Dear Shareholder:

You are cordially invited to attend the 2015 Annual Meeting of Shareholders of Peabody Energy Corporation, which will be held on Monday, May 4, 2015, at 1:30 p.m., Central Time, at The Ritz-Carlton, St. Louis, 100 Carondelet Plaza, Clayton, Missouri.

During this meeting, shareholders will vote on the following items:

1. Election of 12 directors for a one-year term;
2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2015;
3. Approval, on an advisory basis, of our named executive officers' compensation;
4. Approval of our 2015 Long-Term Incentive Plan;
5. Shareholder proposal on proxy access, if properly presented; and
6. Such other business that may properly come before the meeting.

The accompanying Notice of 2015 Annual Meeting of Shareholders and Proxy Statement contain complete details on these items and other matters. We also will be reporting on our business and responding to shareholder questions. If you have questions that you would like to raise at the meeting, we encourage you to submit written questions in advance (by mail or email) to our Corporate Secretary. This will help us respond to your questions during the meeting. If you would like to email your questions, please send them to [ir@peabodyenergy.com](mailto:ir@peabodyenergy.com).

Your understanding of, and participation in, the Annual Meeting is important, regardless of the number of shares you hold. To ensure your representation, we encourage you to vote over the telephone or Internet or to complete and return a proxy card/voting instruction form as soon as possible. If you attend the Annual Meeting, you may then revoke your proxy and vote in person if you so desire.

Thank you for your continued support of Peabody Energy. We look forward to seeing you on May 4.

**Very truly yours,**

**GREGORY H. BOYCE**

## NOTICE OF 2015 ANNUAL MEETING OF SHAREHOLDERS

Peabody Energy Corporation (the Company) will hold its 2015 Annual Meeting of Shareholders at The Ritz-Carlton, St. Louis, 100 Carondelet Plaza, Clayton, Missouri, on Monday, May 4, 2015, at 1:30 p.m., Central Time, to:

1. Elect 12 directors for a one-year term;
2. Ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2015;
3. Approve, on an advisory basis, our named executive officers' compensation;
4. Approve our 2015 Long-Term Incentive Plan;
5. Vote on a shareholder proposal on proxy access, if properly presented; and
6. Consider any other business that may properly come before the meeting.

The Board of Directors has fixed March 12, 2015 as the record date for determining shareholders who will be entitled to receive notice of and vote at the Annual Meeting or any adjournment. Each share of Common Stock is entitled to one vote. As of the record date, there were 277,788,954 shares of our Common Stock outstanding.

If you own shares of Common Stock as of March 12, 2015, you may vote those shares via the Internet, by telephone or by attending the Annual Meeting and voting in person. If you received your proxy materials by mail, you may also vote your shares by completing and mailing your proxy card/voting instruction form.

**Your vote is important. Whether or not you plan to attend the Annual Meeting, please cast your vote by telephone or the Internet, or complete, date and sign a proxy card/voting instruction form and return it in the envelope provided. If you attend the Annual Meeting, you may withdraw your proxy and vote in person, if you so choose.**

***IMPORTANT INFORMATION IF YOU PLAN TO ATTEND THE ANNUAL MEETING:***

An admission card or other proof of ownership, together with valid government-issued photo identification such as a driver's license or passport, is required to attend the Annual Meeting. If you are a shareholder of record, please retain the admission card printed on your Notice of Internet Availability of Proxy Materials or your proxy card for this purpose. Also, please indicate your intention to attend the Annual Meeting by checking the appropriate box on the proxy card, or, if voting by the Internet or by telephone, when prompted. If your shares are held by a bank or broker, you will need to ask that record holder for an admission card in the form of a confirmation of beneficial ownership. If you do not receive a confirmation of beneficial ownership or other admission card from your bank or broker, you must bring proof of share ownership (such as a copy of your most recent brokerage statement) to the Annual Meeting. Please note that seating in the meeting room is limited and you may be required to view the meeting from an overflow room.

**Governance Highlights**

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

Good corporate governance is a priority at Peabody. Highlights include:

- ü 10 of 12 Director Nominees are Independent
- ü Annual Election of All Directors
- ü Majority Voting in Director Elections
- ü Lead Independent Director
- ü Structured Process for Board Risk Oversight
- ü Active Shareholder Outreach
- ü No Poison Pill
- ü Executive Compensation Clawback Policy
- ü Prohibition on Hedging and Pledging of Our Stock by Directors, Officers and Employees

### **Executive Compensation Program Highlights**

Our executive compensation practices for our named executive officers ( NEOs ) are designed to drive performance and align with our shareholders' long-term interests. Highlights include:

- ü Seeking shareholder feedback on our executive compensation program, disclosure practices and corporate governance
- ü Using performance-based (versus time-based) equity awards for most NEO long-term incentive awards
- ü Transition to employment at will with all NEOs having sunset dates on employment agreements, including newly-appointed President and Chief Executive Officer-elect
- ü Providing reasonable post-employment and change-in-control provisions through employment agreements and an Executive Severance Plan
- ü No excise tax gross-ups for any NEO
- ü Reviewing annually executive compensation program design, market competitiveness and best practices

Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

- ii Periodically reviewing our compensation program to minimize any features that might encourage undue risk-taking
  
- ii No re-pricing of underwater stock options

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**PROXY STATEMENT SUMMARY (continued)**

- ii Including double-trigger change-in-control provisions in NEO equity award agreements
- ii Periodically reviewing executive compensation tally sheets, which summarize all current and future compensation opportunities, in making compensation decisions
- ii Maintaining share ownership requirements for NEOs, which reinforce our strong focus on executive stock ownership and shareholder alignment
- ii Providing limited perquisites only where business necessity dictates, such as security-related travel arrangements for our Chairman of the Board and Chief Executive Officer ( CEO ), and relocation and tax preparation and equalization services for expatriates
- ii Retaining an independent compensation consultant and independent legal counsel to provide guidance and support to the Compensation Committee and the independent members of the Board (the Special Committee )

**New in 2015**

- ii Changing the mix of long-term equity awards from 50% stock options and 50% performance units to a mix of 25% stock options, 25% time-based restricted stock (or, for retirement-eligible recipients, restricted stock units), and 50% performance units, to better align with competitive market practices, optimize share usage and balance the executive compensation program s equity award mix
- ii Changing the Total Shareholder Return ( TSR ) metric to reference the S&P Midcap 400 (excluding financial companies) rather than the S&P 500 (excluding financial companies), reflecting Standard & Poor s decision to move our Common Stock to the S&P Midcap 400 Index
- ii Updating the compensation peer group to validate the integrity of its composition for use in compensation comparisons, by eliminating four companies that are significantly larger than us based on revenues, market capitalization and other measures and replacing them with five companies that are more comparable to our size and exhibit strong business and operational similarities when compared to us
- ii A voluntary \$20,000 reduction in the annual retainer fee paid to our non-employee directors in recognition of market conditions and to align with our other cash conservation initiatives
- ii No base salary increases for any of our NEOs other than in connection with Mr. Kellow s promotion to President and CEO-elect

**2014 Company Performance Highlights**

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

In 2014, we delivered on a number of key initiatives as we continue to respond to challenging market conditions that have lasted longer than anticipated. We improved safety, reduced costs, increased productivity and are implementing further steps in our comprehensive plan to improve competitiveness and maintain adequate cash and liquidity.

Key safety, financial and operating highlights include:

- ii We achieved another record year for safety by improving our global safety incidence rate 15% over 2013's record performance
- ii We implemented aggressive cost containment efforts that generated over \$275 million in savings and resulted in our lowest U.S and Australian operating costs per ton since 2010
- ii We increased U.S. productivity by 7% and Australian productivity by 20%
- ii We delivered Adjusted EBITDA of \$814 million, despite lower realized pricing of more than \$550 million as compared to prior year
- ii We had positive operating cash flow of \$336.6 million and ended the year with total liquidity of \$2.06 billion. Resource management transactions generated \$130 million of cash, and capital spending was reduced to \$194.4 million from nearly \$1 billion in 2012
- ii We reached record shipments levels from Australia and the North Antelope Rochelle Mine in the Powder River Basin of 38.2 million tons and 118.1 million tons, respectively
- ii We installed new longwall equipment at the North Goonyella Mine and the Metropolitan Mine in Australia, resulting in increased productivity and lower unit costs
- ii We successfully converted the Moorvale Mine in Australia to owner-operator status, and continue to realize cost savings from our other owner-operator conversions, which now comprise over 95% of our total Australian sales volume

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**PROXY STATEMENT SUMMARY (continued)**

ii We earned awards for safety, financial performance, environmental excellence and social responsibility

ii We were recognized as the Energy Company of the Year, and our Chairman and CEO was named CEO of the Year at the 2014 Platts Global Energy Awards

Among the most challenging aspects of our business are managing through short-term business cycles and sharp multi-year market downturns. We responded with an aggressive set of initiatives that include cost containment measures, organizational restructuring and global repositioning of the operational platform.

Over the last two years, our Adjusted EBITDA has been adversely impacted by approximately \$1.35 billion in lower pricing, primarily from lower seaborne coal prices. During this time, we were able to partly offset approximately \$550 million of this impact, or 40%, through cost and productivity initiatives. We continue to take aggressive action to combat near-term cyclical market headwinds, and remain positive on the long-term coal fundamentals.

We are well positioned to benefit from the eventual improvement in the coal markets, and believe that our assets are located in some of the most competitive areas – the low-cost Southern Powder River and Illinois Basins in the U.S. and the high-growth Asian market. Additionally, our ability to generate cash improves by early 2017 as approximately \$350 million of annual fixed obligations relating to the final Powder River Basin reserve installments and health benefit trust payments end within two years. We also benefit from the recent declines in the Australian dollar exchange rate and lower oil prices, as our unhedged positions for these two inputs has improved significantly since July 2014.

Adjusted EBITDA is a financial measure that is not recognized in accordance with U.S. generally accepted accounting principles (GAAP). A definition of Adjusted EBITDA and a reconciliation of Adjusted EBITDA to its most comparable measure under U.S. GAAP are included in *Appendix A* to this Proxy Statement.

**2014 Executive Compensation Program**

For 2014, the principal components of NEO compensation were:

1. Base salary;
2. Annual cash incentive;
3. Long-term equity incentives; and
4. Retirement and other broad-based benefits provided on the same basis as for other executives.

The graph below illustrates the mix of target direct compensation for our NEOs as determined by the Compensation Committee and the Special Committee (together, the Committees). Additional detail about the Compensation Committee's and Special Committee's responsibilities appears on page 24. For purposes of the graph, target direct compensation includes base salary and target annual cash incentive and long-term equity incentive awards, but excludes special awards such as the time-based restricted stock units granted to our Chairman and CEO under his April 2013 Transition Agreement with us. These special awards are excluded because they are intended to facilitate an effective leadership succession

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

and are not part of our regular executive compensation program.

Compared with the Industrial comparator group described on page 45, a greater portion of our target total direct compensation program is performance-based and at-risk. The Committees believe this overall mix provides an effective delivery of total direct compensation that:

§ Encourages alignment of NEO compensation with shareholders;

§ Guides NEO decision-making to deliver long-term value for the benefit of the enterprise;

§ Delivers competitive compensation with variable and performance-based elements exceeding market benchmarks only when performance is strong; and

§ Maintains a strong link to our performance and shareholder returns through a balanced incentive program in which most NEO compensation is significantly at risk.

As reflected in the graph, this heavy weighting of performance-based and at-risk compensation drives strong alignment with shareholders as evidenced by the value of these elements of NEO pay compared to target total direct compensation.

PEABODY ENERGY CORPORATION 7

**Table of Contents**

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**PROXY STATEMENT SUMMARY (continued)**

(1) Target total direct compensation excludes equity awards that are not part of our regular executive compensation program. Fixed compensation includes base salary; non-performance-based compensation includes restricted stock awards; and performance-based compensation includes annual cash incentive awards, stock option awards and performance unit awards.

In 2014, our NEOs achieved annual cash incentive payouts ranging from 114% to 122% of target, based on our performance against the Price-collar Adjusted EBITDA (as defined on page 37), Adjusted Total Costs, Total Sales Volumes and Global Safety Incidence Rate targets discussed on page 37, as well as their performance against individual goals as discussed on pages 37-38. By controlling the controllable, our NEOs demonstrated the appropriate focus and performance on those metrics that impact most significantly our annual performance results.

With respect to our performance unit program's results, our NEOs achieved performance of only 18.75%, which was 81.25% below target, consistent with our three-year TSR performance relative to our coal comparator group and the S&P 500 Index (excluding financial services companies) during the 2012-2014 performance period, and our performance relative to our Return on Capital targets over the same period, all as described on pages 59-60. However, due to the decline in our share price during the same performance period, the value of the shares awarded was only 4%, or 96% below grant-date target value. In addition, as of December 31, 2014, all stock options held by our NEOs were out of the money and therefore had no realizable value. On their grant dates, these stock option awards had aggregate fair values of approximately \$33 million.

Taken in the aggregate, these results demonstrate that our NEOs are achieving only 42% of targeted total direct compensation. Thus, this is in keeping with our pay philosophy and approach to align executive pay with shareholder returns.

The Committees believe the link between our direct compensation program and shareholder returns is best illustrated by comparing our Chairman and CEO's compensation as reported in the 2014 Summary Compensation Table (SCT) on page 53 and his realizable pay during 2012, 2013 and 2014.

**Reported Compensation vs. Realizable Pay**

Pay reported in the SCT is the total compensation of an NEO in a given year (the SCT compensation). While the amounts shown in the SCT reflect the grant-date value of equity awards received by an NEO, they do not reflect the impact of stock price performance on realizable pay, which may be considerably more or less based on actual stock price performance. Our definition of realizable pay appears on page 9.

Realizable pay better illustrates the alignment between actual total compensation and shareholder returns, as measured by TSR. The vast majority of SCT compensation is an incentive for future performance and realizable only if we meet or exceed the applicable performance measures. We believe this supplemental information is important because it highlights the differences between SCT compensation and realizable pay, and the alignment of realizable pay to shareholder value.

**Table of Contents**

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**PROXY STATEMENT SUMMARY (continued)**

Our Chairman and CEO's SCT compensation for 2013 and 2014 includes two of three \$1 million time-based restricted stock unit awards to be made under his April 2013 Transition Agreement with us. These awards are intended to facilitate an effective leadership succession throughout 2014 to 2016 and are not part of our regular executive compensation program.

The following graph illustrates the difference between our Chairman and CEO's SCT compensation and realizable pay in 2012, 2013 and 2014. This table should not be viewed as a replacement or substitute for the SCT or other compensation tables provided on pages 53-64. Average three-year total compensation is presented and displays a high level of performance-based and at-risk pay. Excluding the impact of transition-related restricted stock units (RSUs), average realizable pay was below SCT compensation by 67% for this three-year period. During this same three-year period, our cumulative TSR was a negative 75%.

Measurement	Definition
SCT Compensation	Amount as reflected in the Total column of the SCT.
Realizable Pay	Sum of base salary, paid annual cash incentive, paid performance-based equity awards granted in the performance period, target value of unvested performance-based equity awards granted in the performance period, value of vested or unvested restricted stock or restricted stock units granted in the performance period, in-the-money value of vested or unvested stock options granted in the performance period and all other compensation as indicated in the SCT; all equity awards are valued at \$7.74, our closing market price per share on December 31, 2014.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**PROXY STATEMENT SUMMARY (continued)**

The following graph illustrates the difference between compensation as described in the SCT and realizable pay for our NEOs (other than the Chairman and CEO) in 2012, 2013 and 2014. This table should not be viewed as a replacement or substitute for the SCT or other compensation tables provided below. The SCT compensation and realizable pay is based only on the NEOs identified in this Proxy Statement, and may or may not include the NEOs identified in each Proxy Statement for prior years. For example, SCT and realizable pay for 2012 excludes Mr. Kellow's pay because his employment with us began in 2013. Average three-year total compensation is presented and displays a high level of performance-based and at-risk pay. Average realizable pay was below SCT compensation by 51% for this three-year period. During this same three-year period, our cumulative TSR was a negative 75%.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

## QUESTIONS AND ANSWERS REGARDING THE ANNUAL MEETING

**Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?**

A: In accordance with rules and regulations adopted by the Securities and Exchange Commission (the SEC), instead of mailing a printed copy of our proxy materials to each shareholder of record, we may furnish proxy materials, including this Proxy Statement and the Peabody Energy Corporation (Peabody or the Company) 2014 Annual Report to Shareholders, by providing access to them via the Internet. We believe this allows us to provide our shareholders with the information they need, while reducing delivery costs and the environmental impact of our Annual Meeting.

Some shareholders will not receive printed copies of the proxy materials unless they request them. Instead, a Notice of Internet Availability of Proxy Materials (the Notice) was mailed which tells them how to access and review all of the proxy materials on the Internet. The Notice also provides information about how to submit a proxy on the Internet or by telephone. If you received a Notice and would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting them in the Notice.

**Q: Why am I receiving these materials?**

A: We are providing these proxy materials to you on the Internet or delivering printed versions of these materials to you by mail in connection with our solicitation of proxies to be voted at our Annual Meeting of Shareholders, which will take place on May 4, 2015. These materials were first made available on the Internet or mailed to shareholders on or about March 24, 2015. You are invited to attend the Annual Meeting and requested to vote on the items described in this Proxy Statement.

**Q: What is included in these materials?**

A: These materials include:

§ Our Proxy Statement for the Annual Meeting; and

§ Our 2014 Annual Report to Shareholders, which includes our audited consolidated financial statements.

If you received printed versions of these materials, they also include the proxy card/voting instruction form for the Annual Meeting.

**Q: What am I being asked to vote on?**

A: You are being asked to vote on the following items:

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

- § Election of Gregory H. Boyce, William A. Coley, William E. James, Robert B. Karn III, Glenn L. Kellow, Henry E. Lentz, Robert A. Malone, William C. Rusnack, Michael W. Sutherlin, John F. Turner, Sandra A. Van Trease and Heather A. Wilson as directors for a one-year term;
- § Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2015;
- § Approval, on an advisory basis, of our named executive officers' compensation;
- § Approval of our 2015 Long-Term Incentive Plan;
- § Shareholder proposal on proxy access, if properly presented; and
- § Any other matter properly introduced at the meeting.

### **Q: What are the Board's voting recommendations?**

A: The Board recommends the following votes:

- § FOR the election of Gregory H. Boyce, William A. Coley, William E. James, Robert B. Karn III, Glenn L. Kellow, Henry E. Lentz, Robert A. Malone, William C. Rusnack, Michael W. Sutherlin, John F. Turner, Sandra A. Van Trease and Heather A. Wilson as directors (Item 1);
- § FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2015 (Item 2);

QUESTIONS AND ANSWERS REGARDING THE ANNUAL MEETING (continued)**

§ FOR the advisory resolution to approve our named executive officers' compensation (Item 3);

§ FOR approval of our 2015 Long-Term Incentive Plan (Item 4); and

§ AGAINST the shareholder proposal on proxy access (Item 5).

**Q: Will any other matters be voted on?**

A: We are not aware of any other matters that will be brought before the shareholders for a vote at the Annual Meeting. If any other matter is properly brought before the meeting, your proxy will authorize each of Henry E. Lentz and Alexander C. Schoch to vote on such matters in his discretion.

**Q: How do I vote?**

A: If you are a shareholder of record or hold Common Stock through the Peabody Investments Corp. Employee Retirement Account (or any of the other 401(k) plans sponsored by our subsidiaries), you may vote using any of the following methods:

§ Via the Internet, by visiting the website [www.proxyvote.com](http://www.proxyvote.com) and following the instructions for Internet voting on your Notice or proxy card/voting instruction form;

§ By dialing 1-800-690-6903 and following the instructions for telephone voting on your Notice or proxy card/voting instruction form;

§ If you received your proxy materials by mail, by completing and mailing your proxy card/voting instruction form; or

§ By casting your vote in person at the Annual Meeting.

If you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. The telephone and Internet voting facilities for the shareholders of record of all shares, other than those held in the Peabody Investments Corp. Employee Retirement Account (or other 401(k) plans sponsored by our subsidiaries), will close at 10:59 p.m. Central Time on May 3, 2015. The Internet and telephone voting procedures are designed to authenticate shareholders by use of a control number and to allow you to confirm that your instructions have been properly recorded.

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

If you participate in the Peabody Energy Stock Fund under the Peabody Investments Corp. Employee Retirement Account (or other 401(k) plans sponsored by our subsidiaries), and had shares of Common Stock credited in your account as of the record date of March 12, 2015, you will receive a single Notice or proxy card/voting instruction form with respect to all shares registered in your name, whether inside or outside of the plan. If your accounts inside and outside of the plan are not registered in the same name, you will receive a separate Notice or proxy card/voting instruction form with respect to the shares credited in your plan account. Voting instructions regarding plan shares must be received by 10:59 p.m. Central Time on April 29, 2015, and all telephone and Internet voting facilities with respect to plan shares will close at that time.

Shares of Common Stock in the Peabody Investments Corp. Employee Retirement Account (or other 401(k) plans sponsored by our subsidiaries) will be voted by Vanguard Fiduciary Trust Company ( Vanguard ), as trustee of the plan. Plan participants should provide their voting instructions to Vanguard for each action to be taken under proxy by Internet or telephone, or by completing and returning a proxy card/voting instruction form. All voting instructions from plan participants will be kept confidential. If a plan participant fails to sign or to timely return the proxy card/voting instruction form or otherwise timely provide his or her instructions by telephone or over the Internet, the shares allocated to such participant, together with unallocated shares, will be voted in the same proportion as plan shares for which Vanguard receives voting instructions.

If you vote by Internet or telephone, or return your signed proxy card/voting instruction form, your shares will be voted as you indicate. If you do not indicate how your shares are to be voted on a matter, your shares will be voted for all matters in accordance with the Board's voting recommendations.

If your shares are held in a brokerage account in your broker's name (also known as street name), you should follow the instructions for voting provided by your broker or nominee. You may submit voting instructions by Internet or telephone or, if you received your proxy materials by mail, you may complete and mail a proxy card/voting instruction form to your broker or nominee. If you provide specific voting instructions by telephone, Internet or mail, your broker or nominee will vote your shares as you have directed. Please note that shares in our U.S. Employee Stock Purchase Plan are held in street name by Computershare Ltd., the plan administrator.

**2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT**  
**QUESTIONS AND ANSWERS REGARDING THE ANNUAL MEETING (continued)**

Ballots will be provided during the Annual Meeting to anyone who wants to vote in person at the meeting. If you hold shares in street name, you must request a confirmation of beneficial ownership from your broker or nominee to vote in person at the meeting.

**Q: Can I change my vote?**

A: Yes. If you are a shareholder of record, you can change your vote or revoke your proxy before the Annual Meeting by:

- § Submitting a valid, later-dated proxy card/voting instruction form;
- § Submitting a valid, subsequent vote by telephone or the Internet at any time prior to 10:59 p.m. Central Time on May 3, 2015;
- § Notifying our Corporate Secretary in writing that you have revoked your proxy; or
- § Completing a written ballot at the Annual Meeting.

You can revoke your voting instructions with respect to shares held in the Peabody Investments Corp. Employee Retirement Account (or other 401(k) plans sponsored by our subsidiaries) at any time prior to 10:59 p.m. Central Time on April 29, 2015 by timely delivery of an Internet or telephone vote, or a properly executed, later-dated proxy card/voting instruction form, or by delivering a written revocation of your voting instructions to Vanguard.

If your shares are held in a brokerage account in your broker's or nominee's name, you should follow the instructions for changing or revoking your vote provided by your broker or nominee.

**Q: Is my vote confidential?**

A: Yes. All proxies, ballots and vote tabulations that identify how individual shareholders voted will be kept confidential and not be disclosed to our directors, officers or employees, except in limited circumstances, including:

- § When disclosure is required by law;
- § During any contested solicitation of proxies; or

§ When written comments by a shareholder appear on a proxy card/voting instruction form or other voting material.

**Q: What will happen if I do not instruct my broker how to vote?**

A: If your shares are held in street name and you do not instruct your broker how to vote, one of two things can happen depending on the type of proposal. Under New York Stock Exchange ( NYSE ) rules, brokers have discretionary power to vote your shares on routine matters, but they do not have discretionary power to vote your shares on non-routine matters. We believe the only proposal that will be considered routine under NYSE rules is Item 2, which means your broker may vote your shares in its discretion on that item if you have not provided instructions. This is known as broker discretionary voting.

