in control in which Blackstone ceases to beneficially own more than 50% of our common stock, the executive's shares of restricted stock subject to exit-vesting will vest.

Table of Contents

- (4) Under the Severance Plan, upon a qualifying termination, each NEO is entitled to outplacement services for a period of twelve months following the date of termination. Amounts in the table above assume that the cost to the Company for these outplacement services would be \$50,000 for each NEO.
- (5) Amounts shown represent the following number of accrued but unused vacation days: Mr. Nassetta, 40 days; Mr. Jacobs, 28 days; Mr. Carter, 25 days; Mr. Wang, 54 days; and Ms. Campbell, 31 days.
- (6) In the event of death of an NEO, in addition to amounts reported in the table above, each NEO will receive benefits from third-party payors under our employer-paid premium life insurance plans. All of our executives are eligible for one times their regular annual eligible wages at death. In addition, the Company has provided Mr. Nassetta with additional executive life insurance with a \$10,500,000 death benefit. Therefore, if such benefits were triggered for the NEOs on December 31, 2013 under our life insurance plans the legally designated beneficiary(ies) of each NEO would have received the following amounts: Mr. Nassetta (\$12,795,000); Mr. Jacobs (\$626,000); Mr. Carter (\$1,514,000); Mr. Wang (\$1,008,000); and Ms. Campbell (\$900,000).

Thomas C. Kennedy Separation Agreement

On September 24, 2013, we entered into a separation agreement with Mr. Kennedy, our former Executive Vice President and Chief Financial Officer, with respect to Mr. Kennedy's termination of employment with the Company. Pursuant to the separation agreement, beginning August 8, 2013, Mr. Kennedy agreed to continue his employment with the Company as a Special Advisor to the CEO until December 31, 2013 or until he commenced employment with a new employer, such date referred to as the Kennedy Separation Date. In consideration for Mr. Kennedy providing a general release of claims against the Company, we agreed to provide Mr. Kennedy with the following payments and benefits:

his current base salary and continuation of his current benefits through the Kennedy Separation Date;

his annual bonus in respect of the year ended December 31, 2013, assuming he remained employed with Hilton Worldwide through the applicable payment date and with any discretionary targets established for Mr. Kennedy fixed at the maximum payout value of \$666,900;

\$1,058,500 annually (representing approximately his current base salary and target annual incentive compensation) for a period of three years as soon as practicable following each of the first, second and third anniversaries of the Kennedy Separation Date;

a \$2,275,000 lump-sum cash severance payment (representing approximately two times his current base salary and target annual incentive compensation) payable as soon as practicable following December 31, 2014;

\$87,500 for all accrued but unused vacation through the Kennedy Separation Date;

up to \$75,000 for the cost of reasonable legal fees incurred in connection with the separation agreement; and

a lump sum payment of \$50,000 to be paid as soon as practicable following the Kennedy Separation Date representing twenty-four months of estimated before tax health care insurance premiums that Mr. Kennedy would incur for group health coverage for him and his family.

In addition, in connection with his separation, the Company agreed to pay Mr. Kennedy a cash payment of \$3,187,363 representing his Tier I award and a cash payment of \$6,699,938 for the cancellation of his Class B Units. The Company also agreed to repurchase Mr. Kennedy's equity investment in Class A Units of \$1,107,780 for an amount equal to \$1,772,448.

The foregoing payments and benefits are contingent on Mr. Kennedy's continued compliance with certain restrictive covenants, including an indefinite confidentiality of information covenant, a covenant related to non-competition for three years after the Kennedy Separation Date and a covenant related to non-solicitation of employees and customers of the Company and its affiliates for one year after the Kennedy Separation Date.

