Item 7.01. Regulation FD Disclosure.

On October 3, 2014, Broadridge Financial Solutions, Inc. (the Company) made available to its stockholders its fiscal year 2014 annual report to stockholders (the Annual Report) which included the letter to stockholders (the Letter to Stockholders). The Letter to Stockholders is attached hereto as Exhibit 99.1.

The Company s results in the Annual Report are presented in accordance with generally accepted accounting principles in the United States (GAAP) except where otherwise noted. In certain circumstances, results have been presented in the Annual Report including the Letter to Stockholders that are not generally accepted accounting principles measures (Non-GAAP). These Non-GAAP measures should be viewed in addition to, and not as a substitute for, the Company s reported results.

With regard to statements in the Annual Report including the Letter to Stockholders that include certain Non-GAAP financial measures, the earnings, earnings per share, and earnings guidance measures are adjusted to exclude the impact of certain costs, expenses, gains and losses and other specified items that due to their significant nature are evaluated on an individual basis from our GAAP results. In addition, Free cash flows is a Non-GAAP measure and is defined by the Company as net cash flows provided by operating activities of continuing operations, less capital expenditures and software purchases.

The Company believes Non-GAAP information helps investors understand the effect of these significant items on our reported results and provides a better representation of our actual performance. These Non-GAAP measures are indicators that management uses to provide additional meaningful comparisons between current results and prior reported results, and as a basis for planning and forecasting for future periods.

Set forth below is a reconciliation of Non-GAAP measures referenced in the Annual Report to the comparable GAAP measures. Note that totals may not sum due to rounding.
