**Forward-Looking Statements**

This Report on Economic and Financial Analysis contains forward-looking statements relating to our business which are based on management's current expectations, estimates and projections about future events and financial trends which could affect our business. Words such as: believes, anticipates, plans, expects, intends, aims, evaluates, predicts, foresees, projects, guidelines, should and similar expressions are intended to identify forward-looking statements are not guarantees of future performance and involve risks and uncertainties which are difficult to predict and which could be beyond our control. Furthermore, certain forward-looking statements are based on assumptions which future events may prove to be inaccurate. Therefore, actual results may differ materially from the plans, objectives, expectations, projections and intentions expressed or implied in such forward-looking statements.

Factors which could cause actual results to differ materially include, among others, changes in regional, national and international commercial and economic conditions; inflation rates, increases in customer default and any other delays in credit operations; increases in the allowance for loan loss; loss of funding capacity; loss of clientele or revenues; our capacity to sustain and improve performance; changes in interest rates which could, among others, have an adverse effect on our margins; competition in the banking sector, in financial services, credit card services, insurance, asset management and other related sectors; government regulations and fiscal matters; disputes or adverse legal proceedings or ruling; as well as credit risks and other loan and investment activity risks.

Accordingly, the reader should not place undue reliance on these forward-looking statements. In all cases, these forward-looking statements are valid only as at the date they are made. Except as required under applicable legislation, we assume no obligation whatsoever to update these statements, whether as a result of new information, future events or any other motive.

## Risk Factors

Reaffirming Bradesco's adherence to best international practices for transparency and corporate governance, we transcribe below the text extracted from the Risk Factors section of Form 20-F, the annual report filed at the Securities and Exchange Commission (SEC), describing the risk factors which we consider most significant and which could affect our daily business, the results of our operations or our financial position. We stress that Bradesco addresses the management of all risks inherent to its activities in a complete and integrated manner. This integrated approach facilitates the improvement of risk management models and avoids the existence of lacunas that could jeopardize the correct identification and assessment of these risks.

### Risks Relating to Brazil

#### 1) Brazilian political and economic conditions may have direct impact on our business and on the market price of our preferred shares and ADSs

All of our operations and clients are mainly located in Brazil. Accordingly, our financial condition and results of operations are substantially dependent on Brazil's economy, which in the past has been characterized by frequent and occasionally drastic intervention by the Brazilian government and volatile economic cycles. In addition, our operations, financial condition and the market price of the preferred shares and ADSs may also be adversely affected by changes in policy involving exchange controls, tax and other matters, as well as factors such as: fluctuations in exchange rates; base interest rate fluctuations, inflation; and other political, diplomatic, social and economic developments within and outside of Brazil that affect the Country.

In the past, the Brazilian Government has often changed monetary, fiscal, taxation and other policies to influence the course of Brazil's economy. We have no control over, and cannot predict, what measures or policies the Brazilian government may take in response to the current or future situation of the Brazilian economy or how the Brazilian government intervention and government policies will affect the Brazilian economy and, both directly and indirectly, our operations and revenues.

#### 2) If Brazil experiences substantial inflation in the future, our revenues and the market price of our preferred shares and ADSs may be reduced

Brazil has experienced extremely high inflation rates in the past, with annual rates (IGP-DI from Fundação Getúlio Vargas) during the last fifteen years reaching as high as 1,158% in 1992, 2,708% in 1993 and 1,093% in 1994. More recently, Brazil's inflation rates were 26.4% in 2002, 7.7% in 2003 and 12.1% in 2004. Inflation itself and governmental measures to combat it have had in past years significant negative effects on the Brazilian economy. Inflation, actions taken to combat inflation and public speculation about possible future actions have also contributed to economic uncertainty in Brazil and to heightened volatility in the Brazilian securities markets. If Brazil experiences substantial inflation in the future, our costs (if not accompanied by an increase in interest rates) may increase, our operating and net margins may decrease and, if investor confidence lags, the price of our preferred shares and ADSs may fall. Inflationary pressures may also curtail our ability to access foreign financial markets and may lead to further government intervention in the economy, including the introduction of government policies that may adversely affect the overall performance of the Brazilian economy.

#### 3) Access to international capital markets for Brazilian companies is influenced by the perception of risk in emerging economies, which may hurt our ability to finance our operations

Since the end of 1997, and in particular during the last four years, as a result of economic problems in various emerging market countries, including the economic crisis in Argentina, investors have had a heightened risk perception for investments in emerging markets. As a result, in some periods, Brazil has experienced a significant outflow of U.S. dollars and Brazilian companies have faced higher costs for raising funds, both domestically and abroad, and have been impeded from accessing international capital markets. We cannot assure you that international capital markets will remain open to Brazilian companies or that prevailing interest rates in these markets will be advantageous to us.

#### 4) Developments in other emerging markets may adversely affect the market price of the preferred shares and ADSs

The market price of the preferred shares and ADSs may be adversely affected by declines in the international financial markets and world economic conditions. Brazilian securities markets are, to varying degrees, influenced by economic and market conditions in other emerging market countries, especially those in Latin America, including Argentina, which is one of Brazil's principal trading partners. Although economic conditions are different in each Country, investors' reaction to developments in one Country can affect the securities markets and the securities of issuers in other countries, including Brazil. Since the fourth quarter of 1997, the international financial markets have experienced significant volatility, and a large number of market indices, including those in Brazil, have declined significantly.

Developments in other countries have also at times adversely affected the market price of our and other Brazilian companies' preferred shares, as investors' perceptions of increased risk due to crises in other emerging markets can lead to reduced levels of investment in Brazil and, in addition, may hurt our ability to finance our operations through the international capital markets. If the current economic situation in Argentina and Latin America deteriorates, or if similar developments occur in the international financial markets in the future, the market price of the preferred shares and ADSs may be adversely affected.

### Risks Relating to Bradesco and the Brazilian Banking and Insurance Industries

#### 1) The Brazilian government regulates the operations of Brazilian banks and insurance companies, and changes in existing laws and regulations or the imposition of new ones may negatively affect our operations and income

Brazilian banks and insurance companies, including our banking and insurance operations, are subject to extensive and continuous regulatory review by the Brazilian Government. We have no control over government regulations, which govern all facets of our operations, including the imposition of minimum capital

## Edgar Filing: BANK BRADESCO - Form 6-K

requirements, compulsory reserve requirements, lending limits and other credit restrictions.

The regulatory structure governing Brazilian banks and insurance companies is continuously evolving. Existing laws and regulations could be amended, the manner in which laws and regulations are enforced or interpreted could change, and new laws or regulations could be adopted. Such changes could materially adversely affect our operations and our income.

Regulatory changes affecting other businesses in which we are engaged, including our broker dealer, consortium and leasing operations, could also have an adverse effect on our operations and our income.

### **2) The increasingly competitive environment in the Brazilian bank and insurance industries may negatively affect our business prospects**

We face significant competition in all of our principal areas of operation from other large Brazilian banks and insurance companies, public and private. Brazilian regulations raise limited barriers to market entry and do not differentiate between local or foreign commercial and investment banks and insurance companies. As a result, the presence of foreign banks and insurance companies in Brazil, some of which have greater resources than we do, has grown and competition both in the banking and insurance sectors. The privatization of publicly owned banks has also made the Brazilian markets for banking and other financial services more competitive. The increased competition may negatively affect our business results and prospects by, among other things, limiting our ability to increase our client base and expand our operations, reducing our profit margins on the banking, insurance, leasing and other services and products we offer; and increasing competition for foreign investment opportunities.

Furthermore, additional publicly-owned banks and insurance companies may be privatized in the future. The acquisition of a bank or insurance company in a privatization process or otherwise by one of our competitors would generally add to the acquirers' market share, and as a result we may face increased competition from the acquirer.

### **3) A majority of our common shares are held by two shareholders, whose interests may conflict with other investors' interests**

On March 31, 2005 Cidade de Deus Companhia Comercial de Participações, which we call Cidade de Deus Participações, directly held 48.00% of March 31, 2005 our common shares and Fundação Bradesco directly and indirectly held 45.16% of our common shares. As a result, these shareholders have the power to prevent a change in control of our company, even if a transaction of that nature would be beneficial to our other shareholders, as well as to approve related-party transactions or corporate reorganizations.

### Profitability

In 1Q05, Bradesco reported consolidated net income of R\$ 1,205 million, compared to R\$ 609 million for the same period in 2004, which corresponds to a growth of 97.9%. When compared to 4Q04's net income, there was a positive increase of R\$ 147 million, or 13.9%. On March 31, 2005 the stockholders' equity totaled R\$ 16,538 million, up 21.4% and 8.7% when compared to the balances for March 31, 2004 and December 31, 2004, respectively. As a result, the return on stockholders' equity (ROE) reached 32.5%. Assets totaled R\$ 191,299 million at the end of 1Q05, a growth rate of 18.8% and 3.4% compared to the balances for March 31, 2004 and December 31, 2005, respectively. Return on total assets (ROA) for 1Q05 was 2.5%. Earnings per stock reached R\$ 2.45.

1Q05 was marked by the maintenance of the good performance of revenues comprising the Financial Margin, which grew 13.7% when compared to the previous quarter, essentially due to the expansion in business volumes, in particular the Credit Portfolio, up by 5.1% in the quarter, influenced by the economic growth retake started in 2H04, and also by higher gains from securities, in which we highlight the positive result recorded with the sale of part of our stake in Belgo Mineira's capital stock, amounting to R\$ 327 million.

The current scenario of continuous credit portfolio improvement, in sync with our ongoing preoccupation with the selective credit granting policy, reflected an improved portfolio of risk ratings, with AA-to-C rated credits reaching 92.5% of the total portfolio, against 92.3% in 4Q04.

## Edgar Filing: BANK BRADESCO - Form 6-K

This performance, related to the evolution observed in credit portfolio's volume, coupled with the R\$ 166 million preventive PDD constitution linked to the operations of a large utilities concessionaire

which is under a debt restructuring process, resulted in the constitution of Allowance for Loan Losses in the amount of R\$ 635 million in 1Q05, with Allowance for Loan Losses reaching the level of R\$ 4,301 million on March 31, 2005.

It is worth highlighting that was recorded extraordinary reserve of R\$ 324 million in the Individual Health portfolio, to bring to the same level the premiums for insurance holders over 60 years old and for fully settled plans whose holders are still entitled to their benefits (*planos remidos*).

Operating Efficiency Ratio in the 12-month period comprised between April 1st, 2004 until March 31, 2005 was of 52.7%, improving by 2.8 points when compared to 2004, mainly as a result of the combination of strict expense control with the revenue growth in this quarter. As a consequence of all those efforts, the Expanded Coverage Ratio (revenues from services rendered/personnel expenses + administrative expenses) increased from 65.1% in 4Q04 to 68.8% in 1Q05.

**Analysis of the Statement of Income R\$ million**

**Income from Credit and Leasing Operations**

<b>1<sup>st</sup>Qtr./2004</b>	<b>1<sup>st</sup>Qtr./2005</b>	<b>Variation %</b>	<b>4<sup>th</sup>Qtr./2004</b>	<b>1<sup>st</sup>Qtr./2005</b>	<b>Variation %</b>
<b>3,181</b>	<b>3,793</b>	<b>19.2</b>	<b>3,184</b>	<b>3,793</b>	<b>19.1</b>

Income was up mostly as a result of: (i) the increase in the volume of the credit portfolio, which totaled R\$ 65,979 in March/05 against R\$ 54,894 in March/04, particularly in the individual customer portfolio, up by 44.2%, highlighting Personal Credit and Auto CDC products, which revenues are higher. The corporate portfolio was up by 9.9%, highlighting Working Capital and Overdraft products.

The variation was mainly due to: (i) positive exchange variation of 0.4% in 1Q05, against negative exchange variation of 7.1% in 4Q04, with impact on foreign-currency indexed and/or denominated operations, comprising 10.2% of the portfolio; and (ii) the increase in the average volume of the credit portfolio, especially the 11.9% increase for the quarter in the individuals portfolio, particularly the Personal Credit and Auto CDC products, which produced higher average revenues.

#### Income from Securities and Derivative Financial Instruments

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,876	2,020	7.7	1,288	2,020	56.8

The variation for the period is mainly due to: (i) rising average interest rates in line with the variation in CDI of 4.2% for 1Q05 as compared to 3.8% for 1Q04; and (ii) increase (non-interest income) of R\$ 348 in 1Q05 against R\$ 287 in 1Q04, as a result of increased gains with securities and treasury operations.

This increase for the quarter mainly reflects: (i) positive exchange variation of 0.4% in 1Q05, against negative exchange variation of 7.1% in 4Q04, with impact on foreign-currency indexed and/or denominated operations, comprising 13.8% of the portfolio; (ii) increase in the average volume of the securities (TVM) portfolio, particularly federal government securities; (iii) rising average interest rates in line with the variation in CDI of 4.2% for 1Q05 as compared to 4.0% for 4Q04; partially offset by (iv) decreased result (non-interest income) of R\$ 348 in 1Q05 against R\$ 416 in 4Q04, as a result of increased gains with securities and treasury operations.

#### Financial Income on Insurance, Private Pension Plans and Savings Bonds

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,245	1,769	42.1	1,379	1,769	28.3

The variation for the period was mainly due to: (i) the increase in the average volume of the securities portfolio, comprising federal government securities, related to technical reserves, especially PGBL and VGBL products; (ii) rising average interest rates in line with the variation in CDI of 4.2% for 1Q05, as compared to 3.8% for 1Q04; (iii) the increase (non-interest income) of R\$ 408 in 1Q05 against R\$ 125 in 1Q04, as a result of increased gains with securities, in which we highlight the positive result of R\$ 327 recorded with the sale of part of our stake in Belgo-Mineira's capital stock, partially offset by: (iv) less variation in the IGP-M index, of 1.5% in 1Q05 against 2.7%

The variation for the quarter was substantially due to: (i) rising average interest rates in line with the variation in CDI of 4.2% for 1Q05 as compared to 4.0% for 4Q04; (ii) the increase (non-interest income) of R\$ 408 in 1Q05 against R\$ 34 in 4Q04, as a result of increased gains with securities, in which we highlight the positive result of R\$ 327 recorded with the sale of part of our stake in Belgo-Mineira's capital stock, partially offset by: (iii) less variation in the IGP-M index, of 1.5% in 1Q05, against 2.0% in 4Q04.

in 1Q04.

#### Results of Foreign Exchange Transactions

---

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
161	172	6.8	29	172	493.1

This item should be analyzed deducted from foreign funding expenses used for import/export financing in accordance with Note 13a to the financial statements. After the deductions, the result would be of R\$ 63 in 1Q04 and of R\$ 56 in 1Q05, mainly influenced by the increase in average interest rates of the foreign exchange portfolio.

This item should be analyzed deducted from foreign funding expenses used for import/export financing in accordance with Note 13a to the financial statements. After the deductions, the result would be of R\$ 79 in 4Q04 and of R\$ 56 in 1Q05, mainly influenced by the decrease in the average foreign exchange portfolio in the quarter.

---

#### Results of Compulsory Deposits

---

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
289	352	21.8	318	352	10.7

The variation for the period mainly reflects: (i) increase in the SELIC rate, used to remunerate the additional compulsory deposit, from 3.8% for 1Q04 to 4.2% for 1Q05; (ii) increase in the TR reference rate used to remunerate compulsory savings account deposits, from 0.4% in 1Q04 to 0.6% for 1Q05; and (iii) the growth in the average volume of deposits for the period.

This increase in the quarter was mainly due to: (i) increase in the SELIC rate, used to remunerate the additional compulsory deposit, from 4.0% in 4Q04 to 4.2% in 1Q05; and (ii) increase in the TR reference rate used to remunerate compulsory savings account deposits, from 0.5% in 4Q04 to 0.6% for 1Q05.

---

#### Interest and Charges on Deposits

---

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
2,454	2,810	14.5	1,710	2,810	64.3

The variation for the period is mainly due to: (i) rising average interest rates in line with the variation in CDI of 4.2% for 1Q05 as compared to 3.8% for 1Q04; (ii) increase in the TR reference rate, from 0.4% in 1Q04 to 0.6% for 1Q05, with impact on savings account deposits expenses; and (iii) growth in the average balance of funding during the period.