**The election of directors (Item 1) and Items 3, 4, and 5 are considered non-routine matters. Accordingly, your broker may not vote your shares with respect to these items if you have not provided instructions. This is called a broker non-vote.**

*We strongly encourage you to submit your proxy and exercise your right to vote as a shareholder.*

**Q: How will my Company stock in the Peabody Investments Corp. Employee Retirement Account or other 401(k) plans sponsored by the Company's subsidiaries be voted?**

A: Vanguard, as the plan trustee, will vote your shares according to your instructions if you vote by Internet or telephone or send in a completed proxy card/voting instruction form before 10:59 p.m. Central Time on April 29, 2015. All telephone and Internet voting facilities with respect to plan shares will close at that time. Vanguard will vote allocated shares of Common Stock for which it has not received direction, as well as shares not allocated to individual participant accounts, in the same proportion as plan shares for which Vanguard receives voting instructions.

**Q: How many shares must be present to hold the Annual Meeting?**

A: Holders of a majority of the shares of outstanding Common Stock as of the record date must be represented in person or by proxy at the Annual Meeting in order to conduct business. This is called a quorum. If you vote, your shares will be part of the quorum. Abstentions, Withheld votes and broker non-votes also will be counted in determining whether a quorum exists.

**Table of Contents**

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**QUESTIONS AND ANSWERS REGARDING THE ANNUAL MEETING (continued)**

**Q: What vote is required to approve the proposals?**

A: In the election of directors (Item 1), the number of shares voted For a nominee must exceed 50% of the number of votes cast with respect to such nominee's election in order for such nominee to be elected. Votes cast include votes to withhold authority with respect to a nominee's election, but exclude abstentions and broker non-votes. If the number of shares voted For a nominee does not exceed 50% of the number of votes cast with respect to such nominee's election, our Corporate Governance Guidelines require that such nominee promptly tender his or her resignation to the Chairman of the Board following certification of the shareholder vote. The procedures to be followed by the Board with respect to such resignation are described on page 28.

The proposals to ratify the appointment of Ernst & Young LLP (Item 2), to approve, on an advisory basis, our named executive officers' compensation (Item 3), to approve our 2015 Long-Term Incentive Plan (Item 4) and to approve the shareholder proposal on proxy access (Item 5) will require approval by the holders of a majority of the shares present in person or by proxy at the meeting and entitled to vote. Abstentions will count as a vote against these proposals, and broker non-votes will have no effect on these proposals (excluding Item 2 for which we do not expect any broker non-votes). Votes will be tabulated by the independent inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

**Q: What does it mean if I receive more than one Notice or proxy card or voting instruction form?**

A: It means your shares are registered differently or are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares.

**Q: Who may attend the Annual Meeting?**

A: All of our shareholders as of March 12, 2015 may attend the Annual Meeting.

**Q: What do I need to do to attend the Annual Meeting?**

A: An admission card or other proof of ownership, together with valid government-issued photo identification such as a driver's license or passport, is required to attend the Annual Meeting. The registration desk will open at 12:30 p.m. on the day of the meeting, and the meeting will begin at 1:30 p.m. Please note that seating in the meeting room is limited and shareholders may be required to view the meeting from an overflow room.

If you are a shareholder of record or a participant in the Peabody Investments Corp. Employee Retirement Account (or other 401(k) plans sponsored by our subsidiaries), your admission card is printed on the Notice or attached to your proxy card or voting instruction form. You will need to bring this admission card with you to the Annual Meeting.

If you own shares in street name, you will need to ask your bank or broker for an admission card in the form of a confirmation of beneficial ownership. You will need to bring a confirmation of beneficial ownership with you to vote at the Annual Meeting. If you do not receive your confirmation of beneficial ownership in time, bring your most recent brokerage statement with you to the Annual Meeting. We can use that to verify your share ownership and admit you to the meeting; however, you will not be able to vote your shares at the meeting without a confirmation of beneficial ownership.

For safety reasons, we will not allow anyone to bring large bags, briefcases, packages, or other similar items into the meeting or overflow rooms, or to record or photograph the meeting.

**Q: Where can I find the voting results of the Annual Meeting?**

A: We plan to announce preliminary voting results at the Annual Meeting and to publish final results in a Current Report on Form 8-K filed with the SEC within four business days after the Annual Meeting.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**ELECTION OF DIRECTORS (ITEM 1)**

The Board of Directors has nominated Gregory H. Boyce, William A. Coley, William E. James, Robert B. Karn III, Glenn L. Kellow, Henry E. Lentz, Robert A. Malone, William C. Rusnack, Michael W. Sutherlin, John F. Turner, Sandra A. Van Trease and Heather A. Wilson for election as directors, each to serve for a term of one year and until his or her successor is duly elected and qualified. Each nominee is currently serving as a director and has consented to serve for the new term. Should any of them become unavailable for election, your proxy authorizes us to vote for such other person, if any, as the Board may recommend.

**The Board of Directors recommends that you vote FOR the Director nominees named above.**

**Director Qualifications**

Under its charter, the Nominating and Corporate Governance Committee reviews with the Board, at least annually, the requisite qualifications, independence, skills and characteristics of Board candidates, members and the Board as a whole. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, the Committee believes that candidates should generally meet the following criteria:

- Ø Broad training, experience and a successful track record at senior policy-making levels in business, government, education, technology, accounting, law, consulting and/or administration;
- Ø The highest personal and professional ethics, integrity and values;
- Ø Commitment to representing our long-term interests and those of all of our shareholders;
- Ø An inquisitive and objective perspective, strength of character and the mature judgment essential to effective decision-making;
- Ø Expertise that is useful to us and complementary to the background and experience of other Board members; and

Ø Sufficient time to devote to Board and committee activities and to enhance their knowledge of our business, operations and industry. The Board believes that all of our directors meet these criteria. In addition, as outlined below, each director brings a strong and unique background and set of skills to the Board, giving the Board as a whole competence and experience in a wide variety of areas, including the coal industry, related energy industries, engineering, finance and accounting, operations, environmental affairs, international affairs, governmental affairs and administration, public policy, healthcare, corporate governance, board service and executive management.

We believe the Board as a whole and each of our directors individually possess the necessary qualifications and skills to effectively advise management on strategy, monitor our performance and serve our best interests and the best interests of our shareholders.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES**

**Director Independence**

As required by NYSE rules, the Board of Directors evaluates the independence of its members at least annually, and at other appropriate times when a change in circumstances could potentially impact the independence or effectiveness of one or more directors (such as in connection with a change in employment status or other significant status changes). This process is administered by the Nominating and Corporate Governance Committee, which consists entirely of directors who are independent under applicable NYSE rules. After carefully considering all relevant relationships with us, the Nominating and Corporate Governance Committee submits its recommendations regarding independence to the full Board, which then makes a determination with respect to each director.

In making independence determinations, the Nominating and Corporate Governance Committee and the Board consider all relevant facts and circumstances, including (1) the nature of any relationships with us, (2) the significance of the relationship to us, the other organization and the individual director, (3) whether or not the relationship is solely a business relationship in the ordinary course of our and the other organization's businesses and does not afford the director any special benefits, and (4) any commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. For purposes of this determination, the Board deems any relationships that have expired for more than three years to be immaterial.

After considering NYSE standards for independence and various other factors as described herein, the Board has determined that all directors other than Messrs. Boyce and Kellow are independent. None of the directors other than Messrs. Boyce and Kellow receives any compensation from us other than customary director and committee fees.

Messrs. Rusnack and Turner, Ms. Van Trease and Dr. Wilson and/or their immediate family members serve as directors, officers or trustees of charitable organizations to which we made contributions in the normal course of our charitable contributions program. After careful consideration, the Board has determined that these contributions do not impair, or appear to impair, these directors' independent judgment.

Until April 22, 2014, Mr. Turner served as a member of the board of directors of one of our customers, American Electric Power Company, Inc. After careful consideration, the Board has determined that this relationship does not impair, or appear to impair, Mr. Turner's independent judgment.

Until December 2013, Mr. Sutherlin was the President and Chief Executive Officer of one of our suppliers, Joy Global Inc. After careful consideration, the Board has determined that this relationship does not impair, or appear to impair, Mr. Sutherlin's independent judgment.

Until his retirement on January 22, 2015, Alan H. Washkowitz, served as member of our Board. After considering NYSE standards for independence and various other factors as described herein, the Board determined that he was independent.

**Board Attendance and Executive Sessions**

The Board of Directors met eight times in 2014. During that period, each incumbent director attended 75% or more of the aggregate number of meetings of the Board and the committees on which he or she served, and their average attendance was 95%.

Under our Corporate Governance Guidelines, the non-management directors meet in executive session at least quarterly. During 2014, our non-management directors met in executive session ten times. Our Lead Independent Director, Mr. Malone, chaired these executive sessions.

Under Board policy, each director is expected to attend the Annual Meeting in person, subject to occasional excused absences due to illness or unavoidable conflicts. All 12 directors who were elected to the Board at the 2014 Annual Meeting of Shareholders were in attendance.

**Table of Contents**

**2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT  
INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES (continued)**

**Director Orientation and Continuing Education**

Our Corporate Governance Guidelines require that each new director participate in a director orientation program which includes presentations by senior management to familiarize the new director with our strategic plans, our significant financial, accounting and risk management issues, our compliance program, our Code of Business Conduct and Ethics, our principal officers and our internal and independent auditors.

On an ongoing basis, our directors receive continuing education through presentations at Board meetings as well as regular visits to our significant mining operations. In addition, directors are required to attend an approved director education program at least once every three years.

**Board Leadership Structure**

Our bylaws and Corporate Governance Guidelines permit the roles of Chairman and CEO to be filled by different individuals. The Board of Directors deliberates and decides, each time it selects a CEO, whether the roles should be combined or separate, based upon our needs at that time. Mr. Boyce has led our Company as CEO since January 2006, and was appointed to the additional role of Chairman in October 2007. The Board believes that Mr. Boyce's management of our complex operations on a day-to-day basis provides him with first-hand knowledge of the opportunities and challenges facing us, which, together with his qualifications and experience, position him to best lead productive discussions of the Board and help ensure effective risk oversight for the Company.

In conjunction with our ongoing succession planning process, we entered into a Transition Agreement with Mr. Boyce in April 2013 and a Restated Transition Agreement in May 2014. The Restated Transition Agreement calls for Mr. Boyce to remain Chairman and CEO through June 30, 2015 or such earlier date as his successor as CEO is appointed. On January 22, 2015, the Board elected Mr. Kellow to the position of President and Chief Executive Officer-elect, and he will become CEO effective May 4, 2015. Upon Mr. Kellow's appointment as the new CEO, and continuing until the earlier of the appointment of Mr. Boyce's successor as Chairman and June 30, 2016, Mr. Boyce will continue as a full-time employee in the position of Executive Chairman.

Our Board leadership structure provides for strong oversight by independent directors. The Board is currently comprised of Messrs. Boyce and Kellow and 10 independent directors. With the exception of the Executive Committee, which is chaired by Mr. Boyce, all Board committees are chaired by and composed entirely of independent directors.

In 2013, the Board created the role of Lead Independent Director and appointed Mr. Malone to serve in that capacity for a one-year term. He was reelected to that position in March 2014. The Lead Independent Director's duties are to:

- Ø Preside at all meetings of the Board at which the Chairman and CEO is not present;
  
- Ø Immediately assume the role of Crisis Event Director under our Crisis Board Communication Plan and to serve in such role pending any further determination by the Board;
  
- Ø Serve as Interim Chairman of the Board if the Chairman and CEO is incapacitated due to a CEO Emergency Event, as defined in our Crisis Board Communication Plan;

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

- Ø Organize, convene and preside over executive sessions of the independent directors and over meetings of the independent directors;
  
- Ø Serve as liaison between the independent directors and the Chairman and CEO for promptly communicating to the Chairman and CEO feedback and direction discussed in executive sessions;
  
- Ø In an executive session, each year, call and facilitate the discussion of the independent directors to evaluate the performance of the Chairman and CEO. With the Chair of the Compensation Committee, he/she communicates the content and results of the evaluation to the Chairman and CEO;
  
- Ø Advise and concur with the Chairman and CEO on the quality, quantity and timeliness of information sent to the Board and on the agenda items and timeframes for discussion;
  
- Ø Facilitate the independent directors' approval of the number and frequency of meetings of the Board;
  
- Ø Authorize the retention of outside advisors and consultants who report directly to the independent directors on Board-wide issues;
  
- Ø If requested by the Chairman and CEO, or with direction from the independent directors, ensure that he or she is available, when appropriate, for consultation and direct communication with external constituencies; and
  
- Ø Perform such other duties as may be assigned from time to time by the independent directors.

**2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT**  
**INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES (continued)**

The Board believes that the candor and objectivity of the Board's deliberations are not affected by whether its Chairman is independent or a member of management.

**Role of the Board in Risk Oversight**

The Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to enhance long-term organizational performance and shareholder value. A fundamental part of risk management is not only understanding the risks we face, how those risks may evolve over time, and what steps management is taking to manage and mitigate those risks, but also understanding what level of risk tolerance is appropriate for us. Management is responsible for the day-to-day management of the risks we face, while the Board, as a whole and through its committees, is responsible for the oversight of risk management.

In its risk oversight role, the Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. The Board regularly reviews information regarding marketing, operations, safety performance, trading, finance and business development as well as the risks associated with each. In addition, the Board holds strategic planning sessions with management to discuss our strategies, key challenges, and risks and opportunities. The full Board receives reports on our enterprise risk management initiatives on at least an annual basis.

While the Board is ultimately responsible for risk oversight, Board committees also have been allocated responsibility for specific aspects of risk oversight. In particular, the Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls, risk assessment and risk management. The Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the risks arising from our compensation policies and programs. The Health, Safety, Security and Environmental Committee assists the Board in fulfilling its oversight responsibilities with respect to the risks associated with our health, safety, security and environmental objectives, policies and performance. The Nominating and Corporate Governance Committee assists the Board in fulfilling its oversight responsibilities with respect to the risks associated with board organization, membership and structure, ethics and compliance, political contributions and lobbying expenditures, succession planning for our directors and executive officers, and corporate governance.

INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES (continued)**

A copy of each committee charter can be found on our website ([www.peabodyenergy.com](http://www.peabodyenergy.com)) by clicking on Investors, and then Corporate Governance. Information on our website is not considered part of this Proxy Statement.

The Board of Directors has affirmatively determined that, in its judgment, all members of the Audit Committee, Compensation Committee, Health, Safety, Security and Environmental Committee and Nominating and Corporate Governance Committee are independent under NYSE and SEC rules. The Board also has determined that each of the members of the Audit Committee (Messrs. Rusnack and Karn and Ms. Van Trease) is an audit committee financial expert under SEC rules.

In addition to the risk oversight responsibilities outlined on page 23, the primary functions of each committee are as follows:

*Audit Committee*

- Ø Assist the Board in fulfilling its oversight responsibility with respect to: (a) the quality and integrity of our financial statements and financial reporting processes; (b) our systems of internal accounting and financial controls and disclosure controls; (c) the independent registered public accounting firm's qualifications and independence; (d) the performance of our internal audit function and independent registered public accounting firm; and (e) compliance with legal and regulatory requirements, and codes of conduct and ethics programs established by management and the Board;
- Ø Appoint our independent registered public accounting firm, which reports directly to the Audit Committee;
- Ø Approve all audit engagement fees and terms, and all permissible non-audit engagements with our independent registered public accounting firm;
- Ø Ensure that we maintain an internal audit function and review the appointment of the senior internal audit team;
- Ø Meet on a regular basis with our financial management, internal audit management and independent registered public accounting firm to review matters relating to our internal accounting controls, internal audit program, accounting practices and procedures, the scope and procedures of the external audit, the independence of the independent registered public accounting firm and other matters relating to our financial condition;
- Ø Oversee our financial reporting process and review in advance of filing or issuance of our quarterly reports on Form 10-Q, annual reports on Form 10-K, annual reports to shareholders and earnings press releases;
- Ø Review our guidelines and policies with respect to risk assessment and risk management, and our major financial risk exposures and steps management has taken to monitor and control such exposures; and

Ø Make regular reports on its activities to the Board.

*Compensation Committee*

Ø Annually review and recommend to the Special Committee the corporate goals and objectives relevant to compensation of our Chairman and CEO, initiate the evaluation by the Board of the Chairman and CEO's performance in light of those goals and objectives, and together with the other independent members of the Board, determine and approve the Chairman and CEO's compensation levels based on this evaluation;

Ø Annually review with the Chairman and CEO the performance of our executive officers and make recommendations to the Board with respect to the compensation plans for such officers;

Ø Annually review and approve for the NEOs and recommend for our Chairman and CEO base salary, annual incentive opportunity and long-term incentive opportunity, stock ownership requirements and, as appropriate, employment agreements, severance arrangements, retirement and other post-employment benefits, change-in-control provisions and any special supplemental benefits;

Ø Approve annual incentive awards for executive officers other than the Chairman and CEO;

Ø Oversee our annual and long-term incentive programs;

Ø Periodically assess our director compensation program and stock ownership requirements and, when appropriate, recommend modifications for Board consideration; and

Ø Make regular reports on its activities to the Board.

**2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT  
INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES (continued)**

*Executive Committee*

When the Board of Directors is not in session, the Executive Committee has all of the power and authority as delegated by the Board, except with respect to:

Ø Amending our certificate of incorporation and bylaws;

Ø Adopting an agreement of merger or consolidation;

Ø Recommending to shareholders the sale, lease or exchange of all or substantially all of our property and assets;

Ø Recommending to shareholders dissolution of the Company or revocation of any dissolution;

Ø Declaring a dividend;

Ø Issuing stock;

Ø Filling vacancies on the Board;

Ø Appointing members of Board committees; and

Ø Changing major lines of business.

*Health, Safety, Security and Environmental Committee*

Ø Review with management our significant risks or exposures in the health, safety, security and environmental areas, and steps taken by management to address such risks;

Ø Review our health, safety, security and environmental objectives, policies and performance, including processes to ensure compliance with applicable laws and regulations;

- Ø Review our efforts to advance our progress on sustainable development;
  
- Ø Review and discuss with management any material noncompliance with health, safety, security and environmental laws, and management's response to such noncompliance;
  
- Ø Review and recommend approval of the environmental and mine safety disclosures required to be included in our periodic reports on Forms 10-K and 10-Q;
  
- Ø Consider and advise the Board on health, safety, security and environmental matters and sustainable development;
  
- Ø Consider and advise the Compensation Committee on our performance with respect to incentive compensation metrics relating to health, safety, security or environmental matters;
  
- Ø Review and discuss significant legislative, regulatory, political and social issues and trends that may affect our health, safety, security and environmental management process and system, and management's response to such matters; and
  
- Ø Make regular reports on its activities to the Board.  
*Nominating and Corporate Governance Committee*
  
- Ø Identify, evaluate and recommend qualified candidates for election to the Board;
  
- Ø Advise the Board on matters related to corporate governance;
  
- Ø Assist the Board in conducting its annual assessment of Board performance;
  
- Ø Recommend the structure, composition and responsibilities of other Board committees;
  
- Ø Advise the Board on matters related to corporate social responsibility (e.g., equal employment, corporate contributions and lobbying);
  
- Ø Ensure we maintain an effective orientation program for new directors and a continuing education and development program to supplement the skills and needs of the Board;
  
- Ø Provide review and oversight of potential conflicts of interest situations, including transactions in which any related person had or will have a direct or indirect material interest;
  
- Ø Review our policies and procedures with respect to related person transactions at least annually and recommend any changes for Board approval;

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

- Ø Monitor compliance with, and advise the Board regarding any significant issues arising under, our corporate compliance program and Code of Business Conduct and Ethics;
  
- Ø Review and make recommendations to the Board in conjunction with the Chairman and CEO, as appropriate, with respect to executive officer succession planning and management development; and
  
- Ø Make regular reports on its activities to the Board.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**REPORT OF THE AUDIT COMMITTEE**

The Audit Committee has reviewed and discussed the Company's audited financial statements and management's report on internal control over financial reporting as of and for the fiscal year ended December 31, 2014 with management and Ernst & Young LLP, the Company's independent registered public accounting firm. Management is responsible for the Company's financial statements and internal control over financial reporting. Ernst & Young is responsible for conducting its audit in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), and expressing an opinion on the Company's financial statements in accordance with U.S. generally accepted accounting principles, and on the Company's internal control over financial reporting.

The Audit Committee reviewed with Ernst & Young the overall scope and plans for their audit of the Company's financial statements and internal control over financial reporting. The Audit Committee also discussed with Ernst & Young matters relating to the quality and acceptability of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by the standards of the PCAOB, including Auditing Standard No. 16, Communications with Audit Committees, as adopted by the PCAOB, the rules of the Securities and Exchange Commission, and other applicable regulations. The Audit Committee has received written management representation letter disclosures and a letter from Ernst & Young regarding the independent registered public accounting firm's independence, and has discussed with Ernst & Young its independence from management and the Company. As part of its review, the Audit Committee reviewed fees paid to Ernst & Young and considered whether Ernst & Young's performance of non-audit services for the Company was compatible with the auditor's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the Securities and Exchange Commission.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Ernst & Young LLP served as our independent registered public accounting firm for the fiscal years ended December 31, 2014 and 2013. The following fees were paid to Ernst & Young LLP for services rendered during our last two fiscal years:

- Ø *Audit Fees:* \$4,963,000 (for the fiscal year ended December 31, 2014) and \$4,897,000 (for the fiscal year ended December 31, 2013) for fees associated with the annual audit of our consolidated financial statements, including the audit of internal control over financial reporting, the reviews of our quarterly reports on Form 10-Q, services provided in connection with statutory and regulatory filings, assistance with and review and accounting and financial reporting consultations.
- Ø *Audit-Related Fees:* \$220,000 (for the fiscal year ended December 31, 2014) and \$244,000 (for the fiscal year ended December 31, 2013) for assurance-related services for internal control reviews, and other attest services not required by statute.
- Ø *Tax Fees:* \$199,000 (for the fiscal year ended December 31, 2014) and \$1,171,000 (for the fiscal year ended December 31, 2013) for tax compliance, tax advice and tax planning services.
- Ø *All Other Fees:* \$2,000 (for the fiscal year ended December 31, 2014) and \$2,000 (for the fiscal year ended December 31, 2013) for fees related to an online research tool.

Under the Board's established procedures, the Audit Committee is required to pre-approve all audit and non-audit services performed by our independent registered public accounting firm to ensure that the provisions of such services do not impair such firm's independence. The Audit Committee may delegate its pre-approval authority to one or more of its members, but not to management. The member or members to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Each fiscal year, the Audit Committee reviews with management and the independent registered public accounting firm the types of services that are likely to be required throughout the year. Those services are comprised of four categories, including audit services, audit-related services, tax services and all other permissible services. At that time, the Audit Committee pre-approves a list of specific services that may be provided within each of these categories, and sets fee limits for each specific service or project. Management is then authorized to engage the independent registered public accounting firm to perform the pre-approved services as needed throughout the year, subject to providing the Audit Committee with regular updates. The Audit Committee regularly reviews the amount of all billings submitted by the independent registered public accounting firm to ensure their services do not exceed pre-defined limits. The Audit Committee must review and approve in advance, on a case-by-case basis, all other projects, services and fees to be performed by or paid to the independent registered public accounting firm. The Audit Committee also must approve in advance any fees for pre-approved services that exceed the pre-established limits, as described above.

Under our policy and/or applicable rules and regulations, our independent registered public accounting firm is prohibited from providing the following types of services to us: (1) bookkeeping or other services related to our accounting records or financial statements, (2) financial information systems design and implementation, (3) appraisal or valuation services, fairness opinions or contribution-in-kind reports, (4) actuarial services, (5) internal audit outsourcing services, (6) management functions, (7) human resources, (8) broker-dealer, investment advisor or investment banking services, (9) legal services, (10) expert services unrelated to audit, (11) any services entailing a contingent fee or commission (not including fees awarded by a bankruptcy court if we are in bankruptcy) and (12) tax services to any of our officers whose role is in a financial reporting oversight capacity (regardless of whether we or the officer pays the fee for the services).

During the fiscal years ended December 31, 2014 and 2013, all of the services described under the headings *Audit Fees*, *Audit-Related Fees*, *Tax Fees* and *All Other Fees* were approved by the Audit Committee in accordance with the procedures described above.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**CORPORATE GOVERNANCE MATTERS**

Good corporate governance is a priority at Peabody. Our key governance practices are outlined in our Corporate Governance Guidelines, committee charters, and Code of Business Conduct and Ethics. These documents can be found on our Corporate Governance webpage ([www.peabodyenergy.com](http://www.peabodyenergy.com)) by clicking on Investors and then Corporate Governance. Information on our website is not considered part of this Proxy Statement. The Code of Business Conduct and Ethics applies to all of our directors, officers and salaried employees.

The Nominating and Corporate Governance Committee is responsible for reviewing the Corporate Governance Guidelines from time to time and reporting and making recommendations to the Board concerning corporate governance matters. Each year, the Nominating and Corporate Governance Committee, with the assistance of outside experts, reviews our corporate governance practices, not only to ensure that they comply with applicable laws and NYSE listing requirements, but also to ensure that they continue to reflect what the Committee believes are best practices and promote our best interests and the best interests of our shareholders.

