Dear Shareholder:

You are cordially invited to attend the 2018 Annual Meeting of Shareholders of Universal Insurance Holdings, Inc. We will hold the meeting at 9:00 a.m., Eastern Time, on June 13, 2018 at the Biltmore, 1 Lodge Street, Asheville, North Carolina 28803.

Enclosed you will find a notice setting forth the business expected to come before the meeting, the Proxy Statement, a proxy card and a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Your vote is very important to us. We encourage you to vote, regardless of the number of shares you own. Whether or not you plan to attend the meeting in person, please submit your proxy by mail, internet or telephone to ensure that your shares are represented and voted at the meeting. The methods available to vote your shares are described in the Proxy Statement and on your proxy card.

Our 2017 financial results were very strong, highlighted by continued organic growth from both our home state of Florida and our expansion efforts into other states, solid underwriting profitability and meaningful growth in both net income and book value per share. We achieved these excellent results despite the occurrence of Hurricane Irma, which made landfall in Florida on September 10, 2017 as a Category 4 storm on the Saffir-Simpson Hurricane Scale, and caused a wide swath of damage across the entire Florida Peninsula and throughout the Southeastern United States. We demonstrated the true value of our business model in the wake of Hurricane Irma's landfall, and we are proud of how well the entire Universal team responded to this devastating event. Our comprehensive reinsurance program performed as expected, limiting net losses incurred from one of Florida's largest hurricanes in over a decade, while our vertically integrated structure produced various income streams in the months following the storm, and our superior claims handling and catastrophe response teams delivered excellent service to our policyholders, closing claims in a timely and orderly manner. We believe that Universal emerged from this event as a stronger company, and we remain well-positioned to deliver outstanding value to shareholders throughout 2018 and beyond.

I would like to thank you for your continued confidence in our company.

Sincerely,

Sean P. Downes

Chairman and Chief Executive Officer

Company Overview and Business Strategy

Universal is a Fort Lauderdale, Florida-based insurance holding company that operates through a vertically integrated structure and performs all aspects of insurance underwriting, distribution and claims. Universal has two insurance company subsidiaries:

Universal Property & Casualty Insurance Company (UPCIC) is one of the leading writers of homeowners insurance in Florida and is fully licensed and has commenced operations in 17 states (Alabama, Delaware, Florida, Georgia, Hawaii, Indiana, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, South Carolina and Virginia). UPCIC has also received a Certificate of Authority in Illinois, Iowa and West Virginia.

American Platinum Property and Casualty Insurance Company (APPCIC) currently writes homeowners multi-peril insurance on Florida homes valued in excess of \$1 million and is licensed to write Fire, Commercial Multi-Peril, and Other Liability (collectively, Commercial Residential) lines of business in Florida.

The key tenets of our business strategy include:

Pursue Profitable Growth with a Focus on Organic Development We continue to pursue profitable growth both within Florida and through expansion into other states, while continuing to expand Universal DirectSM and adding new products when prudent (such as the Commercial Residential line of business that we introduced in Florida in late 2016).

Optimize our Reinsurance Program as our Risk Profile Changes We expect to continue to obtain what we believe to be appropriate reinsurance limits, coverage and terms so that our policyholders and shareholders are adequately protected in the event of an active hurricane season.

Continue to Build and Enhance Our Claims Operations We plan to continue to enhance our superior claims division, highlighted by our proprietary claims administration system, which we developed over the last decade and allows us to efficiently process nearly all aspects of claims resolution for our policyholders, as well as by our Fast Track initiative, which expedites the claims settlement process to close certain types of claims in as little as 24 hours.

Provide High Quality Service to our Policyholders We strive to provide excellent customer service to each of our policyholders throughout every aspect of our business. We believe our vertically integrated business model provides a superior level of customer service for our policyholders, enhancing our reputation and increasing the likelihood that our policyholders will renew their policies with us.

Key operational achievements and milestones for 2017 include:

Our Florida business continued to grow in 2017. We received regulatory approval for an overall 3.4% average statewide rate increase in Florida during 2017, which we began using on December 7, 2017 for new business and on January 26, 2018 for renewal business.

We also continued to make progress on our geographic expansion initiative, as we commenced writing homeowners policies in New Jersey and New York, and we received Certificates of Authority from Illinois and Iowa.

We offered Universal DirectSM in all 16 states in which we wrote policies as of December 31, 2017.

Our comprehensive reinsurance program performed as designed and as expected during Hurricane Irma, limiting our exposure to the largest hurricane to make landfall in Florida in the past decade, and enabling us to report an underwriting profit during both the third quarter of 2017 and the full year 2017.

We experienced a meaningful increase in headcount during the year (from 483 full-time employees as of February 14, 2017 to 558 full-time employees at February 9, 2018), with the majority of those increases coming within our claims department. In particular, we added significant headcount in connection with our build-out of the subrogation and litigation teams within our claims department.

The following charts demonstrate the achievements of our executive team since Sean P. Downes, Chairman and Chief Executive Officer, and Jon W. Springer, President, Chief Risk Officer, and Director assumed leadership in February 2013.

Governance Highlights

Seven of our ten director nominees are independent.

We added six new directors to the Board since 2013.

Our independent directors elect our lead independent director, who chairs regularly-scheduled executive sessions at which our independent directors discuss matters without management present, including management's performance, succession planning and Board effectiveness.

We have five Board committees: Audit Committee, Compensation Committee, Nominating and Governance Committee, Investment Committee and Risk Committee, with Audit Committee, Compensation Committee and Nominating and Governance Committee comprised exclusively of independent directors. Our directors are elected annually.

We have outreach and engagement with our largest shareholders and have established a telephone hotline to allow shareholders to communicate any concerns to our independent directors on an anonymous basis.

The Board routinely focuses on continuing director education for all directors and Board orientation for new directors.

The Board and each committee conduct an annual evaluation of its performance.

Senior management succession planning is a top Board priority. The Board devotes significant attention to identifying and developing talented senior leaders.

Table of Contents**CORPORATE GOVERNANCE CONTINUED****Board and Committee Meetings**

Meetings of the Board are held regularly each quarter and as may otherwise be required. The Board held four meetings during 2017. We encourage directors to attend the annual meeting of shareholders and expect that they will attend. All of our directors were present at the 2017 Annual Meeting of Shareholders. Other than Mr. Callahan, all of our directors attended at least 75% of the meetings of the Board and the committees on which they served during 2017. Mr. Callahan attended 73% of the Board and Board committee meetings on which he serves during 2017. The meetings he missed were all held on the same day; he could not attend these meetings due to illness in his family.