Compensation of Directors

Our employee Directors and Directors affiliated with Blackstone receive no additional compensation for serving on the Board of Directors or Committees thereof. Prior to the IPO, outside Directors (other than the Directors employed by Blackstone) received a quarterly cash retainer of \$31,250 through August 31, 2013. From September 1, 2013 through our IPO date, such outside Directors received a pro-rated cash retainer of \$250,000. In connection with the IPO, effective December 11, 2013 each outside Director (other than the Directors employed by Blackstone) is entitled to annual compensation as follows:

Cash retainer of \$80,000, payable quarterly;

Additional cash retainer payable quarterly for serving on Committees or as the chairperson of a Committee as follows:

Each member (other than the chairperson) of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee receives \$7,500 annually for each Committee on which he or she serves; and

The chairperson of the Audit Committee receives an additional \$25,000 annually and the chairperson of each of the Compensation Committee and the Nominating and Corporate Governance Committee receives an additional \$20,000 annually; and

Equity award of \$130,000 payable annually in restricted stock units, which vest over three years in equal annual installments from the date of grant.

Our Directors are not paid any fees for attending meetings, however, our Directors are reimbursed for reasonable travel and related expenses associated with attendance at Board or Committee meetings. In addition, our independent Directors are reimbursed for reasonable personal hotel costs when they stay at Company-branded hotels.

We also have adopted a stock ownership policy for our non-employee Directors. Each of our non-employee Directors is required to own stock in an amount equal to five times his or her annual cash retainer, provided that a non-employee Director who is employed by a stockholder of the Company that meets the ownership requirements for a non-employee Director shall be exempt from such requirement. For purposes of this requirement, a Director's holdings include shares held directly or indirectly, individually or jointly, shares underlying vested options and shares held under a deferral or similar plan. Non-employee Directors are expected to meet this ownership requirement within five years from the later of (x) the date on which we make our first broad-based equity incentive grants following the IPO and (y) the date he or she first becomes subject to the stock ownership policy.

Compensation Committee Interlocks and Insider Participation

During the 2013 fiscal year, the members of the Compensation Committee were Messrs. Schreiber and Stein and Ms. McHale, none of whom was, during the fiscal year, an officer or employee of the Company and none of whom was formerly an officer of the Company. Messrs. Schreiber and Stein are affiliates of Blackstone. During 2013, none of our executive officers served as a director or member of the compensation committee (or other committee serving an equivalent function) of any other entity whose executive officers served on our Compensation Committee or our Board. We are parties to certain transactions with Blackstone described in the Transactions with Related Persons section of this proxy statement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires executive officers and directors, a company's chief accounting officer and persons who beneficially own more than 10% of a company's common stock, to file initial reports of ownership and reports of changes in ownership with the SEC and the NYSE. Executive officers, directors, the chief accounting officer and beneficial owners with more than 10% of our common stock are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such reports and written representations from our executive officers, directors and Blackstone, we believe that our executive officers, directors and Blackstone complied with all Section 16(a) filing requirements during 2013.

TRANSACTIONS WITH RELATED PERSONS

Our Board of Directors recognizes the fact that transactions with related persons present a heightened risk of conflicts of interests and/or improper valuation (or the perception thereof). Our Board of Directors has adopted a written policy on transactions with related persons that is in conformity with the requirements for issuers having publicly-held common stock that is listed on the NYSE. Our related person policy requires that a related person (as defined as in Item 404(a) of Regulation S-K, which includes security holders who beneficially own more than 5% of our common stock, including our Sponsor) must promptly disclose to our General Counsel any related person transaction (defined as any transaction that is anticipated would be reportable by us under Item 404(a) of Regulation S-K in which we were or are to be a participant and the amount involved exceeds \$120,000 and in which any related person had or will have a direct or indirect material interest) and all material facts with respect thereto. The General Counsel will then promptly communicate that information to our Board. No related person transaction will be executed without the approval or ratification of our Board or a duly authorized committee of the Board. It is our policy that directors interested in a related person transaction will recuse themselves from any vote on a related person transaction in which they have an interest.

