Filed Pursuant to Rule 424(b)(2)

Registration No. 333-202168

**CALCULATION OF REGISTRATION FEE**

<b>Title of Each Class of Securities to be Registered</b>	<b>Amount to be Registered</b>	<b>Proposed Maximum Offering Price per Security</b>	<b>Proposed Maximum Aggregate Offering Price</b>	<b>Amount of Registration Fee</b>
5.500% Mandatory Convertible Preferred Shares, Series A, par value \$0.0001 per share	5,060,000 (1)	\$1,000	\$5,060,000,000	\$587,972 (3)
Ordinary Shares, par value \$0.0001 per share	17,569,332 (2)			(4)

(1) Includes 460,000 5.500% Mandatory Convertible Preferred Shares, Series A (the Mandatory Convertible Preferred Shares ) issuable upon exercise of the underwriters' option to purchase additional Mandatory Convertible Preferred Shares from us solely to cover overallocments, if any.

(2) The number of Ordinary Shares to be registered is based on the maximum number of our Ordinary Shares into which 5,060,000 Mandatory Convertible Preferred Shares can be converted, which is 3.4722 Ordinary Shares per Mandatory Convertible Preferred Share as described in this prospectus supplement, or a maximum total of 17,569,332 Ordinary Shares. Pursuant to Rule 416, the number of Ordinary Shares registered includes an indeterminate number of additional Ordinary Shares that may be issued from time to time upon conversion of the Mandatory Convertible Preferred Shares as a result of the anti-dilution provisions thereof.

(3) Calculated in accordance with Rule 457(r) under the Securities Act of 1933, as amended. This Calculation of Registration Fee table shall be deemed to update the Calculation of Registration Fee table in our Registration Statement on Form S-3 (File No. 333-202168).

(4) Pursuant to Rule 457(i), there is no additional filing fee payable with respect to the Ordinary Shares issuable upon conversion of the Mandatory Convertible Preferred Shares because no additional consideration will be received in connection with the exercise of the conversion privilege.

**Prospectus supplement**

(To prospectus dated February 19, 2015)

**\$4,600,000,000**

**Actavis plc**

***5.500% Mandatory Convertible Preferred Shares, Series A***

We are offering 4,600,000 of our 5.500% Mandatory Convertible Preferred Shares, Series A, par value \$0.0001 per share (the **Mandatory Convertible Preferred Shares** ).

Dividends on the Mandatory Convertible Preferred Shares will be payable on a cumulative basis when, as and if declared by our board of directors, or an authorized committee thereof, at an annual rate of 5.500% on the liquidation preference of \$1,000.00 per Mandatory Convertible Preferred Share. We may pay declared dividends in cash, by delivery of our ordinary shares or by delivery of any combination of cash and our ordinary shares, as determined by us in our sole discretion, subject to certain limitations, on March 1, June 1, September 1 and December 1 of each year commencing June 1, 2015, to and including March 1, 2018.

Each Mandatory Convertible Preferred Share will automatically convert on March 1, 2018, into between 2.8345 and 3.4722 ordinary shares, subject to anti-dilution adjustments. The number of our ordinary shares issuable on conversion of the Mandatory Convertible Preferred Shares will be determined based on the average VWAP (as defined herein) per ordinary share over the 20 consecutive trading day period beginning on and including the 22nd scheduled trading day immediately preceding the mandatory conversion date (as defined herein). At any time prior to March 1, 2018, other than during a fundamental change conversion period (as defined herein), holders of the Mandatory Convertible Preferred Shares may elect to convert each Mandatory Convertible Preferred Share into our ordinary shares at the minimum conversion rate of 2.8345 ordinary shares per Mandatory Convertible Preferred Share, subject to anti-dilution adjustments. In addition, holders may elect to convert any Mandatory Convertible Preferred Shares during a specified period beginning on the fundamental change effective date (as defined herein), in which case such Mandatory Convertible Preferred Shares will be converted into our ordinary shares at the fundamental change conversion rate (as defined herein) and converting holders will also be entitled to receive a fundamental change dividend make-whole amount and accumulated dividend amount (each as defined herein).

We intend to use the net proceeds of this offering, together with the net proceeds of the Ordinary Shares Offering and the proposed Debt Financing (each as described herein) to finance our pending acquisition of Allergan, Inc. ( **Allergan** ) (as described herein), and to pay related fees and expenses. The completion of this offering is not contingent on the closing of the Ordinary Shares Offering (nor is the completion of the Ordinary Shares Offering contingent on the closing of this offering) or the completion of our acquisition of Allergan, which, if completed, will occur subsequent to the closing of this offering.

Concurrently with this offering, we are offering 13,194,445 of our ordinary shares, par value \$0.0001 per share (the **Ordinary Shares Offering** ). The Ordinary Shares Offering is being made by means of a separate prospectus supplement and not by means of this prospectus supplement. This prospectus supplement is not an offer to sell or a solicitation of an offer to buy any securities being offered in the Ordinary Shares Offering. See **Summary Allergan Acquisition** and **Use of Proceeds** .

Prior to this offering, there has been no public market for the Mandatory Convertible Preferred Shares. We intend to apply to have the Mandatory Convertible Preferred Shares listed on the New York Stock Exchange under the symbol **ACTPRA** . Our ordinary shares are listed on the New York Stock Exchange (the **NYSE** ) under the symbol **ACT** . On February 24, 2015 the last reported sale price of our ordinary shares on the NYSE was \$289.11 per share.

**Investing in the Mandatory Convertible Preferred Shares involves risk. See Risk factors beginning on page S-24 of this prospectus supplement and page 8 of the accompanying prospectus.**

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the Mandatory Convertible Preferred Shares or determined that this prospectus supplement or the accompanying prospectus is accurate or complete. Any representation to the contrary is a criminal offense.**

## **Where you can find more information**

This prospectus supplement is part of a registration statement on Form S-3 filed with the Securities and Exchange Commission (the "SEC") using a shelf registration process under the Securities Act of 1933, as amended (the "Securities Act"), relating to the securities to be offered in this offering. This prospectus supplement does not contain all of the information set forth in the registration statement, certain parts of which are omitted in accordance with the rules and regulations of the SEC. For further information with respect to us and the securities offered hereby, reference is hereby made to the registration statement. The registration statement, including the exhibits thereto, may be inspected at the Public Reference Room maintained by the SEC at the address set forth below. Statements contained herein concerning any document filed as an exhibit are not necessarily complete, and, in each instance, reference is made to the copy of such document filed as an exhibit to the registration statement. Each such statement is qualified in its entirety by such reference.

Actavis plc and Allergan file annual, quarterly and current reports and other information with the SEC. You may read and copy reports and other information that we file with the SEC at the public reference facilities maintained by the SEC at 100 F Street, N.E., Room 1580, Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for more information on the public reference rooms. The SEC also maintains an Internet site at <http://www.sec.gov> from which you can access our filings. The information contained on the SEC's website is not incorporated by reference into this prospectus supplement or the accompanying prospectus and should not be considered to be part of the prospectus supplement or accompanying prospectus except as described in this section or in the "Incorporation of certain documents by reference" section.

## **Incorporation of certain documents by reference**

The rules of the SEC allow us to incorporate by reference information into this prospectus supplement, which means that we can disclose important information to you by referring you to another document filed separately with the SEC. The information incorporated by reference is considered to be part of this prospectus supplement. Information in this prospectus supplement supersedes information incorporated by reference from documents filed with the SEC prior to the date of this prospectus supplement, while information that we file later with the SEC will automatically update and supersede information contained in or previously incorporated by reference into this prospectus supplement and the accompanying prospectus. This prospectus supplement and the accompanying prospectus incorporate by reference the documents that we and Allergan have previously filed with the SEC. These documents contain important information about us and Allergan, respectively. The accompanying prospectus incorporates by reference certain documents that Actavis plc and Allergan filed with the SEC.

See Incorporation of certain documents by reference in the accompanying prospectus. This prospectus supplement and the accompanying prospectus incorporate by reference any future filings other than information furnished pursuant to Item 2.02 or Item 7.01 of a Current Report on Form 8-K, that Actavis plc and Allergan make with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act), on or after the date of this prospectus supplement and before the termination of the offering of the securities covered by this prospectus supplement.

We encourage you to read our and Allergan's periodic and current reports, as they provide additional information about us and Allergan that prudent investors find important. You can obtain a copy of our filings at no cost on our website, <http://www.actavis.com> under the Investors link, then under the heading Financial Information and then under the subheading SEC Filings. You can obtain a copy of Allergan's filings on its website, <http://www.allergan.com>. ## Cautionary note regarding forward-looking statements

Any statements contained in this prospectus supplement, the accompanying prospectus and the information incorporated by reference herein and therein that refer to our estimated or anticipated future results or other non-historical facts are forward-looking statements (within the meaning of the Private Securities Litigation Reform Act of 1995) that reflect our current perspective of existing trends and information as of the date of the relevant document. Forward-looking statements generally will be accompanied by words such as *anticipate, believe, plan, could, should, estimate, expect, forecast, outlook, guidance, intend, may, might, will, possible, potential, predict, project, targets,* phrases or expressions. It is important to note that our goals and expectations are not predictions of actual performance. Actual results may differ materially from our current expectations depending upon a number of factors affecting our business. These factors include, among others:

our ability to successfully develop and commercialize new products;

our ability to conform to regulatory standards and receive requisite regulatory approvals;

availability of raw materials and other key ingredients;

uncertainty and costs of legal actions and government investigations;

the inherent uncertainty associated with financial projections;

fluctuations in our operating results and financial condition, particularly given our manufacturing and sales of branded and generic products;

risks associated with acquisitions, mergers and joint ventures, such as difficulties integrating businesses, uncertainty associated with financial projections, projected synergies, restructuring, increased costs, and adverse tax consequences;

the adverse impact of substantial debt and other financial obligations on the ability to fulfill and/or refinance debt obligations;

risks associated with relationships with employees, vendors or key customers as a result of acquisitions of businesses, technologies or products;

our compliance with federal and state healthcare laws, including laws related to fraud, abuse, privacy security;

risks of the generic industry generally;

generic product competition with our branded products;

uncertainty associated with the development of commercially successful branded pharmaceutical products;

uncertainty associated with development and approval of commercially successful biosimilar products;

costs and efforts to defend or enforce technology rights, patents or other intellectual property;

expiration of our patents on our branded products and the potential for increased competition from generic manufacturers;

risks associated with owning the branded and generic version of a product;

competition between branded and generic products;

the ability of branded product manufacturers to limit the production, marketing and use of generic products;

our ability to obtain and afford third-party licenses and proprietary technology we need;

our potential infringement of others' proprietary rights;

our dependency on third-party service providers and third-party manufacturers and suppliers that in some cases may be the only source of finished products or raw materials that we need;

our competition with certain of our significant customers;

the impact of our returns, allowance and chargeback policies on our future revenue;

successful compliance with governmental regulations applicable to Actavis plc's and our third party providers' facilities, products and/or businesses;

the difficulty of predicting the timing or outcome of product development efforts and regulatory agency approvals or actions, if any;

our vulnerability to and ability to defend against product liability claims and obtain sufficient or any product liability insurance;

our ability to retain qualified employees and key personnel;

the effect of intangible assets and resulting impairment testing and impairment charges on our financial condition;

our ability to obtain additional debt or raise additional equity on terms that are favorable to us;

difficulties or delays in manufacturing;

our ability to manage environmental liabilities;

global economic conditions;

our ability to continue foreign operations in countries that have deteriorating political or diplomatic relationships with the United States;

our ability to continue to maintain global operations;

risks associated with tax liabilities, or changes in U.S. federal or international tax laws to which we are subject, including the risk that the Internal Revenue Service disagrees that we are a foreign corporation for U.S. federal tax purposes;

developments regarding products once they have reached the market; and

other risks and uncertainties including those discussed in "Risk factors" in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference in this prospectus supplement.

When considering these forward-looking statements, you should keep in mind the cautionary statements in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein. Additional information concerning factors that could cause actual results to differ materially from those in forward-looking statements include those discussed under "Risk factors" beginning on page S-25 of this prospectus supplement and page 8 of the accompanying prospectus, in "Forward looking statements" beginning on page 9 of the accompanying prospectus and in our periodic reports referred to in "Where you can find more information" above, including the risk factors summarized and included in Actavis plc's and Allergan's Annual Reports on Form 10-K for the year ended December 31, 2014. We do not undertake any responsibility to release publicly any revisions to these forward-looking statements to take into account events or circumstances that occur after the date of this prospectus. ### **About Actavis plc**

We are a global specialty pharmaceutical company engaged in the development, manufacturing, marketing, and distribution of generic, branded generic, brand name ( brand ), biosimilar and over-the-counter ( OTC ) pharmaceutical products. We also develop and out-license generic pharmaceutical products primarily in Europe through our Medis third-party business.

We have operations in more than 60 countries throughout North America (U.S., Canada and Puerto Rico) and the rest of world. The U.S. remains our largest commercial market and represented more than half of our total net revenues for each of 2014, 2013 and 2012. As of December 31, 2014, we marketed approximately 250 generic pharmaceutical product families and approximately 80 brand pharmaceutical product families in the U.S. and distributed approximately 12,650 stockkeeping units through our Anda Distribution segment.

As a result of the differences between the types of products we market and/or distribute and the methods by which we distribute these products, we operate and manage our business in three distinct operating segments: North American Brands, North American Generics and International and Anda Distribution.

Our North American Brands business is focused on maintaining a leading position within North America, and in particular, the U.S. market. We market our brand products through our active sales professionals in North America. Our sales and marketing efforts focus on general and specialty physicians who specialize in the diagnosis and treatment of particular medical conditions. Each group offers products to satisfy the unique needs of these physicians. We believe this focused sales and marketing approach enables us to foster close professional relationships with specialty physicians, as well as cover the primary care physicians who also prescribe in selected therapeutic areas. We believe that the current structure of sales professionals is very adaptable to the additional products we plan to add to our brand portfolio. Key therapeutic areas of focus for this segment include:

Central Nervous System ( CNS ). Key products include the Namenda franchise for dementia and Viibryd® for major depressive disorders.

Women's Health and Urology. Key products include Lo Loestrin® Fe oral contraceptive, Minastrin® 24 Fe oral contraceptive and Estrace® Cream for relief from menopausal symptoms.

Gastroenterology ( GI ). Key products include Linzess® for irritable bowel syndrome and Asacol® HD/Delzicol® for ulcerative colitis.

Cardiovascular. Key products include Bystolic® for hypertension.

Our North American Generics and International business is focused on maintaining a leading position within both the North American, and in particular, the U.S. market and our key international markets and

---

## **Table of Contents**

strengthening our global position by offering a consistent and reliable supply of quality brand and generic products. Our strategy in the U.S. is to develop pharmaceuticals that are difficult to formulate or manufacture or will complement or broaden our existing product lines. Internationally, we seek to grow our market share in key markets while expanding our presence in new markets. We plan to accomplish this through new product launches, filing existing products overseas and in-licensing products through acquisitions and strategic alliances. In the U.S., we predominantly market our generic products to various drug wholesalers, mail order, government and national retail drug and food store chains utilizing a small team of sales and marketing professionals. We also develop and out-license generic pharmaceutical products through our Medis third party business.

Our Anda Distribution segment distributes generic and brand pharmaceutical products manufactured by third parties, as well as by Actavis plc, primarily to independent pharmacies, pharmacy chains, pharmacy buying groups and physicians' offices. Sales are principally generated through our national accounts relationships, an in-house telemarketing staff and through internally developed ordering systems. We believe that we are able to effectively compete in the distribution market, and therefore optimize our market share, based on competitive pricing, high levels of inventory for responsive customer service that includes next day delivery to the entire U.S., and well-established relationships with our customers, supplemented by electronic ordering capabilities. We are the only U.S. pharmaceutical company that has meaningful distribution operations with direct access to independent pharmacies.

We devote significant resources to the research and development ( R&D ) of brand products, generic products, biosimilars and proprietary drug delivery technologies. We conduct R&D through a network of more than 20 global R&D centers. We are presently developing a number of products through a combination of internal and collaborative programs. As of December 31, 2014, we are developing a number of brand products, some of which utilize novel drug-delivery systems, through a combination of internal and collaborative programs, and we had more than 200 Abbreviated New Drug Applications on file in the U.S. Our R&D strategy focuses on the following product development areas:

Application of proprietary drug-delivery technology for new product development in specialty areas;

Acquisition of mid-to-late development-stage brand drugs and biosimilars;

Off-patent drugs that are difficult to develop or manufacture, or that complement or broaden our existing product lines; and

Development of sustained-release, semi-solid, liquid, oral transmucosal, transdermal, gel, injectable and other drug delivery technologies and the application of these technologies to proprietary drug forms.

### **The Allergan acquisition**

On November 17, 2014, Actavis plc and Allergan announced a definitive agreement (the Merger Agreement ) under which we will acquire Allergan for a combination of \$129.22 in cash (the Cash Consideration Portion ) and 0.3683 Actavis plc ordinary shares (the Stock Consideration Portion ) and, together with the Cash Consideration Portion, the Merger Consideration ) for each share of Allergan common stock (the Acquisition ). Based on the closing price of our shares on November 14, 2014, the transaction was valued at approximately \$66.0 billion. The transaction is expected to close in the late first quarter or early second quarter of 2015.

Our combination with Allergan will create one of the top 10 global pharmaceutical companies by sales revenue. We believe the combination provides a strong foundation for long-term growth, anchored by leading franchises

---

## **Table of Contents**

complemented by a late-stage pipeline focused on innovative and durable value-enhancing products within brands, generics, biologics and OTC portfolios.

In the U.S., the combination makes us more relevant to a broader group of physicians and customers through the addition of key Allergan products. We believe that the addition of Allergan's therapeutic franchises in ophthalmology, neurosciences and medical aesthetics/dermatology will complement our existing CNS, GI, women's health and urology franchises. The combined company will also benefit from Allergan's global brand equity and consumer awareness of key products, including Botox® and Restasis®.

Overseas, the combination will enhance our commercial position, expand our portfolio and broaden our footprint. The transaction expands our presence, market and product reach across 100 international markets, with strengthened commercial positions across Canada, Europe, Southeast Asia and other high-value growth markets, including China, India, the Middle East and Latin America.

We intend to use the net proceeds of this offering, together with the net proceeds of the Ordinary Shares Offering and the proposed Debt Financing described below to finance the Cash Consideration Portion of the Acquisition and to pay related fees and expenses. In the event that we do not consummate the Acquisition on or prior to November 30, 2015 or the Merger Agreement is terminated at any time prior to such date, then we expect to use the net proceeds from this offering to purchase the Mandatory Convertible Preferred Shares as described under "Description of Mandatory Convertible Preferred Shares—Acquisition Termination Redemption." This offering is not contingent upon the closing of the Ordinary Shares Offering (nor is the completion of the Ordinary Shares Offering contingent on the closing of this offering) or the completion of the Acquisition, which, if completed, will occur subsequent to the closing of this offering. We cannot assure you that the Acquisition will be completed or, if completed, that it will be completed within the time period or on the terms and with the anticipated benefits described in this prospectus supplement.

Upon the successful closing of the Acquisition, we intend to use the Allergan name as our corporate name for our global branded pharmaceuticals business, and will retain the Actavis name for our global generic pharmaceutical business. The change in our corporate name will be subject to approval by our shareholders.

## **About Allergan**

Allergan is a multi-specialty health care company focused on developing and commercializing innovative pharmaceuticals, biologics, medical devices and over-the-counter products. Allergan discovers, develops and commercializes a diverse range of products for the ophthalmic, neurological, medical aesthetics, medical dermatology, breast aesthetics, urological and other specialty markets around the world.

Allergan sells its products directly through its own sales subsidiaries in approximately 40 countries and, supplemented by independent distributors, in over 100 countries worldwide. Allergan maintains a global strategic marketing team, as well as regional sales and marketing organizations, to support the promotion and sale of products.

Allergan's global research and development efforts are focused on eye care, neurology, urology, skin care and medical aesthetics. Allergan supplements its own R&D activities with a commitment to identify and obtain new technologies through in-licensing, research collaborations, joint ventures and acquisitions.

Allergan's diversified business model includes products for which patients may be eligible for reimbursement and cash pay products that consumers pay for directly out-of-pocket.

---

## **Table of Contents**

Allergan operates its business on the basis of two reportable segments—specialty pharmaceuticals and medical devices. The specialty pharmaceuticals segment produces a broad range of pharmaceutical products, including: ophthalmic products for dry eye, glaucoma, inflammation, infection, allergy and retinal disease; Botox® for certain therapeutic and aesthetic indications; skin care products for acne, psoriasis, eyelash growth and other prescription and OTC skin care products; and urologics products. The medical devices segment produces a broad range of medical devices, including: breast implants for augmentation, revision and reconstructive surgery and tissue expanders; and facial aesthetics products.

Key therapeutic areas of focus for the specialty pharmaceuticals segment include:

**Eye Care Pharmaceuticals.** Key products include Restasis® for chronic dry eye, Alphagan® and Lumigan® for glaucoma, and Ozurdex® for macular edema and uveitis.

**Neuromodulators.** The key product in this area is Botox®, which is approved in the United States for both therapeutic indications (including adult chronic migraine, overactive bladder, urinary incontinence and cervical dystonia) and for cosmetic uses (including the temporary improvement in the appearance of moderate to severe glabellar lines in adults age 65 or younger).

**Skin Care.** Key products include Aczone® and Tazorac® for acne treatment, Latisse® for growing longer, fuller and darker eyelashes, and the SkinMedica® family of various physician-dispensed, non-prescription aesthetic products.

**Plastic Surgery.** The key product in this area is the Seri® Surgical Scaffold product indicated for use as a transitory scaffold for soft tissue support and repair.

## **Financing transactions**

In addition to this offering, we expect to obtain or otherwise incur additional financing for the Acquisition as described below.

**Ordinary Shares Offering.** Concurrently with this offering, we are offering, by means of a separate prospectus supplement, 13,194,445 of our ordinary shares, plus up to 1,319,444 additional ordinary shares that the underwriters of the Ordinary Shares Offering have the option to purchase from us solely to cover overallocments, if any, in each case, at the public offering price of \$288.00 per share. For a description of certain of the terms of our ordinary shares, see *Description of Actavis Ordinary Shares* in the accompanying prospectus. This prospectus supplement is not an offer to sell or a solicitation of an offer to buy the securities being offered in the Ordinary Shares Offering.

**Debt Financing.** Subsequent to this offering and, if completed, the Ordinary Shares Offering, we or one or more of our subsidiaries expect to offer approximately \$22.0 billion in aggregate principal amount of senior notes (the *Senior Notes*) to fund a portion of the Cash Consideration Portion, and related fees and expenses,

**Table of Contents**

for the Acquisition. In connection with the Acquisition, we also expect that one or more of our subsidiaries will borrow up to \$5.5 billion under senior unsecured term loan facilities (the Term Facilities ), consisting of a tranche of three-year senior unsecured term loans in an original aggregate principal amount of \$2.75 billion and a tranche of five-year senior unsecured term loans in an original aggregate principal amount of \$2.75 billion, and will borrow amounts under a 60-day senior unsecured bridge loan facility in an original aggregate principal amount of up to \$4.698 billion (the Cash Bridge Facility ). We expect to repay any amount borrowed under the Cash Bridge Facility with available cash on hand. In addition, if and to the extent the Mandatory Convertible Preferred Shares offered hereby, the ordinary shares issued substantially concurrently herewith or the proposed Senior Notes are not issued and sold (or are issued in lesser amounts), we will borrow up to \$30.9 billion in loans under a 364-day senior unsecured bridge facility (the Bridge Facility ). We refer to any debt financing that we expect to incur to fund the Cash Consideration Portion for the Acquisition and to pay related fees and expenses as the Debt Financing . This prospectus supplement is not an offer to sell or a solicitation of an offer to buy any debt that may be sold or placed in the proposed Debt Financing.

Completion of this offering is not contingent upon completion of (1) the closing of the Ordinary Shares Offering, (2) the closing of the proposed Debt Financing or (3) the completion of the Acquisition. Accordingly, even if the Acquisition or the other financing transactions do not occur, the Mandatory Convertible Preferred Shares sold in this offering may remain outstanding, and we will not have any obligation to offer to repurchase any or all of the Mandatory Convertible Preferred Shares sold in this offering though we may, at our option, redeem the Mandatory Convertible Preferred Shares if the Acquisition has not closed on or before 5:00 p.m. (New York City time) on November 30, 2015, the Merger Agreement is terminated or we determine the Acquisition will not occur.

We cannot assure you that we will complete the Acquisition or any of the other financing transactions on the terms contemplated by this prospectus supplement or at all.

After the closing of the Acquisition, if completed, we may also replenish our cash or repay any borrowings made in connection with the Acquisition with the proceeds of additional financings.

*The summary below contains basic information about this offering. It does not contain all of the information you should consider in making your investment decision. You should read the entire prospectus supplement and the accompanying prospectus and the information included or incorporated and deemed to be incorporated by reference herein and therein, including the section entitled "Risk factors" included in this prospectus supplement and the consolidated financial statements and the accompanying notes incorporated by reference in this prospectus supplement, before making an investment decision. As used in this section, we, our and us refer only to Actavis plc and not to its consolidated subsidiaries.*

<b>Issuer</b>	Actavis plc, an Irish public limited company.
<b>Securities Offered</b>	4,600,000 of our 5.500% Mandatory Convertible Preferred Shares, Series A, par value \$0.0001 per share.
<b>Public Offering Price</b>	\$1,000.00 per Mandatory Convertible Preferred Share.
<b>Over allotment Option</b>	We have granted the underwriters a 30-day option to purchase up to 460,000 additional Mandatory Convertible Preferred Shares solely to cover over allotments, if any, at the public offering price, less the underwriting discounts and commissions.
<b>Dividends</b>	<p>5.500% of the liquidation preference of \$1,000.00 per Mandatory Convertible Preferred Share per annum. Dividends shall accumulate from the most recent date as to which dividends shall have been paid or, if no dividends have been paid, from the first original issue date, whether or not in any dividend period or periods there have been funds legally available for the payment of such dividends, and, to the extent that we are legally permitted to pay dividends and our board of directors (which term, as used in this summary, includes an authorized committee of the board) declares a dividend with respect to the Mandatory Convertible Preferred Shares, we will pay such dividend in cash or, subject to certain limitations, in our ordinary shares or by delivery of any combination of cash and our ordinary shares, as determined by us in our sole discretion, on each dividend payment date; provided that any undeclared or unpaid dividends will continue to accumulate. Dividends that are declared will be payable on the dividend payment dates to holders of record of the Mandatory Convertible Preferred Shares on the immediately preceding February 15, May 15, August 15 and November 15 (each a record date), whether or not such holders convert their shares, or such shares are automatically converted, after a record date and on or prior to the immediately succeeding dividend payment date. Assuming the initial issue date is March 2, 2015, the expected dividend payable on the first dividend payment date is \$13.60 per share. Each subsequent dividend is expected to be \$13.75 per share. See Description of Mandatory Convertible Preferred Shares Dividends .</p> <p>If we elect to make any payment of a declared dividend, or any portion thereof, in our ordinary shares, such shares shall be valued for such purpose at the average VWAP per ordinary share (as defined under Description of Mandatory Convertible Preferred Shares Method of Payment of Dividends ) over the five</p>

consecutive trading day period beginning on and including the seventh scheduled trading day prior to the applicable dividend payment date (the average price), multiplied by 97%. In no event will the number of our ordinary shares delivered in connection with any declared dividend, including any declared dividend payable in connection with a conversion, exceed a number equal to the total dividend payment divided by \$100.80, which amount represents 35% of the initial price (as defined below) (subject to adjustment in a manner inversely proportional to any anti-dilution adjustment to each fixed conversion rate as described below) (such dollar amount, as adjusted, the floor price). To the extent that the amount of the declared dividend exceeds the product of the number of our ordinary shares delivered in connection with such declared dividend and 97% of the average price, we will, if we are legally able to do so, declare and pay such excess amount in cash.

The initial price is \$288.00, which equals the per share public offering price of our ordinary shares in the Ordinary Shares Offering.

Under Irish law, our board of directors (or an authorized committee) may only declare and pay cash dividends on the Mandatory Convertible Preferred Shares out of our distributable reserves. While as of December 31, 2014 we did not have distributable reserves, we have filed a petition with the Irish High Court to confirm the creation of approximately \$5.79 billion of distributable reserves by decreasing our share premium account. We have undertaken to the underwriters to use reasonable best efforts to create distributable reserves if the Irish High Court declines our petition. If distributable reserves are not created, we may deliver ordinary shares instead of cash to satisfy our obligations under the Mandatory Convertible Preferred Shares.

**Dividend Payment Dates**

March 1, June 1, September 1 and December 1 of each year, commencing on June 1, 2015 and to, and including, the mandatory conversion date.

**Acquisition Termination Redemption**

If the Acquisition has not closed on or before 5:00 p.m. (New York City time) on November 30, 2015, the Merger Agreement is terminated or if we determine in our reasonable judgment that the Acquisition will not occur, we may, at our option, give notice of acquisition termination redemption to the holders of the Mandatory Convertible Preferred Shares. If we provide such notice, then, on the acquisition termination redemption date (as defined herein), we will be required to redeem the Mandatory Convertible Preferred Shares, in whole but not in part, at a redemption amount per Mandatory Convertible Preferred Share equal to the acquisition termination make-whole amount described herein.

If redeemed, we will pay the acquisition termination make-whole amount in cash unless the acquisition termination share price described herein is greater than the initial price. If the acquisition termination share price is greater than the initial price, we will pay the acquisition termination make-whole amount in ordinary shares and cash, unless we elect, subject to certain limitations, to pay

cash or ordinary shares in lieu of such amounts. See Description of Mandatory Convertible Preferred Shares Acquisition termination redemption.

Other than pursuant to the provisions described in this prospectus supplement, the Mandatory Convertible Preferred Shares will not be redeemable by us. See Description of Mandatory Convertible Preferred Shares Acquisition termination redemption.

**Mandatory Conversion Date** March 1, 2018.

**Mandatory Conversion** On the mandatory conversion date, each Mandatory Convertible Preferred Share, unless previously converted, will automatically convert into our ordinary shares based on the conversion rate.

If we declare a dividend for the dividend period ending on the mandatory conversion date, we will pay such dividend to the holders of record as of the immediately preceding record date, as described above. If, prior to the mandatory conversion date, we have not declared all or any portion of the accumulated dividends on the Mandatory Convertible Preferred Shares, the conversion rate will be adjusted so that holders receive an additional number of our ordinary shares equal to the amount of such undeclared, accumulated and unpaid dividends (such amount, the additional conversion amount ) divided by the greater of the floor price and 97% of the average price. To the extent that the additional conversion amount exceeds the product of the number of additional shares and 97% of the average price, we will, if we are legally able to do so, declare and pay such excess amount in cash pro rata to the holders of the Mandatory Convertible Preferred Shares.

**Conversion Rate** The conversion rate for each Mandatory Convertible Preferred Share will be not more than 3.4722 of our ordinary shares and not less than 2.8345 of our ordinary shares (the minimum conversion rate ), depending on the applicable market value of our ordinary shares, and subject to certain anti-dilution adjustments. The applicable market value of our ordinary shares is the average VWAP per ordinary share over the 20 consecutive trading day period beginning on and including the 22nd scheduled trading day immediately preceding the mandatory conversion date.

The conversion rate will be calculated as described under Description of Mandatory Convertible Preferred Shares Mandatory conversion , and the following table illustrates the conversion rate per Mandatory Convertible Preferred Share, subject to certain anti-dilution adjustments.

**Table of Contents**

<b>Applicable market value of our ordinary shares</b>	<b>Conversion rate (number of our ordinary shares to be received upon mandatory conversion of each Mandatory Convertible Preferred Share)</b>
Greater than \$352.80 (which is the threshold appreciation price)	2.8345 shares (approximately equal to \$1,000.00 divided by the threshold appreciation price).
Equal to or less than \$352.80 but greater than or equal to \$288.00	Between 2.8345 and 3.4722 shares, determined by dividing \$1,000.00 by the applicable market value of our ordinary shares.
Less than \$288.00 (which is the initial price)	3.4722 shares (approximately equal to \$1,000.00 divided by the initial price).

**Conversion at the Option of the Holder**

At any time prior to March 1, 2018, other than during a fundamental change conversion period (as defined below), holders of the Mandatory Convertible Preferred Shares may elect to convert their Mandatory Convertible Preferred Shares in whole or in part (but in no event less than one Mandatory Convertible Preferred Share), into our ordinary shares at the minimum conversion rate of 2.8345 ordinary shares per Mandatory Convertible Preferred Share ( early conversion ) as described under Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder . The minimum conversion rate is subject to certain anti-dilution adjustments.

