New Notes The terms of the new notes are substantially identical to the terms of the

old notes, except that the transfer restrictions, registration rights and provisions for additional interest relating to the old notes do not apply to the new notes. The new notes, together with any old notes that remain outstanding after the completion of the exchange offer, will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

The new notes will have a CUSIP number different from that of any old notes that remain outstanding after the completion of the exchange offer.

Exchange Offer We are offering to exchange new notes for old notes.

Expiration Date The exchange offer will expire at 5:00 p.m., New York City time, on

, unless we decide to extend it.

Condition to the Exchange Offer

The registration rights agreements do not require us to accept old notes

minimum aggregate principal amount of old notes being tendered.

Procedures for Tendering Old Notes All of the old notes are held in book-entry form through the facilities of

The Depository Trust Company, or DTC. To participate in the exchange offer, you must follow the procedures established by DTC for tendering notes held in book-entry form. the exchange offer, a computer-generated message known as an agent message that is transmitted through ATOP, and (ii) that DTC confirm

that:

DTC has received instructions to exchange your old notes; and

you agree to be bound by the terms of the letter of transmittal in Annex A hereto.

Consequences of Failure to Exchange Old Notes

In addition, you will not be able to resell, offer to resell or otherwise transfer the old notes unless we have registered the old notes under the Securities Act, or unless you resell, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act.

U.S. Federal Income Tax Consequences

The exchange of new notes for old notes in the exchange offer will not be a taxable event for U.S. federal income tax purposes. Please read Certain U.S. Federal Income Tax Considerations.

### **Terms of the New Notes**

The new notes will be substantially identical to the old notes except that the new notes are registered under the Securities Act and will not have restrictions on transfer, registration rights or provisions for additional interest. The new notes will evidence the same debt as the old notes, and the same indenture will govern the new notes and the old notes. In this prospectus, we sometimes refer to the new notes and the old notes, collectively, as the notes.

The following summary contains basic information about the new notes and the subsidiary guarantees and is not intended to be complete. It does not contain all information that may be important to you. For a more complete understanding of the new notes and the subsidiary guarantees, including definitions of certain terms used below, please refer to the section entitled Description of New Notes in this prospectus.

Subsidiary guarantees The notes will be guaranteed on a senior unsecured basis by all of the

Company s existing and future domestic Restricted Subsidiaries that are guarantors or borrowers under our Revolving Credit Facility. Under

certain circumstances, subsidiary guarantors may be released from their subsidiary guarantees without the consent of the holders of notes. See Description of New Notes Subsidiary guarantees.

For the year ended December 31, 2014 and the three months ended March 31, 2015, our non-guarantor subsidiaries, principally comprising the Company s foreign subsidiaries:

represented approximately 17.7% and 17.9% of our total net sales;

4

represented approximately (1.8)% and 6.3% of our operating income from continuing operations; and

represented approximately 7.0% and 6.2% of our Adjusted EBITDA, including Floorplan interest expense on a consolidated basis, respectively.

As of March 31, 2015, our non-guarantor subsidiaries, principally comprising the Company s foreign subsidiaries:

represented approximately 13.9% of our total assets, excluding intercompany assets; and

had approximately \$324.4 million of total liabilities, including trade payables but excluding intercompany liabilities.

Ranking

The notes will be the Company s senior unsecured obligations and will rank:

equal in right of payment with all existing and future senior unsecured Debt of the Company;

effectively subordinated to all existing and future senior secured Debt of the Company to the extent of the value of the assets securing such Debt;

senior in right of payment to all subordinated Debt of the Company; and

effectively subordinated to any debt of any non-guarantor subsidiaries.

The subsidiary guarantees will be the subsidiary guarantors senior unsecured obligations and will rank:

equal in right of payment with all existing and future senior unsecured Debt of the subsidiary guarantors;

effectively junior in right of payment to all existing and future senior secured Debt of the subsidiary guarantors to the extent of the value of the assets securing such Debt; and

senior in right of payment to all subordinated Debt of the subsidiary guarantors.

As of March 31, 2015, the Company and the Subsidiary Guarantors had approximately \$1,068.4 million of long-term debt outstanding and undrawn availability under the Acquisition Line of our Revolving Credit Facility of approximately \$150.6 million. Additionally, the Company and the Subsidiary Guarantors had approximately \$2.3 billion of secured indebtedness outstanding, including floorplan notes payable.

Certain covenants

We will issue the new notes under an indenture with Wells Fargo Bank, National Association, as trustee. The indenture, among other things, limits our ability and the ability of our restricted subsidiaries to:

incur additional Debt and guarantee Debt;

5

pay dividends on our capital stock or repurchase our capital stock and make certain other restricted payments;

enter into agreements limiting dividends and certain other restricted payments;

prepay, redeem or repurchase subordinated Debt;

grant liens on our assets;

merge, consolidate or convey, transfer or lease all or substantially all of our assets;

sell, transfer or otherwise dispose of property and assets; and

engage in transactions with affiliates.

These covenants are subject to a number of important exceptions and qualifications. For more details, see Description of New Notes. Certain covenants will be suspended and will not apply to the notes for so long as the notes have investment grade ratings from either Standard & Poor s Ratings Services (S&P) or Moody s Investors Service, Inc. (Moody s) and no default or event of default shall have occurred and be continuing at the time of suspension.

Transfer Restrictions; Trading Market for the New Notes

The new notes generally will be freely transferable and, after the exchange offer, will trade together with the old notes. There can be no assurance as to the liquidity of any market for the notes.

Risk Factors

Investing in the new notes involves risks. See Risk Factors for a discussion of certain factors you should consider in evaluating whether or not to tender your old notes.

6

## **RISK FACTORS**

Before deciding to participate in the exchange offer, you should carefully consider all of the information contained in this prospectus and the documents incorporated by reference into this prospectus as provided under Where You Can Find More Information, including our 2014 Annual Report. This prospectus and the documents incorporated by reference into this prospectus also contain forward-looking statements that involve risks and uncertainties. Please read Cautionary Note Regarding Forward-Looking Statements. Our actual results could differ materially from those anticipated in the forward-looking statements as a result of certain factors, including the risks described below, elsewhere in this prospectus and in the documents incorporated by reference. If any of these risks occur, our business, financial condition or results of operation could be adversely affected.

### **Risks Relating to the Exchange Offer**

If you do not properly tender your old notes, you will continue to hold unregistered old notes and your ability to transfer old notes will remain restricted and may be adversely affected.

We will only issue new notes in exchange for old notes that you timely and properly tender. Therefore, you should allow sufficient time to ensure timely delivery of the old notes and you should carefully follow the instructions on how to tender your old notes. Neither we nor the exchange agent is required to tell you of any defects or irregularities with respect to your tender of old notes.

If you do not exchange your old notes for new notes pursuant to the exchange offer, the old notes you hold will continue to be subject to the existing transfer restrictions. In general, you may not offer or sell the old notes except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not plan to register old notes under the Securities Act unless the applicable registration rights agreement with the initial purchasers of the old notes requires us to do so. Further, if you continue to hold any old notes after the exchange offer is consummated, you may have trouble selling them because there will be fewer of the old notes outstanding.

## Risks Relating to the New Notes.

We may not be able to generate sufficient cash to service all of our indebtedness and may be forced to take other actions to satisfy our obligations under applicable debt instruments, which may not be successful.

Our ability to make scheduled payments on or to refinance our indebtedness obligations, including our credit facilities and the new notes, depends on our financial condition and operating performance, which are subject to prevailing economic and competitive conditions and certain financial, business and other factors beyond our control. We may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the new notes.

If our cash flows and capital resources are insufficient to fund debt service obligations, we may be forced to reduce or delay investments and capital expenditures, sell assets, seek additional capital or restructure or refinance indebtedness. Our ability to restructure or refinance indebtedness will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of indebtedness could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest and principal on outstanding indebtedness on a timely basis would likely result in a reduction of our credit rating, which could harm our ability to incur additional indebtedness. In the absence of sufficient cash flows

and capital resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet debt service and other obligations. Our Revolving Credit Facility currently restricts our ability to dispose of assets and our use of

7

the proceeds from such disposition. We may not be able to consummate those dispositions, and the proceeds of any such disposition may not be adequate to meet any debt service obligations then due. These alternative measures may not be successful and may not permit us to meet scheduled debt service obligations.

Our Revolving Credit Facility provides a total borrowing capacity of \$1.7 billion. We can expand the Revolving Credit Facility to its maximum commitment of \$1.95 billion, subject to participating lender approval. The Revolving Credit Facility consists of two tranches: a maximum of \$1.6 billion for vehicle inventory financing under the Floorplan Line, as well as a maximum of \$320.0 million and a minimum of \$100.0 million for working capital and general corporate purposes, including acquisitions, under the Acquisition Line. The capacity under these two tranches can be re-designated within the overall \$1.7 billion commitment, subject to the aforementioned limits. However, the amount of available borrowing capacity under the Acquisition Line may be limited from time to time based upon the available borrowing base calculation within the debt covenants under the Revolving Credit Facility. In the future, we may not be able to access adequate funding under our Revolving Credit Facility as a result of an unwillingness or inability on the part of lending counterparties to meet their funding obligations or the inability of other lenders to provide additional funding to cover the defaulting lender s portion, which would have a material adverse effect on our financial condition and results of operations and impair our ability to service our indebtedness.

Our leverage and debt service obligations may adversely affect our financial condition, results of operations, business prospects and our ability to make payments on the notes.

As of March 31, 2015, we and our subsidiaries had approximately \$1,147.2 million of outstanding long-term debt, including \$123.7 million under the Acquisition Line of our Revolving Credit Facility, \$57.2 million under our Real Estate Credit Facility, \$371.4 million in real estate related and other long-term debt, \$54.6 million in Capital Lease Obligations and \$550.0 million aggregate principal amount of the notes, and we had approximately \$150.6 million of borrowing capacity under the Acquisition Line of our Revolving Credit Facility. In addition, at March 31, 2015, the Company and its subsidiaries had approximately \$1.3 billion floorplan debt outstanding.

Our level of indebtedness could affect our operations in several ways, including the following:

require us to dedicate a substantial portion of our cash flow from operations to service our existing debt, thereby reducing the cash available to finance our operations and other business activities;

limit management s discretion in operating our business and our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;

increase our vulnerability to downturns and adverse developments in our business and the economy generally;

limit our ability to access the capital markets to raise capital on favorable terms or to obtain additional financing for working capital, capital expenditures or acquisitions or to refinance existing indebtedness;

place restrictions on our ability to obtain additional financing, make investments, lease equipment, sell assets and engage in business combinations;

make us vulnerable to increases in interest rates as our indebtedness under any revolving credit facility may vary with prevailing interest rates;

place us at a competitive disadvantage relative to competitors with lower levels of indebtedness in relation to their overall size or less restrictive terms governing their indebtedness; and

make it more difficult for us to satisfy our obligations under the notes or other debt and increase the risk that we may default on our debt obligations.

8

Our variable rate indebtedness subjects us to interest rate risk, which could cause our debt service obligations to increase significantly.

Borrowings under our credit facilities are at variable rates of interest and expose us to interest rate risk. If interest rates were to increase, our debt service obligations on the variable rate indebtedness would increase even though the amount borrowed remained the same, and our net income and cash flows, including cash available for servicing our indebtedness, will correspondingly decrease. Based upon the aggregate amount of variable-rate indebtedness outstanding as of March 31, 2015, and before the impact of our interest rate swaps, a 100-basis point change in interest rates would have resulted in an approximate \$5.5 million change in our annual interest expense. In the future, we may enter into interest rate swaps that involve the exchange of floating for fixed rate interest payments in order to reduce interest rate volatility. However, we may not maintain interest rate swaps with respect to all of our variable rate indebtedness, and any swaps we enter into may not fully mitigate our interest rate risk.

The notes and the subsidiary guarantees will be unsecured obligations and will be effectively subordinated to all of our existing and future secured indebtedness and structurally subordinated to liabilities of any non-guarantor subsidiaries.

The notes and the subsidiary guarantees will be general unsecured senior obligations ranking effectively junior to all of our existing and future secured indebtedness (including all borrowings under our credit facilities) to the extent of the value of the collateral securing such indebtedness. If we or a subsidiary guarantor is declared bankrupt, becomes insolvent or is liquidated or reorganized, the holders of our secured indebtedness or the secured indebtedness of such subsidiary guarantor will be entitled to be paid in full from the proceeds of the assets, if any, securing such indebtedness before any payment may be made with respect to the notes or the affected subsidiary guarantees. Holders of the notes will participate ratably in any remaining proceeds with all holders of our unsecured indebtedness, including unsecured indebtedness incurred after the notes are issued that does not rank junior to the notes, including trade payables and all of our other general indebtedness, based on the respective amounts owed to each holder or creditor. In any of the foregoing events, there may not be sufficient funds to pay amounts due on the notes. As a result, holders of the notes would likely receive less, ratably, than holders of secured indebtedness. In addition, our subsidiaries that provide, or will provide, subsidiary guarantees will be automatically released from those subsidiary guarantees upon the occurrence of certain events without the consent of the holders of the notes.

