Dear CorVel Stockholder:

We are pleased to invite you to our 2015 Annual Meeting, which will be held at CorVel's principal executive offices at 2010 Main Street, Suite 600, Irvine, California 92614, on Thursday, August 6, 2015, at 1:00 p.m. Pacific Daylight Time. Voting on election of directors and other matters is also scheduled. The items to be voted on at the 2015 Annual Meeting are addressed in the Notice of Annual Meeting of Stockholders and Proxy Statement.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholder Meeting to Be Held on August 6, 2015: The Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are available at <https://materials.proxyvote.com/221006>.

We are pleased to provide proxy materials to our stockholders over the Internet, which we believe will lower the costs of delivering such materials while also reducing the environmental impact of printing and mailing. Consequently, stockholders will not receive paper copies of our proxy materials unless they request them. We will send stockholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how to receive a paper copy of the Annual Meeting materials, if they so choose.

Your vote is important. Whether or not you plan to attend the 2015 Annual Meeting, please vote as soon as possible to ensure that your shares will be represented and voted at the 2015 Annual Meeting. If you later decide to attend the Annual Meeting and wish to change your vote, you may do so simply by voting in person at the meeting. If you are a beneficial owner of our stock and wish to vote at the 2015 Annual Meeting, you will need to obtain a legal proxy from your bank or broker and bring this legal proxy to the meeting. If you hold your shares in the name of a broker, bank or other nominee, your nominee may determine to vote your shares at its own discretion, absent instructions from you. However, due to voting rules that may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and on other non-routine matters, it is important that you cast your vote. Accordingly, please provide appropriate voting instructions to your broker or bank to ensure your vote will count.

We look forward to seeing you at our 2015 Annual Meeting.

Sincerely,

V. Gordon Clemons,

Chairman of the Board

If you hold your shares in the name of a broker, bank or other nominee, please provide appropriate voting instructions to that nominee. Accordingly, please provide appropriate voting instructions to your broker or bank to ensure your vote will count. If you wish to attend the Annual Meeting and vote shares held for you by a nominee, please be sure to obtain a legal proxy from that nominee allowing you to cast your vote in person.

The holders of a majority of the outstanding shares of our Common Stock entitled to vote must be present in person or represented by proxy at the Annual Meeting in order to constitute a quorum for the transaction of business. Please vote as soon as possible in order to ensure that a quorum is obtained and to avoid the additional cost to us of adjourning the Annual Meeting until a later time and re-soliciting proxies.

PROXY STATEMENT

Proxies are being solicited on behalf of our Board of Directors for use at the 2015 Annual Meeting of stockholders, which will be held at our principal executive offices located at 2010 Main Street, Suite 600, Irvine, California 92614, on Thursday, August 6, 2015, at 1:00 p.m. Pacific Daylight Time, and at any adjournment(s) or postponement(s) thereof. Stockholders of record at the close of business on June 15, 2015 are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) or postponement(s) of that meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices and at the Annual Meeting.

On June 15, 2015, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were 20,065,654 shares of our Common Stock outstanding and approximately 1,057 holders of record according to information provided by our transfer agent. No shares of our preferred stock were outstanding as of June 15, 2015. Each stockholder is entitled to one vote on all matters brought before the Annual Meeting for each share of our Common Stock held by such stockholder on the record date. Stockholders may not cumulate votes in the election of directors.

The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the outstanding shares of our Common Stock entitled to vote will constitute a quorum for the transaction of business. In the election of directors under Proposal One, the six nominees receiving the highest number of affirmative votes shall be elected. Proposals Two and Three will be approved if a majority of the total votes cast on the proposal in person or by proxy are voted in favor of such approval. The affirmative vote of the holders of our Common Stock representing a majority of the voting power present or represented by proxy at the Annual Meeting and entitled to vote is being sought for approval of Proposal Four.

All votes will be tabulated by our inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., shares held by a broker, bank or other nominee that are represented at the Annual Meeting, but with respect to which such broker, bank or other nominee is not instructed to vote on a particular proposal and does not have discretionary voting power). Abstentions and broker non-votes are counted as present for purposes of determining whether a quorum exists for the transaction of business at the Annual Meeting, but broker non-votes will not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. With regard to Proposal One, broker non-votes and votes marked withheld will not be counted towards the tabulations of votes cast on such proposal presented to the stockholders, will not have the effect of negative votes, and will not affect the outcome of the election of directors. With regard to Proposals Two and Three, abstentions and broker non-votes will not be counted for purposes of determining whether the proposals have been approved, and will not have the same effect as negative votes. With regard to Proposal Four, abstentions will be counted towards the tabulations of votes cast on such proposal presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether such proposal has been approved and will not have the effect of negative votes.