Board Leadership Structure

The Board believes that it is important to retain flexibility in determining the best leadership structure for the Company as our needs may change over time. The roles of Board Chairman and Chief Executive Officer may be filled by the same or different individuals, which provides the Board the flexibility to determine whether these roles should be combined or separated based on the Company's circumstances and needs at any given time. The roles of Chairman and Chief Executive Officer of the Company are currently held by the same person, Sean P. Downes. The Board believes that our shareholders are best served at this time by having Mr. Downes fill both positions. Mr. Downes's tenure and experience with the Company make him the most familiar with the business and challenges the Company faces in the current business environment. His experience and expertise make him the most appropriate person to set agendas for, and lead discussions of, strategic matters affecting our business at this time. Moreover, this structure enables Mr. Downes to act as a bridge between management and the Board and helps to promote unified leadership and direction. The Board believes this structure, together with a strong lead independent director, currently provides appropriate leadership for the Company and facilitates effective communications between the Board and management. Our Chairman is appointed annually by all the directors. The Chairman's responsibilities, in addition to providing general leadership to the Board, include calling and presiding at Board and shareholder meetings and preparing meeting schedules, agendas and materials.

Independence of Our Directors

NYSE rules require that at least a majority of our directors be independent of the Company and management. The Board has determined that each of our directors, other than Messrs. Downes and Springer and Ms. Cooper, is an independent director, as such term is defined by NYSE rules. In making such independence determination with regard to Mr. Ralph Palmieri, the Board considered that Mr. Palmieri's son, Matthew J. Palmieri, is employed as President of Blue Atlantic, a wholly-owned subsidiary of the Company, and has been with the Company since June 2006. Matthew Palmieri is not an executive officer of the Company. See "Certain Relationships and Related-Party Transactions" for additional details regarding Matthew Palmieri's employment with Blue Atlantic.

Lead Independent Director; Meetings of Independent Directors

Our independent directors chose Michael A. Pietrangelo to serve as the lead independent director in 2014, and Mr. Pietrangelo continues to serve in this role. Our independent directors met four times in executive session in 2017. Our lead independent director presides over all executive sessions of our independent directors, facilitates communication between management and our independent directors and is available for consultation with major shareholders and other constituencies, as appropriate. Interested parties may anonymously communicate any concerns to our independent directors, including our lead independent director, by calling (877) 778-5463, which is the same number that employees may use to anonymously report complaints to the Audit Committee concerning accounting or auditing matters.

Board and Committee Annual Evaluations

At the direction of the Nominating and Governance Committee, the Board annually conducts a self-evaluation aimed at enhancing effectiveness. The annual assessment process is a key governance tool used by the Nominating and Governance Committee to solicit feedback in a number of areas, including overall effectiveness, communications with management and committee structures. Each committee also performs an annual self-evaluation, which includes an assessment of its effectiveness and a review of the committee charter and other relevant governance practices and procedures. The Nominating and Governance Committee periodically reviews and assesses the evaluation process as well.

The Board's Role in Risk Oversight

Risk is an inherent part of our business, and effective risk management is a top Board priority. Risk management and key risks identified by management are overseen by the Board and its committees. These include material operational, financial, compensation and compliance risks. The Board and management also focus on privacy protection, cybersecurity and information security in an effort to mitigate the risk of cyber-attacks and to protect the Company's information and that of our customers.

Our Board committees also help manage risk. The Audit Committee performs a central oversight role with respect to financial and compliance risks. As part of its responsibilities, the Audit Committee discusses with management the Company's policies and guidelines governing the process by which risk assessment and risk management are undertaken by management, including guidelines and policies to identify major financial risk exposures and the steps management has taken to

monitor and control such exposures. The Compensation Committee considers risk in connection with its design of compensation programs for our executives, including confirming that the compensation program does not encourage unnecessary risk taking, as more fully discussed in the Compensation Discussion and Analysis section of this Proxy Statement. The Nominating and Governance Committee assists in managing risk by annually reviewing the composition of the Board and its committees,

including with regard to director independence, by assessing the adequacy of our corporate governance policies and procedures and by making recommendations to the Board, as appropriate, regarding modifications to such policies and procedures. The Investment Committee considers risks related to the investment of the Company's securities portfolio and reviews the performance of the portfolio, compliance with applicable state investment codes and regulations and adherence to the Company's investment strategy. The Risk Committee is responsible for the development and oversight of risk management processes and systems of internal controls intended to provide assurances to management and the Board that the Company has identified and evaluated key enterprise risks and implemented mitigating controls.

Code of Business Conduct and Ethics

Our Code of Conduct is a critical component in helping us maintain high professional standards. We also provide an internal reporting hotline, through which employees can anonymously report suspected violations of the Code of Conduct or other policies. Suspected violations of the Code of Conduct are investigated by the Company and may result in disciplinary action. The Code of Conduct is publicly available on our website at www.universalinsuranceholdings.com. The Audit Committee annually reviews our Code of Conduct for changes, as appropriate. In the event of an amendment to the Code of Ethics, or a waiver from a provision of the Code of Ethics granted to a senior executive officer, the Company intends to post such information on its website.

Governance Guidelines

Our Governance Guidelines address director independence standards, conflicts of interest, meeting and committee procedures, Board membership criteria, director qualifications and duties and succession planning, among other pertinent governance matters. Our Governance Guidelines are publicly available on our website at www.universalinsuranceholdings.com. The Nominating and Governance Committee annually reviews the Governance Guidelines for changes, as appropriate.

Shareholder Communications

We have established a process for shareholders to send communications to the Board. Shareholders may anonymously communicate any concerns regarding the Company to our independent directors by calling (877) 778-5463, which is the same number that employees may use to anonymously report complaints to the Audit Committee concerning accounting or auditing matters. Upon receipt of any shareholder concerns, our independent directors have discretion whether to convey any such information to our full Board. Shareholders may send other general communications to our Company by mail to our Secretary, Stephen J. Donaghy, at Universal Insurance Holdings, Inc., 1110 West Commercial Boulevard, Fort Lauderdale, Florida 33309.

We proactively engage with our shareholders on a variety of topics, including governance and executive compensation matters, throughout the year.

Committees and Committee Chairs

The Board has appointed strong committee chairs to lead each Board committee in its respective area. All committee chairs are independent and appointed annually by the Board. Committee chairs are responsible for setting meeting agendas, presiding at committee meetings, facilitating open communications with the Board and management and working directly with management in connection with committee matters. Our committees have the authority and the

resources to seek legal or other expert advice from independent sources. Each committee reports its actions and recommendations to the full Board on a regular basis.

Richard D. Peterson, Michael A. Pietrangelo and Joel M. Wilentz, M.D. served as members of the Compensation Committee during 2017. There are no Compensation Committee interlocks, meaning that none of our executive officers served on the compensation committee (or its equivalent) or board of directors of another entity for

which any of our directors served as an executive officer at any time during 2017.