If, as of the effective date of any early conversion (the early conversion date ), we have not declared all or any portion of the accumulated dividends for all dividend periods ending on a dividend payment date prior to such early conversion date, the conversion rate for such early conversion will be adjusted so that holders converting their Mandatory Convertible Preferred Shares at such time receive an additional number of our ordinary shares equal to such amount of undeclared, accumulated and unpaid dividends for such prior dividend periods, divided by the greater of the floor price and the average VWAP per ordinary share over the 20 consecutive trading day period commencing on and including the 22nd scheduled trading day immediately preceding the early conversion date (the early conversion average price ). To the extent that the cash amount of the undeclared, accumulated and unpaid dividends for all dividend periods ending on a dividend payment date prior to the relevant early conversion date exceeds the value of the product of the number of additional shares added to the conversion rate and the early conversion average price, we will not have any obligation to pay the shortfall in cash.

**Table of Contents**

**Conversion at the Option of the Holder Upon Fundamental Change; Fundamental Change Dividend Make-Whole Amount**      If a fundamental change (as defined under Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder upon fundamental change; fundamental change dividend make-whole amount ) occurs on or prior to March 1, 2018, holders of the Mandatory Convertible Preferred Shares will have the right to convert their Mandatory Convertible Preferred Shares, in whole or in part (but in no event less than one Mandatory Convertible Preferred Share), into ordinary shares at the fundamental change conversion rate during the period (the fundamental change conversion period ) beginning on the effective date of such fundamental change (the fundamental change effective date ) and ending on the date that is 20 calendar days after the fundamental change effective date (or, if earlier, the mandatory conversion date). The fundamental change conversion rate will be determined based on the fundamental change effective date and the price paid or deemed paid per ordinary share in the transaction resulting in such fundamental change (the fundamental change share price ).

Holders who convert their Mandatory Convertible Preferred Shares within the fundamental change conversion period will also receive a fundamental change dividend make-whole amount , in cash or in our ordinary shares or any combination thereof, equal to the present value (computed using a discount rate of 2.75% per annum) of all remaining dividend payments on their Mandatory Convertible Preferred Shares (excluding any accumulated dividend amount (as defined under Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder upon fundamental change; fundamental change dividend make-whole amount Fundamental change dividend make-whole amount and accumulated dividend amount ) and declared dividends for a dividend period during which the fundamental change effective date falls) from such fundamental change effective date to, but excluding, the mandatory conversion date. If we elect to pay the fundamental change dividend make-whole amount in our ordinary shares in lieu of cash, the number of our ordinary shares that we will deliver will equal (x) the fundamental change dividend make-whole amount divided by (y) the greater of the floor price and 97% of the fundamental change share price.

In addition, to the extent that the accumulated dividend amount exists as of the fundamental change effective date, holders who convert their Mandatory Convertible Preferred Shares within the fundamental change conversion period will be entitled to receive such accumulated dividend amount in cash (to the extent we are legally permitted to do so) or our ordinary shares or any combination thereof, at our election, upon conversion. If we elect to pay the accumulated dividend amount in our ordinary shares in lieu of cash, the number of our ordinary shares that we will deliver will equal (x) the accumulated

---

**Table of Contents**

dividend amount divided by (y) the greater of the floor price and 97% of the fundamental change share price. To the extent that the fundamental change dividend make-whole amount or the accumulated dividend amount or any portion thereof paid in our ordinary shares exceeds the product of the number of additional shares we deliver in respect thereof and 97% of the fundamental change share price, we will, if we are legally able to do so, declare and pay such excess amount in cash. See Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder upon fundamental change; Fundamental change dividend make-whole amount .

**Anti-Dilution Adjustments**

The conversion rate may be adjusted in the event of, among other things: (1) dividends or distributions of ordinary shares; (2) certain issuances of ordinary share rights or warrants to purchase our ordinary shares at less than the current market price; (3) subdivisions or combinations of our ordinary shares; (4) certain distributions of evidences of our indebtedness, shares of our share capital, securities, rights to acquire shares of our share capital, cash or other assets, including share capital of subsidiaries or other business units in spin-offs; (5) dividends or other distributions consisting exclusively of cash other than in connection with certain reorganization events, a voluntary or involuntary liquidation, dissolution or winding up, or a tender or exchange offer; and (6) certain self-tender or exchange offers for our ordinary shares. See Description of Mandatory Convertible Preferred Shares Anti-dilution adjustments .

**Liquidation Preference**

\$1,000.00 per Mandatory Convertible Preferred Share.

**Voting Rights**

Except as specifically required by Irish law or our Amended and Restated Memorandum and Articles of Association ( Articles ) or the extract resolutions of the board of directors, or an authorized committee thereof, of Actavis plc setting forth the terms of the Mandatory Convertible Preferred Shares (the Designations ), the holders of Mandatory Convertible Preferred Shares will have no voting rights.

Whenever dividends on the Mandatory Convertible Preferred Shares (i) have not been declared and paid, or (ii) have been declared but a sum of cash or number of our ordinary shares sufficient to discharge our obligations in respect thereof has not been set aside for the benefit of the holders thereof on the applicable record date, for the equivalent of six or more dividend periods, whether or not consecutive, the authorized number of directors on our board of directors will, at the next annual meeting of shareholders or at a special meeting of shareholders, automatically be increased by two and the holders of the Mandatory Convertible Preferred Shares, voting together as a single class with holders of any and all other series of voting preferred shares then outstanding, will be entitled, at our next annual meeting or at a special meeting of shareholders, to elect two directors to fill such newly created directorships created thereby, subject to certain limitations.

We will not, without the affirmative vote or consent of holders of at least two-thirds of the outstanding Mandatory Convertible Preferred Shares and all other series of voting preferred shares entitled to vote thereon, voting together as a

single class (1) amend or alter the provisions of our Articles or the Designations so as to authorize or create, or increase the authorized amount of, any specific class or series of senior shares (as defined below); (2) amend, alter or repeal the provisions of our Articles or the Designations so as to adversely affect the special rights, preferences, privileges or voting powers of the Mandatory Convertible Preferred Shares; or (3) consummate a binding share exchange or reclassification involving the Mandatory Convertible Preferred Shares or a merger or consolidation of us with another entity, unless in each case the Mandatory Convertible Preferred Shares remain outstanding or, in the case of any such merger or consolidation with respect to which we are not the surviving or resulting entity, are replaced by preferred shares of the surviving or resulting entity, and the Mandatory Convertible Preferred Shares that remain outstanding or such preferred shares, as the case may be, have terms, taken as a whole, not materially less favorable to holders, in each case subject to certain exceptions. For more information about voting rights, see [Description of Mandatory Convertible Preferred Shares Voting rights](#) .

Certain matters, such as increasing the amount of authorized but unissued preferred shares or the issuance of additional Mandatory Convertible Preferred Shares or additional preferred shares of a class or series of parity shares (as defined below) or junior shares (as defined below), will not require the affirmative vote of holders of Mandatory Convertible Preferred Shares. For more information, see [Description of Mandatory Convertible Preferred Shares Voting rights](#) and [Risk factors Risks relating to the Mandatory Convertible Preferred Shares and Ordinary Shares](#) You will have no voting rights except under limited circumstances.

**Ranking**

The Mandatory Convertible Preferred Shares will rank with respect to dividend rights and distribution rights upon our liquidation, winding-up or dissolution:

senior to our ordinary shares and each class or series of our share capital established in the future unless the terms of such shares expressly provide that they will rank senior to, or on parity with, the Mandatory Convertible Preferred Shares ( junior shares );

on parity with each class or series of our share capital established in the future the terms of which expressly provide that they will rank on parity with the Mandatory Convertible Preferred Shares ( parity shares );

junior to each class or series of our share capital established in the future the terms of which expressly provide that they will rank senior to the Mandatory Convertible Preferred Shares ( senior shares ); and

junior to our existing and future indebtedness.

For information concerning the ranking of the Mandatory Convertible Preferred Shares, see [Description of Mandatory Convertible Preferred Shares Ranking](#) .

As of December 31, 2014, we had a total of approximately \$15.5 billion of outstanding indebtedness and, on an as-adjusted basis after giving effect to the

---

**Table of Contents**

proposed Debt Financing, other than the Cash Bridge Facility, and the Acquisition, would have had approximately \$45.2 billion of outstanding indebtedness, in each case including long-term debt and short-term debt. We have the ability to, and may incur, additional indebtedness in the future.

**Use of Proceeds**

We estimate that the net proceeds to us from this offering, after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, will be approximately \$4,480,888,800 (or approximately \$4,929,677,680 if the underwriters exercise their overallotment option in full).

We expect to use the net proceeds of this offering, together with the net proceeds of the Ordinary Shares Offering and the proposed Debt Financing, to finance the Cash Consideration Portion of the purchase price for the Acquisition and to pay related fees and expenses. In the event that we do not consummate the Acquisition on or prior to November 30, 2015 or the Agreement is terminated at any time prior to such date, then we expect to use the net proceeds from this offering to redeem the Mandatory Convertible Preferred Shares as described under Description of Mandatory Convertible Preferred Shares Acquisition termination redemption.

**Certain United States Federal Income Tax Considerations**

The material United States federal income tax consequences of purchasing, owning and disposing of the Mandatory Convertible Preferred Shares and any ordinary shares received upon conversion are described in Certain United States federal income tax considerations.

**Certain Irish Tax Considerations**

The material Irish tax consequences of purchasing, owning and disposing of the Mandatory Convertible Preferred Shares and any ordinary shares received upon conversion are described in Certain Irish tax considerations. Affected holders of the Mandatory Convertible Preferred Shares may take actions so Irish dividend withholding tax is not withheld from dividends, as described in Certain Irish tax considerations Withholding tax on dividends (DWT).

**Listing**

We intend to apply to have the Mandatory Convertible Preferred Shares listed on the NYSE under the symbol ACTPRA . Our ordinary shares are listed on the NYSE under the symbol ACT .

**Concurrent Ordinary Shares Offering**

Concurrently with this offering, we are offering, by means of a separate prospectus supplement, 13,194,445 of our ordinary shares, plus up to an additional 1,319,444 of our ordinary shares that the underwriters of such offering have the option to purchase from us solely to cover overallotments, if any, in each case, at the actual public offering price of \$288.00 per ordinary share in connection with the financing of the Acquisition.

**Transfer Agent and Registrar**

Computershare Trust Company, N.A. is the transfer agent and registrar for the Mandatory Convertible Preferred Shares.

**Payment and Settlement**

The Mandatory Convertible Preferred Shares are expected to be delivered against payment on March 2, 2015. The Mandatory Convertible Preferred Shares will be registered in the name of a nominee of Depository Trust Company ( DTC ) in New York, New York. In general, beneficial ownership interests in the Mandatory Convertible Preferred Shares will be shown on, and transfers of these beneficial ownership interests will be effected only through, records maintained by DTC and its direct and indirect participants.

Immediately after the consummation of this offering, we will have 4,600,000 Mandatory Convertible Preferred Shares issued and outstanding (or 5,060,000 if the underwriters exercise their overallotment option in full). Immediately after the completion of the Ordinary Shares Offering, we will have 279.5 million of our ordinary shares issued and outstanding. The number of our ordinary shares outstanding immediately after the Ordinary Shares Offering that appears in the preceding sentence is based on 266.3 million of our ordinary shares outstanding as of February 24, 2015 plus 13,194,445 of our ordinary shares that we are offering pursuant to the Ordinary Shares Offering, but excluding:

1,319,444 of our ordinary shares issuable on the exercise of the underwriters' overallotment option in the Ordinary Shares Offering;

the estimated issuance of 110 million ordinary shares in the Ordinary Shares Offering to pay the aggregate Stock Consideration Portion of the Acquisition;

up to 13,038,700 of our ordinary shares (up to 14,342,570 of our ordinary shares if the underwriters in this offering exercise their overallotment option in full), in each case assuming mandatory conversion based on an applicable market value of our ordinary shares greater than the threshold appreciation price of the Mandatory Convertible Preferred Shares of \$352.80 and subject to anti-dilution, make-whole and other adjustments, that would be issuable upon conversion of Mandatory Convertible Preferred Shares issued in this offering; and

an aggregate of approximately 15.2 million of our ordinary shares reserved for issuance under our various share compensation plans as of December 31, 2014.

**Risk factors**

See "Risk factors" beginning on page S-25 of this prospectus supplement and page 8 of the accompanying prospectus for a discussion of factors to which you should refer and carefully consider prior to making an investment in the Mandatory Convertible Preferred Shares.

*For more information about the risks, uncertainties and assumptions relating to Allergan and its business, we refer you to the discussion under the caption **Risk factors** included in Allergan's Annual Report on Form 10-K for the year ended December 31, 2014, which is incorporated by reference in this prospectus supplement and the accompanying prospectus.*

**Risks relating to the Mandatory Convertible Preferred Shares and ordinary shares**

***You will bear the risk of a decline in the market price of our ordinary shares between the pricing date for the Mandatory Convertible Preferred Shares and the mandatory conversion date.***

The number of our ordinary shares that you will receive upon mandatory conversion of the Mandatory Convertible Preferred Shares is not fixed but instead will depend on the applicable market value of our ordinary shares, which is the average VWAP per ordinary share over the 20 consecutive trading day period beginning on and including the 22nd scheduled trading day immediately preceding the mandatory conversion date. The aggregate market value of our ordinary shares that you would receive upon mandatory conversion may be less than the aggregate liquidation preference of the Mandatory Convertible Preferred Shares. Specifically, if the applicable market value of our ordinary shares is less than the initial price of \$288.00, the market value of our ordinary shares that you would receive upon mandatory conversion of each Mandatory Convertible Preferred Shares will be less than the \$1,000.00 liquidation preference, and an investment in the Mandatory Convertible Preferred Shares would result in a loss. Accordingly, you will bear the risk of a decline in the market price of our ordinary shares. Any such decline could be substantial.

***The opportunity for equity appreciation provided by your investment in the Mandatory Convertible Preferred Shares is less than that provided by a direct investment in our ordinary shares.***

The market value of our ordinary shares that you would receive upon mandatory conversion of each Mandatory Convertible Preferred Share on the mandatory conversion date will only exceed the liquidation preference of \$1,000.00 per Mandatory Convertible Preferred Share if the applicable market value of our ordinary shares exceeds the threshold appreciation price of \$352.80. The threshold appreciation price represents an appreciation of 22.50% over the initial price. In this event, you would receive on the mandatory conversion date approximately 81.6327% (which percentage is equal to the initial price divided by the threshold appreciation

---

**Table of Contents**

price) of the value of our ordinary shares that you would have received if you had made a direct investment in our ordinary shares on the date of this prospectus supplement. This means that the opportunity for equity appreciation provided by an investment in the Mandatory Convertible Preferred Shares is less than that provided by a direct investment in our ordinary shares.

In addition, if the market value of our ordinary shares appreciates and the applicable market value of our ordinary shares is equal to or greater than the initial price but less than or equal to the threshold appreciation price, the aggregate market value of our ordinary shares that you would receive upon mandatory conversion will only be equal to the aggregate liquidation preference of the Mandatory Convertible Preferred Shares, and you will realize no equity appreciation on our ordinary shares.

***Our ability to declare and pay cash dividends on the Mandatory Convertible Preferred Shares may be limited.***

Our declaration and payment of cash dividends on the Mandatory Convertible Preferred Shares in the future will be determined by our board of directors (or an authorized committee thereof) in its sole discretion and will depend on business conditions, our financial condition, earnings and liquidity and other factors. See [Risks Relating to Our Business](#) for a discussion of some of these factors.

The agreements governing any of our and our subsidiaries' existing or future indebtedness may limit our ability to declare and pay cash dividends on our ordinary shares and the Mandatory Convertible Preferred Shares. In the event that the agreements governing any such indebtedness restrict our ability to declare and pay dividends in cash on the Mandatory Convertible Preferred Shares, we may be unable to declare and pay dividends in cash on the Mandatory Convertible Preferred Shares unless we can repay or refinance the amounts outstanding under such agreements.

In addition, under Irish law, our board of directors (or an authorized committee thereof) may only declare and pay dividends on shares of our share capital out of our distributable reserves. Distributable reserves generally means the excess of our accumulated realized profits over our accumulated realized losses, and also includes distributable reserves created by way of a reduction of capital, as reflected in our most recent unconsolidated accounts presented to our shareholders at our annual general meeting or such other interim financial statements prepared for such purpose. In addition, under Irish law, we can only make a distribution or pay a dividend to the extent our net assets are equal to, or in excess of, the aggregate of our called up share capital plus undistributable reserves and the distribution or dividend would not reduce our net assets below such aggregate amount. Undistributable reserves include our share premium account and the amount by which our accumulated unrealized profits, so far as not previously utilized by any capitalization, exceed our accumulated unrealized losses, so far as not previously written off in a reduction or reorganization of our capital. While as of December 31, 2014 we did not have distributable reserves out of which to pay cash dividends on the Mandatory Convertible Preferred Shares, we have filed a petition with the Irish High Court to confirm the creation of approximately \$5.79 billion of distributable reserves by reducing some of the share premium created by the issuance of our ordinary shares in connection with the Warner Chilcott Acquisition. We expect to receive approval of the Irish High Court in advance of the first dividend payment on the Mandatory Convertible Preferred Shares. We are not aware of any reason why the Irish High Court would not approve the creation of distributable reserves; however, the issuance of the required order is a matter for the discretion of the Irish High Court. In the event that distributable reserves are not created, no distributions (whether by way of dividends, redemptions or otherwise) will be permitted under Irish law until such time as the Company has created sufficient distributable reserves from its trading activities. Further, even if we are permitted under our contractual obligations and Irish law to declare and pay cash dividends on the Mandatory Convertible Preferred Shares, we may not have sufficient cash to declare and pay dividends in cash on the Mandatory Convertible Preferred Shares. In such circumstances, we may elect to deliver our ordinary shares to satisfy our obligations.

**Table of Contents**

under the Mandatory Convertible Preferred Shares instead of paying a cash dividend or distribution. Delivering ordinary shares amounts to a capitalization of our reserves as opposed to a distribution under Irish law.

If upon (i) mandatory conversion, (ii) an early conversion at the option of a holder or (iii) an early conversion upon a fundamental change, we have not declared and paid all or any portion of the accumulated dividends payable on the Mandatory Convertible Preferred Shares for specified periods, converting holders will receive an additional number of our ordinary shares having a market value generally equal to the amount of such undeclared, accumulated and unpaid dividends, subject to the limitations described under [Description of Mandatory Convertible Preferred Shares Mandatory conversion](#), [Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder](#) and [Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder upon fundamental change; Fundamental change dividend make-whole amount](#), respectively. In the case of mandatory conversion or conversion upon a fundamental change, if these limits to the adjustment of the conversion rate are reached, we will pay the shortfall in cash if we have sufficient distributable reserves, are otherwise legally permitted to do so and are not restricted by the terms of our indebtedness at that time. We will not have an obligation to pay the shortfall in cash if these limits to the adjustment of the conversion rate are reached in the case of an early conversion at the option of the holder.

***Recent regulatory actions may adversely affect the trading price and liquidity of the Mandatory Convertible Preferred Shares.***

Investors in, and potential purchasers of, the Mandatory Convertible Preferred Shares who employ, or seek to employ, a convertible arbitrage strategy with respect to the Mandatory Convertible Preferred Shares may be adversely impacted by regulatory developments that may limit or restrict such a strategy. The SEC and other regulatory and self-regulatory authorities have implemented various rules and may adopt additional rules in the future that restrict and otherwise regulate short selling and over-the-counter swaps and security-based swaps, which restrictions and regulations may adversely affect the ability of investors in, or potential purchasers of, the Mandatory Convertible Preferred Shares to conduct a convertible arbitrage strategy with respect to the Mandatory Convertible Preferred Shares. This could, in turn, adversely affect the trading price and liquidity of the Mandatory Convertible Preferred Shares.

***The adjustment to the conversion rate and the payment of the fundamental change dividend make-whole amount upon the occurrence of certain fundamental changes may not adequately compensate you.***

If a fundamental change (as defined in [Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder upon fundamental change; Fundamental change dividend make-whole amount](#)) occurs on or prior to the mandatory conversion date, holders will be entitled to convert their Mandatory Convertible Preferred Shares during the fundamental change conversion period at the fundamental change conversion rate (in each case as defined in [Description of Mandatory Convertible Preferred Shares Conversion at the option of the holder upon fundamental change; Fundamental change dividend make-whole amount](#)). The fundamental change conversion rate represents an adjustment to the conversion rate otherwise applicable unless the fundamental change share price (as defined in [Description of Mandatory Convertible Preferred Shares Conversion at the Option of the Holder upon Fundamental Change; Fundamental Change Dividend Make-whole Amount](#)) is less than \$100.00 or above \$1,200.00 (in each case, subject to adjustment). In addition, with respect to any Mandatory Convertible Preferred Shares converted during the fundamental change conversion period, you will also receive, among other consideration, a fundamental change dividend make-whole amount in cash (provided we have sufficient distributable reserves), ordinary shares or a combination thereof. Although this adjustment to the conversion rate and the payment of the fundamental change dividend make-whole amount are designed to compensate you for the lost option value of the Mandatory Convertible Preferred Shares and lost dividends as a result of a fundamental change, they are only an approximation of such lost value and lost dividends and may not adequately compensate you for your actual loss. Furthermore, our obligation to adjust

## **Table of Contents**

the conversion rate in connection with a fundamental change and pay the fundamental change dividend make-whole amount (whether in cash or by delivering our ordinary shares or any combination thereof) could possibly be construed as a penalty under Irish law and therefore be deemed invalid.

***Investors will not have any rights to require us to redeem the Mandatory Convertible Preferred Shares in the event that an acquisition termination event occurs or the Acquisition is not completed by November 30, 2015.***

Investors will not have any rights to require us to redeem the Mandatory Convertible Preferred Shares if an acquisition termination event occurs or the Acquisition is not completed by 5:00 p.m. (New York City time) on November 30, 2015. Further, investors will not have any right to require us to redeem the Mandatory Convertible Preferred Shares if, subsequent to the completion of this offering, we or Allergan experience any changes in our business or financial condition or if the terms of the Acquisition or the financing thereof change. Even if we redeem the Mandatory Convertible Preferred Shares, investors may not obtain their expected return and may not be able to reinvest the proceeds from such redemption in an investment that results in a comparable return.

***Actavis plc may fail to realize all of the anticipated benefits of the Acquisition or those benefits may take longer to realize than expected. Actavis plc may also encounter significant difficulties in integrating the two businesses.***

The ability of Actavis plc to realize the anticipated benefits of the Acquisition will depend, to a large extent, on Actavis plc's ability to integrate the two businesses. The combination of two independent businesses is a complex, costly and time-consuming process. As a result, Actavis plc and Allergan will be required to devote significant management attention and resources prior to closing to prepare for integrating, and Actavis plc will be required to devote significant management attention and resources post-closing to integrate, the business practices and operations of Actavis plc and Allergan. The integration process may disrupt the businesses and, if implemented ineffectively, would restrict the realization of the full expected benefits. The failure to meet the challenges involved in integrating the two businesses and to realize the anticipated benefits of the transactions could cause an interruption of, or a loss of momentum in, the activities of the combined company and could adversely affect the results of operations of the combined company.

In addition, the overall integration of the businesses may result in material unanticipated problems, expenses, liabilities, competitive responses, loss of customer and other business relationships, and diversion of management's attention. The difficulties of combining the operations of the companies include, among others:

the diversion of management's attention to integration matters;

difficulties in achieving anticipated cost savings, synergies, business opportunities and growth prospects from the combination;

difficulties in the integration of operations and systems;

conforming standards, controls, procedures and accounting and other policies, business cultures and compensation structures between the two companies;

difficulties in the assimilation of employees;

difficulties in managing the expanded operations of a significantly larger and more complex company;

challenges in keeping existing customers and obtaining new customers;

potential unknown liabilities, adverse consequences and unforeseen increased expenses associated with the Acquisition, including possible adverse tax consequences to the Actavis plc group pursuant to the anti-inversion rules under section 7874 of the Internal Revenue Code of 1986, as amended, as a result of the Acquisition or otherwise;

challenges in attracting and retaining key personnel; and

coordinating a geographically dispersed organization.

Many of these factors will be outside of the control of Actavis plc or Allergan and any one of them could result in increased costs, decreases in the amount of expected revenues and diversion of management's time and energy, which could materially impact the business, financial condition and results of operations of the combined company. In addition, even if the operations of the businesses of Actavis plc and Allergan are integrated successfully, the full benefits of the transactions may not be realized, including the synergies, cost savings or sales or growth opportunities that are expected. These benefits may not be achieved within the anticipated time frame, or at all. Further, additional unanticipated costs may be incurred in the integration of the businesses of Actavis plc and Allergan. All of these factors could cause dilution to the earnings per share of Actavis plc, decrease or delay the expected accretive effect of the transactions, and negatively impact the price of our ordinary shares. As a result, it cannot be assured that the combination of Actavis plc and Allergan will result in the realization of the full benefits anticipated from the transactions.

***Actavis plc and Allergan will incur direct and indirect costs as a result of the Acquisition.***

Actavis plc and Allergan will incur substantial expenses in connection with and as a result of completing the Acquisition and, over a period of time following the completion of the Acquisition, Actavis plc further expects to incur substantial expenses in connection with coordinating the businesses, operations, policies and procedures of Actavis plc and Allergan. While Actavis plc has assumed that a certain level of transaction expenses will be incurred, factors beyond Actavis plc's control could affect the total amount or the timing of these expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately.

***If the Acquisition is consummated, Actavis plc will incur a substantial amount of debt to finance the aggregate Cash Consideration Portion and certain other amounts to be paid in connection with the Acquisition, which could adversely affect Actavis plc's business, including by restricting its ability to engage in additional transactions or incur additional indebtedness or resulting in a downgrade or other adverse action with respect to Actavis plc's credit rating.***

In connection with the Acquisition, Actavis plc expects that one or more of its subsidiaries, including Actavis Funding SCS, will (i) borrow up to \$5.5 billion under the Term Facilities, (ii) issue and sell up to \$22.0 billion of Senior Notes, (iii) borrow up to \$4.698 billion under the Cash Bridge Facility and (iv) if and to the extent the Senior Notes, our ordinary shares or the Mandatory Convertible Preferred Shares are not issued and sold, borrow up to \$30.9 billion under the Bridge Facility. Following the completion of the Acquisition, the combined company will have a significant amount of debt outstanding. On a pro forma basis, giving effect to the incurrence of debt, the consolidated debt of Actavis plc would have been approximately \$45.2 billion as of December 31, 2014. Actavis plc's net consolidated borrowing costs, which cannot be predicted at this time, will depend on rates in effect from time to time, the structure of the indebtedness, taxes and other factors.

This substantial level of debt could have important consequences to Actavis plc's business, including, but not limited to:

reducing the benefits Actavis plc expects to receive from the Acquisition;

making it more difficult for Actavis plc to satisfy its obligations;

limiting Actavis plc's ability to borrow additional funds and increasing the cost of any such borrowing;

increasing Actavis plc's vulnerability to, and reducing its flexibility to respond to, general adverse economic and industry conditions;

---

**Table of Contents**

limiting Actavis plc's flexibility in planning for, or reacting to, changes in its business and the industry in which it operates;

placing Actavis plc at a competitive disadvantage as compared to its competitors, to the extent that they are not as highly leveraged; and

restricting Actavis plc from pursuing certain business opportunities.

Actavis plc's credit ratings impact the cost and availability of future borrowings and, accordingly, Actavis plc's cost of capital. Actavis plc's ratings at any time will reflect each rating organization's then opinion of Actavis' financial strength, operating performance and ability to meet its debt obligations. Following the announcement of the Acquisition, Standard & Poor's Rating Services, Moody's Investor Service, Inc. and Fitch Ratings, Inc. each reaffirmed its respective ratings of Actavis plc. However, there can be no assurance that Actavis plc will achieve a particular rating or maintain a particular rating in the future. Any reduction in Actavis plc's credit ratings may limit Actavis plc's ability to borrow at interest rates consistent with the interest rates that have been available to Actavis plc prior to the Acquisition. If Actavis plc's credit ratings are downgraded or put on watch for a potential downgrade, Actavis plc may not be able to sell additional debt securities or borrow money in the amounts, at the times or interest rates or upon the more favorable terms and conditions that might be available if Actavis plc's current credit ratings are maintained. Any impairment of Actavis plc's ability to obtain future financing on favorable terms could have an adverse effect on Actavis plc's ability to refinance the Bridge Facility, if drawn, with the issuance of debt securities or alternatives to the Bridge Facility on terms more favorable than under the Bridge Facility, or to refinance, to the extent the Cash Bridge Facility is not otherwise repaid using Allergan's cash on hand, the Cash Bridge Facility.

***Actavis plc expects that, for a period of time following the consummation of the Acquisition, Actavis plc will have significantly less cash on hand than the sum of cash on hand of Actavis plc and Allergan prior to the Acquisition. This reduced amount of cash could adversely affect Actavis plc's ability to grow.***

Actavis plc is expected to have, for a period of time following the consummation of the Acquisition, significantly less cash and cash equivalents on hand than the approximately \$5.16 billion of combined cash and cash equivalents of the two companies as of December 31, 2014. On a pro forma basis, giving effect to the Acquisition as if it had been consummated on December 31, 2014, Actavis plc would have had \$1.93 billion of cash and cash equivalents. Although the management of Actavis plc believes that it will have access to cash sufficient to meet Actavis plc's business objectives and capital needs, the lessened availability of cash and cash equivalents for a period of time following the consummation of the Acquisition could constrain Actavis plc's ability to grow its business. Actavis plc's more leveraged financial position following the Acquisition could also make it vulnerable to general economic downturns and industry conditions, and place it at a competitive disadvantage relative to its competitors that have more cash at their disposal. In the event that Actavis plc does not have adequate capital to maintain or develop its business, additional capital may not be available to Actavis plc on a timely basis, on favorable terms, or at all.

***The Merger Agreement may be terminated in accordance with its terms and the Acquisition may not be completed.***

The Merger Agreement contains a number of conditions that must be fulfilled to complete the Acquisition. Those conditions include: the approval of the Merger Agreement and Plan of Merger, dated as of November 16, 2014, as it may be amended from time to time, by and among Actavis plc, Avocado Acquisition Inc. and Allergan (the Merger Proposal), by Allergan stockholders; the approval of Actavis plc's proposal for the issuance of Actavis plc ordinary shares pursuant to the Merger Agreement (the Actavis Share Issuance Proposal) by Actavis plc's shareholders; receipt of requisite regulatory and antitrust approvals; absence of orders prohibiting the closing of the Acquisition; approval of the Actavis plc's ordinary shares to be issued to Allergan

**Table of Contents**

stockholders for listing on the NYSE; the continued accuracy of the representations and warranties of both parties subject to specified materiality standards; the performance by both parties of their covenants and agreements and that, since the date of the Merger Agreement, no material adverse effect of Allergan or Actavis plc has occurred and is continuing. These conditions to the closing of the Acquisition may not be fulfilled and, accordingly, the Acquisition may not be completed. In addition, if the Acquisition is not completed by September 30, 2015 (subject to extension to November 16, 2015, if the only conditions not satisfied or waived (other than those conditions that by their nature are to be satisfied at the closing of the Acquisition, which conditions are capable of being satisfied) are conditions relating to certain required filings and clearances under antitrust laws, the absence of certain proceedings under certain antitrust laws and the absence of any orders, judgments or decrees under certain antitrust laws), either Actavis plc or Allergan may choose not to proceed with the Acquisition. In addition, Actavis plc or Allergan may elect to terminate the Merger Agreement in certain other circumstances, and the parties can mutually decide to terminate the Merger Agreement at any time prior to the consummation of the Acquisition, whether before or after Allergan stockholder approval or Actavis plc shareholder approval.

While we intend to use the proceeds of this offering to fund the Acquisition, this offering is not contingent on the completion of the Acquisition. If we fail to consummate the Acquisition we may decide not to redeem the Mandatory Convertible Preferred Shares in our sole discretion, and we will not be obligated to return any of the proceeds from this offering to investors under any circumstances. If we do not redeem the Mandatory Convertible Preferred Shares, the Mandatory Convertible Preferred Shares will become permanent capital of Actavis plc and, if the Acquisition is not consummated, holders of the Mandatory Convertible Preferred Shares will be exposed to the risks faced by the Company's existing business without any of the potential benefits from the Acquisition. In these circumstances, such holders will also be relying on the judgment of our management and board of directors with regard to the use of the proceeds from this offering, and will not have the opportunity, as part of their investment decision, to assess whether the proceeds are being used appropriately. In these circumstances it is possible that the proceeds will be invested in a way that does not yield a favorable, or any, return for us or our securityholders.

