The approximate date on which the proxy statement and form of proxy will be sent to security holders is April 23, 2019.

Proxies are being solicited by mail and all expenses of solicitation have been or will be borne by the Company. In addition, arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to their principals and the Company will reimburse them for their expenses in so doing.

Matters To Be Voted On At The Annual Meeting

There are three (3) proposals that are scheduled to be voted on at the Annual Meeting. Shareholders are being asked to vote on (1) the election of six (6) Directors named herein to the Board of Directors of the Company, (2) an advisory (non-binding) vote to approve the executive compensation paid as described in this Proxy Statement, and (3) an advisory (non-binding) vote on the frequency of future votes on executive compensation. .

Vote Required

All shares of the Company represented by proxies received in time and in proper form and condition and not revoked will be voted as specified in the proxy; or in the absence of specific direction, the proxy will be voted by the person designated therein:

Table of Contents

In the event any of the nominees should become unable to serve as a Director, it is intended that, pursuant to the accompanying form of proxy, votes will be cast for a substitute nominee designated by the Board of Directors.

The election of Directors will require the affirmative votes of a plurality of the shares of the Common Stock voting in person or by proxy at the Annual Meeting. The Company's transfer agent will tabulate all votes that are received prior to the date of the Annual Meeting. The Company will appoint two inspectors of election, who may be officers or employees of the Company, to receive the transfer agent's tabulation, to tabulate all other votes, and to certify the results of the elections. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting (i.e., for quorum purposes), but shall not be counted for the purposes of the election of Directors.

Management of the Company knows of no matters to be submitted to the 2019 Annual Meeting with respect to which the stockholders are entitled to vote other than the election of Directors, but if procedural matters do properly come before the Meeting, the persons named in the proxy will vote according to their best judgment.

(Proposal No. 1)

Information about the Executive Officers (for information regarding Ms. Cummings and Mr. Drimal, see the descriptions on page 5).

Mr. Drimal and Ms. Cummings were elected by the Board of Directors to their respective offices in June 2018, at the annual meeting of the Board. Each will hold their respective offices until his or her successor is elected by the Board.

TRANSACTIONS WITH RELATED PERSONS

In 2018, the Company purchased 10,000 shares of Common Stock from Jan K. Smeets, for the price of \$75.00 per share. Mr. Smeets currently serves as a Director and is a Director Nominee to the Company's Board of Directors. The transaction was approved by the members of the Board of Directors.

CORPORATE GOVERNANCE

Board Independence and Composition

The core responsibility of the Board of Directors is to provide objective, independent judgment in its management oversight function and the Board's composition reflects that principle. The Board is composed of a majority of independent directors. A Director's independence is determined in accordance with the definition set forth in National Association of Securities Dealers Automated Quotations (NASDAQ) listing standards and other pertinent and

applicable legal and regulatory standards. The Board of Directors annually reviews the financial and other relationships between non-management Directors and the Company to determine whether those Directors are independent. Applying those standards in 2018, the Board has determined that each of the following Directors meet the independent standards: Clint Hurt, Thomas S.T. Gimbel, Jan K. Smeets and Ebersole Gaines Wehrle.

Table of Contents

Board Leadership

The Board of Directors, in its discretion, may elect a Chairman of the Board. The Chairman leads the Board and presides at all Board meetings and is responsible for delivery of information for the Board's informed decision-making.

Based upon the structure that best serves the interests of the Company, the Board determines whether the role of the Chairman of the Board and the Chief Executive Officer should be held by one individual or should be separated. Currently, the Board believes that the role of Chairman of the Board and Chief Executive Officer should be held by the same person because the combined position has served the Company well in the past and Charles E. Drimal, Jr. is highly qualified to serve in that role.

The Directors have also determined that it is not necessary to appoint a lead independent director at this time.

The Board's Role in Risk Oversight

The senior management team of the Company is responsible for assessing and managing the Company's various exposures to risk on a day-to-day basis, including the creation of appropriate risk management policies to identify, manage and mitigate significant risks. The Board of Directors is responsible for overseeing management's execution of its responsibilities and for assessing the Company's approach to risk management. The Board exercises those responsibilities periodically as part of its meetings by having the Chief Executive Officer, the Chief Financial Officer and others in management roles of the Company review with the Board areas of material operational, financial and regulatory risk, the likelihood of such risks coming to fruition and management's response thereto. This approach provides the Board with a thorough understanding of the relative magnitude of such risks and the ability to assess and influence the management and mitigation strategies undertaken by the Company to address those risks.

Board Meetings

The Board of Directors met three (3) times in 2018. All directors attended those meetings of the Board of Directors and the committee or committees thereof on which such director served during 2018 in person or by telephone conference.

Board Attendance at Annual Meeting

The Company does not have a policy that requires members of the Board of Directors to attend the Annual Meeting. All members of the Board of Directors are encouraged to attend the Annual Meeting. All of the members of the Board of Directors attended the Annual Meeting of the Company held in June 2018 in person or by telephone conference.

Committees of the Board

The Board of Directors has an Executive Committee, an Audit Committee and a Compensation Committee.