The increase in this expense mainly reflects: (i) positive exchange variation of 0.4% in 1Q05, compared to negative exchange variation of 7.1% in 4Q04, with impact on foreign-currency indexed and/or denominated operations; (ii) increase in average interest rates, in line with the variation in the CDI from 4.0% in 4Q04 to 4.2% in 1Q05; and (iii) growth in the average volume of funding in 1Q05.

**Price-level Restatement and Interest on Technical Reserves for Insurance, Private Pension Plans and Savings Bonds**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
652	939	44.0

The increase is mainly due to: (i) the increase in the average volume of technical reserves for insurance, private pension plans and premium bonds, particularly PGBL and VGBL products; (ii) rising average interest rates in line with the variation in CDI of 4.2% for 1Q05 as compared to 3.8% for 1Q04; and partially offset by: (iii) less variation in the IGP-M, of 2.7% in 1Q04 against 1.5% in 1Q05, one of the indexes used to remunerate Technical Reserves for Insurance, Private Pension Plans and Savings Bonds.

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
922	939	1.8

The variation was mainly due to: (ii) rising average interest rates in line with the variation in CDI of 4.2% for 1Q05 as compared to 4.0% for 4Q04; and partially offset by (ii) less variation in the IGP-M, from 2.0% in 4Q04 to 1.5% in 1Q05, one of the indexes used to remunerate Technical Reserves for Insurance, Private Pension Plans and Savings Bonds.

**Expenses for Borrowings and Onlendings**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
316	358	13.3

The increase is, in large part, resulted from: (i) the increase in the average volume of domestic funding through FINAME onlendings, coupled with rising average interest rates in line with the variation in CDI of 4.2% for 1Q05 as compared to 3.8% for 1Q04; and (ii) the raise from expenses payables to foreign bankers in 1Q05.

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
50	358	616.0

This increase reflects the positive exchange variation of 0.4% in 1Q05 against negative exchange variation of 7.1% in 4Q04, with impact on borrowings and onlendings indexed and/or denominated in foreign currency, which represent 50.2% of the Borrowings and Onlendings Portfolio.

**Financial Margin**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
3,330	3,999	20.1

The variation was mainly due to: (i) increase in interest income R\$ 348, comprising basically growth in the average volume of business; and (ii) increase in non-interest income R\$ 321, mainly as a result of increased gains with securities, in which we highlight the positive result of R\$ 327 recorded with the sale of

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
3,516	3,999	13.7

The variation for the quarter was mainly due to: (i) increase in interest income R\$ 211, comprising basically growth in the average volume of business; and (ii) increase in non-interest income R\$ 272, mainly as a result of increased gains with securities, in which we highlight the positive result of R\$ 327 recorded with the sale of our stake in

## Edgar Filing: BANK BRADESCO - Form 6-K

our stake in Belgo-Mineira's capital stock.

Belgo-Mineira's capital stock.

### Expenses for Allowance for Loan Losses

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
561	635	13.2

The increase of R\$ 74 in these expenses includes the preventive PDD constitution in 1Q05 of R\$ 166, linked to the operations of a large utilities concessionaire, which is under a debt restructuring process. Excluding this effect, these expenses would drop R\$ 92, even with the 20.2% increase in the loan portfolio. This performance evidences the constant selectivity and ongoing enhancement of tools/instruments used to grant, recover and monitor the loan portfolio, in line with the continuing recovery of the Brazilian economy, reflecting in the quality of our loan portfolio. In March 2004 and March 2005, our AA – C rated portfolio comprised 90.4% and 92.5%, respectively, of our total loan portfolio.

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
489	635	29.9

The increase of R\$ 146 in these expenses includes the preventive PDD constitution in 1Q05 of R\$ 166, linked to the operations of a large utilities concessionaire, which is under a debt restructuring process. Excluding this effect, these expenses would drop R\$ 20, even with the 5.1% increase in the loan portfolio. This performance evidences the constant selectivity and ongoing enhancement of tools/instruments used to grant, recover and monitor the credit portfolio, in line with the continuing recovery of the Brazilian economy, reflected in the quality of our loan portfolio. In December 2004 and March 2005, our AA to C rated portfolio comprised 92.3% and 92.5%, respectively, of our total loan portfolio.

### Revenues from Services Rendered

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,319	1,661	25.9

Growth for the period is derived substantially from the increase in the average volume of transactions coupled with the increase in the client base and with the improvement in the partnership ratio (cross-selling) related to the segmentation process, especially: (i) credit operations – R\$ 118; (ii) checking accounts – R\$ 80; (iii) income on cards – R\$ 48; (iv) asset management – R\$ 40; and (v) consortium purchase plan management – R\$ 15.

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,675	1,661	(0.8)

Variation for the quarter was mainly due to the effect of the elimination in a gap of dates in the consolidation of our stake in the affiliated company VISANET in 4Q04, which had an impact on Income on Cards – R\$ 47. Excluding this effect, we highlight higher revenues from: (i) credit operations – R\$ 35; (ii) checking accounts – R\$ 22.

### Income from Insurance Premiums, Private Pension Plans and Savings Bonds

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
2,994	2,796	(6.6)

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
3,836	2,796	(27.1)

## Edgar Filing: BANK BRADESCO - Form 6-K

The variation is detailed in the charts below:

The variation is detailed in the charts below:

### a) Insurance Premiums Retained

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,464	1,786	22.0

The variation in insurance operations were mainly driven by Health and Auto portfolios. The increase in Health is due to the collective plan R\$ 116, and the expansion in Auto R\$ 148 relates to the launching of a profile which raised in 20% the number of insured clients.

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,770	1,786	0.9

Retained premiums from insurance remained practically stable in 1Q05 when compared to 4Q04.

### b) Private Pension Plan Contributions

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,224	726	(40.7)

The variation in the quarter is mainly explained by the increase in redemptions in 2005, in the amount of R\$ 366; and to the drop of 8.5% in VGBL/PGBL product sales if compared to 1Q04, both due to the uncertainties raised by the changes in the tax regulation, affecting on a temporary basis the 1Q05 s businesses.

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
1,748	726	(58.5)

The variation in the quarter is explained by the increase in VGBL redemptions in the amount of R\$ 121, and to the drop of 40.0% in VGBL/PGBL product sales if compared to 1Q04, both due to the uncertainties raised by the changes in the tax regulation, affecting on a temporary basis the 1Q05 s businesses, coupled with the 4Q04 seasonal effect.

### c) Income on Savings Bonds

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
306	284	(7.2)

The decrease is a result of the products` commercial strategy, which led to the postponement of the Sales Campaign launching for 2005.

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
318	284	(10.7)

The decrease is a result, in part, of the products` commercial strategy, which led to the postponement of the Sales Campaign launching for 2005.

### Variation in Technical Reserves for Insurance, Pension Plans and Savings Bonds

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(878)	(418)	(52.4)	(1,317)	(418)	(68.3)

The variation is detailed in the charts below:

The variation is detailed in the charts below:

**a) Variation in Technical Reserves for Insurance**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
22	(392)	-	(127)	(392)	208.7

Variations in technical reserves for insurance are directly related to the production of premiums in their respective effective periods. The most significant variation occurred in the Auto line. In 1Q05, we recorded an extraordinary reserve in the amount of R\$ 324 in the Individual Health portfolio, to bring to the same level the premiums for insurance holders over 60 years old whose health insurance plans are prior to the law 9,656/98 and for benefits related to fully settled plans whose holders are still entitled to their benefits (*planos remidos*).

Variations in technical reserves for insurance are directly related to the production of premiums in their respective effective periods. The most significant variation occurred in the Auto line. In 1Q05, we recorded an extraordinary reserve in the amount of R\$ 324 in the Individual Health portfolio, to bring to the same level the premiums for insurance holders over 60 years old whose health insurance plans are prior to the law 9,656/98 and for benefits related to fully settled plans whose holders are still entitled to their benefits (*planos remidos*).

**b) Variation in Technical Reserves for Pension Plans**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(850)	(11)	(98.7)	(1,200)	(11)	(99.1)

Variations in technical reserves are directly related to new sales, combined with the adjustments carried out in reservestor benefits and redemptions.

Variations in technical reserves are directly related to new sales, combined with the adjustments carried out in reservestor benefits and redemptions.

**c) Variation in Technical Reserves for Savings Bonds**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
---------------------------	---------------------------	-------------	---------------------------	---------------------------	-------------

Edgar Filing: BANK BRADESCO - Form 6-K

(50)	(15)	(70.0)	10	(15)	-
------	------	--------	----	------	---

The variation in technical reserves results from the new criteria established by SUSEP for the constitution of technical reserves for contingencies.

In the 4Q04 a reversion of the technical reserve for contingencies was carried out, due to the new criteria established by SUSEP.

**Retained Claims**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(1,232)	(1,372)	11.4	(1,317)	(1,372)	4.2

The increase in this item is mainly due to the raise in reported Health line claims due to the increase in frequency and in hospital costs.

There was no significant variation in the period, being the growth in line with the evolution of premiums earned.

**Savings Bond Draws and Redemptions**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(273)	(246)	(9.9)	(292)	(246)	(15.8)

In 1Q04, there was a large redemption volume of the single payment maturing bond of R\$ 5 thousand.

The variation is essentially due to the decreased redemption volume of the single payment bond named Réveillon 2001, matured in 4Q04.

**Insurance, Pension Plans and Savings Bonds Selling Expenses**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(212)	(229)	8.0	(234)	(229)	(2.1)

The variation is detailed in the charts below:

The variation is detailed in the charts below:

**a) Insurance Product Selling Expenses**

Edgar Filing: BANK BRADESCO - Form 6-K

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(173)	(183)	5.8	(189)	(183)	(3.2)

The increase results, basically, from the growth in insurance sales, as the ratio of selling expenses to premiums earned remained in compatible levels in both periods, especially taking into consideration the changes in sales policy held by Bradesco Vida e Previdência.

Selling expenses from insurance products remained virtually stable in 1Q05 when compared to 4Q04.

**b) Pension Plans and Savings Bonds Selling Expenses**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(39)	(46)	17.9	(45)	(46)	2.2

The increase in expenses during the period is substantially due to the payment of commissions related to the portfolio growth.

Selling expenses from pension plans and savings bonds products remained virtually stable in 1Q05 when compared to 4Q04.

**Expenses with Pension Plan Benefits and Redemptions**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(533)	(745)	39.8	(511)	(745)	45.8

The variation was due to the increase in pension plans redemptions and also to the characteristics of PGBL plans, which allow the participant to redeem at anytime, since observed the grace period, in addition to the change in redemption tax rate from 27.5% in 2004 to 15% in 2005, which led to a concentrated raise in redemption volumes in 1Q05.

The variation was due to the increase in pension plans redemptions and also to the characteristics of PGBL plans, which allow the participant to redeem at anytime, since observed the grace period, in addition to the change in redemption tax rate from 27.5% in 2004 to 15% in 2005, which led to a concentrated raise in redemption volumes in 1Q05.

**Personnel Expenses**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(1,177)	(1,221)	3.7	(1,284)	(1,221)	(4.9)

The variation for the period was mainly due to: (i) payroll increase, as a result of the collective bargaining agreement (8.5%) in September/04 R\$ 109; (ii) higher employee profit sharing expenses R\$ 20; offset by: (iii) decrease in personnel expenses as a result of the synergy in administrative activities.

The variation for the quarter was influenced by extraordinary effects, such as: (i) single payment bonus in 4Q04 R\$ 29; and (ii) concentration of vacation period in 1Q05 R\$ 37. In addition, 1Q05 was impacted by: (iii) higher employee profit sharing expenses R\$ 10 million; and (iv) higher expenses from dismissals R\$ 16 million. If these effects are excluded, a R\$ 15 million recurring decrease in expenses is observed.

#### Other Administrative Expenses

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(1,208)	(1,192)	(1.3)

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(1,289)	(1,192)	(7.5)

The nominal change in this item presents a R\$ 16 decrease. However, if such expenses were adjusted by the average inflation of the period, of 9.3%, a R\$ 127 real decrease would have been achieved.

If the seasonal effects of advertising and marketing expenses in 4Q04 were excluded, other administrative expenses in 1Q05 would have remained practically stable when compared to 4Q04.

#### Tax Expenses

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(336)	(405)	20.5

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(411)	(405)	(1.5)

This variation was generated by: (i) the increase in expenses for OFINS R\$ 49, as a result of the rise in taxable income; (ii) the increase in xpenses for ISS R\$ 16, as a result of a change in legislation; and (iii) increased expense for CPMF R\$ 4.

The increase for the quarter was mainly generated by the decrease in expenses for ISS R\$ 5, which is compatible with the growth in taxable income during the quarter.

#### Equity in the Earnings of Associated Companies

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
-	(5)	-

4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
44	(5)	-

The variation was mainly derived from decreased results achieved by associated companies for the 1Q05 when compared to 1Q04.

The variation was mainly derived from decreased results in associated companies for the 1Q05 when compared to 4Q04, principally Marlim Participações R\$ 3 and IRB-Brasil Resseguros R\$ 20.

**Other Operating Income**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
257	300	16.7	311	300	(3.5)

The variation for the period was mainly derived from: (i) the reversal of other operating provisions in 1Q05 R\$ 79; mitigated by: (ii) decrease in financial revenues R\$ 21; and (iii) reduction in charges recovery revenues R\$ 13.

The variation for the quarter mainly reflects the reversal of other operating provisions carried out in 4Q04.

**Other Operating Expenses**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
(691)	(704)	1.9	(704)	(704)	-

The growth was generated substantially by increased expenses for goodwill amortization, as a result of the acquisition of Zogbi/Promovel R\$ 10.

Other operating expenses remained stable in 1Q05 when compared to 4Q04.

**Operating Income**

1 <sup>st</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %	4 <sup>th</sup> Qtr./2004	1 <sup>st</sup> Qtr./2005	Variation %
799	1,584	98.2	1,534	1,584	3.3

The variation was derived from: (i) increased financial margin R\$ 669; (ii) increase in revenues from services rendered R\$ 342; partially offset by: (iii) decrease in the contribution margin of insurance, private pension plans and savings bonds operations R\$ 80; (iv) increased expenses with allowance for loan losses R\$ 74; and (v) increased tax expenses R\$ 69. For a further detailed variation analysis, the reading of each specific item is recommended.

The variation was derived from: (i) increase in financial margin R\$ 483; (ii) decreased personnel and administrative expenses R\$ 160; partially offset by: (iii) decrease in the contribution margin of insurance, private pension plans and savings bonds operations R\$ 379; (iv) increased expenses with allowance for loan losses R\$ 146; (v) decreased equity in the earnings of associated companies R\$ 50; and (vi) decreased revenues from services rendered R\$ 14. For a further detailed variation analysis, the reading of each specific item is recommended.

**Non-operating Income**

Edgar Filing: BANK BRADESCO - Form 6-K

<b>1<sup>st</sup>Qtr./2004</b>	<b>1<sup>st</sup>Qtr./2005</b>	<b>Variation %</b>	<b>4<sup>th</sup>Qtr./2004</b>	<b>1<sup>st</sup>Qtr./2005</b>	<b>Variation %</b>
<b>(11)</b>	<b>(6)</b>	<b>(45.5)</b>	<b>(148)</b>	<b>(6)</b>	<b>(95.9)</b>

The variation for the period substantially reflects decreased results in the sale of assets and investments.

The variation for the quarter basically reflects the R\$ 132 extraordinary goodwill amortization which was carried out in 4Q04.

**Income Tax and Social Contribution**

<b>1<sup>st</sup>Qtr./2004</b>	<b>1<sup>st</sup>Qtr./2005</b>	<b>Variation %</b>	<b>4<sup>th</sup>Qtr./2004</b>	<b>1<sup>st</sup>Qtr./2005</b>	<b>Variation %</b>

Equity Analysis - R\$ million

Available Funds

March/2004	March/2005	Variation %	December/2004	March/2005	Variation %
2,285	3,058	33.8	2,639	3,058	15.9

The increase for the period reflects: (i) the increase in the local currency cash funds volume R\$ 751; and (ii) increase in the volume of foreign currency cash funds R\$ 22.

The increase for the quarter is mainly due to: (i) the increase in the local currency cash funds volume R\$ 285; and (ii) increase in the volume of foreign currency cash funds R\$ 134.