***Actavis plc's and Allergan's actual financial positions and results of operations may differ materially from the unaudited pro forma financial data included in this prospectus supplement.***

The pro forma financial information contained in this prospectus supplement is presented for illustrative purposes only and may not be an indication of what Actavis plc's financial position or results of operations would have been had the transactions been completed on the dates indicated. The pro forma financial information has been derived from the audited and unaudited historical financial statements of Actavis plc, certain companies previously acquired by Actavis plc, and Allergan and certain adjustments and assumptions have been made regarding the combined company after giving effect to the transactions. The assets and liabilities of Allergan have been measured at fair value based on various preliminary estimates using assumptions that Actavis plc's management believes are reasonable utilizing information currently available. The process for estimating the fair value of acquired assets and assumed liabilities requires the use of judgment in determining the appropriate assumptions and estimates. These estimates may be revised as additional information becomes available and as additional analyses are performed. Differences between preliminary estimates in the pro forma financial information and the final acquisition accounting will occur and could have a material impact on the pro forma financial information and the combined company's financial position and future results of operations. In addition, Actavis plc, Allergan and their respective affiliates are involved in various disputes, governmental and/or regulatory inspections, investigations and proceedings, and litigation matters that arise from time to time, and it is possible that an unfavorable resolution of these matters will adversely affect Actavis plc or Allergan and their respective results of operations, financial condition and cash flows. They and their respective affiliates also engage from time to time in settlement discussions regarding

---

**Table of Contents**

such proceedings, including matters involving federal and state authorities. The impact of such settlements could be material to their results of operation, however, there can be no assurance that any such ongoing settlement discussions will result in actual settlements.

In addition, the assumptions used in preparing the pro forma financial information may not prove to be accurate, and other factors may affect Actavis plc's financial condition or results of operations following the closing. Any potential decline in Actavis plc's financial condition or results of operations may cause significant variations in the share price of Actavis plc.

***We would be adversely affected if, either based on current law or in the event of a change in law, the Internal Revenue Service did not agree that Actavis plc is a foreign corporation for U.S. federal tax purposes. In addition, future changes to international tax laws not specifically related to inversions could adversely affect us.***

Actavis plc believes that, under current law, it is treated as a foreign corporation for U.S. federal tax purposes, because it is an Irish incorporated entity. However, the IRS may assert that Actavis plc should be treated as a U.S. corporation for U.S. federal tax purposes pursuant to Section 7874. Under Section 7874, a corporation created or organized outside the United States (i.e., a foreign corporation) will be treated as a U.S. corporation for U.S. federal tax purposes when (i) the foreign corporation directly or indirectly acquires substantially all of the assets held directly or indirectly by a U.S. corporation (including the indirect acquisition of assets of the U.S. corporation by acquiring all the outstanding shares of the U.S. corporation), (ii) the shareholders of the acquired U.S. corporation hold at least 80% (by either vote or value) of the shares of the foreign acquiring corporation after the acquisition by reason of holding shares in the U.S. acquired corporation (including the receipt of the foreign corporation's shares in exchange for the U.S. corporation's shares), and (iii) the foreign corporation's expanded affiliated group does not have substantial business activities in the foreign corporation's country of organization or incorporation relative to such expanded affiliated group's worldwide activities. For purposes of Section 7874, multiple acquisitions of U.S. corporations by a foreign corporation, if treated as part of a plan or series of related transactions, may be treated as a single acquisition. If multiple acquisitions of U.S. corporations are treated as a single acquisition, all shareholders of the acquired U.S. corporations would be aggregated for purposes of the test set forth above concerning such shareholders holding at least 80% (by either vote or value) of the shares of the foreign acquiring corporation after the acquisitions by reason of holding shares in the acquired U.S. corporations.

Actavis plc believes that the test set forth above to treat Actavis plc as a foreign corporation was satisfied in connection with the acquisition of Actavis, Inc., a Nevada corporation, and Warner Chilcott plc, a company incorporated under the laws of Ireland (the Warner Chilcott Transaction) on October 1, 2013. However, the law and Treasury regulations promulgated under Section 7874 are relatively new and somewhat unclear, and thus it cannot be assured that the IRS will agree that the ownership requirements to treat Actavis plc as a foreign corporation were met. Moreover, even if such ownership requirements were met in the Warner Chilcott Transaction and the subsequent acquisition of all of the common stock of Forest Laboratories Inc., a company incorporated under the laws of the State of Delaware (the Forest Transaction), the IRS may assert that, even though the Acquisition is a separate transaction from the Warner Chilcott Transaction and the Forest Transaction, the Acquisition should be integrated with the Warner Chilcott Transaction and the Forest Transaction as a single transaction. In the event the IRS were to prevail with such assertion, Actavis plc would be treated as a U.S. corporation for U.S. federal tax purposes and significant adverse tax consequences would result for Actavis plc.

In addition, changes to the inversion rules in Section 7874 or the U.S. Treasury Regulations promulgated thereunder or other IRS guidance could adversely affect Actavis plc's status as a foreign corporation for U.S. federal tax purposes, and any such changes could have prospective or retroactive application to Actavis plc,

---

**Table of Contents**

Allergan, their respective stockholders, shareholders and affiliates, and/or the Acquisition. For example, in March 2014, the President of the United States proposed legislation that would amend the anti-inversion rules. In September 2014, the U.S. Treasury and the IRS issued additional guidance stating that they intend to issue regulations that will address certain inversion transactions.

Even if Actavis plc is treated as a foreign corporation for U.S. federal tax purposes, Actavis plc might be adversely impacted by recent proposals that have aimed to make other changes in the taxation of multinational corporations. For example, the Organisation for Economic Co-operation and Development has released proposals to create an agreed set of international rules for fighting base erosion and profit shifting. As a result, the tax laws in the United States, Ireland, and other countries in which we and our affiliates do business could change on a prospective or retroactive basis, and any such changes could adversely affect Actavis plc and its affiliates (including Allergan and its affiliates after the Acquisition).

Moreover, U.S. and foreign tax authorities may carefully scrutinize companies that result from cross-border business combination, such as Actavis plc, which may lead such authorities to assert that Actavis plc owes additional taxes.

***Section 7874 likely will limit Actavis plc and its U.S. affiliates' ability to utilize certain U.S. tax attributes of Allergan and its U.S. affiliates to offset certain U.S. taxable income, if any, generated by the Acquisition or certain specified transactions for a period of time following the Acquisition.***

Following the acquisition of a U.S. corporation by a foreign corporation, Section 7874 can limit the ability of the acquired U.S. corporation and its U.S. affiliates to utilize certain U.S. tax attributes such as net operating losses to offset U.S. taxable income resulting from certain transactions. Based on the limited guidance available, Actavis plc believes that this limitation applies to Actavis plc and its U.S. affiliates following the Warner Chilcott Transaction and as a result, Actavis plc currently does not expect that it or its U.S. affiliates (including Allergan and its U.S. affiliates after the Acquisition) will be able to utilize certain U.S. tax attributes of Allergan and its U.S. affiliates to offset their U.S. taxable income, if any, resulting from certain specified taxable transactions.

***The Mandatory Convertible Preferred Shares are subject to redemption at our option upon the occurrence of an acquisition termination event or if the Acquisition is not completed on or prior to 5:00 p.m. (New York City time) on November 30, 2015.***

If the Acquisition is not completed on or before 5:00 p.m. (New York City time) on November 30, 2015, or if an acquisition termination event (as defined herein) occurs, we will be entitled, but not required, to redeem the Mandatory Convertible Preferred Shares, in whole but not in part, at a redemption price equal to \$1,010 per Mandatory Convertible Preferred Share plus accumulated and unpaid dividends to the date of redemption or, in certain circumstances, at an early redemption price that includes a make-whole adjustment. Although the redemption price is designed to compensate you for the lost option value of your Mandatory Convertible Preferred Shares and lost dividends as a result of the acquisition termination redemption, it is only an approximation of such lost value and may not adequately compensate you for your actual loss.

The proceeds of this offering will not be deposited into an escrow account pending any acquisition termination redemption of the Mandatory Convertible Preferred Shares. Our ability to pay the redemption price to holders of the Mandatory Convertible Preferred Shares in connection with an acquisition termination redemption may be limited by our then-existing financial resources, and sufficient funds may not be available when necessary to make any required purchases of the Mandatory Convertible Preferred Shares following our election to redeem the Mandatory Convertible Preferred Shares. Furthermore, as any redemption of Mandatory Convertible Preferred Shares would be a distribution under Irish law, we may only pay the redemption price to holders of the Mandatory Convertible Preferred Shares in connection with an acquisition termination redemption to the extent we have sufficient distributable reserves to do so.

***The conversion rate of the Mandatory Convertible Preferred Shares may not be adjusted for all dilutive events that may adversely affect the market price of the Mandatory Convertible Preferred Shares or our ordinary shares issuable upon conversion of the Mandatory Convertible Preferred Shares.***

The number of our ordinary shares that you are entitled to receive upon conversion of the Mandatory Convertible Preferred Shares is subject to adjustment for share splits and combinations, share dividends and certain other transactions described in Description of Mandatory Convertible Preferred Shares . See Description of Mandatory Convertible Preferred Shares Anti-dilution adjustments for further discussion of anti-dilution adjustments. However, other events, such as employee and director option grants or offerings of our ordinary shares or securities convertible into our ordinary shares (other than those set forth in Description of Mandatory Convertible Preferred Shares Anti-dilution adjustments ) for cash or in connection with acquisitions, which may adversely affect the market price of our ordinary shares, may not result in any adjustment. Further, if any of these other events adversely affects the market price of our ordinary shares, it may also adversely affect the market price of the Mandatory Convertible Preferred Shares. In addition, the terms of the Mandatory Convertible Preferred Shares do not restrict our ability to offer ordinary shares or securities convertible into ordinary shares in the future or to engage in other transactions that could dilute our ordinary shares. We have no obligation to consider the interests of the holders of the Mandatory Convertible Preferred Shares in engaging in any such offering or transaction.

***You will have no rights with respect to our ordinary shares until the Mandatory Convertible Preferred Shares are converted, but you may be adversely affected by certain changes made with respect to our ordinary shares.***

You will have no rights with respect to our ordinary shares, including voting rights, rights to respond to tender offers for our ordinary shares, if any, and rights to receive dividends or other distributions on our ordinary shares, if any (other than through a conversion rate adjustment), prior to the conversion date with respect to a conversion of the Mandatory Convertible Preferred Shares, but your investment in the Mandatory Convertible Preferred Shares may be negatively affected by these events. Upon conversion, you will be entitled to exercise the rights of a holder of ordinary shares only as to matters for which the record date occurs after the conversion date. For example, in the event that an amendment is proposed to our Articles requiring shareholder approval and the record date for determining the shareholders of record entitled to vote on the amendment occurs prior to the conversion date, you will not be entitled to vote on the amendment, unless the proposed amendment will adversely affect the rights, preferences, privileges or voting powers of the Mandatory Convertible Preferred Shares (in which case the holders of at least two-thirds of the outstanding Mandatory Convertible Preferred Shares and all other series of voting preferred shares entitled to vote thereon, voting together as a single class, must consent, in person or by proxy, either in writing or at an annual or special meeting of such shareholders, to the amendment), although you will nevertheless be subject to any changes in the powers, preferences or rights of our ordinary shares. See Description of ordinary shares for further discussion of our ordinary shares.

***You will have no voting rights except under limited circumstances.***

You will have no voting rights, except with respect to certain amendments to the terms of the Mandatory Convertible Preferred Shares, in the case of certain dividend arrearages and certain other limited circumstances and as specifically required by Irish law. You will have no right to vote for any members of our board of directors except in the case of certain dividend arrearages.

If dividends on any Mandatory Convertible Preferred Shares (i) have not been declared and paid, or (ii) have been declared but a sum of cash or number of our ordinary shares sufficient to discharge our obligations in respect thereof has not been set aside for the benefit of the holders thereof on the applicable record date, for the equivalent of six or more dividend periods, whether or not for consecutive dividend periods, the holders of Mandatory Convertible Preferred Shares, voting together as a single class with holders of any and all other

series of our preferred shares then outstanding ranking equally with the Mandatory Convertible Preferred Shares either as to dividends or the distribution of assets upon liquidation, dissolution or winding up and having similar voting rights, will be entitled to elect a total of two additional members of our board of directors, subject to the terms and limitations described in the section of this prospectus supplement entitled *Description of Mandatory Convertible Preferred Shares Voting rights*.

In certain circumstances where the rights, preferences, privileges or voting powers of the Mandatory Convertible Preferred Shares are adversely affected thereby, holders of the Mandatory Convertible Preferred Shares will have the right to vote with respect to certain amendments to our Articles or in connection with certain reclassifications, mergers or consolidation transactions. See *Description of Mandatory Convertible Preferred Shares Voting rights*.

***The Mandatory Convertible Preferred Shares will rank junior to all of our consolidated liabilities.***

In the event of a bankruptcy, liquidation, dissolution or winding up, our assets will be available to pay obligations on the Mandatory Convertible Preferred Shares only after all of our consolidated liabilities have been paid. In the event of a bankruptcy, liquidation, dissolution or winding up, there may not be sufficient assets remaining, after paying our and our subsidiaries' liabilities, to pay amounts due on any or all of the Mandatory Convertible Preferred Shares then outstanding. As of December 31, 2014, we had a total of approximately \$15.5 billion of outstanding debt and, on an as-adjusted basis after giving effect to the Acquisition and the proposed Debt Financing, other than the Cash Bridge Facility, would have had approximately \$45.2 billion of outstanding debt, in each case including long-term debt and short-term debt. We have the ability to, and may incur, additional debt in the future.

***You may be subject to tax with respect to the Mandatory Convertible Preferred Shares even though you do not receive a corresponding cash distribution.***

The conversion rate of the Mandatory Convertible Preferred Shares is subject to adjustment in certain circumstances. See *Description of Mandatory Convertible Preferred Shares Anti-dilution adjustments*. If, as a result of an adjustment (or failure to make an adjustment), your proportionate interest in our assets or earnings and profits is increased, you may be deemed to have received for U.S. federal or Irish income tax purposes a taxable distribution without the receipt of any cash. In addition, we may satisfy our obligations under the Mandatory Convertible Preferred Shares by delivering ordinary shares to holders of the Mandatory Convertible Preferred Shares. Any such delivery of ordinary shares would be taxable to the same extent as a cash distribution of the same amount. In these circumstances and possibly others, a holder of Mandatory Convertible Preferred Shares may be subject to tax even though it has received no cash with which to pay that tax, thus giving rise to an out-of-pocket expense. See *Certain United States federal income tax considerations* and *Certain Irish tax considerations* for a further discussion of the U.S. federal tax implications and Irish tax implications for U.S. shareholders and Irish resident or ordinarily resident shareholders.

***Certain rights of the holders of the Mandatory Convertible Preferred Shares and certain contractual and statutory provisions could delay or prevent an otherwise beneficial takeover or takeover attempt of us and, therefore, the ability of holders of Mandatory Convertible Preferred Shares to exercise their rights associated with a potential fundamental change.***

Certain rights of the holders of the Mandatory Convertible Preferred Shares could make it more difficult or more expensive for a third party to acquire us. For example, if a fundamental change were to occur on or prior to March 1, 2018, holders of the Mandatory Convertible Preferred Shares may have the right to convert their Mandatory Convertible Preferred Shares, in whole or in part, at an increased conversion rate and will also be entitled to receive a fundamental change dividend make-whole amount equal to the present value of all remaining dividend payments on their Mandatory Convertible Preferred Shares. See *Description of Mandatory Convertible*

## **Table of Contents**

Preferred Shares Conversion at the option of the holder upon fundamental change; Fundamental change dividend make-whole amount . These features of the Mandatory Convertible Preferred Shares could increase the cost of acquiring us or otherwise discourage a third party from acquiring us or removing incumbent management.

In addition, our Articles contain provisions that could have the effect of deterring certain takeover practices, takeover bids and unsolicited offers. These provisions include, amongst others:

provisions of our Articles which allow our board of directors to adopt a shareholder rights plan (commonly known as a poison pill ) upon such terms and conditions as the board of directors deems expedient and in our best interests;

rules regarding how our shareholders may present proposals or nominate directors for election at shareholder meetings;

the right of our board of directors to issue preferred shares, such as the Mandatory Convertible Preferred Shares, without shareholder approval in certain circumstances, subject to applicable law; and

the ability of our board of directors to fill vacancies on our board of directors in certain circumstances. These provisions are not intended to make us immune from takeovers. However, these provisions will apply even if a takeover offer may be considered beneficial by some shareholders and could delay or prevent an acquisition that our board of directors determines is not in our or our shareholders best interests. These provisions may also prevent or discourage attempts to remove and replace incumbent directors.

In addition, certain mandatory provisions of Irish law could prevent or delay an acquisition of us. For example, Irish law does not currently permit shareholders of an Irish public limited company to take action by written consent with less than unanimous consent. We are also subject to various provisions of Irish law relating to mandatory bids, voluntary bids, requirements to make a cash offer and minimum price requirements, as well as substantial acquisition rules and rules requiring the disclosure of interests in our ordinary shares in certain circumstances. Also, as an Irish company, we may only alter our memorandum and articles of association with the approval of holders of at least three-quarters of our ordinary shares present and voting in person or by proxy at a general meeting of the Company, subject to any specific voting rights of holders of the Mandatory Convertible Preferred Shares.

### ***An active trading market for the Mandatory Convertible Preferred Shares does not exist and may not develop.***

The Mandatory Convertible Preferred Shares are a new issue of securities with no established trading market. We intend to apply to have the Mandatory Convertible Preferred Shares listed on the New York Stock Exchange under the symbol ACTPRA . Even if the Mandatory Convertible Preferred Shares are approved for listing on the New York Stock Exchange, such listing does not guarantee that a trading market for the Mandatory Convertible Preferred Shares will develop or, if a trading market for the Mandatory Convertible Preferred Shares does develop, the depth or liquidity of that market or the ability of the holders to sell the Mandatory Convertible Preferred Shares, or to sell the Mandatory Convertible Preferred Shares at a favorable price.

### ***The price of the Mandatory Convertible Preferred Shares and ordinary shares may be volatile.***

We expect that generally the market price of our ordinary shares will affect the market price of the Mandatory Convertible Preferred Shares more than any other single factor. The market price of our ordinary shares may be influenced by many factors, some of which are beyond our control, including those described in this Risk factors section and the following:

the factors described above under the heading Cautionary note regarding forward-looking statements ;

actual or anticipated fluctuations in our operating results or our competitors operating results;

**Table of Contents**

announcements by us or our competitors of new products, capacity changes, significant contracts, acquisitions or strategic investments;

our growth rate and our competitors' growth rates;

the financial market and general economic conditions;

changes in stock market analyst recommendations regarding us, our competitors or the pharmaceutical industry generally, or lack of analyst coverage of our ordinary shares;

sales of our ordinary shares by our executive officers, directors and significant shareholders or any sales of substantial amounts of our ordinary shares;

satisfaction of our dividend obligations in respect of the Mandatory Convertible Preferred Shares by delivery of our ordinary shares;

developments indicating the Acquisition will or will not occur or if an acquisition termination event occurs;

changes in accounting principles; and

changes in tax laws and regulations.

In addition, we expect that the market price of the Mandatory Convertible Preferred Shares will be influenced by yield and interest rates in the capital markets, the time remaining to the mandatory conversion date, our creditworthiness and the occurrence of certain events affecting us that do not require an adjustment to the conversion rate. Fluctuations in yield rates in particular may give rise to arbitrage opportunities based upon changes in the relative values of our ordinary shares and Mandatory Convertible Preferred Shares. Any such arbitrage could, in turn, cause a decrease in the market prices of our ordinary shares and the Mandatory Convertible Preferred Shares.

***The Acquisition may not be accretive and may cause dilution to our earnings per share, which may negatively affect the market price of our ordinary shares and the Mandatory Convertible Preferred Shares.***

Although we currently anticipate that the Acquisition will be accretive to earnings per share (on an adjusted earnings basis that is not pursuant to generally accepted accounting principles ( "GAAP" )) from and after the Acquisition, this expectation is based on preliminary estimates, which may change materially.

Our issuance of approximately 110 million ordinary shares to Allergan stockholders to pay the Stock Consideration Portion and certain other amounts to be paid in connection with the Acquisition, assumption of Allergan equity-based awards at the closing of the Acquisition and issuance of ordinary shares at the closing of the Ordinary Shares Offering to finance a portion of the Cash Consideration Portion and certain other amounts to be paid in connection with the Acquisition may cause dilution to our earnings per share or decrease or delay the expected accretive effect of the Acquisition and cause a decrease in the market price of our ordinary shares and the Mandatory Convertible Preferred Shares.

In addition, we could encounter additional transaction-related costs or other factors such as the failure to realize all of the benefits anticipated in the Acquisition. All of these factors could cause a reduction in our earnings per share or decrease or delay the expected accretive effect of the Acquisition and cause a decrease in the market price of our ordinary shares.

---

**Table of Contents**

***The market price for our ordinary shares and the Mandatory Convertible Preferred Shares following the closing of the Acquisition may be affected by factors different from those that historically have affected or may currently affect our ordinary shares.***

Upon completion of the Acquisition, holders of our ordinary shares will become holders of shares in the combined company. The results of operation of the combined company may be affected by factors different from those currently affecting us. For a discussion of our business and of Allergan's business and of important factors to consider in connection with those businesses, see the discussion under the caption "Risk factors" in each of our and Allergan's Annual Reports on Form 10-K for the year ended December 31, 2014, which are incorporated by reference herein.

***Sales of substantial amounts of our ordinary shares in the public market, or the perception that these sales may occur, could cause the market price of our ordinary shares, and thus the Mandatory Convertible Preferred Shares, to decline.***

Sales of substantial amounts of our ordinary shares in the public market, or the perception that these sales may occur, or the conversion of the Mandatory Convertible Preferred Shares or the payment of dividends on the Mandatory Convertible Preferred Shares in the form of our ordinary shares, or the perception that such conversions or dividends could occur, could cause the market price of our ordinary shares and thus, the market price of the Mandatory Convertible Preferred Shares, to decline. This could also impair our ability to raise additional capital through the sale of our equity securities.

***The availability of our ordinary shares for sale in the future could reduce the market price of our ordinary shares.***

In the future we may issue additional securities to raise capital. We may also acquire interests in other companies using our ordinary shares or a combination of cash and our ordinary shares. We may also issue securities convertible into our ordinary shares in addition to the Mandatory Convertible Preferred Shares offered hereby. Any of these events may dilute your ownership interest in us and have an adverse impact on the price of our ordinary shares.

***We may issue additional series of preferred shares that rank on a parity with the Mandatory Convertible Preferred Shares as to dividend payments and liquidation preference and that vote with the Mandatory Convertible Preferred Shares on most issues on which the preferred shares are permitted to vote, which may negatively affect your investment.***

Without giving effect to the Mandatory Convertible Preferred Shares that we are offering hereby, we have the authority under our Articles to issue 10,000,000 serial preferred shares. Our Articles do not prohibit us from issuing additional series of preferred shares that would rank on a parity with the Mandatory Convertible Preferred Shares. The issuance of any such series of preferred shares could have the effect of reducing the amounts available to the holders of the Mandatory Convertible Preferred Shares in the event of our liquidation. If we do not have sufficient funds to pay dividends on the outstanding Mandatory Convertible Preferred Shares and such other series of preferred shares, it would also reduce amounts available to the holders of the Mandatory Convertible Preferred Shares for the payment of dividends. Except with respect to changes to our Articles that adversely affect only one series of our preferred shares, the holders of the Mandatory Convertible Preferred Shares and any other series of preferred shares that we issue vote together, as a class, on the issues on which our preferred shares have the right to vote, including our consolidation or merger with another corporation. The interests of the holders of any other series of preferred shares that we issue may be different from the interests of the holders of the Mandatory Convertible Preferred Shares.

### ***Mandatory Convertible Preferred Shares and our ordinary shares received by means of a gift or inheritance could be subject to Irish capital acquisitions tax.***

Irish capital acquisitions tax (which we refer to as CAT ) (currently levied at a rate of 33% above certain tax-free thresholds) could apply to a gift or inheritance of Mandatory Convertible Preferred Shares or a gift or inheritance of ordinary shares irrespective of the place of residence, ordinary residence, or domicile of the parties. This is because Mandatory Convertible Preferred Shares and our ordinary shares will be regarded as property situated in Ireland for CAT purposes. The person who receives the gift or inheritance has primary liability for CAT. See Certain Irish tax considerations Capital acquisitions tax (CAT) beginning on page S-103 of this prospectus supplement.

### ***Transfers of Mandatory Convertible Preferred Shares or our ordinary shares, other than by means of the transfer of book-entry interests in DTC, may be subject to Irish stamp duty.***

Transfers of Mandatory Convertible Preferred Shares or our ordinary shares effected by means of the transfer of book-entry interests in DTC should not be subject to Irish stamp duty. However, if you hold your Mandatory Convertible Preferred Shares or our ordinary shares directly rather than beneficially through DTC, any transfer of your Mandatory Convertible Preferred Shares or ordinary shares could be subject to Irish stamp duty (currently at the rate of 1% of the higher of the price paid or the market value of the shares acquired). A person who directly holds Mandatory Convertible Preferred Shares or our ordinary shares may transfer those shares into his or her own broker account to be held through DTC (or vice versa) without giving rise to Irish stamp duty provided that there is no change in the ultimate beneficial ownership of the Mandatory Convertible Preferred Shares or ordinary shares, as the case may be, as a result of the transfer and the transfer is not in contemplation of a sale of the shares by a beneficial owner to a third party. Payment of Irish stamp duty is generally a legal obligation of the transferee. The potential for stamp duty could adversely affect the price of your Mandatory Convertible Preferred Shares or ordinary shares, as the case may be. See Certain Irish tax considerations Stamp duty beginning on page S-98 of this prospectus supplement.

### ***In certain limited circumstances, dividends we pay may be subject to Irish dividend withholding tax.***

In certain limited circumstances, Irish dividend withholding tax (which we refer to as DWT ) (currently at a rate of 20%) may arise in respect of dividends paid on Mandatory Convertible Preferred Shares or our ordinary shares. A number of exemptions from DWT exist pursuant to which persons resident in the United States and persons resident in the countries listed under Certain Irish tax considerations Withholding tax on dividends (DWT) beginning on page S-99 of this prospectus supplement (which we refer to as the Relevant Territories ) may be entitled to exemptions from DWT.

See Certain Irish tax considerations Withholding tax on dividends (DWT) beginning on page S-99 of this prospectus supplement and, in particular, please note the requirement to complete certain relevant Irish Revenue Commissioners DWT forms (which we refer to as DWT Forms ) in order to qualify for many of the exemptions.

Dividends paid in respect of Mandatory Convertible Preferred Shares or our ordinary shares that are held through DTC should not be subject to DWT where the address of the beneficial owner of such shares in the records of the broker holding such shares is recorded as being in the United States (and such broker has further transmitted the relevant information to a qualifying intermediary appointed by us). Similarly, dividends paid in respect of Mandatory Convertible Preferred Shares or our ordinary shares that are held outside of DTC and are owned by a resident of the United States will not be subject to DWT if such person has provided a completed IRS Form 6166 or a valid DWT Form to our transfer agent to confirm its U.S. residence and claim an exemption. Holders of Mandatory Convertible Preferred Shares resident in other Relevant Territories may also be eligible for exemption from DWT on dividends paid in respect of their Mandatory Convertible Preferred Shares or our

**Table of Contents**

ordinary shares provided they have furnished valid DWT Forms to their brokers (in respect of such shares held through DTC) (and such broker has further transmitted the relevant information to a qualifying intermediary appointed by us) or to our transfer agent (in respect of such shares held outside of DTC). See **Certain Irish tax considerations Withholding tax on dividends (DWT)** on page S-99 of this prospectus supplement. However, other holders of Mandatory Convertible Preferred Shares or our ordinary shares may be subject to DWT, which if you are such a shareholder could adversely affect the price of your shares.

***Dividends received by Irish resident shareholders and certain other shareholders may be subject to Irish income tax.***

Holders of Mandatory Convertible Preferred Shares or our ordinary shares who are neither resident nor ordinarily resident in Ireland and are entitled to an exemption from DWT generally have no liability to Irish income tax (and, in the case of an individual, the universal social charge) on dividends received from us, unless such persons hold their Mandatory Convertible Preferred Shares or our ordinary shares through a branch or agency in Ireland through which a trade is carried on. Holders of Mandatory Convertible Preferred Shares or our ordinary shares who are not resident nor ordinarily resident in Ireland but who are not entitled to an exemption from DWT generally have no further liability to Irish income tax (and, in the case of an individual, the universal social charge). The DWT we deduct discharges the liability to income tax and the universal social charge. An exception to this position may apply where such persons hold their Mandatory Convertible Preferred Shares or our ordinary shares through a branch or agency in Ireland through which a trade is carried on.

Holders of Mandatory Convertible Preferred Shares or our ordinary shares who are resident or ordinarily resident in Ireland may be subject to Irish tax (and, in the case of an individual, the universal social charge) on dividends received from us. Dividends paid on preferred shares issued by an Irish resident company to a holder which is within the charge to Irish corporation tax may, in certain circumstances, be subject to Irish corporation tax under Schedule D Case IV (currently at a rate of 25%).

**It is recommended that you consult your own tax advisor as to the tax consequences of holding Mandatory Convertible Preferred Shares in, and receiving dividends from, us.**

**Table of Contents****Use of proceeds**

We estimate that the net proceeds to us from this offering, after deducting the underwriting discounts and commissions and estimated offering expenses payable by us, will be approximately \$4,480,888,800 (or approximately \$4,929,677,680 if the underwriters exercise their overallotment option in full). We expect to use the net proceeds of this offering, together with the net proceeds of the Ordinary Shares Offering and the proposed Debt Financing, to finance the Cash Consideration Portion of the Acquisition and to pay related fees and expenses. In the event that we do not consummate the Acquisition on or prior to November 30, 2015 or the Agreement is terminated at any time prior to such date, then we expect to use the net proceeds from this offering to redeem the Mandatory Convertible Preferred Shares as described under Description of Mandatory Convertible Preferred Shares Acquisition Termination Redemption. This offering is not contingent upon the completion of the Acquisition, which, if completed, will occur subsequent to the closing of this offering. We cannot assure you that the Acquisition will be completed or, if completed, that it will be completed within the time period or on the terms and with the anticipated benefits contemplated by this prospectus supplement.

The following table outlines the expected sources and uses of funds for the Acquisition. The table assumes that the Acquisition and the financing transactions are completed simultaneously, although a portion of the financing transactions are expected to occur before completion of the Acquisition.

Amounts in the following table are estimated as of December 31, 2014, except offering-specific figures. The actual amounts may vary from the estimated amounts set forth in the following table.

The estimated net proceeds from this offering have been calculated based on the actual public offering price of \$1,000 per Mandatory Convertible Preferred Share.

**Table of Contents**

To the extent that the aggregate net proceeds from this offering and the Ordinary Shares Offering are less than the aggregate amount set forth in the foregoing table, we intend to increase the amount of debt borrowed in the proposed Debt Financing (which may include borrowings under the Bridge Facility) in order to finance the Cash Consideration Portion of the Acquisition.

**Table of Contents****Capitalization**

The following table sets forth our cash and cash equivalents and capitalization as of December 31, 2014:

on an actual basis;

on an as adjusted basis after giving effect to this offering (but not the application of the net proceeds therefrom) based on the actual public offering price of \$1,000 per Mandatory Convertible Preferred Share;

on an as further adjusted basis to also give effect to the Ordinary Shares Offering (but not the application of the net proceeds therefrom), based on the actual public offering price of \$288.00 per ordinary share;

on an as further adjusted basis to also give effect to the proposed Debt Financing, other than the Cash Bridge Facility and assuming no borrowings under the Bridge Facility (but not the application of the net proceeds therefrom); and

on a pro forma basis to give effect to the consummation of the Acquisition and the application of the net proceeds from this offering, the Ordinary Shares Offering and the proposed Debt Financing, other than the Cash Bridge Facility.

The following data are qualified in their entirety by our financial statements and other information incorporated by reference herein. You should read this table in conjunction with Summary The Allergan acquisition , Risk factors and Use of proceeds . Investors in the Mandatory Convertible Preferred Stock should not place undue reliance on the as adjusted information included in this prospectus supplement because this offering is not contingent upon any of the transactions reflected in the adjustments included in the following information.

