**Table of Contents****RATIO OF EARNINGS TO FIXED CHARGES**

The following table shows ORIX's consolidated ratio of earnings to fixed charges for the periods indicated.

	As of the year ended March 31,				
	2010	2011	2012	2013	2014
Ratio of earnings to fixed charges	1.55	1.57	2.17	2.60	3.47

In calculating the ratio of earnings to fixed charges, we used the following definitions:

The term *fixed charges* means the sum of the following: (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, (c) an estimate of the interest within rental expense, and (d) preference security dividend requirements of consolidated subsidiaries.

The term *earnings* is the amount resulting from adding and subtracting the following items. Add the following: (a) pre-tax income from continuing operations before adjustment for income or loss from equity investees; (b) fixed charges; (c) amortization of capitalized interest; (d) distributed income of equity investees; and (e) our share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges. From the total of the added items, subtract the following: (a) interest capitalized; (b) preference security dividend requirements of consolidated subsidiaries; and (c) noncontrolling interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that we account for using the equity method of accounting.

**DESCRIPTION OF SENIOR DEBT SECURITIES**

This prospectus describes certain general terms and provisions of the senior debt securities that we may offer from time to time in one or more offerings. The senior debt securities will be issued under the senior indenture, dated as of April 27, 2010, as will be supplemented and modified by a supplemental indenture to be entered into prior to or at the time we first issue any senior debt securities hereunder, or the Indenture, between ORIX and Law Debenture Trust Company of New York, as trustee, or the trustee, in one or more series established from time to time by or pursuant to a board resolution and set forth in an officer's certificate or in one or more indentures supplemental thereto. The specific terms and provisions of a particular series of senior debt securities being offered and the extent to which the general terms and provisions described in this prospectus apply to such senior debt securities, will be described in a supplement to this prospectus.

The Indenture is qualified under the Trust Indenture Act of 1939, as amended, or the TIA. The following is a summary of material provisions of the Indenture. It does not include all of the provisions of the Indenture or the senior debt securities. We urge you to read the Indenture (including any applicable supplement thereto) because it defines your rights. The terms of the senior debt securities include those stated in the Indenture and those made part of the Indenture by reference to the TIA. The Indenture is included as an exhibit to the registration statement of which this prospectus is a part. The form of senior debt security to be offered and any applicable supplemental indenture will be filed with the SEC on Form 6-K and incorporated by reference into this prospectus, or by a post-effective amendment to the registration statement of which this prospectus is a part.

The Indenture does not limit our ability to enter into a highly leveraged transaction or provide you with any special protection in the event of such a transaction. In addition, the Indenture does not provide special protection in the event of a sudden and dramatic decline in our credit quality resulting from a takeover, recapitalization or similar restructuring.

**General**

We may issue senior debt securities from time to time in one or more series. The senior debt securities will be our direct, unsecured and unsubordinated general obligations and will have the same rank in liquidation as all of our other unsecured and unsubordinated debt. All senior debt securities will be issued in fully registered form.

Specific Japanese and U.S. federal income tax consequences and other special considerations applicable to any series of senior debt securities issued by us will be described in the applicable prospectus supplement. Owners of senior debt securities or beneficial interests in senior debt securities may have to provide information relating to their jurisdiction of residency to avoid Japanese withholding taxes.

**Payments**

The senior debt securities may be denominated and payable in Japanese yen, U.S. dollars or other currencies. We may also issue debt securities from time to time with the principal amount or interest payable on any relevant payment date to be determined by reference to one or more currency exchange rates, securities or baskets of securities, commodity prices or indices. Holders of these types of debt securities will receive payments of principal or interest that depend upon the value of the applicable currency, security or basket of securities, commodity or index on the relevant payment dates.

The senior debt securities may bear interest at a fixed rate, which may be zero, a floating rate, or a rate which varies during the lifetime of the debt security. Senior debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate may be sold at a discount below their stated principal amount.

Some of the senior debt securities may be issued as original issue discount senior debt securities. Original issue discount securities bear no interest or bear interest at below-market rates and may be sold at a discount below their stated principal amount. The applicable prospectus supplement will contain information relating to any material income tax, accounting, and other special considerations applicable to these.

#### **Registration and Transfer of Senior Debt Securities**

supplemental indenture or order under which that series of senior debt securities is issued. If any of the securities are held in global form, the procedures for transfer of interests in those securities will depend upon the procedures of the depository for those global securities.

