Proxy Statement for Annual Meeting of Stockholders

This Proxy Statement is furnished by the Board of Directors (the "Board of Directors") of Perficient, Inc., a Delaware corporation ("Perficient" or the "Company"), in connection with the solicitation of proxies to be used at the Annual Meeting of Stockholders (the "Meeting") to be held on October 12, 2006 at the Company's headquarters located at 1120 South Capital of Texas Highway, Building 3, Suite 220, Austin, Texas 78746 at 10:00 a.m. Central Time, and at any adjournment thereof. This Proxy Statement and the accompanying Notice and Proxy are being mailed to stockholders on or about September 18, 2006. The principal executive offices of Perficient are located at the address listed above.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Only holders of record of Perficient common stock, \$.001 par value per share (the "Common Stock"), at the close of business on the record date, August 31, 2006 (the "Record Date"), will be entitled to vote at the Meeting and at all adjournments thereof. On the Record Date, there were outstanding and entitled to vote 26,884,011 shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote on each matter to be voted upon. Votes cast, either in person or by proxy, will be tabulated by Continental Stock Transfer & Trust Company, the Company's transfer agent.

Quorum Required

The Company's bylaws provide that the holders of a majority of the Company's outstanding shares of stock entitled to vote at the Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Votes Required

Proposal 1. Election of Directors. Directors of Perficient will be elected by a plurality of the vote of the outstanding shares of Common Stock, in person or by proxy, and entitled to vote at the Meeting. The nominees for director receiving the highest number of affirmative votes will be elected. Abstentions and broker non-votes will not be counted toward a nominee's total.

A broker "non-vote" occurs on an item when shares held by a bank, broker or other nominee are present or represented at the meeting but such nominee is not permitted to vote on that item without instructions from the beneficial owner of the shares and no instruction is given.

Abstentions have the same effect as negative votes. Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not entitled to vote for purposes of

Edgar Filing: PERFICIENT INC - Form DEF 14A

determining whether stockholder approval of that matter has been obtained and, therefore, will have no effect on the outcome of the vote on any such matter.

Proxies

If a proxy is properly signed by a stockholder and is not revoked, the shares represented thereby will be voted at the Meeting in the manner specified on the proxy, or if no manner is specified with respect to any matter therein, such shares will be voted by the person designated therein in accordance with the recommendations of the Board of Directors as indicated in this Proxy Statement. If any of the nominees for director are unable to serve or for good cause will not serve, an event that is not anticipated by Perficient, the shares represented by the accompanying proxy will be voted for a substitute nominee designated by the Board of Directors or the Board of Directors may determine to reduce the size of the Board of Directors. A proxy may be revoked by the stockholder at any time prior to the voting thereof by giving notice of revocation in writing to the Secretary of Perficient, by duly executing and delivering to the Secretary of Perficient a proxy bearing a later date, or by voting in person at the Meeting.

Solicitation of Proxies

Perficient will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the Proxy, and any additional soliciting material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. Perficient may reimburse such persons for their costs of forwarding the solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by telephone, telegram, or other means by directors, officers, employees or agents of Perficient. No additional compensation will be paid to these individuals for any such service. In addition, Perficient has hired Morrow & Co., Inc. to assist Perficient with the solicitation of proxies from stockholders for a fee of approximately \$3,500 plus costs and expenses to aid in the solicitation of proxies and to verify records relating to the solicitation.

Mr. Martin's compensation is subject to review and adjustment on an annual basis in accordance with the Company's compensation policies as in effect from time to time.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Messrs. Hopper, Johnsen and Lundeen. None of these committee members was an officer or employee of our company or any of our subsidiaries at any time during fiscal 2005 or at any other time. None of our executive officers served on the board of directors of any company of which one of our directors was an executive officer.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the "Compensation Committee") has responsibility for overseeing all compensation arrangements affecting executive officers. The Compensation Committee's duties include reviewing and approving officers' salaries and benefits, setting the executive bonus plan, and administering the executive bonus plan, the stock incentive plan and the employee stock purchase plan. The Compensation Committee advises and consults with management regarding benefits and significant compensation policies and practices. The Compensation Committee also considers nominations of candidates for officer positions.