No compensation committee member is or was an employee or officer of the Company or has any relationship with the Company requiring disclosure as a related party transaction.

Director Compensation

Each independent director currently receives an annual cash retainer of \$85,000. In light of the workload and broad responsibilities of their positions, the Chairs of our Board committees each receive an additional annual cash retainer of \$15,000. The independent directors are also entitled to receive discretionary grants of non-qualified stock options under our Omnibus Plan.

Messrs. Downes and Springer and Ms. Cooper are employees of the Company and do not receive additional compensation for their Board service.

Stock Ownership Guidelines; No Hedging or Pledging Shares

We believe that our directors should be personally invested in the Company alongside our shareholders. It is expected that, within two years of joining the Board, each director will own shares of our common stock having a value of at least \$25,000. Additionally, our

directors may not hedge or short shares of our common stock, engage in options trading, trade on margin or pledge shares of our common stock as collateral.

Each director is currently in compliance with these guidelines.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act) requires our directors, executive officers and persons who own more than 10% of the Company s common stock (collectively, Reporting Persons) to file initial reports of ownership and reports of changes in ownership with the SEC. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of copies of Forms 3, 4 and 5 provided to us and written representations by the Reporting Persons, we believe that, for the year ended December 31, 2017, all of the Reporting Persons timely filed their Section 16 reports.

Compensation Discussion and Analysis

We believe that the compensation provided to the Named Executive Officers for 2017 is aligned with our pay-for-performance philosophy and our overall business performance as evidenced by the key

financial and operational milestones presented on pages 2-3 of this Proxy Statement.

2017 Named Executive Officers

Name	Age	Position
Sean P. Downes	48	Chairman and Chief Executive Officer
Jon W. Springer	48	President, Chief Risk Officer and Director
Stephen J. Donaghy	53	Chief Operating Officer and Secretary
Frank C. Wilcox	52	Chief Financial Officer
Kimberly D. Cooper	40	Chief Administrative Officer, Chief Information Officer and Director

This Compensation Discussion and Analysis (the "CD&A") provides an overview of the Company's executive compensation program and executive compensation philosophies and objectives. The Compensation Committee oversees our compensation program for our Named Executive Officers and the equity compensation program for the Company's employees generally.

The Compensation Committee designs our executive compensation program to:

attract, retain and reward high-performing executive officers who will drive Company growth and profitability;

increase long-term value for shareholders;

manage the Company in a prudent and responsible manner; and

maintain and enhance the Company's reputation for operational excellence.

In making its decisions, the Compensation Committee takes into account, among other things:

the Company's performance;

shareholder alignment;

individual employee performance;

the Company's executive retention needs;

the recommendations of the Chief Executive Officer;

the terms of applicable employment agreements with the Named Executive Officers; and

the advice of the Compensation Committee's independent compensation consultant and outside legal counsel.

Table of Contents**EXECUTIVE COMPENSATION CONTINUED****Recent Developments***Response to 2017 Say-on-Pay Shareholder Vote*

At the 2017 Annual Meeting of Shareholders, the Company's shareholders did not approve, on an advisory basis, the compensation paid to the Company's Named Executive Officers for the year ended December 31, 2016. Of the votes cast, the say-on-pay resolution received 47%.

After this meeting, the Compensation Committee and senior management evaluated how to be responsive to the concerns of shareholders as reflected in this vote, particularly in view of the fact that Mr. Downes's 2016 Employment Agreement does not expire until December 31, 2018, and Mr. Springer's 2016 Employment Agreement expired on December 31, 2017.

Mr. Downes proposed an arrangement pursuant to which he would surrender the \$4.4 million of stock options and \$3.0 million of Performance Stock Units (PSUs) he received for 2017 pursuant to the terms of his 2016 Employment Agreement and forgo the \$4.4 million and \$3.0 million of stock options and PSUs, respectively, that he is entitled to for 2018.

In consultation with the Compensation Committee, the Company evaluated the financial accounting and tax implications of any such surrender, and determined that any such action would be negative for the Company.

From a financial accounting standpoint, any such surrender would accelerate the compensation expense attributable to the stock options and PSUs. From a tax standpoint, as this evaluation was undertaken after the enactment of P.L. 115-97, commonly referred to as the Tax Cuts and Jobs Act (Tax Act) on December 22, 2017, the Company was concerned that any such surrender would be viewed as a material modification to Mr. Downes's 2016 Employment Agreement, thereby jeopardizing the Company's grandfathered tax deductibility for amounts paid pursuant to certain written binding contracts in place on November 2, 2017. See the discussion at Tax Considerations below.

The Company was similarly concerned that not complying with the terms of Mr. Downes's 2016 Employment Agreement *i.e.*, by not granting the \$4.4 million in stock options and \$3.0 million of PSUs to Mr. Downes in 2018 would also effectively be viewed as a material modification to his 2016 Employment Agreement, thereby also jeopardizing the Company's grandfathered tax deductibility.

In view of the negative consequences to the Company from a financial accounting standpoint and a tax standpoint, the Compensation Committee determined that it was not advisable to alter the terms of Mr. Downes's compensation arrangements. Instead, the Compensation Committee negotiated Mr. Springer's 2018 Employment Agreement, as described below, with a view to similarly modifying Mr. Downes's future employment agreement, which will likely be in effect as of January 1, 2019, and set the duration of Mr. Springer's agreement to one year, so that the Compensation Committee will negotiate Mr. Downes's and Mr. Springer's employment agreements for 2019 and beyond at the same time.

2018 Employment Agreements

On February 22, 2018, the Company entered into new two-year employment agreements with Messrs. Donaghy and Wilcox and Ms. Cooper, and on April 11, 2018, the Company entered into a new one year employment agreement with Mr. Springer (collectively, the 2018 Employment Agreements). Messrs. Donaghy's and Wilcox's 2018 Employment Agreements are not materially different than their prior agreements, other than a restricted stock grant of 50,000 shares to Mr. Wilcox in 2018, which vests over three years. Ms. Cooper did not have an employment agreement before 2018.

Mr. Springer's new agreement contains a materially different incentive compensation program, as set forth below, which the Compensation Committee developed in response to the negative say-on-pay vote at the 2017 annual shareholder meeting and in consultation with Pay Governance LLC (Pay Governance), an independent adviser to the Compensation Committee.