### **Authentication and Delivery**

Under the Indenture, we may deliver senior debt securities of any series to the trustee for authentication, and the trustee or its agent shall then authenticate and deliver such securities to or upon our written order, signed by an authorized officer of ours, without any further action by us. In authenticating the senior debt securities and accepting the additional responsibilities under the Indenture the trustee shall be entitled to receive, and shall be fully protected in relying upon, various documentation from us, including copies of the resolution of our board of directors authorizing the issuance of securities, any supplemental indentures, officer's certificates and opinions from legal counsel.

The Indenture permits the trustee to appoint an authenticating agent or agents with respect to the notes. Such authenticating agent will be authorized to act on behalf of the trustee to authenticate the notes and notes authenticated by such authenticating agent will be entitled to the benefits of the Indenture and valid and obligatory for all purposes as if authenticated by the trustee.

Under the Indenture, the trustee also has the right to decline to authenticate and deliver any senior debt securities if the trustee, being advised by counsel, determines that we may not lawfully issue the senior debt securities or if the trustee in good faith determines that allowing us to issue the senior debt securities would expose the trustee to personal liability to our existing senior debt security holders.

### **Events of Default under the Indenture**

The Indenture provides holders of senior debt securities with remedies if we fail to perform specific obligations, such as making payments on the senior debt securities, or if we become bankrupt. Holders should review these provisions and understand which actions trigger an event of default and which actions do not. The Indenture permits the issuance of senior debt securities in one or more series, and, in many cases, whether an event of default has occurred is determined on a series-by-series basis.

An event of default is defined under the Indenture, with respect to any series of senior debt securities issued under that Indenture, as any one or more of the following events, subject to modification in a supplemental indenture, each of which we refer to in this prospectus as an event of default, having occurred and be continuing:

default is made for more than 15 days in the payment of principal and premium, if any, and for more than 30 days in the payment of interest in respect of such series of the securities;

we are in default in the performance of any provision of the Indenture for a period of 90 days after receipt of notice from the trustee, or 25% of the holders of such series, of such default;

due to our default, we (i) are bound to repay prematurely indebtedness for borrowed moneys with a total outstanding principal amount of \$75,000,000 (or its equivalent in any other currency or currencies) or greater, (ii) have defaulted in the repayment of any such indebtedness at the later of its maturity or the expiration of any applicable grace period or (iii) have failed to pay when properly called on to do so any guarantee of any such indebtedness, and in any such case the acceleration, default or failure to pay is not being contested in good faith and not cured within 15 days of such acceleration, default or failure to pay;

a final and non-appealable order is made or an effective resolution is passed for our winding up or liquidation;

an encumbrancer shall have taken possession, in bankruptcy, of all or substantially all of our assets and such possession continues for 90 days;

Edgar Filing: ORIX CORP - Form F-3ASR

we shall cease to carry on business or shall be unable to pay our debts as and when they fall due;

## **Table of Contents**

we become bankrupt, insolvent or become subject to reorganization under any applicable bankruptcy, civil rehabilitation, reorganization, insolvency or insolvency related law; or

any other event of default provided in the supplemental indenture under which that series of senior debt securities is issued.

*Provision and Withholding of Notice of Default.* Pursuant to the Indenture, the trustee shall give notice by mail to the holders of any series of senior debt securities of all defaults known to the trustee which have occurred with respect to such series. The trustee shall transmit the notice within 90 days after the occurrence of an event of default, unless the defaults have been cured before the transmission of such notice. However, except in the case of default in the payment of principal of or interest on, or in the payment of any sinking or purchase fund installment with respect to the senior debt securities of any series, the trustee may withhold notice of default if and so long as the board of directors, the executive committee, or a trust committee of directors of the trustee determine in good faith that the withholding of the notice is in the interests of the holders of such series.

### **Acceleration of Senior Debt Securities Upon an Event of Default**

The Indenture provides that, unless otherwise set forth in a supplemental indenture:

if an event of default occurs due to specified events of bankruptcy, insolvency or reorganization, the principal of all senior debt securities and interest accrued on the senior debt securities to be due and payable immediately; and

if any other event of default occurs and is continuing, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding senior debt securities of each affected series, voting separately by series, by notice in writing to us may declare the principal of and accrued interest on the senior debt securities of such series to be due and payable immediately.