If your shares are held by a bank or broker in street name, it is important that you cast your vote if you want it to count in the election of directors and any other non-routine matters proposed in this proxy statement. Voting rules may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and any other non-routine matters. Accordingly, if your shares are held by a bank or broker in street name and you do not instruct your bank or broker how to vote in the election of directors and any other non-routine matters proposed in this proxy statement, no votes will be cast on your behalf. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on routine matters, such as the ratification of the appointment of our independent registered public accounting firm and other matters determined by the NYSE to be routine.

If a proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted **FOR** the election of the directors in Proposal One unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the proxy will be voted as recommended by our Board of Directors with respect to Proposals Two, Three and Four described in the accompanying Notice and this Proxy Statement. In their discretion, the proxies named on the proxy will be authorized to vote upon any other matter that may properly come before the Annual Meeting or any adjournment(s) or postponement(s) thereof. A proxy may be revoked or changed at or prior to the Annual Meeting by delivery of a written revocation or by presentation of another properly signed proxy with a later date to our Secretary at our principal executive offices at 2010 Main Street, Suite 600, Irvine, California 92614, or by attendance at the Annual Meeting and voting in person by ballot. Your attendance at the Annual Meeting will not automatically revoke your proxy unless you affirmatively indicate at the Annual Meeting your intention to vote your shares in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must obtain from the record holder a legal proxy issued in your name.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholder Meeting to Be Held on August 6, 2015: The Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are available at <https://materials.proxyvote.com/221006>.

Notice regarding the Internet availability of these proxy materials was first sent or given on or about June 26, 2015, to stockholders of record on the record date.

While our proxy solicitation materials are available on the Internet, we will provide, without charge, copies of our annual report on Form 10-K to each stockholder of record as of the Record Date that requests a copy in writing. Any exhibits listed in the annual report on Form 10-K report also will be furnished upon request at the actual expense we incur in furnishing such exhibit. Any such requests should be directed to our Secretary at our executive offices set forth above.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the rules of the Securities and Exchange Commission (SEC), we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, stockholders will not receive paper copies of our proxy materials unless they request them. We will send stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our proxy statement and annual report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via email unless you change your election.

Our principal executive offices are located at 2010 Main Street, Suite 600, Irvine, California 92614. Our telephone number is (949) 851-1473.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

Each such nominee is currently serving as a director and has indicated his or her willingness to continue to serve as a director if elected. In the event that any such nominee becomes unable or declines to serve at the time of the Annual Meeting, the proxy holders may exercise discretionary authority to vote for a substitute person selected and recommended by our Nomination and Governance Committee and approved by the Board.

Corporate Governance, Board Composition and Board Committees

Independent Directors

The Board has determined that each of our current directors other than Mr. Clemons qualifies as an independent director in accordance with the published listing requirements of The Nasdaq Stock Market LLC. The Nasdaq independence definition includes a series of objective tests, such as that the director is not also one of our employees and has not engaged in various types of business dealings with us. In addition, as further required by the Nasdaq rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our directors reviewed and discussed information provided by us and our directors with regard to each director's business and personal activities as they may relate to us and our management.

Board Leadership Structure, Risk Oversight and Diversity

The Board does not have a policy regarding the separation of the roles of the Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interest of the Company to make that determination based on the position and direction of the Company and the membership of the Board from time to time. The Board has determined that having the Company's current Chief Executive Officer serve as the Chairman is currently in the best interest of the Company as this structure provides leadership continuity, makes the best use of the Chairman's extensive knowledge of the Company and its industry, and fosters greater communication between the Company's management and the Board, while facilitating robust director, Board, and CEO evaluation processes.

In determining that we are best served by having Mr. Clemons serve as Chairman of the Board, our board considered the benefits of having the current Chief Executive Officer serve as a bridge between management and our board, ensuring that both groups act with a common purpose. Our board also considered Mr. Clemons' knowledge regarding our operations and the industries and markets in which we compete and his ability to promote communication, to synchronize activities between our board and our senior management and to provide consistent leadership to both our board and our company in coordinating the strategic objectives of both groups.