Interbank Investments

March/2004	March/2005	Variation %	December/2004	March/2005	Variation %
19,232	21,613	12.4	22,347	21,613	(3.3)

The growth for the period reflects: (i) increase in open market investments, third-party and own portfolio positions R\$ 2,003 and R\$ 95, respectively; and (ii) expansion in interbank deposits

The variation for the quarter reflects: (i) decrease in investments in interbank deposits R\$ 968; and (ii) drop in open market investments, third-party positions R\$ 147; partially offset by: (iii) increase in open

Edgar Filing: BANK BRADESCO - Form 6-K

R\$ 283.

market investments, own portfolio position R\$ 381.

**Securities (TVM) and Derivative Financial Instruments**

March/2004	March/2005	Variation %
53,152	64,842	22.0

December/2004	March/2005	Variation %
62,422	64,842	3.9

The variation in the period is mainly due to: (i) additional funds derived from the increase in funding, particularly technical reserves for insurance, private pension plans and savings bonds, as well as issuance of subordinated debt; partially offset by: (ii) negative exchange variation of 8.3% for the quarter, impacting foreign-currency indexed and/or denominated securities, which comprise 13.8% of the portfolio; and (iii) the redemption/maturity of securities during the period. It is worth to emphasize that there were, no changes in the profile of the securities portfolio in the period (excluded from Purchase and Sale Commitments), from 68.8% to 68.3% of Trading Securities ; from 20.0% to 23.7% of Securities Available for Sale ; and of 11.2% to 8.0% of Securities Held to Maturity , in March/04 and March/05, respectively. In March/05, of the total portfolio (excluded from Purchase and Sale Commitments), 62.8% were represented by Government Securities, 16.0% by Corporate Bonds and 21.2% by PGBL and VGBL.

The variation in the quarter is a result of: (i) securities adjustment which was carried out during the quarter; and partially offset by: (ii) the redemption/maturity of securities.

**Interbank and Interdepartmental Accounts**

March/2004	March/2005	Variation %
12,883	16,393	27.2

December/2004	March/2005	Variation %
16,235	16,393	1.0

The variation for the period reflects the increase in compulsory Brazilian Central Bank (BACEN) deposits, as a result of the increase in the volume of demand and savings deposits, which grew 18.4% and 11.5%, respectively.

The increase for the quarter mainly reflects the balancing of checks and other documents recorded in the Unsettled Payments and Receipts . The balance of March/05 was influenced by the decrease in the volume of demand and savings deposits, which dropped 2.4% and 1.4%, respectively, in the quarter.

**Credit and Leasing Operations**

March/2004	March/2005	Variation %
------------	------------	-------------

December/2004	March/2005	Variation %
---------------	------------	-------------

Edgar Filing: BANK BRADESCO - Form 6-K

54,894	65,979	20.2
--------	--------	------

Growth for the 12-month period was mainly due to: (i) the individual customer portfolio, up 44.2%, in particular in the Auto CDC products, up by 53.5%, Personal Credit, up by 65.8% and Onlendings BNDES, up by 124.6%, reflecting increased consumer confidence in the present economic scenario. In the corporate portfolio, the growth rate was of 9.9%, as a result of the 21.6% increase of the micro, small and medium business portfolio, coupled with a 1.9% raise in the portfolio of large companies. In the corporate portfolio, we highlight the Guaranteed Account, up by 18.8%, Auto Financing, up by 72.0% and Working Capital, up by 19.2%, following the maintenance of the economic activity level, in both foreign and domestic markets in the period; partially offset by: (ii) negative exchange variation of 8.3% for the period, affecting foreign-currency indexed and/or denominated contracts, comprising 10.2% of the portfolio. It is worth to note that the loan portfolio presented concentration of 25.4% of its operations with the 100 largest borrowers in March/05, against 31.1% in March/04. Of the Total Loan Portfolio in Normal Course in March/05, (R\$ 61,634), 39.2% is falling due in up to 90 days. **N.B.** includes advances on foreign exchange contracts and other receivables and does not include the allowance for loan losses, as described in Note 12 to the financial statements.

62,788	65,979	5.1
--------	--------	-----

Growth for the quarter was mainly due to the expansion of the individual customer portfolio, up 11.9%, in particular in the Auto CDC products, up by 10.0%, Personal Credit, up by 28.7% and Onlendings BNDES, up by 12.5%. In the corporate portfolio, the growth rate was of 1.6% and we highlight the Working Capital, up by 3.3%, Guaranteed Account, up by 4.5% and Export Financing, up by 8.0%. The loan portfolio presented concentration of 25.4% of its operations with the 100 largest borrowers against 26.6% in December/04. **N.B.** includes advances on foreign exchange contracts and other receivables and does not include the allowance for loan losses.

**Allowance for Loan Losses (PDD)**

March/2004	March/2005	Variation %
(4,192)	(4,301)	2.6

The variation in the PDD balance for the period was due to: (i) the increase in the volume of credit operations; and (ii) the preventive PDD constitution in 1Q05 of R\$ 166, linked to the operations of a large utilities concessionaire, which is under a debt restructuring process; mitigated by: (iii) the constant improvement in quality of the Bank's loan portfolio. We noted that the ratio of total PDD to the credit portfolio dropped from 7.6% in March/04 to 6.5% in March/05, and the ratio of

December/2004	March/2005	Variation %
(4,145)	(4,301)	3.8

The evolution of PDD balance for the period was due to (i) the increase in the volume of credit operations; and (ii) the preventive PDD constitution in 1Q05 of R\$ 166, linked to the operations of a large utilities concessionaire, which is under a debt restructuring process; mitigated by: (iii) the constant improvement in quality of the Bank's loan portfolio. We noted that the ratio of total PDD to the credit portfolio dropped from 6.6% in December/04 to 6.5% in March/05, and the ratio of allowance coverage to the abnormal course credit portfolio, rated from D to H, went from

## Edgar Filing: BANK BRADESCO - Form 6-K

allowance coverage to the abnormal course credit portfolio, rated from D to H, increased from 153.9% in March/04 to 162.2% in March/05. These ratios evidence the improvement in credit portfolio quality, as a result of our safe, selective and consistent credit granting strategy, coupled with the improved Brazilian economy. In 1Q05, R\$ 2,115 was recorded as PDD and R\$ 2,006 was written-off. Additional allowance over minimum require increased from R\$ 884 in March/04 to R\$ 938 in March/05.

169.8% in December/04 to 162.2% in March/05. In 1Q05, R\$ 635 was recorded as PDD and R\$ 479 was written-off. Additional allowance over minimum requirements increased from R\$ 925 in December/04 to R\$ 938 in March/05.

---

### Other Receivables and Assets

---

March/2004	March/2005	Variation %
23,402	24,248	3.6

This variation is mainly due to the raise in accounts receivable related to: (i) credit cards transactions which do not involve the granting of credit; and (ii) transactions involving trading of shares of publicly-held companies; partially offset by: (iii) decrease in fx portfolio volume.

**N.B.** Balances are deducted (net of corresponding PDD) of R\$ 516 in March/04 and of R\$ 486 in March/05, allocated to the Credit Operations and Leasing Operations and Allowance for Loan Losses accounts.

December/2004	March/2005	Variation %
22,491	24,248	7.8

The variation for the quarter mostly reflects: (i) the increase in fx portfolio volume; and (ii) transactions involving trading of shares of publicly-held companies.

**N.B.** Balances are deducted (net of corresponding PDD) of R\$ 399 in December/04 and of R\$ 486 in March/05, allocated to the Credit Operations and Leasing Operations and Allowance for Loan Losses accounts.

---

### Permanent Assets

---

March/2004	March/2005	Variation %
5,381	4,765	(11.4)

The variation for the period substantially reflects: (i) amortization of goodwill in subsidiaries R\$ 724, R\$ 370 of which was amortized on an extraordinary basis in the period;

December/2004	March/2005	Variation %
4,946	4,765	(3.7)

The variation for the quarter was substantially due to: (i) amortization of goodwill in subsidiaries totaling R\$ 96; (ii) sale of property and equipment in use, in the amount of R\$ 40 in 1Q05; and (iii)

Edgar Filing: BANK BRADESCO - Form 6-K

partially offset by (ii) equity in the earnings of subsidiary and associated companies for the period.

depreciation/amortization of items of the permanent assets R\$ 70.

**Demand Deposits**

March/2004	March/2005	Variation %
12,605	14,924	18.4

The increase for the 12-month period is due to the economy recovery, as well as to the growth in the client base by means of individual customers, in the amount of R\$ 369, as well as the raise in the funds obtained from corporate customers, totaling R\$ 1,950.

December/2004	March/2005	Variation %
15,298	14,924	(2.4)

The variation is due to the seasonal effects of these periods, of higher liquidity in the economy in 4Q04, which resources are dried up and used in 1Q05.

**Savings Deposits**

March/2004	March/2005	Variation %
21,929	24,448	11.5

December/2004	March/2005	Variation %
24,783	24,448	(1.4)

## Edgar Filing: BANK BRADESCO - Form 6-K

This growth in the period reflects substantially: (i) increase in the client base; and (ii) 8.3% remuneration (TR + 0.5% p.m.) for the period on deposits.

The decrease for the quarter is due to: (i) withdrawals from individual clients; mitigated by: (ii) 2.1% remuneration (TR + 0.5% p.m.) for 1Q05 on deposits.

### Time Deposits

March/2004	March/2005	Variation %
24,589	31,807	29.4

The increment is mostly due to: (i) remuneration recognized for the period; and (ii) increased volume, partly, by institutional investors.

December/2004	March/2005	Variation %
28,459	31,807	11.8

The growth for the quarter is due to: (i) income accrued; and (ii) increase in loan demand.

### Interbank Deposits and Other Deposits

March/2004	March/2005	Variation %
63	193	206.3

The variation for the period is mainly due to the introduction of the Investment Account, which became effective on October 1,

December/2004	March/2005	Variation %
103	193	87.4

The variation for the quarter is substantially due to the growth in volume of funding obtained with the introduction of the Investment Account,

Edgar Filing: BANK BRADESCO - Form 6-K

2004.

effective on October 1, 2004.

**Funds Obtained in the Open Market**

March/2004	March/2005	Variation %
15,084	21,858	44.9

The variation in this account balance for the period was mostly due to: (i) increase in the third-party portfolio R\$ 2,004; and (ii) increase in own portfolio R\$ 4,770.

**N.B.** includes investment funds and managed portfolio resources invested in purchase and sale commitments with Bradesco, the investors in which are subsidiary companies included in the consolidated financial statements in the amounts of R\$ 8,108 (March/04) and R\$ 8,811 (March/05).

December/2004	March/2005	Variation %
22,886	21,858	(4.5)

The variation in this account balance for the quarter was mostly due to: (i) decrease in own portfolio R\$ 872; and (ii) decrease in the unrestricted notes portfolio R\$ 207; partially offset by: (iii) increase in third-party portfolio R\$ 51.

**N.B.** includes investment funds and managed portfolio resources invested in purchase and sale commitments with Bradesco, the investors in which are subsidiary companies included in the consolidated financial statements in the amounts of R\$ 10,234 (December/04) and R\$ 8,811 (March/05).

**Funds from Issuance of Securities**

March/2004	March/2005	Variation %
6,561	5,035	(23.3)

The decrease is due to the redemption of securities issued abroad (Eurobonds) matured and not renewed during the period, coupled with the negative exchange variation of 8.3% for the period.

December/2004	March/2005	Variation %
5,057	5,035	(0.4)

The decrease in the quarter is due to the payment of interest on securities issued abroad (Eurobonds).

**Interbank and Interdepartmental Accounts**

March/2004	March/2005	Variation %
1,180	1,318	11.7

The variation reflects mainly the increased volume of foreign currency money orders in March/05, of R\$ 842, as compared to March/04, of R\$ 778.

December/2004	March/2005	Variation %
1,920	1,318	(31.4)

The variation reflects mainly the reduced volume of domestic currency money orders in March/05, of R\$ 159, as compared to December/04, of R\$ 554.

**Borrowings and Onlendings**

March/2004	March/2005	Variation %	December/2004	March/2005	Variation %
15,816	15,634	(1.2)	15,960	15,634	(2.0)

The variation for the period is due substantially to: (i) negative exchange variation of 8.3% in the period, since a portion of these transactions are indexed and/or denominated in foreign currency; (ii) settlement of a portion of past due transactions; and partially offset by; (iii) increase in the volume of funds obtained in Brazil via FINAME onlendings.

The decrease for the quarter is mainly due to settlement of a portion of past due transactions, of both indexed and/or denominated in foreign currency and BNDES/CEF onlendings operations.

#### Other Liabilities and Derivative Financial Instruments

March/2004	March/2005	Variation %	December/2004	March/2005	Variation %
27,543	29,418	6.8	26,256	29,418	12.0

The variation was due mostly to: (i) new issuance of subordinated debt in foreign currency; (ii) transactions involving trading of shares of publicly-held companies; (iii) liabilities related to the forward sale of derivative financial instruments; and offset by: (iv) negative exchange variation of 8.3% for the period on balances of a portion of subordinated debt and fx portfolio; and (v) decrease in the volume of the fx portfolio;

**N.B.** excludes advances on foreign exchange contracts of R\$ 6,065 and R\$ 5,298, allocated to the specific account in credit operations in March/04 and March/05, respectively.

The variation for the quarter reflects substantially: (i) transactions involving trading of shares of publicly-held companies; (ii) liabilities related to the forward sale of derivative financial instruments; and (iii) increase in the volume of the fx portfolio.

**N.B.** excludes advances on foreign exchange contracts of R\$ 4,797 and R\$ 5,298, allocated to the specific account in credit operations in December/04 and March/05, respectively.

#### Technical Reserves for Insurance, Private Pension Plans and Savings Bonds

March/2004	March/2005	Variation %	December/2004	March/2005	Variation %
27,947	35,328	26.4	33,669	35,328	4.9

The increase for the period reflects mainly the increased sales of private supplementary pension plans and insurance policies, in particular, PGBL and VGBL products, as well as price-level restatement and interest on technical reserves.

The growth for the quarter is substantially due to price-level restatement and interest on technical reserves.

**Minority Interest in Subsidiaries**

<b>March/2004</b>	<b>March/2005</b>	<b>Variation %</b>	<b>December/2004</b>	<b>March/2005</b>	<b>Variation %</b>
<b>68</b>	<b>52</b>	<b>(23.5)</b>	<b>71</b>	<b>52</b>	<b>(26.8)</b>

The reduction in the period is basically resulted from the complete merge of Bradesco Seguros minority stockholders into Banco Bradesco.

The reduction in the quarter is mainly a result of the complete merge of Bradesco Seguros minority stockholders into Banco Bradesco.

**Stockholders Equity**

<b>March/2004</b>	<b>March/2005</b>	<b>Variation %</b>	<b>December/2004</b>	<b>March/2005</b>	<b>Variation %</b>
<b>13,625</b>	<b>16,538</b>	<b>21.4</b>	<b>15,215</b>	<b>16,538</b>	<b>8.7</b>

This variation is due to: (i) appropriation of net income for the period R\$ 3,657; (ii) capital increase which became effective R\$ 712; (iii) record of goodwill in stock subscription R\$ 24; (iv) other R\$ 2; offset by: (v) decrease in the mark-to-market adjustment reserve of securities and derivatives R\$ 83; (vi) acquisition of own stocks to be held on treasury R\$ 34; and (vii) Interest to Own Capital, paid and accrued R\$ 1,365.

This variation is due to: (i) appropriation of net income for the period R\$ 1,205; (ii) capital increase which became effective R\$ 712; (iii) record of goodwill in stock subscription R\$ 24; offset by: (iv) decrease in the mark-to-market adjustment reserve of securities and derivatives R\$ 222; (v) acquisition of own stocks to be held on treasury R\$ 30; and (vi) Interest to Own Capital, paid and accrued R\$ 366.

Financial Market Indicators

## Edgar Filing: BANK BRADESCO - Form 6-K

Bradesco's consolidated financial margin (before PDD) totaled R\$ 3,999 million in 1Q05, up by 13.7% when compared to 4Q04 (R\$ 3,516 million) and by 20.1% in relation to the same quarter in 2004 (R\$ 3,330 million).

The average volume of operations in 1Q05 was responsible for a growth of R\$ 146 million in financial margin when compared to 4Q04 and of R\$ 410 million when compared to 4Q04.

The main business lines responsible for the raise in financial margin were:

The credit portfolio, which totaled R\$ 66.0 billion, representing a growth of 5.1% in the quarter. When compared to the last twelve months, the increase was even higher, reaching 20.2%.