### **Annulment of Acceleration and Waiver of Defaults**

In some circumstances, if any or all of the events leading to acceleration under the Indenture, other than the non-payment of the principal of the securities that has become due as a result of an acceleration, have been cured, waived or otherwise remedied, then the holders under such indenture of a majority in aggregate principal amount of the securities of the affected series may annul past declarations of acceleration or waive past defaults of the senior debt securities with respect to such series.

### **Application of Proceeds**

Any money collected from us by a trustee under the Indenture by acceleration, through insolvency proceedings or by other means as a result of our breach of the terms of the Indenture, shall be applied in the order described below:

first, to the payment of costs and expenses applicable to the series of senior debt securities for which money was collected, including reasonable compensation to the applicable trustee and any paying agent;

second, if payment is not due on the principal of the series of senior debt securities for which money was collected, to the payment of interest on the series in default;

third, if payment is due on the principal of the series of senior debt securities for which money was collected, to the payment of the whole amount then owing and unpaid upon all of the senior debt securities of such series for principal and interest; and in the case the money collected shall be insufficient to pay in full the whole amount so due and unpaid upon the senior debt securities of such series, then to the payment of principal and interest without preference or priority of principal over interest, ratably to the aggregate of such principal and accrued and unpaid interest; and

Edgar Filing: ORIX CORP - Form F-3ASR

finally, to the payment of the remainder, if any, to us or any other person lawfully entitled thereto.

## **Table of Contents**

### **Paying Agents**

Whenever we appoint a paying agent to make payments required under the Indenture and the relevant series of securities, such paying agent will hold all sums received by it for the payment of the principal and interest on the securities in trust for the benefit of the holders of the securities and will make payments to such holders as provided for in the Indenture and the securities.

### **Indemnification of Trustee for Actions Taken on Your Behalf**

The Indenture provides that the trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of senior debt securities issued under the Indenture relating to the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred upon the trustee. In addition, the Indenture contains a provision entitling the trustee, subject to the duty of the trustee to act with the required standard of care during a default, to be indemnified by the holders of senior debt securities issued under the Indenture before proceeding to exercise any right or power at the request of holders. Subject to these provisions and specified other limitations, the holders of a majority in aggregate principal amount of each series of outstanding senior debt securities of each affected series, voting as one class, may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

### **Limitation on Actions by You as an Individual Holder**

The Indenture provides that no individual holder of senior debt securities may institute any action against us under the Indenture, except actions for payment of overdue principal and interest, unless the following actions have occurred:

the holder must have previously given written notice to the trustee of the continuing default;

the holders of not less than 25% in aggregate principal amount of the outstanding senior debt securities of each affected series, treated as one class, must have:

requested the trustee to institute that action; and

offered the trustee reasonable indemnity;

the trustee must have failed to institute that action within 60 days after receipt of the request referred to above; and

the holders of a majority in principal amount of the outstanding senior debt securities of each affected series, voting as one class, must not have given directions to the trustee inconsistent with those of the holders referred to above.

The Indenture contains a covenant that we will file annually with the trustee a certificate of no default or a certificate specifying any default that exists.

### **Covenants**

Our covenants and agreements relating to a series of senior debt securities will be set forth in the applicable prospectus supplement.

*Consolidation, Merger, Conveyance or Transfer.* The Indenture contains provisions permitting us, without the consent of the holders of senior debt securities, to consolidate with or merge into any other corporation or convey or transfer all or substantially all of our assets to any person or persons, provided that the successor corporation or corporations, if an entity other than we, assume our obligations on the senior debt securities and under the Indenture and certain other conditions are met.

---

## **Table of Contents**

*Evidence of our Compliance.* There are provisions in the Indenture requiring us to furnish to the trustee each year a brief certificate from our principal executive, financial or accounting officer as to his or her knowledge of our compliance with all conditions and covenants under the Indenture.

*SEC Reports by us.* The Indenture requires us to file with the trustee copies of the annual report or information we file with the SEC within 30 days after we file such reports or information with the SEC.