If any subsidiary guarantee is released, no holder of the notes will have a claim as a creditor against that subsidiary, and the indebtedness and other liabilities, including trade payables and preferred stock, if any, whether secured or unsecured, of that subsidiary will be effectively senior to the claim of any holders of the notes. See Description of New Notes Subsidiary guarantees.

The notes will also be structurally subordinated to any indebtedness and other liabilities of any subsidiaries that do not guarantee the notes. The indenture governing the notes permits us to form or acquire additional subsidiaries that are not subsidiary guarantors of the notes in certain circumstances.

Holders of the notes will have no claim as a creditor against any of our non-guarantor subsidiaries. See Description of New Notes Subsidiary guarantees.

As of March 31, 2015, the Company and the Subsidiary Guarantors had approximately \$1,068.4 million of outstanding long-term debt, including \$123.7 million under the Acquisition Line of our Revolving Credit Facility, \$57.2 million under our Real Estate Credit Facility, \$371.4 million in real estate-related long-term debt, \$54.6 million in Capital Lease Obligations and \$550.0 million aggregate principal amount of the notes, and we had approximately \$150.6 million of borrowing capacity under the Acquisition Line of our Revolving Credit Facility. In addition, the

Company and the Subsidiary Guarantors had approximately \$1.2 billion of floorplan debt outstanding. As of March 31, 2015, the Company and the Subsidiary Guarantors had secured debt of \$2.3 billion, including floorplan notes payable.

9

As of March 31, 2015, our non-guarantor subsidiaries (i) held approximately \$568.5 million of our consolidated assets and (ii) had approximately \$324.4 million of total liabilities including trade payables, and \$78.9 million of indebtedness but excluding intercompany liabilities, and our non-guarantor subsidiaries generated approximately 17.9% of our total net sales and 6.2% of our Adjusted EBITDA, including Floorplan interest expense for the three month period ended March 31, 2015.

We and the subsidiary guarantors may incur substantial additional indebtedness. This could increase the risks associated with the notes.

Subject to the restrictions in the indenture governing the notes and in other instruments governing our other outstanding indebtedness (including our credit facilities), we and our subsidiaries may incur substantial additional indebtedness (including secured indebtedness) in the future. Although the indenture governing the notes and our credit facilities contain, restrictions on the incurrence of additional indebtedness, these restrictions are subject to waiver and a number of significant qualifications and exceptions, and indebtedness incurred in compliance with these restrictions could be substantial.

If we or a subsidiary guaranter incurs any additional indebtedness that ranks equally with the notes (or with the subsidiary guarantees thereof), including additional unsecured indebtedness or trade payables, the holders of that indebtedness will be entitled to share ratably with holders of the notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding-up of us or a subsidiary guarantor. This may have the effect of reducing the amount of proceeds paid to holders of the notes in connection with such a distribution.

Any increase in our level of indebtedness will have several important effects on our future operations, including, without limitation, whether:

we will have additional cash requirements in order to support the payment of interest on our outstanding indebtedness;

increases in our outstanding indebtedness and leverage will increase our vulnerability to adverse changes in general economic and industry conditions, as well as to competitive pressure; and

depending on the levels of our outstanding indebtedness, our ability to obtain additional financing for working capital, capital expenditures, general corporate and other purposes may be limited.

We cannot assure you that we will be able to maintain or improve our leverage position.

An element of our business strategy involves maintaining a disciplined approach to financial management. Although we will seek to maintain or improve our leverage position, our ability to maintain or reduce our level of indebtedness depends on a variety of factors, including future performance and our future debt financing needs. General economic conditions and financial, business and other factors will also affect our ability to maintain or improve our leverage position. Many of these factors are beyond our control.

Our credit facilities and the indenture governing the notes have restrictive covenants that could limit our financial flexibility. Our credit facilities and the indenture governing the notes contain restrictive covenants that limit our ability to engage in activities that may be in our long-term best interests. Our ability to borrow under our credit facilities is

subject to compliance with certain financial covenants, including the maintenance of certain financial ratios, including a minimum current ratio, an asset coverage ratio and a minimum interest coverage ratio. Our credit facilities and the indenture governing the notes contain covenants, that, among other things, limit our ability and the ability of our restricted subsidiaries to:

incur additional indebtedness;	
sell assets;	
pay dividends or make certain investments;	

10

create liens that secure indebtedness;

enter into transactions with affiliates; and

merge or consolidate with another company.

See Description of New Notes Certain covenants. Our failure to comply with these covenants could result in an event of default that, if not cured or waived, could result in the acceleration of all of our indebtedness. We would not have sufficient working capital to satisfy our debt obligations in the event of an acceleration of all or a significant portion of our outstanding indebtedness.

If we are unable to comply with the restrictions and covenants in the agreements governing the notes and our other indebtedness, there could be a default under the terms of these agreements, which could result in an acceleration of payment of funds that we have borrowed and would affect our ability to make principal and interest payments on the notes.

Any default under the agreements governing our indebtedness that is not cured or waived by the required lenders, and the remedies sought by the holders of any such indebtedness, could make us unable to pay principal, premium, if any, and interest, or special interest, if any, on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest, or special interest, if any, on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the agreements governing our indebtedness (including covenants in credit facilities and the indenture governing the notes), we could be in default under the terms of the agreements governing such indebtedness. In the event of such default:

the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest;

the lenders under our credit facilities could elect to terminate their commitments thereunder, cease making further loans and institute foreclosure proceedings against our assets; and

we could be forced into bankruptcy or liquidation.

If our operating performance declines, we may in the future need to obtain waivers under our credit facilities to avoid being in default. If we breach our covenants under our credit facilities and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under the facilities, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

## We may not be able to repurchase the notes upon a change of control.

If we experience certain kinds of changes of control, we may be required to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest, if any. We may not be able to repurchase the notes upon a change of control because we may not have sufficient financial resources to purchase all of the notes that are tendered following a change of control, and any future debt, which may also include change of control repurchase

provisions. In addition, the terms of future indebtedness may prohibit us from repurchasing notes upon a change of control. Our failure to repurchase the notes upon a change of control could cause a default under the indenture governing the notes and could lead to a cross default under our Revolving Credit Facility and other debt instruments. Additionally, using cash to fund the potential consequences of a change of control may impair our ability to obtain additional financing in the future, which could negatively impact our ability to conduct our business operations. See Description of New Notes Change of control.

Holders of the notes may not be able to determine when a change of control giving rise to their right to have the notes repurchased has occurred following a sale of substantially all of our assets.

One of the circumstances under which a change of control may occur is upon the sale or disposition of all or substantially all of our assets. There is no precise established definition of the phrase substantially all under

11

applicable law, and the interpretation of that phrase will likely depend upon particular facts and circumstances. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale of less than all our assets to another person may be uncertain.

Federal and state statutes allow courts, under specific circumstances, to void the notes and/or the subsidiary guarantees and, if that occurs, noteholders may not receive any payments on the notes or the subsidiary guarantees or may require you to repay amounts already received.

Federal bankruptcy and state fraudulent transfer laws permit a court to avoid all or a portion of the obligations under the notes or of a subsidiary guarantor pursuant to its guarantee of the notes, thereby, reducing or eliminating the noteholders—ability to recover on account of the notes or the subsidiary guarantee. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, a note or a subsidiary guarantee could be voided as a fraudulent transfer or conveyance if (i) the note or subsidiary guarantee was incurred with the intent of hindering, delaying or defrauding creditors; or (ii) we or the subsidiary guarantor received less than reasonably equivalent value or fair consideration in return for incurring the subsidiary guarantee and, in the case of (ii) only, one of the following is also true at the time thereof:

we or any of the subsidiary guarantors was insolvent or rendered insolvent by reason of the incurrence of the subsidiary guarantee;

the incurrence of the subsidiary guarantee left either us or any subsidiary guarantor with an unreasonably small amount of capital or assets to carry on the business; or

we or any of the subsidiary guarantors intended to, or believed that it would, incur debts beyond its ability to pay such debts as they mature.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is secured or satisfied. A court would likely find that a subsidiary guarantor did not receive reasonably equivalent value or fair consideration for its guarantee if the subsidiary guarantor did not substantially benefit directly or indirectly from the issuance of the notes.

If a court were to find that the issuance of the notes or the incurrence of a subsidiary guarantee was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or the subsidiary guarantee, subordinate the notes or that subsidiary guarantee to presently existing and future indebtedness of ours or of the related subsidiary guarantor, or require the holders of the notes to repay any amounts received with respect to that subsidiary guarantee. Sufficient funds to repay the notes may not be available from other sources, including the remaining subsidiary guarantors, if any. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the notes. Further, the avoidance of the notes could result in an event of default with respect to our and our subsidiaries other debt that could result in acceleration of that debt.

We cannot be certain as to the standards a court would use to determine whether or not we or the subsidiary guarantors were insolvent at the relevant time or, regardless of the standard that a court uses, whether the notes or the subsidiary guarantees would be subordinated to our or any of our subsidiary guarantors—other debt. The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law of the applicable jurisdiction. Generally, a subsidiary guarantor would be considered insolvent if:

the sum of its debts, including contingent and unliquidated liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they became absolute and mature; or

it could not pay its debts as they became due.

12

Each subsidiary guarantee will contain a provision intended to limit the subsidiary guarantor s liability under its guarantee to the maximum amount that the subsidiary guarantor could incur without causing the incurrence of obligations under its guarantee to be deemed a fraudulent transfer. This provision may not be effective to protect the subsidiary guarantees from being voided under applicable fraudulent transfer or conveyance laws.

Finally, as a court of equity, the bankruptcy court may subordinate the claims in respect of the notes to other claims against us under the principle of equitable subordination if the court determines that (1) the holder of notes engaged in some type of inequitable conduct, (2) the inequitable conduct resulted in injury to our other creditors or conferred an unfair advantage upon the holders of notes and (3) equitable subordination is not inconsistent with the provisions of the bankruptcy code.

Many of the covenants contained in the indenture will be suspended if the notes are rated investment grade by Standard & Poor s or Moody s and no default has occurred and is continuing.

Many of the covenants in the indenture governing the notes will be suspended if the notes are rated investment grade by Standard & Poor s or Moody s, provided at such time no default or event of default has occurred and is continuing. These covenants include restrictions on our ability to pay dividends, to incur debt and to enter into certain transactions. There can be no assurance that the notes will ever be rated investment grade. However, suspension of these covenants would allow us to engage in certain transactions that would not have been permitted while these covenants were in force and these transactions will not result in an event of default in the event these covenants are subsequently reinstated. See Description of New Notes Effectiveness of certain covenants.

A lowering or withdrawal of the ratings assigned to our debt securities by rating agencies may increase our future borrowing costs and reduce our access to capital.

Our debt currently has a non-investment grade rating, and any rating assigned could be lowered or withdrawn entirely by a rating agency if, in that rating agency s judgment, future circumstances relating to the basis of the rating, such as adverse changes, so warrant. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the notes. Credit ratings are not recommendations to purchase, hold or sell the notes. Additionally, credit ratings may not reflect the potential effect of risks relating to the structure or marketing of the notes.

Any future lowering of our ratings likely would make it more difficult or more expensive for us to obtain additional debt financing. If any credit rating initially assigned to the notes is subsequently lowered or withdrawn for any reason, you may not be able to resell your notes without a substantial discount.

Your ability to transfer the notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop or continue for the notes.

The old notes have not been registered under the Securities Act, and may not be resold by holders thereof unless the old notes are subsequently registered or an exemption from the registration requirements of the Securities Act is available. Following the exchange of the old notes for new notes, the new notes will trade together with the old notes. However, we cannot assure you that an active trading market for the notes will develop or continue, and we have no obligation to create such a market.

The liquidity of any trading market for the notes and the market price quoted for the notes depends upon the number of holders of the notes, the overall market for similar securities, our financial performance or prospects or the prospects for companies in our industry generally, the interest of securities dealers in making a market in the notes and other factors.