2018 Annual Incentive Compensation for Mr. Springer

Pursuant to his 2018 Employment Agreement, for 2018, Mr. Springer is entitled to receive an annual incentive award equal to a percentage of his target bonus of \$4.5 million (the Target) only if the Company's return on average equity, calculated on a basis that does not reflect the accrual of the annual incentive awards to Messrs. Downes, Springer and Donaghy (CROAE, as defined in Mr. Springer's 2018 Employment Agreement), is at least 10%, as follows:

CROAE	% of Target
10%	25.0%
15%	50.0%
20%	75.0%
25%	85.0%
30%	100.0%
35%	110.0%
40%	120.0%

For CROAE between two thresholds, the applicable percentage of the Target will be determined by straight-line interpolation between the applicable thresholds. CROAE is being used to determine annual incentive compensation for Mr. Springer because management must focus on this performance measure to manage and operate the Company profitably and to grow the Company's business. This award will be subject to the maximum shareholder-approved amount for an annual incentive award under the Omnibus Plan.

In contrast, for 2017, Mr. Springer was entitled to receive an annual incentive award if the Company's pre-tax income before the calculation of annual incentive awards paid to Messrs. Downes, Springer and Donaghy (as calculated, the Compensation Pre-Tax Income) exceeded \$113.5 million. If this threshold was met, Mr. Springer's annual incentive would equal 1.875% of Compensation Pre-Tax Income if it is less than or equal to \$125 million, or 2.5% if it is greater than \$125 million. For 2017, Compensation Pre-Tax Income was \$184.0 million, and Mr. Springer's annual incentive award was \$4,601,177.

Table of Contents

EXECUTIVE COMPENSATION CONTINUED

2018 Equity Incentive Compensation for Mr. Springer

Similar to his prior employment agreement, under his 2018 Employment Agreement, Mr. Springer is entitled to receive PSUs with an annual grant date target value of \$1 million. The PSUs are subject to both performance vesting and time vesting conditions, similar to prior PSU grants. However, Mr. Springer is no longer entitled to receive stock options with a grant date fair value of \$1.5 million.

Rather, the amount of his annual stock option grant, if any, shall be at the discretion of the Compensation Committee, which gives the Committee flexibility to exercise its judgment in view of facts and circumstances at the time of grant.

Tax Considerations

Prior to the December 22, 2017 enactment of the Tax Act, Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) provided that no U.S. income tax deduction was allowable to

a publicly held corporation for non-performance-based compensation in excess of \$1 million paid to a covered employee (generally, the NEOs other than the CFO).

The Tax Act includes numerous changes to existing law, including (1) eliminating the exclusions for commissions or performance-based compensation paid to covered employees under Code Section 162(m), (2) expanding the definition of covered employee to include anyone serving as CEO or CFO at any point during the year, as well as the three most highly compensated officers as shown in SEC disclosures, and (3) providing that status as a covered employee continues to apply if the person was ever a covered employee for years ending after December 31, 2016. The Tax Act is effective for tax years beginning after 2017, though it includes a transition rule for compensation paid pursuant to certain written binding contracts (such as Mr. Downes's employment agreement) in place on November 2, 2017 which are not materially modified.

2017 Compensation Components

Other than for Ms. Cooper, who did not have an employment agreement during 2017, the compensation for the Named Executive Officers in 2017 was determined by the terms of the 2016 Employment Agreements, as defined below, in place for each such officer as well as by the Compensation Committee's discretionary decisions to grant certain equity awards to the Named Executive Officers. For Mr. Wilcox, his 2016 Employment Agreement expired on October 1, 2017 and his compensation from October 1, 2017 to December 31, 2017 was determined by the terms of his 2018 Employment Agreement, as defined below.

Base Salary

For Messrs. Downes, Springer and Donaghy, base salaries were established in their 2016 Employment Agreements. For Mr. Wilcox, his salary before October 1, 2017 was established in his 2016 Employment Agreement and, after October 1, 2017, in his 2018 Employment Agreement. Messrs. Downes's and Springer's base salaries will not be increased or decreased during the term of their 2016 Employment Agreements. Base salaries for Messrs. Donaghy and Wilcox and Ms. Cooper may be adjusted by the Compensation Committee at its discretion. In general, base salaries for our NEOs depend on a number of factors, including the size, scope and impact of their role, the market value associated with their role, leadership skills and values, length of service, and individual performance and contributions.

Annual Incentive Compensation

Pursuant to their 2016 Employment Agreements, Messrs. Downes and Springer are entitled to receive an annual incentive award only if the Company's Compensation Pre-Tax Income exceeds \$113.5 million for 2017. If this threshold is met, for Mr. Downes, his annual incentive will equal 3% of Compensation Pre-Tax Income if it is less than or equal to \$125 million, or 4% of Compensation Pre-Tax Income if it is greater than \$125 million. For Mr. Springer, his annual incentive will equal 1.875% of Compensation Pre-Tax Income if it is

Edgar Filing: UNIVERSAL INSURANCE HOLDINGS, INC. - Form DEF 14A

less than or equal to \$125 million, or 2.5% if it is greater than \$125 million. Under his 2016 Employment Agreement, Mr. Donaghy is entitled to an annual incentive award equal to 1.5% of the Company's net income, which includes the effects of Messrs. Downes's and Springer's annual incentive awards and estimated tax payments using the Company's statutory rate, but not Mr. Donaghy's annual incentive award (as calculated, the Compensation Net Income). Compensation Pre-Tax Income and Compensation Net Income are used to determine annual incentive compensation for these individuals because management must focus on these performance measures to manage and operate the Company profitably and to grow the Company's business. This approach to annual incentives recognizes the central roles of Messrs. Downes, Springer and Donaghy within the Company. In each case, these awards will be subject to the maximum shareholder-approved amount for an annual incentive award under the Omnibus Plan.

For 2017, the Company's Compensation Pre-Tax Income was \$184.0 million and Compensation Net Income was \$106.7 million. The Compensation Committee therefore approved annual incentive awards for 2017 of \$7,361,883 for Mr. Downes, \$4,601,177 for Mr. Springer and \$1,600,381 for Mr. Donaghy.

Mr. Wilcox and Ms. Cooper were not subject to a formulaic annual compensation program in 2017. Based on the recommendation of Mr. Downes, the Compensation Committee awarded discretionary bonuses in the amounts of \$275,000 for Mr. Wilcox and \$100,000 for Ms. Cooper. Mr. Downes's recommendation to the Compensation Committee for such discretionary bonuses was based primarily on Mr. Wilcox's leadership of the Company's finance and accounting functions and Ms. Cooper's leadership in the areas of information technology and risk management. In approving the bonus for Mr. Wilcox, the Compensation Committee also took into account input from Mr. Peterson, the Chair of the Audit Committee.