Stockholders Agreement

In connection with the IPO, we entered into a stockholders' agreement with Blackstone. This agreement requires us to nominate a number of individuals designated by Blackstone for election as our directors at any meeting of our stockholders, each a Sponsor Director, such that, upon the election of each such individual and each other individual nominated by or at the direction of our Board or a duly-authorized committee of the Board, as a director of our company, the number of Sponsor Directors serving as directors of our company will be equal to: (1) if our pre-IPO owners and their affiliates together continue to beneficially own at least 50% of the shares of our common stock entitled to vote generally in the election of our directors as of the record date for such meeting, the lowest whole number that is greater than 50% of the total number of directors comprising our Board of Directors; (2) if our pre-IPO owners and their affiliates together continue to beneficially own at least 40% (but less than 50%) of the shares of our common stock entitled to vote generally in the election of our directors as of the record date for such meeting, the lowest whole number that is at least 40% of the total number of directors comprising our Board of Directors; (3) if our pre-IPO owners and their affiliates together continue to beneficially own at least 30% (but less than 40%) of the total shares of our common stock entitled to vote generally in the election of our directors as of the record date for such

meeting, the lowest whole number that is at least 30% of

the total number of directors comprising our Board of Directors; (4) if our pre-IPO owners and their affiliates together continue to beneficially own at least 20% (but less than 30%) of the total shares of our common stock entitled to vote generally in the election of our directors as of the record date for such meeting, the lowest whole number that is at least 20% of the total number of directors comprising our Board of Directors; and (5) if our pre-IPO owners and their affiliates together continue to beneficially own at least 5% (but less than 20%) of the total shares of our common stock entitled to vote generally in the election of our directors as of the record date for such meeting, the lowest whole number that is at least 10% of the total number of directors comprising our Board of Directors. For so long as the stockholders' agreement remains in effect, Sponsor Directors may be removed only with the consent of Blackstone. In the case of a vacancy on our Board created by the removal or resignation of a Sponsor Director, the stockholders' agreement will require us to nominate an individual designated by our Sponsor for election to fill the vacancy.

The above-described provisions of the stockholders' agreement will remain in effect until our Sponsor is no longer entitled to nominate a Sponsor Director pursuant to the stockholders' agreement, unless our Sponsor requests that they terminate at an earlier date.

Registration Rights Agreement

In connection with the IPO, we entered into a registration rights agreement that provides Blackstone an unlimited number of demand registrations and customary piggyback registration rights. The registration rights agreement also provides that we will pay certain expenses relating to such registrations and indemnify the registration rights holders against certain liabilities which may arise under the Securities Act.

Indemnification Agreements

During 2013, we entered into indemnification agreements with our directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted by Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors or executive officers, we have been informed that in the opinion of the SEC such indemnification is against public policy and is therefore unenforceable.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Management, Franchise and Timeshare Products and Services

Affiliates of Blackstone directly and indirectly own hotels that we currently manage or franchise, or that we may manage or franchise in the future, and receive fees in connection with those management and franchise agreements. We recognized management and franchise fee revenue of \$42 million for the year ended December 31, 2013 related to these hotels. We recognized reimbursements and reimbursable costs for these hotels, primarily related to payroll and marketing expenses, of \$174 million for the year ended December 31, 2013. As of December 31, 2013, we had accounts receivable due from these hotels related to these management and franchise fees and reimbursements of \$26 million. In addition, in certain cases, we incur costs to acquire management and franchise contracts with hotels owned by affiliates of Blackstone. We incurred acquisition costs of \$15 million for the year ended December 31, 2013. As of December 31, 2013, we had unamortized acquisition costs of \$20 million recorded in management and franchise contracts, net in our consolidated balance sheets, and \$14 million accrued in accounts payable, accrued expenses and other in our consolidated balance sheets related to contract acquisition costs for these hotels.

We also may enter into arrangements with affiliates of Blackstone which may involve, among other things, our sale of certain owned properties to affiliates of Blackstone for their development into timeshare properties

and our selling and marketing related timeshare intervals and providing management and other services to operate the homeowners' associations, rental programs, resort recreational programs and retail outlets at these properties. In January 2014, we executed a Purchase and Sale Agreement with an affiliate of Blackstone for the sale of certain land and easement rights at our Hilton Hawaiian Village property in connection with a timeshare project, for a total purchase price of approximately \$25 million. We expect this transaction to close during the second quarter of 2014.

