of common stock has one vote.

A majority of votes representing 54.8% of votes cast by holders of our common stock have executed a written consent in favor of the action to change our name to "Siena Technologies, Inc."

This consent satisfies the stockholder approval requirement for the proposed actions. ### REASON FOR THE NAME CHANGE

After our acquisition of Kelley Technologies in September 2005, we focused our efforts on Kelley's primary markets as we believe those markets offer the best opportunity for growth. We also analyzed our two locations and determined we could decrease costs by consolidating our operations in Las Vegas. As a result, in the fourth quarter of 2005, we began migrating our business toward Kelley's opportunities. We stopped taking on new business through our subsidiaries located in California and finished our existing projects. In March 2006, we moved our corporate offices from Irvine, California to Las Vegas, Nevada so we would be better able to serve the Las Vegas market. As of May 31, 2006, we had only minimal operations in California. In 2006, we intend to focus our efforts on developing our Kelley Technologies subsidiary.

Kelley Technologies is a one-source solution company specializing in the design, project management, and deployment of communication technology and systems networks. Our systems networks include data, voice and audio/visual components, security and surveillance systems, special effects, and videoconferencing solutions. We also design an overlay to control the systems we create and install. This overlay may include servers, routers, controllers and/or software applications.

We believe the name Network Installation no longer describes the full range of services we provide. Therefore, we believe it is appropriate to change our corporate name. We chose a name that did not describe our current technology so we could continue to evolve and expand our offerings without having to change our name again in the future.

### IMPLEMENTATION OF PROPOSAL

Our Board of Directors has adopted a resolution authorizing us to amend our Amended Articles of Incorporation to change our name to "Siena Technologies, Inc."

The currently outstanding stock certificates evidencing shares of our common stock bearing the name "Network Installation Corporation" will continue to be valid and represent shares of our common stock following the name change. In the future, new certificates will be issued bearing our new name, but this will not affect the validity of your current stock certificates.