**Majority Voting Bylaw**

In July 2007, the Board of Directors amended our bylaws to provide for majority voting in the election of directors. In the case of uncontested elections, in order to be elected the number of shares voted in favor of a nominee must exceed 50% of the number of votes cast with respect to that nominee's election at any meeting of shareholders for the election of directors at which a quorum is present. Votes cast include votes to withhold authority with respect to that nominee's election, but excludes abstentions and broker non-votes.

If a nominee is an incumbent director and receives a greater number of votes withheld from his or her election than votes in favor of his or her election, our Corporate Governance Guidelines require that such director promptly tender his or her resignation to the Chairman of the Board following certification of the shareholder vote. The Nominating and Corporate Governance Committee will promptly consider the resignation submitted by such director and will recommend to the Board whether to accept or reject the tendered resignation. In considering whether to accept or reject the tendered resignation, the Committee will consider all factors deemed relevant by its members. The Board will act on the Committee's recommendation no later than 90 days following the date of the shareholders' meeting where the election occurred. In considering the Committee's recommendation, the Board will consider the factors considered by the Committee and such additional information and factors the Board deems to be relevant. Any director who tenders his or her resignation under our Corporate Governance Guidelines will not participate in the Committee recommendation or Board consideration regarding whether or not to accept the tendered resignation.

In the case of contested elections, directors will be elected by a plurality of the votes of the shares present in person or by proxy and voting for nominees in the election of directors at any meeting of shareholders for the election of directors at which a quorum is present. For these purposes, a contested election is any election of directors in which the number of candidates for election as directors exceeds the number of directors to be elected.

**Communications with the Board of Directors**

The Board of Directors has adopted the following procedures for shareholders and other interested persons to send communications to the Board and/or individual directors (collectively, Shareholder Communications).

Shareholders and other interested persons seeking to communicate with the Board and/or individual directors should submit their written communications to the Chairman, Peabody Energy Corporation, Peabody Plaza, 701 Market Street, St. Louis, Missouri 63101. The Chairman will forward such communications to each Board member (excluding routine advertisements and business solicitations, as instructed by the Board), and provide a report on the disposition of matters stated in such communications at the next regular meeting of the Board. If a Shareholder Communication (excluding routine advertisements and business solicitations) is addressed to a specific individual director, the Chairman will forward that communication to the named director, and will discuss with that director whether the full Board and/or one of its committees should address the subject matter.

**Table of Contents**

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**CORPORATE GOVERNANCE MATTERS (continued)**

If a Shareholder Communication raises concerns about management's or the Company's ethical conduct, it should be sent directly to our Chief Legal Officer at Peabody Energy Corporation, Peabody Plaza, 701 Market Street, St. Louis, Missouri 63101. The Chief Legal Officer will review the communication and, if appropriate, forward a copy of it to the Chair of the Audit Committee and, if appropriate, the Chairman of the Board, and see that the subject matter is addressed by the appropriate Board committee, management and/or the full Board.

If a shareholder or other interested person seeks to communicate exclusively with our non-management directors, individually or as a group, such communication should be sent directly to the Corporate Secretary who will forward it directly to the Lead Independent Director. The Corporate Secretary will first consult with and receive the approval of the Lead Independent Director before disclosing or otherwise discussing the communication with members of management or directors who are members of management.

At the direction of the Board, we reserve the right to screen all materials sent to our directors for potential security risks, harassment and/or other inappropriate content.

At our Annual Meeting, shareholders will normally have an opportunity to pose questions to the directors.

**Overview of Director Nominating Process**

The Board of Directors believes one of its primary goals is to advise management on strategy and to monitor our performance. The Board also believes the best way to accomplish this goal is by choosing directors who possess a diversity of experience, knowledge and skills that are particularly relevant and helpful to us. As such, current Board members and director nominees possess a wide array of skills and experience in the coal industry, related energy industries and other important areas, including engineering, finance and accounting, operations, environmental affairs, international affairs, governmental affairs and administration, public policy, healthcare, corporate governance, board service and executive management. When evaluating potential members, the Board seeks to enlist the services of candidates who possess high ethical standards and a combination of skills and experience which the Board determines are the most appropriate to meet its objectives. The Board believes all candidates should be committed to creating value over the long term and to serving our best interests and the best interests of our shareholders.

The Nominating and Corporate Governance Committee is responsible for identifying, evaluating and recommending qualified candidates for election to the Board. The Committee will consider director candidates submitted by shareholders. Any shareholder wishing to submit a candidate for consideration should send the following information to the Corporate Secretary, Peabody Energy Corporation, Peabody Plaza, 701 Market Street, St. Louis, Missouri 63101:

- Ø Shareholder's name, number of shares owned, length of period held and proof of ownership;
- Ø Candidate's name, age and address;
- Ø A detailed resume describing, among other things, the candidate's educational background, occupation, employment history and material outside commitments (*e.g.*, memberships on other boards and committees, charitable foundations, etc.);
- Ø

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

A supporting statement which describes the candidate's reasons for seeking election to the Board, and documents the candidate's ability to satisfy the director qualifications criteria described above;

Ø A description of any arrangements or understandings between the shareholder and the candidate; and

Ø A signed statement from the candidate confirming his/her willingness to serve on the Board, if elected.

The Corporate Secretary will promptly forward such materials to the Committee Chair and the Chairman of the Board. The Corporate Secretary also will keep copies of such materials for future reference by the Committee when filling Board positions.

Shareholders may submit potential director candidates at any time in accordance with these procedures. The Committee will consider such candidates if a vacancy arises or if the Board decides to expand its membership, and at such other times as the Committee deems necessary or appropriate. Separate procedures apply if a shareholder wishes to nominate a director candidate at the 2016 Annual Meeting. Those procedures are described below under the heading Information About Shareholder Proposals.

**CORPORATE GOVERNANCE MATTERS (continued)**

Under its charter, the Committee must review with the Board, at least annually, the requisite qualifications, independence, skills and characteristics of Board candidates, members and the Board as a whole. When assessing potential new directors, the Committee considers individuals from various and diverse backgrounds. While the selection of qualified directors is a complex and subjective process that requires consideration of many intangible factors, the Committee believes candidates should generally meet the criteria listed above under the heading Director Qualifications.

While the Board does not have a formal policy of considering diversity when evaluating director candidates, the Board does believe that its members should reflect diversity in professional experience, geographic origin, gender and ethnic background. These factors, together with the director qualifications criteria noted above, are taken into account by the Committee in assessing potential new directors.

The Committee will consider candidates submitted by a variety of sources (including, without limit, incumbent directors, shareholders, management and third-party search firms) when filling vacancies and/or expanding the Board. If a vacancy arises or the Board decides to expand its membership, the Committee generally asks each director to submit a list of potential candidates for consideration. The Committee then evaluates each potential candidate's educational background, employment history, outside commitments and other relevant factors to determine whether he/she is potentially qualified to serve on the Board. At that time, the Committee also will consider potential candidates submitted by shareholders in accordance with the procedures described above. The Committee seeks to identify and recruit the best available candidates, and it intends to evaluate qualified shareholder nominees on the same basis as those submitted by Board members or other sources.

After completing this process, the Committee will determine whether one or more candidates are sufficiently qualified to warrant further investigation. If the process yields one or more desirable candidates, the Committee will rank them by order of preference, depending on their respective qualifications and our needs. The Committee Chair, or another director designated by the Committee Chair, will then contact the preferred candidate(s) to evaluate their potential interest and to set up interviews with members of the Committee. All such interviews are held in person, and include only the candidate and the independent Committee members. Based upon interview results and appropriate background checks, the Committee then decides whether it will recommend the candidate's nomination to the full Board.

The Committee believes this process has consistently produced highly qualified, independent Board members to date. However, the Committee may choose, from time to time, to use additional resources (including independent third-party search firms) after determining that such resources could enhance a particular director search.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Our officers and directors and persons beneficially holding more than 10% of our Common Stock are required under the Securities Exchange Act of 1934, as amended, to file reports of ownership and changes in ownership of our Common Stock with the SEC and the NYSE. We file these reports of ownership and changes in ownership on behalf of our officers and directors.

To the best of our knowledge, based solely on our review of the copies of such reports furnished to us during the fiscal year ended December 31, 2014, filings with the SEC and written representations from certain reporting persons that no additional reports were required, all required reports were timely filed for such fiscal year.

**Executive Summary**

In 2014, we achieved solid financial and operating results, despite adverse market conditions that were impacted by significant price declines for most key coal products due to increased supplies globally, the impact of competing fuels and railroad issues related to the shipment of our U.S. products. In the face of these strong headwinds, we delivered a number of significant accomplishments, including achieving our best global safety incidence rate, delivering cost savings of approximately \$275 million from cost-containment efforts, generating approximately \$130 million in proceeds from asset sales, lowering capital investments and generating over \$336 million in operating cash flow.

We believe that our executive compensation decisions reflect a balanced and responsible pay approach within our current industry environment and our lead position as the largest public company coal producer. The Compensation Committee and the independent members of the Board of Directors (collectively, the Special Committee) have responsibility for oversight of our executive compensation framework and, within that framework and by working with senior management, aligning pay with performance, creating incentives that reward responsible risk-taking, and creating shareholder value while also considering the environment in which compensation decisions are made.

**2014 Say-on-Pay Results and Shareholder Outreach**

At the 2014 Annual Meeting of Shareholders, 77.9% of the votes cast on Item 3 were in favor of the advisory vote to approve our NEOs compensation, commonly known as Say-on-Pay. While representing majority support for our executive compensation program, this result is less than desired. We are committed to achieving greater shareholder support through our outreach efforts, incorporation of shareholder input into our executive compensation program, disclosure practices and corporate governance and implementation of best practices.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)**

Following our 2014 Say-on-Pay vote, we reached out to our 50 largest institutional shareholders in an effort to:

§ Better understand the underlying reasons for the Say-on-Pay vote results;

§ Identify any concerns they may have with our executive compensation program; and

§ Obtain their input on how our executive compensation program, disclosure practices and corporate governance may be strengthened. Ten of those shareholders (owning approximately 34% of our outstanding stock measured at June 30, 2014) agreed to have at least one telephonic meeting with us. The valuable feedback from our outreach effort showed that shareholders generally support our executive compensation program, but want greater transparency around program structure and the linkage between pay and performance. We received notable comments about the new proxy format, which was generally found easier to understand and analyze, and requests for more information about the drivers behind compensation decisions and a fuller explanation on selected incentive metrics. We have modified the discussion of our annual incentive plan that follows in this Compensation Discussion and Analysis (or CD&A ) to reflect these comments. In addition, some shareholders suggested that we review our compensation comparator group; we have done so and describe the changes we made to our comparator group below. In the course of our executive compensation discussions, we also received feedback regarding our CEO succession process and other aspects of our corporate governance that were of interest to shareholders, specifically the separation of the Chairman and CEO roles. Where possible, we have attempted to address each of these topics in our program design and throughout this CD&A.

The Compensation Committee believes the core design elements of our executive compensation program are effective at attracting, retaining and incentivizing our NEOs. This belief has been validated by reviewing our program against the market. However, we are working to enhance program design, incorporate best practices and provide greater transparency regarding our program and the link between pay and performance.

At the 2015 Annual Meeting, shareholders will again have the opportunity to vote on an advisory resolution on NEO compensation (Item 3). While this vote is nonbinding, the Compensation Committee highly values this input and will fully consider the outcome of the vote, along with other factors, when making future compensation decisions for the NEOs and other members of senior management.

**Performance Basis of Our 2014 Executive Compensation Program**

Decisions regarding executive compensation made by the Compensation Committee and the Special Committee during 2014 reflected our industry context, operating environment and results. Our compensation philosophy and programs are based on the following core principles: competitive compensation opportunities, shareholder alignment through stock ownership and pay for performance.

In 2014, the Compensation Committee, in conjunction with our independent advisors, reviewed our executive compensation program to determine whether it appropriately aligns pay and performance and links officer activities and performance with shareholder interests. The analysis indicated that our 2014 executive compensation program aligned well with our compensation philosophy and performance.

For 2014, the performance-based portion of NEO compensation consisted of an annual cash incentive opportunity, and stock options and performance units awarded under our 2011 Long-Term Equity Incentive Plan. Annual cash incentive plan payouts were contingent on meeting certain goals for Price-collar Adjusted EBITDA (as defined on page 37), adjusted total costs, sales volume (tons), safety and individual goals. For 2014, our NEOs achieved annual cash incentive payouts ranging from 114% to 122% of target.

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

With respect to our performance unit program, our NEOs achieved performance of only 18.75%, or 81.25% below target, consistent with our three-year TSR relative to coal industry comparators and the S&P 500 Index (excluding financial services companies) during the 2012-2014 performance period, and our performance relative to our Return on Capital targets over the same period. However, due to the decline in our share price during the performance period, the value of the shares awarded was only 4%, or 96% below the grant-date target value.

**Compensation Discussion and Analysis (continued)**

At December 31, 2014, all stock options held by our NEOs were out of the money and therefore had no currently realizable value. On their grant dates, these stock options had an aggregate fair value of approximately \$33 million.

The following discussion provides detail regarding our executive compensation program and 2014 compensation arrangements for each of our NEOs.

<b>Name</b>	<b>Title at December 31, 2014</b>
Gregory H. Boyce	Chairman and Chief Executive Officer <sup>(1)</sup>
Glenn L. Kellow	President and Chief Operating Officer <sup>(1)</sup>
Michael C. Crews	Executive Vice President and Chief Financial Officer
Charles F. Meintjes	President Australia
Kemal Williamson	President Americas

<sup>(1)</sup> On January 22, 2015, Mr. Kellow was appointed President and CEO-elect and will become CEO effective May 4, 2015. At that time, Mr. Boyce will become Executive Chairman.

#### **What We Pay and Why: Elements of Compensation**

We have three elements of total direct compensation: base salary, annual cash incentive and long-term equity incentives. As illustrated in the chart on page 8, in 2014, 86% and 73% respectively of reported total target direct compensation for our Chairman and CEO and other NEOs was performance-based and not guaranteed. This places the vast majority of the NEO total direct compensation at-risk and in direct alignment with shareholders.

#### **Base Salary**

We pay base salaries to attract and retain talented executives and to provide a fixed base of cash compensation. Base salary for our Chairman and CEO is recommended by the Compensation Committee and approved by the Special Committee after an extensive review of peer information conducted by the independent compensation consultant, F.W. Cook & Co., Inc. ( F.W. Cook ). Base salaries for the other NEOs are individually recommended by our Chairman and CEO and approved by the Compensation Committee. In each case, base salaries are set after consideration of:

- Ø Breadth, scope and complexity of the NEO's role;
- Ø Comparability with the external and internal marketplace (roles of similar responsibilities, experience and organizational impact);
- Ø Current compensation levels; and
- Ø Individual performance.

In light of challenging market conditions and additional cost reduction programs, no changes were made in the 2014 base salary for our Chairman and CEO or any of our other NEOs.

*Annual Cash Incentive*

Our annual incentive compensation plan provides opportunities for our executives, including the NEOs, to earn annual cash incentive payments tied to the successful achievement of safety, operating and financial objectives that support our business strategy.

Under the annual incentive compensation plan, the NEOs are assigned threshold, target and maximum incentive opportunities. The target incentive opportunity is established through an analysis of compensation for comparable positions in companies of similar size and complexity and is intended to provide a competitive level of compensation when performance objectives are achieved. Maximum incentive payments may be awarded when target performance objectives are significantly exceeded.

At threshold performance, the incentive that can be earned generally equals 50% of the target incentive and, at maximum performance, the incentive that can be earned is up to 200% of the target incentive. No incentive is earned if actual performance does not meet the threshold level.

**Table of Contents**

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)**

Each year, the Committees review and approve the goals and payouts for the NEOs.

*2014 Annual Cash Incentive Performance Measures*

Based on input from management and information and advice from F.W. Cook, the Committees established performance metrics and weightings for determining the NEOs' 2014 annual cash incentive opportunities, with a focus on controlling the controllables given the price volatility inherent in our business. Consistent with that approach, in 2014 we replaced last year's Earnings Per Share metric with two new metrics: Adjusted Total Costs and Total Sales Volumes. We believe these new metrics drive shareholder value by focusing management on operational efficiency, cash conservation and effective cost management. Definitions of our 2014 performance measures appear below.

Given the price volatility endemic to the coal sector and the cyclical nature of the global commodity markets, the annual cash incentive plan has a price collar feature to eliminate potential windfalls and penalties arising from uncontrollable factors that can significantly affect Adjusted EBITDA. This allows our NEOs to focus on operational performance and take the necessary actions to benefit us and our shareholders on an annual basis and in the longer term. In years when coal prices decline significantly, the price collar has the effect of increasing Adjusted EBITDA as used for the annual incentive compensation plan. Conversely, in years when coal prices rise significantly, the price collar has the effect of decreasing Adjusted EBITDA as used for the annual incentive compensation plan. In 2014, Adjusted EBITDA performance was \$814.0 million, while our Price-collar Adjusted EBITDA (as defined on page 37) was \$1,118.1 million, reflecting an adjustment of \$304.1 million for price volatility, an aggregation of negative price impact in Australia and positive pricing within the Americas platform as compared to target.

Given the importance of safety in our Company, in 2013 we instituted an additional component to the safety goal which states: *In the event of a work related fatality, the safety component for the impacted Business Unit and the safety component for the corporate incentive plan would result in a zero percent achievement.*

In the past, we have not included injuries and hours associated with contractors in calculating our Global Safety Incidence Rate. However, in keeping with leading industry practices, we are doing so in 2015. In recognition of safety performance issues at some of our contractor-managed U.S. operations in 2014, Messrs. Boyce, Kellow and Williamson voluntarily agreed to reduce the weighting of their individual safety metric from 15.00% to 11.25%, which had the effect of decreasing their annual cash incentive awards. We believe this visible and tangible impact on their 2014 annual cash incentive awards is appropriate, and consistent with our core organizational values and focus on superior safety performance. The following table shows the performance metrics and our actual results for 2014.

Metric	% of Total Award	Threshold	Target	Maximum	Actual	
					Results	Achievement
Price-collar Adjusted EBITDA (\$ millions)	30%	838.4	1,048.0	1,257.6	1,118.1	Above target
Adjusted Total Costs (\$ millions)	15%	4,726.6	4,296.9	3,867.2	4,153.6	Above target
Total Sales Volumes (Tons)	15%	209	232	255	228	Below target
Global Safety Incidence Rate <sup>(1)</sup>	15% <sup>(2)</sup>	1.80	1.62	1.44	1.55	Above target
Individual Goals	25%	N/A	N/A	N/A	Ranged from 100% to 120%	Various

<sup>(1)</sup> The rate excludes the injuries and hours associated with office workers, as well as the impacts of certain mines classified as discontinued operations and inactive operations in the process of being reclaimed.

<sup>(2)</sup> Messrs. Boyce, Kellow and Williamson voluntarily forfeited 3.75% of their opportunity, which reduced the amount of their annual cash incentive awards.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)**

The following table provides a definition for each of the operating performance measures used in 2014 and describes how we use these measures in managing the Company.

Price-collar Adjusted EBITDA	This metric is based on Adjusted EBITDA (as defined below), after excluding 50% of the Adjusted EBITDA impact of realized pricing vs. budget. This adjustment was \$304.1 million in 2014.  Adjusted EBITDA is equal to (loss) income from continuing operations before deducting net interest expense; income taxes; asset retirement obligation expenses; depreciation, depletion and amortization; asset impairment and mine closure costs; charges for the settlement of claims and litigation related to previously divested operations and changes in deferred tax asset valuation allowance and amortization of basis difference related to equity affiliates.	Management uses this metric to measure our performance, the impact of cost savings programs and operational earnings across the global platform. The price collar addresses the impact of extraordinary price volatility, both positive and negative.
Adjusted Total Costs	This metric is based on aggregate total production costs for our Americas and Australia business units in U.S. dollars and asset retirement expense, but excluding depreciation, depletion and amortization, expenses associated with currency, fuel and explosives hedging, sales-related costs and exploration expenses. Australia costs and asset retirement expense are converted into U.S. dollars at the budgeted rate of 0.90.	Reflects the efficiency and effectiveness of the operational platform and is a benchmark metric to competitors and historical trends.
Total Sales Volumes	This metric is calculated using total sales volumes for our Americas and Australia operations in short tons, excluding purchased coal and sales from the Middlemount Mine, in which we own a 50% equity interest.	The key metric related to revenue generation, market share and customer engagement
Global Safety Incidence Rate	The Global Safety Incidence Rate is the number of injuries (U.S. Mine Safety and Health Administration reportable injury degree codes 1 to 6) divided by the number of employee hours worked, multiplied by 200,000 hours. The rate excludes the injuries and hours associated with office workers, as well as the impacts of certain mines classified as discontinued operations and inactive operations in the process of being reclaimed.	Safety is a core value that is integrated into all areas of our business. For 2014, our quantitative safety target was set at a 10% improvement over 2013's actual results

*Quantitative and Qualitative Factors Individual Performance*

The global coal sector faced significant challenges in 2014 with lower prices, the impact of competing fuels and oversupply in both thermal and metallurgic coal markets. Our management was also challenged with:

- Ø Completing and maximizing the benefits of owner-operator conversions within our Australian operations, on time and on budget;
- Ø Substantially reducing operational costs and improving productivity;

Ø Maintaining over \$2 billion in liquidity; and

Ø Implementing a comprehensive repositioning initiative, which included office closures, workforce reductions and establishing a global shared services framework to consolidate activities and lower annual overhead costs.

Despite these challenges, our 2014 Global Safety Incidence Rate improved 15% over 2013's record performance, and we generated over \$336 million in operating cash flow while reducing capital investment to less than \$200 million.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)**

In determining the amount of each NEO's actual annual cash incentive award within the range determined by the payout formula, the Committees considered the quantitative and qualitative factors relating to the following individual accomplishments:

**Mr. Boyce:** Mr. Boyce's strategic vision and leadership in the areas of organizational efficiency, fiscal health, safety, and succession planning were instrumental to the enterprise success in 2014. He oversaw the finalization of the CORESafety® implementation plan, an industry-wide safety standard he championed when he was Chairman of the National Mining Association in 2011. In his role as Chairman and CEO, Mr. Boyce is a visible and effective advocate for the coal sector and the societal benefits of electricity access and is an active collaborator with the regulatory and legislative agencies in the countries where we do business. Mr. Boyce also was responsible for the timely development of the President and COO, Mr. Kellow, to enable a successful CEO leadership transition, which was announced in January 2015. Additionally, Mr. Boyce worked extensively with the Lead Independent Director on a series of Board governance issues in response to changing legislation and market practices.

In recognition of these accomplishments, Mr. Boyce was named CEO of the Year at the 2014 Platts Global Energy Awards.

**Mr. Kellow:** Mr. Kellow's contributions to our operational and organizational efficiency were critical, especially in light of the strong countervailing market pressures facing us during 2014. As President and COO, he oversaw the operational performance of the global platform that resulted in a historically low Global Safety Incidence Rate, aggressive cost reductions, productivity improvements and a functional restructuring to centralize sales, marketing and trading activities. In 2014, our operational cost profile decreased across each of the U.S. and Australian platforms and operating cash flow generation was over \$336 million, while resource management transactions generated approximately \$130 million in proceeds. Mr. Kellow oversaw the organizational effectiveness processes which included the right sizing of support functions, increased delegations to the operating business units and the establishment of a Global Business Services framework. Mr. Kellow was active in the advocacy space and as a leading proponent of our sustainable energy solutions position. In addition, Mr. Kellow led the revisions of our Mission Statement to engage and align the workforce to our strategic plan.

In January 2015, the Board appointed Mr. Kellow President and CEO-elect, with an effective transition to CEO on May 4, 2015.

**Mr. Crews:** Mr. Crews made significant contributions to our strong financial and operating performance in 2014 despite uncertain global capital markets and steep pricing declines. We generated more than \$336 million in operating cash flow and sustained liquidity above the \$2.0 billion levels. Mr. Crews took accountability for the platform-wide Global Repositioning project, which has resulted in annualized savings and led to the establishment of a Global Business Services framework to reduce administrative and support costs. Mr. Crews also facilitated the on-going relationships with banks to help ensure optimal credit efficiency. In addition, under Mr. Crews' leadership, we successfully offered a voluntary lump-sum pension payout option to eligible former salaried employees who participated in our legacy pension plan and settled approximately \$42 million of pension obligations.