**Table of Contents****Unaudited pro forma combined financial information**

The following unaudited pro forma combined financial information is presented to illustrate the estimated effects of (i) the assumed issuance of \$22.0 billion aggregate principle amount of notes (the Senior Notes), (ii) the issuance of \$3.8 billion of ordinary shares (the Ordinary Shares), (iii) the issuance of \$4.6 billion of mandatorily convertible preferred shares (the Mandatory Convertible Preferred Shares), (iv) the borrowing under the Term Loan Credit Agreement (the Term Facilities and together with the Senior Notes, the Ordinary Shares and the Mandatory Convertible Preferred Shares, the Debt and Equity Financing) of \$5.5 billion (v) the acquisition of Allergan Inc. (Allergan) by the Company, which was announced on November 17, 2014 (the Acquisition), (vi) the acquisition of Forest Laboratories, Inc. (Forest) by the Company which closed on July 1, 2014, (the Forest Transaction), (vii) the acquisition of Aptalis Holdings Inc. (Aptalis) by Forest, which closed on January 31, 2014 (the Aptalis Transaction), and (viii) the related financings and assumed financings to fund the acquisitions in (vi) and (vii) based on the historical financial position and results of operations of Actavis.

Warner Chilcott Limited is an indirect wholly-owned subsidiary of Actavis plc, the ultimate parent of the group. The results of Warner Chilcott Limited are consolidated into the results of Actavis plc. Due to the de minimis activity between Actavis plc and Warner Chilcott Limited, references throughout this filing relate to both Actavis plc and Warner Chilcott Limited, unless otherwise indicated. References in this section to we, our, us, Actavis, or the Company refer to both Actavis plc and Warner Chilcott Limited. As related to the Unaudited Pro Forma Combined Financial Information, except where otherwise indicated all adjustments (in millions) are applicable to both Warner Chilcott Limited and Actavis plc.

The following historical pro forma combined balance sheet as of December 31, 2014 is based upon and derived from the historical financial information of the Company and Allergan.

The fiscal years of the Company and Allergan ended on December 31. The fiscal years of Forest and Aptalis ended on March 31 and September 30, respectively. The following unaudited pro forma combined statement of operations for the year ended December 31, 2014 was prepared based on (i) the historical consolidated statement of operations of the Company for the year ended December 31, 2014, (ii) the historical consolidated statement of earnings of Allergan for the year ended December 31, 2014, (iii) the historical consolidated statement of operations of Forest for the six months ended June 30, 2014, which was derived by subtracting the consolidated statement of operations for the nine months ended December 31, 2013 and adding the consolidated statement of operations for the fiscal year ended March 31, 2014 from and to the consolidated statement of operations for the three months ended June 30, 2014, and (iv) the historical consolidated statement of operations of Aptalis for the one month ended January 31, 2014.

The Acquisition, the Forest Transaction and the Aptalis Transaction have been accounted for as business combinations using the acquisition method of accounting under the provisions of Accounting Standards Codification (ASC) 805, Business Combinations, (ASC 805). The unaudited pro forma combined financial information set forth below primarily give effect to the following:

Effect of application of the acquisition method of accounting in connection with the acquisitions referred to above;

Effect of issuing the Senior Notes to partially fund the Acquisition;

Effect of issuing the Ordinary Shares to partially fund the Acquisition;

Effect of issuing the Mandatory Convertible Preferred Shares to partially fund the Acquisition;

Effect of borrowing under the Term Facilities; and

The pro forma adjustments are preliminary and are based upon available information and certain assumptions, described in the accompanying notes to the unaudited pro forma combined financial information that Actavis management believes are reasonable under the circumstances. Actual results and valuations may differ materially from the assumptions within the accompanying unaudited pro forma combined financial information. Under ASC 805, assets acquired and liabilities assumed are recorded at fair value. The fair value of identifiable tangible and intangible assets acquired and liabilities assumed from the Acquisition are based on a preliminary estimate of fair value as of December 31, 2014. Any excess of the purchase price over the fair value of identified assets acquired and liabilities assumed will be recognized as goodwill. Significant judgment is required in determining the estimated fair values of in-process research and development ( IPR&D ), identifiable intangible assets and certain other assets and liabilities. Such a valuation requires estimates and assumptions including, but not limited to, determining the timing and estimated costs to complete each in-process project, projecting the timing of regulatory approvals, estimating future cash flows and direct costs in addition to developing the appropriate discount rates and current market profit margins. Actavis management believes the fair values recognized for the assets to be acquired and the liabilities to be assumed are based on reasonable estimates and assumptions. Preliminary fair value estimates may change as additional information becomes available.

The unaudited pro forma combined statements of operations for the fiscal year ended December 31, 2014 assume all of the transactions were completed on January 1, 2014. The unaudited pro forma combined balance sheet as of December 31, 2014 assumes all of the transactions occurred on December 31, 2014, except for the acquisitions of Forest and Aptalis and their related financings, which are already reflected in Actavis historical balance sheet as of December 31, 2014. The unaudited pro forma combined financial information has been prepared by Actavis management in accordance with SEC Regulation S-X Article 11 for illustrative purposes only and is not necessarily indicative of the combined financial position or results of operations that would have been realized had the transactions been completed as of the dates indicated, nor is it meant to be indicative of any anticipated combined financial position or future results of operations that Actavis will experience after the transactions are completed. In addition, the accompanying unaudited pro forma combined statements of operations do not include any pro forma adjustments to reflect expected cost savings or restructuring actions which may be achievable or the impact of any non-recurring activity and one-time transaction related costs.

Certain financial information of Allergan, Forest and Aptalis, as presented in their respective consolidated financial statements, has been reclassified to conform to the historical presentation in Actavis consolidated financial statements for purposes of preparation of the unaudited pro forma combined financial information.

### **1. Description of transactions**

*The Acquisition:* On November 16, 2014, Actavis entered into an Agreement and Plan of Merger (as it may be amended from time to time, the Merger Agreement ) with Avocado Acquisition Inc. ( Merger Sub ), a wholly owned subsidiary of Actavis plc, and Allergan, that provides for the acquisition of Allergan by Actavis. Pursuant to the Merger Agreement, Merger Sub will merge with and into Allergan, with Allergan continuing as the surviving corporation. Following the Acquisition, Allergan will be an indirect wholly owned subsidiary of Actavis. At the effective time of the Acquisition, each share of Allergan's common stock issued and outstanding immediately prior to the Acquisition (other than excluded shares and dissenting shares) will be converted into the right to receive (i) \$129.22 in cash (the Cash Consideration Portion ), without interest, and (ii) 0.3683 of an ordinary share of Actavis plc.

Actavis plans to pay the aggregate Cash Consideration Portion with the anticipated proceeds of the Debt and Equity Financing, which may consist of any of the following: (i) up to \$22.0 billion in aggregate principal amount of the Senior Notes, (ii) \$3.8 billion in Ordinary Shares issuance, (iii) \$4.6 billion in Mandatory Convertible Preferred Shares issuance, (iv) up to \$5.5 billion under the Term Facilities, (v) up to \$4.698 billion in loans under a 60-day senior unsecured bridge loan (the Cash Bridge Facility ) and (vi) if and to the extent all or part of the Senior Notes, the Ordinary Shares or the Mandatory Convertible Preferred Shares are not issued and sold, up to \$30.9 billion in loans under the 364-day senior unsecured bridge facility (the Bridge Facility ).

On December 17, 2014, the Company entered into a credit agreement with respect to the Bridge Facility (the Bridge Credit Agreement ) and term loan credit agreement with respect to the Term Facilities (the Term Loan Credit Agreement ). On November 16, 2014, Actavis obtained a commitment letter (the Commitment Letter ) from certain financial institutions party thereto (the Commitment Parties ) pursuant to which the Commitment Parties agreed to provide, subject to certain conditions, the entire principal amount of the Cash Bridge Facility and commitments for certain other portions of the debt financing for the Acquisition that have been replaced by the Bridge Credit Agreement and the Term Loan Credit Agreement. The commitments under the Commitment Letter with respect to the Cash Bridge Facility remain outstanding.

*Forest Transaction:* On July 1, 2014, the Company acquired Forest for \$30.9 billion, including outstanding indebtedness assumed of \$3.3 billion, equity consideration of \$20.6 billion, which included the assumption of outstanding Forest equity awards, and cash consideration of \$7.1 billion. Under the terms of the Forest Transaction, Forest stockholders and holders of Forest equity awards received 89.8 million of Actavis plc ordinary shares, 6.1 million of Actavis plc non-qualified stock options and 1.1 million of Actavis plc share units. Included in the consideration is the portion of outstanding equity awards deemed to have been earned as of July 1, 2014 of \$568.1 million (amount deemed not to have been earned as of July 1, 2014 was \$570.4 million).

The Company's historical consolidated statement of operations for the year ended December 31, 2014 includes results of operations of Forest since July 1, 2014.

*Aptalis Transaction:* On January 31, 2014, Forest acquired Aptalis in a series of merger transactions for an aggregate purchase price equal to the total enterprise value of Aptalis, plus the aggregate exercise price applicable to Aptalis' outstanding options and other equity awards, plus the amount of closing date cash, minus Aptalis' existing indebtedness, minus certain selling stockholders' expenses.

### **2. Basis of presentation**

The historical consolidated financial information of the Company has been adjusted in the accompanying unaudited pro forma combined financial information to give effect to pro forma events that are (i) directly

## **Table of Contents**

attributable to the transactions, (ii) factually supportable, and (iii) with respect to the unaudited pro forma combined statements of operations, are expected to have a continuing impact on the results of operations.

The unaudited pro forma combined financial information was prepared using the acquisition method of accounting in accordance with ASC 805, which requires, among other things, that assets acquired and liabilities assumed in a business combination be recognized at their fair values as of the acquisition date.

The acquisition method of accounting uses the fair value concepts defined in ASC 820, Fair Value Measurement, (referred to in this registration statement/prospectus as ASC 820 ) as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This is an exit price concept for the valuation of an asset or liability. Market participants are assumed to be buyers or sellers in the most advantageous market for the asset or liability. Fair value measurement for an asset assumes the highest and best use by these market participants. Fair value measurements can be highly subjective and it is possible the application of reasonable judgment could develop different assumptions resulting in a range of alternative estimates using the same facts and circumstances.

### **3. Accounting policies**

Following the Acquisition, the Company will conduct a review of accounting policies of Allergan in an effort to determine if differences in accounting policies require restatement or reclassification of results of operations or reclassification of assets or liabilities to conform to the Company's accounting policies and classifications. As a result of that review, the Company may identify differences among the accounting policies of the Company and Allergan that, when conformed, could have a material impact on this unaudited pro forma combined financial information. During the preparation of this unaudited pro forma combined financial information, the Company was not aware of any material differences between accounting policies of the Company and Allergan, except for certain reclassifications necessary to conform to the Company's financial presentation, and accordingly, this unaudited pro forma combined financial information does not assume any material differences in accounting policies among the Company and Allergan.

### **4. Historical Allergan**

Financial information of Allergan in the Historical Allergan (after conforming reclassifications) column in the unaudited pro forma combined balance sheet represents the historical consolidated balance sheet of Allergan as of December 31, 2014. Financial information presented in the Historical Allergan (after conforming reclassifications) column in the unaudited pro forma combined statement of operations represents the historical consolidated statement of earnings of Allergan for the year ended December 31, 2014. Such financial information has been reclassified or classified to conform to the historical presentation in the Company's consolidated financial statements as set forth below (in millions). Unless otherwise indicated, defined line items included in the footnotes have the meanings given to them in the historical financial statements of Allergan.

**Table of Contents****6. Unaudited pro forma combined balance sheet adjustments**

Adjustments included in the Acquisition Adjustments column in the accompanying unaudited pro forma combined balance sheet at December 31, 2014 are as follows (in millions):

	Note	Amount
<b>Purchase consideration</b>		
Preliminary estimate of fair value of Actavis plc ordinary shares issued	6a	\$ 31,836.1
Preliminary estimate of fair value of Actavis plc equity awards issued	6a	2,348.2

<b>Fair value of total consideration transferred</b>		<b>\$ 72,819.7</b>
<b>Historical book value of net assets acquired</b>		
Book value of Allergan's historical net assets as of December 31, 2014		\$ 7,753.0
Less Allergan's M&A costs expected to incur	6h	(62.2)
<b>Net assets to be acquired</b>		<b>\$ 7,690.8</b>
<b>Adjustments to reflect preliminary fair value of assets acquired and liabilities assumed</b>		
Inventories	6c	\$ 979.3
Product rights and other intangibles, net	6c	53,253.5
Goodwill	6d	23,492.6
Investments and Other Assets	6e	(8.6)
Long-term debt.	6f	(10.2)
Deferred tax liabilities - current	6g	(227.2)
Deferred tax liabilities - non-current	6g	(12,350.5)
<b>Total</b>		<b>\$ 65,128.9</b>

- a. Preliminary estimate of fair value of ordinary shares issued was estimated based on approximately 299.0 million shares of Allergan's common stock outstanding as of December 31, 2014, after factoring in outstanding but unvested equity awards, multiplied by the exchange ratio of 0.3683 and the closing price of Actavis ordinary shares on February 24, 2015 of \$289.11. All equity awards of Allergan were replaced with equity awards of Actavis plc with similar terms, except for restricted stock units with performance conditions. Preliminary estimate of fair value of equity awards issued represents the estimated aggregate fair value of Actavis plc replacement awards attributable to the service periods prior to the Acquisition, which is considered as part of purchase consideration, and was calculated based on Allergan's equity awards outstanding (including restricted stock) as of December 31, 2014, multiplied by the assumed exchange ratio of 0.8153 and estimated fair value of equity awards.

The fair values of Actavis plc ordinary shares and equity awards were estimated based on Actavis plc's closing share price on February 24, 2015 of \$289.11 per share. A 28% increase in the price of Actavis plc ordinary shares would increase the aggregate Merger Consideration by \$9,802.4 million, and a 28% decrease in the price of Actavis plc's ordinary shares would decrease the aggregate Merger Consideration by \$9,785.9 million, both with a corresponding change to Actavis' assets. The market price of Actavis plc's ordinary shares which Allergan stockholders will receive in the Acquisition as a portion of the Merger Consideration will continue to fluctuate from the date of this registration statement/prospectus through the effective time of the Acquisition and the final valuation could differ significantly from the current estimates.

- b. Cash consideration was estimated based on approximately 299.0 million shares of Allergan's common stock outstanding as of December 31, 2014, multiplied by the \$129.22 cash consideration per share.

**Table of Contents**

- c. Represents the estimated fair value adjustment to step-up Allergan's inventory and identifiable intangible assets by \$979.3 million and \$53,253.5 million, to their preliminary fair values of \$1,275.3 million and \$55,040.0 million, respectively, which, when added to the Company's historical inventory and identifiable intangible assets of \$2,075.5 million and \$19,188.4 million, respectively, total \$3,350.8 million and \$74,288.4 million, respectively.

The estimated step-up in inventory will increase cost of sales as the acquired inventory is sold within the first year after the Acquisition. As there is no continuing impact, the effect on cost of sales from the inventory step-up is not included in the unaudited pro forma combined statement of operations.

Identified intangible assets of \$55,040.0 million primarily consist of (i) currently marketed products ( CMP ) of \$45,190.0 million (weighted average useful life of 6.5 years using the economic benefit model) and (ii) IPR&D of \$9,850.0 million. The IPR&D amounts will be capitalized and accounted for as indefinite-lived intangible assets and will be subject to impairment testing until completion or abandonment of the projects. Upon successful completion of each project and launch of the product, the Company will make a separate determination of useful life of the IPR&D intangibles and amortization will be recorded as an expense. As the IPR&D intangibles are not currently marketed, no amortization of these items is reflected in the unaudited pro forma combined statement of operations.

The fair value estimate for identifiable intangible assets is preliminary and is determined based on the assumptions that market participants would use in pricing an asset, based on the most advantageous market for the asset (i.e., its highest and best use). This preliminary fair value estimate could include assets that are not intended to be used, may be sold or are intended to be used in a manner other than their best use. For purposes of the accompanying unaudited pro forma combined financial information, it is assumed that all assets will be used in a manner that represents their highest and best use. The final fair value determination for identified intangibles, including the IPR&D intangibles, may differ from this preliminary determination.

The fair value of identifiable intangible assets is determined primarily using the income approach, which is a valuation technique that provides an estimate of the fair value of an asset based on market participants' expectations of the cash flows an asset would generate over its remaining useful life. Some of the more significant assumptions inherent in the development of the identifiable intangible assets valuations, from the perspective of a market participant, include the estimated net cash flows for each year for each project or product (including net revenues, cost of sales, research and development costs, selling and marketing costs and working capital asset/contributory asset charges), the appropriate discount rate to select in order to measure the risk inherent in each future cash flow stream, the assessment of each asset's life cycle, competitive trends impacting the asset and each cash flow stream as well as other factors. The major risks and uncertainties associated with the timely and successful completion of the IPR&D projects include legal risk and regulatory risk. No assurances can be given that the underlying assumptions used to prepare the discounted cash flow analysis will not change or the timely completion of each project to commercial success will occur. For these and other reasons, actual results may vary significantly from estimated results.

- d. Goodwill is calculated as the difference between the fair value of the consideration expected to be transferred and the values assigned to the identifiable tangible and intangible assets acquired and liabilities assumed. The adjustment represents a net increase of Actavis' total goodwill by \$25,885.5 million to \$50,407.0 million after giving effect to the Acquisition.
- e. Represents the removal of Allergan's deferred debt issuance costs of \$8.6 million.
- f. Represents the estimated fair value adjustment of \$10.2 million to Allergan's historical long-term debt.
- g. Represents deferred income tax liabilities of \$227.2 million (current) and \$12,350.5 million (non-current), resulting from fair value adjustments for the identifiable tangible assets and intangible assets as well as

**Table of Contents**

liabilities assumed and other acquisition accounting adjustments, respectively. This estimate of deferred tax liabilities was determined based on the excess book basis over the tax basis of the assets acquired and liabilities assumed at a 23.2% weighted average statutory tax rate of where most of Allergan's taxable income was generated historically.

- h. Represents cash outflows from the (i) payment of cash purchase consideration of \$38,635.4 million and (ii) \$62.2 million of transaction costs that are expected to be incurred by Allergan and \$67.2 million of transaction costs that are expected to be incurred by the Company.
- i. Represents the addition of ordinary shares and additional paid-in capital (excluding restricted shares) of \$31,836.1 million, the addition of shareholder's equity related to the replacement equity awards (including restricted shares) of \$2,348.2 million and the elimination of Allergan's common stock and additional paid in capital of \$3.1 million and \$3,353.7 million respectively.
- j. Represents the elimination of Allergan's retained earnings of \$5,894.8 million and \$67.2 million of estimated future transaction costs the Company expects to incur related to the Acquisition.
- k. Represents the elimination of Allergan's historical treasury stock and accumulated other comprehensive income. Adjustments included in the Financing Adjustments column in the accompanying unaudited pro forma combined balance sheet at December 31, 2014 are as follows (in millions):

- l. The adjustment to cash is as follows:

Senior Notes	\$ 22,000.0
Net proceeds from issuance of Ordinary Shares	3,700.4
Net proceeds from issuance of Mandatory Convertible Preferred Shares	4,480.9
Term Facilities	5,500.0
Total financing costs	(152.5)

**Total net financing** \$ 35,528.8

The Company has excluded potential borrowings under the Cash Bridge Facility as borrowings under the facility, if any, are temporary with no ongoing impact to the financial statements. Actavis also has a committed Bridge Facility for up to \$30.9 billion; however, for the pro forma financials it is assumed that the Bridge Facility will not be drawn upon. If the Company is unable to finance a portion of the cash consideration for Allergan as anticipated, and assuming \$22.0 billion is drawn under the committed Bridge Facility, on a pro forma basis interest expense would increase by approximately \$442.3 million, tax benefit would not change, and the net loss to ordinary shareholders would increase approximately \$1.14 per share, leaving all other pro forma adjustments constant. The amount of loss is dependent on several factors, including whether alternative sources of equity or debt financing are available as well as timing of raising anticipated borrowings.

Assuming an increase of \$1.0 billion in proceeds from the Senior Notes, on a pro forma basis interest expense would increase by \$39.2 million, tax benefit would not change, and the net loss to ordinary shareholders would increase by approximately \$0.10 per share, leaving all other pro forma adjustments constant.

- m. Represents capitalized deferred financing costs assumed of \$152.5 million related to the Senior Notes and the Term Facilities in place for Actavis' new borrowings to fund the Acquisition.
- n. Represents the current portion of the Term Facilities of \$68.7 million.

Edgar Filing: Actavis plc - Form 424B2

- o. Represents the long-term portions of the Senior Notes \$22,000.0 million and Term Facilities of \$5,431.3 million.

- p. Represents the Actavis plc offering of the Ordinary Shares with net proceeds of \$3,700.4 million, assuming no exercise of the underwriters overallotment option.

**7. Unaudited pro forma combined statement of operations adjustments***Adjustments related to the Acquisition*

Adjustments included in the Acquisition Adjustments column in the accompanying unaudited pro forma combined statement of operations are as follows:

- a. Represents the elimination of net revenues and cost of sales for product sales of \$12.5 million for the year ended December 31, 2014 between the Company and Allergan.
- b. Represents the incremental stock-based compensation of \$159.1 million for the year ended December 31, 2014 in connection with the replacement equity awards granted at the close of the Acquisition. The replacement charge is accounted for as a modification to the awards.
- c. Represents the elimination of transaction costs that have been incurred by Actavis and Allergan related to the Acquisition.
- d. Represents increased amortization for the fair value of identified intangible assets with definite lives for the year ended December 31, 2014. The increase in amortization expense for intangible assets is calculated using the economic benefit model with a weighted average life of 6.5 years, less the historical Allergan amortization expense.
- e. Represents the income tax effect for unaudited pro forma combined statement of operations adjustments related to the Acquisition using a 23.2% weighted average statutory tax rate where most of Allergan's taxable income was generated historically, offset, in part, by the removal of historical tax expenses related to the adjusted line items.

Adjustments included in the Debt and Equity Financing Adjustments column in the accompanying unaudited pro forma combined statement of operations are as follows:

- f. Represents estimated interest expense, including amortization of deferred financing costs based on effective interest rate method, related to the Senior Notes and the Term Facilities as follows (in millions):

	<b>Year ended December 31, 2014</b>
Senior Notes	\$ 851.4
3 year tranche of the Term Facilities	46.9
5 year tranche of the Term Facilities	50.1

Assuming \$22,000.0 million is drawn under the Senior Notes and the Term Facilities are fully drawn, each 0.125% change in assumed interest rates for the Senior Notes and the Term Facilities would change pro forma interest expense by approximately \$34.4 million for the year ended December 31, 2014.

- g. Based on the financing structure available at the time of this filing, there would be no tax benefit on the new borrowings.

**Table of Contents****Adjustments related to the Forest Transaction**

Adjustments included in the Forest Transaction Adjustments column in the accompanying unaudited pro forma combined statement of operations are as follows:

- h. Represents the elimination of net revenues and cost of sales of product sales of \$16.7 million for the year ended December 31, 2014, between the Company and Forest after the Aptalis Transaction.
- i. Represents the stock-based compensation in connection with the replacement equity awards granted at the close of the Forest Transaction.
- j. Represents the stock-based compensation of \$55.8 million for the year ended December 31, 2014, in connection with the replacement equity awards granted at the close of the Forest Transaction. For the year ended December 31, 2014, this has been offset by the reversal of M&A costs of \$(30.7) million and \$(0.4) million recorded by the Company and Forest, respectively in connection with the Forest Transaction.
- k. Represents increased amortization for the fair value of identified intangible assets with definite lives for the year ended December 31, 2014. The increase in amortization expense for intangible assets is based on the actual useful lives assigned to each product as follows:

l. Represents the income tax effect for unaudited pro forma combined statement of operations adjustments related to the Forest Transaction using a 13% blended statutory tax rate primarily related to the United States and Ireland, for the year ended December 31, 2014. These two countries are where most of Forest's taxable income was generated historically.

Adjustments included in the Forest Financing Adjustments column in the accompanying unaudited pro forma combined statement of operations are as follows:

m. Represents estimated interest expense, including amortization of deferred financing costs based on effective interest rate method, related to the term facilities and the notes associated with the Forest Transaction as follows:

	<b>Year ended</b>
	<b>December 31,</b>
<b>(in millions)</b>	<b>2014</b>
Term facilities (Forest Transaction)	\$ 20.1
Notes (Forest Transaction)	61.1
<b>Total net financing</b>	<b>\$ 81.2</b>

For the term facilities associated with the Forest Transaction of \$2,000.0 million, a five year maturity was assumed. For the notes associated with the Forest Transaction, various maturity dates were assumed ranging from 2017 to 2044. The assumed interest rate for these borrowings was 3.3% on a weighted average basis. Interest expense from the cash bridge loans associated with the Forest Transaction was not reflected in the unaudited combined pro forma statement of operations as it will not have a continuing impact due to the short-term nature.

n. Represents the income tax effect for unaudited pro forma combined statement of operations adjustments related to the financing for the Forest Transaction using a 0% tax rate, as that is the rate for the debt issued for the transaction in Luxembourg.

**Adjustments related to the Aptalis Transaction**

Adjustments included in the Aptalis Transaction and Financing Adjustments column in the accompanying unaudited pro forma combined statement of operations for the year ended December 31, 2014 is as follows:

o. Represents \$38.7 million of M&A costs incurred for the year ended December 31, 2014.

p. Represents increased amortization resulting in the Aptalis Transaction by Forest for the fair value of identified intangible assets with definite lives as follows (in millions):

	<b>Weighted average useful lives</b>	<b>Fair value</b>	<b>One month ended January 30, 2014</b>
CMP intangible assets	10	\$ 2,912.2	\$ 24.3
Less historical amortization			5.3

- q. Represents (a) new interest expense related to the \$1,050.0 million of Forest's 4.375% notes due 2019 and \$750.0 million of Forest's 4.875% notes due 2021, issued in January 2014 for the year ended December 31, 2014, (b) the elimination of Aptalis' historical interest expense of \$60.6 million (inclusive of termination charges) for the year ended December 31, 2014 in connection with the repayment of Aptalis' existing long-term debt in the principal amount of \$1,250.0 million upon the Aptalis Transaction as follows (in millions):

	<b>One month ended January 30, 2014</b>
New interest expense from Forest's 4.375% Notes	\$ 4.0
New interest expense from Forest's 4.875% Notes	3.1
New interest expense from Forest's 5.000% Notes	
Elimination of Aptalis' historical interest (income)	(60.6)
<b>Total expense / (income)</b>	<b>\$ (53.5)</b>

- r. Represents the income tax effect for unaudited pro forma combined statement of operations adjustments related to the Aptalis Transaction and the related financing using a 24.1% weighted average blended statutory tax rate of the United States, Canada and Ireland, where most of Aptalis' taxable income was generated historically.
- s. Financial information presented in the Aptalis Transaction and Financing Adjustments column in the unaudited pro forma combined statement of operations for the year ended December 31, 2014 includes Aptalis historical activities for the one month ended January 30, 2014 prior to the close of the Aptalis Transaction.

**8. Earnings per share**

The unaudited pro forma combined basic and diluted earnings per share calculations are based on Actavis plc's consolidated basic and diluted weighted average number of shares. The pro forma weighted average number of shares outstanding reflects the following adjustments assumed to occur on January 1, 2014:

Elimination of Allergan historical common stock;

The estimated issuance of 110.1 million Actavis plc ordinary shares to Allergan stockholders in the Acquisition, calculated using the 0.3683 exchange ratio based on Allergan's common stock outstanding as of December 31, 2014;

The issuance of 13.2 million Actavis plc ordinary shares issued in the offering of Ordinary Shares to fund the Acquisition with net proceeds of \$3.7 billion;

The issuance of 89.8 million Actavis plc ordinary shares associated with the Forest Transaction, which are included in Actavis' historical balance sheet as of December 31, 2014; and

Edgar Filing: Actavis plc - Form 424B2

Excludes the impact of the issuance of preferred shares as their impact would be anti-dilutive.

**Table of Contents****Description of Mandatory Convertible Preferred Shares**

The following is a summary of certain provisions of our 5.500% Mandatory Convertible Preferred Shares, Series A, par value of \$0.0001 per share, which we refer to as our Mandatory Convertible Preferred Shares. A copy of the extract resolutions of the board of directors, or an authorized committee thereof, of Actavis plc setting forth the terms of the Mandatory Convertible Preferred Shares, which we refer to as the Designations, as well as our Amended and Restated Memorandum and Articles of Association, which we refer to as our Articles, is available upon request from us at the address set forth in the section of this prospectus supplement entitled Where you can find more information. This description of the terms of the Mandatory Convertible Preferred Shares is not complete and is subject to, and qualified in its entirety by reference to, the provisions of our Articles and the Designations.

As used in this section, unless otherwise expressly stated or the context otherwise requires, the terms Actavis plc, the Company, us, we or our refer to Actavis plc and not any of its subsidiaries.

**General**

Under our Articles, our board of directors is authorized, without any approval of our shareholders, to issue up to 10,000,000 serial preferred shares, par value \$0.0001 per share, in one or more series by filing extract resolutions with the Irish Registrar of Companies. Such extract resolutions may set forth the designations, preferences and rights of the shares of each such series of preferred shares and the qualifications, limitations and restrictions thereof, including the dividend rate, the redemption provisions, if any, the amount payable in the event of our dissolution or the distribution of our assets, the terms and conditions, if any, of conversion and the voting rights. As of the date of this prospectus supplement, no preferred shares are outstanding. At the consummation of this offering, we will issue 4,600,000 Mandatory Convertible Preferred Shares. In addition, we have granted the underwriters an option to purchase up to 460,000 additional Mandatory Convertible Preferred Shares solely to cover overallocments as described under Underwriting.

When issued, the Mandatory Convertible Preferred Shares and any ordinary shares issued upon the conversion of the Mandatory Convertible Preferred Shares will be fully paid and nonassessable. The holders of the Mandatory Convertible Preferred Shares will have no preemptive or preferential rights to purchase or subscribe for our ordinary shares, obligations, warrants or other securities of ours of any class. Computershare Trust Company, N.A. serves as the transfer agent and registrar of our ordinary shares and will serve as transfer agent and registrar for the Mandatory Convertible Preferred Shares. Computershare Inc. will serve as conversion and dividend disbursing agent for the Mandatory Convertible Preferred Shares.

**Ranking**

The Mandatory Convertible Preferred Shares, with respect to dividend rights and distribution rights upon our liquidation, winding-up or dissolution, will rank:

senior to (i) our ordinary shares and (ii) each class or series of our share capital established after the first original issue date of shares of the Mandatory Convertible Preferred Shares (which we refer to as the initial issue date) the terms of which do not expressly provide that such class or series ranks senior to or on parity with the Mandatory Convertible Preferred Shares as to dividend rights and distribution rights upon our liquidation, winding-up or dissolution (which we refer to collectively as junior shares);

on parity with each class or series of our share capital established after the initial issue date the terms of which expressly provide that such class or series will rank on parity with the Mandatory Convertible Preferred Shares as to dividend rights and distribution rights upon our liquidation, winding-up or dissolution (which we refer to collectively as parity shares);

**Table of Contents**

junior to each class or series of our share capital established after the initial issue date the terms of which expressly provide that such class or series will rank senior to the Mandatory Convertible Preferred Shares as to dividend rights and distribution rights upon our liquidation, winding-up or dissolution (which we refer to collectively as senior shares ); and

junior to our existing and future indebtedness.

**Dividends**

Subject to the rights of holders of any class or series of our share capital ranking senior to the Mandatory Convertible Preferred Shares with respect to dividends, holders of the Mandatory Convertible Preferred Shares will be entitled to receive, when, as and if declared by our board of directors, or an authorized committee thereof, out of funds legally available for payment, cumulative dividends at the rate per annum of 5.500% on the liquidation preference of \$1,000.00 per Mandatory Convertible Preferred Share (equivalent to \$55 per annum per share), payable in cash, by delivery of our ordinary shares or by delivery of any combination of cash and our ordinary shares, as determined by us in our sole discretion (subject to the limitations described below). See Method of payment of dividends below. Declared dividends on the Mandatory Convertible Preferred Shares will be payable quarterly on March 1, June 1, September 1 and December 1 of each year to and including the mandatory conversion date (as defined below), commencing June 1, 2015 (each, a dividend payment date ), at such annual rate, and dividends shall accumulate from the most recent date as to which dividends shall have been paid or, if no dividends have been paid, from the initial issue date of the Mandatory Convertible Preferred Shares, whether or not in any dividend period or periods there have been funds legally available for the payment of such dividends. Declared dividends will be payable on the relevant dividend payment date to holders of record of the Mandatory Convertible Preferred Shares as they appear on our share register at 5:00 p.m., New York City time, on the immediately preceding February 15, May 15, August 15 and November 15 (each, a record date ), whether or not such holders convert their shares, or such shares are automatically converted, after a record date and on or prior to the immediately succeeding dividend payment date. These record dates will apply regardless of whether a particular record date is a business day. A business day means any day other than a Saturday or Sunday or other day on which commercial banks in New York City are authorized or required by law or executive order to close. If a dividend payment date is not a business day, payment will be made on the next succeeding business day, without any interest or other payment in lieu of interest accruing with respect to this delay.