#### **EXCHANGE OFFER**

We sold the old notes on June 2, 2014 and September 9, 2014 pursuant to purchase agreements dated as of May 16, 2014, and September 4, 2014, respectively, by and among the Issuer and the Guarantors and the initial purchasers named therein. The old notes were subsequently offered by the initial purchasers to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to non-U.S. persons pursuant to Regulation S under the Securities Act

### Purpose and Effect of the Exchange Offer

At the closings of the offerings of the original notes and additional notes, we entered into registration rights agreements with the initial purchasers pursuant to which we agreed, for the benefit of the holders of the old notes, at our cost, to do the following:

file an exchange offer registration statement with the SEC with respect to the exchange offer for the new notes, and

use commercially reasonable efforts to have the exchange offer completed by June 2, 2015. Additionally, we agreed to offer to holders of the old notes the new notes in exchange for surrender of the old notes upon the SEC s declaring the exchange offer registration statement effective. We agreed to use commercially reasonable efforts to cause the exchange offer registration statement to be effective continuously, and to keep the exchange offer open for a period of not less than 20 business days.

For each old note surrendered to us pursuant to the exchange offer, the holder of such old note will receive a new note having a principal amount equal to that of the surrendered old note. Interest on each new note will accrue from the last interest payment date on which interest was paid on the surrendered old note or, if no interest has been paid on such old note, from June 2, 2014. Each of the registration rights agreements also provides an agreement to include in the prospectus for the exchange offer certain information necessary to allow a broker-dealer who holds old notes that were acquired for its own account as a result of market-making activities or other ordinary course trading activities (other than old notes acquired directly from us or one of our affiliates) to exchange such old notes pursuant to the exchange offer and to satisfy the prospectus delivery requirements in connection with resales of new notes received by such broker-dealer in the exchange offer. We agreed to use commercially reasonable efforts to maintain the effectiveness of the exchange offer registration statement for these purposes for a period of 180 days after the completion of the exchange offer, which period may be extended under certain circumstances.

The preceding agreement is needed because any broker-dealer who acquires old notes for its own account as a result of market-making activities or other trading activities is required to deliver a prospectus meeting the requirements of the Securities Act. This prospectus covers the offer and sale of the new notes pursuant to the exchange offer and the resale of new notes received in the exchange offer by any broker-dealer who held old notes acquired for its own account as a result of market-making activities or other trading activities other than old notes acquired directly from us or one of our affiliates.

Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that the new notes issued pursuant to the exchange offer would in general be freely tradable after the exchange offer without further registration under the Securities Act. However, any purchaser of old notes who is an affiliate of ours or who

intends to participate in the exchange offer for the purpose of distributing the related new notes:

will not be able to rely on the interpretation of the staff of the SEC,

will not be able to tender its old notes in the exchange offer; and

14

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the old notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Each holder of the old notes (other than certain specified holders) who desires to exchange old notes for the new notes in the exchange offer will be required to make the representations described below under Your Representations to Us.

We further agreed to file with the SEC a shelf registration statement to register for public resale of old notes held by any holder who provides us with certain information for inclusion in the shelf registration statement if:

the exchange offer is not permitted by applicable law or SEC policy, or

any holder of the old notes (other than a participating broker-dealer) is not eligible to participate in the exchange offer or, in the case of any holder of the old notes (other than a participating broker-dealer) that participates in the exchange offer, such holder of the old notes does not receive freely-tradeable exchange securities on the date of the exchange, or

upon completion of the exchange offer, any initial purchaser shall so request, under certain circumstances, in connection with any offering or sale of notes.

We have agreed to use commercially reasonable efforts to keep the shelf registration statement continuously effective until the date the notes cease to be registrable securities (as defined in the registration rights agreement), or such shorter period that will terminate when all notes covered by the shelf registration statement have been sold pursuant to the shelf registration statement or the date that is 270 days after the notes can be sold freely by an affiliate pursuant to Rule 144. We refer to this period as the shelf effectiveness period. The registration rights agreements provide that, in the event that either the exchange offer is not completed prior to June 2, 2015 or the shelf registration statement, if required, is not declared effective (or does not automatically become effective) when required under the registration rights agreements, or a registration statement applicable to the notes is declared effective as required under the registration rights agreements but thereafter fails to remain effective and is unusable in connection with resales for more than 30 calendar days (we refer to each of such events as a Registration Default ), the interest rate on the old notes will be increased by 0.25% per annum for each subsequent 90-day period during which such Registration Default continues up to a maximum of 1.00% per annum until the cure of all Registration Defaults, at which time the increased interest shall cease to accrue.

Holders of the old notes will be required to make certain representations to us (as described in the registration rights agreements) in order to participate in the exchange offer and will be required to deliver information to be used in connection with the shelf registration statement.

If we effect the registered exchange offer, we will be entitled to close the registered exchange offer 20 business days after its commencement as long as we have accepted all old notes validly rendered in accordance with the terms of the exchange offer and no brokers or dealers continue to hold any old notes.

This summary of the material provisions of the registration rights agreements does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the registration rights agreements, copies of which are incorporated by reference into this prospectus.

Except as set forth above, after consummation of the exchange offer, holders of old notes which are the subject of the exchange offer have no registration or exchange rights under the registration rights agreements. See Consequences of Failure to Exchange.

## **Terms of the Exchange Offer**

Subject to the terms and conditions described in this prospectus and in the letter of transmittal, we will accept for exchange any old notes properly tendered and not withdrawn prior to 5:00 p.m., New York City time,

15

on the expiration date. We will issue new notes in principal amount equal to the principal amount of old notes surrendered in the exchange offer. Old notes may be tendered only for new notes and only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The exchange offer is not conditioned upon any minimum aggregate principal amount of old notes being tendered for exchange.

As of the date of this prospectus, \$550,000,000 in aggregate principal amount of the old notes is outstanding. This prospectus and the letter of transmittal are being sent to all registered holders of old notes. There will be no fixed record date for determining registered holders of old notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreements, the applicable requirements of the Securities Act and the Securities Exchange Act of 1934, as amended (the Exchange Act ), and the rules and regulations of the SEC. Old notes that the holders thereof do not tender for exchange in the exchange offer will remain outstanding and continue to accrue interest. These old notes will continue to be entitled to the rights and benefits such holders have under the indenture relating to the notes.

We will be deemed to have accepted for exchange properly tendered old notes when we have given oral or written notice of the acceptance to the exchange agent and complied with the applicable provisions of the applicable registration rights agreement. The exchange agent will act as agent for the tendering holders for the purposes of receiving the new notes from us.

If you tender old notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the letter of transmittal, transfer taxes with respect to the exchange of old notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connecting with the exchange offer. It is important that you read the section labeled Fees and Expenses for more details regarding fees and expenses incurred in the exchange offer.

We will return any old notes that we do not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer.

#### **Expiration Date**

The exchange offer will expire at 5:00 p.m., New York City time, on , unless, in our sole discretion, we extend it.

## Extensions, Delays in Acceptance, Termination or Amendment

We expressly reserve the right, at any time or various times, to extend the period of time during which the exchange offer is open. We may delay acceptance of any old notes by giving oral or written notice of such extension to their holders. During any such extensions, all old notes previously tendered will remain subject to the exchange offer, and we may accept them for exchange.

In order to extend the exchange offer, we will notify the exchange agent orally or in writing of any extension. We will notify the registered holders of old notes of the extension no later than 9:00 a.m., New York City time, on the first business day following the previously scheduled expiration date.

If any of the conditions described below under Conditions to the Exchange Offer have not been satisfied, we reserve the right, in our sole discretion:

to delay accepting for exchange any old notes;

to extend the exchange offer, or

to terminate the exchange offer,

16

by giving oral or written notice of such delay, extension or termination to the exchange agent. Subject to the terms of the registration rights agreements, we also reserve the right to amend the terms of the exchange offer in any manner.

Any such delay in acceptance, extension, termination or amendment will be followed promptly by oral or written notice thereof to the registered holders of old notes. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment by means of a prospectus supplement. The supplement will be distributed to the registered holders of the old notes. Depending upon the significance of the amendment and the manner of disclosure to the registered holders, we may extend the exchange offer. In the event of a material change in the exchange offer, including the waiver by us of a material condition, we will extend the exchange offer period if necessary so that at least five business days remain in the exchange offer following notice of the material change.

### **Conditions to the Exchange Offer**

We will not be required to accept for exchange, or exchange any new notes for, any old notes if the exchange offer, or the making of any exchange by a holder of old notes, would violate applicable law or any applicable interpretation of the staff of the SEC. Similarly, we may terminate the exchange offer as provided in this prospectus before accepting old notes for exchange in the event of such a potential violation.

In addition, we will not be obligated to accept for exchange the old notes of any holder that has not made to us the representations described under Purpose and Effect of the Exchange Offer, Procedures for Tendering and Plan of Distribution and such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to allow us to use an appropriate form to register the new notes under the Securities Act.

We expressly reserve the right to amend or terminate the exchange offer, and to reject for exchange any old notes not previously accepted for exchange, upon the occurrence of any of the conditions to the exchange offer specified above. We will give prompt oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the old notes as promptly as practicable.

These conditions are for our sole benefit, and we may assert them or waive them in whole or in part at any time or at various times in our sole discretion. If we fail at any time to exercise any of these rights, this failure will not mean that we have waived our rights. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

In addition, we will not accept for exchange any old notes tendered, and will not issue new notes in exchange for any such old notes, if at such time any stop order has been threatened or is in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture relating to the notes under the Trust Indenture Act of 1939, as amended.

### **Procedures for Tendering**

In order to participate in the exchange offer, you must properly tender your old notes to the exchange agent as described below. It is your responsibility to properly tender your notes. We have the right to waive any defects. However, we are not required to waive defects and are not required to notify you of defects in your tender.

If you have any questions or need help in exchanging your notes, please call the exchange agent, whose contact information is set forth in Prospectus Summary The Exchange Offer Exchange Agent.

### Procedures for Tendering Notes Represented by Global Notes Held in Book-Entry Form

We have confirmed with the Depository Trust Company (the DTC ) that the old notes issued in book-entry form and represented by global certificates held for the account of DTC may be tendered using the ATOP instituted by DTC. The exchange agent will establish an account with DTC for purposes of the exchange offer promptly after the commencement of the exchange offer, and DTC participants may electronically transmit their acceptance of the exchange offer by causing DTC to transfer their old notes to the exchange agent using the ATOP procedures. In connection with the transfer, DTC will send an agent s message to the exchange agent. The agent s message will be deemed to state that DTC has received instructions from the participant to tender old notes and that the participant agrees to be bound by the terms of the letter of transmittal.

By using the ATOP procedures to exchange old notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms just as if you had signed it.

There is no procedure for guaranteed late delivery of the notes.

### **Determinations Under the Exchange Offer**

We will determine in our sole discretion all questions as to the validity, form, eligibility, time of receipt, acceptance of tendered old notes and withdrawal of tendered old notes. Our determination will be final and binding. We reserve the absolute right to reject any old notes not properly tendered or any old notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defect, irregularities or conditions of tender as to particular old notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, all defects or irregularities in connection with tenders of old notes must be cured within such time as we shall determine. Although we intend to notify holders of defects or irregularities with respect to tenders of old notes, neither we, the exchange agent nor any other person will incur any liability for failure to give such notification. Tenders of old notes will not be deemed made until such defects or irregularities have been cured or waived. Any old notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the tendering holder, unless otherwise provided in the letter of transmittal, promptly following the expiration date.

#### When We Will Issue New Notes

In all cases, we will issue new notes for old notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

a book-entry confirmation of such old notes into the exchange agent s account at DTC; and

a properly transmitted agent s message.

## **Return of Old Notes Not Accepted or Exchanged**

If we do not accept any tendered old notes for exchange or if old notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged old notes will be returned without expense to their tendering holder. Such non-exchanged old notes will be credited to an account maintained with DTC. These

actions will occur promptly after the expiration or termination of the exchange offer.

## Your Representations to Us

By agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

any new notes that you receive will be acquired in the ordinary course of your business;

you have no arrangement or understanding with any person or entity to participate in the distribution of the new notes;

18

you are not our affiliate, as defined in Rule 405 of the Securities Act; and

if you are a broker-dealer that will receive new notes for your own account in exchange for old notes, you acquired those notes as a result of market-making activities or other trading activities and you will deliver a prospectus (or to the extent permitted by law, make available a prospectus) in connection with any resale of such new notes.

### Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw your tender at any time prior to 5:00 p.m., New York City time, on the expiration date. For a withdrawal to be effective you must comply with the appropriate procedures of DTC s ATOP system. Any notice of withdrawal must specify the name and number of the account at DTC to be credited with withdrawn old notes and otherwise comply with the procedures of DTC.

We will determine all questions as to the validity, form, eligibility and time of receipt of notice of withdrawal. Our determination shall be final and binding on all parties. We will deem any old notes so withdrawn not to have been validly tendered for exchange for purposes of the exchange offer.