### **Discharge, Defeasance and Covenant Defeasance**

Unless otherwise set forth in a supplemental indenture, we have the ability to eliminate most or all of our obligations on any series of senior debt securities prior to maturity if it complies with the following provisions:

*Discharge of Indenture.* We may discharge all of our obligations, other than as to transfers and exchanges, under the Indenture after it has:

paid or caused to be paid the principal of and interest on all of the outstanding senior debt securities in accordance with their terms;

delivered to the trustee for cancellation all of the outstanding senior debt securities; or

irrevocably deposited with the trustee cash or, in the case of a series of senior debt securities payable only in U.S. dollars, U.S. government obligations in trust for the benefit of the holders of any series of senior debt securities issued under the Indenture that have either become due and payable, or are by their terms due and payable, or are scheduled for redemption, within one year, in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, and any mandatory sinking fund payments for, those senior debt securities. However, the deposit of cash or U.S. government obligations for the benefit of holders of a series of senior debt securities that are due and payable, or are scheduled for redemption, within one year will discharge obligations under the Indenture relating only to that series of senior debt securities.

*Defeasance of a Series of Securities at Any Time.* We may also discharge all of its obligations, other than as to transfers and exchanges, under any series of senior debt securities at any time, which is referred to in this prospectus as defeasance. Alternatively, we may be released with respect to any outstanding series of senior debt securities from the obligations imposed by the covenants described above limiting consolidations, mergers, asset sales and leases, and elect not to comply with those sections without creating an event of default. Discharge under those procedures is called covenant defeasance.

Defeasance or covenant defeasance may be effected only if, among other things:

we irrevocably deposit with the trustee cash or, in the case of senior debt securities payable only in U.S. dollars, U.S. government obligations, as trust funds in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of and interest on, and any mandatory sinking fund payments for, all outstanding senior debt securities of the series being defeased; and

we deliver to the trustee an opinion of counsel of recognized standing to the effect that:

the holders of the series of senior debt securities being defeased will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance or covenant defeasance; and

the holders of the series of senior debt securities being defeased will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance

## Edgar Filing: ORIX CORP - Form F-3ASR

had not occurred.

In the case of a defeasance, the opinion must be based on a ruling of the U.S. Internal Revenue Service or a change in U.S. federal income tax law occurring after the date of this prospectus, since that result would not occur under current tax law.

**Modification of the Indenture**

*Modification without Consent of Holders.* We and the trustee may enter into supplemental indentures without the consent of the holders of senior debt securities issued under the Indenture to:

- secure any senior debt securities;
- evidence the assumption by a successor corporation of our obligations;
- add covenants for the protection of the holders of senior debt securities;
- cure any ambiguity or correct any inconsistency;
- establish the forms or terms of senior debt securities of any series; or

evidence the acceptance of appointment by a successor trustee.

*Modification with Consent of Holders.* Each of us and the trustee, with the consent of the holders of not less than a majority in aggregate principal amount of each affected series of outstanding senior debt securities, voting as one class, may add any provisions to, or change in any manner or eliminate any of the provisions of, the Indenture or modify in any manner the rights of the holders of the senior debt securities issued pursuant to the Indenture. However, we and the trustee may not make any of the following changes to any outstanding senior debt security without the consent of each holder that would be affected by the change:

- extend the final maturity of the security or of any installment of principal of any such security;
- reduce the principal amount;
- reduce the rate or extend the time of payment of interest;
- reduce any amount payable on redemption;
- change any of our obligations to pay any additional amounts on senior debt securities for any tax, assessment or governmental charge withheld or deducted (if any);
- change the currency in which the principal, including any amount of original issue discount, premium, or interest on the security is payable;
- modify or amend the provisions for conversion of any currency into another currency;

reduce the amount of any original issue discount security payable upon acceleration or provable in bankruptcy;

alter the terms on which holders of the senior debt securities may convert or exchange senior debt securities for stock or other securities or for other property or the cash value of the property, other than in accordance with the anti-dilution provisions or other similar adjustment provisions included in the terms of the senior debt securities;

impair the right of any holder to institute suit for the enforcement of any payment on any senior debt security when due; or

reduce the percentage of senior debt securities the consent of whose holders is required for modification of the Indenture.

**Form of Senior Debt Security**

Each senior debt security will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form.

**Table of Contents**

Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable.

Global securities name a depository or its nominee as the owner of the senior debt securities represented by these global securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative.

**New York Law to Govern**

The Indenture and the senior debt securities will be governed by and construed in accordance with the laws of the State of New York.