A dividend period is the period from and including a dividend payment date to but excluding the next dividend payment date, except that the initial dividend period will commence on and include the initial issue date of the Mandatory Convertible Preferred Shares and will end on and exclude the June 1, 2015 dividend payment date. The amount of dividends payable on each Mandatory Convertible Preferred Share for each full dividend period (after the initial dividend period) will be computed by dividing the annual dividend rate by four. Dividends payable on the Mandatory Convertible Preferred Shares for any period other than a full dividend period will be computed based upon the actual number of days elapsed during the period over a 360-day year (consisting of 12 30-day months). Accordingly, the dividend on the Mandatory Convertible Preferred Shares for the first dividend period, assuming the initial issue date is March 2, 2015 will be \$13.60 per share (based on the annual dividend rate of 5.500% and a liquidation preference of \$1,000.00 per share) and will be payable, when, as and if declared, on June 1, 2015 to the holders of record thereof on May 15, 2015. The dividend on the Mandatory Convertible Preferred Shares for each subsequent dividend period, when, as and if declared, will be \$13.75 per share (based on the annual dividend rate of 5.500% and a liquidation preference of \$1,000.00 per share). Accumulations of dividends on shares of the Mandatory Convertible Preferred Shares will not bear interest.

No dividend will be declared or paid upon, or any sum of cash or number of our ordinary shares set apart for the payment of dividends upon, any outstanding Mandatory Convertible Preferred Shares with respect to any

dividend period unless all dividends for all preceding dividend periods have been declared and paid upon, or a sufficient sum of cash or number of our ordinary shares has been set apart for the payment of such dividends upon, all outstanding Mandatory Convertible Preferred Shares.

Our ability to declare and pay cash dividends and to make other distributions with respect to our share capital, including the Mandatory Convertible Preferred Shares, may be limited by the terms of our and our subsidiaries' existing and any future indebtedness. In addition, our ability to declare and pay dividends may be limited by applicable Irish law, including whether we have sufficient distributable reserves to declare and pay a dividend in cash. See Risk factors Risks Relating to the Mandatory Convertible Preferred Shares and Ordinary Shares. Our ability to declare and pay dividends on the Mandatory Convertible Preferred Shares may be limited.

So long as any Mandatory Convertible Preferred Share remains outstanding, no dividend or distribution shall be declared or paid on our ordinary shares or any other class or series of junior shares, and none of our ordinary shares or any other class or series of junior shares shall be purchased, redeemed or otherwise acquired for consideration by us or any of our subsidiaries unless all accumulated and unpaid dividends for all preceding dividend periods have been declared and paid upon, or a sufficient sum of cash or number of our ordinary shares has been set apart for the payment of such dividends upon, all outstanding Mandatory Convertible Preferred Shares. The foregoing limitation shall not apply to: (i) any dividend or distribution payable in ordinary shares or other junior shares, (ii) purchases, redemptions or other acquisitions of ordinary shares or other junior shares in connection with the administration of any benefit or other incentive plan, including any employment contract, in the ordinary course of business (including purchases to offset the share dilution amount pursuant to a publicly announced repurchase plan); provided that any purchases to offset the share dilution amount shall in no event exceed the share dilution amount; (iii) any dividends or distributions of rights in connection with a shareholders' rights plan or any redemption or repurchase of rights pursuant to any shareholders' rights plan; (iv) purchases of ordinary shares or junior shares pursuant to a contractually binding requirement to buy ordinary shares or junior shares existing prior to the preceding dividend period, including under a contractually binding share repurchase plan; or (v) the deemed purchase or acquisition of fractional interests in our ordinary shares or junior shares pursuant to the conversion or exchange provisions of such shares or the security being converted or exchanged. The phrase share dilution amount means the increase in the number of diluted shares outstanding (determined in accordance with U.S. GAAP, and as measured from the initial issue date) resulting from the grant, vesting or exercise of equity-based compensation to directors, employees and agents and equitably adjusted for any stock split, stock dividend, reverse stock split, reclassification or similar transaction.

When dividends on the Mandatory Convertible Preferred Shares (i) have not been declared and paid in full on any dividend payment date, or (ii) have been declared but a sum of cash or number of our ordinary shares sufficient to discharge our obligations in respect thereof has not been set aside for the benefit of the holders thereof on the applicable record date, no dividends may be declared or paid on any parity shares unless dividends are declared on the Mandatory Convertible Preferred Shares such that the respective amounts of such dividends declared on the Mandatory Convertible Preferred Shares and such parity shares shall bear the same ratio to each other as all accumulated dividends and all declared and unpaid dividends per share on the Mandatory Convertible Preferred Shares and such parity shares bear to each other; provided that any unpaid dividends will continue to accumulate.

Subject to the foregoing, and not otherwise, such dividends (payable in cash, securities or other property) as may be determined by our board of directors, or an authorized committee thereof, may be declared and paid on any securities, including our ordinary shares, from time to time out of any funds legally available for such payment, and holders of the Mandatory Convertible Preferred Shares shall not be entitled to participate in any such dividends.

**Method of payment of dividends**

Subject to the limitations described below, we may pay any declared dividend (or any portion of any declared dividend) on the Mandatory Convertible Preferred Shares (whether or not for a current dividend period or any prior dividend period, including in connection with the payment of declared and unpaid dividends pursuant to the provisions described in Mandatory conversion and Conversion at the option of the holder upon fundamental change; fundamental change dividend make-whole amount ), determined in our sole discretion:

- in cash;
- by delivery of our ordinary shares; or
- by delivery of any combination of cash and our ordinary shares.

We will make each payment of a declared dividend on the Mandatory Convertible Preferred Shares in cash, except to the extent we elect to make all or any portion of such payment in our ordinary shares. We will give the holders of the Mandatory Convertible Preferred Shares notice of any such election and the portion of such payment that will be made in cash and the portion that will be made in our ordinary shares no later than 10 scheduled trading days (as defined below) prior to the dividend payment date for such dividend; provided that if we do not provide timely notice of this election, we will be deemed to have elected to pay the relevant dividend in cash.

If we elect to make any such payment of a declared dividend, or any portion thereof, in our ordinary shares, such shares shall be valued for such purpose, in the case of any dividend payment or portion thereof, at 97% of the average VWAP per ordinary share (as defined below) over the five consecutive trading day (as defined below) period beginning on and including the seventh scheduled trading day (as defined below) prior to the applicable dividend payment date (the average price ).

No fractional shares of our ordinary shares will be delivered to the holders of the Mandatory Convertible Preferred Shares in payment or partial payment of a dividend. We will instead pay a cash adjustment to each holder that would otherwise be entitled to a fraction of an ordinary share based on the average price with respect to such dividend.

To the extent a shelf registration statement is required in our reasonable judgment in connection with the issuance of or for resales of our ordinary shares issued as payment of a dividend on the shares of Mandatory Convertible Preferred Shares, including dividends paid in connection with a conversion, we will, to the extent such a shelf registration statement is not currently filed and effective, use our commercially reasonable efforts to file and maintain the effectiveness of such a shelf registration statement until the earlier of such time as all such ordinary shares have been resold thereunder and such time as all such shares would be freely tradable without registration by holders thereof that are not affiliates of ours for purposes of the Securities Act. To the extent applicable, we will also use our commercially reasonable efforts to have the ordinary shares qualified or registered under applicable U.S. state securities laws, if required, and approved for listing on the New York Stock Exchange (or if our ordinary shares are not listed on the New York Stock Exchange, on the principal other U.S. national or regional securities exchange on which our ordinary shares are then listed).

Notwithstanding the foregoing, in no event will the number of our ordinary shares delivered in connection with any declared dividend, including any declared dividend payable in connection with a conversion, exceed a number equal to the total dividend payment divided by \$100.80, which amount represents 35% of the initial price (as defined below), subject to adjustment in a manner inversely proportional to any anti-dilution adjustment to each fixed conversion rate as set forth below in Anti-dilution adjustments (such dollar amount, as adjusted, the floor price ). To the extent that the amount of the declared dividend exceeds the product of (x) the number of our ordinary shares delivered in connection with such declared dividend and (y) 97% of the average price, we will, if we are legally able to do so, declare and pay such excess amount in cash.

## **Table of Contents**

A trading day is a day on which our ordinary shares:

are not suspended from trading, and on which trading in our ordinary shares is not limited, on any national or regional securities exchange or association or over-the-counter market during any period or periods aggregating one half-hour or longer; and

have traded at least once on the national or regional securities exchange or association or over-the-counter market that is the primary market for the trading of our ordinary shares;

provided that if our ordinary shares are not traded on any such exchange, association or market, trading day means any business day.

A scheduled trading day is any day that is scheduled to be a trading day.

VWAP per ordinary share on any trading day means the per share volume-weighted average price as displayed on Bloomberg page ACT <Equity> AQR (or its equivalent successor if such page is not available) in respect of the period from 9:30 a.m. to 4:00 p.m., New York City time, on such trading day; or, if such price is not available, VWAP means the market value per ordinary share on such trading day as determined, using a volume-weighted average method, by a nationally recognized independent investment banking firm retained by us for this purpose. The average VWAP means the average of the VWAPs for each trading day in the relevant period.

Under Irish law, our board of directors (or an authorized committee) may only declare and pay cash dividends on the Mandatory Convertible Preferred Shares out of our distributable reserves. While as of December 31, 2014 we did not have distributable reserves, we have filed a petition with the Irish High Court to confirm the creation of approximately \$5.79 billion of distributable reserves by decreasing our share premium account. We have undertaken to the underwriters to use reasonable best efforts to create distributable reserves if the Irish High Court declines our petition. If distributable reserves are not created, we may deliver ordinary shares instead of cash to satisfy our obligations under the Mandatory Convertible Preferred Shares.

Where we elect to satisfy our obligations under the Mandatory Convertible Preferred Shares by delivering our ordinary shares instead of cash, we will do so by capitalizing our reserves. Under Irish law, a capitalization of our reserves is not treated as a distribution and accordingly we will not require distributable reserves where we elect to deliver our ordinary shares in satisfaction of our obligations under the Mandatory Convertible Preferred Shares.

## **Acquisition termination redemption**

We expect to use the net proceeds from this offering in connection with the acquisition of Allergan, Inc. (the Acquisition), as described under Summary. Within ten Business Days following the earlier of (a) the date on which an acquisition termination event (as defined below) occurs and (b) 5:00 p.m. (New York City time) on November 30, 2015, if the Acquisition has not closed on or prior to such time on such date, we will be entitled, but not required, to mail a notice of acquisition termination redemption to the holders of the Mandatory Convertible Preferred Shares (provided that, if the Mandatory Convertible Preferred Shares are held in book-entry form through DTC we may give such notice in any manner permitted by DTC). If we provide notice of acquisition termination redemption to holders of the Mandatory Convertible Preferred Shares, then, on the acquisition termination redemption date (as defined below), we will be required to redeem the Mandatory Convertible Preferred Shares, in whole but not in part, at a redemption amount per Mandatory Convertible Preferred Share equal to the acquisition termination make-whole amount (as defined below).

acquisition termination event means either (1) the Merger Agreement (as such term is defined under Summary) is terminated or (2) we determine in our reasonable judgment that the Acquisition will not occur.

## **Table of Contents**

acquisition termination make-whole amount means, for each Mandatory Convertible Preferred Share, an amount in cash equal to \$1,010 plus accumulated and unpaid dividends to the acquisition termination redemption date (whether or not declared); provided, however, that if the acquisition termination share price (as defined below) exceeds the initial price, the acquisition termination make-whole amount will equal the reference amount (as defined below).

The acquisition termination share price means the average VWAP per ordinary share over the 10 consecutive trading day period ending on the trading day preceding the date on which we provide notice of acquisition termination redemption.

The reference amount will equal the sum of the following amounts:

(i) a number of ordinary shares equal to the acquisition termination conversion rate (as defined below); plus

(ii) cash in an amount equal to the acquisition termination dividend amount (as defined below);

provided that we may deliver cash in lieu of all or any portion of the ordinary shares set forth in clause (i) above, and we may deliver ordinary shares in lieu of all or any portion of the cash amount set forth in clause (ii) above, in each case, as described below.

acquisition termination conversion rate means a rate equal to the fundamental change conversion rate assuming for such purpose that the date on which we provide notice of acquisition termination redemption is the fundamental change effective date (as defined below) and that the fundamental change share price is the acquisition termination share price.

acquisition termination dividend amount means an amount of cash equal to the sum of (x) the fundamental change dividend make-whole amount and (y) the accumulated dividend amount, assuming in each case, for such purpose that the date on which we provide notice of acquisition termination redemption is the fundamental change effective date.

For a description of the terms fundamental change conversion rate, fundamental change dividend make-whole amount, accumulated dividend amount and fundamental change share price, see Conversion at the option of the holder upon fundamental change; fundamental change dividend make-whole amount.

If the acquisition termination share price exceeds the initial price, we may pay cash (computed to the nearest cent) in lieu of delivering all or any portion of the number of ordinary shares equal to the acquisition termination conversion rate. If we make such an election, we will deliver cash (computed to the nearest cent) in an amount equal to such number of ordinary shares in respect of which we have made this election multiplied by the acquisition termination market value.

In addition, if the acquisition termination share price exceeds the initial price, we may deliver ordinary shares in lieu of cash for some or all of the acquisition termination dividend amount. If we make such an election, we will deliver a number of ordinary shares equal to such portion of the acquisition termination dividend amount to be paid in ordinary shares divided by the greater of the floor price and 97% of the acquisition termination market value; provided that, if the acquisition termination dividend amount or portion thereof in respect of which ordinary shares are delivered exceeds the product of such number of ordinary shares multiplied by 97% of the acquisition termination market value, we will, if we are legally able to do so, declare and pay such excess amount in cash (computed to the nearest cent).

acquisition termination market value means the average VWAP per ordinary share over the 20 consecutive trading day period commencing on and including the third trading day following the date on which we provide notice of acquisition termination redemption.

---

## **Table of Contents**

acquisition termination redemption date means the date specified by us in our notice of acquisition termination redemption that is not less than 30 nor more than 60 days following the date on which we provide notice of such acquisition termination redemption; provided, that, if the acquisition termination share price is greater than the initial price and we elect to pay cash in lieu of delivering all or any portion of the ordinary shares equal to the acquisition termination conversion rate, or if we elect to deliver ordinary shares in lieu of all or any portion of the acquisition termination dividend amount, the acquisition termination redemption date will be the third business day following the last trading day of the 20 consecutive trading day period used to determine the acquisition termination market value.

The notice of acquisition termination redemption will specify, among other things:

the acquisition termination make-whole amount;

if the acquisition termination share price exceeds the initial price, the number of ordinary shares and the amount of cash comprising the reference amount per Mandatory Convertible Preferred Share (before giving effect to any election to pay or deliver, with respect to each Mandatory Convertible Preferred Share, cash in lieu of a number of ordinary shares equal to the acquisition termination conversion rate or ordinary shares in lieu of cash in respect of the acquisition termination dividend amount);

if applicable, whether we will deliver cash in lieu of all or any portion of the number of ordinary shares equal to the acquisition termination conversion rate comprising a portion of the reference amount (specifying, if applicable, the number of such ordinary shares in respect of which cash will be delivered);

if applicable, whether we will deliver ordinary shares in lieu of all or any portion of the acquisition termination dividend amount comprising a portion of the reference amount (specifying, if applicable, the percentage of the acquisition termination dividend amount in respect of which ordinary shares will be delivered in lieu of cash); and

the acquisition termination redemption date.

If any portion of the acquisition termination make-whole amount is to be paid in ordinary shares, no fractional ordinary shares will be delivered to the holders of the Mandatory Convertible Preferred Shares. We will instead, to the extent we are legally permitted to do so, pay a cash adjustment (computed to the nearest cent) to each holder that would otherwise be entitled to a fraction of an ordinary share based on the average VWAP per ordinary share over the five consecutive trading day period beginning on, and including, the seventh scheduled trading day immediately preceding the acquisition termination redemption date. If more than one Mandatory Convertible Preferred Share is to be redeemed from a holder, the number of our ordinary shares issuable in connection with the payment of the reference amount shall be computed on the basis of the aggregate number of Mandatory Convertible Preferred Shares so redeemed. The provisions with respect to delivery of ordinary shares in lieu of cash set forth in the penultimate paragraph of Method of payment of dividends shall apply to any delivery of ordinary shares upon an acquisition termination redemption.

All cash payments to which a holder of the Mandatory Convertible Preferred Shares are entitled in connection with an acquisition termination redemption will be rounded to the nearest cent.

The proceeds of this offering will not be deposited into an escrow account pending any acquisition termination redemption of the Mandatory Convertible Preferred Shares. Our ability to pay the acquisition termination make-whole amount to holders of the Mandatory Convertible Preferred Shares in connection with an acquisition termination redemption may be limited by our then-existing financial resources, and sufficient funds may not be available when necessary to make any required purchases of the Mandatory Convertible Preferred Shares following our election to redeem the Mandatory Convertible Preferred Shares. Furthermore, as any redemption of Mandatory Convertible Preferred Shares would be a distribution under Irish law, we may

---

## **Table of Contents**

only pay the redemption price to holders of the Mandatory Convertible Preferred Shares in connection with an acquisition termination redemption to the extent we have sufficient distributable reserves to do so.

To the extent a shelf registration statement is required in our reasonable judgment in connection with the issuance of or for resales of our ordinary shares issued as payment of any portion of the acquisition termination make-whole amount, we will, to the extent such a shelf registration statement is not currently filed and effective, use our commercially reasonable efforts to file and maintain the effectiveness of such a shelf registration statement until the earlier of such time as all such ordinary shares have been resold thereunder and such time as all such shares would be freely tradable without registration by holders thereof that are not affiliates of ours for purposes of the Securities Act. To the extent applicable, we will also use our commercially reasonable efforts to have such ordinary shares qualified or registered under applicable U.S. state securities laws, if required, and approved for listing on the New York Stock Exchange (or if our ordinary shares are not listed on the New York Stock Exchange, on the principal other U.S. national or regional securities exchange on which our ordinary shares are then listed).

Other than pursuant to the acquisition termination redemption provisions described above, the Mandatory Convertible Preferred Shares will not be redeemable.

## **Liquidation preference**

In the event of our voluntary or involuntary liquidation, winding-up or dissolution, each holder of the Mandatory Convertible Preferred Shares will be entitled to receive a liquidation preference in the amount of \$1,000.00 per Mandatory Convertible Preferred Share (the liquidation preference), plus an amount equal to accumulated and unpaid dividends on the shares to but excluding the date fixed for liquidation, winding-up or dissolution to be paid out of our assets legally available for distribution to our shareholders, after satisfaction of liabilities to our creditors and holders of any senior shares and before any payment or distribution is made to holders of junior shares (including our ordinary shares). If, upon our voluntary or involuntary liquidation, winding-up or dissolution, the amounts payable with respect to the liquidation preference plus an amount equal to accumulated and unpaid dividends on the Mandatory Convertible Preferred Shares and all parity shares are not paid in full, the holders of the Mandatory Convertible Preferred Shares and any other such parity shares will share equally and ratably in any distribution of our assets in proportion to their liquidation preference and an amount equal to accumulated and unpaid dividends to which they are entitled. After payment of the full amount of the liquidation preference and an amount equal to accumulated and unpaid dividends to which they are entitled, the holders of the Mandatory Convertible Preferred Shares will have no right or claim to any of our remaining assets. See General and Risk factors Risks Relating to the Mandatory Convertible Preferred Shares and Ordinary Shares The Mandatory Convertible Preferred Shares will rank junior to all of our consolidated liabilities.

Neither the sale of all or substantially all of our assets, nor our merger or consolidation into or with any other person, will be deemed to be our voluntary or involuntary liquidation, winding-up or dissolution.

Our Articles, together with the Designations, do not contain any provision requiring funds to be set aside to protect the liquidation preference of the Mandatory Convertible Preferred Shares even though it is substantially in excess of the par value thereof.

## **Voting rights**

The holders of the Mandatory Convertible Preferred Shares will not have voting rights except as described below and as specifically required by Irish law from time to time.

---

**Table of Contents**

Whenever dividends on any shares of the Mandatory Convertible Preferred Shares (i) have not been declared and paid, or (ii) have been declared but a sum of cash or number of our ordinary shares sufficient to discharge our obligations in respect thereof has not been set aside for the benefit of the holders thereof on the applicable record date, for the equivalent of six or more dividend periods, whether or not for consecutive dividend periods (a nonpayment), the authorized number of directors on our board of directors will, at the next annual meeting of shareholders or at a special meeting of shareholders as provided below, automatically be increased by two and the holders of such Mandatory Convertible Preferred Shares, voting together as a single class with holders of any and all other series of voting preferred shares (as defined below) then outstanding, will be entitled, at our next annual meeting or at a special meeting of shareholders, to fill such newly created directorships by electing two additional directors (the preferred share directors); provided that the election of any such directors will not cause us to violate the corporate governance requirements of the New York Stock Exchange (or any other exchange or automated quotation system on which our securities may be listed or quoted) that requires listed or quoted companies to have a majority of independent directors; and provided further that our board of directors shall, at no time, include more than two preferred share directors. In the event of a nonpayment, the holders of at least 25% of the Mandatory Convertible Preferred Shares and any other series of voting preferred shares may request that a special meeting of shareholders be called to elect such preferred share directors (provided, however, that if our next annual or a special meeting of shareholders is scheduled to be held within 90 days of the receipt of such request, the election of such preferred share directors, to the extent otherwise permitted by our Articles, will be included in the agenda for and will be held at such scheduled annual or special meeting of shareholders). The preferred share directors will stand for reelection annually, at each subsequent annual meeting of the shareholders, so long as the holders of the Mandatory Convertible Preferred Shares continue to have such voting rights.

At any meeting at which the holders of the Mandatory Convertible Preferred Shares are entitled to elect preferred share directors, the holders of a majority of the then outstanding Mandatory Convertible Preferred Shares and all other series of voting preferred shares, present in person or represented by proxy, will constitute a quorum and the vote of the holders of a majority of such Mandatory Convertible Preferred Shares and other voting preferred shares so present or represented by proxy at any such meeting at which there shall be a quorum shall be sufficient to elect the preferred share directors.

As used in this prospectus supplement, voting preferred shares means any series of our preferred shares, in addition to the Mandatory Convertible Preferred Shares, ranking equally with the Mandatory Convertible Preferred Shares either as to dividends or to the distribution of assets upon liquidation, dissolution or winding up and upon which like voting rights for the election of directors have been conferred and are exercisable. Whether a plurality, majority or other portion in voting power of the Mandatory Convertible Preferred Shares and any other voting preferred shares have been voted in favor of any matter shall be determined by reference to the respective liquidation preference amounts of the Mandatory Convertible Preferred Shares and such other voting preferred shares voted.

If and when all accumulated and unpaid dividends have been paid in full, or declared and a sum (which may include our ordinary shares) sufficient to discharge our obligations in respect thereof shall have been set aside (a nonpayment remedy), the holders of the Mandatory Convertible Preferred Shares shall immediately and, without any further action by us, be divested of the foregoing voting rights, subject to the revesting of such rights in the event of each subsequent nonpayment. If such voting rights for the holders of the Mandatory Convertible Preferred Shares and all other holders of voting preferred shares have terminated, the term of office of each preferred share director so elected will terminate at such time and the authorized number of directors on our board of directors shall automatically decrease by two.

Any preferred share director will be removed automatically where the director is restricted or disqualified from acting as a director under Irish law or at any time by the holders of record of a majority in voting power of the

**Table of Contents**

outstanding Mandatory Convertible Preferred Shares and any other series of voting preferred shares then outstanding (voting together as a single class) when they have the voting rights described above. In the event that a nonpayment shall have occurred and there shall not have been a nonpayment remedy, any vacancy in the office of a preferred share director (other than prior to the initial election after a nonpayment) may be filled by the written consent of the preferred share director remaining in office or, if none remains in office, filled by the holders of Mandatory Convertible Preferred Shares, voting together as a single class with holders of any and all other series of voting preferred shares then outstanding, at our next annual meeting or at a special meeting of shareholders, by electing two preferred share directors when they have the voting rights described above; provided that the filling of each vacancy will not cause us to violate the corporate governance requirements of the New York Stock Exchange (or any other exchange or automated quotation system on which our securities may be listed or quoted) that requires listed or quoted companies to have a majority of independent directors. The preferred share directors will each be entitled to one vote per director on any matter.

So long as any Mandatory Convertible Preferred Shares remain outstanding, we will not, without the affirmative vote or consent of the holders of at least two-thirds of the outstanding Mandatory Convertible Preferred Shares and all other series of voting preferred shares entitled to vote thereon, voting together as a single class, given in person or by proxy, either in writing or at an annual or special meeting of such shareholders:

- (1) amend or alter the provisions of our Articles or the Designations so as to authorize or create, or increase the authorized amount of, any class or series of senior shares; or
- (2) amend, alter or repeal the provisions of our Articles or the Designations so as to adversely affect the rights, preferences, privileges or voting powers of the Mandatory Convertible Preferred Shares, including, without limitation, the right to payment of additional amounts as described under Payment of Additional Amounts ; or
- (3) consummate a binding share exchange or reclassification involving the Mandatory Convertible Preferred Shares or a merger or consolidation of us with another entity, unless in each case: (i) the Mandatory Convertible Preferred Shares remain outstanding or, in the case of any such merger or consolidation with respect to which we are not the surviving or resulting entity (or the Mandatory Convertible Preferred Shares are otherwise exchanged or reclassified), are converted or reclassified into or exchanged for preferred shares of the surviving or resulting entity or its ultimate parent; and (ii) such Mandatory Convertible Preferred Shares that remain outstanding or such preferred shares, as the case may be, have rights, preferences, privileges and voting powers that, taken as a whole, are not materially less favorable to the holders thereof than the rights, preferences, privileges and voting powers, taken as a whole, of the Mandatory Convertible Preferred Shares immediately prior to the consummation of such transaction (any such preferred shares being referred to herein as qualifying preferred shares ),

provided, however, that (1) any increase in the amount of our authorized but unissued shares of our preferred shares, (2) any increase in the amount of our authorized Mandatory Convertible Preferred Shares or the issuance of any additional Mandatory Convertible Preferred Shares or (3) the authorization or creation of any class or series of parity or junior shares, any increase in the amount of authorized but unissued shares of such class or series of parity or junior shares or the issuance of additional shares of such class or series of parity or junior shares will be deemed not to adversely affect (or to otherwise cause to be materially less favorable) the rights, preferences, privileges or voting powers of the Mandatory Convertible Preferred Shares and shall not require the affirmative vote of holders of the Mandatory Convertible Preferred Shares.

If any amendment, alteration, repeal, share exchange, reclassification, merger or consolidation described above would adversely affect one or more but not all series of voting preferred shares, then only the series of voting preferred shares adversely affected and entitled to vote shall vote as a class in lieu of all other series of voting preferred shares.

**Table of Contents****Mandatory conversion**

Each Mandatory Convertible Preferred Share, unless previously converted or redeemed as is described under Acquisition termination redemption, will automatically convert on March 1, 2018 (the mandatory conversion date), into a number of our ordinary shares equal to the conversion rate described below. If we declare a dividend for the dividend period ending on the mandatory conversion date, we will pay such dividend to the holders of record as of the immediately preceding record date, as described above under Dividends. If prior to the mandatory conversion date we have not declared all or any portion of the accumulated dividends on the Mandatory Convertible Preferred Shares, the conversion rate will be adjusted so that holders receive an additional number of our ordinary shares equal to the amount of such undeclared, accumulated and unpaid dividends (the additional conversion amount) divided by the greater of the floor price and 97% of the average price. To the extent that the additional conversion amount exceeds the product of the number of additional shares and 97% of the average price, we will, if we are legally able to do so, declare and pay such excess amount in cash pro rata to the holders of the Mandatory Convertible Preferred Shares.

The conversion rate, which is the number of our ordinary shares issuable upon conversion of each Mandatory Convertible Preferred Share on the mandatory conversion date, will, subject to adjustment as described above for any additional conversion amount or as described in Anti-dilution adjustments below, be as follows:

if the applicable market value (as defined below) of our ordinary shares is greater than \$352.80 (the threshold appreciation price), then the conversion rate will be 2.8345 of our ordinary shares per Mandatory Convertible Preferred Share (the minimum conversion rate), which is approximately equal to \$1,000.00 divided by the threshold appreciation price;

if the applicable market value of our ordinary shares is less than or equal to the threshold appreciation price but greater than or equal to \$288.00 (the initial price, which equals the per share public offering price of our ordinary shares in the Ordinary Shares Offering), then the conversion rate will be equal to \$1,000.00 divided by the applicable market value of our ordinary shares, which will be between 2.8345 and 3.4722 of our ordinary shares per Mandatory Convertible Preferred Share; or

if the applicable market value of our ordinary shares is less than the initial price, then the conversion rate will be 3.4722 of our ordinary shares per Mandatory Convertible Preferred Share (the maximum conversion rate), which is approximately equal to \$1,000.00 divided by the initial price.

We refer to the minimum conversion rate and the maximum conversion rate collectively as the fixed conversion rates. The fixed conversion rates, the initial price, the threshold appreciation price and the applicable market value are each subject to adjustment as described above for any additional conversion amount or as described in Anti-dilution adjustments below.

applicable market value means the average VWAP per ordinary share over the 20 consecutive trading day period (the settlement period) beginning on and including the 22nd scheduled trading day immediately preceding the mandatory conversion date.

The threshold appreciation price represents a 22.50% appreciation over the initial price.

***Hypothetical conversion values upon mandatory conversion***

For illustrative purposes only, the following table shows the number of our ordinary shares that a holder of the Mandatory Convertible Preferred Shares would receive upon mandatory conversion of one Mandatory Convertible Preferred Share at various applicable market values for our ordinary shares. The table assumes that there will be no conversion adjustments as described above for any additional conversion amount or as

**Table of Contents**

described below in Anti-dilution adjustments and that any declared dividends on the Mandatory Convertible Preferred Shares will be paid in cash and not in additional ordinary shares. The actual applicable market value of our ordinary shares may differ from those set forth in the table below. Given an initial price of \$288.00 and a threshold appreciation price of \$352.80, a holder of the Mandatory Convertible Preferred Shares would receive on the mandatory conversion date the number of ordinary shares per Mandatory Convertible Preferred Shares set forth below:

Applicable market value of our ordinary shares	Number of our ordinary shares to be received upon mandatory conversion	Conversion value (applicable market value multiplied by the number of our ordinary shares to be received upon mandatory conversion)
\$100.00	3.4722	\$347.22
\$150.00	3.4722	\$520.83
\$250.00	3.4722	\$868.05
\$288.00	3.4722	\$999.99
\$300.00	3.3333	\$999.99
\$325.00	3.0769	\$999.99
\$352.80	2.8345	\$1,000.00
\$400.00	2.8345	\$1,133.80
\$500.00	2.8345	\$1,417.25
\$600.00	2.8345	\$1,700.70
\$700.00	2.8345	\$1,984.15

Accordingly, if the applicable market value of our ordinary shares is greater than the threshold appreciation price, the aggregate market value of our ordinary shares delivered upon conversion of each Mandatory Convertible Preferred Share will be greater than the \$1,000.00 liquidation preference of a Mandatory Convertible Preferred Share, assuming that the market price of our ordinary shares on the mandatory conversion date is the same as the applicable market value of our ordinary shares. If the applicable market value for our ordinary shares is equal to or greater than the initial price and equal to or less than the threshold appreciation price, the aggregate market value of our ordinary shares delivered upon conversion of each Mandatory Convertible Preferred Share will be equal to the \$1,000.00 liquidation preference of a Mandatory Convertible Preferred Share, assuming that the market price of our ordinary shares on the mandatory conversion date is the same as the applicable market value of our ordinary shares. If the applicable market value of our ordinary shares is less than the initial price, the aggregate market value of our ordinary shares delivered upon conversion of each Mandatory Convertible Preferred Share will be less than the \$1,000.00 liquidation preference of a Mandatory Convertible Preferred Share, assuming that the market price of our ordinary shares on the mandatory conversion date is the same as the applicable market value of our ordinary shares.

