**PROXY STATEMENT
FOR
2005 ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON TUESDAY, APRIL 19, 2005**

VOTING, REVOCABILITY AND SOLICITATION OF PROXIES

This Proxy Statement is being issued in connection with the solicitation of proxies by the Board of Directors of Guaranty Bancshares, Inc. (the Company) for use at the 2005 Annual Meeting of Shareholders of the Company to be held at 100 West Arkansas, Mount Pleasant, Texas, on Tuesday, April 19, 2005, beginning at 2:00 p.m. (local time), and any adjournment thereof (the Meeting), for the purposes set forth in this Proxy Statement and the accompanying Notice of 2005 Annual Meeting of Shareholders (Notice of Meeting). This Proxy Statement, the Notice of Meeting and the enclosed form of proxy will first be sent to shareholders on or about March 14, 2005.

Voting of Proxies

Shares represented at the Meeting by an executed and unrevoked proxy in the form enclosed will be voted in accordance with the instructions contained therein. If no instructions are given on an executed and returned form of proxy, the proxies intend to vote the shares represented thereby in favor of each of the proposals to be presented to and voted upon by the shareholders as set forth herein.

The Board of Directors knows of no other matters to be presented at the Meeting. If any other matter should be presented at the Meeting upon which a vote may be properly taken, shares represented by an executed and unrevoked proxy received by the Board of Directors may be voted with respect thereto in accordance with the judgment of the proxies. The proxy also confers on the proxies the discretionary authority to vote with respect to any matter presented at the Meeting for which advance notice was not received by the Company in accordance with the Company's Amended and Restated Bylaws.

Revocability of Proxies

Any proxy given by a shareholder may be revoked by such shareholder at any time before it is exercised by submitting to the Secretary of the Company a duly executed proxy bearing a later date, delivering to the Secretary of the Company a written notice of revocation, or attending the Meeting and voting in person. In the event a shareholder's shares are held in street name, such shareholder must contact his bank or broker to revoke his proxy.

Solicitation

The cost of this solicitation of proxies is being borne by the Company. Solicitations will be made only by the use of the mail, except that, if deemed desirable, officers and employees of the Company may solicit proxies by telephone, telegraph or personal calls, without being paid additional compensation for such services. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting material to the beneficial owners of the common stock, par value \$1.00 per share, of the Company (the Common Stock) held of record by such persons, and the Company will reimburse them for their reasonable expenses incurred in connection with such forwarding.

Annual Report

The Company's Annual Report to Shareholders, including financial statements, for the year ended December 31, 2004, as filed with the Securities and Exchange Commission, accompanies but does not constitute part of this Proxy Statement.

VOTING SHARES AND VOTING RIGHTS

Only holders of record of Common Stock at the close of business on February 18, 2005 (the Record Date), are entitled to notice of and to vote at the Meeting and any adjournments or postponements thereof. At that time, there were outstanding 2,912,677 shares of Common Stock, which is the only outstanding class of voting securities of the Company. A majority of the outstanding shares of Common Stock must be represented at the Meeting in person or by proxy in order to constitute a quorum for the transaction of business. Abstentions and shares held of record by a broker or nominee that are voted on in any matter are included in determining whether a quorum exists. Each holder of Common Stock shall have one vote for each share of Common Stock registered on the Record Date, in such holder's name on the books of the Company.

The affirmative vote of the holders of a plurality of the outstanding shares of Common Stock represented at the Meeting is required to elect the Class I and Class II nominees to the Board of Directors. Accordingly, the one Class I and the four Class II nominees receiving the highest number of votes cast by the holders of Common Stock will be elected. There will be no cumulative voting in the election of directors. A broker non-vote or a withholding of authority to vote, with respect to one or more nominees for director will not have the effect of a vote against such nominee or nominees.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock represented at the Meeting is required to approve the appointment of the auditors. An abstention will have the effect of a vote against the appointment. However, a broker non-vote will be deemed shares not present to vote on such matter and will not count as votes for or against the proposal and will not be included in calculating the number of votes necessary for approval of such matter.

A broker non-vote occurs if a broker or other nominee of shares does not have discretionary authority to vote the shares and has not received voting instructions with respect to a particular matter. Under the applicable rules, all of the proposals for consideration at the Meeting are considered discretionary items upon which brokers or other nominees may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions.