**Consent to Service of Process and Submission to Jurisdiction**

Under the Indenture, we irrevocably designate ORIX USA Corporation as our authorized agent for service of process in any legal action or proceeding arising out of or relating to the Indenture or any senior debt securities issued thereunder brought in any federal or state court in The City of New York, New York, and we irrevocably submit to the jurisdiction of those courts.

**Information Concerning the Trustee**

Information about the trustee applicable to an issuance of senior debt securities may be set forth by amendment to this prospectus or in the applicable prospectus supplement. We and our subsidiaries may maintain ordinary banking relationships and custodial facilities with the trustee and its affiliates.

**CLEARANCE AND SETTLEMENT**

Senior debt securities that ORIX issues may be held through one or more international and domestic clearing systems. The principal clearing systems we will use are the book-entry systems operated by The Depository Trust Company, or DTC, in the United States, Clearstream Banking, société anonyme, or Clearstream, in Luxembourg, and the Euroclear System, or Euroclear, in Belgium. These systems have established electronic securities and payment, transfer, processing, depository and custodial links among themselves and others, either directly or indirectly through custodians and depositories. These links allow securities to be issued, held and transferred among the clearing systems without the physical transfer of certificates.

Special procedures to facilitate clearance and settlement have been established among these clearing systems to trade securities across borders in the secondary market. Where payments for securities we issue in global form will be made in U.S. dollars, these procedures can be used for cross-market transfers and the senior debt securities will be cleared and settled on a delivery against payment basis.

If we issue senior debt securities to you outside of the United States, its territories and possessions, you must initially hold your interests through Euroclear, Clearstream or the clearance system that is described in the applicable prospectus supplement.

Cross-market transfers of securities that are not in global form may be cleared and settled in accordance with other procedures that may be established among the clearing systems for these securities.

Clearstream and Euroclear hold interests on behalf of their participants through customers' securities accounts in the names of Clearstream and Euroclear on the books of their respective depositories, which, in the case of securities for which a global security in registered form is deposited with DTC, in turn hold such interests in customers' securities accounts in the depositories' names on the books of DTC.

The policies of DTC, Clearstream and Euroclear will govern payments, transfers, exchanges and other matters relating to your interest in securities held by them. This is also true for any other clearance system that may be named in a prospectus supplement.

We have no responsibility for any aspect of the actions of DTC, Clearstream or Euroclear or any of their direct or indirect participants. We have no responsibility for any aspect of the records kept by DTC, Clearstream or Euroclear or any of their direct or indirect participants. We do not supervise these systems in any way. This is also true for any other clearing system indicated in a prospectus supplement.

DTC, Clearstream, Euroclear and their participants perform these clearance and settlement functions under agreements they have made with one another or with their customers. You should be aware that they are not obligated to perform these procedures and may modify them or discontinue them at any time.

The description of the clearing systems in this section reflects our understanding of the rules and procedures of DTC, Clearstream and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

**DTC**

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities deposited with it by its participants. DTC also facilitates the post-trade settlement among its

participants of sales and other securities transactions in such securities through electronic computerized book-entry transfers and pledges between its participants' accounts, thereby eliminating the need for physical movement of securities certificates. DTC's participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant of DTC, either directly or indirectly. According to DTC, the foregoing information with respect to DTC and DTC's book-entry system has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind. The rules applicable to DTC and DTC participants are on file with the SEC.

**Clearstream**

Clearstream has advised us that it is incorporated as a limited liability company under Luxembourg law. Clearstream holds securities for its participants and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thus eliminating the need for physical movement of certificates. Clearstream provides to its participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities, securities lending and borrowing and collateral management. Clearstream interfaces with domestic markets in a number of countries. Clearstream has established an electronic communications platform with Euroclear Bank S.A./N.V., the operator of the Euroclear System, to facilitate settlement of trades between Clearstream and Euroclear.

As a registered credit institution in Luxembourg, Clearstream is supervised by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. In the United States, Clearstream participants are limited to securities brokers and dealers and banks, and may include the underwriters for the senior debt securities offered under any prospectus supplement. Other institutions that maintain a custodial relationship with a Clearstream participant may obtain indirect access to Clearstream. Clearstream is an indirect participant in DTC.

Distributions with respect to the senior debt securities held beneficially through Clearstream will be credited to cash accounts of Clearstream customers in accordance with its rules and procedures, to the extent received by Clearstream.