**Mr. Meintjes:** Under Mr. Meintjes' leadership, our Australia platform achieved its lowest safety incidence rate ever, while increasing its volumes to a record 38.2 million tons. Mr. Meintjes led a comprehensive and detailed cost reduction program to position the Australia platform for sustained lower pricing, resulting in a \$6/ton cost reduction. Key projects included the successful installation of a longwall at our Metropolitan Mine, completion of the owner-operator conversions through the successful Moorvale Mine transition, and the Millennium Mine being awarded Coal Mine of the Year and Australian Mine of the Year at the 2014 Australian Mining Prospect Awards ceremony. Finally, Mr. Meintjes was our primary representative to the Australian government and inter-disciplinary agencies during the Carbon Tax and Mineral Resource Rent Tax repeal process.

**Mr. Williamson:** Mr. Williamson led the safe, productive and efficient Americas operations. In 2014, the Americas generated over \$1.0 billion in Adjusted EBITDA off a revenue base of \$4.0 billion. Under Mr. Williamson's leadership, we increased Southern Powder River Basin volumes to the highest annual level since 2011, and the flagship North Antelope Rochelle Mine achieved record production levels, even as rail issues constrained industry shipments. Key mining extensions at the Gateway and Twentymile mines have progressed within budgeted timeframes and costs and will add low-cost capacity to the platform to sustain production levels. Mr. Williamson achieved greater than budgeted pricing in all

U.S. regions and lowered annual costs per unit.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)***2014 Annual Cash Incentive Awards*

The following table shows the 2014 annual cash incentive awards earned by each NEO.

Name	Target Opportunity as a % of Base Salary	2014 Cash Incentive Award Opportunity Range as a % of Base Salary	2014 Cash Incentive Award (\$)	2014 Cash Incentive Award Earned as a % of Target
Gregory H. Boyce	120%	0-240%	1,682,889	114%
Glenn L. Kellow	100%	0-200%	955,365	119%
Michael C. Crews	80%	0-160%	586,219	122%
Charles F. Meintjes	80%	0-160%	537,368	122%
Kemal Williamson	80%	0-160%	462,683	116%

*Long-Term Equity Incentives*

The NEOs generally receive long-term equity incentive compensation through awards of stock options or time-vested restricted stock, and awards of performance units. In approving long-term equity incentive awards, the Committees consider the advice of F.W. Cook, as well as available benchmarking data, to recognize the achievement of long-term goals and provide a retentive element for key executives. These awards are structured to provide competitive long-term equity incentive opportunities where earned values are based on performance, aligned with shareholder value.

The Compensation Committee approved new guidelines for delivering long-term equity compensation opportunity in 2013 for NEOs, except our Chairman and CEO. The existing fixed long-term equity award opportunities were replaced with ranges of award opportunity from zero to 1.75 times an NEO's target opportunity. In any given year, the NEO's opportunity can be increased or decreased within the range. This provides us more flexibility to align long-term compensation opportunities with changes in roles and assignments, to recognize extraordinary performance efforts or shortfalls and to respond to competitive market conditions.

For 2014, the targeted value of these awards, shown in the table below as a percentage of each NEO's base salary, is split evenly between stock option and performance unit awards. Mr. Meintjes received restricted stock awards in lieu of stock options of commensurate value and comparable vesting terms, as this approach is more tax-efficient under Australian tax laws.

*2014 Long-Term Equity Incentive Award Targets*

Kemal Williamson	0%	200%	350%	250%

<sup>(1)</sup> Messrs. Crews, Meintjes and Williamson each received above-target long-term equity incentive awards in recognition of their historical and anticipated individual performance.

### *Stock Options*

Our stock option program is a long-term incentive plan designed to create a direct link between executive compensation and increased shareholder value, provide an opportunity for increased equity ownership by NEOs and maintain competitive levels of total compensation opportunity.

**Table of Contents****2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT****Compensation Discussion and Analysis (continued)**

The Committees meet in December of each year to evaluate, review and approve the annual stock option award design and level of awards for the NEOs. The Committees approve stock option awards prospectively. Annual stock option awards are generally approved in early December for granting on the first trading day in January at our closing market price per share on the grant date. The Committees may occasionally approve stock option awards that are granted other than on the first trading day of the year, to recognize promotions or new hires. In these cases, the award is approved in advance of the grant date, and the stock option grant is awarded on the determined date with an exercise price equal to our closing market price per share on the grant date. We use a Black-Scholes valuation model to establish the grant-date fair value of all stock option grants.

Stock options have intrinsic value only if the market price of our Common Stock increases after the grant date. Stock options generally vest in one-third increments over a three-year period. If an NEO other than Mr. Boyce terminates employment without good reason (generally as defined in his employment agreement), all unvested stock options are forfeited. In accordance with the terms of his employment agreement, Mr. Boyce is provided continued vesting through the end of the vesting period set forth in the option agreement of unvested stock option awards, if his employment terminates for any reason other than cause or retirement where he does not give us six months' advance written notice. Stock options expire ten years from the grant date.

At December 31, 2014, all stock options held by our NEOs were out of the money and therefore had no currently realizable value. On their grant dates, these stock options had an aggregate fair value of approximately \$33 million.

*Performance Units*

Similar to the stock option program, our performance unit program is a long-term incentive plan designed to create a direct link between executive compensation and increased shareholder value by rewarding NEOs for performance over a three-year performance period.

Performance units granted in 2014 to the NEOs other than Mr. Boyce will be payable, if earned, in shares of our Common Stock. Performance units granted in 2014 to Mr. Boyce will be payable, if earned, in cash due to limitations on the number of awards that could be issued under the plan to an individual in any calendar year. The percentage of the performance units earned is based on (i) our TSR over a period beginning January 2, 2014 and ending December 31, 2016 (the performance period) relative to the coal comparator group and the S&P 500 Index (excluding financial services companies) (the S&P 500 Index group) and (ii) our Return on Mining Assets (ROMA) over the performance period. TSR relative to the coal comparator group and the S&P 500 Index group are each weighted at 25% of the total award, and ROMA is weighted at the remaining 50% of the total award.

The target number of performance units granted is determined using the average closing market price per share of our Common Stock during the four weeks of trading immediately following the grant date.

Units vest ratably each month and are payable in our Common Stock (or cash for Mr. Boyce) at the end of the performance period, subject to the achievement of performance goals and subject to proration/acceleration if an NEO terminates prior to the end of the performance period in instances of death, disability, retirement or in connection with a change in control. If an NEO other than Mr. Boyce terminates employment without good reason, all performance units are forfeited.

*TSR Component*

Total Stockholder Return (TSR) measures cumulative stock price appreciation plus dividends. We measure TSR relative to the coal comparator group because that group is subject to similar market conditions and investor reactions. For purposes of the 2014 performance unit award, the coal comparator group consisted of the following five companies and one exchange-traded fund (ETF):

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

Alpha Natural Resources, Inc.	Consol Energy Inc.
Arch Coal, Inc.	Walter Energy, Inc.
Cloud Peak Energy, Inc.	Market Vectors Coal Index ETF <sup>(1)</sup>

(1) Excluding Peabody and other companies in the coal comparator group.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)**

Performance unit payout formulas for the 2014 award (assuming a positive TSR at the end of the performance period) are as follows:

**Three-Year Cumulative TSR (Positive Return) Coal Comparator Group & S&P 500 Index Group**

TSR Percentile Ranking	< 35th	35th	42.5th	50th	62.5th	<sup>3</sup> 75th
Payout Percentage	0%	40%	70%	100%	150%	200%

Performance unit payout formulas for the 2014 award (assuming a negative TSR at the end of the performance period) are as follows:

**Three-Year Cumulative TSR (Negative Return) Coal Comparator Group & S&P 500 Index Group**

TSR Percentile Ranking	< 50th	<sup>3</sup> 50th
Payout Percentage	0%	100%

The maximum payout under the TSR component of the performance unit awards cannot exceed 100% if TSR performance is at or above the 50<sup>th</sup> percentile, but is negative.

Payouts are ratably adjusted for performance between threshold and maximum levels using straight-line interpolation.

Our TSR over the three-year performance period is based on the average closing market price per share of our Common Stock during the first four weeks of trading in the performance period compared to the average closing market price per share of our Common Stock during the last four weeks of trading in the performance period.

*ROMA Component*

Return on Mining Assets (ROMA) is calculated as the average annual operating profit on our assets related to our worldwide mining operations, expressed as a percentage of such assets employed (calculated as the average of the assets employed at the beginning and end of each year). In the calculation of ROMA, annual operating profit is defined as operating profit before deducting (a) selling and administrative expenses; (b) operating losses (or profits) associated with the results from our 50% equity interest in the Middlemount Mine; and (c) asset impairment and mine closure costs.

The Compensation Committee, in consultation with F.W. Cook, selected ROMA over other performance measures as it is the best reflection of the return capabilities of active assets in the portfolio. As such, ROMA measures the efficiency of employed capital in our operational structures and guides management as to which assets are best deployed in different pricing environments. The Compensation Committee believes that ROMA is the most appropriate metric to use for a single commodity, global mining company subject to significant price volatility. ROMA targets are set using the three-year forward budget forecast and then establishing thresholds and maximums based on spreads of +/- 25%.

Performance unit payout formulas for the 2014 award with respect to the ROMA component are as follows:

**Three-Year Cumulative ROMA (Positive Return)**

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

ROMA	< 5.6%	5.6%	7.5%	<sup>3</sup> 9.4%
Payout Percentage	0%	50%	100%	200%

To the extent ROMA is between the listed percentages, the payout percentage is interpolated on a straight-line basis. For example, if ROMA is 6.55%, the payout percentage would be 75%.

### *Earned Performance Unit Awards for 2012 Grant*

With respect to our performance unit program's results, our NEOs achieved performance of only 18.75%, which was 81.25% below target, consistent with our three-year TSR performance relative to our coal comparator group and the S&P 500 Index (excluding financial services companies) during the 2012-2014 performance period, and our performance relative

PEABODY ENERGY CORPORATION 41

to our Return on Capital targets over the same period, all as described on pages 59-60. However, due to the decline in our share price during the same performance period, the value of the shares awarded was only 4%, or 96% below grant-date target value.

*Restricted Stock*

In 2014, we granted time-based, non-performance driven restricted stock in lieu of stock options as part of our long-term equity incentive program to Mr. Meintjes, who has residency status in Australia. This approach is more tax-efficient under Australian tax laws. Generally, restricted stock vests at the end of a three-year period.

When appropriate, we may also grant time-based and/or performance-based restricted stock awards for various retention or special recognition purposes at the NEO level. In addition, based on tax requirements in the geographies in which we operate, we may grant restricted stock awards in lieu of stock option awards.

*Restricted Stock Units*

To date, we have granted restricted stock unit ( RSU ) awards to NEOs only in special situations, such as a new hire. Restricted stock units may be performance-based or time-based, depending upon the circumstances.

Mr. Boyce received a grant of time-based RSUs in April 2013, January 2014 and January 2015, under his April 2013 Transition Agreement with us. These awards are intended to facilitate an effective leadership succession and are not part of our regular executive compensation program, and are described on page 47.

Mr. Kellow received an award of 110,803 performance-based RSUs (the Inducement Equity Award ) when he joined us as President and Chief Operating Officer on September 16, 2013 (the Commencement Date ). These RSUs will vest, if at all, on the fifth anniversary of the Commencement Date as follows:

Ø 50% of the RSUs will vest only if our TSR equals or exceeds 20% for any 20 consecutive trading days between the Commencement Date and September 16, 2017; and

Ø The remaining 50% of the RSUs will vest only if our TSR equals or exceeds 40% for any 20 consecutive trading days between the Commencement Date and September 16, 2018.

Vesting of these RSUs is also conditioned on Mr. Kellow's continued employment with us through September 16, 2018. If, however, his employment is terminated by us without cause or by him for good reason, or by reason of death or disability, the RSUs (or a prorated portion of the RSUs, if Mr. Kellow resigns pursuant to a specified clause of the good reason definition in his employment agreement) will continue to vest in accordance with their terms, subject to his compliance with his restrictive covenant agreement, as though he remained employed with us at that date.

*Additional Compensation Elements**Benefits*

NEOs are eligible to participate in benefit plans generally available to the broader employee group.

**Table of Contents**

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)***Perquisites*

We provide perquisites that we feel are necessary to enable the NEOs to perform their responsibilities safely and efficiently. We believe the benefit we receive from providing these perquisites significantly outweighs the cost of providing them. The table below summarizes and provides the business rationale for each of the perquisites provided to the NEOs.

<b>Perquisite</b>	<b>Description and Business Rationale</b>
Aircraft Usage	The Board requires Mr. Boyce, but not the other NEOs, to travel on our corporate or chartered private aircraft for business and personal travel. This is required for security purposes based on an analysis conducted by the Board's independent advisor on corporate security.
	We do not provide tax gross-ups for imputed income due to personal aircraft use. Reimbursement is provided for taxes incurred only when a spouse travels for business purposes. Employees do not pay for business travel.
Security	We provide personal security to NEOs when circumstances warrant. A car and driver are also provided only when necessary for security reasons.
Other	We may provide tax equalization to NEOs on expatriate assignments to keep them tax neutral. We also provide relocation, temporary housing and tax return preparation costs as discussed in the All Other Compensation table.

**Executive Compensation Program Changes for 2015**

The Compensation Committee seeks to continually improve our executive compensation program and further adopt programs and practices that foster shareholder alignment, and has made the following program changes which took effect in 2015:

- ü For our long-term equity incentive plan, we changed the mix of long-term equity incentive awards from 50% stock options and 50% performance units to a mix of 25% stock options, 25% time-based restricted stock (or, for retirement eligible recipients, RSUs) and 50% performance units, to better align with competitive market practices, optimize share usage and balance the equity vehicles;
- ü We updated the compensation comparator group to validate the integrity of its composition and appropriateness of use for compensation comparisons, as discussed on page 45, resulting in the elimination of four companies of a larger size and the addition of five companies more appropriate to our screening criteria; and
- ü For our annual cash incentive plan, we updated our safety metric to include equal weighting between a Global Safety Incidence Rate metric (inclusive of contractor rates), and the implementation of Safety A Way of Life (SAWOL), our management system to continue integration with CORESafety® and fatality prevention.

**How We Make Compensation Decisions***Risk Considerations*

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

The Compensation Committee periodically reviews our compensation programs for features that might encourage inappropriate risk-taking. The programs are designed with features that mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation programs encourage and reward prudent business judgment without encouraging undue risk.

In 2014, we conducted, and the Compensation Committee reviewed, a comprehensive global risk assessment. The risk assessment included a global inventory of incentive plans and programs and considered factors such as the plan metrics, number of participants, maximum payments and risk mitigation factors.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)***Responsibilities for Executive Compensation*

Compensation decisions for our Chairman and CEO are determined by the Special Committee and for the other NEOs by the Compensation Committee and the Chairman and CEO, as outlined below. F.W. Cook and the Compensation group in our Human Resources Department support the Committees' efforts.

Special Committee	§ Assesses our Chairman and CEO's performance
(Comprises all independent Board members)	§ Determines our Chairman and CEO's compensation
Compensation Committee	§ Helps ensure the compensation program for our Chairman and CEO is consistent with our compensation philosophy and is market competitive
	§ Has overall responsibility for evaluating and approving our executive compensation plans, policies and programs, and for monitoring performance and compensation levels
	§ Oversees our annual and long-term incentive plans and programs and periodically assesses our non-employee director compensation program
Independent Compensation Committee Consultant	§ Reviews, discusses, modifies and approves, as appropriate, our Chairman and CEO's compensation recommendations for the other NEOs.
	§ Provides the Committees with independent advice concerning the types and levels of compensation to be paid to our Chairman and CEO and the other NEOs.
F.W. Cook & Co., Inc.	§ Provides market compensation data (e.g., industry compensation surveys and benchmarking data) on base salary, annual incentives and long-term incentives and industry trends.
Chairman and CEO	§ Facilitates the independent review of our Chairman and CEO's performance.
	§ Reviews performance of other NEOs with the Compensation Committee.
	§ Makes recommendations on base salary, annual incentive and long-term incentives for the other NEOs.

*Assessment of Individual Performance*

Individual performance has a significant impact on the annual cash incentive award and is weighted at 25% of the award. The remaining 75% of the award is driven by our performance relative to our performance measures as described on page 36. The Special Committee meets with our Chairman and CEO in private sessions at the beginning of the year to agree upon his performance objectives for the year. At the end of the year, each independent director provides feedback on the Chairman and CEO against the performance objectives through a robust process led by the Lead Independent Director and facilitated by F.W. Cook. A summary of collective feedback is developed and the Special Committee meets in executive session led by the Lead Independent Director to review the feedback and arrive at a consensus evaluation. This evaluation is reviewed with our Chairman and CEO, and the Special Committee uses it in determining the Chairman and CEO's annual cash incentive award.

For other NEOs, the Compensation Committee receives a performance assessment and compensation recommendation from our Chairman and CEO and applies its judgment based on the Board's interactions with each NEO and their knowledge of his contributions to our success. As with

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

our Chairman and CEO, each NEO's performance is based on his achievement of performance objectives, contributions to our performance and other leadership qualities.

In making these compensation decisions, the Committees use several resources and tools, including competitive market information. One such tool is a tally sheet, which assigns a dollar amount to each of the compensation elements discussed above as well as accumulated outstanding long-term equity awards and deferred compensation. The Committees believe a tally sheet is useful in evaluating each NEO's total compensation opportunity.

### *Assessment of Company Performance*

The Committees use Company performance measures to establish total compensation ranges relative to our performance and the performance of our comparator groups as outlined on the following page. In addition, the Committees establish specific performance measures that determine payouts under cash and equity-based incentive programs.

**Compensation Discussion and Analysis (continued)**

*Role of the Compensation Consultant and Legal Consultant*

The Compensation Committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other advisor and is directly responsible for the appointment, compensation arrangements and oversight of the work of any such person. In making any such decisions, the Compensation Committee is required to consult with the Lead Independent Director. We will provide appropriate funding, as determined by the Compensation Committee, for payment of reasonable compensation to any compensation consultant, legal counsel or other adviser retained by the Compensation Committee.

The Compensation Committee may select a compensation consultant, legal counsel or other advisor to the Committee only after taking into consideration all factors relevant to that person's independence from management.

Under this authority, the Committee has engaged an independent compensation consultant, F.W. Cook, and an independent law firm for guidance on executive compensation issues. Neither of these advisors provides any other services to us and their work in support of the Committees did not raise any conflicts of interest or independence concerns.

*Compensation Comparator Group*

Talent for senior-level management positions and key roles in the organization can be acquired across a broad spectrum of companies. As such, we rely on compensation data for a group of publicly-held companies of similar size and/or complexity as us based on revenue, market capitalization and assets (the Industrial comparator group):

§ As an input in developing base salary ranges, annual incentive targets and long-term equity award ranges;

§ To evaluate share utilization by reviewing overhang levels and annual run rate;

§ To benchmark the form and mix of equity awarded to NEOs;

§ To benchmark share ownership guidelines;

§ To assess the competitiveness of total direct compensation awarded to NEOs;

§ To validate whether our executive compensation program is aligned with our performance; and

§ As an input in designing compensation plans, benefits and perquisite programs.

While the Compensation Committee examines executive compensation data for the Industrial comparator group companies, compensation paid at those companies is not the sole factor in their decision-making process.

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

Each year, the Compensation Committee commissions a compensation analysis conducted by its independent compensation consultant to determine whether our executive compensation program is appropriate compared to the Industrial comparator group.

The Industrial comparator group for 2014 comprised the following companies:

Air Products & Chemicals, Inc.	Freeport-McMoRan Copper & Gold, Inc.
Alpha Natural Resources, Inc.	Monsanto Company
Arch Coal, Inc.	National Oilwell Varco, Inc.
Barrick Gold Corporation	Newmont Mining Corporation
Cliffs Natural Resources Inc.	Praxair, Inc.
CONSOL Energy Inc.	Rockwell Automation, Inc.
Eastman Chemical Company	Southern Copper Corporation
Ecolab, Inc.	SPX Corporation
EOG Resources, Inc.	Teck Resources, Inc.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)**

Based on the advice of its independent compensation consultant, the Compensation Committee approved the following changes to the industrial comparator group for 2015:

- § Remove EOG Resources, Inc., Monsanto Company, National Oilwell Varco, Inc. and Southern Copper Corporation, as they are significantly larger than us based on revenues, market capitalization and other measures; and
- § Add AK Steel Corporation, Allegheny Technologies Inc., Domtar Corporation, Joy Global Inc. and Kinross Gold Corporation, as they meet our size screening criteria and exhibit strong business and operational similarities to us.

**Share Ownership Requirements**

We have share ownership requirements for our executives, including the NEOs, which are designed to align their long-term financial interests with those of our shareholders.

The NEO share ownership requirements are as follows:

<b>Role</b>	<b>Value of Common Stock to be Owned</b>
CEO	5 times base salary
Other NEOs	3 times base salary

If at any time an NEO does not meet his ownership requirement, he must retain (a) any of our Common Stock owned by him (whether owned directly or indirectly) and (b) any net shares received as the result of the exercise, vesting or payment of any equity award until the ownership requirement is met, in each case unless otherwise approved by the Compensation Committee. For this purpose, net shares means the shares of stock that remain after shares are sold or withheld to (i) pay the exercise price for a stock option award or (ii) satisfy any tax obligations, including withholding taxes, arising in connection with the exercise, vesting or payment of an equity award.

Compliance with these requirements is evaluated as of December 31 of each year. The value of an individual's share ownership as of such date is determined by multiplying the number of shares of our stock or other eligible equity interests held by the individual by the average of the closing prices of our stock on each trading day during such year.

For purposes of determining executive stock ownership levels, only the following forms of our equity interests are included:

- § Stock owned directly (including stock or stock units held in any defined contribution plan or employee stock purchase plan;
- § Stock held by immediate family members residing in the same household or through trusts for the benefit of the person or his or her immediate family members residing in the same household;

§ Unvested restricted stock or RSUs (provided that vesting is based solely on the passage of time and/or continued service with the Company); and

§ Phantom shares issued to Mr. Boyce under his employment agreement.

The following table summarizes NEO ownership of our Common Stock as of December 31, 2014.

Name	Ownership Requirement Relative to Base Salary	Ownership Relative to Base Salary as of December 31, 2014 <sup>(1)</sup>
Gregory H. Boyce	5.0x	2.7x
Glenn L. Kellow	3.0x	1.1x
Michael C. Crews	3.0x	1.4x
Charles F. Meintjes	3.0x	1.3x
Kemal Williamson	3.0x	0.7x

<sup>(1)</sup> Value is calculated based on the closing market price per share of our stock on December 31, 2014, which was \$7.74.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)**

During 2014, several NEOs made open market purchases of our stock to increase their share ownership and to express their confidence in our long-term value. In November and December 2014, Mr. Boyce purchased a total of 10,000 shares; and in November 2014, Mr. Crews purchased 3,000 shares. In December 2014, Mr. Kellow purchased 5,374 shares through our 401(k) plan.

**Prohibition on Hedging or Pledging Company Stock**

Our Insider Trading Policy prohibits our directors and all of our employees, including our officers, from entering into hedging transactions involving our stock, and from holding our stock in a margin account as collateral for a margin loan or otherwise pledging our stock as collateral for a loan.

**Clawback Provisions**

If we are required to prepare an accounting restatement due to fraudulent and/or intentional material misrepresentation, the Board may take action to recoup incentive awards and equity gains on awards granted to NEOs to the extent such awards exceeded the payment that would have been made based on the restated financial results. This right to recoup expires unless such determination is made by the Board within three years following the payment of the award.

**Transition Agreement with Mr. Boyce**

We believe succession planning that results in an orderly transition in key executive positions is a cornerstone of good corporate governance. In April 2013, as part of our succession plan for the CEO position, we entered into a Transition Agreement with Mr. Boyce that amended his existing employment agreement with us. The Transition Agreement provided that Mr. Boyce will continue his term as Chairman and CEO through December 31, 2014, and as Executive Chairman through December 31, 2015, subject to the terms of the Transition Agreement. On May 8, 2014, we entered into a Restated Transition Agreement with Mr. Boyce, which extended Mr. Boyce's term as Chairman and CEO by six months.

As announced in January 2015, Mr. Boyce will continue as our Chairman and CEO through May 4, 2015, at which date Mr. Kellow will assume the role of CEO and Mr. Boyce will assume the role of Executive Chairman of the Board. On June 30, 2016, Mr. Boyce's employment with us will cease, and his employment term will end, upon the appointment of his successor as Chairman (the Separation Date).

The Restated Transition Agreement provides that termination of Mr. Boyce's service as a result of the appointment of his successor(s) as Chairman and CEO will be considered a termination of his employment without cause for purposes of his employment agreement.

Mr. Boyce received three grants of restricted stock units, each valued at \$1,000,000 as of the close of business on the applicable grant date, as follows: (i) the first grant was made on April 30, 2013 (the 2013 Transition Award); (ii) the second grant was made on January 2, 2014 (the 2014 Transition Award); and (iii) the third grant was made on January 2, 2015 (the 2015 Transition Award and, together with the 2013 Transition Award and the 2014 Transition Award, the Special Transition Awards).