The Insurance business also played an important role for the improvement of financial margin, mainly due to the good performance of the Insurance, Private Pension Plans and Savings Bonds activities, considering that the technical reserves went up 4.9% in 1Q05 and 26.4% when compared to the last twelve months.

The increase in the volume of transactions is based on the Bradesco's ongoing efforts of expanding its businesses in different niche markets, supported by the diversification of its products, aiming at servicing the most diverse demands, mitigating possible market risks, prioritizing the best relationship with the clients and reaching, as a consequence, an organic growth of its client base, a movement that could be confirmed in 1Q05, when more than 350 thousand new checking accounts were opened, 97.7% of which from individual customers.

The recent partnerships involving the acquisition of specific portfolios, as well as the agreements with large retail chains, were key for the increase in the Credit Operations with individual customers, up by 11.9% when compared to December/04 balance and by 44.2% in the last twelve months.

This expansion also helped to improve the breakdown of the credit portfolio, positively contributing for the evolution of the average fees and spreads, in line with Bradesco's strategy to focus on segments with better profitability opportunities. The effect on the financial margin, influenced by the improvement in fees in 1Q05 was of R\$ 65 million when compared to 4Q04 and of R\$ 3 million over 1Q04.

Non-interest income grew financial margin by R\$ 272 million in 1Q05 as compared to 4Q04 and by R\$ 321 million when compared to 1Q04, mainly as a result of increased gains on securities transactions in 1Q05, in which we highlight the positive result recorded with the sale of part of our stake in Belgo-Mineira's capital stock.

Thus, the annualized financial margin rate, which reflects the financial margin/average total assets ratio reached 8.8% for 1Q05, up by 0.9 percentage point compared to 4Q04 and by 0.7 percentage point compared to 1Q04.

Total	1,275	1,319	1,675	1,661		

Revenues from Services Rendered increased 25.9% in 1Q05, or R\$ 342 million when compared to 1Q04, totaling R\$ 1,661 million. The expansion in business volume in the last 12 months, directly linked to the economic recovery triggered in 2Q04, was the main reason for the growth in the Revenues from Credit Operations, up by R\$ 118 million. The tariff realignment of and client base growth boosted the Income from Checking Accounts, up by R\$ 80 million. The 22.2% expansion in the volume of managed assets was the main factor for the growth in Asset Management, which increased by R\$ 40 million, from R\$ 85.7 billion on March 31, 2004 to R\$ 104.8 billion on March 31, 2005. The 20.0% growth on Income on Cards in the last 12 months, represented by the elevation of R\$ 48 million, is directly related to the increase of 9.8% in the cards base, from 42.7 million to 46.9 million.

When compared to 1Q04, Revenues from Services Rendered dropped by 0.8%, or R\$ 14 million, as a result of the effect of the elimination of dates differences in the consolidation of our stake in the affiliated company VISANET in the previous quarter, which had an impact of R\$ 47 million on the Income on Cards. The increase in the client base and in business volumes in 1Q05 was responsible for the expansion of 14.1% and 5.9% on the Income on Credit Operations and Income on Checking Accounts, up by R\$ 35 million and R\$ 22 million, respectively.

<b>Total Administrative and Personnel Expenses</b>	<b>2,600</b>	<b>2,385</b>	<b>2,573</b>	<b>2,413</b>

Administrative and Personnel Expenses remained practically stable in 1Q05 when compared to the same period last year, reaching R\$ 2,413 million against R\$ 2,385 million in 1Q04, as a result of the focus on the cost reduction and control. The nominal change in Administrative Expenses y-o-y presents a R\$ 16 million decrease. However, if such expenses were adjusted by the average inflation of the period, of 9.3%, the real decrease would have been of R\$ 127 million. Personnel Expenses presented a slight raise of R\$ 44 million when compared to 1Q04, mainly due to: (i) the payroll increase resulted from the collective bargaining agreement (8.5%) in September/04 R\$ 109 million; (ii) higher employee profit sharing expenses R\$ 20 million; offset by: (iii) reduction in personnel expenses, related to the synergies obtained in administrative processes.

When compared to 4Q04, Administrative and Personnel Expenses decreased by R\$ 160 million, down by 6.2%, from R\$ 2,573 million in 4Q04 to R\$ 2,413 in 1Q05. Administrative Expenses were reduced in R\$ 97 million when compared to 4Q04, but when the seasonal effect from advertising and personnel expenses is excluded, Administrative Expenses remained practically stable when compared to 4Q04. Personnel Expenses in 4Q04 and 1Q05, were influenced by extraordinary effects, such as: (i) single payment bonus in 4Q04 R\$ 29 million; and (ii) concentration of vacation period in 1Q05 R\$ 37 million. In addition, 1Q05 was impacted by: (iii) higher employee profit sharing expenses R\$ 10 million; and (iv) higher expenses from dismissals R\$ 16 million. If these effects are excluded, a R\$ 15 million recurring decrease in expenses is observed.

(\*) Accumulated amounts for the 12-month period.

Operating Efficiency Ratio in percentage

The Operating Efficiency Ratio (accumulated for the 12-month period) for 1Q05, was of 52.7%, down by 2.8% as compared to 2004, mainly as a result of the jointly successful and simultaneous efforts to increase revenues, in particular, the growth of R\$ 669 million in the Financial Margin, resulted from both the expansion of income on securities in 1Q05 and the increase in revenues for services rendered, totaling R\$ 342 million, as a consequence of the client base growth coupled with the cross-selling index improvement, in addition to emphasis an focus on keeping administrative costs under strict control by the establishing goals for the maintenance of their nominal value. It is worth highlighting that personnel and administrative expenses remained practically stable, taking into consideration that in the prior 12 months the average inflation rate (IGP-M/IPCA) reached 9.3%. (N.B. If we had excluded from the calculation basis of the Operating Efficiency Ratio the expenses from goodwill amortization of the last 12 months, in the amount of R\$ 354 million, would result in a drop of 1.0 percentage point, from 52.7% to 51.7%).

Among other results, through the use of Activity-Based Costing methodology (ABC), the Bradesco Organization is enhancing the criteria used to formulate and negotiate bank tariffs, the supply of costing information to GDAD (Performance and Decision Making Support Management) and for customer profitability determination purposes, as well as establishing a reliable basis for ongoing rationalization analyses.

As regards cost control practices, Bradesco adopts ABM (Activity-Based Management) methodology, a pro-active approach which allows for rapid a evolution, including the identification of opportunities on a timely basis. Accordingly, in line with the improvement of processes, operating performance is seamlessly integrated with strategic objectives.

The strict control of expenses, enhanced with the establishment of the Expenditure Assessment Committee in March 2004, coupled with the successful synergy obtained from the Institutions acquired, are being positively reflected on the Operating Efficiency Ratio.

Classification of Securities by Segment in percentage

### Credit Operations

The consolidated balance of credit operations at the end of 1Q05 reached a total of R\$ 66.0 billion, up by 5.1% in the quarter and by 20.2% in the last twelve months. The result is in line with the performance of the Financial Market as a whole, which, in the same periods, increased 4.3% and 21.0% respectively, according to the Brazilian Central Bank data as from April 27, 2005.

As in 2004, Bradesco's credit portfolio growth was once more guided by operations for individuals, related to the consumer sales financing and revolving credit. In the corporate segment, reflecting an elevated preoccupation related to the behavior of the basic interest rate (Selic), there is still no higher demand for credit aimed at the increase in the productive capacity nor infra-structure, remaining the demand concentrated in lines to supply the companies' immediate working capital needs. Additionally, the generalized improvement noticed in the operating results from most of the sectors in 2004 and the maintenance of more favorable conditions to obtain funding from the capital markets led companies to use alternative ways to supply the demand for funds.

For the next quarters, our expectations are directed to a gradual growth in the credit granting activity for the banking sector, coupled with the maintenance of the expansion of consumer sales financing, considering not only the unattended demand but also the recent enlargement by the banks of distribution channels and products destined to this segment. Moreover, a more uniform increase between foreign market businesses and those related to local consumption and to infrastructure is expected.

Credit Operations Total Portfolio

Credit for individuals continued to lead the growth of the portfolio in the 1st quarter, recording an increase of 11.9% in the period, accumulating 44.2% in the last twelve months. The sustainable recovery of the economic activities raised the trust of individuals and guaranteed a more stable scenario, therefore pushing the increase of concessions directed to consumer sales financing as well as to the investment of families. Also contributed for this higher dynamism the recent partnerships established by Bradesco, which included the acquisition of specific portfolios from smaller institutions, as well as the effects of agreements signed with banks and retail chains.

Credit Operations per Type of Client

On the other hand, in line with the economic movements that prevailed in 2004, the behavior of credit conceded to companies continued to show a more moderate performance (1.6% in 1Q05), which was also strongly influenced by the use of other types of funding operations from the capital markets (debentures and credit

## Edgar Filing: BANK BRADESCO - Form 6-K

assignment funds, among others), accessed mainly by large corporations.

Credit Portfolio per Business Segment

In the wake of the higher increase in the individuals segment operations, its relative participation in the credit portfolio was more meaningful in the period, already representing, in March 2005, 36% of the total portfolio.

Per Activity Sector R\$ million

	2004		2005	
	December	%	March	%
<b>Public Sector</b>	<b>537</b>	<b>0.8</b>	<b>571</b>	<b>0.9</b>
<b>Private sector</b>	<b>62,251</b>	<b>99.2</b>	<b>65,408</b>	<b>99.1</b>

<b>Subtotal of Credit Operations</b>	<b>53,559</b>	<b>54,202</b>	<b>62,236</b>	<b>65,340</b>		
Other Credit	777	692	552	639		
<b>Total Credit Operations</b>	<b>54,336</b>	<b>54,894</b>	<b>62,788</b>	<b>65,979</b>		
<b>Sureties and Guarantees Recorded in Memorandum Accounts</b>	<b>6,435</b>	<b>6,480</b>	<b>8,100</b>	<b>9,085</b>		
<b>Total including Sureties and Guarantees</b>	<b>60,771</b>	<b>61,374</b>	<b>70,888</b>	<b>75,064</b>		

Regardless of the distribution at end of the quarter, the segmentation strategy developed up to now has been allowing the enlargement of businesses in different client profiles, both individuals (especially vehicles financing lines and personal credit) and micro, small and medium companies through the expansion of borrowings and discounted securities, basically destined to supply the demand of working capital. Another benefits resulting from this process were both the diversification in terms of client quantity and the change in the mix of the credit profile. It shall be stressed the continuity of the increase of operations with Sureties and Guarantees, whose balance evolved 12.2% in the quarter and 40.2% in the last twelve months, especially in the large companies segment.

## Edgar Filing: BANK BRADESCO - Form 6-K

### Credit Portfolio Quality

---

Similarly to the income reached in 2004, the 1<sup>st</sup> quarter of 2005 kept the bias of progressive and constant improvement in the credit portfolio profile. AA-to-C rated credits, classified by BACEN as normal course operations, totaled 92.5% of the total balance, compared to 92.3% in December 2004.

### Credit Operations by Rating in percentage

---

As a preventive measure, the Bank decided to raise in R\$ 166 million the allowance for loan losses in this quarter, related to the operations of a large utilities concessionaire which is under a debt restructuring process.

The volume of the allowance for loan losses presented a slight decrease in the quarter, from 6.6% in December 2004 to 6.5% in March 2005, totaling R\$ 4,301 million. We stress, however, that out of this amount, only 43.4% effectively comprises operations past due for more than 15 days (installments overdue and falling due) and the remaining portion is recorded as a precaution only, based on the customers' internal rating (34.8%) or to cover specific and general portfolio risks (21.8%), in excess of the minimum required.

In this respect, we highlight that the volume recorded as allowance in recent years has proved sufficient not only to cover, comfortably, the minimum requirements established by Resolution 2682 of the Brazilian Central Bank, but also to cover credit losses (recorded subsequent to the regulatory 12-month period), confirming the consistency of Bradesco's policy for recording the allowance for loan losses.

### Allowance for Loan Losses (PDD) x Default x Losses Percentage over Credit Operation Balance

---

Considering that, as a rule, Bradesco transfers its non-performing loans to loss, subsequent to a default period of 12 months, in compliance with BACEN regulations, the percentage of credits written off to loss for the prior 12 months, compared to the percentage of existing credits in the prior year, is an important indicator of portfolio quality.

For our readers' convenience, the curve of the amounts written off for the 12 months prior to the corresponding determination was moved to permit a direct comparison between the percentage of expected loss and the amounts effectively written off.

Both historically and in March 2005 status, the percentage of overdue credits rated E-to-H of total credit operations shows a similar path to that recorded by losses, anticipating their behavior.

### Credit Portfolio Profile

---

### Breakdown of the Normal Course Credit Portfolio by Maturity R\$ million

---

The maturity of the normal course credit portfolio evidences a concentration of short-term lines, with 39.2% maturing in up to 90 days. However, the prior 12 months indicate a gradual lengthening of credit operation terms, as a result of the environment of greater economic stability.

### Movement of Credit Portfolio between March 2004 and 2005 R\$ million

---

The performance of the consolidated credit portfolio over the prior twelve months up to March 2005 evidences an ongoing bias of improvement in the quality of the assets, pointing out the adequacy and convenience of the credit rating instruments used in Bradesco's credit granting process.

### Portfolio Movement between March 2004 and 2005

---

Level

Allowance/Credit Operations (From E to H) (%)	86.5	85.8	86.5	86.9

The retrospective figures for March 2005 continue to confirm the portfolio's low credit risk, based on its comfortable coverage levels. For the year of 2005, Bradesco remains prepared to take full advantage of all business opportunities, focused on increasing the credit portfolio, while respecting the established credit granting parameters, rooted in the traditional concepts of security, consistency and selectivity.

### Asset Management

---

In 2005 you will surely have more good reasons to keep investing with Bradesco

---

Great results have followed Bradesco in 2004. For the third year in a row, Bradesco was rated the Best Brazil's Asset Manager by Guia Exame. For the second time, the Bank also conquered the prize Best Bank for You to Invest, according to the *Você S/A* magazine. Both rankings were evaluated by the Finance Studies Center at the Fundação Getulio Vargas. Those awards do confirm that Bradesco is always concerned with excellence in asset management, providing all the investors with the best investment options.

Bradesco is the leader in the Invest Tracker Estadão Best Funds Ranking

---

For the third year in a row, Bradesco was rated with the "Best Funds" on *Ranking Invest Tracker-Estadão* due to the best performance and highest number of "Five Star Funds", according to the investment article of the newspaper *O Estado de São Paulo* of March 28, as well as in the magazine *Estadão Investimentos* of April 2005.

According to the evaluation from Thomson Financial Brasil, this classification takes into account the grades attained by the Funds in four essential levels: profitability, risk, adhesion and performance.

We also emphasize that, in October 2004, according to the evaluation from Thomson Financial Brasil, Bradesco was ranked the Best Asset Manager of Brazil by *Ranking Invest Tracker Estadão* "Melhores Gestores" from that year.

Number of Policyholders in thousands

---

Up to March 2005, there was an increase of 20.7% in the average client base when compared to the same period of the previous year.

When comparing 1Q05 to the same period of the prior year, Bradesco Saúde maintained its outstanding market position, especially in the corporate health insurance segment (source: ANS). Brazilian consumers are increasingly convinced that Health and Dental Insurance are the best alternatives for meeting their medical, hospital and dental care needs. At present, Bradesco Saúde has more than 2.5 million customers.

The increasing number of policyholders employed by large corporations that have contracted Bradesco Saúde, confirms the insurance company's high level of expertise and personalization in Corporate Insurance services, a distinct advantage in the Supplementary Health Insurance market.

Almost 12 thousand companies in Brazil have acquired Bradesco Saúde insurance products. Out of Brazil's 100 largest companies in terms of revenues, 32 are Bradesco clients in the Health and Dental Health lines and out of the country's 50 largest companies, 28% are Bradesco Saúde clients. (source: Exame Magazine's Biggest and Best List, July 2004).

## Edgar Filing: BANK BRADESCO - Form 6-K

Finally, emphasis should also be given to the user-friendly nature of the Bradesco Saúde Portal ([www.bradescosauade.com.br](http://www.bradescosauade.com.br)), which, in addition to providing information on available products, also offers access to a number of services for policyholders, prospects and brokers.