**Euroclear**

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thus eliminating the need for physical movement of certificates and risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries.

Euroclear is operated by Euroclear Bank S.A./N.V., or the Euroclear Operator, under contract with Euroclear plc, a U.K. corporation. The Euroclear Operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters for the senior debt securities offered under any prospectus supplement. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly. Euroclear is an indirect participant in DTC.

## **Table of Contents**

The Euroclear Operator is a Belgian bank. The Belgian Banking Commission and the National Bank of Belgium regulate and examine the Euroclear Operator.

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of Euroclear, and applicable Belgian law, govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern transfers of securities and cash within Euroclear; withdrawal of securities and cash from Euroclear; and receipts of payments with respect to securities in Euroclear.

All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding securities through Euroclear participants.

Distributions with respect to senior debt securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Euroclear terms and conditions, to the extent received by the Euroclear Operator and by Euroclear.

## **Settlement**

You will be required to make your initial payment for the senior debt securities in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream participants and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream participants or Euroclear participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (based on European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository to take action to effect final settlement on its behalf by delivering or receiving senior debt securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of senior debt securities received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such senior debt securities settled during such processing will be reported to the relevant Clearstream participants or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of senior debt securities by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of senior debt securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

## **Other Clearing Systems**

ORIX may choose any other clearing system for a particular series of securities. The clearance and settlement procedures for the clearing system we choose will be described in the applicable prospectus supplement.

**TAXATION**

The material Japanese tax and U.S. federal income tax consequences relating to the purchase and ownership of the senior debt securities offered by this prospectus will be set forth in the prospectus supplement.

**CERTAIN BENEFIT PLAN INVESTOR CONSIDERATIONS**

The U.S. Employee Retirement Income Security Act of 1974, as amended, or ERISA, and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended, or the Code, impose certain requirements on (a) employee benefit plans subject to Title I of ERISA, (b) individual retirement accounts, Keogh plans or other arrangements subject to Section 4975 of the Code, (c) entities whose underlying assets include plan assets of any such plan, account or arrangement described in clause (a) or (b) by reason of any such plan's, account's, or arrangement's investment therein (we refer to the foregoing described in clauses (a), (b) and (c), collectively, as Plans) and (d) persons who are fiduciaries with respect to Plans. In addition, certain governmental, church and non-U.S. plans, or Non-ERISA Arrangements, are not subject to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code, but may be subject to other federal, state, local or non-U.S. laws that are substantially similar to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code, each a Similar Law.

In addition to ERISA's general fiduciary standards, Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of a Plan and persons who have specified relationships to the Plan, i.e., parties in interest as defined in ERISA or disqualified persons as defined in Section 4975 of the Code (we refer to the foregoing, collectively, as parties in interest) unless exemptive relief is available under a statutory or administrative exemption. Parties in interest that engage in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and Section 4975 of the Code. Thus, a Plan fiduciary considering an investment in the senior debt securities offered by this prospectus should also consider whether such an investment might constitute or give rise to a prohibited transaction under ERISA or Section 4975 of the Code. For example, the senior debt securities may be deemed to represent a direct or indirect sale of property, extension of credit or furnishing of services between a party in interest and an investing Plan which would be prohibited unless exemptive relief were available under an applicable exemption. Such parties in interest include, without limitation, us, the trustee and any agents for the senior debt securities, including trustees, depositaries, authenticating or paying agents, transfer agents or registrars.

In this regard, each purchaser that is, or is acting on behalf of, a Plan, and proposes to purchase the senior debt securities, should consider the exemptive relief available under the following prohibited transaction class exemptions, or PTCEs: (A) the in-house asset manager exemption (PTCE 96-23), (B) the insurance company general account exemption (PTCE 95-60), (C) the bank collective investment fund exemption (PTCE 91-38), (D) the insurance company pooled separate account exemption (PTCE 90-1) and (E) the qualified professional asset manager exemption (PTCE 84-14). In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code may provide a limited exemption for the purchase and sale of the senior debt securities and related lending transactions, provided that neither the party in interest nor its affiliates has or exercises any discretionary authority or control or render any investment advice with respect to the assets of the Plan involved in the transaction and provided further that the Plan pays no more, and receives no less, than adequate consideration in connection with the transaction (the so-called service provider exemption). There can be no assurance that any of these statutory or class exemptions will be available with respect to transactions involving the senior debt securities.