Equity Incentive Compensation

Pursuant to their 2016 Employment Agreements, Messrs. Downes and Springer each received grants of PSUs and stock options in 2017. The PSUs are subject to both performance vesting and time

Table of Contents**EXECUTIVE COMPENSATION CONTINUED**

vesting conditions. For each annual period, the Compensation Committee establishes a performance objective that is set at a target level intended to be challenging yet attainable. No portion of a PSU award shall be earned, and the entire amount will be forfeited, if the target level is not met. In the event the target level is met at the end of the year, two-thirds of the PSU grant will be vested, and the remaining one-third will vest ratably over the following two years. The unvested PSUs will be entitled to receive dividend equivalents, which amounts will be subject to the same time-vesting conditions as the PSUs.

For 2017, the performance objective and target level was to increase the aggregate amount of in-force rate adequate premiums from states other than Florida by at least 25% as compared to 2016. The Company met and exceeded this target level, increasing in-force rate adequate premiums from states other than Florida by 40.4% as compared to 2016. Growth in non-Florida premiums is used to incentivize Messrs. Downes and Springer to execute on the Company's strategy to increase the Company's policies in-force outside of Florida in order to grow profitability and diversify revenue and risk.

Under their 2016 Employment Agreements, Messrs. Downes and Springer are entitled to receive PSUs with an annual grant date target value of \$3 million and \$1 million, respectively (the number of PSUs is based on the applicable dollar value divided by the closing sale price of the Company's common stock on the date of grant) and stock options with a grant date fair value of \$4.4 million and \$1.5 million, respectively, as calculated in accordance with the Black-Scholes pricing model used by the Company for financial accounting purposes. The stock options vest ratably over a three-year period.

In general, the Company uses grants of stock options to focus executives on delivering long-term value to shareholders because options have value only to the extent that the price of Company stock on the date of exercise exceeds the stock price on the grant date, as well as to retain executives. The Company did not grant equity awards to the other NEOs in 2017.

Perquisites and Other Benefits

In 2017, the Company provided the following benefits to each of Messrs. Downes, Springer and Donaghy: (1) executive-only Company-paid medical and dental and disability insurance premiums; (2) annual automobile allowance; and (3) executive-only Company-paid premiums for each executive's term life insurance policy with a death benefit in the amount of \$1 million. Mr. Wilcox and Ms. Cooper each also received an annual automobile allowance.

Other than as discussed herein, our Named Executive Officers participate in our corporate-wide benefit programs, which includes participation in the Company's 401(k) plan. In addition, the Company believes that executives should be able to provide for their retirement needs from the total annual compensation and thus the Company

does not provide its Named Executive Officers with any tax-qualified or nonqualified defined benefit pension plans, supplemental executive retirement plans, deferred compensation plans or other forms of compensation for retirement.

Compensation Clawback Policy

Our clawback policy is designed to mitigate risk in connection with executive compensation. The clawback policy seeks to recover certain compensation awarded under our Omnibus Plan. Specifically, the clawback policy provides that if the Board determines that:

we are required to restate our financial statements due to material noncompliance with any financial reporting requirement under the law, whether or not such noncompliance is the result of misconduct, and

the prior determination of the level of achievement of any performance goal used under the Omnibus Plan is materially incorrect and that such determination caused the award of cash or shares in an amount greater than what should have been paid or delivered had such determination been correct, then the employee must reimburse the Company for the amount of overpayment with respect to an award under the Omnibus Plan, as well as to the extent required by and otherwise in accordance with applicable law and our policies as may be adopted from time to time.

No Hedging or Pledging Shares

Our executive officers and senior accounting and finance personnel may not hedge or short shares of our common stock, engage in options trading, trade on margin or pledge shares of our common stock as collateral.

Compensation Risk Assessment

Edgar Filing: UNIVERSAL INSURANCE HOLDINGS, INC. - Form DEF 14A

Our executive compensation program is intended to address, among other things, whether the program pays our executives for performance and whether the program encourages unnecessary or excessive risk taking. We do not believe that our current compensation program creates risks that are reasonably likely to have a material adverse effect on the Company for the following reasons:

annual incentive awards are tied to pre-tax income and net income, rather than sales or revenue targets, which could encourage the production of unprofitable business;

a significant portion of total compensation is linked to the Company's long-term performance, which encourages the creation of shareholder value and achievement of key operational and business development goals; and

our clawback policy provides additional assurance that risks associated with our compensation plans and policies are further mitigated.

Table of Contents**EXECUTIVE COMPENSATION CONTINUED****History of Compensation Program Evolution***2013: Introduction of New Leadership Team*

In February 2013, when we appointed a new leadership team from within our Company – namely, Messrs. Downes, Springer and Donaghy – we entered into new employment agreements with each of them that largely replicated the employment agreements in place with the out-going leadership team. Mr. Downes' agreement expired on December 31, 2015. At the end of 2014, we renewed Mr. Springer's and Mr. Donaghy's agreements for one more year, until December 31, 2015, to give management and the Compensation Committee time to formulate a revised compensation program for all three of these Named Executive Officers.

2015: Evaluate Existing Agreements and Conduct Robust Shareholder Outreach

During 2015 and the early part of 2016, the Compensation Committee negotiated new employment agreements with each of these Named Executive Officers as well as with Mr. Wilcox, who became our Chief Financial Officer in October 2013, and whose employment agreement expired in October 2015, including re-evaluating each of the components of the total compensation payable to the Company's senior management. In so doing, both senior management and the Compensation Committee were mindful of the fact that the prior employment agreements, which largely tracked the design used by the prior leadership team, were not adequately structured to anticipate the strong success realized by the current leadership team's entrepreneurial approach. Management and the Compensation Committee were also focused on the results of the shareholder vote on the Company's say-on-pay proposal at our 2014 Annual Meeting, at which 50.2% of the shares cast approved the compensation paid to our Named Executive Officers and, conversely, at which almost half of the shares cast did not approve of our pay program. We recognize and appreciate the fundamental interest that our shareholders have in the compensation of our executive officers and attempted in the new employment agreements to achieve a greater alignment between shareholder value creation and executive pay in the context of our historical compensation levels and practices.

In 2015, the Compensation Committee retained Pay Governance, to advise the Compensation Committee on the Company's compensation program for senior management. Pay Governance still serves as an adviser to the Compensation Committee. Pay Governance reports directly to the Compensation Committee and has no other relationships with the Company and provides no other services to the Company. The Compensation Committee works with Pay Governance to review various alternatives for pay design and discussed these compensation alternatives with the Company's senior management as well as with the Compensation Committee's

outside legal counsel. The Compensation Committee considered market data on compensation programs and pay levels at other

companies, but did not set pay levels for 2016 or for future years based on pay levels at competitors or based on any identified peer group of companies. In addition, at the Compensation Committee's request, management conducted a robust shareholder outreach program, engaging with institutional shareholders holding approximately 40% of our outstanding common stock, as of December 31, 2015, on executive compensation issues.