**Conversion at the option of the holder**

Other than during a fundamental change conversion period (as defined below in Conversion at the option of the holder upon fundamental change; fundamental change dividend make-whole amount ), holders of the Mandatory Convertible Preferred Shares have the right to convert their Mandatory Convertible Preferred Shares, in whole or in part (but in no event less than one Mandatory Convertible Preferred Share), at any time

---

**Table of Contents**

prior to the mandatory conversion date ( early conversion ), into our ordinary shares at the minimum conversion rate of 2.8345 of our ordinary shares per Mandatory Convertible Preferred Share, subject to adjustment as described in Anti-dilution adjustments below.

If, as of the effective date of any early conversion (the early conversion date ), we have not declared all or any portion of the accumulated dividends for all dividend periods ending on a dividend payment date prior to such early conversion date, the conversion rate for such early conversion will be adjusted so that holders converting their Mandatory Convertible Preferred Shares at such time receive an additional number of our ordinary shares equal to such amount of undeclared, accumulated and unpaid dividends for such prior dividend periods, divided by the greater of the floor price and the average VWAP per ordinary share over the 20 consecutive trading day period (the early conversion settlement period ) commencing on and including the 22nd scheduled trading day immediately preceding the early conversion date (the early conversion average price ). Notwithstanding the last sentence under Method of payment of dividends above, to the extent that the cash amount of the undeclared, accumulated and unpaid dividends for all dividend periods ending on a dividend payment date prior to the relevant early conversion date exceeds the value of the product of the number of additional shares added to the conversion rate and the early conversion average price, we will not have any obligation to pay the shortfall in cash.

Except as described above, upon any early conversion of any Mandatory Convertible Preferred Shares, we will make no payment or allowance for unpaid dividends on such Mandatory Convertible Preferred Shares, unless such early conversion date occurs after the record date for a declared dividend and on or prior to the immediately succeeding dividend payment date, in which case such dividend will be paid on such dividend payment date to the holder of record of the converted Mandatory Convertible Preferred Shares as of such record date, as described in the section above entitled Dividends .

**Conversion at the option of the holder upon fundamental change; fundamental change dividend make-whole amount**

*General*

If a fundamental change (as defined below) occurs on or prior to the mandatory conversion date, holders of the Mandatory Convertible Preferred Shares will have the right to:

- (i) convert their Mandatory Convertible Preferred Shares, in whole or in part (but in no event less than one Mandatory Convertible Preferred Share), into ordinary shares at the fundamental change conversion rate described below;
- (ii) with respect to such converted shares, receive a fundamental change dividend make-whole amount (as defined below) payable in cash or our ordinary shares; and
- (iii) with respect to such converted shares, receive the accumulated dividend amount (as defined below) payable in cash or our ordinary shares, subject in the case of clauses (ii) and (iii) to certain limitations with respect to the number of our ordinary shares that we will be required to deliver, all as described below. Notwithstanding clauses (ii) and (iii) above, if the effective date of a fundamental change falls during a dividend period for which we have declared a dividend, we will pay such dividend on the relevant dividend payment date to the holders of record on the immediately preceding record date, as described in Dividends , and the accumulated dividend amount will not include the amount of such dividend, and the fundamental change dividend make-whole amount will not include the present value of such dividend.

**Table of Contents**

To exercise this right, holders must submit their Mandatory Convertible Preferred Shares for conversion at any time during the period (the fundamental change conversion period ) beginning on the effective date of such fundamental change (as defined below) and ending at 5:00 p.m., New York City time, on the date that is 20 calendar days after the effective date (or, if earlier, the mandatory conversion date) at the conversion rate specified in the table below (the fundamental change conversion rate ). Holders of the Mandatory Convertible Preferred Shares who do not submit their shares for conversion during the fundamental change conversion period will not be entitled to convert their Mandatory Convertible Preferred Shares at the relevant fundamental change conversion rate or to receive the relevant fundamental change dividend make-whole amount or the relevant accumulated dividend amount.

We will notify holders of the anticipated effective date of a fundamental change at least 20 calendar days prior to such anticipated effective date or, if such prior notice is not practicable, notify holders of the effective date of a fundamental change no later than the second business day following the actual effective date. If we notify holders of a fundamental change later than the 20th calendar day prior to the effective date of a fundamental change, the fundamental change conversion period will be extended by a number of days equal to the number of days from, and including, the 20th calendar day prior to the effective date of the fundamental change to, but excluding, the date of the notice; provided that the fundamental change conversion period will not be extended beyond the mandatory conversion date.

A fundamental change will be deemed to have occurred, at such time after the initial issue date of the Mandatory Convertible Preferred Shares, upon: (i) the consummation of any transaction or event (whether by means of an exchange offer, liquidation, tender offer, consolidation, merger, combination, recapitalization or otherwise) in connection with which 90% or more of our ordinary shares, depositary receipts or other securities representing common equity interests are exchanged for, converted into, acquired for or constitute solely the right to receive, consideration 10% or more of which is not common stock or ordinary shares that are listed on, or immediately after the transaction or event will be listed on, any of the New York Stock Exchange, the NASDAQ Global Select Market or the NASDAQ Global Market; (ii) any person or group (as such terms are used for purposes of Sections 13(d) and 14(d) of the Exchange Act, whether or not applicable), other than us, any of our majority-owned subsidiaries or any of our or our majority-owned subsidiaries' employee benefit plans, becoming the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of more than 50% of the total voting power in the aggregate of all classes of share capital then outstanding entitled to vote generally in elections of our directors; or (iii) our ordinary shares (or, following a reorganization event, any ordinary shares, depositary receipts or other securities representing common equity interests into which the Mandatory Convertible Preferred Shares become convertible in connection with such reorganization event) cease to be listed for trading on the New York Stock Exchange, the NASDAQ Global Select Market or the NASDAQ Global Market (or any of their respective successors) or another United States national securities exchange (each, a qualifying market ).

***Fundamental change conversion rate***

The fundamental change conversion rate will be determined by reference to the table below and is based on the effective date of the fundamental change (the fundamental change effective date ) and the price (the fundamental change share price ) paid or deemed paid per ordinary share therein. If the holders of our ordinary shares receive only cash in the fundamental change, the fundamental change share price shall be the cash amount paid per share. Otherwise, the fundamental change share price shall be the average VWAP per ordinary share over the 10 consecutive trading day period ending on, and including, the trading day preceding the fundamental change effective date.

The fundamental change share prices set forth in the first row of the table (i.e., the column headers) will be adjusted as of any date on which the fixed conversion rates of the Mandatory Convertible Preferred Shares are

**Table of Contents**

adjusted. The adjusted fundamental change share prices will equal the fundamental change share prices applicable immediately prior to such adjustment multiplied by a fraction, the numerator of which is the minimum conversion rate immediately prior to the adjustment giving rise to the fundamental change share price adjustment and the denominator of which is the minimum conversion rate as so adjusted. Each of the fundamental change conversion rates in the table will be subject to adjustment in the same manner as each fixed conversion rate as set forth in Anti-dilution adjustments .

The following table sets forth the fundamental change conversion rate per Mandatory Convertible Preferred Share for each fundamental change share price and fundamental change effective date set forth below.

	Fundamental change share price on the fundamental change effective date

The exact fundamental change share price and fundamental change effective date may not be set forth in the table, in which case:

if the fundamental change share price is between two fundamental change share price amounts on the table or the fundamental change effective date is between two dates on the table, the fundamental change conversion rate will be determined by straight-line interpolation between the fundamental change conversion rates set forth for the higher and lower fundamental change share price amounts and the two fundamental change effective dates, as applicable, based on a 365-day year;

if the fundamental change share price is in excess of \$1,200.00 per share (subject to adjustment as described above), then the fundamental change conversion rate will be the minimum conversion rate, subject to adjustment; and

if the fundamental change share price is less than \$100.00 per share (subject to adjustment as described above), then the fundamental change conversion rate will be the maximum conversion rate, subject to adjustment.

**Fundamental change dividend make-whole amount and accumulated dividend amount**

For any Mandatory Convertible Preferred Shares that are converted during the fundamental change conversion period, in addition to the ordinary shares issued upon conversion at the fundamental change conversion rate, we will at our option:

- (a) pay you in cash, to the extent we are legally permitted to do so, the present value, computed using a discount rate of 2.75% per annum, of all dividend payments on the Mandatory Convertible Preferred Shares for all the remaining dividend periods (excluding any accumulated dividend amount and declared dividends for a dividend period during which the fundamental change effective date falls) from such fundamental change effective date to but excluding the mandatory conversion date (the fundamental change dividend make-whole

amount );

- (b) increase the number of our ordinary shares to be issued on conversion by a number equal to (x) the fundamental change dividend make-whole amount divided by (y) the greater of the floor price and 97% of the fundamental change share price; or

S-76

---

**Table of Contents**

(c) pay the fundamental change dividend make whole amount in a combination of cash and our ordinary shares in accordance with the provisions of clauses (a) and (b) above.

In addition, to the extent that the accumulated dividend amount exists as of the fundamental change effective date, holders who convert their Mandatory Convertible Preferred Shares within the fundamental change conversion period will be entitled to receive such accumulated dividend amount upon conversion. As used herein, the term accumulated dividend amount means, in connection with a fundamental change, the aggregate amount of undeclared, accumulated and unpaid dividends, if any, for dividend periods prior to the relevant fundamental change effective date, including for the partial dividend period, if any, from, and including, the dividend payment date immediately preceding such fundamental change effective date to, but excluding, such fundamental change effective date (but excluding any declared dividends for a dividend period during which the fundamental change effective date falls). The accumulated dividend amount will be payable at our election:

in cash, to the extent we are legally permitted to do so;

in an additional number of our ordinary shares equal to (x) the accumulated dividend amount divided by (y) the greater of the floor price and 97% of the fundamental change share price; or

in a combination of cash and our ordinary shares in accordance with the provisions of the preceding two bullets.

We will pay the fundamental change dividend make-whole amount and the accumulated dividend amount in cash, except to the extent we elect on or prior to the second business day following the fundamental change effective date to make all or any portion of such payments in our ordinary shares. In addition, if we elect to deliver ordinary shares in respect of all or any portion of the fundamental change dividend make-whole amount or the accumulated dividend amount, to the extent that the fundamental change dividend make-whole amount or the accumulated dividend amount or the dollar amount of any portion thereof paid in ordinary shares exceeds the product of the number of additional shares we deliver in respect thereof and 97% of the fundamental change share price, we will, if we are legally able to do so, declare and pay such excess amount in cash. Any such payment in cash may not be permitted by our then existing debt instruments, including any restricted payments covenants.

No fractional shares of our ordinary shares will be delivered to converting holders of the Mandatory Convertible Preferred Shares in respect of the fundamental change dividend make-whole amount or the accumulated dividend amount. We will instead pay a cash adjustment to each converting holder that would otherwise be entitled to a fraction of an ordinary share based on the average VWAP per ordinary share over the five consecutive trading day period beginning on, and including, the seventh scheduled trading day immediately preceding the conversion date.

Not later than the second business day following a fundamental change effective date (or, if we provide notice to holders of the fundamental change prior to the anticipated fundamental change effective date as described above, on the date we give holders notice of the anticipated fundamental change effective date), we will notify holders of:

the fundamental change conversion rate;

the fundamental change dividend make-whole amount and whether we will pay such amount in cash, our ordinary shares or a combination thereof, specifying the combination, if applicable; and

the accumulated dividend amount as of the fundamental change effective date and whether we will pay such amount in cash, our ordinary shares or a combination thereof, specifying the combination, if applicable.

Our obligation to adjust the conversion rate in connection with a fundamental change and pay the fundamental change dividend make-whole amount (whether in cash, our ordinary shares or any combination thereof) could possibly be construed as a penalty under Irish law and therefore be deemed invalid.

**Conversion procedures**

*Upon mandatory conversion*

Any outstanding Mandatory Convertible Preferred Shares will automatically convert into ordinary shares on the mandatory conversion date. The person or persons entitled to receive our ordinary shares issuable upon mandatory conversion of the Mandatory Convertible Preferred Shares will be treated as the record holder(s) of such shares as of 5:00 p.m., New York City time, on the mandatory conversion date. Except as provided in **Anti-dilution adjustments**, prior to 5:00 p.m., New York City time, on the mandatory conversion date, the ordinary shares issuable upon conversion of the Mandatory Convertible Preferred Shares will not be outstanding for any purpose and you will have no rights with respect to such ordinary shares, including voting rights, rights to respond to tender offers and rights to receive any dividends or other distributions on the ordinary shares, by virtue of holding the Mandatory Convertible Preferred Shares. A certificate representing the ordinary shares issuable upon conversion will be issued and delivered to the converting holder or, if the Mandatory Convertible Preferred Share being converted is in global form, the ordinary shares issuable upon conversion will be delivered to the converting holder through the facilities of DTC, in each case together with delivery by the Company to the converting holder of any cash (including, without limitation, cash in lieu of fractional shares) to which the converting holder is entitled, on the later of (i) the third business day immediately succeeding the Mandatory Conversion Date and (ii) the third business day immediately succeeding the last day of the settlement period.

*Upon early conversion*

If you elect to convert the Mandatory Convertible Preferred Shares prior to the mandatory conversion date, in the manner described in **Conversion at the option of the holder** or **Conversion at the option of the holder upon fundamental change; fundamental change dividend make-whole amount**, you must observe the following conversion procedures:

If the Mandatory Convertible Preferred Shares are in global form, to convert the Mandatory Convertible Preferred Shares you must deliver to DTC the appropriate instruction form for conversion pursuant to DTC's conversion program. If the Mandatory Convertible Preferred Shares are held in certificated form, you must comply with certain procedures set forth in the Designations. In either case, if required, you must pay all taxes or duties, if any.

The conversion date will be the date on which you have satisfied the foregoing requirements. You will not be required to pay any taxes or duties relating to the issuance or delivery of our ordinary shares if you exercise your conversion rights, but you will be required to pay any tax or duty that may be payable relating to any transfer involved in the issuance or delivery of the ordinary shares in a name other than your own. Ordinary shares will be issued and delivered only after all applicable taxes and duties, if any, payable by you have been paid in full and will be issued on the latest of (i) the third business day immediately succeeding the conversion date, (ii) the third business day immediately succeeding the last day of the early conversion settlement period and (iii) the business day after you have paid in full all applicable taxes and duties, if any.

The person or persons entitled to receive the ordinary shares issuable upon conversion of the Mandatory Convertible Preferred Shares will be treated as the record holder(s) of such shares as of 5:00 p.m., New York City time, on the applicable conversion date. Prior to 5:00 p.m., New York City time, on the applicable conversion date, the ordinary shares issuable upon conversion of the Mandatory Convertible Preferred Shares will not be outstanding for any purpose and you will have no rights with respect to such ordinary shares, including voting rights, rights to respond to tender offers and rights to receive any dividends or other distributions on the ordinary shares, by virtue of holding the Mandatory Convertible Preferred Shares.

## **Table of Contents**

### ***Fractional shares***

No fractional shares of our ordinary shares will be issued to holders of the Mandatory Convertible Preferred Shares upon conversion. In lieu of any fractional shares of our ordinary shares otherwise issuable in respect of the aggregate number of Mandatory Convertible Preferred Shares of any holder that are converted, that holder will be entitled to receive an amount in cash (computed to the nearest cent) equal to the product of:

(i) that same fraction; and (ii) the average VWAP of our ordinary shares over the five consecutive trading day period beginning on and including the seventh scheduled trading day immediately preceding the conversion date.

If more than one Mandatory Convertible Preferred Share is surrendered for conversion at one time by or for the same holder, the number of full ordinary shares issuable upon conversion thereof shall be computed on the basis of the aggregate number of Mandatory Convertible Preferred Shares so surrendered.

### **Anti-dilution adjustments**

#### ***Each fixed conversion rate will be adjusted if:***

(1) We issue ordinary shares to all holders of our ordinary shares as a dividend or other distribution, in which event, each fixed conversion rate in effect at 5:00 p.m., New York City time, on the date fixed for determination of the holders of our ordinary shares entitled to receive such dividend or other distribution will be divided by a fraction:

the numerator of which is the number of our ordinary shares outstanding at 5:00 p.m., New York City time, on the date fixed for such determination; and

the denominator of which is the sum of the number of our ordinary shares outstanding at 5:00 p.m., New York City time, on the date fixed for such determination and the total number of our ordinary shares constituting such dividend or other distribution.

Any adjustment made pursuant to this clause (1) will become effective immediately after 5:00 p.m., New York City time, on the date fixed for such determination. If any dividend or distribution described in this clause (1) is declared but not so paid or made, each fixed conversion rate shall be readjusted, effective as of the date our board of directors, or an authorized committee thereof, publicly announces its decision not to pay or make such dividend or distribution, to such fixed conversion rate that would be in effect if such dividend or distribution had not been declared. For the purposes of this clause (1), the number of our ordinary shares outstanding at 5:00 p.m., New York City time, on the date fixed for such determination shall not include shares that we hold in treasury. We will not pay any dividend or make any distribution on our ordinary shares that we hold in treasury.

(2) We issue to all holders of our ordinary shares rights or warrants (other than rights or warrants issued pursuant to a dividend reinvestment plan or share purchase plan or other similar plans) entitling them, for a period of up to 45 calendar days from the date of issuance of such rights or warrants, to subscribe for or purchase our ordinary shares at less than the current market price (as defined below) of our ordinary shares, in which case each fixed conversion rate in effect at 5:00 p.m., New York City time, on the date fixed for determination of the holders of our ordinary shares entitled to receive such rights or warrants will be increased by multiplying such fixed conversion rate by a fraction:

the numerator of which is the sum of the number of our ordinary shares outstanding at 5:00 p.m., New York City time, on the date fixed for such determination and the number of our ordinary shares issuable or deliverable upon the exercise of such rights or warrants; and

the denominator of which is the sum of the number of our ordinary shares outstanding at 5:00 p.m., New York City time, on the date fixed for such determination and the number of our ordinary shares equal to the quotient of the aggregate offering price payable to exercise such rights or warrants divided by the current market price of our ordinary shares.

---

**Table of Contents**

Any adjustment made pursuant to this clause (2) will become effective immediately after 5:00 p.m., New York City time, on the date fixed for such determination. In the event that such rights or warrants described in this clause (2) are not so issued, each fixed conversion rate shall be readjusted, effective as of the date our board of directors, or an authorized committee thereof, publicly announces its decision not to issue such rights or warrants, to such fixed conversion rate that would then be in effect if such issuance had not been declared. To the extent that such rights or warrants are not exercised prior to their expiration or our ordinary shares are otherwise not delivered pursuant to such rights or warrants upon the exercise of such rights or warrants, each fixed conversion rate shall be readjusted to such fixed conversion rate that would then be in effect had the adjustment made upon the issuance of such rights or warrants been made on the basis of the delivery of only the number of our ordinary shares actually delivered. In determining whether any rights or warrants entitle the holders thereof to subscribe for or purchase ordinary shares at less than the current market price, and in determining the aggregate offering price payable to exercise such rights or warrants, there shall be taken into account any consideration received for such rights or warrants and the value of such consideration (if other than cash, to be determined in good faith by our board of directors, or an authorized committee thereof, which determination shall be final). For the purposes of this clause (2), the number of our ordinary shares at the time outstanding shall not include shares that we hold in treasury. We will not issue any such rights or warrants in respect of our ordinary shares that we hold in treasury.

(3) We subdivide or combine our ordinary shares, in which event the conversion rate in effect at 5:00 p.m., New York City time, on the effective date of such subdivision or combination shall be multiplied by a fraction:

the numerator of which is the number of our ordinary shares that would be outstanding immediately after, and solely as a result of, such subdivision or combination; and

the denominator of which is the number of our ordinary shares outstanding immediately prior to such subdivision or combination. Any adjustment made pursuant to this clause (3) shall become effective immediately after 5:00 p.m., New York City time, on the effective date of such subdivision or combination.

(4) We distribute to all holders of our ordinary shares evidences of our indebtedness, shares of our share capital, securities, rights to acquire shares of our share capital, cash or other assets, excluding:

any dividend or distribution covered by clause (1) or (3) above;  
any rights or warrants covered by clause (2) above;  
any dividend or distribution covered by clause (5) below; and  
any spin-off to which the provisions set forth below in this clause (4) shall apply,  
in which event each fixed conversion rate in effect at 5:00 p.m., New York City time, on the date fixed for the determination of holders of our ordinary shares entitled to receive such distribution will be multiplied by a fraction:

the numerator of which is the current market price of our ordinary shares; and

the denominator of which is the current market price of our ordinary shares minus the fair market value, as determined by our board of directors, or an authorized committee thereof, in good faith (which determination shall be final), on such date fixed for determination of the portion of the evidences of indebtedness, shares of our share capital, securities, rights to acquire shares of our share capital, cash or other assets so distributed applicable to one of our ordinary shares.

In the event that we make a distribution to all holders of our ordinary shares consisting of share capital of, or similar equity interests in, or relating to a subsidiary or other business unit of ours (herein referred to as a

---

spin-off ), each fixed conversion rate in effect at 5:00 p.m., New York City time, on the date fixed for the determination of holders of our ordinary shares entitled to receive such distribution will be multiplied by a fraction:

the numerator of which is the sum of the current market price of our ordinary shares and the fair market value, as determined by our board of directors, or an authorized committee thereof, in good faith (which determination shall be final), of the portion of those shares of share capital or similar equity interests so distributed applicable to one ordinary share as of the 15th trading day after the effective date for such distribution (or, if such shares of share capital or equity interests are listed on a U.S. national or regional securities exchange, the current market price of such securities); and

the denominator of which is the current market price of our ordinary shares.

Any adjustment made pursuant to this clause (4) shall become effective immediately after 5:00 p.m., New York City time, on the date fixed for the determination of the holders of our ordinary shares entitled to receive such distribution. In the event that such distribution described in this clause (4) is not so made, each fixed conversion rate shall be readjusted, effective as of the date our board of directors, or an authorized committee thereof, publicly announces its decision not to make such distribution, to such fixed conversion rate that would then be in effect if such distribution had not been declared. If an adjustment to each fixed conversion rate is required under this clause (4) during any settlement period or any early conversion settlement period in respect of Mandatory Convertible Preferred Shares that have been tendered for conversion, delivery of the ordinary shares issuable upon conversion will be delayed to the extent necessary in order to complete the calculations provided for in this clause (4).

(5) We pay or make a dividend or other distribution consisting exclusively of cash to all holders of our ordinary shares, excluding:

any cash that is distributed in a reorganization event (as described below);

any dividend or other distribution in connection with our voluntary or involuntary liquidation, dissolution or winding up; and

any consideration payable as part of a tender or exchange offer;

in which event, each fixed conversion rate in effect at 5:00 p.m., New York City time, on the date fixed for determination of the holders of our ordinary shares entitled to receive such dividend or other distribution will be multiplied by a fraction:

the numerator of which is the current market price of our ordinary shares; and

the denominator of which is the current market price of our ordinary shares minus the amount per share of such dividend or other distribution. Any adjustment made pursuant to this clause (5) shall become effective immediately after 5:00 p.m., New York City time, on the date fixed for the determination of the holders of our ordinary shares entitled to receive such dividend or other distribution. In the event that any dividend or other distribution described in this clause (5) is not so paid or so made, each fixed conversion rate shall be readjusted, effective as of the date our board of directors, or an authorized committee thereof, publicly announces its decision not to pay such dividend or make such other distribution, to such fixed conversion rate which would then be in effect if such dividend or other distribution had not been declared.

(6) We or any of our subsidiaries successfully complete a tender or exchange offer pursuant to a Schedule TO or registration statement on Form S-4 for our ordinary shares (excluding any securities convertible or exchangeable for our ordinary shares), where the cash and the value of any other consideration included in the

---

**Table of Contents**

payment per ordinary share exceeds the current market price of our ordinary shares, in which event each fixed conversion rate in effect at 5:00 p.m., New York City time, on the date of expiration of the tender or exchange offer (the expiration date ) will be multiplied by a fraction:

the numerator of which shall be equal to the sum of:

- (i) the aggregate cash and fair market value (as determined in good faith by our board of directors, or an authorized committee thereof, which determination shall be final) on the expiration date of any other consideration paid or payable for all shares purchased in such tender or exchange offer; and
- (ii) the product of:
  - 1. the current market price of our ordinary shares; and
  - 2. the number of our ordinary shares outstanding at the time such tender or exchange offer expires, less any purchased shares; and

the denominator of which shall be equal to the product of:

- (i) the current market price of our ordinary shares; and
- (ii) the number of our ordinary shares outstanding at the time such tender or exchange offer expires, including any purchased shares. Any adjustment made pursuant to this clause (6) shall become effective immediately after 5:00 p.m., New York City time, on the 10th trading day following the expiration date but will be given effect as of the open of business on the expiration date for the tender or exchange offer. In the event that we are, or one of our subsidiaries is, obligated to purchase our ordinary shares pursuant to any such tender offer or exchange offer, but we are, or such subsidiary is, permanently prevented by applicable law from effecting any such purchases, or all such purchases are rescinded, then each fixed conversion rate shall be readjusted to be such fixed conversion rate that would then be in effect if such tender offer or exchange offer had not been made. Except as set forth in the preceding sentence, if the application of this clause (6) to any tender offer or exchange offer would result in a decrease in each fixed conversion rate, no adjustment shall be made for such tender offer or exchange offer under this clause (6). If an adjustment to each fixed conversion rate is required pursuant to this clause (6) during any settlement period or any early conversion settlement period in respect of the Mandatory Convertible Preferred Shares that have been tendered for conversion, delivery of the related conversion consideration will be delayed to the extent necessary in order to complete the calculations provided for in this clause (6).

Except with respect to a spin-off, in cases where the fair market value of the evidences of our indebtedness, shares of share capital, securities, rights to acquire our share capital, cash or other assets as to which clauses (4) or (5) above apply, applicable to one ordinary share, distributed to shareholders equals or exceeds the current market price (as determined for purposes of calculating the conversion rate adjustment pursuant to such clause (4) or (5)), rather than being entitled to an adjustment in each fixed conversion rate, holders of the Mandatory Convertible Preferred Shares will be entitled to receive upon conversion, in addition to a number of our ordinary shares otherwise deliverable on the applicable conversion date, the kind and amount of the evidences of our indebtedness, shares of share capital, securities, rights to acquire our share capital, cash or other assets comprising the distribution that such holder would have received if such holder had owned, immediately prior to the record date for determining the holders of our ordinary shares entitled to receive the distribution, for each Mandatory Convertible Preferred Share, a number of our ordinary shares equal to the maximum conversion rate in effect on the date of such distribution.

---

**Table of Contents**

To the extent that we have a rights plan in effect with respect to our ordinary shares on any conversion date, upon conversion of any Mandatory Convertible Preferred Share, you will receive, in addition to ordinary shares, the rights under the rights plan, unless, prior to such conversion date, the rights have separated from our ordinary shares, in which case each fixed conversion rate will be adjusted at the time of separation as if we made a distribution to all holders of our ordinary shares as described in clause (4) above, subject to readjustment in the event of the expiration, termination or redemption of such rights. Any distribution of rights or warrants pursuant to a rights plan that would allow you to receive upon conversion, in addition to any ordinary shares, the rights described therein (unless such rights or warrants have separated from our ordinary shares) shall not constitute a distribution of rights or warrants that would entitle you to an adjustment to the conversion rate.

For the purposes of determining the adjustment to the fixed conversion rates for the purposes of:

clauses (2), (4) but only in the event of an adjustment thereunder not relating to a spin-off and (5) above, the current market price of our ordinary shares is the average VWAP per ordinary share over the five consecutive trading day period ending on the trading day before the ex-date (as defined below) with respect to the issuance or distribution requiring such computation;

clause (4) above in the event of an adjustment thereunder relating to a spin-off, the current market price of our ordinary shares and the share capital or equity interests of the subsidiary or other business unit being distributed, as applicable, is the average VWAP per ordinary share over the first 10 consecutive trading days commencing on and including the fifth trading day following the effective date of such distribution; and

clause (6) above, the current market price of our ordinary shares is the average VWAP per ordinary share over the 10 consecutive trading day period commencing on, and including, the trading day following the expiration date of the tender or exchange offer.

The term ex-date, when used with respect to any issuance or distribution, means the first date on which our ordinary shares trade without the right to receive such issuance or distribution.

In addition, we may make such increases in each fixed conversion rate as we deem advisable in order to avoid or diminish any income tax to holders of our ordinary shares resulting from any dividend or distribution of our ordinary shares (or issuance of rights or warrants to acquire our ordinary shares) or from any event treated as such for income tax purposes or for any other reason. We may only make such a discretionary adjustment if we make the same proportionate adjustment to each fixed conversion rate.

In the event of a taxable distribution to holders of our ordinary shares that results in an adjustment of each fixed conversion rate or an increase in each fixed conversion rate in our discretion, holders of the Mandatory Convertible Preferred Shares may, in certain circumstances, be deemed to have received a distribution subject to U.S. Federal income tax as a dividend. See Material United States federal income tax considerations .

Adjustments to the fixed conversion rates will be calculated to the nearest 1/10,000th of an ordinary share. Prior to the mandatory conversion date, no adjustment in a fixed conversion rate will be required unless the adjustment would require an increase or decrease of at least one percent in such fixed conversion rate. If any adjustment is not required to be made because it would not change the fixed conversion rates by at least one percent, then the adjustment will be carried forward and taken into account in any subsequent adjustment; provided, however, that on the earlier of the mandatory conversion date, an acquisition termination redemption date, an early conversion date and the fundamental change effective date, adjustments to the fixed conversion rates will be made with respect to any such adjustment carried forward that has not been taken into account before such date.

**Table of Contents**

No adjustment to the fixed conversion rates will be made if holders may participate, at the same time, upon the same terms and otherwise on the same basis as holders of our ordinary shares and solely as a result of holding Mandatory Convertible Preferred Shares, in the transaction that would otherwise give rise to such adjustment as if they held, for each of the Mandatory Convertible Preferred Share, a number of our ordinary shares equal to the maximum conversion rate then in effect.

The fixed conversion rates will not be adjusted:

- (a) upon the issuance of any of our ordinary shares pursuant to any present or future plan providing for the reinvestment of dividends or interest payable on our securities and the investment of additional optional amounts in ordinary shares under any plan;
- (b) upon the issuance of any of our ordinary shares or rights or warrants to purchase those shares pursuant to any present or future benefit or other incentive plan or program of or assumed by us or any of our subsidiaries;
- (c) upon the issuance of any of our ordinary shares pursuant to any option, warrant, right or exercisable, exchangeable or convertible security outstanding as of the date the Mandatory Convertible Preferred Shares were first issued;
- (d) for a change in the par value of our ordinary shares;
- (e) for accumulated dividends on the Mandatory Convertible Preferred Shares, except as described above under Mandatory conversion, Conversion at the option of the holder and Conversion at the option of the holder upon fundamental change; Fundamental change dividend make-whole amount; or
- (f) for share repurchases that are not tender offers, including structured or derivative transactions.

We will be required, within 10 business days after the fixed conversion rates are adjusted, to provide or cause to be provided written notice of the adjustment to the holders of the Mandatory Convertible Preferred Shares. We will also be required to deliver a statement setting forth in reasonable detail the method by which the adjustment to each fixed conversion rate was determined and setting forth each revised fixed conversion rate.

If an adjustment is made to the fixed conversion rates, (x) an inversely proportional adjustment also will be made to the threshold appreciation price and the initial price solely for the purposes of determining which clause of the definition of the conversion rate will apply on the mandatory conversion date and (y) an inversely proportional adjustment will also be made to the floor price. Whenever the terms of the Mandatory Convertible Preferred Shares require us to calculate the VWAP per ordinary share over a span of multiple days, our board of directors or an authorized committee thereof will make appropriate adjustments (including, without limitation, to the applicable market value, the early conversion average price, the current market price and the average price (as the case may be)) to account for any adjustments to the initial price, the threshold appreciation price, the floor price and the fixed conversion rates (as the case may be) that become effective, or any event that would require such an adjustment if the ex-date, effective date or expiration date (as the case may be) of such event occurs, during the relevant period used to calculate such prices or values (as the case may be).