Until March 2005, the Bradesco Auto/RE maintained its position as one of the main players in the Brazilian Basic Line (RE) Insurance market, with a significant 9.7% share of total market billings in this area.

In the major risk segment, Bradesco Auto/RE participates in the insurance coverage of 150 out of Brazil's 500 largest companies and maintains the outstanding position among the Brazilian market's largest insurance companies in this business segment.

Bradesco Seguro Aeronáutico (Flight Insurance), which was launched in February 2004, increased Bradesco Auto/RE's competitiveness in that particular portfolio and facilitated the securing of a number of new premiums, in particular, for executive aircraft.

SIGA (Integrated Policy Management System) has already celebrated its 1st anniversary in March 2005, being considered as a success by providing our Transports operations with facility and dynamics. This new tool can be easily used by our policyholders and brokers concerning several situations, of which we highlight the surveys to policies (conditions and changes), legal departures, invoices' status, certifications issuance, quotations requirements etc. Customers can visit the site [www.sigatransportes.com.br](http://www.sigatransportes.com.br), and the brokers and producers may visit the 100% Broker's site ([www.bradescoseguros.com.br](http://www.bradescoseguros.com.br)).

Special emphasis should also be given to the combined actions carried out by the Production and Corporate areas, facilitating increased success in the renewal of policies and the securing of new business in the non-mass insurance segment.

The interaction among Bradesco Auto / RE's Corporate Area with the other companies belonging to Bradesco Organization is under constant expansion. Besides continuing to complement Bradesco Consórcios and Banco Bradesco Department of Cards' operations, it is in process of final approval a new product focused on protecting debit cards for all Banco Bradesco's account holders. Moreover, during the 1st half-year, we will be making available an exclusive product of Engineering Risks for buildings financed by Banco Bradesco.

The mass market insurance segment, whose products are focused on individuals, small and medium companies, maintained a meaningful number of customers, in particular those of the Residential Insurance line, with more than 600,000 homes insured.

Other high profitability segment was the Diverse Risks directed to equipments, mainly the insurance arising from operations of leasing, FINAME and CDC of Banco Bradesco.

The continuous upgrading of products provides the improvement of the services rendered to our customers and contributing significantly for the increase in income of the current period.

In the Auto/RCF line, the market was affected by intense competition, aggravated by a small growth in insured vehicle market. Although sales of new vehicles had a significant growing of 8.7%, it has represented an average addition of only 1.5% on vehicles insured in the market. During the period, we maintained our technically correct pricing policy, focused on balanced portfolio results. Emphasis should also be given to the launching of our new pricing policy based on the policy holders' specific characteristics and maintenance of the differentiated services which add value to our products, such as discounts given through the nationwide customer service networks and autoglass repair, as well as the increase in the number of relationships with brokers which are carried out exclusively via Internet.

Bradesco's market share of the Auto/RCF portfolio, up to February 5, 2005 was 18.0%.

### Awards/Recognition

---

1. In March 2005, Bradesco Seguros e Previdência was awarded with the Segurador Brasil 2005, sponsored by Segurador Brasil magazine, being elected as the Insurance Company of the Year .

2. In March 2005, Bradesco Seguros e Previdência was appointed in the seventh edition of the poll Marcas de Quem Decide ( Brands of Those Who Decide ), as the preferred insurance company amongst Rio Grande do Sul State consumers. This poll is prepared by Jornal do Comércio in partnership with the Institute Qualidata, being recognized as the most complete study concerning brands in the Brazil's south region.

### Sponsorships

---

Bradesco Seguros e Previdência was the exclusive sponsor for the 37th edition of the award Sports Highlights , promoted by A Notícia newspaper, a newspaper from the State of Santa Catarina . The event took place on March 11, at CentroSul's conventions center, in Florianópolis. In 2004, 44 successful athletes from Santa Catarina were honored with a trophy called O Jornaleiro .

Increase in Life Insurance Policyholders in thousands

---

Thanks to its solid structure, innovative product policy and trusted market standing, Bradesco Vida e Previdência maintained its leadership, in 1Q05, of both markets in which it operates, with a 35.0% share of income from private pension plans and a 17.3% share of life insurance premiums.

Bradesco is also sole leader in VGBL plans with a 47.5% share and a 26.2% share in PGBL (Source: ANAPP Data accumulated until February 2005).

The number of Bradesco Vida e Previdência customers reached 6.2%, in 1Q05, surpassing the mark of 1.5 million private pension plan participants and 7.1 million life insurance holders. This significant increase was prompted by the strength of the Bradesco brand name, by the use of an appropriate management and sales policies and by the launching of innovative products.

Year-end technical reserves totaled R\$ 30.1 billion in 1Q05, an increase of 25.8% as compared to the same period of 2004. The portfolio of investments in private pensions and VGBL totaled R\$ 30.6 billion, comprising almost half of all market resources.

**Awards/Recognition**

---

The quality of the services provided by Bradesco Vida e Previdência was recognized again in 2004 through of the following awards: On March 15, 2005, Bradesco Vida e Previdência received the Troféu Desbravadores award for the pioneer positioning in VGBL, as well as the Troféu Marketing 10 for the products line (Vida Seguro, Seguro de Acidentes Pessoais Premiáveis, Prev Jovem, among others).

(1) Bradesco Capitalização and Atlântica Capitalização are included.

Bradesco Capitalização's outstanding position in the savings bonds market is the result of its transparent operating policy, which is focused on the deployment of products in line with potential consumer demand.

Regionally, the company holds a leadership position in one Brazilian State, according to the latest figures for February 2005 published by SUSEP. The company's market share was of 22.4% in São Paulo.

In pursuit of a bond which is suited to its customers' different profiles and budgets, a number of products was developed, which vary in accordance with the type of payment (single or monthly), contribution terms, regularity of draws (weekly or monthly) and related prize amounts. This phase brought the general public closer and consolidated the success of the popular Pé Quente Bradesco (Lucky Bond) savings bonds series.

## Edgar Filing: BANK BRADESCO - Form 6-K

Bradesco Capitalização was the first private savings bonds company in Brazil to receive ISO 9002 Certification, which in December 2002 was upgraded to the 2000 Version ISO 9001:2000. Granted by Fundação Vanzolini, the certification attests to the management quality of Bradesco savings bonds and confirms the principles on which their creation was based: good products, good services and continuous growth.

Income from Savings Bonds Certificates    Market Share (%)

---

Technical Reserves    Market Share (%)

---

Growth in Technical Reserves    R\$ million

---

Following Bradesco Capitalização's fast-growing pace, the volume of Technical Reserves totaled R\$ 2.035 billion in March 2005, a growth rate of 4.0% compared to the same period in 2004. According to data for February 2005 disclosed by SUSEP, the company has 21.6% of the total market volume of Technical Reserves.

These results transmit confidence and confirm the company's financial soundness and capacity to honor the commitments to its customers.

Number of Customers in thousands

---

As a result of its customer loyalty building policy, focused on the quality customer service and the offer of innovative products, the number of Bradesco Capitalização customers totaled more than 2.7 million at the end of 1Q05.

Outstanding Traditional Savings Bonds in thousands

---

Outstanding Savings Bonds with Transfer of Draw Participation Rights in thousands

---

Total Outstanding Savings Bonds in thousands

---

The outstanding savings bonds portfolio varied from 31.8 million in 2004 to 11.7 million in March 2005. This decrease was motivated by the redemption of a major series of bonds with Transfer of Draw Participation Rights, which were sold in 2004 via partnership agreements in various market segments. Of the total portfolio, 61.1% comprise bonds with Transfer of Draw Participation Rights, including Bradesco Cartões, Bradesco Vida e Previdência, Banco Finasa etc. Since the purpose of this type of savings bonds certificate is to add value to partners' products or to provide incentives for customer due payments, these are low-priced bonds which are sold with reduced terms and grace periods and at a lower unit purchase price.

#### Awards/Recognition

In March 2005, Bradesco Capitalização was awarded the *Segurador Brasil 2005* (Brazil's Insurance Company 2005), sponsored by Segurador Brasil magazine. The company was considered as having the Best Performance.

Profile

Banco Finasa S.A. is the Consumer Sales Financing of Organização Bradesco, offering loans to customers in three different business lines: to acquire Vehicles activity in which is the market leader, with a 20.7% participation as of March production, according to Central Bank data. Finasa also offers Personal Credit loans and financings for the acquisition of Other Assets or Services, called Carteira Finabens ( *Finabens Portfolio* ), that totaled 10% of the market production at the same period.

Bradesco operates through the Finasa Promotora de Vendas Ltda, its wholly owned subsidiary, responsible for acquiring new customers and forwarding financing and personal credit proposals to the Bank

At the end of the quarter, Promotora Finasa had 121 branches distributed nationwide, 3,224 employees, more than 34.1 thousand registered commercial outlets, being 14,853 stores of new and old vehicles and 19,259 department stores selling furniture, DIY, tourism, auto parts and IT related equipment and software, white goods, clothing and footwear, among others.

In March, customers served by Banco Finasa totaled more than 2.0 million for all business segments.

In this quarter it is important to highlight the beginning of the operations with Casas Bahia, under an agreement signed in November 2004, and also the beginning of personal loans consigned in the payroll for employees working at the private sector.

## Edgar Filing: BANK BRADESCO - Form 6-K

### Operating Performance

On March 31, 2005, consolidated total assets reached R\$ 11.6 billion, a growth rate of 12.2% compared to December and of 68.4% compared to March 2004. Credit operations totaled R\$ 9.2 billion, up 12.8% compared to December and 55.9% over March 2004, before the Allowance for Loan Losses. Out of this total, R\$ 8.5 billion comprised the new and used auto financing portfolio, an increase of 55.5% compared to the same month in the prior year, R\$ 467 million by Finabens portfolio, a growth of 47.4% and R\$ 173 million for Personal Credit portfolio loans, an expansion of 114% compared to March 2004.

The production of these three business lines amounted to R\$ 2,445 billion in the 1<sup>st</sup> quarter of 2005, up 59.7% over the one that took place in the same period of 2004, of R\$ 1,531 billion, with the following growth by business line:

Business Line	R\$ million			Evolution (%) 12 months
	1 <sup>st</sup> Quarter			
	2004	2005		
Vehicles	1,323	2,080		57.2
Finabens	175	277		58.1
Personal Credit	33	88		165.9

The higher balances of the Permanent Assets in March 2005 and December 2004, as compared to the same months in 2004 and 2003, comprise, basically, unamortized goodwill on the purchase of Banco Zogbi and other companies of the group, as well as the acquisition of 35% of the stocks of Banco Alvorada in November 2004.

Banco Finasa reported in the first quarter of 2005 net income of R\$ 72 million, up by 20% when related to the same period of 2004, when it totaled R\$ 60 million, closing March 2005 with Stockholders' Equity of R\$ 537 million.

### Leasing Companies

On March 31, 2005, Organização Bradesco had the following leasing companies: Bradesco Leasing S.A. Arrendamento Mercantil, formerly Potenza Leasing S.A. Arrendamento Mercantil and Zogbi Leasing S.A. Arrendamento Mercantil.

Leasing Performance Consolidated Bradesco

Bradesco's leasing operations are carried out through Bradesco Leasing S.A. Arrendamento Mercantil and Banco Finasa S.A.

On March 31, leasing operations brought to present value totaled R\$ 1.774 billion, with a balance of R\$ 15.9 million receivable in operating leases.

According to the Brazilian Association of Leasing Companies (ABEL), the Organização Bradesco leasing companies are sector leaders, with an 11.7% share of this market (base date: February 2005).

This sound performance is rooted in its Branch Network integrated operations and the maintenance of its diversified business strategies in various market segments, in particular, the implementation of operating agreements with major industries, mainly in the heavy vehicle and machinery/equipment sectors.

Operating overview

On December 9, 2002, Bradesco Consórcios commenced the sale of consortium quotas to the Bank's employees and on January 21, 2003, these sales were extended to Bradesco account holders and non-account holders, including the consortium purchase system in the Bank's product portfolio.

Operating in the Administration of Consortium Groups for the purchase of real estate, Vehicles, Tractors, Trucks and Combine Harvesters, the company can rely on the customer service infrastructure deployed by Banco Bradesco.

The company enjoys all the facilities offered by the Bradesco Customer Service Network to commercialize its products, which is a distinct

## Edgar Filing: BANK BRADESCO - Form 6-K

market advantage responsible for the rapid growth presented by the consortium purchase system segment. The extensive nature and security associated with the Bradesco Brand Name are added advantages for expanding consortium plan sales.

### Mission Statement

---

The company's mission is to manage consortium plans and groups for individuals and corporations regardless of whether they are Bradesco account holders or not.

To operate in the car, truck, tractor and combine harvester segment, as well as in real estate, maintaining excellent standards in the quality of the services offered and in consortium system practice, pursuant to regulations determined by the Brazilian Central Bank and in line with the Organização Bradesco's philosophy.

### Segmentation

---

The Bradesco Organization's entry into this segment is part of its strategy to offer the most complete range of product and services possible to its customers.

Providing all income brackets with the opportunity to purchase items through the consortium quota system, filling a market lacuna at accessible prices, especially considering, as regards the country's present housing deficit, real estate products.

### Representation

---

Within this segment, Bradesco plays a central role in providing Brazilians with the opportunity to acquire customers durables and real estate. In this sector customers can acquire apartments, houses, building plots or commercial offices.

In 1Q05, 13.8 thousand consortium quotas were sold.

On March 31, accumulated sales totaled more than 153.4 thousand consortium quotas, with billings over R\$ 4.4 billion, registering 31.5 thousand participants selected by bid or by draw, with 19.8 thousand assets delivered and 853 active groups. In 1Q05, 48 new groups were formed.

### Active Quotes

---

### Conquering Leadership

---

With a bold market strategy, Bradesco Consórcios leads the real estate segment, according to data informed by the Brazilian Central Bank in February, with 40,304 active quotas. These results brought important recognition, such as the Marketing Best and ADVB (Brazilian Association of Sales and Marketing Directors) award.

## Edgar Filing: BANK BRADESCO - Form 6-K

Supported by an aggressive campaign for the sale of vehicles quotas, Bradesco Consórcios reached also the leadership of the Auto segment since December 2004, according to Central Bank's data, leaving behind consortium management companies related to car assembly factories, such as: Volkswagen, Fiat and GM. In March 2005, we registered 106,300 active quotas referring to this segment.

Leadership is conquered and consolidated (Real Estate and Auto) as a result of ongoing and determined efforts, motivated by the enthusiasm of each sales teams and the Branch Network distribution.

Bradesco Corretora maintained its outstanding position in the Capital Markets at the end of 1Q05.

We present below a summary of the main activities carried out during the quarter:

Bradesco Corretora ended the year ranked 11th among the more than 90 brokerage firms operating in the São Paulo Stock Exchange (BOVESPA). During the period, services were provided to 19,768 investors and 141,579 purchase and sell orders were carried out for a total financial volume of R\$ 5.1 billion. The project *Sala de Ações* ( Stock Room ) was launched, integrated to the Bradesco Prime's Branches, with the first unit established in the Nova Central Branch. Bradesco Corretora participates with BOVESPA in the *Bovespai até você* campaign, an important effort to raise public awareness regarding the benefits of investing in the stock market.

Bradesco Corretora negotiated 877.1 thousand contracts in the Mercantile and Futures Exchange (BM&F) with a financial volume of R\$ 106.4 billion, ranking it at the 19th position out of more than 80 participants. The Corretora has centered its efforts on the continued expansion of its business, as well as on promoting the futures markets. In the agribusiness, it has been acting directly in the country's main production centers, through visits, seminars and participation in agricultural fairs and expos. In conjunction with the BM&F, the company sponsored visits to the exchange and to Bradesco Corretora in São Paulo by clients from all over the country. At the same time, the company hosted numerous visits by agricultural producers, teachers, opinion-makers and brokers of the physical commodities market.

Online web trading for the year totaled 72,999 orders, with financial volume of R\$ 460.7 million, representing 2.5% of all Home-Broker operations carried out in BOVESPA and placing Bradesco Corretora at the 7<sup>th</sup> position in the overall ranking. The customer base increased by 10.3% with more than 2,852 new customers registered during the quarter and more than 13,127 e-mails received.

As a result of its role in Public Offerings of Stocks Purchases, Special Operations, Stock Swapping Auctions and Privatization Auctions, Bradesco Corretora continues to hold its important market position, with a financial volume of R\$ 237.7 million for the quarter.

