**Gannett Sets the Record Straight Regarding MNG's False and Misleading Statements**

*Urges Shareholders to Vote FOR ALL Eight of Gannett's Experienced, Independent Nominees on the WHITE Proxy Card TODAY*

McLEAN, VA Gannett Co., Inc. (NYSE: GCI) (Gannett or company) today issued the following factsheet addressing the false and misleading statements made by MNG Enterprises, Inc. (MNG) in connection with Gannett's 2019 annual meeting of shareholders to be held on May 16, 2019. The factsheet and other materials regarding the board of directors' recommendations for the annual meeting are available on the investor relations page of Gannett's website at <https://investors.gannett.com/>.

The Gannett board of directors unanimously recommends that shareholders vote FOR ALL of the company's highly experienced and independent director nominees on the WHITE proxy card today.

The factsheet follows:

**Setting the Record Straight**

*Correcting MNG's False and Misleading Statements*

**MNG has FAILED to present a credible transaction proposal and has resorted to spreading half-truths and falsehoods in an effort to gain control of Gannett with conflicted nominees and no clear strategy**

**Gannett has communicated the substantive, fact-based rationale underlying its rejection of MNG's unsolicited proposal and its actions to protect the value of shareholders' investment**

**Gannett will continue to provide shareholders with the facts as it executes a transformation strategy that will deliver superior, sustainable value to shareholders**

**Strategy**

**Gannett's USA TODAY NETWORK strategy, digital acquisitions and focus on client relationships are paying off**

36% of Gannett's total revenue and 47% of advertising and marketing services revenue is now digital, up from 26% and 29% in 2016

In 2018, Gannett grew ReachLocal revenues by 15% and also grew total paid digital-only subscribers by 46% to over 500,000

Gannett has a strong record of maximizing the value of its legacy print business and rationalizing its cost base to maintain profitability

**Financial Performance**

**2016 was Gannett's full year of operations as an independent company and should be the basis for any financial benchmarking analysis**

MNG's use of June 28, 2015 LTM figures is misleading, given Gannett was not a standalone company during that time

Gannett's digital marketing solutions business was built beginning in Q3 2016 - its contribution to performance is only reflected thereafter

The peer set MNG uses to denigrate Gannett's performance is flawed

**Gannett's margins are in line with true public peers**

MNG's use of a 2018 year-end stock price for comparison is arbitrary and misleading. The overall S&P 500 was down ~9% in December 2018, and Gannett's year-end stock price is the lowest closing price in its 52-week range

**Total Shareholder Returns**

**Gannett has delivered a higher and more stable total shareholder return** than most of its industry peers since becoming an independent company and for the 1-year period prior to receiving MNG's unsolicited proposal

Gannett has returned \$324MM to shareholders via dividends and share repurchases since becoming an independent company, the highest total return of any of Gannett's peers when measured as a % of enterprise value

**Combined MNG-Gannett Leverage Profile**

The combined MNG-Gannett leverage profile would represent true capital structure risk, unlike Gannett's current balance sheet, which is conservative relative to peers

Pro forma gross leverage of the combined company is estimated to be in excess of 4.0x 2018 EBITDA among the highest of all industry peers and in line with distressed peers. Including pensions, the leverage multiple could be >4.5x<sup>2</sup>

**Given these leverage levels, Gannett has serious concerns about MNG's ability to obtain financing for its proposed transaction**

**Credibility of MNG's Unsolicited Proposal**

**MNG has still not secured financing 3 months after submitting its unsolicited proposal on January 14, 2019**

The letter MNG obtained from Oaktree is highly conditional (more so than a typical letter of this kind), and Oaktree did not even commit to participating in the financing of a transaction

Gannett's financials are public MNG does not need Gannett to enter into an NDA for MNG to obtain a real financing commitment

MNG has repeatedly glossed over critical questions Gannett first raised on January 16, 2019 regarding pensions, antitrust and other important matters that are routinely addressed by credible buyers, while making clear that MNG would expect Gannett and its shareholders to share in any regulatory risk to the transaction

**Engagement on MNG's Unsolicited Proposal**

Despite having longstanding business relationships with Gannett, **MNG did not seek to engage with Gannett prior to leaking and then publicly disclosing its unsolicited proposal** a posture that suggests MNG was not serious about acquiring Gannett

2 days after receiving MNG's proposal, Gannett invited MNG to meet with management and 2 independent directors, but **MNG declined multiple meeting dates** and refused to otherwise respond to Gannett's questions about the viability of its proposal. MNG only accepted Gannett's invitation to meet after Gannett's board rejected MNG's proposal on February 4, 2019

**Gannett has repeatedly stated its board would engage with any party that makes a bona fide, credible proposal that appropriately values the company and is capable of being closed. MNG's proposal continues to fail that test**

**MNG's Real Agenda If It Gains Board Control**

MNG's investor presentation makes clear that if MNG were to gain board control, MNG would initiate a strategic review, the outcome of which is entirely uncertain

One possible outcome is Gannett being forced to acquire MNG, as MNG has previously proposed

MNG and its nominees have no clear strategy, and if MNG's prior conduct is any indicator, **MNG may siphon Gannett assets (including potentially from Gannett's pensions) to fund unrelated investments and deliver generous management fees to Alden Global Capital (MNG's majority shareholder), while destroying value for other Gannett shareholders**

**Comparing MNG's Nominees  
vs. Gannett's**

**All 6 of MNG's nominees are highly conflicted** given their close affiliations with MNG and/or Alden

Heath Freeman is a founding member and president of Alden

3 nominees are directors or officers of MNG, a direct competitor of Gannett

4 nominees serve on the board of Fred's, Inc. after being hand-picked by Alden, Fred's controlling shareholder, and have a proven record of destroying value

4 nominees have other longstanding business and/or personal relationships with each other and/or with Alden co-founder Randall Smith

These conflicts of interest, and MNG's acknowledgement that its proxy fight aims to advance a transaction with Gannett, underscore that **MNG's nominees cannot objectively evaluate board actions on behalf of all shareholders, let alone oversee a strategic alternatives process.** MNG's claims otherwise are false and misleading

On the other hand, ALL of Gannett's nominees are independent, bring diverse and relevant experience and are actively engaged in overseeing the execution of Gannett's strategy and digital transformation

The Gannett Annual Meeting of Shareholders is scheduled to be held at 8:30 a.m. ET on May 16, 2019 and shareholders of record as of the close of business on March 18, 2019 will be entitled to vote at the Annual Meeting.