The 2013 Transition Award and 2014 Transition Award vested as to 50% of the RSUs included in each Special Transition Award on the appointment of Mr. Kellow as CEO-elect, and the remaining 50% of the RSUs included in each Special Transition Award will vest on the date of the appointment of Mr. Boyce's successor as Chairman. Mr. Boyce's 2015 Transition Award will vest as to 100% of the RSUs included in such Special Transition Award on the date that his successor as Chairman is appointed. Special Transition Awards will vest immediately if Mr. Boyce's employment with us is terminated by us without cause (including as described above), if his employment with us terminates by reason of death or disability, or if he continues employment with us until December 31, 2015. The 2013 and 2014 Transition Awards will be settled in our Common Stock. The 2015 Transition Award was made outside our 2011 Long-Term Equity Incentive Plan and will be settled in cash.

Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

The Restated Transition Agreement provides that, beginning January 1, 2015, Mr. Boyce no longer has a right to resign for good reason and receive severance.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Compensation Discussion and Analysis (continued)***Employment Agreements*

The Compensation Committee approves the terms of all NEO employment agreements other than Mr. Boyce's. The Special Committee approves Mr. Boyce's employment agreement. The terms of those agreements, including the provision of post-termination benefits, were structured to attract and retain persons believed to be key to our success, as well as to be competitive with compensation practices for executives in similar positions at companies of similar size and complexity. In assessing whether the terms of the employment agreements were competitive, the Committees received advice from F.W. Cook and reviewed appropriate surveys and industry benchmarking data.

The Compensation Committee has approved a form of employment agreement which provides for a three-year term. We intend for this new form of agreement to be used for newly-hired executives. Following the initial three-year term, the executive would be an at-will employee without an employment agreement and would participate in our Executive Severance Plan. The Compensation Committee expects that legacy employment agreements with different terms will be phased out over time in accordance with a transition approach approved by the Compensation Committee.

We are following this new approach with our recently announced President and CEO-elect, Mr. Kellow. In connection with his promotion, the Compensation Committee and the Special Committee amended Mr. Kellow's employment agreement to provide for his appointment and transition to the role of CEO, but did not enter into a new employment agreement with him. Mr. Kellow's current three-year agreement, as amended, will expire August 21, 2016, after which he will become an employee at will, and a participant in our Executive Severance Plan.

The following table highlights employment agreement provisions for our Chairman and CEO and other NEOs:

<b>Employment Agreement Provisions</b>		
<b>Position</b>	§ Chairman and CEO	§ Other NEOs
<b>Most recent employment agreement date</b>	§ 12/31/09 (as amended by the Restated Transition Agreement dated 5/8/14)	§ 8/21/13 (Mr. Kellow)
		§ 12/31/08 (Mr. Crews)
		§ 12/12/12 (Mr. Meintjes)
		§ 12/20/12 (Mr. Williamson)
<b>Term of contract</b>	§ 12/31/09 - 06/30/16, subject to earlier termination as described in the Transition Agreement	§ Three-year employment agreement (Mr. Kellow)

<b>Make-Whole Payments</b>	<p>§ Upon termination of employment, Mr. Boyce is entitled to an \$800,000 payment to compensate him for amounts he forfeited upon leaving a former employer</p> <p>§ Upon termination for any reason, deferred compensation payable in cash in one of the following amounts:</p> <p>§ If termination occurred (a) prior to age 62, the greatest of (1) \$622,500 plus interest through the date of termination, or (2) an amount equal to the fair market value of 86,602 shares of Common Stock on the date of termination; or (3) \$1.6 million, reduced by 0.333% for each month that termination occurs before he reaches age 62; or (b) on or after age 62, the greater of the amount referenced in (a) on the date of termination or \$1.6 million</p>	§ None
<b>Tax Gross-Ups</b>	<p>§ No tax gross-up payments for any excise taxes or related interest or penalties imposed by Internal Revenue Code Section 4999 (collectively, <i>Excise Tax</i>). If Mr. Boyce becomes entitled to any payment, benefit or distribution which is subject to Excise Tax, the aggregate payments will be reduced (using a method that complies with Internal Revenue Code Section 409A) to the safe harbor amount under Internal Revenue Code Section 280G if the value of Mr. Boyce's net after-tax benefit as a result of the reduction would exceed the value of the net after-tax benefit if such reduction were not made and Mr. Boyce paid the Excise Tax</p>	<p>§ For Mr. Crews, if Excise Tax is incurred, we will make the tax gross-up payments to put him in the same financial position as if the Excise Tax was not incurred. Mr. Crews' employment agreement expired 12/31/2014 and the tax gross-up is no longer applicable. Messrs. Kellow, Meintjes and Williamson are not entitled to any tax gross-up payments if Excise Tax is incurred. If Mr. Kellow becomes entitled to any payment, benefit or distribution which is subject to Excise Tax, his aggregate payments are subject to reduction on the same terms as described for Mr. Boyce</p>

**Executive Severance Plan**

As part of a transition process which will result in all officers being employed on an at-will basis rather than under individual employment agreements, in 2013 we adopted an Executive Severance Plan to provide transitional assistance to certain senior executives whose employment is terminated by us (for reasons other than cause, death or disability). The plan provides cash severance based upon a tiered severance multiple of annual base salary and average annual cash incentive paid over the preceding three years ranging from 1X for certain executives to 2X for NEOs (2.5X for the CEO if termination occurs within two years of a change in control), as well as continuing healthcare benefits. NEOs will be eligible to participate in the plan as executive employment agreements expire and are not renewed.

**Compensation Discussion and Analysis (continued)**

**Deductibility of Compensation Expenses**

Under Section 162(m) of the Internal Revenue Code, some compensation paid to NEOs in excess of \$1 million is not tax deductible, except to the extent it constitutes performance-based compensation. The Committees will consider the impact of Section 162(m) of the Internal Revenue Code when establishing incentive compensation plans. As a result, a significant portion of our executive compensation is designed so that it may be able to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code depending upon facts and circumstances. At the same time, the Committees consider as their primary goal the design of compensation strategies that further our best interests and the best interests of our shareholders. In certain cases, for example, the Committees may determine that the amount of tax deductions lost is not significant when compared to the potential opportunity an executive compensation program provides for creating shareholder value. The Committees therefore retain the ability to evaluate our NEOs' performance and to pay appropriate compensation, even if some of it may be non-deductible. Moreover, even if the Committees intend to grant compensation that qualifies as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code, the Committees cannot guarantee that such compensation will so qualify or ultimately will be deductible.

(1) Amounts in the Stock Awards and Option Awards columns reported for 2014 represent the aggregate grant-date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation – Stock Compensation (FASB ASC Topic 718). A discussion of the relevant fair value assumptions is set forth in Note 18 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014. For 2014 performance unit awards included in the Stock Awards column, the maximum potential payout is estimated as follows: Mr. Boyce, \$7,239,247; Mr. Kellow, \$3,543,839; Mr. Crews \$1,771,938; Mr. Meintjes, \$1,624,244; and Mr. Williamson, \$1,476,598. The amounts actually realized from the stock and option awards will vary based on a number of factors, including our actual operating performance, stock price fluctuations and the timing of exercises (for options only) and stock sales.

(2) Amounts in this column reported for 2014 represent awards under our annual incentive plan. The material terms of the 2014 awards are described under the heading Annual Cash Incentive in the CD&A section above.

(3) Amounts in this column reported for 2014 reflect only changes in the actuarial present value of Messrs. Crews and Williamson's accumulated benefit under the Peabody Investments Corp. (PIC) Retirement Plan, which for 2014 were increases in value of \$5,192 and \$1,434, respectively. See pages 60-61 for further discussion about the PIC Retirement Plan.

(4) Amounts included in this column are described in the All Other Compensation table below.

(1) Amounts include the aggregate incremental cost to us of trips where a spouse/guest accompanied the executive on our corporate aircraft for company business purposes, and for Mr. Boyce, the aggregate incremental cost of his personal use of corporate aircraft. Aggregate incremental cost to us of use of our corporate aircraft was determined on a per flight basis and includes the following: cost of fuel; landing fees; in-flight meals; sales tax; crew expenses; the hourly cost of aircraft maintenance for the applicable number of flight hours; and other variable costs specifically incurred. Aggregate incremental cost to us of a company-provided car and driver is determined as the sum of an allocable portion of vehicle operating expenses and an allocable portion of the driver's salary and benefits.

(2) For Mr. Boyce, includes \$216,367 for corporate aircraft usage and \$16,987 for use of a company-provided car and driver. For Mr. Kellow, includes \$271,454 for relocation expenses, \$19,391 for tax return preparation costs, and \$3,723 for corporate aircraft usage. For Mr. Meintjes, includes relocation expenses of \$144,383 and tax return preparation costs of \$43,459. For Mr. Williamson, includes tax return preparation costs of \$14,326.

(3) Represents tax gross-ups relating to taxes due for use of our corporate aircraft when his spouse accompanied him on business travel (\$13,377) and for use of a company-provided car and driver (\$4,248).

(4) Represents tax gross-ups relating to taxes due for relocation (\$159,438) and use of our corporate aircraft when his spouse accompanied him on business travel (\$2,983).

(5) Represents tax gross-ups relating to taxes due for relocation (\$98,313).

<sup>(1)</sup> Represents the estimated payouts under the annual cash incentive plan. The target award represents 100% of the maximum award value payable upon the achievement of the performance measures (Price-collar Adjusted EBITDA, Adjusted Total Costs, Total Sales Volumes, Global Safety Incidence Rate and Individual Goals) described in the CD&A under the heading "2014 Annual Cash Incentive Performance Measures" at 100% of the specified performance measures. The maximum award represents 200% of the target award value and the threshold award represents 50% of the target award value. The actual amounts earned by the NEOs for 2014 are set forth in the "Non-Equity Incentive Plan Compensation" column of the SCT.

<sup>(2)</sup> Represents the number of shares of our Common Stock underlying performance unit awards granted in 2014. The performance units were granted on January 2, 2014, and vest over a three-year performance period ending on December 31, 2016. Payout is subject to the achievement of the following goals: (i) our three-year TSR performance relative to the applicable peer group and the S&P 500 Index (excluding financial services companies) and (ii) a three-year return on mining asset target. The material terms of these awards, including payout formulas, are described under the heading "Performance Units" in the CD&A.

<sup>(3)</sup> Represents the number of restricted stock units that were granted on January 2, 2014 to Mr. Boyce, which will vest on the date that his successor as Chairman is appointed, as described under the heading "Transition Agreement with Mr. Boyce" in the CD&A. Represents the number of restricted shares that were granted to Mr. Meintjes on January 2, 2014, which will vest in three equal annual installments beginning on the first anniversary of the grant date.

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

- (4) Represents the number of shares of our Common Stock underlying stock option awards granted in 2014. All options vest in three equal annual installments beginning on the first anniversary of the grant date. The material terms of these awards are described under the heading "Stock Options" in the CD&A.
  
- (5) Represents the grant date fair value of awards determined under FASB ASC Topic 718. A discussion of the relevant fair value assumptions is set forth in Note 18 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014. We caution that the amount ultimately realized from the stock and option awards will vary based on a number of factors, including our actual operating performance, stock price fluctuations and the timing of exercises (for options only) and stock sales.

**Outstanding Equity Awards at 2014 Fiscal Year-End**

The following table sets forth details about the outstanding equity awards for each of the NEOs as of December 31, 2014. We note that the amount actually realized from the outstanding equity awards will vary based on a number of factors, including our actual operating performance, stock price fluctuations and the timing of exercises (for options only) and stock sales. For certain equity incentive awards, the amount ultimately realized will also vary with our TSR relative to the Coal comparator group and the S&P 500 Index (excluding financial services companies).

All unexercisable options and unvested shares or stock units reflected in the table held by an NEO other than Mr. Boyce are subject to forfeiture if he terminates employment without good reason (as defined in his employment agreement). In accordance with the terms of his employment agreement, Mr. Boyce is provided continued vesting through the end of the vesting period set forth in the option agreement of unvested stock option awards if his employment terminates (1) on or before December 31, 2014 for any reason other than cause or retirement without his giving us six months written notice or (2) during calendar year 2015 for any reason other than cause. Stock options expire, at the latest, ten years from the grant date.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**EXECUTIVE COMPENSATION (continued)****2014 Option Exercises and Stock Vested**

The following table sets forth detail about stock awards that vested during 2014 for each of the NEOs. The stock awards comprised performance unit awards granted in 2012 and restricted stock awards granted in 2013. There were no stock option exercises in 2014.

Name	Stock Awards <sup>(1)(2)</sup>	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) <sup>(3)(4)</sup>
Gregory H. Boyce	19,357	118,467
Glenn L. Kellow		
Michael C. Crews	3,769	23,065
Charles F. Meintjes	10,495	79,177
Kemal Williamson	1,485	9,091

(1) Includes the following number of shares of Common Stock delivered in February 2015 in connection with the payout of the performance unit awards that were granted in 2012 and that vested on December 31, 2014 for Mr. Boyce, 19,357; Mr. Crews, 3,769; Mr. Meintjes, 1,266; and Mr. Williamson, 1,485.

(2) Includes 9,229 shares of Common Stock delivered to Mr. Meintjes in connection with lapse of restrictions on restricted shares that vested during 2014.

(3) Grant date fair value of the 2012 performance unit awards was \$4.3 million, of which \$0.2 million was realized upon vesting at 18.75% of target. If the 2012 performance unit awards had been paid out at target based on the average closing price per share of our Common Stock for the four-week period ended December 31, 2014 (\$7.98), \$1.2 million of realized value would have been distributed to the NEOs listed above.

(4) A detailed explanation of the value realized due to the payout of performance unit awards granted in 2012 is included in the *Peabody Relative Performance for Performance Period Ended December 31, 2014 and Resulting Performance Unit Awards to NEOs* table on page 60.

**Performance Unit Program**

In February 2015, the NEOs received payouts under the terms of performance unit awards granted in 2012 that vested on December 31, 2014. The value realized is shown in the **Stock Awards** column in the above table. These payouts were consistent with our stated executive compensation philosophy to create a clear link to shareholder value and to base compensation, in part, on relative external performance. Specifically, the percentage of these performance units earned was based on (a) our TSR over the three-year performance period beginning January 3, 2012 and ended December 31, 2014, relative to the TSR of the coal comparator group and the S&P 500 Index (excluding financial services companies), and (b) our Return on Capital over the same period. The relative TSR and Return on Capital (ROC) metrics each had a 50% weighting.

Over the three-year performance period, our TSR of negative 76.9% was at the 66<sup>th</sup> percentile of the coal comparator group and was at the 1<sup>st</sup> percentile of the S&P 500 Index (excluding financial services companies).

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

The payouts reflect our performance against the relative TSR and ROC metrics and our stock price decline during the three-year performance period.

**EXECUTIVE COMPENSATION (continued)***Peabody Relative Performance for Performance Period Ended December 31, 2014 and**Resulting Performance Unit Award Payouts to NEOs*

The following table compares our TSR for the three-year period ended December 31, 2014 to the performance of the coal comparator group and to the performance of the S&P 500 Index (excluding financial services companies), as well as our performance against the ROC metric. Based on our relative performance, the NEOs earned the following performance units under the program:

<sup>(1)</sup> The index is designed to track the performance of companies included in the S&P 500 (excluding financial services companies).

<sup>(2)</sup> The actual number of shares delivered in respect of earned performance units was calculated by dividing the actual award value (per footnote 3) by the market closing price per share of our Common Stock on the settlement date, February 3, 2015 (\$6.12).

<sup>(3)</sup> The value of the awards was calculated based on the average closing price per share of our Common Stock for the four-week period ended December 31, 2014 (\$7.98), multiplied by the total payout as a percentage of target.

<sup>(4)</sup> Grant date fair value at target was \$3,222,067.

<sup>(5)</sup> Based upon the date he was hired, Mr. Kellow was not eligible to participate in the performance unit program for the performance period ended December 31, 2014.

<sup>(6)</sup> Grant date fair value at target was \$627,391.

<sup>(7)</sup> Grant date fair value at target was \$210,663.

(8) Grant date fair value at target was \$247,263.

#### 2014 Pension Benefits

Our Retirement Plan for Salaried Employees, or pension plan, is a qualified defined benefit pension plan. The pension plan provides a monthly annuity to eligible salaried employees when they retire. An employee must have at least five years of service to be vested in his or her benefit under the pension plan. A full benefit is available to a retiree at age 62. A retiree can begin receiving a benefit as early as age 55; however, a 4% reduction factor applies for each year a retiree receives a benefit prior to age 62. All participants in the plan at December 31, 2000 were vested regardless of years of service.

We announced in February 1999 that the pension plan would be phased out beginning January 1, 2001. Certain transition benefits were introduced based on the age and service of affected employees at December 31, 2000. Each of the participants in the pension plan has had his or her pension benefits frozen. In all cases, final average earnings for retirement purposes are capped at December 31, 2000 levels.

A participant's retirement benefit under the pension plan is equal to the sum of (1) 1.112% of the highest average monthly earnings over 60 consecutive months up to the covered compensation limit multiplied by the employee's years of service, not to exceed 35 years, and (2) 1.5% of the average monthly earnings over 60 consecutive months over the covered compensation limit multiplied by the employee's years of service, not to exceed 35 years. Under the pension plan, earnings include compensation earned as base salary and up to five annual incentive awards.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**EXECUTIVE COMPENSATION (continued)**

Listed below is the actuarial present value of the current accumulated pension benefit under the pension plan as of December 31, 2014 for the NEOs. Due to the phase out of the pension plan in 2001, Mr. Crews and Mr. Williamson are the only NEOs who are eligible to receive a benefit under the pension plan. The estimated present value was determined assuming the NEO retires at age 62, the normal retirement age under the plan, using a discount rate of 4.15% and mortality assumptions in conjunction with the recently-issued mortality tables published by the Society of Actuaries. Other material assumptions used in making the calculations are discussed in Note 16 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2014. The disclosed amounts are estimates only and do not necessarily reflect the actual amounts that will be paid to an NEO. Such amounts will be known only at the time the NEO becomes eligible for payment.

Charles F. Meintjes <sup>(2)</sup>	Peabody Investments Corp. Retirement Plan			
Kemal Williamson <sup>(3)</sup>	Peabody Investments Corp. Retirement Plan	0.3	8,859	

<sup>(1)</sup> Due to the phase-out of our pension plan as described above, years of credited service are less than years of actual service. The actual years of service number for Messrs. Crews and Williamson are 16.3 and 14.3, respectively.

<sup>(2)</sup> Messrs. Boyce, Kellow, and Meintjes are not eligible to receive benefits under our pension plan because their employment with us began after the pension plan phased out.

<sup>(3)</sup> Under the terms of the phase-out, pension benefits for Messrs. Crews and Williamson were frozen as of December 31, 2000, and years of credited service, for the purpose of the pension plan, ceased to accrue.

**EXECUTIVE COMPENSATION (continued)****2014 Nonqualified Deferred Compensation**

The following table sets forth detail about activity for the NEOs in our nonqualified excess defined contribution retirement plan and certain make-whole payments that are payable to Mr. Boyce under his employment agreement.

All of the NEOs participate in the excess plan, which is designed to allow highly compensated and management employees to make contributions in excess of certain limits imposed by the Internal Revenue Code that apply to our tax-qualified 401(k) plan. The excess plan is designed to restore the benefits, including matching contributions, not permitted due to certain limits imposed by the Internal Revenue Code on the 401(k) plan. Investment options under the excess plan are identical to those under the 401(k) plan, except the plan does not have the Peabody Energy Stock Fund as an investment option.

**EXECUTIVE COMPENSATION (continued)****Potential Payments Upon Termination or Change in Control**

The table below reflects the amount of compensation that would have been payable to the NEOs in the event of termination of employment, including certain benefits upon an involuntary termination related to a change in control, under the terms of their employment agreements and long-term incentive award agreements. The amounts shown assume a termination effective as of December 31, 2014, including, for Mr. Crews only, a gross-up for certain taxes in the event that any payment made in connection with the change in control was subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. The actual amounts that would be payable can be determined only at the time of the NEO's termination. The amount of compensation payable to each NEO, except Mr. Boyce, upon retirement is not included in the table, as none of the NEOs were eligible for retirement (age 60, with 10 years of service) as of December 31, 2014.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**EXECUTIVE COMPENSATION (continued)**

- (1) Reflects the value the NEO could realize as a result of the accelerated and/or continued vesting of any unvested performance units, restricted stock, restricted stock units and stock option awards. Performance units reflect earned amounts for the 2014 and 2013 awards based on actual performance as of December 31, 2014. Value attributed to restricted stock and restricted stock units is based on the December 31, 2014 closing stock price of \$7.74 and, with respect to the restricted stock units held by Mr. Kellow, the value assumes that the relevant performance metrics will be achieved. There is no value assigned to outstanding stock options, as all outstanding stock options have exercise prices that are greater than the December 31, 2014 closing stock price of \$7.74.
- (2) For Cause, as defined for all NEOs except Mr. Boyce includes: (1) any material and uncorrected breach by the NEO of the terms of his employment agreement, including but not limited to, engaging in disclosure of secret or confidential information; (2) any willful fraud or dishonesty of the NEO involving our property or business; (3) a deliberate or willful refusal or failure to comply with any major corporate policies which are communicated in writing; or (4) the NEO's conviction of, or plea of no contest to any felony if such conviction shall result in imprisonment or if such conviction has a material detrimental effect on our reputation or business. Under Mr. Boyce's employment agreement, For Cause means items (1) through (3) in the preceding sentence, or (4) his conviction of, or plea of no contest to, any felony if such conviction results in his imprisonment and the act(s) resulting in such conviction and imprisonment would be reasonably expected to result in conviction under U.S., U.K., or Australian law, and such conviction is not based solely or primarily on a finding of vicarious liability.
- (3) Mr. Boyce's compensation payable includes the following through the date of termination: (a) accrued but unused vacation; (b) earned but unpaid salary; (c) deferred compensation under Sections 3.4 and 3.5 of his employment agreement.
- (4) Mr. Boyce's compensation payable in the event of retirement would include: (a) accrued but unused vacation; (b) earned but unpaid annual incentive for the year of termination; (c) deferred compensation under Sections 3.4 and 3.5 of his employment agreement; (d) 100% payout of outstanding performance units based on actual performance through the end of the performance period; and (e) the value he could realize as the result of the accelerated vesting of stock option awards.
- (5) For all NEOs, compensation payable upon death or disability would include (a) accrued but unused vacation; (b) earned but unpaid annual incentive for the year of termination; (c) 100% payout of outstanding performance units based on actual performance through the end of the performance period; and (d) the value the NEO could realize as a result of the accelerated and/or continued vesting of any unvested restricted stock, restricted stock units, and stock option awards, as applicable. For 2014, the earned but unpaid annual incentive was equal to 100% of the sum of the non-equity incentive plan compensation, as shown in the Summary Compensation Table. Amounts do not include life insurance payments in the case of death. In addition, Mr. Boyce would be entitled to receive deferred compensation under Sections 3.4 and 3.5 of his employment agreement and a \$1 million payment in lieu of receipt of the 2015 Transition Award (described in the CD&A above under the caption "Transition Agreement with Mr. Boyce").
- (6) For all NEOs except Mr. Boyce, compensation payable would include: (a) severance payments of two times (one times for Messrs. Meintjes and Williamson) base salary; (b) a payment equal to two times (one times for Messrs. Meintjes and Williamson) the average of the actual annual incentives paid in the three prior years (or, for Mr. Kellow, two times his actual annual incentive earned for 2013 on an annualized basis); (c) a payment equal to two times 6% of base salary to compensate the NEO for Company contributions the NEO otherwise might have received under our 401(k) plan; (d) any earned but unpaid annual incentive for the year of termination; (e) continuation of benefits for 18 months; (f) the value that could be realized as the result of the accelerated vesting of outstanding stock option awards; and (g) a prorated payout of outstanding performance units based on performance through the end of the performance period. In addition, for Mr. Kellow, the amounts reflect the value he could realize based on the accelerated and/or continued vesting of outstanding and unvested restricted stock unit awards held by him; *provided*, that if his employment had terminated on December 31, 2014 by virtue of clause (vi) of his Good Reason definition, the amount reflects the value he could realize based on the accelerated and/or continued vesting of a pro-rated portion of his outstanding and unvested restricted stock unit awards (determined based on his period of service through the termination date). Mr. Boyce's compensation payable would include (a) deferred compensation under Sections 3.4 and 3.5 of his employment agreement; (b) 100% payout of outstanding performance units based on actual performance through the end of the performance period; and (c) the value he could realize as a result of the accelerated and/or continued vesting of any unvested restricted stock, restricted stock units, and stock option awards, as applicable.

