EXTRAORDINARY GENERAL MEETING PRESENTATION TO SHAREHOLDERS ITEM I PROPOSAL FOR REFORM AND CONSOLIDATION OF THE PETROBRAS' BYLAWS In the EAGM of 04/28/2016, Petrobras' Bylaws were amended to provide for the establishment of a paid quarantine, in accordance with Law 12.813 / 2013, which provides that during the six- month period date of its dismissal or retirement, the agent would be prevented from performing any of the conduct provided for in item II of article 6, justifying, in certain cases, compensatory remuneration equivalent to the monthly salary of the position then held. In turn, art. 2 of CGPAR No. 14, published on 05/12/2016, with the benefit of a quarantine period, established that it will only be received with the authorization of the Public Ethics Committee of the Presidency of the Republic, when, in the opinion of the Committee, the existence of a conflict of interest and its relevance is characterized. In this sense, art. 28, paragraph 6 of Petrobras' Bylaws conditions the beginning of receipt of compensatory remuneration, by the former members of the Executive Board, Board of Directors and Fiscal Council, to the formalization of a consultation with the Ethics Committee of the Presidency of the Republic - CEP. It occurs that, recently, a CEP, through Newsletter n° 3 August/ 2018, differently from what had been previously decided, established an understanding in the sense of not having the competence to analyze the deferment of paid quarantine for the directors and fiscal auditors. In this scenario, considering the recent manifestation of the CEP, it is proposed that art. 28, paragraph 6 of Petrobras Articles of Incorporation is amended so as to provide that, in the case of members of the Board of Directors and Audit Committee, the prior analysis shall be carried out by Petrobras' Ethics Committee, with the subsidy of technical areas, examination of the matter. In addition, it is proposed an amendment in art. 28, paragraph 2, to make it even clearer that the perception of compensatory remuneration will be conditioned to the previous analyzes established in paragraph 6. Another proposed statutory amendment refers to the revision of art. 23 with the purpose of updating it to CVM Guidance Opinion No. 38, dated September 25, 2018, which provides guidelines on the conclusion of indemnity agreements between publicly-held companies and their managers. 8

Civil liability insurance ( D&O Insurance ) is the principal protection mechanism for managers, through which an independent third party, the insurer, analyzes, in a manner free of potential conflicts of interest, the claims, identifying those that would be or not covered by the policy. In view of the current scenario of a downturn in the insurance market, in which D&O insurers have restricted the protection scope of the insurance policy and charged substantially higher premiums and, in view of the Company's interest in attracting independent and professional managers, the need to offer them a complementary protection mechanism was considered. Therefore, it is proposed to amend Petrobras' Bylaws in order to expressly provide for the possibility of the Company signing an indemnity agreement with the members of the Board of Directors, the Audit Committee, the Executive Board, Committees and all employees that legally act by delegation of the managers of Petrobras. In addition, it proposes to assign to the Board of Directors the competence to deliberate on the contract of indemnity and the procedures that guarantee the independence of the decisions, amending art. 30 to include a new subsection XV. Since the amendment of the Bylaws - and, consequently, their consolidation - is a matter for the General Shareholders 'Meeting, the proposal is therefore submitted for consideration by the Shareholders' Meeting, in accordance with a copy of the Articles of Incorporation attached hereto. Attached: a copy of the Bylaws containing, particularly the proposed changes, a table comparing the proposed amendments to the Bylaws and their justifications and consolidated corporate Bylaws. **EXTRAORDINARY GENERAL MEETING PRESENTATION TO SHAREHOLDERS ITEM II**