General Compensation Philosophy

Edgar Filing: PERFICIENT INC - Form DEF 14A

The Compensation Committee believes that executive officers' salaries and overall compensation should be competitive with its peer companies, but with an emphasis on incentive compensation based upon the Company's overall performance. Accordingly, compensation for executives is comprised of relatively low base salaries, as compared to peer companies, with participation in an executive bonus plan with target bonuses based upon the Company's annual operating plan. In addition, the Compensation Committee uses stock options and restricted stock to help retain and motivate executives and other employees with the goal of improving long-term performance and aligning employees' interests with those of the stockholders. The Compensation Committee engaged its own independent executive compensation consultant in December 2004 to advise and consult with the Compensation Committee as to compensation practices and strategies. The Compensation Committee also adopted a policy of using restricted stock grants with long-term, back-end loaded vesting restrictions in lieu of stock option grants in December 2004, and in 2005 implemented an employee stock purchase plan.

Components of Compensation

The key elements of executive compensation are salary, bonus and equity compensation awards. In determining each component of compensation, the Compensation Committee considers an executive's total compensation package, recommendations of the Company's Chief Executive Officer, and other objective and subjective criteria that the Compensation Committee deems appropriate.

15

Salaries

The Compensation Committee reviews the salary of each executive annually and makes adjustments when the Committee thinks they are appropriate. The Compensation Committee considers each executive's responsibilities, specific experience and performance, compensation practices of similarly situated companies and the executive's overall contribution to the Company. As noted above, the Compensation Committee has tried to keep salaries at the low end as compared to peer companies, with emphasis on providing incentive compensation through the executive bonus plan and the long-term stock incentive plan.

Bonuses

The 2005 executive bonus plan provided for target bonus percentages based on the participants' annual salaries as in effect on January 1, 2005. The bonus payments were contingent upon meeting certain goals based on the 2005 operating plan as approved by the Board of Directors and meeting the fully diluted earnings per share targets discussed and agreed by the Compensation Committee and management. Of the bonus potential, 80% of the target bonus was based on achieving EBITDA goals, and the remaining 20% of the target bonus was based on achieving revenue goals. Executive bonuses are discretionary and based on each executive's specific performance during the year taken in context of the Company's overall performance. The Compensation Committee may, at its discretion, make adjustments to the executive bonus plan.

Stock Options and Restricted Stock Grants

In 2005, the Board of Directors adopted the Amended and Restated 1999 Stock Option/Stock Issuance Plan (the "Plan"), which was approved by the stockholders at the 2005 Annual Meeting. Employees, consultants and non-employee directors

Edgar Filing: PERFICIENT INC - Form DEF 14A

may receive awards under the Plan. The Compensation Committee uses the Plan to help attract, motivate and retain personnel and to reward them for contributions to the Company. The Compensation Committee administers the Plan in full compliance with Rule 16b-(3) under the Securities Exchange Act of 1934. The Compensation Committee determines the incentive awards granted to each participant and the terms, conditions and limitations applicable to each award. During 2005, after a review of peer companies and taking into consideration changes in the accounting for stock options, the Compensation Committee determined that future incentive grants under the Plan should be made pursuant to a long-term equity incentive plan that uses restricted stock with long-term vesting requirements in lieu of more traditional stock option grants.

2005 Employee Stock Purchase Plan

In 2005, the Compensation Committee approved the 2005 Employee Stock Purchase Plan (the "ESPP"), which was approved by the stockholders at the 2005 Annual Meeting. A total of 500,000 shares of Common Stock are reserved for issuance under the ESPP.

The ESPP is a broadly-based stock purchase plan in which any eligible employee may elect to participate by authorizing the Company to make payroll deductions in a specific amount or designated percentage to pay the exercise price of an option. In no event will an employee be granted an option under the ESPP that would permit the purchase of Common Stock with a fair market value in excess of \$25,000 in any calendar year.