2016: New Employment Agreements Revised to Reflect Strong Success Realized by New Leadership Team and Respond to Shareholder Feedback

On January 12, 2016, the Company entered into a new three-year employment agreement with Mr. Downes and new two-year employment agreements with Messrs. Springer, Donaghy, and Wilcox (the 2016 Employment Agreements). The agreements were reviewed on multiple occasions by the independent directors and were approved by the Board (Messrs. Downes and Springer abstaining) upon the recommendation of the Compensation Committee. In consultation with its independent compensation consultant and outside legal counsel, the Compensation Committee considered a range of factors in developing and finalizing the employment agreements, including:

the feedback the Company solicited from its institutional investors regarding the prior employment agreements between the Company and the executives;

the proposals from management regarding the terms of the 2016 Employment Agreements and management's reactions to various alternative pay structures suggested by Pay Governance;

Edgar Filing: UNIVERSAL INSURANCE HOLDINGS, INC. - Form DEF 14A

the Company's financial performance;

total shareholder return and operational and organizational accomplishments since this executive team assumed leadership in February 2013;

the importance to the Company of continuing to retain each of Messrs. Downes and Springer;

the historical pay levels awarded to the leadership team,

the compensation levels requested by Messrs. Downes and Springer in the course of negotiation of the 2016 Employment Agreements; and

the leadership team's commitment to the Company's strategic initiatives and anticipated further successes. Within the context of the negotiations of the 2016 Employment Agreements, the Compensation Committee endeavored to tie the compensation of Messrs. Downes and Springer more closely to the achievement of performance goals.

(1) The amounts reported in this column for 2017 represent the aggregate grant date fair value of the PSUs granted to Messrs. Downes and Springer pursuant to their 2016 Employment Agreements. Grant date fair value, which is the closing price of our stock on the date of grant, is computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation (FASB ASC Topic 718) without regard to forfeitures related to service-based vesting conditions.

(2) The amounts reported in this column for 2017 represent the aggregate grant date fair value of the stock option awards granted to Messrs. Downes and Springer pursuant to their 2016 Employment Agreements. The amounts disclosed for option awards represent the grant date fair value computed in accordance with FASB ASC Topic 718, which was \$10.18, and are estimated using a Black-Scholes option-pricing model utilizing the following assumptions on a weighted average basis: weighted-average volatility, 45.1%; dividend yield, 2.0%; weighted-average risk free interest rate, 1.94%; and expected term in years, 5.84. See Note 9 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2017 for a discussion of the relevant assumptions used in calculating these amounts.

(3) *The amounts reported in this column for 2017 represent the annual incentive compensation payable to certain of our Named Executive Officers pursuant to their 2016 Employment Agreements and the Omnibus Plan. Specifically, because the Company's Compensation Pre-Tax Income for 2017 was greater than the \$125 million target set forth in their agreements, Mr. Downes was entitled to an annual incentive award equal to 4% of Compensation Pre-Tax Income, and Mr. Springer was entitled to an annual incentive award equal to 2.5% of Compensation Pre-Tax Income. Mr. Donaghy was entitled to an annual incentive award equal to 1.5% of the Company's Compensation Net Income.*

(1) PSUs granted to Mr. Downes and Mr. Springer pursuant to the terms of their 2016 Employment Agreements. These PSUs are subject to both performance-based and time-based vesting conditions.

(2) For Mr. Downes and Mr. Springer, this amount represents the threshold annual incentive award they would receive if the Company earned at least \$113.5 million in Compensation Pre-Tax Income in 2017. If so, then Mr. Downes and Mr. Springer would receive a threshold amount of at least 3% and 1.875% of Compensation Pre-Tax Income, respectively.

(3) These stock options were issued pursuant to Messrs. Downes' and Springer's 2016 Employment Agreements. Although Mr. Downes is entitled to receive \$4.4 million of stock options annually pursuant to his 2016 Employment Agreement, the Omnibus Plan caps the number of stock options that any individual can receive in a calendar year to 650,000. Mr. Downes received 450,000 stock options, with a grant date fair value of \$2.7 million, pursuant to his 2016 Employment Agreement in 2016, as his signing bonus of 200,000 stock options in 2016 capped him at 650,000 stock options for 2016. Accordingly, the remaining amount of stock options he did not receive in 2016 was granted in 2017. As a result, in 2017, Mr. Downes received 650,000 stock options, with a grant date fair value of \$6.6 million, which includes the 2016 carryover amount.

(4) The amounts shown in this column are valued based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. See notes (1) and (2) of the 2017 Summary Compensation Table above for a discussion of the relevant assumptions used in calculating these amounts.

(5) Mr. Donaghy is entitled to receive an annual incentive award of 1.5% of the Company's Compensation Net Income, whatever that amount happens to be. Accordingly, there is no threshold amount of this award.

Table of Contents**EXECUTIVE COMPENSATION CONTINUED****Employment Agreements and Potential Payments Upon Termination or Change in Control**

The following summaries describe the material terms of the 2016 Employment Agreements for Messrs. Downes, Springer and Donaghy and Mr. Wilcox's 2016 Employment Agreement and 2018 Employment Agreement.

2016 Employment Agreement with Mr. Downes

Pursuant to his 2016 Employment Agreement, Mr. Downes is entitled to receive an annual base salary of \$2,217,500, which amount will not be increased or decreased during the three-year term of the agreement. Mr. Downes is entitled to receive an annual cash incentive award if the Company's Compensation Pre-Tax Income is not less than a PTI Floor. For 2016, the PTI Floor was \$79 million. For 2017 and 2018, the PTI Floor will be 85% of the average of the Company's Compensation Pre-Tax Income for the prior five calendar years. In the event the PTI Floor is met, then Mr. Downes is entitled to receive an annual cash incentive award equal to 3% of the Company's Compensation Pre-Tax Income if such amount is greater than the PTI Floor but less than or equal to \$125 million; and Mr. Downes is entitled to receive an annual cash incentive award equal to 4% of the Company's Compensation Pre-Tax Income if the Company's PTI Floor is greater than \$125 million. Mr. Downes is also entitled to receive an annual grant of PSUs with a target value of \$3 million and stock options with a grant date fair value of \$4.4 million. See 2017 Compensation Components for more information about these grants.

In the event of a change in control and Mr. Downes is terminated without cause or resigns for good reason within 24 months after such change in control, Mr. Downes would be entitled to a lump-sum cash amount equal to 48 months' base salary, plus two times any bonus paid for the preceding fiscal year, subject to his execution of a general release of claims in favor of the Company. All stock options and PSUs would immediately vest and become exercisable and payable, respectively. All such change in control payments would be reduced to the extent they would constitute an excess parachute payment within the meaning of Section 280G of the Code, if such reduction would result in Mr. Downes receiving a higher net after-tax amount.