The Company does, however, have a policy that if the Chairman of the Board of the Company does not qualify as an independent director, the independent directors of the Board will select one of the independent directors to be the Lead Independent Director. Since the Chairman of the Board/CEO is currently involved in the day-to-day operations of the Company, the Board of Directors has designated Mr. Jessup as the Lead Independent Director. The Lead Independent Director has the following duties and responsibilities: (a) acting as Chair of the meetings of the independent directors; (b) working with the Chairman of the Board/CEO and Corporate Secretary to ensure the Board has adequate resources, especially by way of full, timely and relevant information to support its decision-making requirements; (c) serving as a conduit of information between the independent directors and the Chairman of the Board/CEO and other members of management; (d) reviewing annually the purpose of the Committees of the Board and through the Nomination and Governance Committee, recommending to the Board any changes deemed necessary or desirable to the purpose of the Committees and whether any Committees should be created or discontinued; (e) being available as a resource to consult with other Board members on corporate governance practices and policies; and (f) such other responsibilities and duties as the Board shall designate. The Board believes that this current leadership structure, in which the office of Chairman is held by one individual and an independent director acts as Lead Independent Director, provides for dynamic Board leadership and enhances the Company's ability to execute its business and strategic plans, while maintaining strong independence for Board decisions and oversight.

Our board oversees an enterprise-wide approach to risk management that is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and

enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. In setting our business strategy, our board assesses the various risks being mitigated by management and determines what constitutes an appropriate level of risk for us.

While our board has the ultimate oversight responsibility for the risk management process, various committees of our board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls. Risks related to our compensation programs are reviewed by the Compensation Committee and legal and regulatory compliance risks are reviewed by the Nomination and Governance Committee. Our board is advised by the committees of significant risks and management's response through periodic updates.

We believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of CorVel; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

We believe that our Board as a whole should encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to our operations and interests. In addition to considering a candidate's background and accomplishments, our nomination and governance committee reviews candidates in the context of the current composition of the Board and the evolving needs of our business. Our Board has adopted a formal policy with regard to the consideration of diversity in identifying director nominees and as a result, the nomination and governance committee strives to nominate directors with a variety of complementary skills and backgrounds so that as a group, our Board will possess the appropriate talent, skills, insight and expertise to oversee our business. Our Board assesses its overall effectiveness through an annual evaluation process. This evaluation includes, among other things, an assessment of the overall composition of the Board, including the diversity of its members.

Board Structure and Committees

The Board has established an audit committee, a compensation committee and a nomination and governance committee. The Board and its committees set schedules to meet throughout the year, and also can hold special meetings and act by written consent from time to time as appropriate. The independent directors of the Board also hold separate regularly scheduled executive session meetings at least twice a year at which only independent directors are present. The Board has delegated various responsibilities and authority to its committees as generally described below. The committees regularly report on their activities and actions to the full Board. Each member of each committee of the Board qualifies as an independent director in accordance with the Nasdaq standards described above. Each committee of the Board has a written charter approved by the Board. A copy of each charter is posted on our website at <http://www.corvel.com> under the Investor Relations section. The inclusion of any website address in this Proxy Statement does not include or incorporate by reference the information on that website into this Proxy Statement or our Annual Report on Form 10-K.

Audit Committee

The audit committee of the Board reviews and monitors our corporate financial statements and reporting and our internal and external audits, including, among other things, our internal controls and audit functions, the results and scope of the annual audit and other services provided by our independent registered public accounting firm and our compliance with legal matters that have a significant impact on our financial statements. Our audit committee also consults with our management and our independent registered public accounting firm prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of our financial affairs.

Our audit committee has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters. In addition, our audit committee is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm, including approving services and fee arrangements. In accordance with the audit committee's charter and policies regarding transactions with related persons, all related person transactions are approved or ratified by our audit committee. Please see the information set forth under the heading "Policies and Procedures for Related Person Transactions" in this Proxy Statement for additional details about our policies regarding related person transactions. The current members of our audit committee are Messrs. Hamerslag, Hoops and Jessup. The audit committee held four meetings by telephonic conference calls during fiscal 2015.

In addition to qualifying as independent under the Nasdaq rules described above, each member of our audit committee can read and understand fundamental financial statements, and each member currently qualifies as independent under special standards established by the SEC for members of audit committees. Our audit committee includes at least one member who has been determined by the Board to meet the qualifications of an audit committee financial expert in accordance with SEC rules. Mr. Hamerslag is the independent director who has been determined to be an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Hamerslag's experience and understanding with respect to certain accounting and auditing matters. In this regard, please refer to the biography of Mr. Hamerslag appearing above. The designation does not impose on Mr. Hamerslag any duties, obligations or liability that are greater than are generally imposed on him as a member of our audit committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of our audit committee or Board.

Compensation Committee

The compensation committee of the Board reviews and approves our general compensation policies and all forms of compensation to be provided to our executive officers and directors, including, among other things, annual salaries, bonuses, and stock option and other incentive compensation arrangements. In addition, our compensation committee administers the CorVel Corporation 1991 Employee Stock Purchase Plan and the CorVel Corporation Restated Omnibus Incentive Plan (Formerly The Restated 1988 Executive Stock Option Plan), including reviewing and granting stock options. Our compensation committee also reviews and approves various other issues related to our compensation policies and matters. The compensation committee may form, and delegate any of its responsibilities to, a subcommittee so long as such subcommittee consists solely of at least two independent members of the compensation committee. The current members of our compensation committee are Messrs. Hoops and Michael and Ms. Macino. The compensation committee held one meeting and acted by unanimous written consent six times during fiscal 2015.