Each purchaser or holder of the senior debt securities offered by this prospectus, and each fiduciary who causes any entity to purchase or hold the senior debt securities, shall be deemed to have represented and warranted, on each day such purchaser or holder holds such senior debt securities, that either (i) it is neither a Plan nor a Non-ERISA Arrangement and it is not purchasing or holding the senior debt securities on behalf of or with the assets of any Plan or Non-ERISA Arrangement; or (ii) its purchase and holding of such senior debt securities shall not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or a similar violation of any provision of any applicable Similar Law.

**Table of Contents**

The foregoing discussion is general in nature and is not intended to be all inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering purchasing the senior debt securities on behalf of, or with the assets of, any Plan or Non-ERISA Arrangement, consult with their counsel regarding the potential applicability of Title I of ERISA, Section 4975 of the Code and any Similar Laws to such investment and whether an exemption would be applicable to the purchase and holding of the senior debt securities.

Each purchaser and holder of a senior debt security offered by this prospectus will have exclusive responsibility for ensuring that its purchase and holding of the senior debt security does not violate the fiduciary or prohibited transaction rules of ERISA or the Code or the provisions of any applicable Similar Law. Nothing herein shall be construed as a representation that an investment in the senior debt securities would meet any or all of the relevant legal requirements with respect to investments by, or is appropriate for, Plans or Non-ERISA Arrangements generally or any particular Plan or Non-ERISA Arrangement.

**PLAN OF DISTRIBUTION**

We may offer the securities described in this prospectus in one or more of the following ways from time to time:

to or through underwriters or dealers;

by ourselves directly;

through agents;

through one or more special purpose entities;

by entering into securities loan agreements with underwriters or dealers;

through an exchange distribution in accordance with the rules of the applicable exchange;

through the issuance of subscription rights to shareholders; or

through a combination of any of these methods of sale.

The prospectus supplement relating to an offering of securities will set forth the terms of the offering, including:

a description of the transaction and the securities to be offered;

the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the proceeds we will receive from the sale;

any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation;

the initial public offering price;

any discounts or concessions to be allowed or reallocated or paid to dealers; and

any securities exchanges on which the securities may be listed.

## Edgar Filing: ORIX CORP - Form F-3ASR

Any initial public offering prices, discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If underwriters are used in an offering of the securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by one or more managing underwriters or by one or more underwriters without a syndicate. Unless otherwise set forth in the prospectus supplement, the underwriters will not be obligated to purchase securities that are offered unless specified conditions are satisfied, and, unless otherwise set forth in the prospectus supplement, if the underwriters do purchase any securities, they will purchase all securities that are offered.

In connection with underwritten offerings of the securities offered by this prospectus and in accordance with applicable law and industry practice, underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the securities offered by this prospectus at levels above those that might otherwise prevail in the open market, including by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids, each of which is described below.

A stabilizing bid means the placing of any bid, or the effecting of any purchase, for the purpose of pegging, fixing or maintaining the price of a security.

**Table of Contents**

A syndicate covering transaction means the placing of any bid on behalf of the underwriting syndicate or the effecting of any purchase to reduce a short position created in connection with the offering.

A penalty bid means an arrangement that permits the managing underwriter to reclaim a selling concession from a syndicate member in connection with the offering when offered securities originally sold by the syndicate member are purchased in syndicate covering transactions.

These transactions may be effected on an exchange or automated quotation system, if the securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise. Underwriters are not required to engage in any of these activities or to continue these activities if commenced.

If dealers are utilized in the sale of securities offered by this prospectus, we will sell the securities to the dealers as principals. The dealers may then resell the securities to the public at varying prices to be determined by the dealers at the time of resale. The names of the dealers and the terms of the transaction will be set forth in the prospectus supplement relating to that transaction.

Securities may be sold directly by us to one or more institutional purchasers, or through agents designated by us from time to time, at a fixed price or prices, which may be changed, or at varying prices determined at the time of sale. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to the agent will be set forth, in the prospectus supplement relating to that offering. Unless otherwise indicated in the applicable prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

If so indicated in the applicable prospectus supplement, we will authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase offered securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. These contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth the commission payable for solicitation of the contracts.