ELECTION OF DIRECTORS

Election Procedures and Term of Office

The Board of Directors currently consists of eleven directors. In accordance with the Company's Amended and Restated Bylaws, members of the Board of Directors are divided into three classes, Class I, Class II and Class III. The members of each class are elected for a term of office to expire at the third succeeding annual meeting of shareholders following their election. However, in January 2005, Kirk Lee was appointed a Class I director upon recommendation of the Nominating Committee to fill a vacancy created by the death of a director. The term of office of the current Class II directors expires at the Meeting. The terms of the Class III and Class I directors expire at the annual meeting of shareholders in 2006 and 2007, respectively, except that the board of directors, based on the recommendation of the Company's Nominating Committee, is recommending that Kirk Lee be nominated for election as a Class I director. The Board of Directors, based upon the recommendation of the Company's Nominating Committee, has also nominated Arthur B. Scharlach, Jr., C.A. Hinton, Sr., Gene Watson, and Johnny O. Conroy for re-election as Class II directors at the Meeting. Messrs. Scharlach, Hinton, Watson and Conroy are currently serving as Class II directors. The one Class I and four Class II nominees, if elected at the Meeting, will serve until the annual meeting of shareholders in 2007 and 2008, respectively.

The one Class I and four Class II nominees receiving the affirmative vote of the holders of a plurality of the shares of Common Stock represented at the Meeting will be elected. Unless the authority to vote for the election of directors is withheld as to one or more of the nominees, all shares of Common Stock represented by proxy will be voted **FOR** the election of the five nominees. If the authority to vote for the election of directors is withheld as to one but not all of the nominees, all shares of Common Stock represented by any such proxy will be voted **FOR** the election of the nominee or nominees, as the case may be, as to whom such authority is not withheld.

If a nominee becomes unavailable to serve as a director for any reason before the election, the shares represented by proxy will be voted for such other person, if any, as may be designated by the Board of Directors. The Board of Directors, however, has no reason to believe that any nominee will be unavailable to serve as a director. All of the nominees have consented to being named herein and to serve if elected.

Any director vacancy occurring after the election may be filled only by recommendation of the Nominating Committee and by vote of a majority of the remaining directors, even if less than a quorum of the Board of Directors. A director elected to fill a vacancy will be elected for the unexpired portion of the term of his predecessor in office.

Committees of the Board of Directors

The Board of Directors has three committees, the Audit Committee, the Compensation Committee, and the Nominating Committee, all of which are described below.

Audit Committee

The primary purpose of the Audit Committee is to provide independent and objective oversight with respect to the Company's financial reports and other financial information provided to shareholders and others. The Audit Committee also provides oversight on the Company's internal control over financial reporting and the Company's audit, accounting and financial reporting processes. The Audit Committee reports to the Board of Directors concerning such matters. The Audit Committee reviews the general scope of the audit conducted by the Company's independent auditors and matters relating to the Company's internal control systems. In performing its function, the Audit Committee meets separately with representatives of the Company's independent auditors and with representatives of senior management. During 2004, the Audit Committee held 13 meetings.

The Audit Committee is comprised of Messrs. Miller (Chairman), Watson and Johnson, each of whom the Board has determined to be an independent director of the Company as defined in The Nasdaq Stock Market, Inc. listing standards. The Board of Directors has determined that Mr. Johnson has the requisite attributes of an audit committee financial expert as defined by SEC regulations and that such attributes were acquired through relevant education and experience, and that each member of the Audit Committee is able to read and understand fundamental financial statements and has substantial business experience and a level of experience and knowledge necessary to meet the financial sophistication qualifications under the applicable Nasdaq rules. Accordingly, the Board has determined that the directors who serve on the Audit Committee have sufficient knowledge and experience to fulfill the duties and obligations of the Audit Committee.