Risk Assessment in Compensation Programs. We have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Our management assessed the Company's executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. This risk assessment process included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control, and the support of the programs and their risks to Company strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. Our egalitarian culture supports the use of base salary, performance-based compensation, and retirement plans that are generally uniform in design and operation throughout the Company and with all levels of employees. In most cases, the compensation policies and practices are centrally designed and administered, and are substantially identical at each business unit. Field sales personnel are paid a base salary and a sales commission, but all of our executive officers are paid under the programs and plans for non-sales employees. Certain internal groups have different or supplemental compensation programs tailored to their specific operations and goals.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of CorVel; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Nomination and Governance Committee

The nomination and governance committee of the Board reviews and reports to the Board on a periodic basis with regard to matters of corporate governance, and reviews, assesses and makes recommendations on the effectiveness of our corporate governance policies. In addition, the nomination and governance committee reviews and makes recommendations to the Board regarding the size and composition of the Board and the appropriate qualities and skills required of our directors in the context of the then current make-up of the Board. This includes an assessment of each candidate's independence, personal and professional integrity, diversity, financial literacy or other professional or business experience relevant to an understanding of our business, ability to think and act independently and with sound judgment, and ability to serve us and our stockholders' long-term interests. These factors, and others as considered useful by our nomination and governance committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the nomination and governance committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective directors. The nomination and governance committee has a formal policy with respect to diversity in identifying director nominees and, as indicated above, diversity is one factor in the total mix of information our Board considers when evaluating director candidates.

The nomination and governance committee leads the search for and selects, or recommends that the Board select, candidates for election to the Board (subject to legal rights, if any, of third parties to nominate or appoint directors). Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. Candidates for nomination to the Board typically have been suggested by other members of the Board or by our executive officers. From time to time, the nomination and governance committee may engage the services of a third-party search firm to identify director candidates. Each of the current nominees is standing for re-election at the Annual Meeting. The nomination and governance committee selected these candidates and recommended their nomination to the Board. The nomination and governance committee has not received any nominations from any stockholders in connection with this Annual Meeting. The current members of our nomination and governance committee are Messrs. Hamerslag and Michael. The nomination and governance committee held one meeting during fiscal 2015.

Although the nomination and governance committee does not have a formal policy on stockholder nominations, it will consider candidates proposed by stockholders of any outstanding class of our capital stock entitled to vote for the election of directors, provided such proposal is in accordance with the procedures set forth in Article II, Section 12 of our Bylaws and in the charter of the nomination and governance committee. Nominations by eligible stockholders must be preceded by notification in writing addressed to the Chairman of the nomination and governance committee, care of our Secretary, at 2010 Main Street, Suite 600, Irvine, California 92614, not later than (i) with respect to an election to be held at an annual meeting of stockholders, ninety (90) days prior to the anniversary date of the immediately preceding annual meeting, or (ii) with respect to the election to be held at a special meeting of stockholders for the election of directors, the close of business on the tenth day following the date on which notice of such meeting is first given to stockholders. Our Bylaws and the charter of the nomination and governance committee require that such notification shall contain the written consent of each proposed nominee to serve as a director if so elected and the following information as to each proposed nominee and as to each person, acting alone or in conjunction with one or more other persons as a partnership, limited partnership, syndicate or other group, who participates or is expected to participate in making such nomination or in organizing, directing or financing such nomination or solicitation of proxies to vote for the nominee: (a) the name

and address of the nominee; (b) the name and address of the stockholder making the nomination; (c) a representation that the nominating stockholder is a stockholder of record of our stock entitled to vote at the next annual meeting and intends to appear in person or by proxy at such meeting to nominate the person specified in the notice; (d) the nominee's qualifications for membership on the Board of Directors; (e) all of the information that would be required in a proxy statement soliciting proxies for the election of the nominee as a director pursuant to the rules and regulations of the United States Securities and Exchange Commission; (f) a description of all direct or indirect arrangements or understandings between the nominating stockholder and the nominee and any other person or persons (naming such person or persons) pursuant to whose request the nomination is being made by the stockholder; (g) all other companies to which the nominee is being recommended as a nominee for director; and (h) a signed consent of the nominee to cooperate with reasonable background checks and personal interviews, and to serve as one of our directors, if elected.

All such recommendations will be brought to the attention of our nomination and governance committee. Candidates proposed by stockholders will be evaluated by our nomination and governance committee using the same criteria as for all other candidates.