Any old notes that have been tendered for exchange but are not exchanged for any reason will be credited to an account maintained with DTC for the old notes. This crediting will take place as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may retender properly withdrawn old notes by following the procedures described under Procedures for Tendering above at any time prior to 5:00 p.m., New York City time, on the expiration date.

### **Fees and Expenses**

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitation by facsimile, telephone, electronic mail or in person by our officers and regular employees and those of our affiliates.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to broker-dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out-of-pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer. They include:

all registration and filing fees and expenses;

all fees and expenses of compliance with federal securities and state blue sky or securities laws;

accounting fees, legal fees incurred by us, disbursements and printing, messenger and delivery services, and telephone costs; and

related fees and expenses.

### **Transfer Taxes**

We will pay all transfer taxes, if any, applicable to the exchange of old notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if a transfer tax is imposed for any reason other than the exchange of old notes under the exchange offer.

## **Consequences of Failure to Exchange**

If you do not exchange new notes for your old notes under the exchange offer, you will remain subject to the existing restrictions on transfer of the old notes. In general, you may not offer or sell the old notes unless the

19

offer or sale is either registered under the Securities Act or exempt from the registration under the Securities Act and applicable state securities laws. Except as required by the applicable registration rights agreement, we do not intend to register resales of the old notes under the Securities Act.

### **Accounting Treatment**

We will record the new notes in our accounting records at the same carrying value as the old notes. This carrying value is the aggregate principal amount of the old notes less any bond discount, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

#### Other

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered old notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any old notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered old notes.

20

## **USE OF PROCEEDS**

The exchange offer is intended to satisfy our obligations under the registration rights agreements. We will not receive any proceeds from the issuance of the new notes in the exchange offer. In consideration for issuing the new notes as contemplated by this prospectus, we will receive old notes in a like principal amount. The form and terms of the new notes are identical in all respects to the form and terms of the old notes, except the new notes will be registered under the Securities Act and will not contain restrictions on transfer, registration rights or provisions for additional interest. Old notes surrendered in exchange for the new notes will be retired and cancelled and will not be reissued. Accordingly, the issuance of the new notes will not result in any change in our outstanding indebtedness.

*fixed charges* means the sum of the following: interest expense; interest capitalized; an estimate of the interest within rental expense.

We did not have any preferred stock outstanding and there were no preferred stock dividends paid or accrued during the periods presented above.

### **DESCRIPTION OF NEW NOTES**

We issued the old notes and will issue the new notes (the old notes and the new notes are referred to in this Description of New Notes as the Notes ) under an Indenture (the Indenture ), dated June 2, 2014, among the Company, the Subsidiary Guarantors and Wells Fargo Bank, National Association as trustee (the Trustee ). The terms of the new notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act, as amended (the TIA ).

If the exchange offer contemplated by this prospectus is consummated, holders of old notes who do not exchange those notes for new notes in the exchange offer will vote together with holders of new notes for all relevant purposes under the Indenture. In that regard, the Indenture requires that certain actions by the holders thereunder must be taken, and certain rights must be exercised, by specified minimum percentages of the aggregate principal amount of the outstanding securities issued under the Indenture. In determining whether holders of the requisite percentage in principal amount have given any notice, consent or waiver or taken any other action permitted under the Indenture, any old notes that remain outstanding after the exchange offer will be aggregated with the new notes, and the holders of such old notes, the new notes will vote together as a single class for all such purposes. Accordingly, all references herein to specified percentages in aggregate principal amount of the notes outstanding shall be deemed to mean, at any time after the exchange offer is consummated, such percentages in aggregate principal amount of the old notes and the new notes then outstanding.

This Description of New Notes is intended to be a useful overview of the material provisions of the Notes and the Indenture. Since this Description of New Notes is only a summary, it does not contain all of the details found in the full text of, and is qualified in its entirety by the provisions of, the Notes and the Indenture. You should refer to the Indenture for a complete description of the obligations of the Company, the Subsidiary Guarantors and your rights. The Company will make a copy of the Indenture available to the Holders and to prospective investors upon request.

You will find the definitions of capitalized terms used in this description under the heading Certain definitions. For purposes of this description, references to the Company, we, our and us refer only to Group 1 Automotive, Inc. and not to its subsidiaries. Certain defined terms used in this description but not defined herein have the meanings assigned to them in the Indenture.

#### General

The Notes will be:

general unsecured senior obligations of the Company;

will initially be limited to an aggregate principal amount of \$550.0 million, subject to our ability to issue Additional Notes;

mature on June 1, 2022; and

unconditionally guaranteed on a senior unsecured basis by all of the Company s existing or future domestic Restricted Subsidiaries that are guarantors or borrowers under the Revolving Credit Facility.

The Notes will be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000, and will be represented by one or more registered notes in global form, but in certain circumstances may be represented by Notes in definitive form.

T		4					4
П	n	T.O	ÐΙ	r	Ρ.	S	ľ

The interest on the Notes will:

accrue at the rate of 5.000% per annum;

23

accrue from the date of original issuance or, if interest has already been paid, from the most recent interest payment date;

be payable in cash semi-annually in arrears on June 1 and December 1, commencing on December 1, 2014;

be payable to the Holders of record at the close of business on the May 15 and November 15 immediately preceding the related interest payment dates; and

be computed on the basis of a 360-day year comprised of twelve 30-day months. If any payment date with respect to the Notes falls on a day that is not a business day, the payment to be made on such payment date will be made on the next succeeding business day with the same force and effect as if made on such payment date. Interest on overdue principal, if any, will accrue at the applicable interest rate on the Notes.

### Payments on the notes; paying agent and registrar

The Company will pay principal of (and premium, if any) on Notes issued in certificated form at the Trustee s corporate trust office in the United States. At the Company s option, interest on Notes issued in certificated form may be paid at the Trustee s corporate trust office or by check mailed to the registered address of Holders. The Trustee will initially act as the paying agent (the Paying Agent ) and registrar (the Registrar ) for the Notes. The Company may change any Paying Agent and Registrar without notice to Holders of the Notes. The Company or any of its Restricted Subsidiaries may act as the Paying Agent or Registrar.

The Company will pay the principal, premium, if any, and interest on, Notes in global form registered in the name of, or held by, The Depositary Trust Company ( DTC ) or its nominee in immediately available funds to DTC or its nominee, as the case may be, as registered Holder of such global note.

## Transfer and exchange

A Holder may transfer or exchange Notes in accordance with the Indenture. The Registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. No service charge will be imposed by the Company, the Trustee or the Registrar for any registration of transfer or exchange of Notes but Holders will be required to pay all taxes due on transfer. The Company will not be required to transfer or exchange any Notes selected for redemption or tendered (and not withdrawn) for repurchase in connection with an Offer to Purchase. Also, the Company will not be required to transfer or exchange any Note for a period of 15 days before the mailing of a notice of redemption of Notes to be redeemed. The registered Holder of a Note will be treated as the owner of the Note for all purposes under the Indenture.

## Ranking

The Notes will be general unsecured obligations of the Company, and will rank:

equally in right of payment with all existing and future senior unsecured Debt of the Company;

senior in right of payment to all future Debt of the Company that is by its terms expressly subordinated in right of payment to the Notes;

effectively subordinated to secured Debt of the Company, including secured Debt under the Revolving Credit Facility and the Mortgage Facilities, to the extent of the value of the assets securing such Debt; and

structurally subordinated to the existing and future Debt and other liabilities of Subsidiaries that are not Subsidiary Guarantors.

24

Each Subsidiary Guarantee of the Notes will be a general unsecured obligation of the Subsidiary Guarantor, and will rank:

equally in right of payment with all existing and future senior unsecured Debt of that Subsidiary Guarantor;

senior in right of payment to all subordinated Debt of that Subsidiary Guarantor; and

effectively junior in right of payment to all existing and future secured Debt of that Subsidiary Guarantor to the extent of the value of the assets securing such Debt.

In the event of bankruptcy, liquidation, reorganization or other winding up of the Company or the Subsidiary Guarantors or upon a default in payment with respect to, or the acceleration of, any Debt under the Revolving Credit Facility, the Mortgage Facilities or other secured Debt or secured obligations, the assets of the Company and the Subsidiary Guarantors that secure such secured Debt or obligations will be available to pay obligations on the Notes and the Guarantees only after all such secured Debt and other secured obligations have been repaid in full from such assets. We advise you that there may not be sufficient assets remaining to pay amounts due on any or all the Notes and the Guarantees then outstanding.

Not all of our Subsidiaries will guarantee the Notes. In the event of a bankruptcy, liquidation or reorganization of any of our Subsidiaries that are not Subsidiary Guarantors, the non-Guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Company. As of March 31, 2015, our non-guarantor Subsidiaries (i) held approximately \$568.5 million of our consolidated assets and (ii) had approximately \$324.4 million of total liabilities, including trade payables, and \$78.9 of indebtedness but excluding intercompany liabilities, and our non-guarantor Subsidiaries generated approximately 17.9% of our consolidated revenues and 6.2% of our Adjusted EBITDA, including Floorplan interest expense for the three month period ended March 31, 2015.

Although the Indenture limits the amount of Debt that the Company and its Restricted Subsidiaries may Incur, such Debt may be substantial and a significant portion of such Debt is permitted to be secured Debt or structurally senior to the Notes. As of March 31, 2015, the Company and the Subsidiary Guarantors had approximately \$1,068.4 million of long-term debt outstanding and undrawn availability under the Acquisition Line of our Revolving Credit Facility of approximately \$150.6 million. Additionally, the Company and the Subsidiary Guarantors had approximately \$2.3 billion of secured indebtedness outstanding, including floorplan notes payable.

### **Subsidiary guarantees**

The Notes and the obligations of the Company under the Indenture are guaranteed on a senior unsecured basis by all of the Company s existing domestic Restricted Subsidiaries that are guarantors or borrowers under the Revolving Credit Facility. Presently substantially all of the Company s domestic Subsidiaries are guarantors or borrowers under the Revolving Credit Facility.

Subject to the limitations described below, the Subsidiary Guarantors will, jointly and severally, fully and unconditionally guarantee on a senior basis the punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all obligations of the Company under the Indenture and the Notes, whether for principal of, premium, if any, or interest on the Notes or otherwise. The Subsidiary Guarantors will also pay, on a senior basis

and in addition to the amount stated above, any and all expenses (including reasonable counsel fees and expenses) incurred by the Trustee in enforcing any rights under a Subsidiary Guarantee with respect to a Subsidiary Guarantor.

Each Subsidiary Guarantee will be limited in amount to an amount not to exceed the maximum amount that can be guaranteed by the relevant Subsidiary Guarantor without rendering such Subsidiary Guarantee voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally. This provision may not, however, be effective to protect a Subsidiary Guarantee from

being voided under fraudulent transfer law, or may reduce the applicable Subsidiary Guarantor s obligation to an amount that effectively makes its Subsidiary Guarantee worthless. If a Subsidiary Guarantee was rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor s liability on its Subsidiary Guarantee could be reduced to zero. See Risk factors Risks Relating to the New Notes Federal and state statutes allow courts, under specific circumstances, to void the notes and/or the subsidiary guarantees and, if that occurs, noteholders may not receive any payments on the notes or the subsidiary guarantees or may require you to repay amounts already received.

The Subsidiary Guarantee of a Subsidiary Guarantor will be automatically and unconditionally released and discharged:

- (1) in connection with any sale, transfer or other disposition of all or substantially all of the assets of that Subsidiary Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary of the Company, if the sale or other disposition does not violate the Limitation on asset dispositions covenant of the Indenture;
- (2) in connection with any sale, transfer or other disposition of Capital Stock of that Subsidiary Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary of the Company, if after such sale, transfer or disposition, the Subsidiary Guarantor would cease to be a Restricted Subsidiary and the sale or other disposition does not violate the Limitation on asset dispositions covenant of the Indenture;
- (3) upon the legal defeasance, covenant defeasance or satisfaction and discharge of the Indenture as provided below under the captions Legal defeasance and covenant defeasance and Satisfaction and discharge;
- (4) if the Company designates such Subsidiary Guarantor as an Unrestricted Subsidiary in accordance with the applicable provisions of the Indenture; or
- (5) if the Subsidiary Guarantor ceases to guarantee any Debt of the Company or be a borrower under the Revolving Credit Facility and no Event of Default has occurred and is continuing.

As of the Issue Date, all of our Subsidiaries will be Restricted Subsidiaries. As of the Issue Date, none of our Foreign Subsidiaries or our domestic subsidiaries that are not guarantors or borrowers under our Revolving Credit Facility will be Subsidiary Guarantors. See Ranking. In the future, we may designate any of existing or future Subsidiaries to be Unrestricted Subsidiaries subject to the limitations set forth under Designation of restricted and unrestricted subsidiaries. Unrestricted Subsidiaries will not be Subsidiary Guarantors and will generally not be subject to the restrictive covenants in the Indenture.