**INCORPORATION OF PDET OFFSHORE S.A. ( PDET ) BY PETROBRAS** Dear Shareholders, The Board of Directors of Petróleo Brasileiro S.A. - Petrobras ( Company ) hereby presents the following information regarding the incorporation of PDET Offshore S.A. ( PDET ) by Petrobras, subject of the Agenda of the Extraordinary General Meeting to be held on 12/11/2018: PDET is a corporation with fully subscribed and paid-up capital in the amount of eighty-four thousand three hundred and seventy-one reais (BRL 84,371.00), divided into eighty-four thousand three hundred and seventy-one (84,371) shares at the par value of BRL 1.00 (one real), all owned by Petrobras. The incorporation of PDET by Petrobras is part of the reorganization and optimization of the Company's shareholding portfolio in order to rationalize costs through the consolidation of its activities. The maintenance of several administrative structures, in addition to leading to an increase in operating costs, implies loss of significant synergies in the conduct of matters of interest to the Company. In addition, in 2017, PDET made full payment of the financing obtained for the construction of its assets in the form of project finance and Petrobras exercised the consequent option to purchase its shares, with no further operational, economic and financial justification for the maintenance of PDET as an independent company, particularly because the assets owned by it are rented to Petrobras and are operated and maintained by Petrobras. Therefore, the incorporation aims to transfer the total assets, rights and obligations of PDET to the Company and is part of a reorganization process whose objective is to simplify the corporate structure, reduce costs and more efficient asset management. Considering that the Company holds 100% (one hundred percent) of the shares representing the capital stock of PDET, there will be no change in the capital stock of PETROBRAS, insofar as its financial statements already consolidate the accounting records of the company to be incorporated. 75

1.1. Object. The purpose of this Protocol and Justification is to define the basis of the merger proposal that will be taken to the deliberation of the shareholders of the PARTIES. 1.2. Proposed Operation. The operation consists of the merger of PDET by PETROBRAS, with full transfer of PDET's shareholders' equity, valued at book value, to PETROBRAS ( Operation or Merger ). 1.2.1. As a result of the Operation PDET shall be extinguished ipso jure, for all legal purposes and effects, so that the Surviving Company will succeed PDET universally in all its rights and obligations, pursuant to Article 227 of Law 6,404/76. **CLAUSE TWO - JUSTIFICATION OF THE MERGER** 2.1. Justification of the Operation. The boards of the Companies involved in the Operation have analyzed alternatives, seeking the best management activities and policies, taking into account the intention to rationalize costs through activities consolidation, considering that the maintenance of various administrative structures will lead to increased operating costs, while losing relevant synergies in the conduct of matters of interest; 2.2. Considering that the PARTIES indeed belong to the same group, and the Merged Company is a wholly owned subsidiary of the Surviving Company, which holds 84,371 (eighty-four thousand, three hundred and seventy-one) shares, issued by the Merged Company, the Merger will bring considerable administrative, economic and financial benefits to the PARTIES, to the extent that: 2.2.1. In 2017, PDET made full payment of the financing obtained for the construction of its assets in the form of project finance, and PETROBRAS exercised the consequent option to purchase its 79

The Merger aims to transfer the total assets, rights and obligations of PDET to PETROBRAS and is part of a corporate reorganization process designed to simplify the corporate structure, rationalize PETROBRAS, activities, reduce costs and achieve more efficient management of the assets involved. 2.2.3. The operational integration of the PARTIES will allow a better use of existing synergies, greater flexibility for new investments and greater efficiency in the implementation of strategic decisions, and therefore will be beneficial to the PARTIES' corporate interests; 2.2.4. In addition, the merger of the business resources and assets of the PARTIES will allow better management of operations, assets and cash flows, which will result in an optimization of the use of operational and financial resources and, consequently, in obtaining greater benefits for the social activities carried out by the PARTIES, which would not be possible if another type of corporate operation had been adopted. 2.3. Considering that PETROBRAS holds 100% (one hundred percent) of the shares representing PDET's capital stock, the proposed the Merger will not imply any change in PETROBRAS' capital stock, insofar as PETROBRAS' financial statements consolidate PDET accounting records. **CLAUSE THREE - VALUATION OF PDET's NET EQUITY AND VALUATION BASE DATE 80**