Board and Committee Meetings

The Board held four meetings in person and acted by unanimous written consent six times during fiscal 2015. Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which such director served during fiscal 2015. Although we do not have a formal policy regarding attendance by members of the Board at our annual meetings of stockholders, directors are encouraged and expected to attend each of our annual meetings of stockholders in addition to each meeting of the Board and of the committees on which he or she serves, except where the failure to attend is due to unavoidable circumstances or schedule conflicts. All of our directors attended our 2014 annual meeting of stockholders.

Code of Ethics and Business Conduct

The Board has adopted a code of ethics and business conduct that applies to all of our employees, officers and directors. The full text of our code of ethics and business conduct is posted on our web site at <http://www.corvel.com> under the Investor Relations section. We intend to disclose future amendments to certain provisions of our code of ethics and business conduct, or waivers of such provisions, applicable to our directors and executive officers, at the same location on our web site identified above. The inclusion of any web site address in this proxy statement does not include or incorporate by reference the information on that web site into this proxy statement or our Annual Report on Form 10-K.

Communications from Stockholders to the Board

The Board has implemented a process by which stockholders may send written communications to the attention of the Board, any committee of the Board or any individual Board member, care of our Secretary at 2010 Main Street, Suite 600, Irvine, CA 92614. This centralized process assists the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. Our Secretary, with the assistance of our Director of Legal Services, is primarily responsible for collecting, organizing and monitoring communications from stockholders and, where appropriate depending on the facts and circumstances outlined in the communication, providing copies of such communications to the intended recipients. Communications will be forwarded to directors if they relate to appropriate and important substantive corporate or board matters. Communications that are of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration will not be forwarded to the Board. Any communications not forwarded to the Board will be retained for a period of three months and made available to any of our independent directors upon their general request to view such communications. There were no changes in this process in fiscal 2015.

Stockholder Approval

Directors are elected by a plurality of the votes present or represented by proxy at the Annual Meeting and entitled to vote. The six nominees receiving the highest number of affirmative votes cast at the Annual Meeting will be our elected directors.

THE BOARD RECOMMENDS A VOTE FOR EACH OF THE NOMINEES NAMED ABOVE.

PROPOSAL TWO

**APPROVAL OF THE AMENDMENT AND RESTATEMENT OF
THE CORVEL CORPORATION RESTATED OMNIBUS INCENTIVE PLAN
(FORMERLY THE RESTATED 1988 EXECUTIVE STOCK OPTION PLAN) TO EXTEND ITS
EXPIRATION DATE BY 10 YEARS**

Overview

We are seeking stockholder approval to amend and restate our Restated Omnibus Incentive Plan (Formerly The Restated 1988 Executive Stock Option Plan) to extend its expiration date by 10 years to June 30, 2026 (as proposed to be amended, the Omnibus Plan). On June 19, 2015, subject to stockholder approval, our Board approved the amendment and restatement of the Omnibus Plan to extend its expiration date by 10 years, and is seeking stockholder approval of the same. We believe that this amendment is necessary in order to attract and retain talented employees and management.

A copy of the Omnibus Plan is attached to this proxy statement as [Appendix A](#) and is incorporated herein by reference. The following summary of the material terms of the Omnibus Plan does not purport to be a complete description of the Omnibus Plan and is qualified in its entirety by reference to the complete copy of the Omnibus Plan in [Appendix A](#).

Structure of the Omnibus Plan

Currently, the Omnibus Plan is divided into two separate components: the Discretionary Option Grant Program and the Other Equity Based Awards Program. Under the Discretionary Option Grant Program and the Other Equity Based Awards Program, options and other equity based awards may be issued to employees, officers, directors, consultants and advisors of the Company (or its parent or subsidiary companies).

The Discretionary Option Grant Program and the Other Equity Based Awards Program are administered by the Compensation Committee of the Board (the Committee). The Committee has complete discretion (subject to the provisions of the Omnibus Plan) to authorize option grants and other equity based awards and to determine the terms of these options and other equity based awards under these two components of the Omnibus Plan. However, the Board may at any time appoint a secondary committee of two or more Board members to have separate but concurrent authority with the Committee to make option grants and other equity based awards to individuals other than executive officers and non-employee Board members, and only in a manner that would comply with the requirements of Section 162(m) of the Code. The committee administering the Omnibus Plan will have full power and authority to determine when and to whom awards will be granted, and the type, amount, form of payment and other terms and conditions of each award, consistent with the provisions of the Omnibus Plan. Subject to the provisions of the Omnibus Plan, the committee administering the Omnibus Plan may change the terms and conditions, or accelerate the exercisability, of an outstanding award. The committee administering the Omnibus Plan has authority to interpret the Omnibus Plan, and establish rules and regulations for the administration of the Omnibus Plan. In addition, the Board at any time may exercise the powers of the committee administering the Omnibus Plan.