### **Optional redemption**

On or after June 1, 2017, the Company may on any one or more occasions redeem all or a part of the Notes at the following redemption prices (expressed as percentages of the principal amount) plus accrued and unpaid interest, if

any, on the Notes redeemed, to but excluding the applicable redemption date, if redeemed during the 12-month period beginning June 1 of the years indicated, subject to the rights of Holders of Notes on the relevant regular record date to receive interest due on the relevant interest payment date that is on or prior to the applicable redemption date:

Redemption year	Price
2017	103.750%
2018	102.500%
2019	101.250%
2020 and thereafter	100.000%

26

In the event that on or before June 1, 2017, the Company receives net cash proceeds from the sale of its Common Stock in one or more Equity Offerings, the Company may use an amount not greater than the amount of such net cash proceeds to redeem up to 35% of the original aggregate principal amount of all Notes issued (calculated after giving effect to any issuance of Additional Notes) at a redemption price of 105.000% of the principal amount thereof, plus accrued and unpaid interest, if any, to but excluding, the redemption date (subject to the rights of Holders of Notes on the relevant regular record date to receive interest due on the relevant interest payment date that is on or prior to the applicable redemption date); provided that:

- (1) at least 65% of the aggregate principal amount of all Notes issued (calculated after giving effect to any issuance of Additional Notes) remains outstanding after each such redemption; and
- (2) the redemption date is within 120 days of the consummation of any such Equity Offering.

Notice of any redemption to be financed in whole or in part from the proceeds of any Equity Offering may be given prior to the completion thereof, and any such redemption or notice may, at the Company s discretion, be subject to one or more conditions precedent, including, but not limited to, completion of the related Equity Offering.

Prior to June 1, 2017, the Company may redeem all or a part of the Notes at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, on the Notes redeemed to, the applicable date of redemption (subject to the rights of Holders of Notes on the relevant regular record date to receive interest due on the relevant interest payment date that is on or prior to the applicable redemption date).

Applicable Premium means, with respect to any Note on any applicable redemption date, the greater of (i) 1.0% of the then outstanding principal amount of such Note and (ii) the excess, if any, of

- (1) the present value at such redemption date of the sum of (A) the redemption price of such Note at June 1, 2017 (such redemption price being set forth in the table appearing above) plus (B) all required interest payments due on such Note through June 1, 2017 (excluding accrued and unpaid interest), such present value to be computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over
- (2) the then outstanding principal amount of such Note.

Treasury Rate means, with respect to any redemption date, the yield to maturity at the time of computation of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two business days prior to such redemption date (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from such redemption date to June 1, 2017; provided, however, that if the period from such redemption date to June 1, 2017 is not equal to the constant maturity of a United States Treasury security for which a weekly average yield is given, the Treasury Rate shall be obtained by linear interpolation (calculated to the nearest one-twelfth of a year) from the weekly average yields of United States Treasury securities for which such yields are given, except that if the period from such redemption date to June 1, 2017 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

#### **Selection and notice**

If less than all of the Notes are to be redeemed in connection with any redemption, the Trustee will select Notes (or portions of Notes) for redemption as follows:

- (1) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed; or
- (2) if the Notes are not listed on any national securities exchange, on a pro rata basis, by lot or by such method as the Trustee deems fair and appropriate,

27

provided, however, to the extent any such Notes are held in global form, the Notes to be redeemed shall be selected in accordance with the applicable procedures and requirements of DTC.

No Notes of principal amount of \$2,000 or less can be redeemed in part and no portion of a Note shall be redeemed that would result in the Note remaining outstanding having a principal amount that is not a multiple of \$1,000. Notices of optional redemption will be mailed by first class mail, or with respect to global Notes, given in accordance with DTC procedures, at least 30 but not more than 60 days before the redemption date to each Holder of Notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. Notices of special mandatory redemption will be mailed by first class mail, or with respect to global Notes, given in accordance with DTC procedures, not later than 10 business days after the date of the Mandatory Redemption Event to each Holder of Notes to be redeemed at its registered address. On and after the redemption date, interest will cease to accrue on Notes or portions of them called for redemption as long as the Company has deposited with the Paying Agent funds in satisfaction of the applicable redemption price. Notice of any optional redemption may, at the Company s discretion, be subject to one or more conditions precedent specified in the notice.

#### Effectiveness of certain covenants

If on any date following the Issue Date:

- (1) the Notes are rated either Baa3 or better by Moody s or BBB- or better by S&P (or, if either such entity ceases to rate the Notes for reasons outside of the control of the Company, the equivalent investment grade credit rating from any other nationally recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act selected by the Company as a replacement agency); and
- (2) no Default or Event of Default shall have occurred and be continuing,

then, upon delivery to the Trustee of an officer s certificate to the foregoing effect, the covenants specifically listed under the following captions in this prospectus will be suspended:

Certain covenants Limitation on debt;

Certain covenants Limitation on restricted payments;

Certain covenants Limitation on transactions with affiliates;

Certain covenants Limitation on asset dispositions;

Certain covenants Future guarantees;

Certain covenants Limitation on dividend and other payment restrictions affecting restricted subsidiaries; and

clause (3) of Consolidations, mergers and certain sales of assets The company.

During any period that the foregoing covenants have been suspended, the Board of Directors of the Company may not designate any of the Company s Subsidiaries as Unrestricted Subsidiaries pursuant to the definition of Unrestricted Subsidiaries.

Notwithstanding the foregoing, if the rating assigned by both rating agencies should subsequently decline to below Baa3 and BBB-, respectively, the foregoing covenants will be reinstated as of and from the date of such rating decline. Any Debt Incurred during the period when the covenants are suspended will be classified as having been Incurred pursuant to the first paragraph of Certain covenants Limitation on debt or one of the clauses of the second paragraph of such covenant. To the extent such Debt would not be so permitted to be Incurred, such Debt will be deemed to have been outstanding on the Issue Date, so that it is classified as permitted under clause (4) of the second paragraph under Certain covenants Limitation on debt.

28

Calculations under the reinstated Limitation on restricted payments covenant will be made as if the Limitation on restricted payments covenant had been in effect since the date of the Indenture. However, no Default or Event of Default will be deemed to have occurred as a result of any actions taken by the Company or its Restricted Subsidiaries during the period when the covenants are suspended. A suspension period is not in effect as of the date of this prospectus.

Promptly following the occurrence of any suspension or reinstatement of the covenants as described above, the Company will provide an Officers Certificate to the Trustee regarding such occurrence. The Trustee shall have no obligation to independently determine or verify if a suspension or reinstatement has occurred or notify the Holders of any suspension or reinstatement. The Trustee may provide a copy of such Officers Certificate to any Holder of the Notes upon request. There can be no assurance that the Notes will ever achieve an investment grade ratings or, if such ratings are achieved, that they will be maintained.

#### **Certain covenants**

The Indenture contains, among others, the following covenants:

### Limitation on debt

The Company may not, and may not permit any Restricted Subsidiary to, Incur any Debt except that the Company and any Restricted Subsidiary may Incur Debt if after giving pro forma effect to the Incurrence of such Debt and the receipt and application of the proceeds thereof the Consolidated Coverage Ratio of the Company would be not less than 2.0 to 1.

Notwithstanding the preceding limitation, the following Debt may be Incurred (collectively, the Permitted Debt ):

- (1) Debt of the Company or any Restricted Subsidiary under one or more Credit Facilities in an aggregate principal amount Incurred under this clause (1) at any one time outstanding (excluding, for the avoidance of doubt, Debt Incurred under clauses (2) or (3) below) not to exceed the greater of \$350 million or 10% of the Company s Consolidated Total Assets determined at the time of such Incurrence:

- (a) any such Debt owing by the Company or a Subsidiary Guarantor to a Restricted Subsidiary that is not a Subsidiary Guarantor shall be expressly subordinated to the prior payment in full in cash of all obligations with respect to the Notes, and

(b) upon either the transfer or other disposition by such Restricted Subsidiary or the Company of any Debt so permitted to a Person other than the Company or another Restricted Subsidiary or the issuance (other than directors qualifying shares), sale, lease, transfer or other disposition of shares of Capital Stock (including by consolidation or merger) of such Restricted Subsidiary to a Person other than the Company or another Restricted Subsidiary such that it ceases to be a Restricted Subsidiary, the provisions of this clause (5) shall no longer be applicable to such Debt and such Debt shall be deemed to have been Incurred at the time of such transfer or other disposition;

- (6) Debt consisting of the Notes (other than any Additional Notes), and the Exchange Notes or other Notes issued in exchange for Notes properly issued under the Indenture where the terms of such Exchange Notes are substantially identical to such Notes;

- (8) Debt of the Company or any of its Restricted Subsidiaries represented by Capital Lease Obligations or purchase money obligations, in each case, Incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of the Company or such Restricted Subsidiary, in an aggregate principal amount, including all Debt Incurred to refund or refinance any Debt Incurred pursuant to this clause (8), not to exceed, at any one time outstanding, the greater of \$75 million or 2.0% of Consolidated Total Assets determined at the time of Incurrence;
- (9) Debt of the Company or any Restricted Subsidiary consisting of Permitted Interest Rate, Currency or Commodity Price Agreements;
- (10) Permitted Acquisition Debt;
- (11) Debt of Foreign Subsidiaries in an aggregate amount Incurred pursuant to this clause (11) at any one time outstanding not to exceed the greater of \$35.0 million or 1% of Consolidated Total Assets of the Company determined at the time of such Incurrence;
- (12) Permitted Refinancing Debt which is exchanged for or the proceeds of which are used to refinance or refund, or any extension or renewal of Debt Incurred pursuant to the first paragraph of this Limitation on debt covenant or pursuant to clauses (4), (6), (7), (8), (10), (12) or (16) of this definition of Permitted Debt;
- (13) obligations arising from agreements by the Company or a Restricted Subsidiary to provide for indemnification, customary purchase price closing adjustments, earn-outs or other similar obligations, in each case, Incurred in connection with the acquisition or disposition of any business or assets;
- (14) Debt Incurred by the Company or its Restricted Subsidiaries in respect of workers compensation claims, health, disability or other employee benefits or property, casualty or liability insurance, self- insurance obligations, performance, bid, surety and similar bonds and completion Guarantees (not for borrowed money) provided in the ordinary course of business;
- (15) Debt of the Company or any of its Restricted Subsidiaries arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business; provided, however, that such Debt is extinguished within five business days of Incurrence; and
- (16) Debt of the Company or any Restricted Subsidiary not otherwise permitted to be Incurred pursuant to clauses (1) through (15) above, which, together with any other outstanding Debt Incurred pursuant to this clause (16), and in both such cases including any renewals, extensions, substitutions, refinancings or replacements of such Debt, has an aggregate principal amount at any one time outstanding not to exceed the greater of \$75 million and 2.0% of Consolidated Total Assets determined at the time of Incurrence.

For purposes of determining compliance with, and the outstanding principal amount of any particular Debt Incurred pursuant to, and in compliance with, this covenant:

- (1) in the event that Debt meets the criteria of more than one of the types of Debt described in the first and second paragraphs of this covenant, the Company, in its sole discretion, may classify such item of Debt on the date of Incurrence (or later classify or reclassify such Debt, in its sole discretion) in any manner permitted by this covenant and shall only be required to include the amount and type of such Debt in one of such clauses;
- (2) Guarantees of, or obligations in respect of letters of credit relating to, Debt which is otherwise included in the determination of a particular amount of Debt shall not be included;

30

- (3) the principal amount of any Redeemable Stock or Preferred Stock of the Company or a Restricted Subsidiary will be equal to the greater of the maximum redemption or repurchase price (not including, in either case, any redemption or repurchase premium) or the liquidation preference thereof;
- (4) Debt permitted by this covenant need not be permitted solely by reference to one provision permitting such Debt but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Debt;
- (5) any Receivables Sale shall be the amount for which there is recourse to the seller; and
- (6) the amount of Debt issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP.

Accrual of interest, accrual of dividends, the accretion of accreted value, the payment of interest in the form of additional Debt and the payment of dividends in the form of additional shares of Preferred Stock or Redeemable Stock will not be deemed to be an Incurrence of Debt for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Debt, the U.S. dollar-equivalent principal amount of Debt denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Debt was Incurred, in the case of term Debt, or first committed, in the case of revolving credit Debt; provided that if such Debt is Incurred to refinance other Debt denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-dominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-dominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Debt does not exceed the principal amount of such Debt being refinanced. Notwithstanding any other provision of this covenant, the maximum amount of Debt that the Company may Incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in the exchange rate of currencies.