Compensation Committee

The Compensation Committee is responsible for making recommendations to the Board of Directors with respect to the compensation of the Company's executive officers and is responsible for the establishment of policies dealing with various compensation and employee benefit matters. The Compensation Committee also administers the Company's stock option plan and makes recommendations to the Board of Directors as to option grants to Company and Bank employees under such plan. Director Nominating Procedures

The Nominating Committee will consider nominees to serve as directors of the Company and recommends such persons to the Board of Directors. The Nominating Committee will also consider director candidates recommended by shareholders who appear to be qualified to serve on the Company's Board of Directors and meet the criteria for nominees considered by the Committee. The committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the committee does not perceive a need to increase the size of the board. In order to avoid the unnecessary use of the director's resources, the committee will consider only those director candidates recommended in accordance with the procedures set forth below.

Criteria for Director Nominees. The Nominating Committee has adopted a set of criteria that it considers when it selects individuals to be nominated for election to the Board of Directors. The Nominating Committee will consider the following criteria in selecting nominees: financial, regulatory and business experience; familiarity with and participation in the Bank's local communities; independence; integrity, honesty and reputation; dedication to the Company and its shareholders; and any other factors the directors deem relevant, including size of the Board of Directors and regulatory disclosure obligations. The Nominating Committee may weigh the foregoing criteria differently in different situations, depending on the composition of the Board of Directors at the time. The Nominating Committee considered these same criteria when they recommended the nominees for election at the 2005 annual meeting of shareholders.

In addition, prior to nominating an existing director for re-election to the Board of Directors, the Nominating Committee considers and reviews the existing director's board and committee attendance and performance; length of board service; and experience, skills and contributions that the existing director brings to the board.

Process for Identifying and Evaluating Director Nominees. Pursuant to Board resolutions, the Nominating Committee is responsible for the process relating to director nominations, including identifying, interviewing and selecting individuals who may be nominated for election to the Board of Directors. The process that the Nominating Committee intends to follow when they identify and evaluate individuals to be nominated for election to the Board of Directors is as follows:

Identification. For purposes of identifying nominees for the Board of Directors, the Nominating Committee will rely on personal contacts of the members of the Board of Directors as well as their knowledge of members of the Bank's local communities. The Nominating Committee will also consider director candidates recommended by shareholders in accordance with the policy and procedures set forth below in the paragraph titled "Procedures to be Followed by Shareholders". The Board has not previously used an independent search firm in identifying nominees.

Evaluation. In evaluating potential nominees, the Nominating Committee will determine whether the candidate is eligible and qualified for service on the Board of Directors by evaluating the candidate under the selection criteria set forth above. In addition, for any new independent director nominee, the Nominating Committee intends to conduct a check of the individual's background and interview the candidate.

Procedures to be Followed by Shareholders. To submit a recommendation of a director candidate to the Nominating Committee, a shareholder should submit the following information in writing, addressed to the Chairman of the Board, care of the Corporate Secretary, at the Company's main office:

1. The name of the person recommended as a director candidate;
2. All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
3. The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
4. As to the shareholder making the recommendation, the name and address, as they appear on the Company's books, of such shareholder; provided, however, that if the shareholder is not a registered holder of the Company's Common Stock, the shareholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's Common Stock; and
5. A statement disclosing whether such shareholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

Any shareholder of the Company may nominate one or more persons for election as a director of the Company at an annual meeting of shareholders if the shareholder complies with the prior notice and information provisions in the Company's Amended and Restated Bylaws. In order for a director nomination to be timely, a shareholder's notice to the Company must be received at the Company's offices no later than 60 days prior to the date of the scheduled annual meeting.

Stock Option Plan

The Company's Board of Directors and shareholders approved the Guaranty Bancshares, Inc. 1998 Stock Incentive Plan in 1998 (the "1998 Plan"), which authorizes the issuance of up to 1,000,000 shares of Common Stock under both non-qualified and incentive stock options to employees and non-qualified stock options to directors who are not employees. Generally, under the 1998 Plan it is intended that the options will vest 20% at the end of the first year following the date of grant and an additional 20% at the end of each subsequent year and becoming fully vested at the end of year five. Options under the 1998 Plan generally must be exercised within eight years following the date of grant or before optionee's termination with the Company, if earlier. The 1998 Plan also provides for the granting of restricted stock awards, stock appreciation rights, phantom stock awards and performance awards on substantially similar terms. The 1998 Plan provides that in the event of a change in control of the Company, all options granted immediately vest and become exercisable. In addition, the 1998 Plan permits the Compensation Committee, which administers the 1998 Plan, discretion in the event of a change in control to modify in certain respects the term of awards under the 1998 Plan, including (i) providing for the payment of cash in lieu of such award, (ii) limiting the time during which an option may be exercised (iii) making adjustments to options to reflect the change in control and (iv) providing that options shall be exercisable for another form of consideration in lieu of the Common Stock pursuant to the terms of the transaction resulting in a change in control. For the year ended December 31, 2004, 5,000 non-qualified options were granted under the 1998 Plan, 6,000 non-qualified options were cancelled, and 2,200 non-qualified options were exercised, none of which involved the named executive officers. Options to purchase an additional 854,500 shares are available for issuance under the 1998 Plan. Certain named executive officers have previously received stock options as indicated below under "Stock Option Exercises and Fiscal Year-End Option Values".

