THIS FORM 8-K IS BEING AMENDED BASED ON GOLDSRING'S DECISION TO CHANGE THE ACCOUNTING TREATMENT OF THE ORIGINAL TRANSACTION BETWEEN GOLDSRING, INC. AND ECOCOVERY'S GOLDSRING, LLC AND ECOVAT COPPER NEVADA, LLC FROM A BUSINESS COMBINATION TO A REVERSE MERGER. SEE ITEM 5 FOR A DETAILED EXPLANATION.

Item 1. Changes in Control of Registrant

On June 12, 2003 (the "Effective Date"), pursuant to a Plan and Agreement of Reorganization ("Agreement") by exchange by Goldspring, Inc. ("Goldspring" or the "Company") with Ecovery, Inc. the Company purchased two wholly owned affiliates of Ecovery, Ecovat Copper Nevada L.L.C. and GoldSpring L.L.C. These two entities contained substantially all of the mining assets of Ecovery, Inc.

In consideration for these two L.L.C.'s the Company issued a total of 90,000,000 restricted common shares of the Company and 46,500 newly authorized \$100 Preferred Convertible/Redeemable shares plus \$100,000 in full satisfaction of \$4,750,000 of production payments due from the operation. Total consideration for the GoldSpring mining claims was \$4,750,000, which has been reported as an asset on the Company's balance sheet. The Agreement was entered into on March 20, 2003, to be effective March 11, 2003 and all of the requirements of conditions of the closing were satisfied as of June 12, 2003.

Pursuant to such agreement, the Company cancelled the previously issued 79,500,000 restricted common shares and reissued 90,000,000 restricted common shares to the Ecovery shareholders.

Edgar Filing: GOLDSRING - Form 8-K/A

Goldspring, LLC was formed for the purpose of acquiring the Goldspring Placer Gold Claims and therefore to date has no audited financial statements.

Based on the Bourne and Pelke Engineering Reports, Goldspring, LLC has reported Gold reserves of 1,199,999 ounces. Based on geological reports, Big Mike has 25,000,000 pounds of reported copper ore reserves.

Pursuant to the terms of the Agreement, Antonio Treminio resigned from the Board of Directors of the Company and John Cook and Les Cahan were appointed to the Board of Directors. In addition, Antonio Treminio resigned as President, Chief Executive Officer and Chief Financial Officer and John Cook was named as President and Chief Executive Officer of the Company. Les Cahan was named as the Treasurer of the Company. In addition, on June 9, 2003, the Company appointed Robert Faber, CPA, to its Board of Directors and named him Chief Financial Officer of the Company.

Subsequent to the filing of the initial 8K, the Company completed a private placement offering in which it sold 2 million restricted shares at \$0.125. This financing netted the Company \$250,000.00, which was used to advance the gold production timing on the Company's GoldSpring Placer gold claims near Carson City, Nevada, and for general corporate purposes. The Company also closed the Stage 2 equity financing with the London Stock Exchange Listed Investment Trust which netted approximately \$1.7M. This placement, coupled with the private placement completed in August 2003, provided the Company with nearly \$2M in working capital Proceeds were also used for general corporate purposes and to pursue additional acquisition opportunities, including the acquisition of The Plum Mining Company, LLC, which was acquired by the Company in November 2003.

The Acquisition of GoldSpring, LLC and Ecovat Copper Nevada, LLC was approved by the unanimous consent of the Board of Directors of the Company and by the majority of the Board of Directors of Ecovery on March 12, 2003.

The following is a biographical summary of the directors and officers of the Company:

John Cook became the Company's President, Chief Executive Officer and a

Director since March 2003. He is a professional mining engineer (PEng) with an extensive background in worldwide mining projects and operations. Most recently, he has been involved in the construction of a gravity gold extraction plant in eastern Canada. He is the non-executive Chairman of Anaconda Gold Corp. and is a director of three other public companies. Mr. Cook has previously worked in senior positions with Navan Resources, Goldcorp and Lac Minerals. In all he has more than 40 years experience in the mining industry.