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

- (7) The amounts the NEOs would receive in the event of an involuntary termination in connection with a Change in Control are the same as described in footnote 6 above, except that for Mr. Crews and Mr. Meintjes, the amounts reflect the value each such NEO could realize based on the accelerated vesting of unvested restricted stock held by the NEO.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

## **DIRECTOR COMPENSATION**

Compensation of non-employee directors for 2014 comprised cash compensation, consisting of annual board and committee retainers and equity compensation. Each of these components is described below in more detail. Any director who is also our employee receives no additional compensation for serving as a director.

### **Annual Board and Committee Retainers**

In 2014, each non-employee director received an annual cash retainer of \$110,000.

The Chairs of the Audit Committee and Compensation Committee each received an additional annual \$15,000 cash retainer, and the Chairs of the Health, Safety, Security and Environmental Committee and the Nominating and Corporate Governance Committee each received an additional annual \$10,000 cash retainer. The Lead Independent Director received an additional annual \$25,000 cash retainer.

Non-employee directors may elect to receive their total annual cash retainer in the form of additional deferred stock units (based on the fair market value of our Common Stock on the grant date). The additional grant of deferred stock units is subject to the same grant timing, vesting and distribution date elections as the annual equity compensation grant described below.

We pay travel and accommodation expenses of our non-employee directors to attend meetings and other corporate functions. Non-employee directors do not receive meeting attendance fees. Non-employee directors may be accompanied by a spouse/partner when traveling on Company business on our aircraft or charter aircraft. Non-employee directors also have the opportunity to participate in our charitable contribution matching gifts program at the same level and guidelines afforded to our full-time employees.

### **Annual Equity Compensation**

In 2014, non-employee directors received annual equity compensation valued at \$130,000, awarded in deferred stock units (based on the fair market value of our Common Stock on the grant date). The deferred stock units generally vest ratably over 12 months (such that they fully vest on the first anniversary of the grant date) and are converted into shares of our Common Stock on the specified distribution date elected by each non-employee director. In the event of a change in control (as defined in our 2011 Long-Term Equity Incentive Plan), any unvested deferred stock units will vest on an accelerated basis. The deferred stock units also provide for accelerated vesting in the event of death or disability or separation from service due to the non-employee director reaching the end of his or her elected term and either (1) being ineligible to run for an additional term on the Board as a result of reaching age 75 or (2) having completed three years of service as a non-employee director and the current Board term for which he or she was elected.

(1) Annual retainers may be taken in the form of deferred stock units. No director elected to do so in 2014.

(2) Amounts in the Stock Awards column represents the grant-date fair value of awards granted in 2014 as computed in accordance with FASB ASC Topic 718. A discussion of the relevant fair value assumptions is set forth in Note 18 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014. The amount actually realized from the deferred stock units will vary based on a number of factors, including our actual operating performance, stock price fluctuations and the timing of sales.

(3) Amounts include (a) charitable contributions in our matching gifts program and (b) the aggregate incremental cost to us of use of our corporate aircraft where a spouse accompanied the non-employee director on our corporate aircraft for company business purposes. The aggregate incremental cost to us of use of our corporate aircraft was determined on a per flight basis, including the cost of fuel, landing fees, in-flight meals, sales tax, crew expenses, the hourly cost of aircraft maintenance for the applicable number of flight hours, and other variable costs specifically incurred.

(4) There were no stock options granted in 2014.

(5) Mr. Sutherlin joined the Board effective January 22, 2014.

(6) Mr. Washkowitz retired from the Board effective January 22, 2015.

#### **Share Ownership Requirements**

Under our share ownership requirements for directors, each non-employee director is required to acquire and retain Common Stock having a value equal to at least five times his or her annual cash retainer.

If at any time a non-employee director does not meet his or her ownership requirement, the director must retain (a) any Common Stock owned by the director (whether owned directly or indirectly) and (b) any net shares received as the result of the exercise, vesting or payment of any Company equity award until the ownership requirement is met, in each case unless otherwise approved in writing by the Compensation Committee. For this purpose, net shares means the shares of Common Stock that remain after shares are sold or withheld, as the case may be, to (i) pay the exercise price for a stock option award or (ii) satisfy any tax obligations, including withholding taxes, arising in connection with the exercise, vesting or payment of an equity award.

Compliance with these requirements is evaluated as of December 31 of each year. The value of an individual's share ownership as of such date is determined by multiplying the number of shares of our Common Stock or other eligible equity interests held by the individual by the average of the closing prices per share of our Common Stock on each trading day during such year.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**DIRECTOR COMPENSATION (continued)**

For purposes of determining stock ownership levels, only the following forms of equity interests in the Company are included:

- § Stock owned directly (including stock or stock units held in any defined contribution plan or employee stock purchase plan and shares of restricted stock);
- § Stock held by immediate family members residing in the same household or through trusts for the benefit of the person or his or her immediate family members residing in the same household;
- § Unvested restricted stock or RSUs (provided that vesting is based solely on the passage of time and/or continued service with the Company); and
- § Vested and undistributed deferred stock units.

The following table summarizes the ownership of our Common Stock as of December 31, 2014 by each of our non-employee directors serving on that date.

<sup>(1)</sup> Value is calculated based on the closing market price per share of our stock on December 31, 2014, which was \$7.74.

<sup>(2)</sup> Mr. Sutherlin joined the Board effective January 22, 2014.

<sup>(3)</sup> Mr. Washkowitz retired from the Board effective January 22, 2015.

During 2014, several Board members made open market purchases of our shares to increase their share ownership and to express their confidence in our long-term value. On October 24, 2014, Mr. Karn purchased 9,000 shares; on October 25, 2014, Mr. Coley purchased 5,000

shares; on December 5, 2014, Mr. Malone purchased 21,900 shares; and on December 15, 2014, Mr. Sutherlin purchased 5,000 shares.

#### **Director Compensation Changes for 2015**

In view of the financial challenges facing the Company, the Board temporarily reduced the annual cash retainer by \$20,000 for 2015, resulting in an annual cash retainer of \$90,000 for 2015.

### **COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

Messrs. Coley, James, Karn, Malone and Rusnack served on the Compensation Committee during 2014. None of these committee members is a current or former Peabody officer or employee. In addition, none of our executive officers served during 2014 as a member of the board of directors or compensation committee of any entity which has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

**POLICY FOR APPROVAL OF RELATED PERSON TRANSACTIONS**

Under a written policy adopted by the Board of Directors, the Nominating and Corporate Governance Committee is responsible for reviewing and approving all transactions between us and certain related persons, such as our executive officers, directors and owners of more than 5% of our voting securities. In reviewing a transaction, the Committee considers the relevant facts and circumstances, including the benefits to us, any impact on director independence and whether the terms are consistent with a transaction available on an arms-length basis. Only those related person transactions that are determined to be in (or not inconsistent with) our best interests and the best interests of our shareholders are permitted to be approved. No Committee member may participate in any review of a transaction in which the member or any of his or her family members is the related person. A copy of the policy can be found on our website ([www.peabodyenergy.com](http://www.peabodyenergy.com)) by clicking on Investors, then Corporate Governance, and then Board of Directors Committee Charters and is available in print to any shareholder who requests it. Information on our website is not considered part of this Proxy Statement. During 2014, there were no such transactions requiring consideration by the Committee.

**RATIFICATION OF APPOINTMENT OF  
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
(ITEM 2)**

The Board of Directors has, upon the recommendation of the Audit Committee, appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015. While the Audit Committee is responsible for the appointment, compensation, retention, termination and oversight of the independent registered public accounting firm, the Audit Committee and the Board are requesting, as a matter of policy, that the shareholders ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal. However, if our shareholders do not ratify the appointment, the Audit Committee may investigate the reasons for shareholder rejection and may consider whether to retain Ernst & Young LLP or to appoint another independent registered public accounting firm. Furthermore, even if the appointment is ratified, the Audit Committee in its discretion may appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our shareholders.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. Such representatives will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions from shareholders. For additional information regarding our relationship with Ernst & Young LLP, please refer to Report of the Audit Committee and Fees Paid to Independent Registered Public Accounting Firm on pages 26 and 27.

**The Board of Directors recommends that you vote FOR Item 2, which ratifies the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2015.**

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**APPROVAL, ON AN ADVISORY BASIS, OF OUR  
NAMED EXECUTIVE OFFICERS' COMPENSATION  
(ITEM 3)**

As required under Section 14A of the Securities Exchange Act of 1934, as amended, we are asking shareholders to approve, on an advisory basis, the compensation of our NEOs as disclosed in this Proxy Statement pursuant to the SEC's compensation disclosure rules, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table and the other related tables and disclosures.

As described in detail under the heading "Compensation Discussion and Analysis," the objectives of our executive compensation program are to attract, retain and motivate key executives to enhance long-term profitability and create shareholder value. The program is designed with a focus on safety, financial and operating performance while also recognizing the individual and team performance of each NEO in achieving our business objectives. Please read the "Proxy Statement Summary" and the "Compensation Discussion and Analysis" for additional details about our executive compensation program, including information about the 2014 compensation of our NEOs.

In 2014, the Compensation Committee commissioned a pay-for-performance compensation analysis by its independent compensation consultant to determine whether our executive compensation program is appropriate, is aligned to pay-for-performance and links officer activities and performance with shareholder interests. The analysis determined that our 2014 executive compensation program aligned well with our compensation philosophy and our performance.

We are asking our shareholders to indicate their support for our NEO compensation as described in this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our shareholders to vote "FOR" the following resolution at the Annual Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table and the other related tables and disclosure.

The say-on-pay vote is advisory and therefore not binding on us, the Board of Directors or the Compensation Committee. The Board and the Compensation Committee value the opinions of our shareholders and will consider their concerns, if any, and evaluate whether any actions are necessary to address those concerns. We are currently conducting this advisory vote, commonly known as say-on-pay, every year, and expect to hold the next say-on-pay vote in connection with our 2016 Annual Meeting.

**The Board of Directors recommends that you vote FOR Item 3, the approval, on an advisory basis, of the compensation of our NEOs as disclosed in this Proxy Statement pursuant to the SEC's compensation disclosure rules.**

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**APPROVAL OF OUR**

**2015 LONG-TERM INCENTIVE PLAN**

**(ITEM 4)**

We are requesting that you vote in favor of adopting our 2015 Long-Term Incentive Plan (the "2015 Plan"). On March 11, 2015, our Board of Directors adopted the 2015 Plan, subject to approval by our shareholders. If our shareholders approve the 2015 Plan, it will become effective on the date of the 2015 Annual Meeting of our shareholders. The description of certain key features of the 2015 Plan is subject to the specific provisions in the full text of the 2015 Plan, which is attached as *Appendix B* to this Proxy Statement. The 2015 Plan will supersede our 2011 Long-Term Equity Incentive Plan (the "2011 Plan"). The 2011 Plan is the only equity compensation plan under which equity-based compensation may currently be awarded to our officers, employees and non-employee directors.

The approval of the 2015 Plan is important for many reasons. Among other things, shareholder approval of the 2015 Plan is necessary for us to continue to be able to grant equity-based awards consistent with our past practice, as well to continue to be able to grant performance-based awards that qualify for the exception to the deductibility limit set forth in Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

Although our future burn rate under the 2015 Plan will depend upon and be influenced by a number of factors, such as the number of plan participants, the price per share of our common stock and the methodology used to establish the equity award mix, the shares of common stock reserved for issuance under the 2015 Plan will enable us to continue to utilize stock-based awards as a significant component of our compensation program and help meet our objectives to attract, retain and incentivize talented personnel. The calculation of the share reserve described below took into account, among other things, our stock price and volatility, our share burn rate and overhang and how they compare with our industry peers, the existing terms of our outstanding awards, and our proposed fungible share rate of 2:1 for full-share awards under the 2015 Plan. The results of this analysis were presented to the Compensation Committee of our Board of Directors (the "Compensation Committee") and our Board of Directors for their consideration.

Upon approval of the 2015 Plan, we will stop issuing awards under the 2011 Plan, although awards previously issued under such plan (or any other prior equity plan) would remain outstanding under their terms.

**Purposes and Eligibility**

The purpose of the Plan is to assist us with attracting and retaining exceptionally qualified officers, employees, consultants and directors upon whom, in large measure, our sustained progress, growth and profitability depend, to motivate such persons to achieve our long-term goals and to more closely align such persons' interests with those of our shareholders by providing them with a proprietary interest in our growth and performance. Our officers, employees, consultants and non-employee directors are eligible to participate in the 2015 Plan.

**Highlights of Key Corporate Governance Practices and Provisions under the 2015 Plan**

We believe that the 2015 Plan will promote the interests of our shareholders and is consistent with principles of good corporate governance. The 2015 Plan includes the following practices and provisions.

§ **Administered by an independent committee.** The 2015 Plan will be administered by our Compensation Committee, which is composed entirely of independent directors who meet the SEC and NYSE standards for independence.

§ **Granting of performance awards.** Under the 2015 Plan, the Compensation Committee may grant performance-based awards intended to qualify as exempt performance-based compensation under Section 162(m) of the Code as well as other performance-based awards.

- § Awards require a minimum vesting period. At the time of grant, stock options and stock appreciation rights awarded under the 2015 Plan require one-year minimum vesting.
  
- § No broad discretion to accelerate vesting. Except with respect to a small portion of the shares available under the 2015 Plan, the Compensation Committee does not have the discretion to accelerate equity vesting absent a change-in-control, death or disability.
  
- § Double trigger vesting on change in control. If awards granted under the 2015 Plan are assumed by a successor in connection with a change in control of our company, such awards will not automatically vest and pay out solely as a result of the change in control.

70 PEABODY ENERGY CORPORATION

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**APPROVAL OF OUR 2015 LONG-TERM INCENTIVE PLAN (ITEM 4) (continued)**

- § Awards are subject to clawback. All awards under the 2015 Plan are subject to recoupment or clawback under certain circumstances.
  
- § No liberal share counting. The 2015 Plan prohibits the reuse of shares withheld or delivered to satisfy the exercise price or to satisfy tax withholding requirements of any award.
  
- § Cap on awards to non-employee directors. The value of shares awarded to a single non-employee director during a calendar year will not exceed \$500,000.
  
- § No discounted stock options or stock appreciation rights. All stock options and stock appreciation rights awarded under the 2015 Plan must have an exercise or strike price that is not less than the fair market value of the underlying common stock on the date of grant.
  
- § No repricing of stock options or stock appreciation rights. The 2015 Plan prohibits any repricing of stock options or stock appreciation rights without shareholder approval.
  
- § No tax gross-ups. The 2015 Plan does not include any tax gross-up provisions.
  
- § No reloads. The 2015 Plan does not provide for reloads.

**Shares Authorized for Issuance**

Under the 2015 Plan, 18,000,000 shares of our common stock ( Common Stock ) are authorized for initial issuance, but such number shall be increased by any shares of Common Stock that become available under either the 2015 Plan or any of our prior equity plans due to a forfeiture or other termination of awards thereunder after December 31, 2014 (whether for a failure to vest, a failure to exercise prior to expiration or otherwise). Shares of Common Stock underlying, or otherwise delivered pursuant to, any grants made after March 12, 2015, the record date for determining shareholders that will be entitled to receive notice and vote at the Annual Meeting or any adjournment, will be counted against and deducted from the share reserve under the 2015 Plan. Upon approval of the 2015 Plan, all shares then remaining available for future awards under the 2011 Plan will be canceled and no further grants will be made under the 2011 Plan. If for any reason the 2015 Plan is not approved by our shareholders, the 2011 Plan reserve shares will not be canceled and those shares will remain available for grant under the 2011 Plan as currently in effect. On March 12, 2015, the closing market price per share of our stock was \$5.82.

The pool of shares authorized for issuance is intended to be fungible. As a result, (a) the number of shares available under the 2015 Plan will be reduced by the number of shares underlying any stock appreciation right (other than any such right which is to be settled only in cash) or any stock option granted under the 2015 Plan, while (b) each share delivered pursuant to or underlying an award under the 2015 Plan other than a stock option or stock appreciation right will reduce the number of shares available under the 2015 Plan by two shares. Cash-based awards do not reduce the number of shares available under the 2015 Plan. The 2015 Plan provides that shares used to pay the exercise price of a stock option or required tax withholding for an award under the 2015 Plan, as well as shares not issued in connection with a stock-settled stock appreciation right or shares purchased on the open market with stock option exercise proceeds, will not be available for future awards under the 2015 Plan. Shares of Common Stock that underlie substitute awards (described below) granted under the 2015 Plan do not reduce the number of shares of Common Stock available for grant under the 2015 Plan.

**Historical Share Usage**

While the use of equity is an important part of our compensation program, we are mindful of our responsibility to our shareholders to exercise judgment in the granting of equity awards.

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

Overhang and Duration. As of the end of 2014, we had 6.8 million shares of Common Stock subject to outstanding equity awards or available for future equity awards under the 2011 Plan and any other prior equity plans, which represented approximately 2.4% of common shares outstanding (or, the overhang percentage ). The 18,000,000 new shares proposed to be available under the 2015 Plan would increase the overhang percentage by an additional 3.4% to approximately 5.8%. Based on current practices and share price, it is expected that the requested share reserve would allow us to continue our current equity grant practices for approximately one to two years.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**APPROVAL OF OUR 2015 LONG-TERM INCENTIVE PLAN (ITEM 4) (continued)**

Important data on outstanding equity awards and shares available for future awards. The following table summarizes the actual shares outstanding and shares remaining under our prior plans as of March 12, 2015, the record date for determining shareholders that will be entitled to receive notice and vote at the Annual Meeting or any adjournment. The table includes information regarding all of our outstanding equity awards and shares available for future awards under our equity plans and the related award agreements as of March 12, 2015 (without giving effect to this Item 4), including annual grants awarded on January 2, 2015.

	<b>Outstanding</b>	<b>Weighted Average Term (in years)</b>	<b>Weighted Average Exercise Price</b>
Stock options outstanding as of March 12, 2015	4,189,599	7.3	\$ 24.79
Full-value awards outstanding as of March 12, 2015	7,998,437	2.0	N/A
Shares remaining available for future grant as of March 12, 2015	1,203,514	N/A	N/A
Proposed shares available for future awards under 2015 Plan	18,000,000	N/A	N/A

**Administration and Types of Awards**

The 2015 Plan is administered by the Compensation Committee, which interprets the 2015 Plan and has broad discretion to select the eligible persons to whom awards will be granted, as well as the type, size and terms and conditions of each award, including the exercise price of stock options, the number of shares subject to awards and the expiration date of, and the vesting schedule or other restrictions applicable to, awards. We currently expect approximately 400 employees and 10 non-employee directors to be eligible for participation in the 2015 Plan. So long as it complies with the written terms of the 2015 Plan (including, but not limited to, applicable minimum vesting provisions and limitations on acceleration of vesting of awards), the Compensation Committee has broad authority to amend outstanding awards (subject to grantee consent in the case of a materially adverse effect on the grantee), create programs under the 2015 Plan for awards to individuals located outside the United States, and otherwise take any other action deemed necessary or appropriate for administration of the 2015 Plan. The 2015 Plan provides that the Compensation Committee may accelerate the vesting of share-based awards thereunder in the case of death, disability or a change in control. In addition, the 2015 Plan permits the Compensation Committee to accelerate the vesting of share-based awards representing less than 5% of the aggregate shares of Common Stock available under the 2015 Plan in circumstances other than death, disability and change in control.

The 2015 Plan permits the Compensation Committee to delegate its authority to grant awards to certain eligible individuals to our Chief Executive Officer, Chief Financial Officer or Chief Human Resources Officer. Such delegation is only available for awards made to anyone other than executive officers, those who are (or are expected to be) covered employees for purposes of Code Section 162(m) (see discussion below), and those who are subject to reporting requirements under Section 16 of the Securities Exchange Act of 1934, as amended.

The 2015 Plan allows us to grant the following types of awards:

§ stock options (non-qualified and incentive stock options)	§ deferred stock
§ stock appreciation rights (SARs)	§ performance units
§ restricted stock	§ cash incentive awards
§ restricted stock units	§ substitute awards

Stock Options. Stock options may be granted by the Compensation Committee and may be either non-qualified stock options or incentive stock options. Stock options are subject to the terms and conditions, including vesting conditions, set by the Compensation Committee (and incentive stock options are subject to further statutory restrictions that are set forth in the 2015 Plan). Except in cases of death, disability, change in control

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

(see discussion below) or based on Compensation Committee action accelerating the vesting of awards representing no more than 5% of the aggregate number of shares available under the 2015 Plan, the 2015 Plan requires that no portion of any stock option granted thereunder may become vested less than one year after the grant date thereof. The exercise price for all stock options granted under the 2015 Plan will be determined by the Compensation Committee, except that no stock options can be granted with an exercise price that is less than 100% of the fair market value of the Common Stock on the grant date. Further, shareholders who own greater than 10% of our voting stock will not be granted incentive stock options that have an exercise price less than 110% of the fair market value of the Common Stock on the date of grant.

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**APPROVAL OF OUR 2015 LONG-TERM INCENTIVE PLAN (ITEM 4) (continued)**

The term of all stock options granted under the 2015 Plan will be determined by the Compensation Committee and may not exceed 10 years (five years for incentive stock options granted to shareholders who own greater than 10% of our voting stock). No incentive stock option may be granted to an optionee which, when combined with all other incentive stock options becoming exercisable in any calendar year that are held by that optionee, would have an aggregate fair market value in excess of \$100,000. If an optionee is awarded incentive stock options in excess of \$100,000 during the same year, such excess will be treated as non-qualified stock options.

Each stock option gives the holder the right to receive a number of shares of Common Stock upon exercise of the stock option and payment of the exercise price. The exercise price may be paid in cash (including cash obtained through a broker selling the shares acquired on exercise), by personal check, wire transfer or, if approved by the Compensation Committee, shares of Common Stock.

Unless shareholder approval is obtained, the 2015 Plan prohibits the repricing of stock options. For this purpose, repricing means (a) lowering the exercise price of a stock option after it is granted; (b) any other action that is treated as a repricing under generally accepted accounting principles; (c) cancelling a stock option at a time when its exercise price exceeds the fair market value of the underlying shares of Common Stock, in exchange for another stock option or SAR, restricted stock, other equity, cash or other property. Repricing does not occur if any of the foregoing are completed in connection with an adjustment of a stock option following a corporate transaction (such as a merger or spin-off). The 2015 Plan provides that dividend equivalents will not be payable with respect to stock options.

**Stock Appreciation Rights or SARs.** All SARs may be granted on a stand-alone basis (i.e., not in conjunction with stock options granted under the 2015 Plan) or on a tandem basis. SARs are subject to the terms and conditions, including vesting conditions, set by the Compensation Committee. A SAR granted under the 2015 Plan entitles its holder to receive, at the time of exercise, an amount per share equal to the excess of the fair market value (at the date of exercise) of a share of Common Stock over a specified price, known as the strike price, fixed by the Compensation Committee, which will not be less than 100% of the fair market value of the Common Stock on the grant date of the SAR. Payment may be made in cash, shares of Common Stock, or other property, in any combination as determined by the Compensation Committee. Except in cases of death, disability, change in control (see discussion below) or based on Compensation Committee action accelerating the vesting of awards representing no more than 5% of the aggregate number of shares available under the 2015 Plan, the 2015 Plan requires that no portion of any SAR may become vested less than one year after its grant date. The 2015 Plan prohibits the repricing of SARs (as described in the Stock Options section above). The 2015 Plan provides that dividend equivalents will not be payable with respect to SARs.

**Restricted Stock and Restricted Stock Units.** Restricted stock is Common Stock that is forfeitable until the restrictions lapse. Restricted stock units are rights granted as an award to receive shares of Common Stock, conditioned upon the satisfaction of restrictions imposed by the Compensation Committee. The Compensation Committee will determine the restrictions for each award and the purchase price, if any, in the case of restricted stock. Restrictions on the restricted stock and restricted stock units may include time-based restrictions, the achievement of specific performance goals or, in the case of restricted stock units, the occurrence of a specific event. Participants may have voting and dividend rights in respect of restricted stock. Participants do not have voting rights in restricted stock units, but participants' restricted stock units may be credited with dividend equivalents to the extent dividends are paid or distributions are made prior to settlement. If the performance goals are not achieved or the restrictions do not lapse within the time period provided in the award agreement, the participant will forfeit his or her restricted stock and/or restricted stock units (along with any accrued, but unvested dividends and dividend equivalents).

**Deferred Stock.** Deferred stock (which may be granted in the form of units) is the right to receive shares of Common Stock at the end of a specified deferral period. The Compensation Committee will determine the number of shares and terms and conditions for each deferred stock award, and whether such deferred stock will be acquired upon the lapse of restrictions on restricted stock or restricted stock units. Participants do not have voting rights in deferred stock, but participants' deferred stock may be credited with dividend equivalents for dividends that are paid or distributions made during the deferral period.