If:

the record date for a dividend or distribution on ordinary shares occurs after the end of the 20 consecutive trading day period used for calculating the applicable market value and before the mandatory conversion date; and

## Edgar Filing: Actavis plc - Form 424B2

that dividend or distribution would have resulted in an adjustment of the number of ordinary shares issuable to the holders of the Mandatory Convertible Preferred Shares had such record date occurred on or before the last trading day of such 20-trading day period,

S-84

**Table of Contents**

then we will deem the holders of the Mandatory Convertible Preferred Shares to be holders of record of our ordinary shares for purposes of that dividend or distribution. In this case, the holders of the Mandatory Convertible Preferred Shares would receive the dividend or distribution on our ordinary shares together with the number of ordinary shares issuable upon mandatory conversion of the Mandatory Convertible Preferred Shares.

**Recapitalizations, reclassifications and changes of our ordinary shares**

In the event of:

any consolidation or merger of us with or into another person (other than a merger or consolidation in which we are the surviving corporation and in which our ordinary shares outstanding immediately prior to the merger or consolidation are not exchanged for cash, securities or other property of us or another person);

any sale, transfer, lease or conveyance to another person of all or substantially all of our property and assets;

any reclassification of our ordinary shares into securities, including securities other than our ordinary shares; or

any statutory exchange of our securities with another person (other than in connection with a merger or acquisition), in each case, as a result of which our ordinary shares would be converted into, or exchanged for, securities, cash or property (each, a reorganization event ), each Mandatory Convertible Preferred Share outstanding immediately prior to such reorganization event shall, without the consent of the holders of the Mandatory Convertible Preferred Shares, become convertible into the kind of securities, cash and other property that such holder would have been entitled to receive if such holder had converted its Mandatory Convertible Preferred Shares into ordinary shares immediately prior to such reorganization event (such securities, cash and other property, the exchange property , with each unit of exchange property meaning the kind and amount of exchange property that a holder of one ordinary share is entitled to receive). For purposes of the foregoing, the type and amount of exchange property in the case of any reorganization event that causes our ordinary shares to be converted into the right to receive more than a single type of consideration (determined based in part upon any form of shareholder election) will be deemed to be the weighted average of the types and amounts of consideration received by the holders of our ordinary shares that affirmatively make such an election (or of all holders of our ordinary shares if none makes an election). We will notify holders of the Mandatory Convertible Preferred Shares of the weighted average as soon as practicable after such determination is made. The number of units of exchange property for each Mandatory Convertible Preferred Share converted or subject to acquisition termination redemption following the effective date of such reorganization event will be determined as if references to our ordinary shares in the description of the conversion rate applicable upon mandatory conversion, conversion at the option of the holder and conversion at the option of the holder upon a fundamental change were to units of exchange property (without interest thereon and without any right to dividends or distributions thereon which have a record date prior to the date such Mandatory Convertible Preferred Share is actually converted). For the purpose of determining which bullet of the definition of conversion rate in the second paragraph under Mandatory conversion will apply upon mandatory conversion, and for the purpose of calculating the conversion rate if the second bullet is applicable, the value of a unit of exchange property will be determined in good faith by our board of directors or an authorized committee thereof (which determination will be final), except that if a unit of exchange property includes ordinary shares, depositary receipts or other securities representing common equity interests that are traded on a U.S. national securities exchange, the value of such ordinary shares, depositary receipts or other securities representing common equity interests will be the average over the 20 consecutive trading day period used for

calculating the applicable market value of the volume-weighted average prices for such ordinary shares, depositary receipts or other securities representing common equity interests, as displayed on the applicable Bloomberg screen (as determined in good faith by our board of directors or an authorized committee thereof (which determination will be final)); or, if such price is not available, the average market value per share of such ordinary shares, depositary receipts or other securities representing common equity interests over such period as determined, using a volume-weighted average method, by a nationally recognized independent investment banking firm retained by us for this purpose. We (or any successor to us) will, as soon as reasonably practicable (but in any event within 20 calendar days) after the occurrence of any reorganization event provide written notice to the holders of the Mandatory Convertible Preferred Shares of such occurrence and of the kind and amount of cash, securities or other property that constitute the exchange property. Failure to deliver such notice will not affect the operation of the provisions described in this section.

### **Payment of additional amounts change in tax law**

We will make all payments on the Mandatory Convertible Preferred Shares (including but not limited to any payments of dividends and cash in lieu of any fractional ordinary shares upon conversion) without deduction or withholding for any taxes, assessments or other governmental charges imposed by any jurisdiction where we are incorporated or tax resident, as the case may be, or a jurisdiction in which a successor to us is incorporated or tax resident (each, a "taxing jurisdiction") unless the deduction or withholding is required by law.

If, as a result of a change in tax law, a taxing jurisdiction requires that we deduct or withhold any taxes, assessments or other governmental charges from payments on or with respect to the Mandatory Convertible Preferred Shares, we will pay any additional amounts necessary to make the net amount paid to a holder or beneficial owner equal the amount that such holder or beneficial owner would have received in the absence of such deduction or withholding, provided that such additional amounts shall only be paid in respect of payments to a holder or beneficial owner that were eligible to be made without deduction or withholding for any taxes, assessment or other governmental changes in the absence of such change in tax law. Notwithstanding the foregoing, in no case shall any additional amounts be paid on account of:

the amount of any tax, assessment or other governmental charge that is payable only because a type of connection exists between the holder or beneficial owner of the Mandatory Convertible Preferred Share and a taxing jurisdiction, other than a connection related solely to purchase or ownership of Mandatory Convertible Preferred Shares;

the amount of any tax, assessment or other governmental charge that is payable only because the holder or beneficial owner presented the Mandatory Convertible Preferred Shares for payment more than 30 days after the date on which the relevant payment becomes due or was provided for, whichever is later;

any estate, inheritance, gift, sale, transfer, excise, personal property or similar tax, duty, assessment or other governmental charge;

the amount of any tax, assessment or other governmental charge that is imposed or withheld due to the holder or beneficial owner of the Mandatory Convertible Preferred Shares failing to accurately comply with a request from us for any certification, identification or other reporting requirement concerning the nationality, residence, identity or connection of the holder or beneficial owner of the Mandatory Convertible Preferred Shares with the relevant taxing jurisdiction if compliance is required by law, regulation or an applicable income tax treaty, as a precondition to exemption from, or reduction in the rate of, such tax, assessment or other governmental charge;

the amount of any tax, assessment or other governmental charge payable otherwise than by deduction or withholding from payments on or with respect to the Mandatory Convertible Preferred Shares;

---

any taxes payable under Sections 1471-1474 of the U.S. Internal Revenue Code of 1986, as amended, as of the Issue Date of the Mandatory Convertible Preferred Shares (or any amended or successor version), any regulations or official interpretations thereof, any intergovernmental agreement entered into in connection therewith, or any law or regulation adopted pursuant to an intergovernmental agreement between a non-U.S. jurisdiction and the United States with respect to the foregoing or any agreements entered into pursuant to Section 1471(b)(1) of such Code;

any payment to any holder or beneficial owner of Mandatory Convertible Preferred Shares that is a fiduciary or partnership or a person other than the sole beneficial owner of any such payment, to the extent that a beneficiary or settlor with respect to such fiduciary, a member of such a partnership or the beneficial owner of the payment would not have been entitled to the additional amounts had the beneficiary, settlor, member or beneficial owner been the holder of the Mandatory Convertible Preferred Shares;

any withholding or deduction that is imposed on a payment to or for the benefit of an individual and required to be made pursuant to the European Council Directive 2003/48/EC of June 3, 2003, Directive 2014/48/EU of March 24, 2014, or any other European Union Directive on the taxation of savings implementing the conclusions of the ECOFIN (European Union Economic and Finance Ministers) Council Meeting of 26-27 November 2000 or any subsequent Council Meeting amending or supplementing those conclusions or any law implementing or complying with or introduced in order to conform to such Directive; or

any combination of the withholdings, taxes, assessments or other governmental charges described in the bullet points above.

A change in tax law means any change in, or amendment to, the laws or regulations of any taxing jurisdiction or any change in the official interpretation of such laws or regulations, which change or amendment becomes effective on or after the issue date, other than a change in tax rate.

## **Reservation of shares**

We will at all times reserve and keep available out of the authorized and unissued ordinary shares, solely for issuance upon conversion of the Mandatory Convertible Preferred Shares, a number of our ordinary shares equal to the product of the maximum conversion rate then in effect and the number of Mandatory Convertible Preferred Shares then outstanding.

## **Transfer agent and registrar**

Computershare Trust Company, N.A. is the transfer agent, registrar and conversion and dividend disbursing agent for the Mandatory Convertible Preferred Shares.

## **Book-entry, delivery and form**

The Mandatory Convertible Preferred Shares will be issued in global form. DTC or its nominee will be the sole registered holder of the Mandatory Convertible Preferred Shares. Ownership of beneficial interests in the Mandatory Convertible Preferred Shares in global form will be limited to persons who have accounts with DTC ( participants ) or persons who hold interests through such participants. Ownership of beneficial interests in the Mandatory Convertible Preferred Shares in global form will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants (with respect to interests of persons other than participants).

So long as DTC, or its nominee, is the registered owner or holder of a global certificate representing the Mandatory Convertible Preferred Shares, DTC or such nominee, as the case may be, will be considered the sole

---

**Table of Contents**

holder of the Mandatory Convertible Preferred Shares represented by such global certificate for all purposes under the Designations. No beneficial owner of an interest in the Mandatory Convertible Preferred Shares in global form will be able to transfer that interest except in accordance with the applicable procedures of DTC in addition to those provided for under the Designations.

Payments of dividends on the global certificate representing the Mandatory Convertible Preferred Shares will be made to DTC or its nominee, as the case may be, as the registered holder thereof. None of us, the transfer agent, registrar, conversion or dividend disbursing agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global certificate representing the Mandatory Convertible Preferred Shares or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that DTC or its nominee, upon receipt of any payment of dividends in respect of a global certificate representing the Mandatory Convertible Preferred Shares, will credit participants' accounts with payments in amounts proportionate to their respective beneficial ownership interests in the aggregate liquidation preference of such global certificate representing the Mandatory Convertible Preferred Shares as shown on the records of DTC or its nominee, as the case may be. We also expect that payments by participants to owners of beneficial interests in such global certificate representing the Mandatory Convertible Preferred Shares held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. Such payments will be the responsibility of such participants.

Transfers between participants in DTC will be effected in the ordinary way in accordance with DTC rules and will be settled in same-day funds.

We understand that DTC is:

- a limited purpose trust company organized under the laws of the State of New York;
- a banking organization within the meaning of New York Banking Law;
- a member of the Federal Reserve System;
- a clearing corporation within the meaning of the Uniform Commercial Code; and
- a Clearing Agency registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates.

Participants include:

- securities brokers and dealers;
- banks and trust companies; and
- clearing corporations and certain other organizations.

Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly (indirect participants).

Although DTC is expected to follow the foregoing procedures in order to facilitate transfers of interests in a global security among its participants, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of us, the transfer agent, registrar, conversion or dividend disbursing agent will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

**Table of Contents**

If DTC is at any time unwilling or unable to continue as a depository for the shares of the Mandatory Convertible Preferred Shares in global form or DTC ceases to be registered as a clearing agency under the Exchange Act, and in either case a successor depository is not appointed by us within 90 days, we will issue certificated shares in exchange for the global securities.

The information in this section concerning DTC and its book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

## **Certain United States federal income tax considerations**

The following is a general discussion of certain of the U.S. federal income tax consequences of the ownership and disposition of the Mandatory Convertible Preferred Shares, and to the ownership and disposition of ordinary shares received upon conversion thereof.

The discussion set forth below with respect to U.S. holders is applicable only to U.S. holders (i) who are residents of the United States for purposes of the current income tax treaty between Ireland and the United States (referred to in this prospectus as the Tax Treaty ), (ii) whose interest in the Actavis plc Mandatory Convertible Preferred Shares is not, for purposes of the Tax Treaty, attributable to such U.S. holder's permanent establishment in Ireland and (iii) who otherwise qualify for the full benefits of the Tax Treaty.

The discussion is based on and subject to the current provisions of the Internal Revenue Code of 1986, as amended (the Code ), the Treasury regulations promulgated thereunder and judicial and administrative authority, all of which are subject to change, possibly with retroactive effect. State, local and foreign tax considerations are not summarized, nor are tax considerations to special classes of investors including, but not limited to, banks, thrifts, mutual funds and other financial institutions; regulated investment companies; traders in securities who elect to apply a mark-to-market method of accounting; broker-dealers; tax-exempt organizations and pension funds; insurance companies; dealers or brokers in securities or foreign currency; individual retirement and other deferred accounts; U.S. holders whose functional currency is not the U.S. dollar; U.S. expatriates; holders of ordinary shares who own, actually or constructively, at least 5% of the ordinary shares; passive foreign investment companies or controlled foreign corporations; partnerships or other entities classified as partnerships for U.S. federal income tax purposes; persons liable for the alternative minimum tax; and persons that will hold the ordinary shares as a position in a straddle or conversion transaction, or as part of a synthetic security or other integrated financial transaction.

For purposes of this discussion, a U.S. holder means a beneficial owner of Mandatory Convertible Preferred Shares or ordinary shares who is a citizen or resident of the United States, a domestic corporation or otherwise subject to U.S. federal income tax on a net income basis in respect of its Mandatory Convertible Preferred Shares or ordinary shares. A Non-U.S. holder is a beneficial owner of Mandatory Convertible Preferred Shares or ordinary shares that is not a U.S. holder.

The summary is limited to taxpayers who will hold the Mandatory Convertible Preferred Shares or ordinary shares as capital assets (generally, property held for investment) and who purchase the Mandatory Convertible Preferred Shares in the initial offering at the initial offering price. Each potential investor should consult its own tax advisor as to the U.S. federal, state, local, foreign and any other tax considerations of the purchase, ownership and disposition of the Mandatory Convertible Preferred Shares or our ordinary shares.

### **Section 7874**

Following the acquisition of a U.S. corporation by a foreign corporation, Section 7874 can limit the ability of the acquired U.S. corporation and its U.S. affiliates to utilize certain U.S. tax attributes, such as net operating losses, to offset U.S. taxable income resulting from certain transactions. Section 7874 also provides that if, following an acquisition of a U.S. corporation by a foreign corporation, at least 80% of the acquiring foreign corporation's stock (by vote or value) is considered to be held by former stockholders of the U.S. corporation by reason of holding stock of such U.S. corporation and the expanded affiliated group, which includes the acquiring foreign corporation does not have substantial business activities in the country in which the acquiring foreign corporation is created or organized, then the foreign corporation would be treated as a U.S. corporation for U.S. federal tax purposes, even though it is a corporation created and organized outside the United States. For purposes of Section 7874, multiple acquisitions of U.S. corporations by a foreign corporation, if treated as

---

## **Table of Contents**

part of a plan or series of related transactions, may be treated as a single acquisition. If multiple acquisitions of U.S. corporations are treated as a single acquisition, all shareholders of the acquired U.S. corporations would be aggregated for purposes of the test set forth above concerning such shareholders holding at least 80% (by either vote or value) of the shares of the foreign acquiring corporation after the acquisitions by reason of holding shares in the acquired U.S. corporations.

Actavis plc believes that, in the Warner Chilcott Acquisition, the Actavis, Inc. shareholders received less than 80% (by both vote and value) of the shares of Actavis plc and consequently that Actavis plc is treated as a foreign corporation.

However, the law and Treasury regulations promulgated under Section 7874 are relatively new and somewhat unclear, and the IRS may not agree that the ownership requirements to treat Actavis plc as a foreign corporation were met in the Warner Chilcott Acquisition. Moreover, even if the ownership requirements were met in the Warner Chilcott Acquisition and the Forest Transaction, the IRS may assert that, even though the Acquisition is a separate transaction from the Warner Chilcott Acquisition and the Forest Transaction, the Acquisition should be integrated with the Warner Chilcott Acquisition and the Forest Transaction as a single transaction. In the event the IRS were to prevail with such assertion, Actavis plc would be treated as a U.S. corporation for U.S. federal tax purposes and significant adverse tax consequences would result for Actavis plc. In addition, shareholders would be treated as owning an interest in a domestic, rather than a foreign, corporation for U.S. federal tax purposes and the tax consequences related thereto would be different than the considerations outlined in the discussion below.

Unless otherwise noted, the following discussion assumes that Actavis plc is treated as a foreign corporation for U.S. federal tax purposes. Holders should consult their tax advisors regarding the application of Section 7874 to Actavis plc and the potential impact on an investment in ordinary shares or Mandatory Convertible Preferred Shares if Actavis plc was treated as a domestic corporation under Section 7874.

## **U.S. holders**

### ***Distributions on Mandatory Convertible Preferred Shares and ordinary shares***

*In general.* In general, distributions of cash or ordinary shares with respect to our Mandatorily Convertible Preferred Shares or cash distributions on ordinary shares (including, in each case, any withheld Irish taxes) will be taxable as dividends to the extent paid out of Actavis plc's current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Such income (including any withheld Irish taxes) will be includable in the gross income of a U.S. holder as ordinary income on the day actually or constructively received by such holder. Distributions that are treated as dividends for U.S. federal income tax purposes will not be eligible for the dividends received deduction allowed to corporations under the Code. The amount of income associated with a distribution of ordinary shares with respect to our Mandatorily Convertible Preferred Shares will equal the fair market value of those ordinary shares at the time of distribution.

With respect to non-corporate U.S. holders (including individuals), subject to the following discussion of special rules applicable to Passive Foreign Investment Companies (referred to in this prospectus as "PFICs"), certain dividends received from a qualified foreign corporation may be subject to reduced rates of taxation. A qualified foreign corporation includes a foreign corporation that is eligible for the benefits of a comprehensive income tax treaty with the United States, which the U.S. Treasury Department determines to be satisfactory for these purposes and which includes an exchange of information provision. The U.S. Treasury Department has determined that the Tax Treaty meets these requirements. In addition, a foreign corporation is also treated as a qualified foreign corporation with respect to dividends paid by that corporation on shares that are readily tradable on an established securities market in the United States. U.S. Treasury Department guidance indicates

---

**Table of Contents**

that the ordinary shares, which are currently listed on the NYSE, are considered readily tradable on an established securities market in the United States. We intend to apply to have the Mandatory Convertible Preferred Shares listed on the NYSE. There can be no assurance that the Mandatory Convertible Preferred Shares and ordinary shares will be considered readily tradable on an established securities market in later years. Non-corporate holders that do not meet a minimum holding period requirement during which they are not protected from the risk of loss or that elect to treat the dividend income as investment income pursuant to Section 163(d)(4) of the Code (dealing with the deduction for investment interest expense) will not be eligible for the reduced rates of taxation regardless of Actavis plc's status as a qualified foreign corporation. In addition, the rate reduction will not apply to dividends if the recipient of the dividends is obligated to make related payments with respect to positions in substantially similar or related property. This disallowance applies even if the minimum holding period has been met.

Subject to certain conditions and limitations, Irish withholding taxes, if any, on dividends paid on Actavis plc Mandatory Convertible Preferred Shares and ordinary shares may be credited against a U.S. holder's U.S. federal income tax liability. For purposes of calculating the foreign tax credit, dividends paid on Actavis plc Mandatory Convertible Preferred Shares and ordinary shares will, subject to the discussion below regarding foreign corporations that are at least 50% owned by U.S. persons, be treated as income from sources outside the United States and will generally constitute passive category income. Further, in certain circumstances, if a U.S. holder:

has held Mandatory Convertible Preferred Shares and ordinary shares for less than a specified minimum period during which the U.S. holder is not protected from risk of loss; or

is obligated to make payments related to the dividends, then the U.S. holder will not be allowed a foreign tax credit for foreign taxes imposed on dividends paid on Mandatory Convertible Preferred Shares and ordinary shares. The rules governing the foreign tax credit are complex. U.S. holders should consult their tax advisors regarding the availability of the foreign tax credit under the holder's particular circumstances and the requirements for claiming such credit.

To the extent that the amount of any distribution exceeds Actavis plc's current and accumulated earnings and profits for a taxable year, as determined under U.S. federal income tax principles, the amount of the distribution in excess of earnings and profits will first be treated as a tax-free return of capital, causing a reduction in the adjusted tax basis of a U.S. holder's Actavis plc Mandatory Convertible Preferred Shares or ordinary shares (as applicable), and the amount of any remaining excess will be taxed as capital gain recognized on a sale or exchange as described below under "Sale, exchange or other taxable disposition" beginning on page S-93 of this prospectus supplement.

It is possible that Actavis plc is, or at some future time will be, at least 50% owned by U.S. persons. Dividends paid by a foreign corporation that is at least 50% owned by U.S. persons may be treated as U.S. source income (rather than foreign source income) for foreign tax credit purposes to the extent the foreign corporation has more than an insignificant amount of U.S. source income. The effect of this rule may be to treat a portion of any dividends paid by Actavis plc as U.S. source income. Treatment of the dividends as U.S. source income in whole or in part may limit a U.S. holder's ability to claim a foreign tax credit for any Irish withholding taxes payable in respect of the dividends. The Code permits a U.S. holder entitled to benefits under the Tax Treaty to elect to treat any dividends from such a corporation as foreign source income for foreign tax credit purposes if the dividend income is separated from other income items for purposes of calculating the U.S. holder's foreign tax credit. U.S. holders should consult their own tax advisors about the desirability of making, and the method of making, such an election.

We expect to pay all dividends in U.S. dollars. If, however, we pay dividends in a foreign currency, the amount of any dividend in respect thereof will be the U.S. dollar value of the foreign currency distributed by Actavis plc,

---

**Table of Contents**

calculated by reference to the exchange rate in effect on the date the dividend is includible in the U.S. holder's income, regardless of whether the payment is in fact converted into U.S. dollars on the date of receipt. Generally, a U.S. holder should not recognize any foreign currency gain or loss if the foreign currency is converted into U.S. dollars on the date the payment is received. However, any gain or loss resulting from currency exchange fluctuations during the period from the date the U.S. holder includes the dividend payment in income to the date such U.S. holder actually converts the payment into U.S. dollars will be treated as ordinary income or loss. That currency exchange income or loss (if any) generally will be income or loss from U.S. sources for foreign tax credit limitation purposes.

*Constructive distributions.* As a holder of Mandatory Convertible Preferred Shares, you may be treated as receiving a constructive dividend distribution from us if (1) the conversion rate is adjusted and as a result of such adjustment your proportionate interest in our assets or earnings and profits is increased and (2) the adjustment is not made pursuant to a bona fide, reasonable anti-dilution formula. An adjustment in the conversion rate would not be considered made pursuant to such a formula if the adjustment were made to compensate you for certain taxable distributions with respect to our ordinary shares. For example, an increase in the conversion ratio to reflect a taxable dividend to holders of ordinary shares will generally give rise to a taxable constructive dividend to the holders of the Mandatory Convertible Preferred Shares to the extent made out of current and accumulated earnings and profits, even though holders would not receive any cash related thereto. In addition, in certain circumstances, the failure to make an adjustment of the conversion rate may result in a taxable distribution with respect to the Mandatory Convertible Preferred Shares or our ordinary shares, if as a result of such failure, the proportionate interests of the holders of Mandatory Convertible Preferred Shares or ordinary shares, as applicable, in our assets or earnings and profits is increased.

**Sale, exchange or other taxable disposition of the Mandatory Convertible Preferred Shares and ordinary shares**

For U.S. federal income tax purposes, subject to the following discussion of special rules applicable to PFICs, a U.S. holder will recognize taxable gain or loss on any sale, exchange or other taxable disposition of a Mandatory Convertible Preferred Shares (other than pursuant to a conversion into our ordinary shares) or an ordinary share in an amount equal to the difference between the amount realized for the share and such U.S. holder's tax basis in the share. Your tax basis in ordinary shares distributed with respect to Mandatory Convertible Preferred Shares will be equal to the fair market value of those shares at the time of their distribution. For a discussion of your tax basis and holding period in respect of ordinary shares received in the conversion of the Mandatory Convertible Preferred Shares, see below under Treatment of the Conversion.

The gain or loss recognized by a U.S. holder on the sale, exchange or other taxable disposition of Actavis plc Mandatory Convertible Preferred Shares and ordinary shares will generally be capital gain or loss. Capital gains of non-corporate U.S. holders (including individuals) currently are eligible for the preferential U.S. federal income tax rates applicable to long-term capital gains if such holder has held the Actavis plc Mandatory Convertible Preferred Shares or ordinary shares for more than one year as of the date of the sale, exchange or other taxable disposition. The deductibility of capital losses is subject to limitations.

Any gain or loss recognized by a U.S. holder on the sale or exchange of Mandatory Convertible Preferred Shares and ordinary shares will generally be treated as U.S. source gain or loss.

**Treatment of the conversion**

*In general.* A U.S. holder of Mandatory Convertible Preferred Shares will not recognize any income, gain or loss in respect of the receipt of ordinary shares upon the conversion of our Mandatory Convertible Preferred Shares, except that (1) the amount of cash you receive in respect of accrued and unpaid dividends will generally be taxable as described under Distributions on Mandatory Convertible Preferred Shares and Ordinary

Shares above; (2) although it is not free from doubt, ordinary shares you receive in respect of accrued and unpaid dividends may be treated as a taxable distribution as described under Distributions on Mandatory Convertible Preferred Shares and Ordinary Shares above, (3) any Fundamental Change Dividend Make-whole Amount paid in cash will generally be taxable as capital gain to the extent your amount realized on the conversion exceeds your basis in your Mandatory Convertible Preferred Shares and (4) your receipt of Cash in lieu of a fractional share of ordinary shares will generally be treated as if you received the fractional share and then received such cash in redemption of such fractional share. Such redemption will generally result in capital gain or loss equal to the difference between the amount of cash received and your tax basis in the ordinary share that is allocable to the fractional share.

You should consult your own tax advisor to determine the specific tax treatment of the receipt of cash or shares in respect of accrued and unpaid dividends or cash in lieu of a fractional share in your particular circumstances.

*Tax basis and holding period.* Your tax basis in the ordinary shares you receive upon a conversion of our Mandatory Convertible Preferred Shares (including any basis allocable to a fractional share) will generally equal the tax basis of the Mandatory Convertible Preferred Shares that was converted, reduced by any Fundamental Change Dividend Make-whole Amount paid in cash and increased by any gain recognized under clause (3) above. Your tax basis in a fractional share will be determined by allocating your tax basis in the ordinary share between the ordinary share you receive upon conversion and the fractional share, in accordance with their respective fair market values. Your holding period for the ordinary shares you receive (other than ordinary shares received in respect of accrued and unpaid dividends) will include your holding period for the Mandatory Convertible Preferred Shares converted. The basis of ordinary shares received in respect of accrued and unpaid dividends that is treated as a taxable distribution will equal its fair market value at the time it is distributed and its holding period will begin on the day following the distribution.

*Additional ordinary shares received on fundamental change conversions.* Although it is not free from doubt, any additional ordinary shares received by you in respect of a conversion upon a fundamental change should be treated as part of the consideration received in the conversion. You should consult your own tax advisor to determine the specific tax treatment of additional shares in your particular circumstances.

## **Passive foreign investment company considerations**

A PFIC is any foreign corporation if, after the application of certain look-through rules, (a) at least 75% of its gross income is passive income as that term is defined in the relevant provisions of the Code, or (b) at least 50% of the average value of its assets produce passive income or are held for the production of passive income. It is expected that neither the Mandatory Convertible Preferred Shares nor the ordinary shares should be treated as stock of a PFIC for U.S. federal income tax purposes, but this conclusion is a factual determination that is made annually and thus may be subject to change. With certain exceptions, the Mandatory Convertible Preferred Shares and ordinary shares would be treated as stock in a PFIC if Actavis plc were a PFIC at any time during a U.S. holder's holding period in such U.S. holder's Actavis plc Mandatory Convertible Preferred Shares or ordinary shares.

There can be no assurance that Actavis plc will not be treated as a PFIC during a U.S. holder's holding period. If Actavis plc were to be treated as a PFIC, then, unless a U.S. holder elects to be taxed annually on a mark-to-market basis with respect to the Actavis plc stock, gain realized on any sale or exchange of the Actavis plc stock and certain distributions with respect to Actavis plc stock could be subject to additional U.S. federal income taxes, plus an interest charge on certain taxes treated as having been deferred under the PFIC rules. In addition, dividends that a U.S. holder receives from Actavis plc with respect to Actavis plc stock would not be eligible for the reduced tax rates applicable to qualified dividend income if Actavis plc is treated as a PFIC with respect to such U.S. holder either in the taxable year of the distribution or the preceding taxable year, but instead would be subject to regular U.S. federal income tax rates applicable to ordinary income.

## **Table of Contents**

### **Tax consequences to non-U.S. holders**

In general, a non-U.S. holder of Actavis plc Mandatory Convertible Preferred Shares and ordinary shares will not be subject to U.S. federal income tax or, subject to the discussion below under Information reporting and backup withholding beginning on page S-95 of this prospectus supplement, U.S. federal withholding tax on any dividends received on the Mandatory Convertible Preferred Shares or ordinary shares or any gain recognized on a sale or other disposition of the Mandatory Convertible Preferred Shares (including pursuant to a conversion thereof into ordinary shares) or ordinary shares (including any distribution to the extent it exceeds the adjusted tax basis in the non-U.S. holder's Mandatory Convertible Preferred Shares or ordinary shares).

### **Treatment of the conversion**

*In general.* Generally, if you are a Non-U.S. holder, you should not recognize any income, gain or loss on the conversion of Mandatory Convertible Preferred Shares for our ordinary shares, except that (1) the amount of cash you receive in respect of accrued and unpaid dividends will generally be treated as a distribution as described above under Tax Consequences to Non-U.S. Holders ; (2) although it is not free from doubt, we intend to treat ordinary shares you receive in respect of accrued and unpaid dividends as a distribution, and (3) cash received in lieu of a fractional share of ordinary shares and any Fundamental Change Dividend Make-whole Amount paid in cash will generally be treated as proceeds from the sale or disposition of the relevant ordinary shares or Mandatory Convertible Preferred Shares as described above under Tax Consequences to Non-U.S. Holders.

*Additional shares of ordinary shares received on fundamental change conversions.* Although it is not free from doubt, any additional shares of ordinary shares received by you in respect of a conversion upon a fundamental change should be treated as part of the consideration received in the conversion. You should consult your own tax advisor to determine the specific tax treatment of additional shares in your particular circumstances.

### **Information reporting and backup withholding**

In general, information reporting requirements will apply to dividends received by U.S. holders of Mandatory Convertible Preferred Shares or ordinary shares and the proceeds received on the disposition of the foregoing effected within the United States (and, in certain cases, outside the United States), in each case, other than U.S. holders that are exempt recipients (such as corporations). Backup withholding may apply to such amounts if the U.S. holder fails to timely provide an accurate taxpayer identification number (generally on an IRS Form W-9 provided to the paying agent or the U.S. holder's broker) or is otherwise subject to backup withholding.

Dividends paid with respect to the Mandatory Convertible Preferred Shares or ordinary shares and proceeds from the sale or other disposition of Mandatory Convertible Preferred Shares or ordinary shares received in the United States by a non-U.S. holder or through certain U.S.-related financial intermediaries may be subject to information reporting and backup withholding unless such non-U.S. holder provides proof of an applicable exemption or complies with certain certification procedures described above, and otherwise complies with the applicable requirements of the backup withholding rules.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be allowed as a refund or credit on a holder's U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

### **Foreign accounts**

Withholding taxes may be imposed under the Foreign Account Tax Compliance Act (referred to in this joint proxy statement/prospectus as FATCA ) on certain types of payments made to foreign financial institutions

**Table of Contents**

(as defined in the Code) and certain other non-U.S. entities. Specifically, a 30% withholding tax may be imposed on dividends on, or gross proceeds from the sale or other disposition of, shares (such as the Mandatory Convertible Preferred Shares or ordinary shares), paid to a foreign financial institution or a non-financial foreign entity (each as defined in the Code) to the extent such payments are treated as U.S. source or as foreign passthru payments, unless (1) the foreign financial institution undertakes certain diligence and reporting obligations, (2) the non-financial foreign entity either certifies it does not have any substantial United States owners (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (3) the foreign financial institution or nonfinancial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in (1) above, it must enter into an agreement with the U.S. Department of the Treasury requiring that it undertake to identify accounts held by certain specified United States persons or United States-owned foreign entities (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on payments to non-compliant foreign financial institutions and certain other account holders. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. The withholding provisions described above apply to payments of U.S.-source dividends made on or after July 1, 2014 and to the gross proceeds from the sale or other disposition of shares on or after January 1, 2017. In addition, withholding under FATCA may, under certain circumstances, apply to payments of dividends on Mandatory Convertible Preferred Shares and ordinary shares after January 1, 2017 if such payments are treated as foreign passthru payments. It is currently unclear if and to what extent payments on securities such as the Mandatory Convertible Preferred Shares and ordinary shares will be foreign passthru payments subject to FATCA withholding. Holders should consult their tax advisors regarding the potential application of withholding under FATCA to their investment in Mandatory Convertible Preferred Shares and ordinary shares.