Purpose of the Omnibus Plan

The Omnibus Plan is designed to serve as a comprehensive equity incentive program to attract and retain the services of individuals essential to the Company's long-term growth and success, and to encourage such individuals to put forth maximum efforts for the success of the Company's business. Accordingly, the Company's officers and other employees, non-employee directors and other consultants and advisors will have the opportunity to acquire a meaningful equity interest, or otherwise increase their equity interest, in the Company through their participation in the Omnibus Plan, thereby aligning the interests of such individuals with the Company's stockholders.

Shares Subject to the Omnibus Plan

The total number of shares of Common Stock issuable under all equity based awards over the term of the Omnibus Plan may not exceed 19,365,000 shares. All such shares will be made available either from authorized but unissued Common Stock or from Common Stock reacquired by the Company.

For purposes of Section 162(m) of the Code, no award recipient may be granted (i) options or stock appreciation rights with respect to more than 500,000 shares of Common Stock in the aggregate within any fiscal year or (ii) qualified performance based awards which could result in such person receiving more than \$1,500,000 in cash or the equivalent fair market value of shares of Common Stock determined at the date of grant for each full or partial fiscal year contained in the performance period of a particular qualified performance based award, subject to certain adjustments as described in more detail below under the heading Performance Awards.

Shares subject to any outstanding options or other equity based awards under the Omnibus Plan which expire or otherwise terminate prior to exercise will be available for subsequent issuance. Unvested shares issued under the Omnibus Plan that the Company subsequently purchases, at the option exercise or direct issue price paid per share, pursuant to the Company's purchase rights under the Omnibus Plan will be added back to the number of shares reserved for issuance under the Omnibus Plan and will accordingly be available for subsequent issuance. However, any shares subject to tandem stock appreciation rights that were exercised under the Omnibus Plan will not be available for reissuance.

In the event any change is made to the outstanding shares of Common Stock by reason of any recapitalization, stock dividend, stock split, combination of shares, exchange of shares or other change in corporate structure effected without the Company's receipt of consideration, appropriate adjustments will be made to the class and number of securities issuable (in the aggregate and to each participant) under the Omnibus Plan and to each outstanding option and other equity based award.

Eligibility

Officers, employees, consultants, advisors, and Board members (including Committee members if this Proposal is approved by stockholders) in the service of the Company or any parent or subsidiary corporation shall be eligible to participate in the Discretionary Option Grant Program and the Other Equity Based Awards Program. Awards under the Omnibus Plan may only be transferred by will or by the laws of descent and distribution, except that options under the Omnibus Plan may also be transferred without consideration to a family member pursuant to the General Instructions to form S-8 under the Securities Act of 1933.

As of May 31, 2015, approximately 170 employees, 2 consultants, 4 executive officers and 5 non-employee Board members are eligible to participate in the Discretionary Option Grant Program and the Other Equity Based Awards Program.

Valuation

For purposes of establishing the option exercise price or the price for other equity based awards, and for all other valuation purposes under the Omnibus Plan, the fair market value per share of Common Stock on any relevant date under the Omnibus Plan is the closing selling price per share on such date, as quoted on the Nasdaq Stock Market and published in The Wall Street Journal. If there is no reported closing selling price for such date, then the closing selling price for the last previous date for which such quotation exists is used as its fair market value. The closing selling price per share of the Common Stock on the Nasdaq Stock Market on March 31, 2015 was \$34.41 per share.

Discretionary Option Grant Program

The Committee has complete discretion under the Discretionary Option Grant Program to determine which eligible individuals are to receive option grants, the time or times when those grants are to be made, the number of shares subject to each such grant, the vesting schedule (if any) to be in effect for the option grant and the

maximum term for which any granted option is to remain outstanding. Unless otherwise provided in a particular award agreement, the options granted under the Discretionary Option Grant Program generally will have the following terms and conditions:

Price and Exercisability. The exercise price per share for options issued under the Discretionary Option Grant Program may not be less than the fair market value of the Common Stock on the grant date (except in connection with a merger, acquisition or other similar consolidation), and no option may be outstanding for more than ten years. The shares subject to each option will generally vest in one or more installments over a specified period of service measured from the grant date.

Upon cessation of service, the optionee will have a limited period of time in which to exercise any outstanding option for the number of shares which were vested at the time service terminated. The Committee will have complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised and/or accelerate the exercisability or vesting of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's cessation of service.