**Performance Units.** Performance units are any grant of (1) a bonus consisting of cash or other property the amount and value of which, and/or the receipt of which, is conditioned upon the achievement of certain performance goals specified by the Compensation Committee, or (2) a unit valued by reference to a designated amount of property. Performance units may be paid in cash, shares of Common Stock or restricted stock

units. The Compensation Committee will determine the

number and terms of all performance units, including the performance goals and performance period during which such goals must be met. If the performance goals are not met during the performance period specified in the award agreement, the participant will forfeit all of his or her performance units.

**Cash Incentive Awards.** The 2015 Plan includes cash incentive awards. The Compensation Committee will determine the amounts and terms of all cash incentive awards, including the applicable performance periods and performance goals, which may be weighted for different factors and measures. In the case of cash incentive awards intended to satisfy Section 162(m) of the Code ( Section 162(m) ), the Compensation Committee will designate individuals eligible for cash incentive awards within the time period required by Section 162(m) and will certify attainment of performance goals following the end of each performance period. In addition, the Compensation Committee will establish the threshold, target and maximum cash incentive award opportunities for each participant. Cash incentive awards may be paid in cash, shares of Common Stock, restricted stock, stock options or any other award under the 2015 Plan.

**Substitute Awards.** Substitute awards are awards that may be granted in replacement of stock or stock-based awards from another business held by current and former employees or non-employee directors of, or consultants to, such business that is, or whose stock is, acquired by us, in order to preserve the economic value of all or a portion of a substituted award on such terms and conditions (including price) as the Compensation Committee determines. Shares of Common Stock that underlie substitute awards granted under the 2015 Plan do not reduce the number of shares of Common Stock available for grant under the 2015 Plan.

**Performance-Based Compensation**

The objective performance criteria for awards (other than stock options and SARs) granted under the 2015 Plan that are designed to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m) and are to be based on one or more of the following measures:

- § Earnings before any or all of interest, tax, depreciation or amortization (actual and adjusted and either in the aggregate or on a per-share basis);
- § Earnings (either in the aggregate or on a per-share basis);
- § Net income or loss (either in the aggregate or on a per-share basis);
- § Operating profit;
- § Cash flow (either in the aggregate or on a per-share basis);
- § Free cash flow (either in the aggregate or on a per-share basis);

§ Costs;

§ Gross revenues;

§ Reductions in expense levels;

§ Operating and maintenance cost management and employee productivity;

§ Share price or total shareholder return (including growth measures and total shareholder return (on an absolute or relative basis) or attainment by shares of a specified value for a specified period of time);

§ Net economic value;

§ Economic value added;

§ Aggregate product unit and pricing targets;

§ Strategic business criteria, consisting of one or more objectives based on meeting specified revenue, market share, market penetration, geographic business expansion goals, objectively identified project milestones, return on assets, return on mining assets, return on equity, return on capital, return on investment, production volume levels, cost targets, cost per ton targets, attainment of safety-related goals, and goals relating to acquisitions or divestitures; and

§ Debt ratings, debt leverage and debt service.

In any calendar year, no participant may be granted awards for stock options or SARs that exceed, in the aggregate, 1,000,000 underlying shares of Common Stock. Any or all of such shares may underlie incentive stock options. In any calendar year, no participant may be granted awards for restricted stock, deferred stock, restricted stock units or performance units (or any other award other than stock options or SARs which is determined by reference to the value of

shares or appreciation in the value of shares) that exceed, in the aggregate, 1,000,000 underlying shares of Common Stock, but such limit shall only apply to the extent any such award is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m). To the extent any such award is intended to qualify for the performance-based exception from the tax deductibility limitations of Section 162(m), no participant may be granted short-term cash awards (i.e., those awards with a performance period of a year or less) in any calendar year the aggregate maximum payout for which would exceed \$5.0 million, and no participant may be granted long-term cash awards (i.e., those awards with a performance period of more than a year) in any calendar year the aggregate maximum payout for which would exceed \$15.0 million. These limits apply separately, and are generally higher than we expect to be needed for awards under the 2015 Plan, and are included in the 2015 Plan to comply with the requirements for deductibility of awards subject to Section 162(m).

**Limitation on Grants to Non-Employee Directors**

The 2015 Plan limits the aggregate annual grant date value of awards made to an individual who is one of our non-employee directors to \$500,000.

**Change in Control**

Unless a more restrictive provision is set forth in an award agreement, a participant's awards will become vested, the relevant restrictions will lapse and the relevant performance goals will be deemed to be met upon the involuntary termination of such participant's employment or service without cause or for good reason (as defined in the relevant award agreement) during the two-year period following the occurrence of a change in control. In addition, to the extent an award is assumed in connection with a change in control, it will be adjusted to reflect the terms of the applicable transaction. If an award is not assumed in connection with a change in control, it will be settled based on the price paid in the applicable transaction.

For purposes of the 2015 Plan, a change in control occurs when (1) any corporation, person or other entity, including a group, becomes the beneficial owner of more than 50% of our then-outstanding Common Stock, (2) we engage in a merger, consolidation, plan of arrangement, reorganization or similar transaction or series of transactions (other than a transaction or series of transactions which results in our shareholders immediately prior to such transaction(s) continuing to own more than 50% of the combined voting power of the post-transaction securities of the Company or the surviving entity (or its parent) in substantially the same proportions as the ownership prior to such transaction(s)), or we sell or otherwise dispose of substantially all of our assets, (3) our shareholders approve a plan of liquidation of the Company, or (4) within any 24-month period a majority of our Board of Director positions are no longer held by (a) individuals who were members of the Board of Directors at the beginning of such 24-month period (the Initial Board Members) and (b) those individuals who were first elected as directors upon the recommendation of the Initial Board Members (other than as a result of any settlement of a proxy or consent solicitation contest or any action taken to avoid such a contest). With respect to any award which would be considered deferred compensation subject to Section 409A of the Code, a similar, but Section 409A-compliant, definition of change in control applies.

Except as set forth in the applicable award agreements, for purposes of the 2015 Plan, cause means (a) any willful fraud, dishonesty or misconduct of the grantee that can reasonably be expected to have a detrimental effect on (i) our reputation or business or (ii) the grantee's reputation or performance of his or her duties to us; (b) willful refusal or failure of a grantee to comply with our code of business conduct and ethics, our anti-corruption and bribery policy or any other material corporate policy of the Company; (c) the grantee's willful or repeated failure to meet documented performance objectives or to perform his or her duties or to follow reasonable and lawful directives of his or her manager (other than due to death or disability); (d) the grantee's conviction of, or plea of *nolo contendere* to (i) any felony; or (ii) any other criminal charge that may reasonably be expected to have a material detrimental effect on our reputation or business; or (e) the grantee's willful failure to cooperate with a bona fide internal investigation or an investigation by regulatory or law enforcement authorities, whether or not related to the grantee's employment, after being instructed to cooperate by the chairman and/or chief executive officer or by the Board, or the willful destruction of or willful failure to preserve documents or other material known to be relevant to any such investigation; provided that with respect to clause (b) or (c) above, the grantee shall have fifteen (15) business days following written notice of the conduct which is the basis for the potential termination for cause within which to cure such conduct, to the extent it can be cured, to prevent termination for cause by us. If the

grantee cures the conduct that is the basis for the potential termination for cause within such period, our notice of termination shall be deemed withdrawn.

**APPROVAL OF OUR 2015 LONG-TERM INCENTIVE PLAN (ITEM 4) (continued)**

**Termination of Employment or Service**

With respect to stock options and SARs granted pursuant the 2015 Plan, unless the applicable award agreement provides otherwise, in the event of a participant's termination of employment or service due to his or her death or disability, such participant's stock options or SARs will vest and remain exercisable until one year after such termination (but not beyond the original stock option term), and thereafter will be cancelled and forfeited to us. Unless the applicable award agreement provides otherwise, in the event of a participant's termination of employment or service by us without cause, such participant's vested stock options or SARs (to the extent exercisable at the time of such termination) will remain exercisable until 90 days after such termination (but not beyond the original stock option term) and thereafter will be cancelled and forfeited to us. Unless the applicable award agreement provides otherwise, in the event of a participant's voluntary termination of employment or service (not due to such participant's death or disability), or a termination of employment or service by us for cause, such participant's stock options or SARs will be immediately cancelled and forfeited to us.

Unless the applicable award agreement provides otherwise, with respect to awards other than stock options or SARs, (1) in the event of a participant's termination of employment or service for any reason other than death or disability, the unvested portion of any such awards will be forfeited to us, and (2) upon termination because of death or disability, the unvested portion of such awards will immediately vest (and to the extent such awards would otherwise vest based on the satisfaction of performance goals, such vesting will occur as though performance at target levels was achieved).

**Plan Term**

Unless earlier terminated by our Board of Directors, the Plan's term will expire automatically on May 4, 2025.

**Amendment and Termination**

The 2015 Plan may be terminated by our Board of Directors. Awards granted before the termination of the 2015 Plan may extend beyond such termination in accordance with their terms. The Compensation Committee is permitted to amend the 2015 Plan or the terms and conditions of outstanding awards, including to extend the exercise period and accelerate the vesting schedule of awards to the extent permitted by the 2015 Plan, but no such action may materially and adversely affect the rights of any participant with respect to outstanding awards without his or her written consent (except (a) to the extent such amendment relates to the adoption of a new law or regulation where such amendment is necessary or advisable to carry out the purpose of the award, (b) as permitted by the award agreement, or (c) in the case of a termination of the award in compliance with the requirements of Section 409A of the Code), and no such action or amendment may violate rules under Section 409A of the Code regarding the form and timing of payment of deferred compensation. Shareholder approval of any such amendment or any repricing will be obtained if required to comply with applicable law or the rules of the NYSE.

**Transferability**

Unless otherwise determined by the Compensation Committee, awards granted under the 2015 Plan are not transferable except by will or the laws of descent and distribution. The Compensation Committee will have sole discretion to permit the transfer of an award without payment of consideration to certain family members specified in the 2015 Plan.

**Adjustments**

If a stock dividend, stock split, reorganization, recapitalization, spin-off, or other similar event affects the Common Stock such that the Compensation Committee determines an adjustment to be appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the 2015 Plan, the Compensation Committee will (among other actions and subject to certain exceptions) adjust the number and type of shares available under the 2015 Plan, the number and type of shares subject to outstanding awards and the

exercise price of outstanding stock options and other awards.

**Awards Subject to Holding and Clawback Policies**

Awards granted under the 2015 Plan are subject to all of our applicable policies and guidelines that relate to share ownership requirements or recovery of compensation (*i.e.*, clawbacks).

**Table of Contents****2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT****APPROVAL OF OUR 2015 LONG-TERM INCENTIVE PLAN (ITEM 4) (continued)****Federal Tax Consequences**

The following summary is based on U.S. federal income tax laws in effect as of January 1, 2015. Such laws and regulations are subject to change. This summary assumes that all awards will be exempt from, or comply with, the rules under Section 409A of the Code regarding nonqualified deferred compensation. If an award fails to comply with Section 409A of the Code, the award may be subject to immediate taxation, interest and tax penalties in the year the award vests or is granted. This summary does not constitute tax advice and does not address possible state, local or foreign tax consequences.

*Stock Options.* The grant of stock options under the 2015 Plan will not result in taxable income to the recipient of the stock option or an income tax deduction for the Company. However, the transfer of Common Stock to a holder upon exercise of his or her stock options may or may not give rise to taxable income to the holder and tax deductions for the Company, depending upon whether the stock options are incentive stock options or nonqualified stock options.

A stock option holder's exercise of a non-qualified stock option generally results in immediate recognition of taxable ordinary income by the holder and a corresponding tax deduction for the Company in the amount by which the fair market value of the shares of Common Stock purchased on the date of such exercise exceeds the aggregate exercise price paid. Any appreciation or depreciation in the fair market value of those shares after the date of such exercise will generally result in a capital gain or loss to the holder at the time he or she disposes of those shares.

In general, the exercise of an incentive stock option is exempt from income tax (although not from the alternative minimum tax) and does not result in a tax deduction for the Company if the holder has been an employee of ours at all times beginning with the stock option grant date and ending three months before the date the holder exercises the stock option (or 12 months in the case of termination of employment due to disability). If the holder has not been so employed during that time, the holder will be taxed as described above for nonqualified stock options. If the holder disposes of the shares purchased more than two years after the incentive stock option was granted and more than one year after the stock option was exercised, then the holder will recognize any gain or loss upon disposition of those shares as capital gain or loss. However, if the holder disposes of the shares prior to satisfying these holding periods (known as disqualifying dispositions), the holder will be obligated to report as taxable ordinary income for the year in which that disposition occurs the excess, with certain adjustments, of the fair market value of the shares disposed of, on the date the incentive stock option was exercised, over the exercise price paid for those shares. The Company would be entitled to a tax deduction equal to that amount of ordinary income reported by the holder. Any additional gain realized by the holder on the disqualifying disposition of the shares would be capital gain. If the total amount realized in a disqualifying disposition is less than the exercise price of the incentive stock option, the difference would be a capital loss for the holder.

*Stock Appreciation Rights.* The granting of SARs does not result in taxable income to the recipient of a SAR or a tax deduction for the Company. Upon exercise of an SAR, the amount of any cash the participant receives and the fair market value as of the exercise date of any Common Stock received are taxable to the participant as ordinary income and such amount will be deductible by the Company.

*Restricted Stock.* Unless an election is made by the participant under Section 83(b) of the Code, a participant will not recognize any taxable income upon the award of shares of restricted stock that are not transferable and are subject to a substantial risk of forfeiture. Dividends paid with respect to restricted stock prior to the lapse of restrictions applicable to that stock will be taxable as compensation income to the participant. Generally the participant will recognize taxable ordinary income at the first time those shares become transferable or are no longer subject to a substantial risk of forfeiture, in an amount equal to the fair market value of those shares when the restrictions lapse, less any amount paid with respect to the award of restricted stock. The recipient's tax basis will be equal to the sum of the amount of ordinary income recognized upon the lapse of restrictions and any amount paid for such restricted stock. The recipient's holding period will commence on the date on which the restrictions lapse.

As indicated above, a participant may elect, under Section 83(b) of the Code, to recognize taxable ordinary income upon the award date of restricted stock (rather than being taxed as described above) based on the fair market value of the shares of Common Stock subject to the award

## Edgar Filing: PEABODY ENERGY CORP - Form DEF 14A

date. If a participant makes that election, any dividends paid with respect to that restricted stock will not be treated as compensation income, but rather as dividend income, and the participant will not recognize additional taxable income when the restrictions applicable to his or her restricted stock award lapse. Assuming

compliance with the applicable tax withholding and reporting requirements, the Company will be entitled to a tax deduction equal to the amount of ordinary income recognized by a participant in connection with his or her restricted stock award in the taxable year in which that participant recognizes that ordinary income.

*Deferred Stock.* The granting of deferred stock generally should not result in taxable ordinary income to the recipient, or a tax deduction for the Company. The payment or settlement of deferred stock should generally result in immediate recognition of taxable ordinary income by the recipient equal to the amount of any cash paid or the then-current fair market value of the shares of Common Stock received, and a corresponding tax deduction by the Company. Rules relating to the timing of payment of deferred compensation under Section 409A of the Code are applicable to deferred stock and any violation of Section 409A of the Code may result in potential acceleration of income taxation, as well as interest and tax penalties to the participant.

*Other Awards.* The granting of restricted stock units, performance units or a cash incentive award generally should not result in the recognition of taxable income by the recipient or a tax deduction by the Company. The payment or settlement of these awards should generally result in immediate recognition of taxable ordinary income by the recipient equal to the amount of any cash paid or the then-current fair market value of the shares of Common Stock received, and a corresponding tax deduction by the Company. If the award consists of shares of Common Stock that are not transferable and are subject to a substantial risk of forfeiture, the tax consequences to the participant and the Company will be similar to the tax consequences of restricted stock awards described above, assuming that such award is payable upon the lapse of the restrictions. If the award consists of unrestricted shares of Common Stock, the recipient of those shares will immediately recognize as taxable ordinary income the fair market value of those shares on the date of the award, and the Company will be entitled to a corresponding tax deduction.

*Section 162(m) of the Code.* Under Section 162(m) of the Code, we may be limited as to Federal income tax deductions to the extent that total annual compensation in excess of \$1.0 million is paid to our Chief Executive Officer or any one of our other three highest paid executive officers (other than the Chief Financial Officer) who are employed by the Company on the last day of our taxable year. However, certain performance-based compensation, the material terms of which are disclosed to and approved by our shareholders, is not subject to this deduction limitation.

*Section 280G of the Code.* Under certain circumstances, accelerated vesting, exercise or payment of awards under the 2015 Plan in connection with a change in control of the Company might be deemed an excess parachute payment for purposes of the golden parachute payment provisions of Section 280G of the Code. To the extent that it is so considered, the participant holding the award would be subject to an excise tax equal to 20% of the amount of the excess parachute payment, and the Company would be denied a tax deduction for the amount of the excess parachute payment. The 2015 Plan provides for an automatic reduction of a participant's awards under the 2015 Plan to the extent that an award would result in any excess parachute payment that would trigger such an excise tax. However, if the participant would net a greater amount if the automatic reduction did not apply and the participant paid his or her applicable ordinary and excise taxes on such amount, then such reduction shall not apply.

**2015 Plan Benefits**

The Company cannot determine the amounts of awards that will be granted under the 2015 Plan or the benefits of any awards to the executive officers named in the Summary Compensation Table, the executive officers as a group, or employees who are not executive officers as a group. Under the terms of the 2015 Plan, the number of awards to be granted is within the discretion of the Compensation Committee. However, the Compensation Committee does not expect to materially alter its past practice regarding the annual granting of equity-based awards.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT  
SHAREHOLDER PROPOSAL ON PROXY ACCESS (ITEM 5) (continued)

## SHAREHOLDER PROPOSAL AND OUR STATEMENT IN OPPOSITION

We expect Item 5 to be presented by a shareholder at the 2015 Annual Meeting. Following SEC rules, other than minor formatting changes, we are reprinting the proposal and supporting statement as it was submitted to us. We take no responsibility for it. Upon oral or written request to the Corporate Secretary at the address or telephone number listed under **ADDITIONAL INFORMATION** **Householding of Proxies** on page 82, we will provide information about the sponsor's shareholding, as well as the names, addresses, and shareholdings of any co-sponsors.

### SHAREHOLDER PROPOSAL ON PROXY ACCESS

#### (ITEM 5)

This proposal was submitted by the Comptroller of the City of New York, One Centre Street, Room 629, New York, N.Y. 10007-2341 (the Comptroller) as custodian and a trustee of the New York City Employees Retirement System, the New York City Fire Department Pension Fund, the New York City Teachers Retirement System and the New York City Police Pension Fund, and custodian of the New York City Board of Education Retirement System (collectively, the Proponents). The Comptroller has advised us that the Proponents intend to submit the following proposal at the Annual Meeting. **The words we and our in the Proposal and the Supporting Statement mean the Proponents, not the Company:**

#### *Proposal Submitted by the Comptroller*

RESOLVED: Shareholders of Peabody Energy Corporation (the Company) ask the board of directors (the Board) to adopt, and present for shareholder approval, a proxy access bylaw. Such a bylaw shall require the Company to include in proxy materials prepared for a shareholder meeting at which directors are to be elected the name, Disclosure and Statement (as defined herein) of any person nominated for election to the board by a shareholder or group (the Nominator) that meets the criteria established below. The Company shall allow shareholders to vote on such nominee on the Company's proxy card.

The number of shareholder-nominated candidates appearing in proxy materials shall not exceed one quarter of the directors then serving. This bylaw, which shall supplement existing rights under Company bylaws, should provide that a Nominator must:

- a) have beneficially owned 3% or more of the Company's outstanding common stock continuously for at least three years before submitting the nomination;
- b) give the Company, within the time period identified in its bylaws, written notice of the information required by the bylaws and any Securities and Exchange Commission rules about (i) the nominee, including consent to being named in the proxy materials and to serving as director if elected; and (ii) the Nominator, including proof it owns the required shares (the Disclosure); and
- c) certify that (i) it will assume liability stemming from any legal or regulatory violation arising out of the Nominator's communications with the Company shareholders, including the Disclosure and Statement; (ii) it will comply with all applicable laws and regulations if it uses soliciting material other than the Company's proxy materials; and (c) to the best of its knowledge, the required shares were acquired in the ordinary

course of business and not to change or influence control at the Company.  
The Nominator may submit with the Disclosure a statement not exceeding 500 words in support of the nominee (the Statement ). The Board shall adopt procedures for promptly resolving disputes over whether notice of a nomination was timely, whether the Disclosure and Statement satisfy the bylaw and applicable federal regulations, and the priority to be given to multiple nominations exceeding the one-quarter limit.

2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**SHAREHOLDER PROPOSAL ON PROXY ACCESS (ITEM 5) (continued)**

*Supporting Statement Submitted by the Comptroller*

We believe proxy access is a fundamental shareholder right that will make directors more accountable and contribute to increased shareholder value. The CFA Institute's 2014 assessment of pertinent academic studies and the use of proxy access in other markets similarly concluded that proxy access:

§ Would benefit both the markets and corporate boardrooms, with little cost or disruption.

§ Has the potential to raise overall US market capitalization by up to \$140.3 billion if adopted market-wide.  
(<http://www.cfapubs.org/doi/pdf/10.2469/ccb.v2014.n9.1>)

The proposed bylaw terms enjoy strong investor support – votes for similar shareholder proposals averaged 55% from 2012 through September 2014 – and similar bylaws have been adopted by companies of various sizes across industries, including Chesapeake Energy, Hewlett-Packard, Western Union and Verizon.

We urge shareholders to vote FOR this proposal.

**Statement in Opposition to the Proposal**

The Board has carefully considered the Proponents' proposal and concluded that it is not in the best interests of Peabody and its shareholders.

The Proponents' proposal would enable a holder or a group of holders of as little as 3% of our outstanding shares to bypass the existing nomination process by placing candidates directly on the Company's proxy card with minimal cost to such holders. In the Board's view, the Proponents' proposal's threshold of 3% ownership for three years is too low, as it does not reflect an ownership level and duration consistent with a substantial long-term interest in the Company or that would justify the significant costs and disruption to the Company that would result from regular contested elections. The Proponents' proposal's low threshold could also facilitate the direct nomination of candidates who may fail to meet the independence or other qualifications established by the Board, or disrupt the effective functioning of the Board. Moreover, with a mere 3% threshold and three year ownership requirement, there is a heightened risk that candidates placed directly into nomination through the proxy access mechanism could serve the special interests and particular agendas of an unrepresentative, small constituency and fail to promote the best interests of our shareholders as a whole.

As a core part of its mandate, the Board (and its Nominating and Corporate Governance Committee) regularly reviews corporate governance matters and developments. In that connection, the Board considers the views and concerns expressed by shareholders with respect to corporate governance matters and the maintenance of best practices in corporate governance generally. Among the matters the Board is considering is the desirability of Peabody adopting an appropriately tailored proxy access framework so as to enhance shareholders' ability to meaningfully influence the composition of the Board, without requiring a shareholder to incur the costs of running a traditional proxy contest. However, the Board believes that the Proponents' proposal is inconsistent with promotion of a long-term orientation by investors who could use proxy access, and that shareholders' ability to nominate up to 25% of the Board each year through proxy access – and the possibility of simultaneous and/or repeat use of the mechanism by multiple nominators – could tend to be disruptive and undermine the benefits to Peabody and its shareholders of leadership continuity and stability.

Accordingly, the Board does not believe that the framework prescribed by the Proponents' proposal is in the best interests of Peabody and its shareholders.

**The Board of Directors recommends that you vote AGAINST Item 5, the Proponents proposal on proxy access.**

**ADDITIONAL INFORMATION**

**Information About Shareholder Proposals**

If you wish to submit a proposal for inclusion in next year's proxy statement and proxy, we must receive the proposal on or before November 25, 2015, which is 120 calendar days prior to the anniversary of this year's mailing date. Upon timely receipt of any such proposal, we will determine whether or not to include such proposal in the proxy statement and proxy in accordance with applicable regulations governing the solicitation of proxies. Any proposals should be submitted, in writing, to the Corporate Secretary, Peabody Energy Corporation, Peabody Plaza, 701 Market Street, St. Louis, Missouri 63101.

Under our by-laws, if you wish to nominate a director or bring other business before the shareholders at the 2016 Annual Meeting without having your proposal included in next year's proxy statement:

Ø You must notify the Corporate Secretary in writing at our principal executive offices between January 5, 2016 and February 4, 2016; however, if we advance the date of the meeting by more than 20 days or delay the date by more than 70 days, from May 4, 2016, then such notice must be received no earlier than 120 days before the date of the annual meeting and not later than the close of business on the later of the 90th day before such date or the 10th day after public disclosure of the meeting is made; and

Ø Your notice must contain the specific information required by our by-laws regarding the proposal or nominee, including, but not limited to, name, address, shares held, a description of the proposal or information regarding the nominee and other specified matters.