If Mr. Downes is terminated without cause or resigns for good reason, he would be entitled to a lump-sum cash amount equal to 12 months' base salary and 12 months of COBRA coverage, subject to his execution of a general release of claims in favor of the Company. He would also be entitled to receive a pro rata portion of his annual incentive award for the year of termination, calculated on the basis of the Company's actual performance for such year. Any stock options that would have vested had he been continuously employed through the end of the one-year period following the termination date will fully vest as of the termination date and shall remain exercisable for one year. In addition, any PSUs that would have vested had he been continuously employed through the end of the one-year period following the termination date will vest based on actual performance for the full performance year, determined after the end of the performance year.

If Mr. Downes becomes disabled during the term of his agreement, then the Company would be entitled to suspend his officership, but Mr. Downes would be entitled to remain an employee of the Company and receive his compensation and benefits for the lesser of

(i) one year from the date of such suspension or (ii) the date on which he is first eligible for long-term disability payments under the Company's long-term disability plan. If Mr. Downes is terminated due to disability or dies during the term of his agreement, he or his estate, respectively, would be entitled to receive a pro rata portion of his annual incentive award for the year of termination, calculated on the basis of the Company's actual performance for such year.

Mr. Downes's agreement also contains noncompete, nondisparagement, nonsolicitation and confidentiality provisions.

2016 Employment Agreement with Mr. Springer

Pursuant to his 2016 Employment Agreement, Mr. Springer is entitled to receive an annual base salary of \$1,340,625, which amount will not be increased or decreased during the two-year term of the agreement. Mr. Springer is entitled to receive an annual cash incentive award in 2016 and 2017 if the Company's Compensation Pre-Tax Income for those periods is not less than the same PTI Floor applicable to Mr. Downes's annual cash incentive award. In the event the PTI Floor is met, then Mr. Springer is entitled to receive an annual cash incentive award equal to 1.875% of the Company's Compensation Pre-Tax Income if such amount is greater than the PTI Floor but less than or equal to \$125 million; and Mr. Springer is entitled to receive an annual cash incentive award equal to 2.5% of the Company's Compensation Pre-Tax Income if the Company's PTI Floor is greater than \$125 million. Mr. Springer is also entitled to receive an annual grant of PSUs with a target value of \$1 million and annual grant of stock options with a grant date fair value of \$1.5 million, both subject to the same terms and conditions applicable to Mr. Downes's PSUs and stock options, respectively.

In the event of a change in control and Mr. Springer is terminated without cause or resigns for good reason within 24 months after such change in control, Mr. Springer would be entitled to a lump-sum cash amount equal to 48 months' base salary, plus two times any bonus paid for the preceding fiscal year, subject to his execution of a general release of claims in favor of the Company. All stock options and PSUs would immediately vest and become exercisable and payable,

respectively. All such change in control payments would be reduced to the extent they would constitute an excess parachute payment within the meaning of Section 280G of the Code, if such reduction would result in Mr. Springer receiving a higher net after-tax amount.

If Mr. Springer is terminated without cause or resigns for good reason, he would be entitled to a lump-sum cash amount equal to 12 months base salary and 12 months of COBRA coverage, subject to his execution of a general release of claims in favor of the Company. He would also be entitled to receive a pro rata portion of his annual incentive award for the year of termination, calculated on the basis of the Company's actual performance for such year. Any stock options that would have vested had he been continuously employed through the end of the one-year period following the termination date will fully vest as of the termination date and shall remain exercisable for one year. If Mr. Springer is terminated due to disability or dies during the term of his agreement, he or his estate, respectively, would be entitled to receive a pro rata portion of his annual incentive award for the year of termination, calculated on the basis of the Company's actual performance for such year.

Mr. Springer's agreement also contains noncompete, nondisparagement, nonsolicitation and confidentiality provisions.

In the event of a change in control and Mr. Donaghy is terminated without cause or resigns for good reason within 24 months after such change in control, Mr. Donaghy would be entitled to a lump-sum cash amount equal to 24 months' base salary, and all stock options would immediately vest and become exercisable. All such change in control payments would be reduced to the extent they would constitute an "excess parachute payment" within the meaning of Section 280G of the Code.

If Mr. Donaghy is terminated without cause or resigns for good reason, he would be entitled to receive a lump-sum cash amount equal to his base salary for the remaining term of the agreement, which expires on December 31, 2017, and a pro rata portion of his annual incentive award for the year of termination, calculated on the basis of the Company's actual performance for such year, subject to his execution of a general release of claims in favor of the Company.

Mr. Donaghy's agreement also contains noncompete, nondisparagement, nonsolicitation and confidentiality provisions.

(1) Plans previously approved by the shareholders include the Omnibus Plan.

CEO Pay Ratio

For 2017:

the median of the annual total compensation of all employees of our company (other than our CEO) was \$74,179; and

the annual total compensation of our CEO, as reported in the Summary Compensation Table included in this Proxy Statement, was \$19,252,897. Based on this information, for 2017, the ratio of the annual total compensation of Mr. Downes, our Chief Executive Officer, to the median of the annual total compensation of all employees, calculated in a manner consistent with Item 402(u) of Regulation S-K, was 260 to 1.

To identify the median employee, we reviewed our employee population as of December 31, 2017 and compensation for the period of January through December 31, 2017 as reported to the Internal Revenue Service on Form W-2 in Box 1, which we determined reasonably reflects the compensation of our employees. Once we identified our median employee, we combined all of the elements of such employee's compensation for the full 2017 year in accordance with the requirements of Item 402 of Regulation S-K.

SEC rules for identifying the median employee and calculating the pay ratio allow companies to use various methodologies and assumptions. As a result, the pay ratio reported by us may not be comparable to the pay ratio reported by other companies.

ITEM 2: ADVISORY VOTE TO APPROVE THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Exchange Act, we are asking shareholders to approve the compensation paid to our Named Executive Officers, as disclosed in this Proxy Statement on pages 14-24 (the "Say on Pay Vote"). Although the voting results are not binding, we value continuing and constructive feedback from our shareholders on compensation and other important matters, and the Compensation Committee will consider the voting results when evaluating our executive compensation program.

We believe that our executive compensation program aligns the interests of the Company's executives and other key employees with

those of the Company and its shareholders. The program is intended to attract, retain and motivate high caliber executive talent to enable the Company to maximize operational efficiency and long-term profitability.