### Limitation on restricted payments

The Company may not, and may not permit any Restricted Subsidiary to:

- (1) directly or indirectly, declare or pay any dividend on, or make any distribution (including any payment in connection with any merger or consolidation derived from assets of the Company or any Restricted Subsidiary) in respect of its Capital Stock or to the holders thereof in their capacity as holders of Capital Stock, other than

31

the Company, or any such payment on Debt due within one year of the date of redemption, repurchase, defeasance, prepayment, decrease or other acquisition or retirement) (each of clauses (1) through (4) being a Restricted Payment ) unless:

- (a) no Event of Default, or an event that with the passing of time or the giving of notice, or both, would constitute an Event of Default, has occurred and is continuing or would result from such Restricted Payment,
- (b) after giving pro forma effect to such Restricted Payment as if such Restricted Payment had been made at the beginning of the applicable four fiscal quarter period, the Company could Incur at least \$1.00 of additional Debt pursuant to the terms of the first paragraph of the Limitation on debt covenant above, and
- (c) upon giving effect to such Restricted Payment, the aggregate of all Restricted Payments from the Issue Date (other than pursuant to clauses (2), (4) through (8), (10) and (11) of the following paragraph) does not exceed the sum of:
- (v) 50% of cumulative Consolidated Net Income (or, in the case Consolidated Net Income shall be negative, less 100% of such deficit) of the Company since April 1, 2014 through the last day of the last full fiscal quarter ending immediately preceding the date of such Restricted Payment for which quarterly or annual financial statements are publicly available (taken as a single accounting period); plus
- (w) (i) 100% of the aggregate net cash proceeds, and the Fair Market Value of property other than cash, in each case received by the Company or a Restricted Subsidiary after the Issue Date from contributions of capital or the issuance and sale (other than to a Subsidiary of the Company) of Capital Stock (other than Redeemable Stock) of the Company or any options, warrants or other rights to acquire Capital Stock (other than Redeemable Stock) of the Company, or any net payment received by the Company in connection with the termination or settlement of options relating to its Capital Stock, (ii) 100% of the aggregate net cash proceeds received by the Company after the Issue Date from the issuance and sale of convertible or exchangeable Debt of the Company that has been converted into or exchanged for Capital Stock (other than Redeemable Stock and other than by or from a Subsidiary of the Company) of the Company, provided that any such net proceeds received by the Company from an employee stock ownership plan financed by loans from the Company or a Subsidiary of the Company shall be included only to the extent such loans have been repaid with cash on or prior to the date of determination, and (iii) without duplication, any reduction of Debt on the balance sheet of the Company to the extent such Debt is converted into or exchanged for Capital Stock of the Company (other than Redeemable Stock) after the Issue Date; plus
- (x) in the case of a disposition, liquidation or repayment (including by way of dividends) of Investments by the Company and its Restricted Subsidiaries, subsequent to the Issue Date, in any Person subject to clause (3) above, an amount (to the extent not included in Consolidated Net Income) equal to the lesser of the return on capital with respect to such Investment and the initial amount of such Investment, in either case, less the cost of the disposition of such Investment and net of taxes, plus
- (y) in the case of a designation of an Unrestricted Subsidiary as a Restricted Subsidiary, the Fair Market Value of the Company s interest in such Subsidiary, provided that such amount shall not in any case exceed the amount of the Restricted Payment deemed made at the time the Subsidiary was designated as an Unrestricted Subsidiary, plus
- (z) \$158.5 million (which represents the approximate amount available on the Issue Date under the comparable covenant contained in the Revolving Credit Facility).

The preceding provisions will not prohibit:

- (1) payment of any dividend on Capital Stock of any class within 60 days after the declaration thereof, or redemption of any Subordinated Debt within 30 days after giving notice of redemption thereof, if, on the date when the dividend was declared or such notice of redemption given, the Company or such Restricted Subsidiary could have paid such dividend or redeemed such Subordinated Debt in accordance with the preceding provisions;
- (2) repayment or refinancing of any Subordinated Debt with Permitted Refinancing Debt, or any Restricted Payment made in exchange for, by conversion into or out of the net proceeds of the substantially concurrent sale (other than from or to a Subsidiary of the Company or from or to an employee stock ownership plan financed by loans from the Company or a Subsidiary of the Company) of shares of Capital Stock (other than Redeemable Stock) of the Company;
- (3) the payment of dividends on the Company s shares of Common Stock in the aggregate amount per fiscal year equal to \$0.68 per share for each share of Common Stock (or any securities convertible into Common Stock to the extent they are entitled to such a dividend) of the Company outstanding as of the applicable record date for such dividends (as such \$0.68 shall be adjusted for specified changes in the capitalization of the Company upon recapitalizations, reclassifications, stock splits, stock dividends, reverse stock splits, stock consolidations and similar transactions);
- (4) the acquisition of shares of Capital Stock in connection with (x) the exercise of employee or director stock options or stock appreciation rights by way of cashless exercise and (y) the withholding of a portion of such Capital Stock to pay taxes associated therewith, and the purchase of fractional shares of Capital Stock of the Company or any Restricted Subsidiary arising out of stock dividends, splits or combinations or business combinations;

- (8) payments made to settle any warrants outstanding on the Issue Date issued in connection with the Company s convertible debt securities;
- (9) upon the occurrence of a Change of Control or an Asset Disposition and within 60 days after the completion of the Offer to Purchase under the covenants described under Change of control or Limitation on asset dispositions (including the purchase of all Notes tendered and required to be purchased), any purchase, repurchase, redemption, defeasance, acquisition or other retirement for value of Subordinated Debt required under the terms thereof as a result of such Change of Control or Asset Disposition at a purchase or redemption price not to exceed 101% of the outstanding principal amount thereof, plus accrued and unpaid interest thereon, if any; provided that, in the case of an Asset Disposition, such purchase, repurchase, redemption, defeasance, acquisition or other retirement for value of Subordinated Debt does not exceed the Net Available Proceeds from such Asset Disposition; provided, further, that in the notice to Holders relating to a Change of Control or Asset Disposition Offer to Purchase hereunder, the Company shall describe this clause (9);

- (10) the payment of the deferred purchase price or earn-outs, including holdbacks (and the receipt of any corresponding consideration therefor), or payments with respect to fractional shares, in each case in connection with an acquisition to the extent such payment would have been permitted by the Indenture at the time of such acquisition; and
- (11) other Restricted Payments since the Issue Date in an aggregate amount not to exceed \$50.0 million;

provided, however, that at the time of, and after giving effect to, any Restricted Payment permitted under clauses (5), (6), (9) and (11) no Default shall have occurred and be continuing or would otherwise occur as a consequence thereof.

The amount of net proceeds from any exchange for, conversion into or sale of Capital Stock of the Company pursuant to foregoing clause (2) of this paragraph shall be excluded from the calculation of the amount available for Restricted Payments pursuant to clause (c)(w) of the first paragraph of this covenant. Limitation on restricted payments—above. For purposes of determining compliance with this covenant, if a Restricted Payment meets the criteria of more than one of the types of Restricted Payments described in clauses (1)-(11) above or pursuant to the first paragraph of this covenant, the Company, in its sole discretion, may order and classify, and subsequently reorder and reclassify, such Restricted Payment in any manner in compliance with this covenant.

For purposes of this covenant, if a particular Restricted Payment involves a non-cash payment, including a distribution of assets, then such Restricted Payment shall be deemed to be an amount equal to the cash portion of such Restricted Payment, if any, plus an amount equal to the Fair Market Value of the non-cash portion of such Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this covenant will be determined by, in the case of amounts under \$25.0 million, by an Officer of the Company and, in the case of amounts greater than or equal to \$25.0 million, the Board of Directors of the Company whose resolution with respect thereto will be delivered to the Trustee.

### Limitation on dividend and other payment restrictions affecting restricted subsidiaries

The Company may not, and may not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary:

- (1) to pay dividends (in cash or otherwise) or make any other distributions in respect of its Capital Stock owned by the Company or any other Restricted Subsidiary or pay any Debt or other obligation owed to the Company or any other Restricted Subsidiary (it being understood that the priority of any preferred stock in receiving dividends, distributions or liquidating distributions prior to dividends, distributions or liquidating distributions being paid on Capital Stock shall not be deemed a restriction on the ability to make distributions on Capital Stock);
- (2) to make loans or advances to the Company or any other Restricted Subsidiary; or
- (3) otherwise to transfer any of its property or assets to the Company or any other Restricted Subsidiary.

Notwithstanding the preceding, the Company may, and may permit any Restricted Subsidiary to, suffer to exist any such encumbrance or restriction:

- (1) pursuant to any agreement in effect on the Issue Date (including the Revolving Credit Facility);
- (2) pursuant to the Indenture, the Notes, the Exchange Notes and the Subsidiary Guarantees;

(3) pursuant to an agreement relating to any Debt Incurred by or Capital Stock of a Person (other than a Restricted Subsidiary existing on the Issue Date or any Restricted Subsidiary carrying on any of the businesses of any such Restricted Subsidiary) prior to the date on which such Person became a Restricted

34

Subsidiary and outstanding on such date and not Incurred in connection with, or anticipation of, becoming a Restricted Subsidiary, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person so acquired; provided, that the Incurrence of such Debt was permitted under the Limitation on debt covenant;

- (4) pursuant to an agreement effecting a renewal, refunding, replacement, refinancing or extension of Debt Incurred pursuant to an agreement referred to in clause (1) or (3) of this paragraph; provided, however, that the provisions contained in such renewal, refunding, replacement, refinancing or extension agreement relating to such encumbrance or restriction are not materially more restrictive, taken as a whole, than the provisions contained in the agreement being renewed, refunded, replaced, refinanced or extended;
- (5) in the case of a restriction described in clause (3) of the preceding paragraph, contained in any security agreement (including a capital lease or any Floor Plan Debt facility) securing Debt of a Restricted Subsidiary otherwise permitted under the Indenture, but only to the extent such restrictions restrict the transfer of the assets or property subject to such security agreement; provided that any such encumbrance or restriction is released to the extent the underlying Lien is released or the related Debt repaid;
- (6) in the case of a restriction described in clause (3) of the preceding paragraph, consisting of customary non-assignment provisions entered into in the ordinary course of business in leases and other contracts to the extent such provisions restrict the transfer or subletting of any such lease or the assignment of rights under any such contract;
- (7) which is contained in a franchise or other agreement entered into in the ordinary course of business with a motor vehicle manufacturer and which has terms reasonably customary for such agreements between or among such motor vehicle manufacturer, its dealers and/or the owners of such dealers;
- (8) with respect to a Restricted Subsidiary, imposed pursuant to an agreement which has been entered into for the sale or disposition of all or substantially all of the Capital Stock or assets of such Restricted Subsidiary, provided that such restriction terminates if such transaction is closed or abandoned;
- (9) in bona fide contracts for the sale of any property or assets;
- (10) any encumbrance or restriction contained in the terms of any Debt or Capital Stock otherwise permitted to be Incurred under the Indenture if the Company determines that any such encumbrance or restriction either (i) will not materially affect the Company s ability to make principal or interest payments on the Notes and such restrictions are not materially less favorable to Holders of Notes than is customary in comparable financings or (ii) are not materially more restrictive, taken as a whole, with respect to any Restricted Subsidiary than those in effect on the Issue Date with respect to that Restricted Subsidiary pursuant to agreements in effect on the Issue Date or those contained in the Indenture or the Revolving Credit Facility, in each case as determined in good faith by the Board of Directors or an officer of the Company;
- (11) restrictions applicable to Foreign Subsidiaries in agreements or instruments governing Debt of Foreign Subsidiaries; or
- (12) if such encumbrance or restriction is the result of applicable laws or regulations.

## Limitation on liens

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien (other than a Permitted Lien) on any property or asset (including any intercompany notes) of the Company or a Restricted Subsidiary now owned or hereafter acquired, or assign or convey a right to receive any income or profits from such Liens, to secure (a) any Debt of the Company unless prior to, or contemporaneously therewith, the Notes are equally and ratably secured for so long as such other Debt is so secured, or (b) any Debt of any Subsidiary Guarantor, unless prior to, or contemporaneously therewith, the Subsidiary Guarantee of such Guarantor is equally and ratably secured for so long as such other Debt is so secured; provided, however, that if such Debt is expressly subordinated to the Notes or a Subsidiary Guarantee,

the Lien securing such Debt will be subordinated and junior to the Lien securing the Notes or such Subsidiary Guarantee, as the case may be, with the same relative priority as such Debt has with respect to the Notes or such Subsidiary Guarantee.