Acceleration of Options. In the event of an acquisition of the Company by merger or asset sale (Corporate Transaction), each option outstanding under the Discretionary Option Grant Program at the time will automatically become exercisable as to all of the option shares immediately prior to the effective date of the Corporate Transaction. However, no acceleration will occur if and to the extent: (i) such option is either to be assumed by the successor corporation or its parent or replaced by a comparable option to purchase shares of the capital stock of the successor corporation or its parent, (ii) such option is to be replaced with a cash incentive program of the successor corporation designed to preserve the difference between the exercise price and the fair market value of the Common Stock at the time of the Corporate Transaction and incorporating the same vesting schedule applicable to the option or (iii) acceleration of such option is subject to other limitations imposed by the Committee at the time of grant. Upon the consummation of any Corporate Transaction, all outstanding options will, to the extent not previously exercised by the optionees or assumed by the successor corporation (or its parent company), terminate and cease to be outstanding.

The Committee will have the discretion to provide for the automatic acceleration of one or more assumed or replaced options which are not otherwise accelerated in connection with the Corporate Transaction, or to provide for automatic vesting of the optionee's interest in any cash incentive program implemented in replacement of his or her options under the Discretionary Option Grant Program, should the optionee's employment or service with the successor entity terminate within a designated period following the Corporate Transaction.

The acceleration of options in the event of a Corporate Transaction may be seen as an anti-take-over provision and may have the effect of discouraging a merger proposal, a take-over attempt or other efforts to gain control of the Company.

Tandem Stock Appreciation Rights. At the Committee's discretion, options granted under the Discretionary Option Grant Program may be granted with tandem stock appreciation rights. Two types of stock appreciation rights are authorized for issuance: (i) tandem stock appreciation rights which require the option holder to elect between the exercise of the underlying option for shares of Common Stock and the surrender of such option for a share distribution and (ii) prior to July 1, 2006, limited stock appreciation rights which are automatically exercised upon the occurrence of a hostile take-over of the Company.

Tandem stock appreciation rights provide the holders with the right to surrender their option for an appreciation distribution from the Company equal in amount to the excess of (i) the fair market value (on the date of surrender) of the shares of Common Stock in which the optionee is at the time vested under the surrendered option over (ii) the aggregate exercise price payable for such shares. Such appreciation distribution shall be made in shares of Common Stock valued at fair market value on the date of surrender.

Prior to July 1, 2006, one or more officers of the Company subject to the short-swing profit restrictions of the Federal securities laws were, in the Committee's discretion, eligible to be granted a limited stock appreciation right as part of any stock option grant made to such officers. Any option with such a limited stock appreciation right will automatically be canceled upon the occurrence of a hostile take-over, to the extent the option is at such time exercisable for vested shares. In return, the optionee will be entitled to a cash distribution from the Company in an amount equal to the excess of (i) the take-over price per share over (ii) the aggregate exercise price payable for such shares.

Outstanding options granted to executive officers under the Omnibus Plan prior to June 15, 1992 provide such individuals with a different form of limited stock appreciation right in the event of a hostile take-over of the Company. Under this latter right, if the optionee is an officer of the Company at the time of such a hostile take-over, such optionee will have a thirty-day period in which to surrender the underlying option in return for a cash distribution from the Company equal to the excess for the take-over price of the shares subject to the surrendered option over the exercise price payable for such shares.

Other Equity Based Awards Program

Free Standing Stock Appreciation Rights. The holder of a free standing stock appreciation right (SAR) is entitled to receive the excess of the fair market value (calculated as of the exercise date or, at the Committee's discretion, as of any time during a specified period before or after the exercise date) of a specified number of shares of the Company's Common Stock over the grant price of the SAR, as determined by the Committee, paid in shares of Common Stock. SARs vest and become exercisable in accordance with a vesting schedule established by the Committee.

Restricted Stock and Restricted Stock Units. The holder of restricted stock will own shares of the Company's Common Stock subject to restrictions imposed by the Committee (including, for example, restrictions on transferability or on the right to vote the restricted shares or to receive any dividends with respect to the shares) for a specified time period determined by the Committee. The restrictions, if any, may lapse or be waived separately or collectively, in installments or otherwise, as the Committee may determine. The holder of restricted stock units will have the right, subject to any restrictions imposed by the Committee, to receive shares of the Company's Common Stock at some future date determined by the Committee. The Committee also may permit accelerated vesting in the case of a participant's death, disability or retirement, or a change in control. If the participant's employment or service as a director terminates during the vesting period for any other reason, the restricted stock and restricted stock units will be forfeited, unless the Committee determines that it would be in the Company's best interest to waive the remaining restrictions.

