**KINGSWAY FINANCIAL SERVICES INC. ANNOUNCES NORMAL COURSE ISSUER BID**

**Toronto, Ontario, November 3, 2005** Kingsway Financial Services Inc. ( **Kingsway** ) (TSE:KFS, NYSE:KFS) announced today that The Toronto Stock Exchange (the **Exchange** ) has accepted a notice filed by Kingsway of its intention to make a Normal Course Issuer Bid (the **Bid** ).

The notice provides that Kingsway may, during the 12 month period commencing November 8, 2005 and ending November 7, 2006, purchase on the Exchange up to 2,823,000 common shares, being less than five percent (5%) of the total number of common shares outstanding. As at October 26, 2005, 56,475,121 common shares were issued and outstanding. The price which Kingsway will pay for any such shares will be the market price at the time of acquisition. The actual number of common shares which may be purchased pursuant to the Bid and the timing of any such purchases will be determined by management of Kingsway. All common shares purchased pursuant to the Bid will be cancelled.

Kingsway believes that its common shares have been trading in a price range which does not adequately reflect the value of such shares in relation to the business of Kingsway and its future business prospects. As a result, depending upon future price movements and other factors, Kingsway believes that its outstanding common shares may represent an attractive investment to Kingsway. Furthermore, the purchases are expected to benefit all persons who continue to hold common shares by increasing their equity interest in Kingsway.

**KINGSWAY ANNOUNCES AGREEMENT WITH THE ROBERT PLAN CORPORATION**

**Toronto, Ontario, November 23, 2005** Kingsway Financial Services Inc. (TSE:KFS, NYSE:KFS) today announced that it had entered into a program management agreement with The Robert Plan Corporation ( RPC ). RPC provides underwriting and claims administration services to insurance companies in the United States who seek to transfer their assigned risk obligations to a specialist for a fee. The agreement is effective for new and renewal business on and after January 1, 2006.

We are pleased to have entered into an agreement with The Robert Plan , said Bill Star, President and CEO of Kingsway Financial Services Inc. This transaction is consistent with our strategy of growing our marketshare in the minimum limits non-standard automobile business in the United States. The Robert Plan is a dominant service provider for assigned risks in the U.S. automobile insurance market. We look forward to a long and mutually beneficial relationship with them.

In certain U.S. States, drivers who cannot obtain insurance in the voluntary market are placed in an assigned risk plan. These insureds are then proportionately assigned to all automobile insurers who do business in that given state. RPC is a dominant player in the assigned risk automobile market, servicing insurers who seek to transfer their assigned risks and related premiums to another insurer for a fee. Kingsway will be providing underwriting capacity to assume the policies serviced by RPC.

RPC has been in operation since the early 1950 s and since the 1980 s has specialized in the underwriting and servicing of assigned risks for personal and commercial automobile policies. For the first nine months of 2005, RPC generated gross premiums written of approximately U.S.\$185 million and for the year-ended December 31, 2004 generated gross premiums written of approximately U.S.\$250 million.