Option Grants in Last Fiscal Year

Bonus Plan

The Company has established an incentive compensation program (the Bonus Plan) for directors, officers, including executive officers, and employees of the Company and the Bank. The Bonus Plan provides for a bonus pool in an amount based on a graduated percentage of the Bank's return on equity. For the year ended December 31, 2004, the bonus pool would be funded with 8.0% of after-tax income based upon the Bank achieving a return on equity of 9.30%. The bonus pool increases to a maximum of 11.75% of after-tax income if the Bank achieved a return on equity of 13.68% or greater. The Bank's return on equity for the year ended December 31, 2004 was 10.95% and the bonus pool was funded with 8.4% of after-tax income. The percent of after-tax income used to fund the bonus pool and the minimum return on equity requirements are determined annually by the Board of Directors based on the Company's and the Bank's budget for that year. Allocation of the bonus pool is at the discretion of the Board of Directors and is generally based upon management's recommendations regarding an employee's merit. The bonus pool was \$472,000, \$667,000, and \$874,000 for the year ended December 31, 2004, 2003 and 2002, respectively.

Benefit Plans

Employee Stock Ownership Plan. Effective January 1, 1992, the Board of Directors of the Company voted to restate the existing 401(k) profit sharing (defined contribution) plan as an Employee Stock Ownership Plan (with 401(k) provisions) (401(k) Plan). The 401(k) Plan covers substantially all employees of the Company and five persons, four of whom are members of the Company's Board of Directors, serve as trustees. The 401(k) Plan calls for an employer matching contribution on behalf of each 401(k) Plan participant of up to 4.0% of such participant's qualified compensation. At December 31, 2004, the book value of 401(k) Plan assets was approximately \$7.8 million, with an approximate market value of \$14.9 million. Contributions to the 401(k) Plan to expenses are as follows:

	Years Ended December 31,		
	2004	2003	2002
401(k) plan expense	\$ 368,000	\$ 410,000	\$ 462,000

Supplemental Retirement Plan. In 1992, the Company established a non-qualified, non-contributory retirement plan for the Company's then Chairman, Bill G. Jones, who retired from the Bank in 1996. The plan generally provides benefits for a ten-year period, sum certain, from the date of retirement, an amount combined with the Bank's retirement plan and certain social security benefits to aggregate a predetermined percentage of Mr. Jones' average salary over the five year period immediately prior to his retirement. The recorded accrued liability with respect to this plan accrues an annual interest rate of 9%. Mr. Jones died in May 2004. Accordingly, the Company pays to Mr. Jones' designated beneficiary \$35,326 each year, until December 2006, with respect to this plan without withholding any social security tax from such amount. Plan expenses are as follows:

	Years Ended December 31,		
	2004	2003	2002
Supplemental retirement plan expense	\$ 7,000	\$ 9,000	\$ 11,000

Executive Incentive Retirement Plan. In 1998, the Company established a non-qualified, non-contributory incentive retirement plan for certain executive officers of the Company and the Bank. The plan provides retirement benefits in amounts based on a selected percentage of salary, which varies depending upon each officer's responsibility and longevity with the Company or the Bank. Accordingly, an executive officer's bonus as listed in the Summary Compensation Table is not used in calculating this benefit. The percentage of salary which is contributed to the retirement plan by the Company is determined by the performance of the Company, however, no contribution to this plan is made in any given year in which the Company's earnings fail to meet the minimum targeted performance goal for that year. The executive officers pay social security tax on this benefit on an annual basis. The plan is non-funded. Plan expenses are as follows:

	Years Ended December 31,		
	2004	2003	2002
Executive incentive retirement plan expense	\$ 68,000	\$ 51,000	\$ 50,000

Salary Continuation Plan. In August 1998, the Company established a non-qualified, non-contributory salary continuation plan for the Company's then President and CEO Arthur B. Scharlach, Jr. Mr. Scharlach is now the Company's Chairman of the Board and Chief Executive Officer. The plan is designed to provide benefits over a ten-year period equal to approximately 75% of Mr. Scharlach's projected compensation at retirement as adjusted for amounts payable under the Company's retirement plan and certain social security benefits. Mr. Scharlach pays social security tax on this benefit on an annual basis. The plan is non-funded. Plan expenses are as follows:

	Years Ended December 31,		
	2004	2003	2002
Salary continuation plan expense	\$ 97,200	\$ 127,000	\$ 116,000

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is a report from the Compensation Committee of the Board of Directors describing the policies pursuant to which compensation is paid to executive officers of the Company during 2004.

The Compensation Committee of the Board of Directors is responsible for developing and making recommendations to the Board with respect to the Company's executive compensation policies. Weldon Miller (Chairman), Johnny Conroy, C.A. Hinton, Sr., Gene Watson, and Jonice Crane, each of whom is an independent director, as defined in Rule 4200(a)(15) of the Nasdaq Stock Market, Inc. listing standards, serve on the Compensation Committee. This report describes the components of the Company's executive officer compensation program and the basis for which the annual compensation amounts were derived by the Compensation Committee with respect to the executive officers of the Company and the Bank, including the named executive officers.

Compensation Philosophy

The Compensation Committee seeks to attract executive talent by offering competitive base salaries, annual performance incentive opportunities, and the potential for long-term rewards under the Company's stock incentive plan. The Company believes that compensation of its executive officers should enhance and reinforce the goals of the Company for profitable growth and continuation of a sound overall condition by providing key employees with additional financial rewards for the attainment of such growth and stable financial and operating conditions. The Compensation Committee believes that these goals are best supported by rewarding individuals for outstanding contributions to the Company's success and by compensating its executive officers competitively with the compensation of similarly situated executive officers.

Base Salary

The base salary level for each executive officer is determined by taking into account individual experience, individual performance, individual potential, cost of living consideration and specific issues particular to the Company. Base salary level for executive officers of selected banks and bank holding companies of similar size are taken into consideration in setting an appropriate base salary for the named executive officers of the Company. For purposes of the stock price performance graph, which appears later in this proxy statement, the Company has selected the Nasdaq Composite, and the SNL Southwest Bank Index. However, in selecting companies to survey for such comparison purposes, the Compensation Committee considers many factors not directly associated with stock price performance, such as geographic location, growth rate, annual revenue, profitability, and market capitalization. For this reason, the number of companies surveyed for compensation data was substantially less than the number of companies included in the stock price performance graph. The base salary established for each named executive officer is considered by the Compensation Committee to be competitive and reasonable.

The Compensation Committee monitors the base salary levels and the various incentives of the named executive officers of the Company to ensure that overall compensation is consistent with the Company's objectives and remains competitive within the area of the Company's operations. In setting the goals and measuring an executive's performance against those goals, the Company considers the performance of its competitors and general economic and market conditions. None of the factors included in the Company's strategic and business goals are assigned a specific weight. Instead, the Compensation Committee recognizes that the relative importance of these factors may change in order to adapt the Company's operations to specific business challenges and to reflect changing economic and marketplace conditions.

Bonus Plan

In addition to the base salary, the Company's Bonus Plan allows certain officers, including the named executive officers of the Company, to receive incentive compensation, which is based on individual as well as Company performance. For the year ended December 31, 2004, bonuses were earned on the basis of the following factors: (i) the Company's net earnings targets established for each six month period; and (ii) the Company's achievement of certain established goals and objectives for the year. The aggregate amount of bonuses awarded to all eligible participants is based on the funding of the bonus pool, which for the year ended December 31, 2004, was 8.4% of after-tax income. The bonus pool is allocated among eligible participants, including the named executive officers of the Company, based on a number of factors including level of responsibility and individual performance.