## **Certain Irish tax considerations**

### **Scope of discussion**

The following is a summary of the material Irish tax consequences of owning and disposing of the Mandatory Convertible Preferred Shares and any ordinary shares received upon conversion. The summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to each shareholder. The summary is based upon Irish tax laws and the practice of the Irish Revenue Commissioners in effect on the date of this prospectus supplement and correspondence with the Irish Revenue Commissioners. Changes in law and/or administrative practice may result in alteration of the tax considerations described below, possibly with retrospective effect.

The summary does not constitute tax advice and is intended only as a general guide. The summary is not exhaustive and shareholders should consult their tax advisors about the Irish tax consequences (and tax consequences under the laws of other relevant jurisdictions) of the acquisition, ownership, conversion and disposal of the Mandatory Convertible Preferred Shares or ordinary shares. The summary applies only to shareholders who hold their Mandatory Convertible Preferred Shares or ordinary shares as capital assets and does not apply to other categories of shareholders, such as dealers in securities, trustees, insurance companies, collective investment schemes and shareholders who acquire, or are deemed to acquire, their Mandatory Convertible Preferred Shares or ordinary shares by virtue of an Irish office or employment (performed or carried on in Ireland).

### **Irish tax on chargeable gains**

The current rate of Irish capital gains tax or corporation tax on chargeable gains (as applicable) (referred to in this prospectus supplement as Irish CGT ) is 33%.

### **Non-resident shareholders**

Shareholders that are not resident or ordinarily resident in Ireland for Irish tax purposes and do not hold their Mandatory Convertible Preferred Shares in connection with a trade carried on by such shareholders through an Irish branch or agency will not be within the charge to Irish CGT on the conversion of their Mandatory Convertible Preferred Shares into ordinary shares.

Any disposal of Mandatory Convertible Preferred Shares or ordinary shares will not be within the charge to Irish CGT provided the holder of such shares is not resident or ordinarily resident in Ireland for Irish tax purposes and does not hold his or her shares in connection with a trade carried on by such shareholder through an Irish branch or agency.

### **Irish resident shareholders**

Shareholders that are resident or ordinarily resident in Ireland for Irish tax purposes, or that hold their Mandatory Convertible Preferred Shares in connection with a trade carried on by such persons through an Irish branch or agency, will, subject to the availability of any exemptions and reliefs, generally be within the charge to Irish CGT arising on the conversion of their Mandatory Convertible Preferred Shares into ordinary shares.

On the basis that, the conversion of any Mandatory Convertible Preferred Shares into ordinary shares should be treated as a reorganisation of Actavis plc's share capital, the following treatment should apply: a shareholder's resultant holding of ordinary shares should be treated as the same asset, acquired at the same time and for the same consideration, as the holding of Mandatory Convertible Preferred Shares held by that shareholder prior to the conversion; to the extent that a shareholder receives cash for the conversion of their Mandatory Convertible

## **Table of Contents**

Preferred Shares, they should be treated as having made a part disposal of his or her Mandatory Convertible Preferred Shares for Irish CGT purposes in respect of the cash consideration received.

This may, subject to the availability of any exemptions and reliefs and the shareholder's individual circumstances, give rise to a chargeable gain (or allowable loss) for the purposes of Irish CGT in respect of the cash received.

On the basis of the treatment described above on the conversion of Mandatory Convertible Preferred Shares into ordinary shares, a shareholder's base cost in the ordinary shares for Irish CGT purposes will be the consideration paid by such shareholder for the Mandatory Convertible Preferred Shares when they were first acquired by that shareholder as adjusted, if applicable, for the part of the consideration attributable to the part disposal on the receipt of cash. Consequently, any chargeable gain (or allowable loss) on a subsequent disposal or part disposal of the ordinary shares should be calculated by reference to this allocated base cost. Specific tax rules apply to the calculation of this allocated base cost.

A disposal of Mandatory Convertible Preferred Shares or ordinary shares by a shareholder who is resident or ordinarily resident in Ireland for Irish tax purposes or who holds his or her shares in connection with a trade carried on by such person through an Irish branch or agency will, subject to the availability of any exemptions and reliefs, generally be within the charge to Irish CGT.

A shareholder of Actavis plc who is an individual and who is temporarily not resident in Ireland may, under Irish anti-avoidance legislation, still be liable to Irish tax on any chargeable gain realized upon a subsequent disposal of the Mandatory Convertible Preferred Shares or ordinary shares during the period in which such individual is a non-resident.

## **Stamp duty**

The rate of stamp duty (where applicable) on transfers of shares of Irish incorporated companies is 1% of the price paid or the market value of the shares acquired, whichever is greater. Where Irish stamp duty arises it is generally a liability of the transferee.

No stamp duty will be payable on the issue of the Mandatory Convertible Preferred Shares or on the conversion of any Mandatory Convertible Preferred Shares into ordinary shares.

Irish stamp duty may, depending on the manner in which the Mandatory Convertible Preferred Shares or ordinary shares in Actavis plc are held, be payable in respect of transfers of Mandatory Convertible Preferred Shares or ordinary shares.

## **Mandatory Convertible Preferred Shares and ordinary shares held through DTC**

A transfer of Mandatory Convertible Preferred Shares or ordinary shares effected by means of the transfer of book-entry interests in DTC should not be subject to Irish stamp duty. As most Mandatory Convertible Preferred Shares in Actavis plc and ordinary shares are expected to be held through DTC, it is anticipated that most transfers of Mandatory Convertible Preferred Shares will be exempt from Irish stamp duty on this basis.

## **Mandatory Convertible Preferred Shares and ordinary shares held outside of DTC or transferred into or out of DTC**

A transfer of Mandatory Convertible Preferred Shares or ordinary shares where any party to the transfer holds such shares outside of DTC may be subject to Irish stamp duty. Shareholders wishing to transfer their

---

## **Table of Contents**

Mandatory Convertible Preferred Shares or ordinary shares into (or out of) DTC may do so without giving rise to Irish stamp duty provided that:

there is no change in the ultimate beneficial ownership of such shares as a result of the transfer; and

the transfer into (or out of) DTC is not effected in contemplation of a subsequent sale of such shares by a beneficial owner to a third party. Due to the potential Irish stamp duty charge on transfers of Mandatory Convertible Preferred Shares and ordinary shares held outside of DTC, it is strongly recommended that shareholders hold their Mandatory Convertible Preferred Shares or ordinary shares in DTC.

## **Withholding tax on dividends (DWT)**

Distributions made by Actavis plc will, in the absence of one of many exemptions, be subject to DWT currently at a rate of 20%.

For DWT and Irish income tax purposes, a distribution includes any distribution that may be made by Actavis plc to its shareholders, including cash dividends, non-cash dividends and additional shares taken in lieu of a cash dividend. In addition, if, as a result of an adjustment (or failure to make an adjustment) of the conversion rate for the Mandatory Convertible Preferred Shares, a shareholder's proportionate interest in Actavis plc's assets or earnings and profits is increased, such shareholder may be deemed to have received for DWT and Irish income tax purposes a taxable distribution without the receipt of any cash. Where an exemption from DWT does not apply in respect of a distribution made to a particular shareholder, Actavis plc is responsible for withholding DWT prior to making such distribution.

## **General exemptions**

Irish domestic law provides that a non-Irish resident Actavis plc shareholder is not subject to DWT on dividends received from Actavis plc if such shareholder is beneficially entitled to the dividend and is:

a person (not being a company) resident for tax purposes in a Relevant Territory (including the United States) and is neither resident nor ordinarily resident in Ireland (please see below a list of Relevant Territories for DWT purposes);

a company resident for tax purposes in a Relevant Territory, provided such company is not under the control, whether directly or indirectly, of a person or persons who is or are resident in Ireland;

a company that is controlled, directly or indirectly, by persons resident in a Relevant Territory and who is or are (as the case may be) not controlled by, directly or indirectly, persons who are not resident in a Relevant Territory;

a company whose principal class of shares (or those of its 75% direct or indirect parent) is substantially and regularly traded on a stock exchange in Ireland, on a recognised stock exchange either in a Relevant Territory or on such other stock exchange approved by the Irish Minister for Finance; or

a company that is wholly owned, directly or indirectly, by two or more companies where the principal class of shares of each of such companies is substantially and regularly traded on a stock exchange in Ireland, a recognised stock exchange in a Relevant Territory or on such other stock exchange approved by the Irish Minister for Finance, and provided, in all cases noted above (but subject to Mandatory Convertible Preferred Shares Held by U.S. Resident Shareholders below), Actavis plc or, in respect of Mandatory Convertible Preferred Shares or ordinary shares held through DTC, any qualifying intermediary appointed by Actavis plc, has received from the

shareholder, where required, the relevant DWT Forms prior to the payment of the dividend. In practice, in order to ensure sufficient time to process the receipt of relevant DWT Forms, the shareholder where required should furnish the relevant DWT Form to:

its broker (and the relevant information is further transmitted to any qualifying intermediary appointed by Actavis plc) before the record date for the dividend (or such later date before the dividend payment date as may be notified to the shareholder by the broker) if its shares are held through DTC; or

Actavis plc's transfer agent at least seven business days before the record date for the dividend if its shares are held outside of DTC. Links to the various DWT Forms are available at:

<http://www.revenue.ie/en/tax/dwt/forms/index.html>.

The information on such website does not constitute a part of, and is not incorporated by reference into, this prospectus supplement.

For non-Irish resident shareholders that cannot avail of one of Ireland's domestic law exemptions from DWT, it may be possible for such shareholders to rely on the provisions of a double tax treaty to which Ireland is party to reduce the rate of DWT.

**Mandatory Convertible Preferred Shares or ordinary shares held by U.S. resident shareholders**

Dividends paid in respect of Mandatory Convertible Preferred Shares or ordinary shares that are held through DTC should not be subject to DWT provided the address of the beneficial owner of such Mandatory Convertible Preferred Shares or ordinary shares in the records of the broker holding such Mandatory Convertible Preferred Shares or ordinary shares is in the United States (and such broker has further transmitted the relevant information to a qualifying intermediary appointed by Actavis plc). It is strongly recommended that such shareholders ensure that their information is properly recorded by their brokers (so that such brokers can further transmit the relevant information to a qualifying intermediary appointed by Actavis plc).

Dividends paid in respect of Mandatory Convertible Preferred Shares or ordinary shares that are held outside of DTC and are owned by a shareholder who is a resident of the United States will not be subject to DWT if such shareholder provides a completed IRS Form 6166 or a valid DWT Form to Actavis plc's transfer agent to confirm its U.S. residence and claim an exemption. It is strongly recommended that shareholders who are U.S. residents and who hold Mandatory Convertible Preferred Shares or ordinary shares outside of DTC provide the appropriate completed IRS Form 6166 or DWT Form to Actavis plc's transfer agent as soon as possible after receiving their Mandatory Convertible Preferred Shares or ordinary shares.

## **Table of Contents**

If any shareholder that is resident in the United States receives a dividend from which DWT has been withheld, the shareholder should generally be entitled to apply for a refund of such DWT from the Irish Revenue Commissioners, provided the shareholder is beneficially entitled to the dividend.

### **Mandatory Convertible Preferred Shares or ordinary shares held by residents of Relevant Territories other than the United States**

Shareholders who are residents of Relevant Territories, other than the United States, must satisfy the conditions of one of the exemptions referred to above under the heading "General Exemptions" beginning on page S-99 of this prospectus supplement, including the requirement to furnish valid DWT Forms, in order to receive dividends without suffering DWT. If such shareholders hold their Mandatory Convertible Preferred Shares or ordinary shares through DTC, they must provide the appropriate DWT Forms to their brokers (so that such brokers can further transmit the relevant information to a qualifying intermediary appointed by Actavis plc) before the record date for the dividend (or such later date before the dividend payment date as may be notified to the shareholder by the broker). If such shareholders hold their Mandatory Convertible Preferred Shares or ordinary shares outside of DTC, they must provide the appropriate DWT Forms to Actavis plc's transfer agent at least seven business days before the record date for the dividend. It is strongly recommended that such shareholders who are residents of Relevant Territories other than the United States complete the appropriate DWT Forms and provide them to their brokers or Actavis plc's transfer agent, as the case may be, as soon as possible after receiving their Mandatory Convertible Preferred Shares or ordinary shares.

If any shareholder who is resident in a Relevant Territory receives a dividend from which DWT has been withheld, the shareholder may be entitled to a refund of DWT from the Irish Revenue Commissioners provided the shareholder is beneficially entitled to the dividend.

### **Mandatory Convertible Preferred Shares or ordinary shares held by residents of Ireland**

Most Irish tax resident or ordinarily resident shareholders (other than Irish resident companies that have completed the appropriate DWT Forms) will be subject to DWT in respect of dividends paid on their Mandatory Convertible Preferred Shares or ordinary shares.

Shareholders that are residents of Ireland, but are entitled to receive dividends without DWT, must complete the appropriate DWT Forms and provide them to their brokers (so that such brokers can further transmit the relevant information to a qualifying intermediary appointed by Actavis plc) before the record date for the dividend (or such later date before the dividend payment date as may be notified to the shareholder by the broker) (in the case of Mandatory Convertible Preferred Shares or ordinary shares held through DTC), or to Actavis plc's transfer agent at least seven business days before the record date for the dividend (in the case of Mandatory Convertible Preferred Shares or ordinary shares held outside of DTC).

### **Mandatory Convertible Preferred Shares or ordinary shares held by other persons**

Actavis plc shareholders that do not fall within any of the categories specifically referred to above may nonetheless fall within other exemptions from DWT. If any shareholders are exempt from DWT, but receive dividends subject to DWT, such shareholders may apply for refunds of such DWT from the Irish Revenue Commissioners.

Dividends paid in respect of Mandatory Convertible Preferred Shares or ordinary shares held through DTC that are owned by a partnership formed under the laws of a Relevant Territory and where all the underlying partners are resident in a Relevant Territory will be entitled to exemption from DWT if all of the partners complete the appropriate DWT Forms and provide them to their brokers (so that such brokers can further

---

## **Table of Contents**

transmit the relevant information to a qualifying intermediary appointed by Actavis plc) before the record date for the dividend (or such later date before the dividend payment date as may be notified to the shareholder by the broker). If any partner is not a resident of a Relevant Territory, no part of the partnership's position is entitled to exemption from DWT.

### **Qualifying intermediary**

Prior to paying any dividend, Actavis plc will put in place an agreement with an entity that is recognized by the Irish Revenue Commissioners as a qualifying intermediary, which will provide for certain arrangements relating to distributions in respect of Mandatory Convertible Preferred Shares and ordinary shares that are held through DTC, which are referred to as the Deposited Securities. The agreement will provide that the qualifying intermediary shall distribute or otherwise make available to Cede & Co., as nominee for DTC, any cash dividend or other cash distribution with respect to the Deposited Securities after Actavis plc delivers or causes to be delivered to the qualifying intermediary the cash to be distributed.

Actavis plc will rely on information received directly or indirectly from its qualifying intermediary, brokers and its transfer agent in determining where Actavis plc shareholders reside, whether they have provided the required U.S. tax information and whether they have provided the required DWT Forms. Actavis plc shareholders that are required to file DWT Forms in order to receive dividends free of DWT should note that such forms are generally valid, subject to a change in circumstances, until December 31 of the fifth year after the year in which such forms were completed.

### **Income tax on dividends paid on Mandatory Convertible Preferred Shares or ordinary shares**

Irish income tax may arise for certain persons in respect of distributions received from Irish resident companies.

An Actavis plc shareholder that is not resident or ordinarily resident in Ireland and that is entitled to an exemption from DWT generally has no liability to Irish income tax or the universal social charge on a dividend from Actavis plc. An exception to this position may apply where such shareholder holds Mandatory Convertible Preferred Shares or ordinary shares through a branch or agency in Ireland through which a trade is carried on.

An Actavis plc shareholder that is not resident or ordinarily resident in Ireland and that is not entitled to an exemption from DWT generally has no additional Irish income tax liability or liability to the universal social charge. The DWT deducted by Actavis plc discharges the liability to income tax and the universal social charge. An exception to this position may apply where the shareholder holds Mandatory Convertible Preferred Shares or ordinary shares through a branch or agency in Ireland through which a trade is carried on.

Irish resident or ordinarily resident Actavis plc shareholders may be subject to Irish income tax and (in the case of an individual) the universal social charge on dividends received from Actavis plc. In certain circumstances, dividends paid on preferred shares issued by an Irish resident company to a shareholder which is within the charge to Irish corporation tax may be subject to Irish corporation tax under Schedule D, Case IV (currently at a rate of 25%).

### **Capital acquisitions tax (CAT)**

CAT comprises principally gift tax and inheritance tax. CAT could apply to a gift or inheritance of Mandatory Convertible Preferred Shares or ordinary shares irrespective of the place of residence, ordinary residence or domicile of the parties. This is because Mandatory Convertible Preferred Shares and ordinary shares are

**Table of Contents**

regarded as property situated in Ireland for Irish CAT purposes, as the share register of Actavis plc must be held in Ireland. The person who receives the gift or inheritance has primary liability for CAT.

CAT is currently levied at a rate of 33% above certain tax-free thresholds. The appropriate tax-free threshold is dependent upon (i) the relationship between the donor and the donee and (ii) the aggregation of the values of previous gifts and inheritances received by the donee from persons within the same group threshold. Gifts and inheritances passing between spouses are exempt from CAT. Children have a tax-free threshold of 225,000 in respect of taxable gifts or inheritances received from their parents. Actavis plc shareholders should consult their own tax advisors as to whether CAT is creditable or deductible in computing any domestic tax liabilities.

There is also a small gift exemption from CAT whereby the first 3,000 of the taxable value of all taxable gifts taken by a donee from any one donor, in each calendar year, is exempt from CAT and is also excluded from any future aggregation. This exemption does not apply to an inheritance.

**THE IRISH TAX CONSIDERATIONS SUMMARISED ABOVE ARE FOR GENERAL INFORMATION ONLY. EACH SHAREHOLDER SHOULD CONSULT WITH THEIR TAX ADVISORS REGARDING THE TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP, CONVERSION AND DISPOSAL OF MANDATORY CONVERTIBLE PREFERRED SHARES OR ORDINARY SHARES.**

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the Mandatory Convertible Preferred Shares sold under the underwriting agreement if any of these Mandatory Convertible Preferred Shares are purchased. The underwriters will sell the Mandatory Convertible Preferred Shares to the public when and if the underwriters buy the Mandatory Convertible Preferred Shares from us.

The underwriters have advised us that they initially propose to offer the Mandatory Convertible Preferred Shares directly to the public for cash at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at that public offering price less a concession not in excess of \$13.1232 per Mandatory Convertible Preferred Share. After the initial public offering of the Mandatory Convertible Preferred

Shares, the offering price and other selling terms may be changed by the underwriters. The underwriters may offer and sell the Mandatory Preferred Convertible Shares through certain of their affiliates.

The underwriters have an overallotment option to buy up to 460,000 additional Mandatory Convertible Preferred Shares from us at the public offering price listed on the cover page of this prospectus supplement, less underwriting discounts and commissions and less an amount per Mandatory Convertible Preferred Share equal to any dividends that are paid or payable by us on the Mandatory Convertible Preferred Shares reflected in the preceding table but that are not payable on the Mandatory Convertible Preferred Shares purchased on exercise of this overallotment option. The underwriters have 30 days from the date of this prospectus supplement to exercise this overallotment option. The additional shares may be purchased pursuant to the overallotment option solely to cover overallotments. If any additional Mandatory Convertible Preferred Shares are purchased with this overallotment option, the underwriters will purchase such additional Mandatory Convertible Preferred Shares in approximately the same proportion as shown in the table above. If any additional Mandatory Convertible Preferred Shares are purchased, the underwriters will offer the additional Mandatory Convertible Preferred Shares on the same terms as those on which the Mandatory Convertible Preferred Shares are being offered.

The underwriting fee is equal to the public offering price per Mandatory Convertible Preferred Share less the amount paid by the underwriters to us per Mandatory Convertible Preferred Share. The underwriting fee is \$24.372 per Mandatory Convertible Preferred Share. The following table shows the Mandatory Convertible Preferred Share per share and total underwriting discounts and commissions to be paid to the underwriters assuming both no exercise and full exercise of the underwriters' overallotment option to purchase additional Mandatory Convertible Preferred Shares.

	<b>Without overallotment exercise</b>	<b>With full overallotment exercise</b>
Per Mandatory Convertible Preferred Share	\$ 24.372	\$ 24.372
Total	\$ 112,111,200	\$ 123,322,320

We estimate that the total expenses of this offering, including registration, filing and listing fees, printing fees and legal and accounting expenses, but excluding the underwriting discounts and commissions, will be approximately \$7.0 million.

A prospectus in electronic format may be made available on the web sites maintained by one or more underwriters, or selling group members, if any, participating in the offering. The underwriters may agree to allocate a number of Mandatory Convertible Preferred Shares to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the representatives to underwriters and selling group members that may make Internet distributions on the same basis as other allocations.

We have agreed that we will not (1) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or otherwise dispose of, directly or indirectly, or file with the SEC a registration statement under the Securities Act relating to, any shares of our share capital or any securities convertible into or exercisable or exchangeable for any shares of our share capital, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, or (2) enter into any swap or other agreement that transfers all or a portion of the economic consequences associated with the ownership of any shares of our share capital or any such other securities (regardless of whether any of these transactions are to be settled by the delivery of shares of our share capital or such other securities, in cash or otherwise), in each case without the prior written consent of the representatives of the underwriters for a period of 60 days after the date of this prospectus supplement.

**Table of Contents**

Notwithstanding the above, the underwriters have agreed in the underwriting agreement that the foregoing restrictions will not apply to (1) the offering and sale of the Mandatory Convertible Preferred Shares in this offering (including the conversion thereof), (2) the substantially concurrent public offering and sale of ordinary shares in connection with financing the transactions contemplated by the Merger Agreement, (3) the issuance, if any, of ordinary shares issued in connection with the payment of dividends with respect to the Mandatory Convertible Preferred Shares or upon conversion of the Preferred Shares, (4) any ordinary shares issued upon the exercise, vesting or settlement of options, restricted stock units or other awards granted under or covered by our stock-based compensation plans or stock-based retirement plans and (5) the issuance of ordinary shares or other security (including securities convertible into ordinary shares) in connection with an employee stock compensation plan or agreement, in each case of (4) or (5) which plans or agreements are disclosed in this prospectus supplement or the documents incorporated by reference.

Certain of our directors and officers have entered into lock-up agreements with the underwriters prior to the commencement of this offering pursuant to which each of these persons, for a period of 60 days after the date of this prospectus supplement, may not, without the prior written consent of the representatives of the underwriters, (1) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, any shares of our share capital or any securities convertible into or exercisable or exchangeable for any shares of our share capital (including, without limitation, any shares of our share capital or such other securities which may be deemed to be beneficially owned by such directors or officers in accordance with the rules and regulations of the SEC and securities which may be issued upon exercise of a stock option or warrant), (2) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of any shares of our share capital or such other securities (regardless of whether any of these transactions are to be settled by the delivery of any shares of our share capital or such other securities, in cash or otherwise), or (3) make any demand for or exercise any right with respect to the registration of any shares of our share capital or any security convertible into or exercisable or exchangeable for any shares of our share capital.

In addition, the underwriters have agreed that the foregoing restrictions on certain of our directors and officers will not apply to (1) any Mandatory Convertible Preferred Shares to be sold pursuant to the underwriting agreement, (2) transfers of any shares of our share capital (a) as a bona fide gift or gifts, (b) to any trust for the direct benefit or indirect benefit of the directors and officers or the immediate family of the directors and officers, (c) by operation of law, such as rules of intestate succession, (d) to any members of the immediate family of the directors and officers or (e) to a corporation, partnership or limited liability company or other entity that is controlled by the directors and officers or their immediate family, or to any investment fund or other entity controlled or managed by the directors and officers or (3) transfers of any shares of our share capital to us (a) in connection with the exercise of any options currently outstanding that would otherwise expire before the date that is 60 days after the date of this prospectus supplement to acquire shares of our capital stock pursuant to current employee benefit plans described in this prospectus supplement, the accompanying prospectus or the document incorporated by reference herein or therein; provided that shares of our capital stock received upon such exercise shall be subject to the terms of the foregoing restrictions or (b) in connection with a forfeiture, cancellation or surrender of any shares of our share capital pursuant to any company program, including under clawback provisions or upon termination of employment provided that in the case of any transfer or distribution in (2) each donor, donee, transferor or transferee will be subject to the foregoing restrictions.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act.

In connection with this offering, the underwriters may engage in stabilizing transactions, which involves making bids for, purchasing and selling Mandatory Convertible Preferred Shares in the open market for the purpose of preventing or retarding a decline in the market price of the Mandatory Convertible Preferred Shares while this offering is in progress. These stabilizing transactions may include making short sales of the Mandatory Convertible Preferred Shares, which involves the sale by the underwriters of a greater number of Mandatory Convertible Preferred Shares than they are required to purchase in this offering, and purchasing Mandatory Convertible Preferred Shares on the open market to cover positions created by short sales. Short sales may be covered shorts, which are short positions in an amount not greater than the underwriters overallotment option referred to above, or may be naked shorts, which are short positions in excess of that amount. The underwriters may close out any covered short position either by exercising their overallotment option, in whole or in part, or by purchasing Mandatory Convertible Preferred Shares in the open market. In making this determination, the underwriters will consider, among other things, the price of Mandatory Convertible Preferred Shares available for purchase in the open market compared to the price at which the underwriters may purchase Mandatory Convertible Preferred Shares through the overallotment option. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Mandatory Convertible Preferred Shares in the open market that could adversely affect investors who purchase in this offering. To the extent that the underwriters create a naked short position, they will purchase Mandatory Convertible Preferred Shares in the open market to cover the position.

The underwriters have advised us that, pursuant to Regulation M of the Securities Act of 1933, they may also engage in other activities that stabilize, maintain or otherwise affect the price of the Mandatory Convertible Preferred Shares, including the imposition of penalty bids. This means that if the representatives of the underwriters purchase Mandatory Convertible Preferred Shares in the open market in stabilizing transactions or to cover short sales, the representatives can require the underwriters that sold those Mandatory Convertible Preferred Shares as part of this offering to repay the underwriting discount received by them.

These activities may have the effect of raising or maintaining the market price of the Mandatory Convertible Preferred Shares or preventing or retarding a decline in the market price of the Mandatory Convertible Preferred Shares, and, as a result, the price of the Mandatory Convertible Preferred Shares may be higher than the price that otherwise might exist in the open market. If the underwriters commence these activities, they may discontinue them at any time. The underwriters may carry out these transactions in the over-the-counter market, on the NYSE (if the Mandatory Convertible Preferred Shares are listed on the NYSE) or otherwise.

## **Other relationships**

The underwriters and their respective affiliates are full-service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, market making, financing and brokerage activities.

Certain of the underwriters and their affiliates have provided in the past to us and our affiliates and may provide from time to time in the future certain commercial banking, financial advisory, investment banking and other financial and non-financial services for us and such affiliates in the ordinary course of their business, for which they have received and may continue to receive customary fees and commissions. Certain of the underwriters for this offering are also acting as underwriters for the offering of Senior Notes and the Ordinary Shares Offering. Also, certain of the underwriters and/or their affiliates are lenders and/or agents under certain of our debt facilities, including the Term Facilities and the Cash Bridge Facility that we may draw upon in connection with the Acquisition. In addition, certain of the underwriters and/or their affiliates have agreed to provide us with the Bridge Facility that we may draw upon in the event that this offering, the Ordinary Shares Offering and/or the offering of Senior Notes is not consummated. Affiliates of Wells Fargo Securities, LLC are

currently lenders to both us and Allergan under existing credit facilities, and J.P. Morgan Securities LLC is providing financial advisory services to us in connection with the Acquisition for which they are receiving customary fees and expenses.

In addition, from time to time, certain of the underwriters and their affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

## **Selling restrictions**

### ***General***

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the securities offered by this prospectus supplement in any jurisdiction where action for that purpose is required. The securities offered by this prospectus supplement may not be offered or sold, directly or indirectly, nor may this prospectus supplement, the accompanying prospectus or any other offering material or advertisements in connection with the offer and sale of any such securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus supplement comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus supplement. This prospectus supplement does not constitute an offer to sell or a solicitation of an offer to buy any securities offered by this prospectus supplement in any jurisdiction in which such an offer or a solicitation is unlawful.

### ***Notice to prospective investors in the European Economic Area***

Neither this prospectus supplement nor the accompanying prospectus is a prospectus for the purposes of the Prospectus Directive. In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) no offer of Mandatory Convertible Preferred Shares may be made to the public in that Relevant Member State other than:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives;
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive; *provided* that no such offer of Mandatory Convertible Preferred Shares shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

---

## **Table of Contents**

This prospectus supplement has been prepared on the basis that any offer of Mandatory Convertible Preferred Shares in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of Mandatory Convertible Preferred Shares. Accordingly any person making or intending to make an offer in that Relevant Member State of Mandatory Convertible Preferred Shares which are the subject of the offering contemplated in this prospectus supplement may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither we nor the underwriters have authorized, nor do they authorize, the making of any offer of Mandatory Convertible Preferred Shares in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression "an offer to the public" in relation to any Mandatory Convertible Preferred Shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Mandatory Convertible Preferred Shares to be offered so as to enable an investor to decide to purchase or subscribe for the Mandatory Convertible Preferred Shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71/EC and amendments thereto from time to time (including *inter alia* the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

The sellers of the Mandatory Convertible Preferred Shares have not authorized and do not authorize the making of any offer of Mandatory Convertible Preferred Shares through any financial intermediary on their behalf, other than offers made by the underwriters with a view to the final placement of the Mandatory Convertible Preferred Shares as contemplated in this prospectus supplement. Accordingly, no purchaser of the Mandatory Convertible Preferred Shares, other than the underwriters, is authorized to make any further offer of the Mandatory Convertible Preferred Shares on behalf of the sellers or the underwriters.

### ***Notice to prospective investors in the United Kingdom***

This communication is only being distributed to and is only directed at (i) persons who are outside the United Kingdom or (ii) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Order") or (iii) high net worth companies, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order (all such persons together being referred to as "relevant persons"). The Mandatory Convertible Preferred Shares are only available to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such Mandatory Convertible Preferred Shares will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

Each underwriter has represented, warranted and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue or sale of any Mandatory Convertible Preferred Shares which are the subject of the offering contemplated by this prospectus supplement (the "Securities") in circumstances in which Section 21(1) of the FSMA does not apply to the Actavis plc; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Securities in, from or otherwise involving the United Kingdom.

## **About this prospectus**

This prospectus describes some of the general terms that may apply to the securities Actavis and Actavis SCS may offer from time to time. The specific terms of any securities to be offered will be described in supplements to this prospectus. The prospectus supplements may also add, update or change information contained in this prospectus. Any statement that we make in a prospectus supplement modifies or supersedes any inconsistent statement made by us in this prospectus.

You should read both this prospectus and any related prospectus supplement and free writing prospectus and the documents incorporated by reference in this prospectus and any related prospectus supplement in their entirety and the additional information described under the headings "Where you can find more information" and "Incorporation of certain documents by reference" before you make your investment decision.

Unless we have indicated otherwise, or the context otherwise requires, references in this prospectus to "we," "us" or "our" refer collectively to Actavis plc and its subsidiaries, including Actavis SCS, while references in this prospectus to "Actavis" or the "Company" refer to Actavis plc only and not any of its subsidiaries. Unless we have indicated otherwise, all references to "dollars" or "\$" refer to U.S. dollars.

## **Where you can find more information**

Each of Actavis and Warner Chilcott is a reporting company under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and files annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission (the "SEC"). Actavis SCS, Actavis Capital and Actavis, Inc. are indirect wholly-owned subsidiaries of Actavis and Warner Chilcott and are exempt from SEC information reporting requirements. You may read and copy any materials filed with the SEC at the SEC's Public Reference Room at 100 F Street, N.E., Washington, DC 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. Also, the SEC maintains a website that contains reports, proxy and information statements, and other information regarding issuers, including us, that file electronically with the SEC. You can obtain any documents that Actavis and Warner Chilcott file electronically with the SEC at the SEC's website, <http://www.sec.gov>, or on our website, <http://www.actavis.com>.
