**Item 1.01. Entry into a Material Definitive Agreement.**

On December 1, 2014 (the **Closing Date** ), Crawford & Company (the **Company** ) acquired GAB Robins Holdings UK Limited, a private limited company incorporated under the laws of England and Wales ( **Target** ) for an aggregate purchase price of £45.8 million, including £9.5 million allocable to the repayment of Target debt outstanding on the Closing Date (the **Transaction** ), as set out in more detail below.

On the Closing Date, Crawford & Company Adjusters (UK) Limited (the **Purchaser** ), a wholly-owned subsidiary of the Company, entered into an Agreement for the Sale and Purchase of Shares (the **Purchase Agreement** ) with the holders of 85% of the total outstanding equity interests of Target (collectively, the **Sellers** ).

Pursuant to the terms and subject to the conditions of the Purchase Agreement, the Purchaser purchased from the Sellers all of the issued share capital of Target owned by them for £36.0 million (the **Principal Purchase Price** ). The Principal Purchase Price is subject to a potential post-closing adjustment (the **Purchase Price Adjustment** ) based on the value of the Target's net working capital and net debt on the Closing Date.

The Purchase Agreement contains representations, warranties, covenants and indemnification provisions customary for transactions of this nature.

The Purchase Agreement also provides that: (a) £3.0 million of the Principal Purchase Price will be held in escrow for a period of two years after the Closing Date to secure the Purchase Price Adjustment and any valid indemnification claims that the Purchaser or the Company may assert for specified breaches of representations, warranties or covenants under the Purchase Agreement; and (b) £1.0 million of the Principal Purchase Price will be held in escrow to secure the post-closing availability of expected tax benefits of Target and its subsidiaries. This portion of the escrow will be released to the appropriate party if and when there is a determination by the relevant United Kingdom taxing authority with respect to the availability of such tax benefits.

Concurrent with the execution of the Purchase Agreement, the Purchaser entered into separate agreements with the holders of the remaining equity interests of Target pursuant to which it acquired all of such interests. Upon entry into all such agreements, the Purchaser directly owned 100% of Target.

The foregoing description of the Purchase Agreement is qualified in its entirety by reference to the Purchase Agreement, a copy of which is filed as Exhibit 2.1 to this current report on Form 8-K (the **Report** ) and is incorporated by reference herein.

The Purchase Agreement governs the contractual rights among the parties thereto in relation to the Transaction. The Purchase Agreement has been filed as an exhibit to the Report to provide investors with information regarding the terms of the Purchase Agreement and is not intended to modify or supplement any factual disclosures about the Company in the Company's public reports filed with the Securities and Exchange Commission. In particular, the Purchase Agreement is not intended to be, and should not be relied upon as, disclosures regarding any facts and circumstances relating to the Company or its subsidiaries. The representations and warranties contained in the Purchase Agreement have been negotiated with the principal purpose of allocating risk among the parties, rather than establishing matters as facts. The representations and warranties may also be subject to a contractual standard of materiality different from those generally applicable under relevant securities laws.