Bradesco Corretora offers an investment analysis service, operating jointly with Banco Bradesco's economic area, delivering main market performance reports, suggested stock portfolios and a comprehensive stock guide.

The company also offers a non-resident investor representative service for transactions carried out in the financial and capital markets, in accordance with the provisions of CMN Resolution 2689, as of January 26, 2000.

Net Income recorded for the quarter totaled R\$ 3.4 million.

Stockholders' Equity at the end of the quarter reached R\$ 66.3 and the assets totaled R\$ 1.133 billion.

Bradesco Securities, Inc., a wholly owned subsidiary of Banco Bradesco, operates as a broker dealer in the United States . The company's activities are focused on the intermediation of share purchases and sales, with emphasis on ADR operations. The company is also authorized to operate with Bonds, Commercial Paper and Certificates of Deposit, among others, and to provide Investment Advisory services. This Bradesco initiative was motivated by the more than 90 ADRs programs of Brazilian companies traded in New York and by the growing interest of foreign investors in the emerging markets, and is designed to offer support for global economy investors who invest part of this flow in countries such as Brazil .

Banco Bradesco obtained Financial Holding Company status (Board of Governors of the Federal Reserve System), on January 30, 2004, which will permit the expansion of Bradesco Securities' activities.

This status, given based on a rigorous analysis of various aspects determined in US banking legislation, including Bradesco's high level of capitalization and the quality of its Management, will allow the Bank, either directly or through its subsidiaries, to operate in the US market, whenever considered convenient, carrying out financial activities under the same conditions as local banks, in particular the following:

- Securities trading (underwriting, private placement and market-making);
- Acquisitions, mergers, portfolio management and financial services (merchant banking);
- Mutual funds portfolio management; and
- Sale of insurance.

Accordingly, Banco Bradesco has strengthened its role in the Investment Banking segment, increasing opportunities for exploiting various financial activities in the US market and contributing to the increase in the volume of transactions carried out with Brazilian companies.

\* Forbes 2000: companies comprising The Forbes Global 2000 list are rated based on a combination of criteria which takes into consideration income, profit, assets and market value.

### Market Segmentation

Bradesco operates on a segmented service basis, seeking to match its different products and services to the different profiles and size of its target public. In line with a world market trend, Bradesco's structure permits the grouping together of customers with similar profiles, facilitating superior quality customer service, extending business opportunities with a greater focus on relationship actions.

## **Bradesco Retail**

---

Bradesco maintains its Retail vocation, attending with high quality service all segments of the Brazilian population regardless of income bracket. The Bank has 15 million individuals and corporate customers, who carry out millions of transactions daily at our Branches, Banking Service Posts, Banco Postal Post-Office Branches and Correspondent Banks, comprising Brazil's largest Customer Service Network, providing easy and convenient services over extended hours.

In addition to the extensive service network, customers are offered the comfort of alternative service channels such as the Easy Phone (*Fone Fácil*) service and Internet Banking, which are already used for a significant portion of daily transactions.

Micro, small and medium-sized companies, as well as individuals, are given special attention through directed management.

The Retail segment has been focusing on the development of financial products, tailor made to meet the customers' profile in an ongoing effort to offer quality, agile and reliable service to all customers, in particular, bearing in mind the value of customer relations.

The main focus of this segment is directed towards meeting the diverse customer demands, which include the offer of microcredit, onlending, foreign exchange and a complete range of financing products for individuals, which allied with the Bradesco Brand Name and nationwide Branch Network comprise an important source for increasing the Bank's results.

Significant investments in staff training, designed to qualify employees to provide a customized and efficient customer service, seeking to preserve relations and increase the customers' loyalty to the Bank.

Bradesco Retail also makes available a Digital Branch, operating in a virtual environment and offering courier service. The Branch has a team of managers who attend customers regardless of location, from 8:00 am to 8:00 pm, seven days a week.

## **Bradesco Corporate Banking**

---

### Mission and Values

---

Bradesco Corporate's mission is to meet customer needs, developing long-term ethical and innovative relationships in sync with stockholders' interest.

## Edgar Filing: BANK BRADESCO - Form 6-K

The area's principal values and which permeate its day-to-day activities comprise the following:

- team work;
- ongoing pursuit of innovation and excellence in customer service;
- transparency in all actions;
- commitment to self-development;
- adherence to strategic guidelines;
- creativity, flexibility and initiative;
- agile customer delivery.

### Background and Achievements

---

The Corporate Banking segment was introduced in 1999, designed to attend companies from its target market based on a customer, rather than product standpoint, under a centralized relations management, offering as well as traditional products, structured, Tailor-made and Capital Market solutions, through specific Managers who have a clear vision of risk, market, industries and relationship. In February, a training program was started in order to coach 25 new Managers, as a result of the continuous concern for providing to customers the sales team with the best qualification of the market.

Among the various significant achievements obtained, we highlight the ISO 9001:2000 quality certification received by all areas of the Corporate Banking structure, including its Corporate Banking exclusive customer service platforms, as well as the important partnerships entered into with major international banks: UFJ Japan, BBVA Spain and BES Portugal.

#### *Brazilian Desk*

Bradesco was the first Brazilian bank to carry out an operating agreement with a Japanese bank allowing the inclusion of some 300 thousand Brazilians living and working in Japan.

This partnership between the different professionals from the two banks, which was entered into two years ago, offers checking accounts and products and services designed to meet the needs of this special ex-pat community.

Customers have access to an exclusive UFJ-Bradesco Branch 7-days-a-week with 40 bilingual (Japanese and Portuguese) employees who attend via Automated Consulting and Contract Machines ACMs, which are fully integrated with the UFJ Branch Network, for local bank services and remittances to Brazil.

These facilities will also be available, initially, via 5,000 ATMs with screens in Portuguese, offering ease and convenience to customers.

The operating agreement establishes a strategic alliance between Bradesco and the UFJ Bank, which will become the world's largest bank following its merger with Banco Tokyo Mitsubishi.

Another example of a solution with significant added value for the Institution are the partnerships entered into with major retail networks for consumer sales financing, made feasible as a result of the relationship, familiarity with this industry's production chain and the synergy which exists among the Bank's various segments.

Total resources comprising assets (credit, bonds and guarantees) and liabilities (deposits and funds/portfolios) amount to R\$ 55.8 billion.

### Target Market

---

The 1,239 Economic Groups comprising Bradesco Corporate's target market, which is comprised by large corporations which record billings in excess of R\$ 180 million per annum, are located in the states of São Paulo, both the capital and inner state, Rio de Janeiro, Minas Gerais, Paraná,

## Edgar Filing: BANK BRADESCO - Form 6-K

Rio Grande do Sul, Santa Catarina, Goiás, Pernambuco and Bahia.

### Specialized Structures

---

In addition to the teams specialized in the different economic sectors, this service also maintains structures entirely dedicated to the management of specific customers:

**Euro Desk** this structure is focused on the management of customers of Spanish origin and the development of financial solutions for Bradesco Corporate companies, prospecting business synergies in Europe, the U.S. and Latin America.

**Asian Desk** this structure is focused on the management of customers of Asian origin and the development of financial solutions, acting as an economic and financial advisor in business carried out with Japan and the Asian continent as a whole.

**Agribusiness** the structure operates throughout this economic segment's production chain in the pursuit to implement feasible structured solutions to meet the specific needs of companies, as well as offering traditional services and products.

### Bradesco Empresas (Middle Market)

---

Bradesco's middle market segment, Bradesco Empresas, was created in 2002, designed to offer quality corporate customer service for companies with annual billings from R\$ 15 million to R\$ 180 million, through 66 exclusively reserved Branches in the main Brazilian capitals.

Bradesco Empresas aims to offer the best business management, such as: Loans, Investments, Foreign Trade, Derivatives, Cash Management and Structured Finance, targeting customers' satisfaction and results to the Bank.

The 66 Branches are distributed throughout Brazil as follows: Southeast (41), South (16), Central West (4), Northeast (3) and North (2).

Bradesco Empresas is formed by a team of 362 Relationship Managers, who are included in the ANBID Certification Program, serving on average from 27 to 32 economic groups per manager, encompassing 18,242 companies from all sectors of the economy.

### Bradesco Private Banking

---

Bradesco Private Banking, through its highly qualified and specialized professionals focused on personalized advisory services, attends the Bank's high-income individual customers with minimum funds available for investment of R\$ 1 million, offering an exclusive line of products and services designed to increase their wealth by maximizing returns. Therefore, the most appropriate financial solution is sought, considering each customer's profile, under the Taylor Made concept, providing advisory services for asset allocation and fiscal, tax and successor advisory. Aiming the proximity to the customer base, Bradesco Private Banking holds two offices in São Paulo and Rio de Janeiro as well as 7 service units in Porto Alegre, Blumenau, Curitiba, Belo Horizonte, Brasília, Salvador and Recife.

### Bradesco Prime

---

This segment was created in May 2003, and its target public comprises individual customers with monthly income of more than R\$ 4 thousand, or with investments in excess of R\$ 50 thousand.

Bradesco Prime's customers are provided with:

VIP facilities specifically designed to provide comfort and privacy;

Customized service by the Relationship Managers who, due to their small client portfolios, are able to dedicate special attention to each customer;

Differentiated products and services, including the Online Chat, a real time financial consulting and the Bradesco Prime Checking Account, a loyalty program which is designed to add value and provide incentives to the customer's relationship with the Bank through the offer of increasing benefits.

## Edgar Filing: BANK BRADESCO - Form 6-K

Bradesco Prime Customers have access to a Network comprising 180 exclusive Branches throughout Brazil. In addition, customers use unique Internet Banking and Call Center facilities, in addition to the extensive Bradesco Customer Service Network, which includes its nationwide Branches and Self-Service network.

Some Prime branches also offer differentiated services, such as:

Prime Digital Branch: focused on customer service via call center at extended business hours (from 8:00 am to 8:00 pm, 7 days-a-week, including bank holidays).

Prime Branch at Cidade de Deus, Latin America's first Wireless Branch, where managers using remotely connected equipment can manage the customer's banking business from his/her own facilities.

The Relationship Managers are continually enhancing their professional qualifications to ensure that all the financial needs of their customers are taken care of. Moreover, all of these managers are included in the ANBID certification program.

#### Banco Postal

---

Banco Postal is the trade name and brand through which Bradesco offers its products and services in all of Brazil's municipalities, in partnership

## Edgar Filing: BANK BRADESCO - Form 6-K

with the Brazilian Postal and Telegraph Company ECT. Banco Postal is an example of the success of the Correspondent Bank concept, as a result of its far-reaching scope, the portfolio of products and services offered and its socially responsible role within Brazil's different local communities.

In 1Q05, Banco Postal achieved 3 million opened checking accounts, in less than three years of activities.

The results obtained by Banco Postal reaffirm the success of the partnership with ECT, and allow us an optimistic analysis in relation to other outlets that will be established in the Franchisee Network.

### Risk Management and Compliance

---

#### Credit Risks, Operating Risks, Market Risks, Internal Controls and Compliance

---

Activity and Structure

---

## Edgar Filing: BANK BRADESCO - Form 6-K

Risk management is becoming increasingly important, not only as a result of the global economy but also because of the most complex services and products provided to communities. Accordingly, Bradesco is constantly enhancing its risk management related activities in the pursuit to incorporate best international practices.

At Bradesco, risk management is seen as a competitive advantage, which adds value to the Bradesco Brand, since it provides the support required by the business areas for planning their activities, ensuring that resources are optimized and capital is allocated to the benefit of stockholders and society as a whole.

Accordingly, Bradesco has provided important incentives over the years to its technical staff training programs, in particular regarding the professional qualification of those involved in the control and of risk management. One of the Compliance Department employee is a GARP (Global Association of Risk Professionals) certified financial risk manager, having sat and passed this internationally recognized exam.

Aware that integrated risk management provides a competitive edge to activities, Bradesco formed the Risk Management Department in July 1998 which, subsequent to the incorporation of compliance functions in March 2002, became the Risk Management and Compliance Department - DGRC. In July 2003, the department gained a statutory department director, aggregating the activities related to credit risk and other initiatives already in place in other areas of the Organization. The department became structured to perform the integrated management of credit, market, and operating risks besides the compliance functions (comprising money laundering prevention, internal controls, information security, validation of transactions and Brazilian Payments System risks).

### Organizational Structure of the Risk Management and Compliance Department

---

The structure of the Risk Management and Compliance Department is designed not only to guarantee its independence, but also to place greater focus on these important value-added activities, demonstrating the Organization's commitment to the implementation of best corporate governance practices, making every effort to invest in and build its risk management capabilities. This is due to the fact that, as well as its own banking activities, Bradesco is extending risk analysis procedures to cover its equity related companies, such as BRAM - Bradesco Asset Management and all the insurance companies (Life, Private Pension Plans, Health, Savings Bonds and others), in respect to market and actuarial risks, consolidating a single risk management culture on an Organization-wide basis.

The Risk Management and Compliance Department is also responsible for coordinating compliance with the regulations to be issued by the Brazilian Central Bank, complementing Communiqué 12,746 as regards the New Capital Accord (Basel II) introduced by the Basel Committee in June 2004, and also the provisions of section 404 of the Sarbanes-Oxley Act.

### Risk Management Process

---

Bradesco adopts a comprehensive and integrated approach for managing all risks inherent to its activities, based on the support from its Internal Controls and Compliance structure. This integrated view permits the enhancement of its risk management models, filling possible gaps which

could jeopardize the correct identification and assessment of risks.

#### Credit Risk Management

---

As part of its Credit Risk Management enhancement process, Bradesco is working uninterruptedly to improve the procedures for gathering and controlling portfolio information, developing new loss estimation models, enhancing and preparing the rating inventories used in the different sectors in which the Bank operates, as well as overseeing credit analysis, granting and settlement processes, monitoring credit concentration and identifying the causes of default and in the preparation of risk mitigation strategies.

Efforts are focused on the adoption of advanced and robust models which are used to assess the risks inherent to all the components of the credit process, in line with best practices, as well as the recommendations of the most advanced models comprising the New Basel Capital Accord.

An important instrument settled in 2004 is the Executive Credit Risk Committee, that takes place once a month with the participation of senior management, focusing on assuring the strategic management of the Organization's credit portfolio.

The following efforts, among others, are highlighted:

- deployment of expected and unexpected losses calculation system, besides of the allocation of the corresponding capital in Compliance with the New Basel Accord's requirements; backtesting of the models used for measuring credit portfolio risks.
- optimization of the manageable IT systems in order to meet the current approach of department and customers segmentation, emphasizing decisions taking and credit portfolio's management.
- accomplishment of critical risks: period monitoring of the main events of default and recovery estimates by the main areas involved (Business, Credit and Recovery); and
- continuous review and restructuring of the internal processes, involving roles and responsibilities, ability, organizational structures review and IT demands.

#### Operating Risk Management

---

Operating risks are those which could occur as a result of the interruption of business, system failures, errors, omission, fraud or external events in the Bank's different activities, affecting both customers and the Institution.

Operating risk management at Bradesco is based on the application of its own processes, methodologies and tools designed to permit, among other benefits, a decrease in unsubscribed regulatory capital and potential operating loss events. This concept includes the dissemination of the Organization's risk management culture at different levels, disclosure of its corporate policies and the establishment of ongoing procedures used

## Edgar Filing: BANK BRADESCO - Form 6-K

to monitor the degree of exposure.

The Organization has prepared an action plan designed to achieve full compliance with the 10 principles of Good Operating-Risk-Management Practice and the New Capital Accord, established by the Basel Committee and to meet Brazilian Central Bank regulatory requirements.

In line with the definition and development of the methodology and accounting and management criteria used for managing operating risk, the area has implemented a specific management system for streamlining this information, designed to monitor and properly comprehend operating loss events, facilitating an in-depth assessment, based on either management or accounting controls.

Considering its important status in the Brazilian financial scenario, Bradesco Organization has established as its operating risk management goal the Advanced Model Approach, as defined by the Basel Committee. The efficient use of this model will require less allocation of capital and increase its competitive advantage, as a result of improved operating efficiency and decreased loss events.

The mitigation of operating risk is considered as a key objective for improving efficiency and business quality.

### Market Risk Management

Market risk is related to the possibility of the loss of income from fluctuating rates caused by mismatched maturities, currencies and indices of the Institution's asset and liability portfolios. This risk is monitored on a strict basis by the financial market to avoid losses for institutions.