Executive Committee

The Executive Committee, composed of Messrs. Drimal, Jr., Hurt, Smeets and Ms. Cummings, is empowered to exercise all the authority of the Board between Board meetings, in the business and affairs of the Company, except as limited by applicable law. The Executive Committee met three times during 2018 in person and informally, by telephone conference, on a nearly monthly basis during the year.

Table of Contents

Audit Committee

The Audit Committee, composed of Messrs. Wehrle, Gimbel and Smeets, met once in 2018. All members of the Audit Committee were independent under NASDAQ listing standards and other pertinent legal and regulatory standards. Mr. Wehrle, as the beneficial owner of more than 10% of the outstanding stock of the Company, falls outside of the safe harbor provisions of SEC Rule 10A-3(e)(1)(ii). The Board of Directors has determined that Mr. Smeets meets the qualifications of an audit committee financial expert within the meaning of the regulations of the Securities and Exchange Commission and NASDAQ listing standards. The Committee selects the independent auditors to audit the financial statements of the Company and approves the scope of the services to be provided by the auditors for the upcoming year. The Committee is also responsible for reviewing reports of the Company's results, audits, financial policies and internal control procedures. The report of the Audit Committee is included in this proxy statement on page 12.

The Board of Directors and the Audit Committee have adopted a written charter for the Audit Committee, a copy of which is attached as Exhibit A to this proxy statement.

Compensation Committee

The Compensation Committee, composed of Messrs. Gimbel and Smeets, met once in 2018. All members of the Compensation Committee were independent under NASDAQ listing standards and other pertinent legal and regulatory standards. The charter of the Compensation Committee requires that members of the Committee also qualify as outside directors within the meaning of Section 162(m) of the Internal Revenue Code and as non-employee directors within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, as amended. The Committee annually reviews the Company's goals, objectives and policies relevant to the compensation of the Company's executive officers and directors. The Committee evaluates the performance of the executive officers in light of those goals, objectives and policies and makes its recommendations to the Board of Directors for the salaries, bonuses and other compensation to be paid to the executive officers. Mr. Drimal and Ms. Cummings participate in discussions with the Compensation Committee and make recommendations to the Committee with respect to the compensation of executive officers and directors. Neither Mr. Drimal nor Ms. Cummings participates in the deliberations or approval of the Committee concerning their respective compensation.

The Committee also recommends to the Board of Directors the compensation to be paid to members of the Company's Board of Directors.

The Compensation Committee has the authority to retain outside compensation consultants to advise the Committee on market practices and the compensation policies of the Company. The Committee has not engaged any outside consultants or advisors for such services, nor have such services been engaged by the Company's Board of Directors.

The Board of Directors and the Compensation Committee have adopted a written charter for the Compensation Committee. A copy of the charter, as most recently amended in May 2013, is attached as Exhibit B to this proxy statement.

The Board as Nominating Committee

The Company does not have a standing nominating committee. The Board of Directors acts as the nominating committee, with Mr. Drimal and Ms. Cummings abstaining. The majority of the Directors of the Company, Messrs. Hurt, Gimbel, Smeets and Wehrle, who function as a nominating committee, are believed to satisfy applicable regulatory requirements for director independence. Those Directors are responsible for collecting and analyzing

information with regard to directors' independence as defined by NASDAQ listing standards and other pertinent legal and/or regulatory standards in effect at the time. They are also responsible for making recommendations concerning committee membership and ensuring that committee members satisfy the criteria for membership on a particular committee and have the skills to effectively participate in a particular committee.

Table of Contents

The Directors who function as the nominating committee are also responsible for identifying and evaluating prospective nominees for vacancies on the Board of Directors. The Board of Directors will consider meritorious director candidates submitted to it by members of the Board and by stockholders of the Company, without regard to race, religion, gender, national origin or disability. The Board does not have a formal policy with regard to considering diversity in its evaluation of director nominations. Candidates for election must be willing to devote the time necessary to serve as a director and must possess the level of education, experience, and expertise, both with respect to financial matters and the oil and gas industry in general, necessary to effectively perform the duties of a member of the board of directors of a public company, and in particular of the Company. The Board of Directors strive to recommend candidates that further its objective of having a board that draws from a broad range of talents and expertise and reflects a diversity of background, experience and perspectives. The procedure to be followed by a stockholder to submit a nominee to the Board of Directors is set forth in *Stockholder Proposals and Nominations* in this proxy statement.

The Board of Directors believes that this procedure is adequate in the process of selecting persons for election as Directors of the Company. All of the Directors of the Company currently serving as Directors are designated as nominees for re-election at the 2019 Annual Meeting of Stockholders. There were no nominations proposed by any stockholder or group.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Overview

The Company has been guided by its Chief Executive Officer, Charles E. Drimal, Jr., and Chief Financial Officer, Beverly A. Cummings since 1987. The Board of Directors attributes much of the success of the Company to Mr. Drimal's and Ms. Cummings' leadership, skills and their dedication to the Company and its stockholders. In order to retain such highly skilled and experienced professionals for its senior management team, the Board of Directors must offer highly competitive compensation packages. At the same time, the Board of Directors is mindful that the primary goal of the Company is to build long-term stockholder value. Therefore, the alignment of the executive officers' compensation with the Company's performance results is a critical component of the analysis made by the Compensation Committee in determining the executive officers' compensation each year.

