**Item 1.01. Entry into a Material Definitive Agreement.**

Prior to August 2, 2006, our business plan was focused on commencing business operations in the hydro-electric energy sector by identifying and developing “run-of-river” projects in British Columbia. “Run-of-river” hydro-electric projects involve the diversion of water in a river or stream into a pipe that runs downhill. .

On or about August 2, 2006, our management was presented with a business opportunity by the management of a private company with operations in California named Akeena Solar, Inc. (“Akeena”) that upon evaluation proved more interesting than our previous business plan. As a result, our management suspended its efforts in relation to our original business plan and entered into negotiations with Akeena. After conducting due diligence and concluding negotiations it was determined that a reverse acquisition of Akeena was less speculative and contained greater benefits for us than identifying and developing “run-of-river” hydro-electric projects in Canada. In order to pursue this new business opportunity, we terminated our marketing and sales activities and entered into negotiations for a merger with Akeena.

In contemplation of a possible transaction with Akeena, on August 3, 2006, we entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Fairview Energy Corporation, Inc., a Delaware corporation and our wholly-owned subsidiary (“Fairview-DE”), for the purpose of reincorporating in the State of Delaware (the “Merger”). On August 4, 2006, we merged with Fairview-DE so that we, and Fairview-DE, became a single corporation (the “Surviving Corporation”), which exists under, and is governed by, the laws of the State of Delaware.

As a result of the Merger, all of our assets, property, rights, privileges, powers and franchises became vested in and held and enjoyed by the Surviving Corporation and the Surviving Corporation assumed all of our obligations.

**Item 3.03. Material Modification to Rights of Security Holders.**

Upon the effectiveness and as a result of the Merger, the Certificate of Incorporation and By-laws of Fairview-DE became the Certificate of Incorporation and By-laws of the Surviving Corporation.

Each share of our common stock, par value \$0.001 per share, which was issued and outstanding immediately prior to the Merger was converted into 1.084609 issued and outstanding shares of common stock, par value \$0.001 per share, of the Surviving Corporation (the “Common Stock”), so that the holders of all of the issued and outstanding shares of our common stock immediately prior to the Merger are the holders of Common Stock of the Surviving Corporation. All shares of Fairview-DE owned by the Company immediately prior to the Merger were surrendered and cancelled.

**Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.**

Reference is made to the disclosure set forth under Item 3.03 above, which disclosure is incorporated herein by reference.