Leslie L. Cahan has been our Treasurer and a Director since March 2003. Mr. Cahan was the former owner of the GoldSpring placer gold claims and will serve as Company treasurer and will oversee the management of the GoldSpring claims. He has owned the claims since 1986 and has been intimately involved in the exploration and development activities over the past 17 years. Mr Cahan has a history of real estate development in U.S.A and Canada.

Robert Faber has been a member of our Board of Directors and Chief Financial Officer since June 2003. Mr. Faber is a financial executive with 20 years of diverse financial management, business and acquisition experience including substantial international experience. Mr. Faber has extensive experience in developing and implementing business strategies for complex multi-country, multi-currency, multi-location and multi-cultural environments as well as extensive merger and acquisition experience with over 50 separate transactions ranging from \$250 million to \$500,000. Mr. Faber previously served as the

Edgar Filing: GOLDSRING - Form 8-K/A

Assistant Regional Controller with Allied Waste Industries, where his team was responsible for management of a \$1.2 billion multi state business operation. Prior to Allied, Faber spent 17 years with Waste Management, Inc., a \$12 billion publicly traded environmental services company, during which time he served at senior positions such as Director of Finance, London, England. He has extensive experience in SEC reporting.

The following is a biographical summary of the outside Professional Consultants:

P.K. Rana Medhi, Mining Engineer was the senior operations engineer with Cypress Minerals for 15 years, working directly with the President of the Company. Rana, as a senior advisor to the Company, brings large scale earthmoving experience and extensive mining and permitting background to the Company.

Paul A. Pelke, Registered Geologist, has over 20 years experience as project manager/geologist in gold projects around the world. A graduate of MIT, Paul, as a resident of Reno, NV has had the opportunity to be involved in the GoldSpring claims and has intimate knowledge of the exploration activities through the years. The knowledge and information he brings is invaluable to the current operation.

Terry Plummer, President of RMS - Ross Corporation, has 35 years in the placer mining industry world wide and has visited over 250 placer mining operations. RMS -Ross is a leading supplier of placer mining processing equipment and a licensed dealer for Falcon concentrators. Terry will head up GoldSpring's processing equipment team and will be instrumental in both the start up and ongoing phases of operations. The initial plant will be capable of handling 200 tons per hour and has been fully designed and specified following Terry's March site visit.

Jerrie Gasch is a Registered Geophysicist and Geologist from Gasch and Associates of Sacramento, Ca. www.geogasch.com. Jerrie has been involved in virtually all of the exploration and engineering work conducted on the GoldSpring placer claims over the past 20 years.

Item 5. Other Events

On June 24, 2004, we filed the following amended 1934 Exchange Act documents: (i) Form 10-KSB for December 31, 2003; and (ii) Form 10-QSB for March 31, 2004. After careful review and consideration, and pursuant to the Company's recent S-1 filing, the Company has elected to treat the original transaction between GoldSpring, Inc. and Ecovery, Inc. as a reverse merger and not as a business combination. The purpose for this filing is to restate the financial statements to reflect the accounting treatment change for recording this transaction.

At the time of the transaction, the Company adopted the business combination accounting treatment to record this transaction, whereby the market value of the common stock exchanged for the assets plus the book value of the assets acquired were used to determine the valuation of the transaction. Employing this accounting treatment, the Company recorded approximately \$8.9 million of goodwill, an intangible asset. After considering such factors as: (1) the change in control of the Company based on the number of Goldspring shares issued to the Ecovery shareholders in the transaction; (2) effective the date of the transaction, the sole officer and director of the Company resigned; and (3) the Company, GoldSpring, Inc., had no operations prior to the Transaction, the Company concluded that the reverse merger accounting treatment more appropriately reflected the nature of this transaction. Under the reverse merger accounting treatment, historical asset values (book value of the assets) are utilized to determine the valuation of the transaction. Accordingly, no goodwill

Edgar Filing: GOLDSRING - Form 8-K/A

is generated with this transaction.

Pursuant to the Company's decision to change the accounting treatment, the financial statements have been restated and are presented within this filing, to reflect the new treatment. This change in accounting treatment has no impact on the results of operations of the Company and the Company continues to meet the published listing requirements established by the American Stock Exchange (AMEX).