Products and Services

From time to time, we have purchased products and services from entities affiliated with or owned by Blackstone. Entities affiliated with Travelport Limited ("Travelport"), in which certain affiliates of Blackstone have an interest, provide computerized reservations and ticketing and other services to travel agencies and others in the travel industry. We are party to a hotel reservations sales agreement with Travelport whereby we agree to pay specified fees per hotel booking and to purchase certain advertising services. Our payments for services from Travelport totaled \$20.6 million for the fiscal year ended December 31, 2013.

Equity Healthcare LLC ("Equity Healthcare"), which is owned by Blackstone, provides us certain negotiating, monitoring and other services in connection with our health benefit plans pursuant to an employer health program agreement we have entered into with Equity Healthcare. In consideration for Equity Healthcare's services, we pay Equity Healthcare fees based on the number of participating employees in our health benefit plans. Our payments to Equity Healthcare totaled \$0.6 million for the fiscal year ended December 31, 2013.

We regularly negotiate arrangements with third-party providers to secure competitive pricing and timely delivery of goods and services. In certain negotiated instances, these arrangements may permit hotels that we own, manage or franchise, as well as hotels controlled by affiliates of Blackstone, to elect whether or not to contract with such third-party providers on the terms we negotiated.

Service Contract Guarantees

In 2010, in connection with the settlement of a lawsuit, we entered into a guarantee that requires us to pay any shortfalls under certain service contracts that affiliates of our Sponsor entered into with the plaintiff. The initial maximum exposure under the guarantee was \$75 million, which has subsequently been reduced to approximately \$48 million as of December 31, 2013 as a result of the plaintiff's receipt of payments from the counterparties of such service contracts.

Other Relationships

Blackstone Advisory Partners L.P. received aggregate compensation of approximately \$10.0 million for acting as underwriter, initial purchaser or arranger in connection with financing transactions by us during 2013.

STOCKHOLDER PROPOSALS FOR THE 2015 ANNUAL MEETING

If any stockholder wishes to propose a matter for consideration at our 2015 Annual Meeting of Stockholders, the proposal should be mailed by certified mail return receipt requested, to our Secretary, Hilton Worldwide Holdings Inc., 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102. To be eligible under the SEC's stockholder proposal rule (Rule 14a-8(e) of the Exchange Act) for inclusion in our 2015 Annual Meeting Proxy Statement and form of proxy, a proposal must be received by our Secretary on or before December 8, 2014. Failure to deliver a proposal in accordance with this procedure may result in it not being deemed timely received.

In addition, our by-laws permit stockholders to nominate directors and present other business for consideration at our Annual Meeting of Stockholders. To make a director nomination or present other business for consideration at the Annual Meeting of Stockholders to be held in 2015, you must submit a timely notice in accordance with the procedures described in our by-laws. To be timely, a stockholder's notice must be delivered to the Secretary at the principal executive offices of our Company not less than 90 days or more than 120 days prior to the first anniversary of the preceding year's annual meeting. Therefore, to be presented at our Annual Meeting to be held in 2015, such a proposal must be received on or after January 7, 2015, but not later than February 6, 2015. In the event that the date of the Annual Meeting of Stockholders to be held in 2015 is advanced by more than 20 days, or delayed by more than 70 days, from the anniversary date of this year's Annual Meeting of Stockholders, such notice by the stockholder must be so received no earlier than 120 days prior to the Annual Meeting of Stockholders to be held in 2015 and not later than the 90th day prior to such Annual Meeting of Stockholders to be held in 2015 or 10 calendar days following the day on which public announcement of the date of such Annual Meeting is first made. Any such proposal will be considered timely only if it is otherwise in compliance with the requirements set forth in our by-laws. The proxy solicited by the Board for the 2015 Annual Meeting of Stockholders will confer discretionary authority to vote as the proxy holders deem advisable on such stockholder proposals which are considered untimely.

HOUSEHOLDING OF PROXY MATERIALS

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two or more stockholders sharing the same address by delivering a single proxy statement or a single notice addressed to those stockholders. This process, which is commonly referred to as householding, provides cost savings for companies and helps the environment by conserving natural resources. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request prompt delivery of a copy of the proxy statement and annual report by contacting our Secretary, Hilton Worldwide Holdings Inc., 7930 Jones Branch Drive, Suite 1100, McLean, Virginia 22102.