Notwithstanding the foregoing, any Lien securing the Notes granted pursuant to this covenant will be automatically and unconditionally released and discharged upon the release by the holders of the Debt described above of their Lien on the property or assets of the Company or any Restricted Subsidiary (including any deemed release upon payment in full of all obligations under such Debt), at such time as the holders of all such Debt also release their Lien on the property or assets of the Company or such Restricted Subsidiary, or upon any sale, exchange or transfer to any Person not an Affiliate of the Company of the property or assets secured by such Lien, or of all of the Capital Stock held by the Company or any Restricted Subsidiary in, or all or substantially all the assets of, any Restricted Subsidiary creating such Lien.

### Limitation on asset dispositions

The Company may not, and may not permit any Restricted Subsidiary to, make any Asset Disposition unless:

- (1) the Company or the Restricted Subsidiary, as the case may be, receives consideration for such Asset Disposition at least equal to the Fair Market Value (measured as of the date of the definitive agreement with respect to such Asset Disposition) for the assets or Equity Interests sold or disposed of; and
- (2) at least 75% of the consideration for such Asset Disposition and all other Asset Dispositions since the Issue Date on a cumulative basis consists of:
- (a) cash or Cash Equivalents;
- (b) the assumption of Debt of the Company or such Restricted Subsidiary (other than Debt that is subordinated to the Notes or such Restricted Subsidiary subsidiary Guarantee) relating to such assets and release from all liability on the Debt assumed;
- (c) Replacement Assets;
- (d) Designated Noncash Consideration; or
- (e) a combination of the foregoing;

provided that the amount of any consideration received by the Company or such Restricted Subsidiary that is converted into cash within 180 days of the closing of such Asset Disposition shall be deemed to be cash for purposes of this provision (to the extent of the cash received). The foregoing clauses (1) or (2) shall not apply with respect to any condemnation, event of loss or other involuntary Asset Disposition.

Within 365 days after the receipt of any Net Available Proceeds from an Asset Disposition the Company (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Available Proceeds at its option, in any combination of the following:

(1) to repay, repurchase or otherwise retire any Debt of the Company or any Subsidiary Guarantor that is not Subordinated Debt, or any Debt of any Restricted Subsidiary of the Company that is not a Subsidiary Guarantor; in each case, other than Debt owed to the Company or an Affiliate of the Company; or

(2) to acquire Replacement Assets or make capital expenditures,

provided that, the Company or such Restricted Subsidiary will be deemed to have complied with its obligations under this paragraph if it enters into a binding commitment to acquire Replacement Assets prior to 365 days after the receipt of the applicable Net Available Proceeds and such acquisition of Replacement Assets is consummated prior to 545 days after the date of receipt of the applicable Net Available Proceeds; provided further that upon any abandonment or termination of such commitment, the Net Available Proceeds not so applied shall constitute Excess Proceeds and be applied as set forth below.

Any Net Available Proceeds that are not applied or invested as provided in the immediately preceding paragraph of this covenant will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$50.0 million, or earlier, at the Company s election, the Company will apply the Excess Proceeds to the repayment of the Notes and any other Pari Passu Debt outstanding with similar provisions requiring the Company to make an Offer to Purchase such Debt with the proceeds from any Asset Disposition as follows:

(1) the Company will make an Offer to Purchase from all Holders of the Notes in accordance with the procedures set forth in the Indenture in the maximum principal amount (expressed in amounts of \$2,000 or integral multiples of \$1,000 in excess thereof) of Notes that may be purchased out of an amount (the Note Amount ) equal to the product of such Excess Proceeds multiplied by a fraction, the numerator of which is the outstanding principal amount of the Notes, and the denominator of which is the sum of the outstanding principal amount of the Notes and such Pari Passu Debt (subject to proration in the event such amount is less than the aggregate Offered Price (as defined herein) of all Notes tendered); and

(2) to the extent required by such Pari Passu Debt, the Company will make an offer to purchase or otherwise repurchase or redeem Pari Passu Debt (a Pari Passu Offer ) in an amount (the Pari Passu Debt Amount ) equal to the excess of the Excess Proceeds over the Note Amount. However, in no event will the Company be required to make a Pari Passu Offer in a Pari Passu Debt Amount exceeding the principal amount of such Pari Passu Debt plus the amount of any premium required to be paid to repurchase such Pari Passu Debt. The offer price for the Notes will be payable in cash in an amount equal to 100% of the principal amount of the Notes plus accrued and unpaid interest, if any, to, but not including, the date such Offer to Purchase is consummated (the Offered Price ), in accordance with the procedures set forth in the Indenture. To the extent that the aggregate Offered Price of the Notes tendered pursuant to the Offer to Purchase is less than the Note Amount relating to the tendered Notes or the aggregate amount of Pari Passu Debt that is purchased in a Pari Passu Offer is less than the Pari Passu Debt Amount, the Company may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount of Notes and Pari Passu Debt surrendered by holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and Pari Passu Debt to be purchased on a pro rata basis; provided, that, in the case of Notes issued in global form, beneficial interests in such Notes shall be repurchased on a pro rata basis based on amounts tendered only if such proration is consistent with the procedures of the applicable clearing system; otherwise, such beneficial interests shall be selected for repurchase in accordance with such procedures. Upon the completion of the purchase of all the Notes tendered pursuant to an Offer to Purchase and the completion of a Pari Passu Offer, the amount of Excess Proceeds, if any, shall be reset at zero.

If the Company becomes obligated to make an Offer to Purchase pursuant to this covenant, the Notes (in amounts of \$2,000 and integral multiples of \$1,000 in excess thereof), and the Pari Passu Debt shall be purchased by the Company, at the option of the Holders thereof, in whole or in part, on a date that is not earlier than 30 days and not later than 60 days from the date the notice of the Offer to Purchase is given to Holders, or such later date as may be necessary for the Company to comply with the requirements under the Exchange Act.

The Indenture provides that the Company will comply with the applicable tender offer rules, including Rule 14e-1 under the Exchange Act, and any other applicable securities laws or regulations in connection with an Offer to Purchase. To the extent that the provisions of any securities laws or regulations conflict with the Asset Disposition provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Disposition provisions of the Indenture by virtue of such compliance.

Limitation on transactions with affiliates

The Company may not, and may not permit any Restricted Subsidiary to, directly or indirectly, enter into any transaction or series of related transactions having a value in excess of \$1.0 million with or for the benefit of an Affiliate of the Company or a Restricted Subsidiary, including any Investment, either directly or indirectly, unless such transaction is on terms no less favorable to the Company or such Restricted Subsidiary than those

that could be obtained in a comparable arm s-length transaction with an entity that is not an Affiliate and is in the best interests of the Company or such Restricted Subsidiary. For any transaction or series of related transactions involving aggregate value in excess of \$10.0 million, such transaction or series of related transactions is approved by either (x) a majority of the Disinterested Directors of the Board of Directors of the Company, or in the event there is only one Disinterested Director, by such Disinterested Director, or (y) the audit committee of the Board of Directors of the Company (with any Director on such committee that is not a Disinterested Director recusing himself or herself). For any transaction or series of related transactions involving aggregate value in excess of \$25.0 million, either (1) such transaction or series of related transactions has been approved by either (x) a majority of the Disinterested Directors of the Board of Directors of the Company, or in the event there is only one Disinterested Director, by such Disinterested Director, or (y) the audit committee of the Board of Directors of the Company (with any Director on such committee that is not a Disinterested Director recusing himself or herself), or (2) the Company delivers to the Trustee a written opinion of an investment banking firm of national standing or other recognized independent expert with experience in appraising the terms and conditions of the type of transaction or series of related transactions for which an opinion is required stating that the transaction or series of related transactions is fair to the Company or such Restricted Subsidiary from a financial point of view.

The preceding requirements shall not apply to:

- (1) any transaction pursuant to agreements in effect on the Issue Date;
- (2) any employment agreement or employee benefit arrangements with any officer or director, including under any stock option or stock incentive plans, entered into by the Company or any of its Restricted Subsidiaries in the ordinary course of business of the Company or such Restricted Subsidiary or approved by a majority of the disinterested members of the Board of Directors;
- (3) transactions between or among the Company and/or its Restricted Subsidiaries;
- (4) any transaction with any Person (x) that is not an Affiliate of the Company immediately before the consummation of such transaction that becomes an Affiliate of the Company as a result of such transaction or (y) that is an Affiliate of the Company solely because the Company, directly or indirectly, owns Capital Stock in, or controls, such Person;
- (5) transactions with joint ventures entered into in the ordinary course of business, provided that no other Affiliate of the Company (other than a Subsidiary thereof) directly or indirectly holds any Capital Stock of such joint venture;
- (6) payment of reasonable directors fees to Persons who are not otherwise employees of the Company;
- (7) indemnities of officers, directors and employees of the Company or any Subsidiary of the Company pursuant to bylaws, or statutory provisions or indemnification agreements or the purchase of indemnification insurance for any director or officer;
- (8) any Restricted Payment or Permitted Investment that is permitted to be made pursuant to the Limitation on restricted payments covenant; and
- (9) written agreements entered into or assumed in connection with acquisitions of other businesses with Persons who were not Affiliates prior to such transactions.

Notwithstanding the preceding, the requirements set forth in the third sentence of the first paragraph of this Limitation on transactions with affiliates covenant relating to an opinion from a nationally recognized expert shall not apply to

leases of property or equipment entered into in the ordinary course of business.

# **Future guarantees**

If any domestic Restricted Subsidiary that is not already a Subsidiary Guarantor guarantees any Debt of the Company or a Subsidiary Guarantor under, or borrows Debt under, the Revolving Credit Facility after the Issue

38

Date, then such domestic Restricted Subsidiary will become a Subsidiary Guarantor and execute a supplemental indenture within 30 days of the date on which it became a guarantor or borrower with respect to such other Debt. For purposes of the foregoing, a domestic Restricted Subsidiary shall mean any Restricted Subsidiary that is not a Foreign Subsidiary.

## Change of control

No later than 30 days after the occurrence of a Change of Control, the Company will be required to make an Offer to Purchase (a Change of Control Offer ) all outstanding Notes at a purchase price equal to 101% of their principal amount plus accrued and unpaid interest to, but not including, the date of purchase (the Change of Control Purchase Price ). A Change of Control will be deemed to have occurred at such time as either:

- (1) any Person or any Persons acting together that would constitute a group for purposes of Section 13(d) of the Exchange Act, or any successor provision thereto, other than the Company, any Subsidiary of the Company or any employee benefit plan of the Company or any such Subsidiary, shall beneficially own (within the meaning of Rule 13d-3 under the Exchange Act, or any successor provision thereto) at least 50% of the aggregate voting power of all classes of Voting Stock of the Company, except in a transaction in which the Company becomes a Wholly Owned Subsidiary of another Person and in such transaction the Voting Stock of the Company outstanding immediately prior to such transaction is converted into or exchanged for Voting Stock of such Person representing more than 50% of the voting power of all classes of Voting Stock of such Person immediately after giving effect to such transaction; or
- (2) the sale, assignment, conveyance, transfer, lease or other disposition, in one or a series of related transactions, of all or substantially all of the assets of the Company and its Restricted Subsidiaries taken as a whole to any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) other than a Restricted Subsidiary; or
- (3) the adoption by the stockholders of the Company of a plan or proposal for the liquidation or dissolution of the Company.

Notwithstanding the foregoing, a transaction effected to create a holding company of the Company, (a) pursuant to which the Company becomes a Wholly Owned Subsidiary of such holding company, and (b) as a result of which the holders of Capital Stock of such holding company are substantially the same as the holders of Capital Stock of the Company immediately prior to such transaction, shall not be deemed to involve a Change of Control; provided further that following such a holding company transaction, references in this definition of Change of Control to the Company shall thereafter be treated as references to such holding company.

The Revolving Credit Facility currently treats certain change of control events with respect to the Company as an event of default entitling the lenders to terminate all further lending commitments, to accelerate all loans then outstanding and to exercise other remedies. The occurrence of a Change of Control may result in a default under other Debt of the Company and its Subsidiaries, and give the lenders thereunder the right to require the Company to repay obligations outstanding thereunder. Moreover, the exercise by Holders of their right to require the Company to repurchase the Notes could cause a default under such future Debt, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Company. The Company s ability to repurchase Notes following a Change of Control also may be limited by the Company s then existing financial resources.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not validly withdrawn under such Change of Control Offer, (2) a notice of redemption for all outstanding

Notes has been given, unless and until there is a default in payment of the applicable redemption price or (3) in connection with or in contemplation of any publicly announced Change of

39

Control, the Company has made an offer to purchase (an Alternate Offer ) any and all Notes validly tendered at a cash price equal to or higher than the Change of Control Purchase Price and has purchased all Notes validly tendered and not validly withdrawn in accordance with the terms of the Alternate Offer.