16

There are four three-month offering periods in each calendar year beginning on January 1, April 1, July 1, and October 1, respectively. The exercise price of options granted under the ESPP is an amount equal to 95% of the fair market value of the Common Stock on the date of exercise (occurring on, respectively, March 31, June 30, September 30, and December 31). The ESPP is designed to comply with Section 423 of the Code and thus is eligible for the favorable tax treatment afforded by Section 423.

Non-Employee Board of Directors Compensation Plan

In 2005, the Compensation Committee approved certain changes to the non-employee Board of Directors Compensation Plan previously approved in 2004. Under this compensation plan, non-employee directors received stock option grants for service on the Board of Directors and service on one or more committees of the Board during 2005. Stock options for a total of 75,000 shares of Common Stock were issued to the non-employee directors in 2005. In addition, the Compensation Committee increased the cash compensation payable to the chairperson(s) of the Audit and Compensation Committees in 2005, in recognition of the increased workload such positions entail given the Company's substantial growth over the past two years and in light of the current regulatory environment.

Compensation of our Chief Executive Officer

The Compensation Committee considered the Company's overall performance in determining our Chief Executive Officer's 2005 bonus and reviewing his salary. Our CEO's target bonus was set at 125% of his salary in effect on January 1, 2005 of \$250,000. Based on having achieved the EBITDA and revenue goals of the

Edgar Filing: PERFICIENT INC - Form DEF 14A

Company in 2005 set by the Compensation Committee, the CEO received a bonus of \$338,359. In addition, on December 15, 2004, our CEO was granted 175,000 shares of restricted stock under the long-term equity incentive plan. This equity grant vests over seven years, with a vesting schedule that is back-end loaded but includes certain accelerated vesting provisions that provide for conversion to pro-rata or straight-line vesting over the seven-year period in the event certain performance targets are met. The performance targets are defined as when and if the Company's trailing four quarters of revenue exceeds \$150 million in aggregate by December 15, 2007 with target EBITDA margins equal to or greater than 15%.

In addition to salary, bonus and stock incentive grants, our Chief Executive Officer is eligible to participate in benefit plans generally available to our other employees, including the employee stock purchase plan, health, dental and disability benefits, and our 401(k) plan.

Compensation of our other Executive Officers

As outlined above, the Compensation Committee determines the bonus targets for the other executive officers participating in the executive bonus plan and approves all grants of restricted stock and stock options under the Plan. The Compensation Committee has authorized our Chief Executive Officer to make all other decisions regarding the compensation of the other executive officers of the Company, subject to the terms of any applicable employment agreements, under the direction and supervision of the Compensation Committee.

In addition to salary, bonus and stock incentive grants, each of our other executive officers is eligible to participate in benefit plans generally available to our other employees, including the employee stock purchase plan, health, dental and disability benefits, and our 401(k) plan.

17

Section 162 of the Internal Revenue Code

The Company attempts to take all proper tax deductions while maintaining the ability to pay compensation which is deemed to be in the Company's interest, but which may not be deductible. Section 162 of the Internal Revenue Code generally imposes a \$1 million per person annual limit on the amount of compensation paid to its officers unless the compensation is performance based. The 2005 executive bonus plan and the long-term equity incentive plan provide for performance based criteria which are intended to comply with Section 162.

Each of the members of the Compensation Committee is independent within the meaning of the Company's Corporate Governance Guidelines and the listing standards of the Nasdaq Stock Market.

This report has been furnished by the members of the Compensation Committee.

AUDIT COMMITTEE REPORT

The following is the report of the Audit Committee (the "Committee") with respect to the audit of our fiscal 2005 audited consolidated financial statements:

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and to issue a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and the independent auditors. Management represented to the Committee that the Company's consolidated financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2005, were prepared in accordance with accounting principles generally accepted in the United States, and the Committee has reviewed and discussed the consolidated financial statements in the Annual Report with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Company's independent auditors also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent auditors that firm's independence. The Audit Committee reviewed nonaudit services provided by its independent auditors for the last fiscal year, and determined that those services are not incompatible with maintaining the auditors' independence.

Based upon the Committee's discussion with management and the independent auditors and the Committee's review of the representation of management and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 filed with the Securities and Exchange Commission.
