Disclosure Controls and Procedures

The Company performed an evaluation, under the supervision and with the participation of the Company's Chief Executive Officer (CEO) and Chief Financial Officer (CFO), of the effectiveness of Ritchie Bros.' disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of

Edgar Filing: RITCHIE BROS AUCTIONEERS INC - Form 40-F

December 31, 2014. Based on this evaluation, the Company's CEO and CFO concluded that the Company's disclosure controls and procedures were effective, as of that date, to provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or

submits under the Securities Exchange Act of 1934 is accumulated and communicated to its management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. Furthermore, we concluded that our disclosure controls and procedures were effective to ensure that information required to be disclosed is recorded, processed, summarized, and reported within the time periods specified in the United States Securities and Exchange Commission's (SEC) rules and forms.

Management's Report on Internal Control Over Financial Reporting

Management of the Company is responsible for establishing and maintaining adequate internal controls over financial reporting for the Company as defined in Rule 13a-15(f) and 15d-15(f) under the Securities and Exchange Act of 1934.

The Company's internal control over financial reporting is a process designed under the supervision of the Company's CEO and CFO, overseen by the Company's Board of Directors and implemented by the Company's management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with International Financial Reporting Standards, as issued by the International Accounting Standards Board, and the requirements of the SEC.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with policies and procedures may deteriorate.

Management has assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2014. In making this assessment, management used the criteria described in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (COSO). Based on its assessment under the framework in COSO, management has concluded that internal control over financial reporting was effective as of December 31, 2014.