A Change of Control Offer or Alternate Offer may be made in advance of a Change of Control, and conditioned upon the occurrence of a Change of Control, if a definitive agreement is in place for the Change of Control at the time of making the Change of Control Offer or Alternate Offer.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of all or substantially all of the assets of the Company and its Subsidiaries taken as a whole.

Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of Notes to require the Company to repurchase such Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of the Company and its Subsidiaries taken as a whole may be uncertain.

If Holders of not less than 90% in aggregate principal amount of the outstanding Notes validly tender and do not validly withdraw such Notes in a Change of Control Offer or Alternate Offer and the Company, or any other Person making a Change of Control Offer in lieu of the Company as described above, purchases all of the Notes validly tendered and not validly withdrawn by such Holders, the Company will have the right, upon not less than 30 nor more than 60 days prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all Notes that remain outstanding following such purchase at a redemption price in cash equal to the applicable Change of Control Purchase Price or Alternate Offer price, as applicable, plus, to the extent not included in the Change of Control Purchase Price or Alternate Offer price, as applicable, accrued and unpaid interest, if any, to the date of redemption (subject to the right of Holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the date of purchase).

In the event that the Company makes an Offer to Purchase the Notes, the Company intends to comply with any applicable securities laws and regulations, including any applicable requirements of Section 14(e) of, and Rule 14e-1 under, the Exchange Act.

### **Payments for consent**

The Company may not, and may not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture, the Notes or any Subsidiary Guarantee unless such consideration is offered to be paid or is paid to all Holders of the Notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement; provided that if such consents, waivers or amendments are sought in connection with an exchange offer where participation in such exchange offer is limited to Holders who are qualified institutional buyers, within the meaning of Rule 144A, or non-U.S. persons, within the meaning of Regulation S, then such consideration need only be offered to all Holders to whom the exchange offer is made and to be paid to all such Holders that consent, waive or agree to amend in such time frame.

### **Provision of financial information**

Whether or not the Company is required to be subject to Section 13(a) or 15(d) of the Exchange Act, or any successor provision thereto, the Company shall provide to the Trustee and Holders the annual reports, quarterly reports and

reports which the Company would have been required to file with the Commission pursuant to such Section 13(a) or 15(d) or any successor provision thereto if the Company were so required, such documents to be provided to the Trustee and Holders on or prior to the respective dates by which the Company would have been required to file such documents with the Commission if the Company were so required; provided that any such

reports and documents filed with the Commission pursuant to its Electronic Data Gathering, Analysis and Retrieval system (EDGAR) (or any successor system) or made publicly available on the Company s website shall be deemed to be delivered to the Trustee and the Holders of Notes for purposes of the foregoing requirements.

So long as any of the Notes remain outstanding, if at any time the Company is not subject to Section 13 or 15(d) under the Exchange Act, the Company will make available to any prospective purchaser of Notes or beneficial owner of Notes in connection with any sale thereof the information required by Rule 144A(d)(4) under the Securities Act, until such time as the Company has either exchanged all of the Notes for Exchange Notes which have been registered under the Securities Act or until such time as the Holders of the Notes have disposed of such Notes pursuant to an effective registration statement under the Securities Act or until such time when the Holders of the Notes, other than Holders that are Affiliates of the Company, are able to sell all such Notes immediately without restriction pursuant to the provisions of Rule 144 under the Securities Act or any successor thereto.

In the event that any direct or indirect parent company of the Company becomes a guarantor of the Notes, the Company may satisfy its obligations in this covenant with respect to financial information relating to the Company by furnishing financial information relating to such parent company; provided that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Company and its Subsidiaries on a standalone basis, on the other hand.

Delivery of reports and documents to the Trustee is for informational purposes only and the Trustee s receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company s or any Subsidiary Guarantor s, as the case may be, compliance with any of its covenants under the Indenture (as to which the Trustee is entitled to rely exclusively on officer s certificates of the Company). The Trustee shall have no obligation or responsibility to determine whether the Company is required to file any reports or other information with the Commission, whether the Company s information is available on EDGAR (or any successor thereto) or whether the Company has otherwise delivered any notice or report in accordance with the requirements specified in this covenant.

## Designation of restricted and unrestricted subsidiaries

The Board of Directors of the Company may designate any Restricted Subsidiary to be an Unrestricted Subsidiary, in which event such Subsidiary and each other Person that is then or thereafter becomes a Subsidiary of such Subsidiary will be deemed to be an Unrestricted Subsidiary, if (u) neither the Company nor any of its other Subsidiaries (other than another Unrestricted Subsidiary) provides credit support for, or Guarantee of, any Debt of such Subsidiary or any Subsidiary of such Subsidiary (including any undertaking, agreement or instrument evidencing such Debt) or is directly or indirectly liable for any Debt of such Subsidiary or any Subsidiary of such Subsidiary, and no default with respect to any Debt of such Subsidiary or any Subsidiary of such Subsidiary (including any right which the holders thereof may have to take enforcement action against such Subsidiary) would permit (upon notice, lapse of time or both) any holder of any other Debt of the Company and its Subsidiaries (other than another Unrestricted Subsidiary) to declare a default on such other Debt or cause the payment thereof to be accelerated or payable prior to its final scheduled maturity except, in either case to the extent that the amount of any such Debt is treated as a Restricted Payment or Permitted Investment, (v) such Subsidiary does not own any Capital Stock of, or does not own or hold any Lien on any property of, any other Restricted Subsidiary which is not a Subsidiary of the Subsidiary to be so designated or otherwise an Unrestricted Subsidiary, (w) at the time of designation, the Company could make a Restricted Payment or Permitted Investment in an amount equal to the greater of the Fair Market Value and book value of its interest in such Subsidiary pursuant to the Limitation on restricted payments covenant and such amount is thereafter treated as a Restricted Payment for the purpose of calculating the aggregate amount available for Restricted

Payments thereunder, (x) such Subsidiary is a Person with respect to which neither the Company nor

41

any of its Restricted Subsidiaries has any direct or indirect obligation to (a) subscribe for additional Capital Interests of such Subsidiary or (b) maintain or preserve such Subsidiary s financial condition or to cause such Subsidiary to achieve any specified levels of operating results; and (y) no Default shall have occurred and be continuing at the time of, or immediately after giving effect to, such designation.

The Board of Directors of the Company may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of the Company; provided that such designation will be deemed to be an Incurrence of Debt by a Restricted Subsidiary of the Company of any outstanding Debt of such Unrestricted Subsidiary and such designation will only be permitted if (1) such Debt is permitted under the Limitation on debt covenant calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period; and (2) no Default or Event of Default would occur and be continuing following such designation.

### Consolidations, mergers and certain sales of assets

### The Company

The Company shall not consolidate with or merge with or into, or convey, transfer or lease all or substantially all its assets in a single transaction or series of related transactions to, another Person, unless:

- (a) the resulting, surviving or transferee Person (the Successor Company) if not the Company shall be a corporation, partnership, trust or limited liability company organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company (if not the Company) shall expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Company under the Indenture, the Notes, and if the Successor Company is not a corporation, a co-obligor of the Notes is a corporation organized or existing under such laws;
- (b) immediately after giving effect to such transaction and after giving pro forma effect to such transaction and treating any Debt which becomes an obligation of the Company or a Restricted Subsidiary as a result of such transaction as having been Incurred by the Company or such Restricted Subsidiary at the time of the transaction, no Default or Event of Default shall have occurred and be continuing;
- (c) except in the case of any such consolidation or merger of the Company with or into a Restricted Subsidiary, immediately after giving pro forma effect to such transaction and treating any Debt which becomes an obligation of the Company or a Restricted Subsidiary as a result of such transaction as having been Incurred by the Company or such Restricted Subsidiary at the time of the transaction, either (i) the Company (including any Successor Company) could Incur at least \$1.00 of additional Debt (other than Permitted Debt) pursuant to the provisions of the first paragraph of the Limitation on debt covenant, or (ii) the Consolidated Coverage Ratio of the Company or such Successor Company is not less immediately after such transaction than it was immediately before such transaction;
- (d) at the time of such transaction, each Subsidiary Guarantor will have by supplemental indenture confirmed that its Subsidiary Guarantee shall apply to such Person s obligations under the Indenture and the Notes; and
- (e) the Company shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture, if any, comply with the Indenture.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer, or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company, which properties and assets,

if held by the Company instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company on a consolidated basis, shall be deemed to be the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of the Company.

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, and, except in the case of a lease of all or substantially all its assets, the Company will be released from the obligation to pay the principal of, and interest on, the Notes and all other obligations under the Indenture.

### The Subsidiary Guarantors

Subject to the provisions regarding the release of Subsidiary Guarantees described under Subsidiary Guarantees above, each Subsidiary Guarantor will not, and the Company will not permit a Subsidiary Guarantor to, consolidate with or merge with or into, or convey or transfer or lease all or substantially all its assets to, another Person (other than the Company or another Subsidiary Guarantor), unless at the time and after giving effect thereto:

- (1) (x) the resulting, surviving or transferee Person (the Successor Subsidiary Guarantor ) if not the Subsidiary Guarantor shall be a corporation, partnership, trust or limited liability company organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Subsidiary Guarantor (if not the Subsidiary Guarantor) shall expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Subsidiary Guarantor under the Indenture, its Subsidiary Guarantee;
- (y) immediately after giving effect to such transaction no Default or Event of Default shall have occurred and be continuing;
- (z) the Subsidiary Guarantor shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture, if any, comply with this Indenture; or
- (2) such transaction does not violate the covenant described under the caption Certain covenants Limitation on asset dispositions.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer, or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of a Subsidiary Guarantor, which properties and assets, if held by such Subsidiary Guarantor instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of such Subsidiary Guarantor on a consolidated basis, shall be deemed to be the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of such Subsidiary Guarantor.

The Successor Subsidiary Guarantor will succeed to, and be substituted for, and may exercise every right and power of, the Subsidiary Guarantor under the Indenture, but, in the case of a lease of all or substantially all its assets, the Subsidiary Guarantor will not be released from its obligations under its Subsidiary Guarantee.

### **Events of default**

The following are Events of Default under the Indenture with respect to the Notes:

- (1) failure to pay principal of (or premium, if any, on) any Note when due and payable, at maturity, upon redemption or otherwise;
- (2) failure to pay any interest on any Note when due and payable and such default continues for 30 days;

- (3) default in the payment of principal and interest on Notes required to be purchased pursuant to an Offer to Purchase as described under Change of control and Certain covenants Limitation on asset dispositions when due and payable;
- (4) failure to perform or comply with the provisions described under Consolidations, mergers and certain sales of assets;

43

- (5) failure to perform any other covenant or agreement of the Company under the Indenture or the Notes and such default continues for 60 days (or 90 days with respect to the covenant described under Certain covenants Provision of financial reports ) after written notice to the Company by the Trustee or Holders of at least 25% in aggregate principal amount of outstanding Notes;
- (6) default under the terms of any instrument evidencing or securing any Debt of the Company or any Restricted Subsidiary having an outstanding principal amount of \$25.0 million, individually or in the aggregate, which default results in the acceleration of the payment of all or any portion of such Debt or constitutes the failure to pay all or any portion of the principal amount of such Debt when due; provided that in connection with any series of convertible or exchangeable securities (a) any conversion or exchange of such securities by a holder thereof into shares of Capital Stock, cash or a combination of cash and shares of Capital Stock, (b) the rights of holders of such securities to convert or exchange into shares of Capital Stock, cash or a combination of cash and shares of Capital Stock and (c) the rights of holders of such securities to require any repurchase by the Company of such securities in cash shall not, in itself, constitute an Event of Default under this clause (6);
- (7) the rendering of one or more final judgments, orders or decrees (not subject to appeal) of any court or regulatory or administrative agency against the Company or any Restricted Subsidiary or any of their respective properties in an amount in excess of \$25.0 million, either individually or in the aggregate, (exclusive of any portion of any such payment covered by insurance) which remains undischarged or unstayed for a period of 60 days after the date on which the right to appeal has expired;
- (8) certain events of bankruptcy, insolvency or reorganization affecting the Company, any Significant Restricted Subsidiary or any group of Restricted Subsidiaries that together would constitute a Significant Restricted Subsidiary; and
- (9) the Subsidiary Guarantee of any Subsidiary Guarantor is held by a final non-appealable order or judgment of a court of competent jurisdiction to be unenforceable or invalid or ceases for any reason to be in full force and effect (other than in accordance with the terms of the Indenture) or any Subsidiary Guarantor or any Person acting on behalf of any Subsidiary Guarantor denies or disaffirms such Subsidiar