The Board of Directors believes that the Compensation Committee's approach in determining the compensation paid to the executive officers has been endorsed by the stockholders, who in 2016 supported (by a vote of 76%) the Board of Directors' resolution to approve the executive compensation paid in the prior year and chose to hold advisory voting on executive compensation once every three years thereafter. In light of those positive endorsements, the Compensation Committee continued to adhere to the same approach to determine executive compensation for this past year.

There are three elements of the compensation paid to the executive officers, to wit: (i) base salary; (ii) bonus (cash incentive) compensation, and (iii) equity awards. The base salaries that were provided to the executive officers were based upon a number of considerations including each executive officer's level of responsibility, changes in their responsibilities from year to year, experience, skills and leadership ability. The Compensation Committee reviewed the base salary paid in the most recent years and the percentage change in salary from year to year. The Compensation Committee used their judgment and discretion rather than relying on a specific numerical metrics formula for results. The Compensation Committee assessed the challenges faced and overcome by the executive officers in advancing the Company through the year. The Compensation Committee recommended each of the executive officers be provided with the same percentage increase to each of their salaries. The base salary paid to each executive officer in 2018 is set forth in the *Salary* column of the Summary Compensation Table set forth in this proxy statement.

Table of Contents

The cash incentive bonus compensation awarded to each executive officer is intended to correlate to the Company's performance. In 2018, the executive officers advised the Compensation Committee that they had determined that certain employees of the Company would be awarded bonus compensation for the year. Their decision was based upon the contributions of those individuals to the positive effect on the Company's leverage position, cash flow and earnings. They encouraged the Compensation Committee to consider the same criteria and apply the same analysis in its deliberations concerning the bonus compensation to be awarded to the executive officers, and to reach a similar conclusion with respect to the executive officers. As a result, the Compensation Committee recommended that incentive bonus compensation be awarded to the executive officers. The cash bonus paid to each executive officer in 2018 is reflected in the Bonus column of the Summary Compensation Table set forth in this proxy statement.

The Company awarded options to purchase shares of the Company's common stock to the executive officers in May 1989. The objective of the award was to retain high level officers and to motivate them to continue their relationship with the Company and thereby align their interests with the long-term interests of the Company's stockholders. The options that were awarded have been fully exercisable by the executive officers since May 1994. The Compensation Committee believes the options awarded to the executive officers continue to represent a significant stake in the Company. The Committee recommended to the Board of Directors that no additional options or other types of equity compensation be awarded to the executive officers in 2018.

ADVISORY NON-BINDING VOTE ON EXECUTIVE COMPENSATION**(Proposal No. 2 on the Proxy)**

The Board of Directors believes that the Company's compensation programs and policies are centered on a pay for performance culture and are strongly aligned with the long-term interests of shareholders.

The Board of Directors is asking shareholders to vote in an advisory, non-binding manner on the compensation paid to our Principal Executive Officer and Principal Financial Officer (collectively, the Named Executive Officers), as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K (including the compensation tables and accompanying narrative discussion). Item 402 of Regulation S-K is the SEC regulation that sets forth what companies must include in their proxy statement as to compensation.

This proposal, commonly known as a Say on Pay proposal, gives you as a shareholder the opportunity to vote on the Company's executive pay program. In proposal no. 3, the Board of Directors is seeking your advice on the frequency of such votes in the future. Pursuant to section 14A of the Securities and Exchange Act of 1934,

Table of Contents

which is applicable to smaller reporting companies this year, the Board of Directors is requesting shareholders to cast a non-binding advisory vote on the following resolution:

Resolved, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, compensation tables and narrative discussion is hereby APPROVED.

Since your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors recommends a vote **FOR** this Resolution.

(Proposal No. 2 on the Proxy)

ADVISORY NON-BINDING VOTE ON FREQUENCY OF SAY-ON-PAY VOTES

(Proposal No. 3 on the Proxy)

Pursuant to Section 14A of the Exchange Act, which is applicable to smaller reporting companies this year, our shareholders are being asked to vote, on an advisory basis, on how frequently our shareholders should have a Say on Pay vote in the future. Although this frequency vote is advisory and is not binding on the Board of Directors, the Compensation Committee will take into account the outcome of the vote when considering how frequently to hold Say on Pay votes. You may choose from the following alternatives: every year, every two years, every three years or you may abstain. The Directors of the Company will ask you to vote on an advisory basis on the frequency of Say on Pay votes at least once every six years. Shareholders are not voting to approve or disapprove the Board of Director's recommendation.

The Board of Directors believes and recommends that the Say on Pay vote should be conducted every three years so that shareholders may express their views on the Company's executive compensation program. The Compensation Committee, which administers the Company's executive compensation program, values the opinions expressed by shareholders in these votes and will continue to consider the outcome of these votes in making its decisions on executive compensation.

The Board of Directors recommends that you vote to conduct future Say on Pay votes every **three** years.