Valuation Criteria. Considering the provisions of subsection 7.2 of Circular Letter/CVM/SEP/No. 02/2018, dated 02/22/2018, which reports that, at a meeting held on 02/15/2018, under case no. 19957.011351/2017-21, CVM Plenary 81

unanimously declared that Article 264 of Law 6,404/1976 does not apply in the case of merger operations of a wholly-owned subsidiary by an open-capital parent company, since, in the absence of non-controlling shareholders, which is the fundamental condition provided for in the Law, the PARTIES chose to adopt the accounting criteria for evaluating the Merged Company's shareholders' equity. 3.3 Merger Date-Base. Recall Ledger Consultoria e Desenvolvimento Empresarial Ltda. is a company specializing in accounting valuations and has, at the request of the management of the PARTIES, (i) valued PDET's net worth at book value, based on the elements provided by PDET's Balance Sheet ascertained on 7/31/2017, ( Merger Base-Date ), thereby calculating the value of the shareholders' equity to be transferred to PETROBRAS, and (ii) prepared the Accounting Valuation Report, attached hereto as Exhibit I, and such values shall be submitted to previous analysis and approval of PETROBRAS shareholders, under the terms of the law. 3.4. Financial Statements. The preparation of financial statements audited by an independent auditor registered with the CVM, pursuant to article 6 of ICVM 565/2015, as well as the pro forma financial information, pursuant to article 7, also of ICVM 565/2015, have been dismissed, since the effects of the Merger comply with the provisions of article 10, caput, of said Instruction. **CLAUSE FOUR - SHAREHOLDERS 'EQUITY GLOBAL AMOUNT TO BE MERGED** 4.1. According to the valuation carried out and incorporated into the Valuation Report of the Net Assets, the book value of PDET's shareholders' equity to be transferred to PETROBRAS, already adjusted to IFRS standards, is negative at BRL 415,376,376.30 (four hundred and fifteen million, three hundred and seventy-six thousand, three hundred and seventy-six reals and thirty cents), abiding by the provisions of Clause Five below. 82 unanimously declared that Article 264 of Law 6,404/1976 does not apply in the case of merger operations of a wholly-owned subsidiary by an open-capital parent company, since, in the absence of non-controlling shareholders, which is the fundamental condition provided for in the Law, the PARTIES chose to adopt the accounting criteria for evaluating the Merged Company's shareholders' equity. 3.3 Merger Date-Base. 4.2. The value of such ascertained negative shareholders' equity corresponds exactly to PETROBRAS active investment account, since PDET is a PETROBRAS subsidiary. Accordingly, as a consequence of the Merger, PETROBRAS accounting will merely replace such PETROBRAS assets represented by Petrobras' investment account referring to the participation in PDET capital stock by the assets and liabilities from PDET Balance Sheet. 4.3. The replacement of PETROBRAS investments in PDET by such assets and liabilities from PDET Balance Sheet shall not imply any change in the value of PETROBRAS net worth. 4.4. PDET assets, rights and obligations making up the PDET's negative net worth to be transferred to PETROBRAS are detailed in the Valuation Report. 4.5. The balances of Merged Company's creditor and debtor accounts shall be transferred to Surviving Company's accounting books, with the necessary adjustments. **CLAUSE FIVE - TREATMENT OF CHANGES IN EQUITY UNTIL MERGER DATE** 5.1. Consequently, there shall be no change in PETROBRAS' By-Laws due to the Merger.

6.2. Right of Withdrawal. Considering that the Surviving Company is the sole shareholder of the Merged Company, approval of the Merger in the Merged Company's general meeting will depend on the affirmative vote of its sole shareholder. In addition, pursuant to articles 136 c/w 137 of Law 6,404/76, the shareholders of the Surviving Company will not be entitled to any withdrawal rights arising out of the approval of the Merger by the general meeting of shareholders.
