Report of Independent Auditors

The Board of Directors and Stockholders of

Terreno Realty Corporation

We have audited the accompanying statement of revenues and certain expenses of V Street (the Property), for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the statement of revenues and certain expenses in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of revenues and certain expenses that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the statement of revenues and certain expenses based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues and certain expenses is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statement of revenues and certain expenses. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the statement of revenues and certain expenses, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the statement of revenues and certain expenses in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statement of revenues and certain expenses.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the statement of revenues and certain expenses referred to above presents fairly, in all material respects, the statement of revenues and certain expenses described in Note 1 of V Street for the year ended December 31, 2014, in conformity with U.S. generally accepted accounting principles.

Basis of Accounting

As described in Note 1 to the financial statements, the statement of revenues and certain expenses of the Property have been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission for inclusion in the Form 8-K/A of Terreno Realty Corporation, and is not intended to be a complete presentation of the Property's revenues and expenses. Our opinion is not modified with respect to this matter.

Notes to Statement of Revenues and Certain Expenses

For the Year Ended December 31, 2014

1. Background and Basis of Presentation

The accompanying statement of revenues and certain expenses present the results of operations of V Street (the Property) for the year ended December 31, 2014. The Property was acquired by a wholly-owned subsidiary of Terreno Realty Corporation from a third-party seller, SMC-United Industrial Limited Partnership on January 29, 2015 for approximately \$115.5 million. The Property is located in Washington, D.C. and consists of six distribution buildings containing 820,207 square feet (unaudited) at the time of acquisition.

The accompanying statement of revenues and certain expenses has been prepared on the accrual basis of accounting. The statement of revenues and certain expenses has been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission and for inclusion in this Current Report on Form 8-K/A of Terreno Realty Corporation and are not intended to be a complete presentation of the revenues and expenses of the Property for the year ended December 31, 2014 as certain expenses, primarily depreciation and amortization expense and other costs not comparable to the proposed future operations of the Property have been excluded. Management is not aware of any material factors at the Property other than those disclosed above, that would cause the reported financial information not to be necessarily indicative of future operating results.

2. Summary of Significant Accounting Policies

Revenue Recognition

Rental revenues from operating leases are recorded on a straight-line basis over the terms of the leases. Tenant reimbursements represent recoveries from tenants for utilities and certain property maintenance expenses. Tenant reimbursements are recognized as revenues in the period the applicable costs are accrued.

Property Operating Expenses

Property operating expenses represent the direct expenses of operating the Property and include maintenance, utilities, property management fees, repairs, and insurance costs that are expected to continue in the ongoing operations of the Property. Expenditures for maintenance and repairs are charged to operations as incurred.

Table of Contents

Use of Estimates

The preparation of the statement of revenues and certain expenses in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions of the reported amounts of revenues and certain expenses during the reporting period. Actual results could differ from those estimates used in the preparation of the statement of revenues and certain expenses.

Tenant Concentration

For the year ended December 31, 2014, two tenants accounted for approximately 50% of total revenues.

Future Minimum Rental Income

Future minimum rents to be received under non-cancelable lease agreements as of December 31, 2014 were as follows (in thousands):

2015	\$ 5,477
2016	4,596
2017	3,521
2018	2,645
2019	1,828
Thereafter	2,353
Total	\$ 20,420
