ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On January 5, 2005, Teton Petroleum Company ("we" or the "company") signed a binding definitive purchase and sale agreement with [\*] ("[\*]") entitling the Company to acquire certain oil and gas leases covering [\*] acres in North America. The closing of the transaction is subject to the satisfactory results of a due diligence investigation. The letter of intent previously

executed on December 17, 2004, is being superseded and replaced by the purchase and sale agreement.

If the transaction closes, the purchase price for the acreage will be approximately \$[\*], of which \$[\*] will be payable in unregistered shares of our common stock, valued at \$1.75 per share. In addition, we will issue a warrant to [\*] entitling it to purchase one share of our common stock for each two shares of common stock issued to [\*] as part of the purchase price, exercisable for a period of three years at an exercise price of \$1.75 per share. The sellers are being granted certain registration rights in connection with the shares of common stock and shares underlying the warrant issued as part of the purchase price. Upon the signing of the agreement, we paid [\*] earnest money of \$322,354. The cost of the original option paid to [\*] was \$25,000, and is nonrefundable. The purchase price for the acreage is subject to adjustment if there are title defects or environmental problems with any of the leases.

In the event that the total acres with acceptable title and environmental conditions is less than 138,063 acres, we have the right to terminate the agreement. In such case, the earnest money will be refunded.

[\*] will also retain an overriding royalty interest in the acreage. The agreement also provides for the establishment of an Area of Mutual Interest with [\*] that will give us the right to purchase additional leases acquired by [\*] in the Area of Mutual Interest through December 31, 2007.

We expect to close the transaction on or before April 15, 2005, provided that the contingencies set forth in the purchase and sale agreement are met.