Performance Awards. Performance awards give participants the right to receive payments in stock or property based solely upon the achievement of certain performance goals during a specified performance period. Subject to the terms of the Omnibus Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any performance award granted, the amount of any payment or transfer to be made pursuant to any performance award and any other terms and conditions of any performance award is determined by the Committee. From time to time, the Committee may designate an award granted pursuant to the Omnibus Plan as an award of qualified performance based compensation within the meaning of Section 162(m) of the Code. Such a qualified performance based award must, to the extent required by Section 162(m), be conditioned solely on the achievement of one or more objective performance goals. The Committee must designate all participants for each performance period, and establish performance goals and target awards for each participant no later than 90 days after the beginning of each performance period within the parameters of Section 162(m) of the Code. Performance goals must be based solely on one or more of the following business criteria: revenue, cash flow, gross profit, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization and net earnings, earnings per share, margins (including one or more of gross, operating and net income margins), returns (including one or more of return on assets, equity,

investment, capital and revenue and total stockholder return), stock price, economic value added, working capital, market share, cost reductions, workforce satisfaction and diversity goals, employee retention, customer satisfaction, completion of key projects and strategic plan development and implementation.

The measure of performance may be set by reference to an absolute standard or a comparison to specified companies or groups of companies, or other external measures, and may be applied at individual or organizational levels. If the Committee so provides for purposes of Section 162(m) of the Code, no person may be granted under the Omnibus Plan qualified performance based awards which could result in such person receiving more than \$1,500,000 in cash or the equivalent fair market value of shares of Common Stock determined at the date of grant for each full or partial fiscal year contained in the performance period of a particular qualified performance based award, except that if any other qualified performance based awards are outstanding for such person for a given fiscal year, such dollar limitation shall be reduced for each such fiscal year by the amount that could be received by the person under all such qualified performance based awards, divided, for each such qualified performance based award, by the number of full or partial fiscal years contained in the performance period of each such outstanding qualified performance based award (subject to adjustment in the case of a stock dividend or other distribution, including a stock split, merger or other similar corporate transaction or event, but only to the extent that such adjustment does not affect the status of any award intended to qualify as performance based compensation under Section 162(m) of the Code).

Dividend Equivalents. The holder of a dividend equivalent will be entitled to receive payments in shares of the Company's Common Stock, other securities or other property equivalent to the amount of cash dividends paid by the Company to its stockholders, with respect to the number of shares determined by the Committee. Dividend equivalents will be subject to other terms and conditions determined by the Committee.

Stock Awards. The Committee may grant unrestricted shares of the Company's Common Stock, subject to terms and conditions determined by the Committee and the Omnibus Plan limitations.

Acceleration. The Committee may permit accelerated vesting of other equity based awards upon the occurrence of certain events, including a change in control, regardless of whether the award is assumed, substituted or otherwise continued in effect by the successor corporation. The acceleration of vesting in the event of a change in the ownership or control may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of the Company.

Special Tax Withholding Election

The Committee may provide participants who hold options or other equity based awards with the right to have the Company withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which such individuals become subject in connection with the exercise of those options or the vesting of those shares. Alternatively, the Committee may allow such individuals to deliver previously acquired shares of Common Stock in payment of such withholding tax liability. To the extent necessary to avoid adverse accounting treatment, the number of shares that may be withheld for this purpose shall not exceed the minimum number needed to satisfy the applicable income and employment tax withholding rules. If Common Stock is used to satisfy the tax withholding obligations, the stock shall be valued at its fair market value when the tax withholding is required to be made.

Financial Assistance

The Committee may assist any award recipient in the exercise of outstanding options or other equity based awards under the Omnibus Plan by (a) authorizing a full-recourse interest bearing loan from the Company, (b) permitting the award recipient to pay the exercise or purchase price in installments over a period of years or (c) authorizing a guarantee by the Company of a third-party loan to the award recipient, but in any case only to the extent permissible under Section 402 of the Sarbanes-Oxley Act of 2002. The terms and conditions of any

such loan or installment payment will be established by the Committee in its sole discretion, but in no event may the maximum credit extended to the award recipient exceed the aggregate exercise price payable for the purchased shares (less the par value), plus any Federal and state income or employment taxes incurred in connection with the purchase.

Amendment and Termination of the Omnibus Plan

The Board may amend or modify the Omnibus Plan, subject to any required stockholder approval and certain other limitations. The Board may terminate the Omnibus Plan at any time, but the Omnibus Plan will in all events terminate on the earliest of (i) June 30, 2026, (ii) the date all shares available for issuance under the Omnibus Plan are issued or canceled pursuant to the exercise or surrender of options or other awards granted under the Omnibus Plan or (iii) the date all outstanding awards are terminated in connection with a Corporate Transaction. Any options or other awards outstanding at the time of termination of the Omnibus Plan will remain in force in accordance with the provisions of the instruments evidencing such grants.