Underwriters, dealers and agents may be entitled, under agreements with us, to indemnification by us relating to material misstatements or omissions. Underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for, us and our subsidiaries or affiliates in the ordinary course of business.

Each series of senior debt securities offered by this prospectus will be a new issue of securities and will have no established trading market. Any underwriters to whom offered securities are sold for public offering and sale may make a market in the offered securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities offered by this prospectus may or may not be listed on a national securities exchange. No assurance can be given that there will be a market for any senior debt securities offered by this prospectus.

**LEGAL MATTERS**

The validity of the offered securities with respect to United States federal law and New York State law will be passed upon for us by Davis Polk & Wardwell LLP, our United States counsel. Mitsui Company, our Japanese counsel, will pass upon certain legal matters as to Japanese law for us. Simpson Thacher & Bartlett LLP, United States counsel to any underwriters, dealers or agents, will pass upon certain legal matters as to United States federal law and New York State law for them.

**ENFORCEMENT OF CIVIL LIABILITIES**

ORIX is a joint stock company incorporated in Japan. Most or all of our directors and executive officers are residents of countries other than the United States. Although some of our affiliates have substantial assets in the United States, substantially all of our assets and the assets of our directors and executive officers (and certain experts named herein) are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon us or our directors and executive officers or to enforce against us or these persons in United States courts judgments of United States courts predicated upon the civil liability provisions of United States securities laws. We have been advised by our Japanese counsel, Mitsui Company, that there is doubt as to the enforceability in Japan, in original actions or in actions to enforce judgments of U.S. courts, of civil liabilities based solely on U.S. securities laws. A Japanese court may refuse to allow an original action based on U.S. securities laws.

The United States and Japan do not currently have a treaty providing for reciprocal recognition and enforcement of judgments, other than arbitration awards, in civil and commercial matters. Therefore, even if you obtain a civil judgment by a U.S. court, you will not necessarily be able to enforce it directly in Japan.

Our agent for service of process is ORIX USA Corporation.

**PART II**

**INFORMATION NOT REQUIRED IN PROSPECTUS**

**Item 8. *Indemnification of Officers and Directors.***

Article 330 and Article 402, Paragraph 3 of the Company Law of Japan, or the Company Law, make the provisions of Articles 643 through 656 of the Civil Code of Japan applicable to the relationship between ORIX and its directors and executive officers, respectively. Such provisions, among other things, provide in effect that:

- (1) a director or executive officer of a company may demand advance payment of expenses which are considered necessary for the management of affairs of such company entrusted to him;
- (2) if a director or executive officer of a company has defrayed any expenses which are considered necessary for the management of the affairs of such company entrusted to him, he may demand reimbursement therefor from the company;
- (3) if a director or executive officer has assumed an obligation necessary for the management of the affairs entrusted to him, he may require the company to perform it in his place or, if it is not due, to furnish adequate security; and
- (4) if a director or executive officer, without any fault on his part, sustains damage through the management of the affairs entrusted to him, he may demand compensation therefor from the company.

Under ORIX's Articles of Incorporation, ORIX may, by a resolution of its board of directors, exempt directors or executive officers from liabilities to ORIX arising in connection with their failure to execute their duties, provided, among other things, they have acted in good faith and there has been no act or omission of gross negligence, to the extent permitted by Japanese law. In addition, under ORIX's Articles of Incorporation, ORIX may enter into, and has entered into, a liability limitation agreement with each of its outside directors that limits the maximum amount of their liabilities owed to ORIX arising in connection with their failure to execute their duties, provided that the relevant outside director has acted in good faith and there has been no act or omission of gross negligence on the part of such outside director, to the extent permitted by Japanese law.

The form of underwriting agreement filed as an exhibit to this registration statement provides for indemnification and contribution by the underwriters with respect to certain liabilities of directors, executive officers and other controlling persons of the registrant.

The directors and executive officers of ORIX are, to a limited extent, insured under an insurance policy against damages resulting from their conduct.

**Item 10. *Undertakings.***

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
  - (a) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, or the Securities Act;

**Table of Contents**

(b) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of a prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(c) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however*, that paragraphs (a), (b) and (c) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered in the post-effective amendment, and the offering of those securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, provided that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Item 8A of Form 20-F if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

(5) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the

offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(7) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Trust Indenture Act.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