You can obtain a copy of our by-laws, without charge, by writing to the Corporate Secretary at the address shown above or by accessing our website ([www.peabodyenergy.com](http://www.peabodyenergy.com)) and clicking on Investors, and then Corporate Governance. Information on our website is not considered part of this Proxy Statement. These requirements are separate from and in addition to the requirements a shareholder must meet to have a proposal included in our proxy statement. The foregoing time limits also apply in determining whether notice is timely for purposes of SEC rules relating to the exercise of discretionary voting authority.

**Householding of Proxies**

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports, proxy statements and notices of Internet availability with respect to two or more shareholders sharing the same address by delivering a single annual report and/or proxy statement and/or notices of Internet availability addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. We and some brokers household annual reports, proxy statements and notices of Internet availability, delivering a single annual report, proxy statement and notice of Internet availability to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders.

Once you have received notice from your broker or us that your broker or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate annual report, proxy statement and/or notice of Internet availability in the future, please notify your broker if your shares are held in a brokerage account or notify us at the address or telephone number below if you hold registered shares. If, at any time, you and another shareholder sharing the same address wish to participate in householding and prefer to receive a single copy of our annual report, proxy statement and/or notice of Internet availability, please notify your broker if your shares are held in a brokerage account or notify us if you hold registered shares.

At any time, you may request a separate copy of our annual report or proxy statement by sending a written request to the Corporate Secretary at Peabody Energy Corporation, Peabody Plaza, 701 Market Street, St. Louis, Missouri 63101 or by calling (314) 342-3400.

**Additional Filings**

Our Forms 10-K, 10-Q, 8-K and all amendments to those reports are available without charge through our website as soon as reasonably practicable after they are electronically filed with, or furnished to, the SEC. They may be accessed at our website ([www.peabodyenergy.com](http://www.peabodyenergy.com)) by clicking on Investors, and then SEC Filings. Information on our website is not considered part of this Proxy Statement.

In accordance with SEC rules, the information contained in the Report of the Audit Committee and the Report of the Compensation Committee shall not be deemed to be soliciting material, or to be filed with the SEC or subject to the SEC's Regulation 14A, or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that we specifically request that the information be treated as soliciting material or specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

**Costs of Solicitation**

We are paying the cost of preparing, printing and mailing these proxy materials. We have engaged D.F. King & Co., Inc. to assist in distributing proxy materials, soliciting proxies and in performing other proxy solicitation services for a fee of \$10,500 plus their out-of-pocket expenses. Proxies may be solicited personally or by telephone by our regular employees without additional compensation as well as by employees of D.F. King & Co., Inc. We will reimburse banks, brokerage firms and others for their reasonable expenses in forwarding proxy materials to beneficial owners and obtaining their voting instructions.

**OTHER BUSINESS**

The Board of Directors is not aware of any matters requiring shareholder action to be presented at the Annual Meeting other than those stated in the 2015 Notice of Annual Meeting. Should other matters be properly introduced at the Annual Meeting, those persons named in the enclosed proxy will have discretionary authority to act on such matters and will vote the proxy in accordance with their best judgment.

**We will provide to any shareholder, without charge and upon written request, a copy (without exhibits unless otherwise requested) of our Annual Report on Form 10-K for the Fiscal Year Ended December 31, 2014 as filed with the SEC. Any such request should be directed to Investor Relations, Peabody Energy Corporation, Peabody Plaza, 701 Market Street, St. Louis, Missouri 63101.**

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Appendix A****Reconciliation of Adjusted EBITDA**

Adjusted EBITDA is defined as (loss) income from continuing operations before deducting net interest expense; income taxes; asset retirement obligation expenses; depreciation, depletion and amortization; asset impairment and mine closure costs; charges for the settlement of claims and litigation related to previously divested operations and changes in deferred tax asset valuation allowance and amortization of basis difference related to equity affiliates. Adjusted EBITDA is the primary metric used by management to measure our segments' operating performance and we believe it is useful to external users of our financial statements in comparing our current results with those of prior and future periods and in evaluating our operating performance without regard to our capital structure or the cost basis of our assets. Adjusted EBITDA is not a recognized term under GAAP and does not purport to be an alternative to operating income, net income or cash flows from operating activities as determined in accordance with GAAP. Because Adjusted EBITDA is not calculated identically by all companies, our calculation may not be comparable to similarly titled measures of other companies.

Adjusted EBITDA is calculated as follows:

	Year Ended December 31,		
	2012	2013	2014
	(In millions)		
Loss income from continuing operations, net of income taxes	\$ (470.9)	\$ (286.0)	\$ (749.1)

## 2015 NOTICE OF ANNUAL MEETING AND PROXY STATEMENT

**Appendix B (continued)****Peabody Energy Corporation****2015 Long-Term Incentive Plan****Section 1.****Establishment, Purpose and Duration**

1.1 **Effective Date and Purpose.** Peabody Energy Corporation, a Delaware corporation (the Company), hereby establishes the Peabody Energy Corporation 2015 Long-Term Incentive Plan (the Plan). The Plan is intended to attract and retain exceptionally qualified employees, consultants and directors upon whom, in large measure, the sustained progress, growth and profitability of the Company depend. By encouraging employees, consultants and directors of the Company and its Subsidiaries to acquire a proprietary interest in the Company's growth and performance, the Company intends to motivate employees, consultants and directors to achieve long-term Company goals and to more closely align such persons' interests with those of the Company's other stockholders. The Plan was approved by the Board on March 11, 2015 (the Approval Date), subject to approval by the Company's stockholders. The Plan became effective on May 4, 2015 (the Effective Date), which was the date approval by the Company's stockholders was obtained.

1.2 **Duration of the Plan.** The Plan shall commence on the Effective Date and shall remain in effect, subject to the right of the Board of Directors of the Company to amend or terminate the Plan at any time pursuant to Section 15, until the earlier to occur of (a) the date all Shares subject to the Plan shall have been purchased or acquired and the Restrictions on all Restricted Stock granted under the Plan shall have lapsed, according to the Plan's provisions, and (b) ten (10) years from the Effective Date of the Plan (provided that Incentive Stock Options may not be granted hereunder after the tenth (10<sup>th</sup>) anniversary of the Approval Date. The termination of the Plan shall not adversely affect any Awards outstanding on the date of such termination.

**Section 2.****Definitions**

As used in the Plan, in addition to terms elsewhere defined in the Plan, the following terms shall have the meanings set forth below:

2.1 **Acquired Entity** has the meaning set forth in Section 5.6.

2.2 **Acquired Entity Award** has the meaning set forth in Section 5.6.

2.3 **Approval Date** has the meaning set forth in Section 1.1.

2.4 **Award** means any Option (including a Non-Qualified Stock Option and an Incentive Stock Option), Stock Appreciation Right, Restricted Stock, Share, Restricted Stock Unit, Deferred Stock, Performance Unit, Substitute Award, Dividend Equivalent or Cash Incentive Award.

2.5 **Award Agreement** means any written agreement, contract, or other instrument or document evidencing any Award granted hereunder between the Company and the Grantee.

2.6 **Beneficiary** means the Person designated to receive Plan benefits, if any, following the Grantee's death in accordance with Section 17.8.

2.7 **Board** means the Board of Directors of the Company.

2.8 **Cash Incentive Award** means a performance Award determined under Section 12.

2.9 **Cause** means, unless otherwise set forth in the applicable Award Agreement: (a) any willful fraud, dishonesty or misconduct of the Grantee that can reasonably be expected to have a detrimental effect on (i) the reputation or business of the Company or any of its subsidiaries or affiliates or (ii) the Grantee's reputation or performance of his or her duties to the Company or any of its subsidiaries or affiliates; (b) willful

refusal or failure of the Grantee to comply with the Company's

Code of Business Conduct and Ethics, the Company's Anti-Corruption and Bribery policy or any other material corporate policy of the Company; (c) the Grantee's willful or repeated failure to meet documented performance objectives or to perform his or her duties or to follow reasonable and lawful directives of his or her manager (other than due to death or Disability); (d) the Grantee's conviction of, or plea of *nolo contendere* to (i) any felony; or (ii) any other criminal charge that may reasonably be expected to have a material detrimental effect on the reputation or business of the Company or any of its subsidiaries or affiliates; or (e) the Grantee's willful failure to cooperate with a bona fide internal investigation or an investigation by regulatory or law enforcement authorities, whether or not related to the Grantee's employment with the Company, after being instructed to cooperate by the Chairman and/or Chief Executive Officer or by the Board, or the willful destruction of or willful failure to preserve documents or other material known to be relevant to any such investigation; provided that with respect to clause (b) or (c) above, the Grantee shall have fifteen (15) business days following written notice of the conduct which is the basis for the potential termination for Cause within which to cure such conduct, to the extent it can be cured, to prevent termination for Cause by the Company. If the Grantee cures the conduct that is the basis for the potential termination for Cause within such period, the Company's notice of termination shall be deemed withdrawn.

2.10 Change in Control means, with respect to Awards other than Deferred Compensation Awards, the occurrence of any one or more of the following: (a) any corporation, person or other entity (other than the Company, a majority-owned subsidiary of the Company or any of its subsidiaries, or an employee benefit plan (or related trust) sponsored or maintained by the Company or any of its Subsidiaries), including a group as defined in Section 13(d)(3) of the Exchange Act, becomes the beneficial owner of stock representing more than fifty percent (50%) of the combined voting power of the Company's then outstanding securities; (b) there is consummated (i) a merger, consolidation, plan of arrangement, reorganization or similar transaction or series of transactions in which the Company is involved, other than such a transaction or series of transactions which would result in the shareholders of the Company immediately prior thereto continuing to own (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than fifty percent (50%) of the combined voting power of the securities of the Company or such surviving entity (or the parent, if any) outstanding immediately after such transaction(s) in substantially the same proportions as their ownership immediately prior to such transaction(s); (ii) a sale or other disposition of all or substantially all of the Company's assets; or (iii) approval by the Company's shareholders of a plan of liquidation of the Company; or (c) within any period of 24 consecutive months, persons who were members of the Board immediately prior to such 24-month period, together with persons who were first elected as directors (other than as a result of any settlement of a proxy or consent solicitation contest or any action taken to avoid such a contest) during such 24-month period by or upon the recommendation of persons who were members of the Board immediately prior to such 24-month period and who constituted a majority of the Board at the time of such election, cease to constitute a majority of the Board. To the extent an Award is a Deferred Compensation Award, a Change in Control shall include any event or series of events described in the foregoing provisions of this Section 2.10, but only to the extent such event or series of events also constitutes a change of control event (as described in Treasury Regulation Section 1.409A-3(i)(5)(i)) with respect to the Company.

2.11 Code means the Internal Revenue Code of 1986 (and any successor thereto), as amended from time to time. References to a particular section of the Code include references to regulations and rulings thereunder and to successor provisions.

2.12 Committee has the meaning set forth in Section 3.1(a).

2.13 Common Stock means common stock of the Company.

2.14 Company has the meaning set forth in Section 1.1.

2.15 Covered Employee means a Grantee who, as of the last day of the fiscal year in which the value of an Award is includable in income for federal income tax purposes, is one of the group of covered employees, within the meaning of Code Section 162(m), with respect to the Company.

2.16 Current Grant has the meaning set forth in Section 6.5(d).

**Appendix B (continued)**

2.18 Deferred Stock means a right, granted as an Award under Section 10, to receive payment in the form of Shares (or measured by the value of Shares) at the end of a specified deferral period (or without any deferral period).

2.19 Disability means a mental or physical illness that entitles the Grantee to receive benefits under the long-term disability plan of an Employer, or if the Grantee is not covered by such a plan or the Grantee is not an employee of an Employer, a mental or physical illness that renders a Grantee totally and permanently incapable of performing the Grantee's duties for the Company or a Subsidiary. Notwithstanding the foregoing, (a) a Disability shall not qualify under this Plan if it is the result of (i) a willfully self-inflicted injury or willfully self-induced sickness; or (ii) an injury or disease contracted, suffered, or incurred while participating in a felony criminal offense; and (b) with respect to any Deferred Compensation Award, Disability shall mean a Grantee's inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months.

2.20 Disqualifying Disposition has the meaning set forth in Section 6.5(f).

2.21 Dividend Equivalent means any right to receive payments equal to dividends or property, if and when paid or distributed, on Shares or Restricted Stock Units.

2.22 Effective Date has the meaning set forth in Section 1.1.

2.23 Eligible Person means any employee of an Employer, non-employee director of the Company or consultant engaged by an Employer.

2.24 Employer means the Company or any Subsidiary.

2.25 Exchange Act means the Securities and Exchange Act of 1934, as amended, or any successors thereto, and the rules and regulations promulgated thereunder, all as shall be amended from time to time.

2.26 Exercise Date means the date the holder of an Award that is subject to exercise delivers notice of such exercise to the Company, accompanied by such payment, attestations, representations and warranties or other documentation as required hereunder, under the applicable Award Agreement or as the Committee may otherwise specify.

2.27 Fair Market Value means, as of any applicable date, (a) the closing sales price for one Share on such date as reported on the NASDAQ Global Select Market or, if the foregoing does not apply, on such other market system or stock exchange on which the Company's Common Stock is then listed or admitted to trading, or on the last previous day on which a sale was reported if no sale of a Share was reported on such date, or (b) if the foregoing subsection (a) does not apply, the fair market value of a Share as reasonably determined in good faith by the Board in accordance with Code Section 409A. For purposes of clause (b) of the preceding sentence, the determination of such Fair Market Value by the Board will be made no less frequently than every twelve (12) months and will either (x) use one of the safe harbor methodologies permitted under Treasury Regulation Section 1.409-1(b)(5)(iv)(B)(2) (or such other similar regulation provision as may be provided) or (y) include, as applicable, the value of tangible and intangible assets of the Company, the present value of future cash flows of the Company, the market value of stock or other equity interests in similar corporations and other entities engaged in trades or businesses substantially similar to those engaged in by the Company, the value of which can be readily determined through objective means (such as through trading prices or an established securities market or an amount paid in an arms-length private transaction), and other relevant factors such as control premiums or discounts for lack of marketability and whether the valuation method is used for other purposes that have a material economic effect on the Company, its stockholders or its creditors.

2.28 FICA has the meaning set forth in Section 16.1(a).

2.31 Immediate Family has the meaning set forth in Section 5.4(c).

2.32 Incentive Opportunity means a Grantee's threshold, target and maximum Incentive Opportunity for a Year; provided that such Incentive Opportunity shall be either (a) to the extent that the Grantee has entered into an employment agreement with the Company, the threshold, target and maximum incentive payment levels, if any, specified in the employment agreement for such Year based on the Grantee's base salary in effect on the first day of such Year, or (b) if there is no employment agreement in effect between the Company and the Grantee as of the first day of such Year or if the employment agreement does not specify such incentive payment levels, the percentage of such Grantee's base salary in effect on the first day of such Year (or such later date as such person is designated as a Grantee) as determined by the Committee in its sole discretion within the first ninety (90) days of such Year (or before such later date as such person is designated as a Grantee). With respect to any Grantee whose Cash Incentive Award is not intended to be subject to the Performance-Based Exception, such Grantee's Incentive Opportunity may be changed during a Year to reflect changes in compensation or duties during such Year. It is expected that the Cash Incentive Award of such Grantee will be prorated based on the portion of the Year that each level Incentive Opportunity was in effect with respect to such Grantee.

2.33 Incentive Stock Option means an Option granted under Section 6 that is intended to meet the requirements of Code Section 422.

2.34 including or includes means including, but not limited to, or includes, but is not limited to, respectively.

2.35 Non-Qualified Stock Option means an Option granted under Section 6 that is not intended to be an Incentive Stock Option.

2.36 Notice has the meaning set forth in Section 6.6(a).

2.37 Other Plans has the meaning set forth in Section 6.5(d)

2.38 Option means an Incentive Stock Option or Non-Qualified Stock Option.

2.39 Option Price means the price at which a Share may be purchased by a Grantee pursuant to an Option.

2.40 Performance-Based Exception means the performance-based exception from the tax deductibility limitations of Code Section 162(m) contained in Code Section 162(m)(4)(C) (including, to the extent applicable, the special provision for options thereunder).

2.41 Performance Goal means the objective or subjective criteria determined by the Committee, the degree of attainment of which will affect (a) in the case of an Award other than a Cash Incentive Award, the amount of the Award the Grantee is entitled to receive or retain, and (b) in the case of a Cash Incentive Award, the portion of the individual's Incentive Opportunity potentially payable as a Cash Incentive Award. Performance Goals may contain threshold, target and maximum levels of achievement and, to the extent the Committee intends an Award (including a Cash Incentive Award) to comply with the Performance-Based Exception, the Performance Goals shall be objective and shall be chosen from among the Performance Measures.

2.42 Performance Measures has the meaning set forth in Section 4.4(a).

2.43 Performance Period means that period established by the Committee at the time any Performance Unit is granted or at any time thereafter during which any performance goals specified by the Committee with respect to such Award are to be measured.

2.44 Performance Unit means any grant pursuant to Section 11 of (a) an incentive award consisting of cash or other property (including, but not limited to Common Stock) the amount or value of which, and/or the entitlement to which, is conditioned upon the attainment of any performance goals specified by the Committee, or (b) a unit valued by reference to a designated amount of property other than Shares.

**Section 3.****Administration****3.1 Committee.**

(a) Subject to Section 3.2, the Plan shall be administered by the Compensation Committee of the Board unless otherwise determined (generally or in specific circumstances) by the Board (the Committee). The members of the Committee shall be appointed by the Board from time to time and may be removed by the Board from time to time. To the extent the Board considers it desirable to comply with Rule 16b-3 or meet the Performance-Based Exception, the Committee shall consist of two or more directors of the Company, all of whom qualify as outside directors within the meaning of Code Section 162(m) and Section 16 Non-Employee Directors. The number of members of the Committee shall from time

the Company any or all of the authority of the Committee with respect to the grant of Awards to Grantees, other than Grantees who are executive officers, or are (or are expected to be) Covered Employees and/or are Section 16 Persons at the time any such delegated authority is exercised. In addition, with respect to plan administration issues (and not with respect to issues directly related to Awards), to the fullest extent permitted by Delaware General Corporation Law, other federal or state law or regulation, or any stock exchange or automated quotation system on which the Shares may then be listed or quoted, the Committee may delegate to the Company or any officer thereof any or all of the authority of the Committee. When the authority of the Committee has been properly delegated pursuant to this Section 3.1(b), reference to the Committee herein shall be deemed to be references to such delegate (except where the context clearly indicates otherwise).

3.2 Powers of the Committee. Subject to and consistent with the provisions of the Plan, the Committee shall have full power and authority and sole discretion as follows:

(a) to determine when, to whom (*i.e.*, what Eligible Persons) and in what types and amounts Awards should be granted;

(b) to grant Awards to Eligible Persons in any number, and to determine the terms and conditions applicable to each Award (including conditions intended to comply with Code Section 409A, the number of Shares or the amount of cash or other property to which an Award will relate, any Option Price or Strike Price, grant price or purchase price, any limitation or Restriction, any schedule for or performance conditions relating to the earning of the Award or the lapse of limitations, forfeiture restrictions, restrictive covenants, restrictions on exercisability or transferability, any performance goals, including those relating to the Company and/or a Subsidiary and/or any division thereof and/or an individual, and/or vesting based on the passage of time, based in each case on such considerations as the Committee shall determine);

(c) to determine the benefit (including any Incentive Opportunity) payable under any Award and to determine whether any performance or vesting conditions, including Performance Measures or Performance Goals, have been satisfied;

(d) to determine whether or not specific Awards shall be granted in connection with other specific Awards;

(e) to determine the Term, as applicable;

(f) to determine the amount, if any, that a Grantee shall pay for Restricted Stock or Deferred Stock, whether to permit or require the payment of cash dividends thereon to be deferred and the terms related thereto, when Restricted Stock (including Restricted Stock acquired upon the exercise of an Option) shall be forfeited and whether such Shares shall be held in escrow or other custodial arrangement;

(g) to determine whether, to what extent and under what circumstances an Award may be settled in, or the exercise price of an Award may be paid in, cash, Shares, other Awards or other property, or an Award may be accelerated, vested, canceled, forfeited or surrendered (each in accordance with the terms and requirements of the Plan) or any terms of the Award may be waived, and to accelerate the exercisability of, and to accelerate or waive any or all of the terms and conditions applicable to, any Award or any group of Awards for any reason and at any time or to extend the period subsequent to the Termination of Service within which an Award may be exercised;

(h) to determine with respect to Awards granted to Eligible Persons, whether, to what extent and under what circumstances cash, Shares, other Awards, other property and other amounts payable with respect to an Award will be deferred, either at the election of the Grantee or, if and to the extent specified in the Award Agreement, automatically or at the election of the Committee (for purposes of limiting loss of deductions pursuant to Code Section 162(m) or otherwise) and to provide for the payment of interest or other rate of return determined with reference to a predetermined actual investment or independently set interest rate, or with respect to other bases permitted under Code Sections 162(m), 409A or otherwise, for the period between the date of exercise and the date of payment or settlement of the Award;

(i) to make such adjustments or modifications to Awards to Grantees who are working outside the United States as are advisable to fulfill the purposes of the Plan or to comply with applicable local law and to establish sub-plans for an Eligible Person outside the United States with such

provisions as are consistent with the Plan as may be suitable in other jurisdictions;

(j) to determine whether a Grantee has a Disability or a Retirement;

(k) to determine whether and under what circumstances a Grantee has incurred a Termination of Service (e.g., whether Termination of Service was for Cause);

(l) to make, amend, suspend, waive and rescind rules and regulations relating to the Plan;

(m) without the consent of the Grantee, to make adjustments in the terms and conditions of, and the criteria in, Awards in recognition of unusual or nonrecurring events (including events described in Section 4.2) affecting an Employer or the financial statements of an Employer, or in response to changes in applicable laws, regulations or accounting principles; provided that in no event shall such adjustment increase the value of an Award for a person expected to be a Covered Employee for whom the Committee desires to have the Performance-Based Exception apply;

(n) to appoint such agents as the Committee may deem necessary or advisable to administer the Plan;

(o) to determine the terms and conditions of all Award Agreements applicable to Eligible Persons (which need not be identical) and, with the consent of the Grantee (except as provided in this Section 3.2(o) and Sections 5.5 and 15.2), to amend any such Award Agreement at any time; provided that the consent of the Grantee shall not be required for any amendment (i) which does not materially and adversely affect the rights of the Grantee, or (ii) which is necessary or advisable (as determined by the Committee) to carry out the purpose of the Award as a result of any new applicable law or regulation or change in an existing applicable law or regulation or interpretation thereof, (iii) to the extent the Award Agreement specifically permits amendment without consent, or (iv) that constitutes the determination of a Deferred Compensation Award, but only to the extent such termination is intended to satisfy the requirements of Treasury Regulation Section 1.409A-3(j)(4)(ix);

(p) to impose such additional terms and conditions upon the grant, exercise or retention of Awards as the Committee may, before or concurrently with the grant thereof, deem appropriate, including limiting the percentage of Awards which may from time to time be exercised by a Grantee, and including requiring the Grantee to enter into restrictive covenants;

(q) to correct any defect or supply any omission or reconcile any inconsistency, and to construe and interpret the Plan, the rules and regulations, and Award Agreement or any other instrument entered into or relating to an Award under the Plan; and

(r) to take any other action with respect to any matters relating to the Plan for which it is responsible and to make all other decisions and determinations, including factual determinations, as may be required under the terms of the Plan or as the Committee may deem necessary or advisable for the administration of the Plan.

Any action of the Committee with respect to the Plan shall be final, conclusive and binding on all Persons, including the Company, its Subsidiaries, any Grantee, any Eligible Person, any Person claiming any rights under the Plan from or through any Grantee, and stockholders, except to the extent the Committee may subsequently modify, or take further action not consistent with, its prior action. If not specified in the Plan, the time at which the Committee must or may make any determination shall be determined by the Committee, and any such determination may thereafter be modified by the Committee. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee.

All determinations of the Committee shall be made by a majority of its members; provided that any determination affecting any Awards made or to be made to a member of the Committee may, at the Board's election, be made by the Board.

**Section 4.****Shares Subject to the Plan and Adjustments**

4.1 Number of Shares Available for Grants.

(a) Subject to Sections 4.1(b) and 4.1(c), and subject to adjustment as provided in Section 4.2, the maximum number of Shares that will be available for issuance under the Plan will be equal to 18,000,000, plus any Shares that become