At Bradesco, market risks are managed through methodologies and models which are consistent with local and international market realities, ensuring that the Organization's strategic decisions are implemented with speed and a high level of reliability.

The Organization adopts a conservative policy regarding market risk exposure; V@R (Value at Risk) limits are defined by Senior Management, and compliance is monitored daily by an area which is independent from portfolio management. The methodology used to determine V@R has a reliability level of 97.5%. The volatilities and correlations used by the models are calculated on statistical bases and used in processes based on future prospects in accordance with economic studies.

Investments abroad are strategically protected by hedge transactions, in amounts that consider tax effects, which minimize risk sensibility and the consequent impact on results. Thus, as they are differently managed, they are not included in the V@R calculation.

The methodology applied and current statistical models are validated daily using backtesting techniques.

We present below the V@R of the Own Portfolio positions (Treasury):

Risk Factors	R\$ thousand

In addition, a daily Gap Analysis is performed to measure the effect of the movement in the internal interest rate and foreign exchange coupon curves (interest spread paid above the foreign exchange variation) on the portfolio.

Complementing the market risk monitoring, control and management structure and in accordance with Central Bank regulations, a daily verification is made of the values at risk for the fixed and foreign exchange positions of the Organization's entire portfolio and of minimum remaining capital requirements.

#### Management of Internal Controls and Compliance

The Organization is continually developing policies, systems and internal controls to mitigate possible potential losses generated by its exposure to risk, designed to optimize processes and procedures, among which we highlight the following:

- Development of an Internal Controls System based on the 25 Internal Control Principles defined by the Basel Committee and the methodology of the Committee of Sponsoring Organizations (COSO), mainly regarding control environment components, risk assessment, control activities, information, communications and monitoring. This system strengthens the ongoing improvement of the process used to identify and evaluate the controls used to mitigate risks in compliance with regulatory requirements, including Section 404 of the Sarbanes-Oxley Act.

## Edgar Filing: BANK BRADESCO - Form 6-K

- SPB (Brazilian Payments System) management, designed to guarantee the efficiency of the messages transmitted between the Organization's banks and all the external entities comprising this system. The activity is based on the Organization's information system monitoring tools, as well as an intense staff training and capacity building program to ensure that the system is always fully operational and available. In addition, the Bank has an SPB Systems Contingency Plan, supported by a specific tool and structured within an exclusive environment with corporate access and considers pre-defined scenarios and actions ensuring that system failure risks are kept to a minimum.
- The TED (Online Cash Transfers) validation system, designed to reduce operating risks generated by the unauthorized transfer of funds from the Organization, providing a greater level of security and reliability in transactions.
- Measures taken to prevent and combat Money Laundering, based on the Bank's know-your-Customer Policy and in conformity with best corporate governance practices, which are applied as part of the continuous staff training programs and ongoing improvement of technology tools used to monitor financial movement and designed to prevent the utilization of the Organization in transactions or situations which could be, direct or indirectly, related to money laundering crimes, defined in Law 9613/98.
- Information Security Management, a series of measures comprised mainly by controls and a Security Policy designed to protect customer and corporate information. Bradesco Organization has a formal structure, with specific objectives and responsibilities, for defining, maintaining and improving information security in the corporate environment, which is based on the Corporate Information Security Policy and Standards approved by the Executive Information Security Committee. The following policies are adopted in relation to customer information:

information is gathered legally and with the customers' knowledge;

information transmitted to Bradesco is stored integrally and securely and undergoes no modification with access restricted to authorized personnel only;

information is only used for purposes which have been properly approved by the Organization;

customer information is never disclosed to third parties, except upon legal or judicial determination.

### Liquidity Risk Management

---

Liquidity risk management is designed to control the different mismatched liquidation terms of the Institution's rights and obligations, as well as the liquidity of the financial instruments used to manage the financial positions.

Knowledge and monitoring of this risk are critical since they enable the Organization to settle transactions on a timely and secure manner.

At Bradesco, liquidity risk management involves a series of controls, mainly with respect to the establishment of technical limits, with constant assessment of the positions assumed and the financial instruments used.

### Capital Risk Management

---

The Organization's capital is managed to optimize the risk to return ratio, in such a way to minimize losses through the implementation of well-defined business strategies and maximizing efficiency in the combination of factors which impact the Capital Adequacy Ratio (Basel).

Credit Policy

Designed to ensure maximum security, quality and liquidity in the investment of assets, minimizing risks inherent to all types of credit operation, the Organization's Credit Policy also seeks to offer agile and profitable business, applying appropriate methodology for each of the Bank's business segments, as well as directing the establishment of operating limits and the granting of credit.

Credit is granted based on a highly automated and efficient approvals system, supported by assessment policies which are geared by constantly improving technical parameters designed to ensure proper support for credit decisions.

As part of this system, the Branches operate within varying limits depending on the size and type of guarantee offered, while specialized Credit Scoring systems maximize the speed and security of the approvals process, based on strict protection standards.

The Credit Committees located at the Bank's Headquarters also play an important role, centralizing, analyzing and authorizing credit operations at amounts above the Branch limits and managing this core strategic activity.

Operations are diversified, non-selective and focused on individuals and corporate customers with sound payment capacity and proven creditworthiness. Care is taken to ensure that the underlying guarantees are sufficient to cover the risks presumed, considering the purpose and terms of the credit granted.

## Methodology Used for Credit Portfolio Classification

In addition to supporting the establishment of minimum parameters for granting credit and managing risk, the credit risk scoring system established by the Brazilian Central Bank also facilitates the definition of differentiated credit policies based on the customer's specific characteristics and size, providing a basis for the correct pricing of operations and for establishing the most appropriate guarantees for each situation.

In accordance with internal policy, Bradesco Customer risk ratings are established on a corporate basis and are periodically reviewed to maintain the quality of the credit portfolio. These ratings are segmented as follows:

## Classification Corporate

Rating	Bradesco	% Provision	Concept
AA	Excellent	0.0	Premium company/group, with size, tradition and market leadership, with excellent reputation and economic and financial position.
A	Very good	0.5	Company/group with size, sound economic and financial position, acting in markets with good prospects and/or potential for expansion.
B	Good	1.0	Company/group which, regardless of size, has a good economic and financial position.
C	Acceptable	3.0	Company/group with a satisfactory economic and financial situation but with performance subject to economic scenario variations.
D	Fair	10.0	Company/group with economic and financial position in decline or unsatisfactory accounting information, under risk management.
E	Deficient	30.0	
F	Bad	50.0	Abnormal course credit operations, classified based on expected loss as per percentage shown.

Edgar Filing: BANK BRADESCO - Form 6-K

G	Critical	70.0
H	Uncollectible	100.0

In the case of individuals, the risk ratings mentioned above are mainly defined based on their registered reference variables which include: income, equity, restrictions and indebtedness, as well as performance and past relationship with the Bank.

Credit Cards

Bradesco's credit card base increased to 7.6 million in 1Q05, an increase of 8.6% as compared to 1Q04.

The number of transactions grew by 17.2% in 1Q05 compared to same quarter in 2004. Billings for the year reached the mark of R\$ 3.1 billion, a growth rate of 15.3% as compared to the same period in 2004, with a market share of 13.0% of cards under the Visa and MasterCard banners.

Bradesco, in a partnership with Rede Comper de Supermercados, one of the ten largest food distributors in Brazil, released a private label credit card called CompCard. This is a strategic partnership, as it improves the Bank's access to a larger number of customers in the South and Central West regions.

Credit Card Base in millions

Credit Card Billings R\$ million

---

Debit Cards

---

In the 1Q05, the debit card base increased by 10.1%, related to the same period last year, confirming Bradesco's leadership as Brazil's largest issuer in the Visa Electron market.

In terms of billings, in 1Q05, there was a significant 40.6% increase compared to the same period of 2004, with a growth in transactions of 32.1%, increasing the average value per transaction from R\$ 41.22 in the 1Q04 to R\$ 43.88 in the 1Q05, representing a growth of 6.5%.

These two indicators clearly demonstrate that Brazilians are changing their payment habits, replacing checks and cash for the use of cards, especially debit cards.

Credit Card Base in millions

---

Credit Card Billings R\$ million

---

Total Card Base (Credit and Debit) in millions

---

Income from Credit Cards

---

Income derived from card services totaled R\$ 288 million in the 1Q05, a 20.0% increase when compared to the 1Q04, mainly in revenues from commissions on purchases with Credit and Debit cards.

As a result of the larger commissions related to the high amount of purchases held in the end of year, coupled with the improvement in the affiliated company Visanet's accounting processes, Banco Bradesco was able to record the equity income from this affiliated company within in the same accrual month. The revenues from card services dropped from R\$ 346 million in 4Q04 to R\$ 288 million in 1Q05.

Card Assets

---

In 1Q05, Card assets comprising credits for installment purchase and financing credits grew by 18.7%, as compared to 1Q04, totaling R\$ 3.1 billion at the end of the quarter.

**International Area**

---

The International Area operates under the following framework:

**12 Operational Units in Brazil**

Belo Horizonte (with support platform in Brasília), Blumenau, Campinas (with support platforms in Ribeirão Preto, Franca and Sorocaba), Curitiba, Fortaleza, Manaus (with support platform in Belém), Porto Alegre, Recife, Rio de Janeiro, Salvador, São Paulo (with support platforms in Guarulhos and Santos) and Vitória.

**8 Units Abroad (Branches and Subsidiaries)**

**Branches:**

New York	Bradesco
Grand Cayman	Bradesco and Boavista
Nassau	Boavista

**Subsidiaries:**

Buenos Aires	Banco Bradesco Argentina S.A.
Luxembourg	Banco Bradesco Luxembourg S.A.
Tokyo	Bradesco Services Co., Ltd.
Grand Cayman	Cidade Capital Markets Ltd.

At the end of 1Q05, Organização Bradesco, through its International Area, evidences once more the strong support given over recent years to the expansion and consolidation of the Brazilian foreign trade.

Exchange contracts negotiated by Bradesco in the period from January to March attained a total amount of US\$ 5.8 billion, an increase in performance of 22.7% compared to the volume of US\$ 4.7 billion in the same quarter last year. The market share figure was 22.5%. During the period, Bradesco granted a total of US\$ 2.3 billion in export financing.

In the 1Q05, Brazilian exports reached the significant volume of US\$ 24.4 billion, a 25.7% growth rate as compared to the same period of 2004. It is worth highlight that for the first time in the foreign trade history, Brazil reached US\$ 100 billion in exports when considering the performance of the period from March/2004 to February/2005.

In the import market, total business conducted by the International Area in the 1Q05 presented a better performance if compared to the same period of 2004. The amounts totaled US\$ 2.3 billion, up 57.5% when compared to the volume of US\$ 1.5 billion negotiated in the 1Q04. Market share of the period reached 15.1%, an expansion of 29% on the 11.7% attained in the same period of 2004.

The International Area quarter-end balance totaled US\$ 4.1 billion in Export and Import Financing, Foreign Collateral provided and loans to Brazilian companies abroad. Aiming to offer increased support to companies operating in the international market or those seeking to operate in that market, Bradesco is expanding its International Area, creating exchange platforms in the main Brazilian exporting regions. These platforms are located jointly with Bradesco Empresas segment and are staffed by professionals specialized in foreign exchange and foreign trade.

Volume of Foreign Currency Trade    US\$ billion

---

Export Market

---

Import Market

---

In the different foreign exchange market segments, Bradesco negotiated the significant volume of 158,252 exchange contracts, up by 27.9% as compared to the same period in 2004.

Bradesco already uses a Digital Certification system for foreign exchange contracts. This new service allows the customer to electronically sign exchange contracts, which, besides making the clients transaction easier, speeds up the flow of the exchange contracting, reducing operating risks and costs.

The portfolios of Foreign Trade, International Guarantees and Loans to Brazilian Companies headquartered abroad present the following balances at the end of 1Q05.

	<u>US\$ million</u>	<u>R\$ million</u>
<b>Export Financing</b>		
Advance on Foreign Exchange Contracts Undelivered Bills	1,363.9	3,634.6
Advance on Export Contracts Delivered Bills	640.3	1,706.6

Open Import Credit	47.2	125.7
<b>Total Import Financing</b>	<b>483.4</b>	<b>1,288.5</b>
<b>Guarantees</b>		
International Guarantees	136.7	364.4
<b>Total International Guarantees</b>	<b>136.7</b>	<b>364.4</b>
<b>Total Export and Import Financing</b>	<b>3,986.8</b>	<b>10,626.6</b>

Edgar Filing: BANK BRADESCO - Form 6-K

Loans via Branches Abroad	122.4	326.4
<b>Total</b>	<b>4,109.2</b>	<b>10,953.0</b>

The foreign exchange portfolio is financed by credit lines obtained from correspondent Banks. Until the end of March of the current fiscal year approximately 81 U.S., European and Asian Banks had extended credit lines to Bradesco. At the end of 1Q05, the cost of obtaining export financing lines reached its lowest level in recent years, between 22 and 35 basis points above LIBOR for a period between 180 days and 360 days, respectively. Compared to the same term of 2004, the decrease totaled some 21 basis points, evidencing a substantial improvement in the Brazil risk perception by the international market.

In addition to this source of funding, the Bank also has a US\$ 300 million Commercial Paper program in the United States.

We present below the balance of assets and stockholders' equity of the foreign units on 3.31.2005:

Foreign Branches and Subsidiaries	US\$ million	
	Total Assets	Stockholders' Equity
Bradesco New York	962.9	143.5
Bradesco Grand Cayman	6,706.6	1,614.0
Boavista Grand Cayman and Nassau	249.1	92.3
Cidade Capital Markets Ltd. Grand Cayman	30.9	30.9
Bradesco Services Co. Ltd. Tokyo	0.3	0.2
Banco Bradesco Argentina S.A.	18.5	16.6
Banco Bradesco Luxembourg S.A.	319.4	131.6

The core objective of the Foreign Branches and Subsidiaries is to obtain funds in the international market for onlending to customers, principally through the financing of Brazilian foreign trade.

The main activity of the subsidiary Banco Bradesco Luxembourg S.A. is to provide additional services to private banking customers and to increase foreign trade operations.

The Organization continued the rationalization process started in 2004, designed to close down certain units abroad. In 1Q05, BCN and Mercantil Cayman were merged into Bradesco Cayman and Boavista Banking Ltd Nassau was merged into Boavista Cayman, followed by the closing down of Boavista Banking Ltd Nassau.

At the end of 1Q05, as well as short-term funds obtained from correspondent banks for foreign trade financing, US\$ 195 million in loans were raised on a consolidated basis by Bradesco Organization by means of public and private, medium and long-term placements, earmarked for foreign trade financing and working capital loans.

Emphasis should also be given, among funding operations in 1Q05, to the issuance, in February, of Eurobonus equivalent to US\$ 100 million, with a 3-year term.

Foreign Public Issuances Outstanding Base Date March 2005 Amounts in excess of US\$ 50 million

### Capital Markets

#### Underwriting Transactions

Bradesco coordinated in the 1Q05 important debentures transactions which totaled R\$ 715.9 million. This volume represents 6.51% of all shares, debentures and promissory notes registered at the Brazilian Securities Commission (CVM) during the same period.

Among the transactions in which we participated, we can emphasize the Public Offering of Debentures of Camargo Corrêa Cimentos S.A., in the amount of R\$ 360 million and the Public Offering of Debentures of Net Serviços de Comunicação S.A., in the amount of R\$ 355.8 million, as part of an important restructuring process of the issuer.

#### DEBT Transactions Filed with the CVM – Debenture Issuance

Bradesco participated in 2 out of the 8 debt transactions filed with the CVM up to March 2005, which represents a 25% participation.

Mergers & Acquisitions, Project Finance, Corporate Reorganization and Privatizations

Bradesco signed during the 1Q05 6 new mandates, increasing its activity in the Financial Advisory segments, being 5 M&A and 1 Project Finance operation.

In addition to the mandates, Bradesco is still acting as financial advisor of companies that hold investments in the energy, fabric and pulp and paper industries, as well as in the structuring of financings.