Contributory Profit Sharing Plan

Each of the named executive officers is a participant in the Company's 401(k) Plan established pursuant to Internal Revenue Code Section 401(k) covering substantially all employees. The Company matches employee contributions to this plan up to 4% of the employee's qualified compensation. In addition, in 2004 the Company made a profit sharing contribution of 1.50% of employee's qualified compensation.

Incentive Stock Options

Stock options have been the Company's primary form of long-term incentive compensation. Each of the named executive officers and other senior officers of the Company and the Bank are eligible to participate in the Company's 1998 Plan. During the year ended December 31, 2004, there were 5,000 non-qualified stock options granted, none of which were granted to the named executive officers.

Executive Incentive Retirement Plan and Salary Continuation Plan

In 1998, the Company established the Executive Incentive Retirement Plan, which is a non-qualified, non-contributing, non-funded plan designed to provide retirement benefits to the participants. Each of the named executive officers, except for Arthur B. Scharlach, Jr., and other senior officers of the Company are eligible participants in the plan. Also in 1998 the Company established a Salary Continuation Plan for Mr. Scharlach. The Salary Continuation Plan provides benefits over a ten-year period equal to approximately 75% of Mr. Scharlach's projected compensation at retirement.

2004 Compensation of the Chairman and Chief Executive Officer

In reviewing the 2004 compensation of the Company's Chairman of the Board and Chief Executive Officer, Arthur B. Scharlach, Jr., the Compensation Committee reviewed all components of his compensation, including base salary, bonus, long-term incentive compensation, accumulated realized and unrealized stock options, and the actual projected payout obligations under the Company's Salary Continuation Plan. A tally sheet setting forth all the above components was prepared and reviewed. In addition, the Compensation Committee reviewed his compensation history, and the executive compensation salary survey data.

Base Salary. For comparative compensation purposes for the year 2004, the Compensation Committee utilized salary survey data provided by the Federal Reserve Bank of Dallas that identified a peer group of banks. The base salary for Mr. Scharlach was determined by taking into account individual experiences, individual performance, cost of living consideration and specific issues particular to the Company. There is no specific weight given to any of these factors. The compensation level for Mr. Scharlach for the year 2004 is within the range as other Chief Executive Officers holding comparable positions at peer group banks, based on the published 2003 market data for those banks.

Actual Compensation. Upon recommendation by the Compensation Committee, the Board of Directors set Mr. Scharlach's salary for 2004 at \$269,548. In addition to his base salary, Mr. Scharlach participates in the Company's Bonus Plan, and in 2004, earned a bonus of \$43,746 resulting in approximately 16% of his annual compensation. The amount contributed by the Company to the 401(k) Plan in fiscal year 2004 for the benefit of Mr. Scharlach was \$11,275. During 2004, the Company accrued approximately \$97,200 for the benefit of Mr. Scharlach pursuant to a salary continuation plan. Mr. Scharlach does not participate in the Company's Executive Incentive Retirement Plan. Based on their review, the Compensation Committee believes that Mr. Scharlach's total compensation in the aggregate is reasonable and competitive and not excessive.

INTERESTS OF MANAGEMENT AND OTHERS IN CERTAIN TRANSACTIONS

Many of the directors, executive officers and principal shareholders of the Company (i.e., those who own 10% or more of the Common Stock) and their associates, which include corporations, partnerships and other organizations in which they are officers or partners or in which they and their immediate families have at least a 5% interest, are customers of the Bank. During 2004, the Bank made loans in the ordinary course of business to many of the directors, executive officers and principal shareholders of the Company and their associates, all of which were on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons unaffiliated with the Company and did not involve more than the normal risk of collectability or present other unfavorable features. Loans to directors, executive officers and principal shareholders of the Company are subject to limitations contained in the Federal Reserve Act the principal effect of which is to require that extensions of credit by the Bank to executive officers, directors and principal shareholders and their affiliates satisfy the foregoing standards. As of December 31, 2004, all of such loans aggregated \$22.7 million, which was approximately 48.9% of the Company's Tier I capital at such date. The Company expects the Bank to continue to enter into such transactions, or transactions on a similar basis, with the directors, executive officers and principal shareholders of the Company and the Bank and their associates in the future.