We ask for your advisory approval of the following resolution:

RESOLVED, that the shareholders hereby approve, on an advisory basis, the compensation paid to Universal Insurance Holding, Inc.'s Named Executive Officers, as described in this Proxy Statement on pages 14-24.

THE BOARD RECOMMENDS A VOTE *FOR* APPROVAL OF THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

The Audit Committee retained Plante & Moran, PLLC (Plante & Moran) to audit our consolidated and combined financial statements for 2017. In addition, the Audit Committee retained Plante & Moran to provide tax services in 2017. We understand the need for Plante & Moran to maintain objectivity and independence in its audit of our

All audit and non-audit services must be preapproved by the Audit Committee. In 2017, the Audit Committee approved Plante & Moran's provision of tax services, based on its conclusion that the provision of

The Audit Committee has approved the selection of Plante & Moran as our independent registered public accounting firm for 2018, and Plante & Moran is currently our independent registered public accounting firm.

Although the Company is not required to seek shareholder approval of this appointment, the Board believes that doing so is consistent

with good corporate governance practices. If the selection is not ratified, the Audit Committee will explore the reasons for shareholder rejection and whether it is appropriate to select another independent auditor.

Representatives of Plante & Moran are expected to be available at the annual meeting, by telephone, to respond to appropriate questions, and will have the opportunity to make a statement if they so choose.

We will use your brokerage statement to verify your ownership of shares and admit you to the meeting; however, you will not be able to vote your shares at the meeting without a legal proxy, as described under **How to Vote** in this section of the Proxy Statement.

How to Vote

If your shares are registered directly in your name with our registrar and transfer agent, Continental Stock Transfer & Trust Company, you are considered a shareholder of record with respect to those shares. If your shares are held in a brokerage account or with a bank, you are considered the beneficial owner of those shares.

Shareholders of Record. Shareholders of record can vote in any one of four ways:

Via the internet: Go to the website listed on your proxy card or on the Notice of Internet Availability of Proxy Materials to vote via the internet. You will need to follow the instructions on the website.

By telephone: Call the telephone number on your proxy card to vote by telephone. You will need to follow the instructions given by the voice prompts.

By mail: Sign, date and return the proxy card you received from the Company in the enclosed postage-paid envelope.

In person: Attend the meeting in person. See *Attendance at the Meeting* in this section of the Proxy Statement.

Beneficial Owners. If your shares are held beneficially in the name of a bank, broker or other holder of record (sometimes referred to as holding shares in street name), you will receive instructions from the holder of record, in the form of a Voting Instruction Form that you must follow in order for your shares to be voted. If you wish to vote in person at the meeting, you must obtain a legal proxy from the bank, broker or other holder of record that holds your shares, and bring it, or other evidence of stock ownership, with you to the meeting. See *Attendance at the Meeting* in this section of the Proxy Statement.

Shareholders Entitled to Vote

The record date for the meeting is April 16, 2018. Only owners of record at the close of business on the record date are entitled to receive notice of the meeting and to vote at the meeting and any adjournments of the meeting.

Edgar Filing: UNIVERSAL INSURANCE HOLDINGS, INC. - Form DEF 14A

The securities to be voted at the meeting consist of shares of our common stock, with each share entitling its record owner to one vote, and shares of our Series A preferred stock, with each share entitling its record owner to one vote.

The table below sets forth the number and classes of Company stock entitled to vote at the meeting.

Class of Voting Stock	Number of Record	Number of Shares
	Holders as of the Record Date	Outstanding and Entitled to Vote as of the Record Date
Common Stock	37	35,063,424
Series A Preferred Stock	1	9,975

Quorum Requirements

The presence, in person or by proxy, of at least a majority of the total number of outstanding shares of our common stock and preferred stock, taken together, is necessary to constitute a quorum at the meeting. If a quorum is not present at the meeting, a majority of the shares so represented may vote to adjourn the meeting without further notice.

Revoking a Proxy

After you have submitted a proxy, you may revoke such proxy prior to the completion of voting at the meeting by the following means:

sending written notice to Stephen J. Donaghy, Secretary, Universal Insurance Holdings, Inc., 1110 West Commercial Boulevard, Fort Lauderdale, Florida 33309;

delivering a later-dated proxy; or

appearing at the meeting and giving the Secretary notice of your intention to vote in person (unless you are a beneficial owner without a legal proxy, as described under [How to Vote](#) in this section of the Proxy Statement).

Tabulation of Voting Results

An independent inspector will certify the results of the vote regarding the election of directors.

INFORMATION CONCERNING OUR ANNUAL MEETING, VOTING AND SHAREHOLDER PROPOSALS FOR THE 2018 ANNUAL MEETING CONTI

Voting Options for Each Item at the Annual Meeting

With respect to Item 1, the Election of Directors, you may vote **FOR** or **AGAINST** each nominee or you may **ABSTAIN** from voting.

With respect to Items 2 and 3, you may vote **FOR** or **AGAINST** such items or you may **ABSTAIN** from voting.

Votes Required to Pass Each Item

Each matter submitted to the shareholders requires the affirmative vote of a majority of the votes cast at the 2018 Annual Meeting.

Board Voting Recommendations for Each Item

The Board recommends that you vote your shares:

FOR the election of each of the director nominees to the Board (Item 1)

FOR the approval of the compensation paid to our Named Executive Officers (Item 2)

FOR the ratification of the appointment of Plante & Moran as our independent registered public accounting firm for the 2018 fiscal year (Item 3)
If you sign and return your proxy card, but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board above.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes are considered as shares represented for purposes of determining whether a quorum is present.

If you submit a proxy but select **ABSTAIN** from voting on a proposal, your shares will be represented at the meeting but will not have any impact on the voting results of a proposal. Abstentions are not considered **votes cast** on each proposal.

A broker non-vote occurs when a nominee holding shares for a beneficial owner (i.e., a broker) does not vote on a particular item because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner. Under NYSE rules, ratification of the appointment of Plante & Moran as our independent registered public accounting firm for the 2018 fiscal year (Item 3) is considered a routine matter on which brokers will be permitted to vote in their discretion, even if the beneficial owners do not provide voting instructions. However, each of the other items is not considered to be a routine matter under NYSE rules, and brokers will not be permitted to vote on Items 1 or 2 if the beneficial owners fail to provide voting instructions. Broker non-votes will not have any impact on the voting results of a proposal.

Costs for Proxy Solicitations

We will bear the cost of soliciting proxies. Officers and regular employees of the Company may solicit proxies by a further mailing or personal conversations or via e-mail, telephone or facsimile, provided that they do not receive compensation for doing so.

Cameras and Recording Equipment Prohibited

Please note that cameras and sound or video recording equipment will not be permitted in the meeting room.