#### Structured Finance

---

The Structured Finance Area is responsible for the following:

development of structures used to segregate credit risks, through Special Purpose Entities (SPEs), Credit Acquisitions, Credit Assignment Funds (FIDCs) and Certificates of Real Estate Receivables (CRIs);

structuring of properly protected medium and long-term financings based on pre-defined cash flows pursuant to specific covenants and guarantees which minimize the risks of each transaction;

development of structured solutions designed to meet the specific needs of companies, such as: decreased use of working capital, increased liquidity, optimization of financial and tax costs, compliance with legal technical limits/financial covenants, sale of permanent assets and structured financings; and

coordination of syndicated loan processes, including the lengthening of refinanceable debts, structured by the Bank or by third parties.

Among the structured finance operations developed during the year 2004, we highlight the FIDCs of CESP and Grupo Votorantim.

#### Collection and Tax and Utility Collections

---

##### Cash Management

---

Bradesco's cash management solutions comprise a portfolio of more than 40 products designed to meet public and private sector customer management needs in the areas of receipts, payments, human resources and administration, ensuring that their bank transactions are carried out with speed and convenience, in line with superior quality (ISO 9001:2000) and security (electronic certification and sound cryptography) standards.

The innovations have secured the preference of a growing number of customers from all market segments and niches in diverse locations and different activity fields, using latest-generation technology means for connecting the Bank and its customers online.

In particular, we highlight the activities of the Government Authority area, whose mission is to provide a specialized service to federal, state and municipal bodies, identifying business opportunities and structuring customized solutions, through a specific internet portal ([www.bradescopoderpublico.com.br](http://www.bradescopoderpublico.com.br)).

Among the key product and service solutions deployed by Bradesco, we highlight the following:

#### Receivables Solutions

---

##### Bradesco Online Collection

---

The high efficiency standards of Bradesco's online collection service generate confidence, minimizing costs and maximizing customer returns, covering all of their accounts receivable management needs. As a result of these features, Bradesco Collection is the market leader, generating other business opportunities for the Organization. Online collection is responsible for processing some 98% of all documents registered in the Bradesco collection portfolio.

##### Tax and Utility Collections

Developed based on high standards of efficiency and quality, Bradesco's tax and utility collections serve a dual purpose. On the one hand, they seek to provide customer satisfaction with appropriate and innovative solutions for the settlement of taxes, duties and contributions. On the other, they effectively interact with the different Government Departments in the federal, state and municipal spheres and with Public Utility concessionaires.

Bradesco's tax and utility collection services are noted for the speed and security of the data transmitted and amounts collected.

### Payment Solutions

#### Net Empresa, Pag-For and PTRB (Online Tax Payments)

As part of the same efficiency commitment, Bradesco's payment solutions, deployed through the Net Empresa, Pag-For and PTRB products, meet all customer needs, facilitating supplier payments, tax settlements and electronic transfers, online or through the transmission of files with maximum speed and security.

In the first quarter of 2005, an amount of R\$ 111.5 billion was recorded, corresponding to 29.8 million payment transactions, facilitating the management of Trade Accounts Payable for more than 302 thousand companies.

**Registrar and Qualified Custody Services**

---

Bradesco is one main suppliers of Qualified Services for the Capital Markets, with strong presence in the services of Custody of Securities, Controllership, Funds for Receivables, DR-Depository Receipt, BDR-Brazilian Depository Receipt, as well as Bookkeeping Services for Stocks, Debentures and Investment Fund Quotas, available for Companies, Assets, Foundations, Insurance Companies and Pension Plan Entities, through an advanced infrastructure and specialized team.

We present below the main indicators for the 1<sup>st</sup> quarter of 2005:

Registrar Services

---

- 161 Companies comprise the Bradesco book-entry share system, with 2.5 million Stockholders, with a market value of R\$ 207.5 billion.
- 38 Companies comprise the Bradesco book-entry debenture system with a market value of R\$ 15.8 billion.
- 17 Investment funds comprise the Bradesco book-entry quota system, with a market value of R\$ 1.5 billion.
- 2 Registered BDR Programs, with market value of R\$ 234.4 million.

Custody and Controllership

---

R\$ 148.7  
billion            In assets under custody for Customers who use the Bradesco Custody services (Funds, Portfolios, DR and Receivable Funds).

R\$ 186.9  
billion            Comprises the total Equity of the 645 Investment Funds and Managed Portfolios using the Bradesco Controllership services (\*);  
and

- 8 Registered DR Programs, with market value of R\$ 34.2 billion.

(\*). From this year on, the methodology for the Equity calculation does not include consolidated portfolios.

Assets under Custody    R\$ billion

---

## Business Processes

---

### Alô Bradesco

---

The Alô Bradesco service, a direct and open channel with users of the Bank's different sectors, facilitates the improvement of customer relations through the suggestions and complaints received in relation to the Organization's products and services. From its creation, prior even to the introduction of the Brazilian Consumer Protection Code, this service has proved to be an instrument of important strategic value, as a result of its transparency, capacity to detect trends and conciliate interests, anticipating solutions in line with the constantly evolving market.

### NBR ISO 9001:2000 Quality Certificate

---

The Bradesco Organization ended the year with 81 Products and Services certified by this high-level distinction, confirming the Bank's commitment to assuring ongoing ease and convenience for its customers and users.

### Methodology for Mapping Processes

---

This methodology is designed to map the processes carried out by the Organization's different departments on a stage-by-stage basis which, in conjunction with the information on related products, services and activities, ensures that these processes are effectively analyzed in the pursuit for ongoing improvement, as well as providing the documentation required by the Internal Controls and Compliance System, the Bradesco Quality Management System based on the NBR ISO 9001:2000, the Activity-Based Costing System ABC and Section 404 of the Sarbanes-Oxley Act.

### Activity-Based Costing ABC

---

Designed to support the Bank in its actions to improve processes and optimize production resources, practices recommended for decreasing costs, Bradesco adopts the Activity-Based Costing System ABC which measures the cost and performance of its activities, resources and cost centers.

A thorough knowledge of the Bank's activities, as well as the correct measurement of the resources consumed by these activities, permit a more accurate analysis of the cost/benefit ratio of each of the Organization's productive processes and results centers.

## Edgar Filing: BANK BRADESCO - Form 6-K

We stress that as a result of the application of Activity-Based Costing, the Bank is now meeting the following targets: improved allocation of costs to products, channels and customers; information for supporting studies on which the structuring and negotiation of bank charges are based; product, unit and customer profitability systems support; support for studies concerning outsourcing, incorporations and equipment sharing, as well as support for cost rationalization studies.

### Activity-Based Management Program

---

The Bank has commenced development of Activity-Based Management, seeking to exploit the potential benefits of this cost management model which will rapidly lead to the prevention of costs and a pro-active approach regarding the identification of opportunities. Accordingly, as processes are improved, operating performance can be seamlessly integrated with Bradesco's strategic objectives, designed to create and/or sustain the Bank's competitive advantages and add value both for customers and stockholders.

The future mission of Activity-Based Management is to provide permanent support to the planning and control of the Bank's business processes, ensuring that tactical and operational issues are continually improved, as well as supporting their strategic gearing.

### Integrated Management System ERP

---

For purposes of providing permanent and appropriate support for its operations and in the pursuit of improved results, as well as extending its capacity to manage the Organization's resources, Bradesco adopts one of the most modern concepts for integrating organizational processes, using SAP's Integrated Management System solution mySAP Business Suite.

This system's development represents an innovation in the treatment of the value chain supporting Bradesco's financial industry, through the adoption of an approach which is focused on processes, people, organizational structure and technology.

Initially, the system will integrate processes in the Human Resources, Training, Purchases, Accounts Payable, and Fixed Assets, as well as the Accounting processes on which they are based. The areas integrated through this technology will be able to renew processes and review organizational structures and some 72 thousand system users will be trained via in-class training and e-learning.

As a result of the implementation of the Integrated Management System, Bradesco will benefit most from the organization and standardization of the processes carried out in different areas, secure data processing, increased productivity and agile decision making, as well as decreased operating costs. These factors are crucial for the Organization's growth, especially in view of current financial area competition, prompting us to pursue increasingly effective management methods designed to ensure that all of Bradesco's business potential is properly leveraged.

### Expenses Assessment Committee

---

In the pursuit of enhanced cost control and the adoption of strategies, policies and measures designed to restrain expenses, in March 2004, Bradesco created the Expenses Assessment Committee, responsible for monitoring administrative and personnel expenses, as well as expenditures with capitalization, analyzing their origin with the related areas, seeking to obtain a maximum cost/benefit ratio.

The Committee, in sync with good Corporate Governance practices, is an important tool, as a result of its permanent activity and capacity to anticipate events, for improving and enhancing processes, capable of carrying out an in-depth analysis of Bradesco's costs, from all standpoints and producing savings which reflect positively on the Organization's results.

### Recognition

---

Bradesco is the first private Brazilian institution to be listed in the Forbes Global 2000 ranking, from the Forbes American magazine, which lists the 2 thousand largest companies in the world. The survey evaluates criteria such as sales results, profits, assets and market value. The Bank is ranked with sales of US\$ 17.38 billion and market value of US\$ 13.42 billion.

The Bank was also rated as the asset manager with the more 5 stars funds by the Invest Tracker O Estado de São Paulo newspaper ranking, in March, with 18 investment funds. This is the third consecutive year that the Bank is highlighted in the poll, performed by Thomson Financial Brasil, which takes into consideration the adherence, risk, yield and performance.

## Edgar Filing: BANK BRADESCO - Form 6-K

For the eighth time, Bradesco is appointed as the 2005 winner of the research *As Empresas Mais Ligadas do Brasil* (The Most Connected Brazilian Companies), elaborated by the *INFO Exame* magazine. The publication is the most important reference in the IT sector. Beyond leading the general ranking, Bradesco was also the champion of the financial sector. The magazine also stressed Bradesco's investment in the area, which added up to US\$ 491.3 million in 2004.

Bradesco Seguros e Previdência received the award *Segurador Brasil 2005*, which places the Bank as the Insurance Company of the Year. Sponsored by the magazine *Segurador Brasil*, the award also highlighted Bradesco Capitalização with the Best Performance in the segment and Bradesco Vida e Previdência as the Pioneer in the Launching of Products and Concepts.

## 6 Social Responsibility

## Human Resources

---

Bradesco offers its staff the opportunity to continually develop their professional careers in a healthy and ethical work environment, where the Bank's commitments and objectives are clearly defined. The Organization regards its staff very highly and adopts the management policy of encouraging its people to seek promotion at all hierarchical levels. A customary saying at Bradesco is "Everyone can make it". One of our Organization's most outstanding business features is as the saying goes that "You can build your career at Bradesco". We have a closed-career policy, whereby the majority of our employees are admitted at apprentice levels or following the acquisition of other banks, which means that all in-house job vacancies are filled from our own ranks. This policy requires substantial investments in staff training, online or in-class, what provides our employees with the opportunity to develop their careers, through agile, extensive and permanent capacity building programs.

We are present both nationwide and abroad. The employees are given the chance to work in a number of different environments, in different operating and territorial areas.

Bradesco has a commitment to respect cultural and ethnic diversity which is considered a strategic factor for the good performance of a Bank which is present in almost all of Brazil's municipalities.

### Great Place to Work

---

Bradesco was listed for the fifth time in the prestigious *Guia Exame-Você S/A* guide – The Best Companies to Work, based on a study carried out by the *Exame and Você S/A* magazines in partnership with the consulting firm Great Place to Work Institute. As well as being ranked among the 150 best companies in which to work in Brazil, Bradesco was also rated among the 50 best companies for women for the second consecutive year.

This Guia Exame is considered the best and most comprehensive study on the workplace environment in Brazil. The study assessed the working environment of all these companies, as well as elements such as benefits, remuneration, professional development opportunities, ethics, citizenship values and social responsibility. Some 900 employees were selected by the researchers to take part in the survey.

In 2004, Bradesco was also highlighted in the list of "Best Companies in Managing People" organized by the Hay Group and published in the Valor Carreira yearbook, distributed by the Valor Econômico newspaper. According to this survey, based on interviews with 2,051 employees who were asked to assign scores to various statements about the workplace. Bradesco was rated first place in the category for companies with more than 15 thousand workers. Some 250 companies took part in this survey.

### People Management

---

This area, created in 2003, is designed to integrate a complete map of the Organization's human capital, with current HR policy and to present innovations in internal relations, through the development of leaders in people management.

The program is being deployed in several areas, providing a profile ID of the collaborators. Based on this knowledge, leaders and employees are able to share actions focused on improving their performance and relationships, as well as establishing goals designed to improve their key skills.

### Workplace Health and Safety Policies

---

Bradesco adopts preventive measures about health through information and guidance programs focusing on the employees. The issues addressed include: RSI/WRMD (Repetitive Stress Injury/ Work-related Musculoskeletal Disorders), Stress, Chemical Dependence, (Alcoholism/Drugs), Obesity, Cardiovascular Diseases, Fire Prevention and Combat, Sexually Transmitted Diseases, Aids and other. Those campaigns take place through the *Interação* magazine and in the *Sipat* (Internal Week of Work Accidents Prevention).

When hired, the employee also receives a brochure about Physical and Relaxing Exercises.

Bradesco is also a member of the National Business Council - CEN, which is designed to promote actions in the workplace to control and manage Aids.

The quality of the furniture, machinery and equipment used by employees is based on the guidelines contained in the Ergonomic Workplace Analysis designed to reduce physical effort and discomfort and correct harmful posture.

Another focal point concerns life quality, i.e., establish the equilibrium between the employee's personal and professional life. We are permanently alert to the number of normal and overtime hours worked by our staff, guaranteeing that employees have time for their personal commitments and leisure.

**Winding Down Room:** the Bank offers its Call Center staff at the Santa Cecília building, a room for winding down, which is designed to offer a comfortable environment and extra emotional support. The room is completely different to the other Organization environments and is equipped with furniture and apparatus to assist relaxation and soften the impact of the operators' day-to-day activities in and out of the call center. The room is open to all the employees of that section in the event of conflicting situations or psychological and emotional necessities.

## Benefits

---

As well as legally established benefits, Bradesco employees also have access to a series of benefits designed to guarantee their future and improve their life quality.

**Health and Dental Care Insurance:** Bradesco employees and their dependents have access to healthcare plans paid for in full by the Bank. This insurance includes treatment for AIDS (with reimbursement of expenses for medical prescriptions), kidney dialysis, organ transplants, as well as alternative treatments using acupuncture, homeopathy and physiotherapy, among others.

The Dental Care Plan includes preventive and surgical treatment, oral rehabilitation, child dentistry, endodontics, periodontology and prosthodontics. Employees and their dependents also receive premiums paid by Bradesco.

In the first quarter of 2005, there were 788,002 medical/hospital consultations and 159,523 dental consultations.

**Supplementary Retirement Pension Plan:** Bradesco makes possible for all the collaborators a Supplementary Retirement Pension Plan, contracted with Bradesco Vida e Previdência, to which the Bank contributes 50% of the monthly installments (including the 13<sup>th</sup> salary). The plan provides coverage to the retiree, the retiree or participant's widow or widower and their children under the age of 21 (or up to the age of 24 if still studying at university).

**Influenza Vaccination Campaign:** Bradesco offers every year the vaccine free to all its employees and at subsidized rates to their dependents.

**Social Service and Psychological Assistance:** in situations of emergency and special needs, the Bank offers Social and Psychological Assistance to its employees and their dependents. Assistance is given in diverse situations, such as in the event of serious illness, accidents, decease in the family and the need for special loans. This initiative demonstrates Bradesco's concern with the well-being of its staff and in the event of personal problems.

**Other Voluntary Benefits:** all employees receive daily snacks free of charge. All Bradesco employees have access to Group Life and Group Personal Accident Insurance policies. Medical and Dental Care Insurance, as well as an allowance for Creche/Childcare, are provided to employees with disabled children with no limit for age. Loans at subsidized rates for the purchase of house, automobiles, computers and personal expenses.

## Social Inclusion

---

**Youth Apprenticeship Program:** This is another Bradesco initiative focused on promoting Brazilian social inclusion. Based on Law 10,097, of December 19, 2000, this project is focused on enabling young people to know about banking services and it is carried out in partnership with the Fundação Bradesco. Besides of the job, it includes a knowledge process to greatly enlarge the opportunities for young people to gain experience and preparation for the employment market and for their own lives.

This project creates future prospects for these young people, seeking to transform their personal and social reality. At present, Bradesco has 404 Young People on its Apprenticeship Program and expects to double this number thru 2006.

**Equal Opportunity for the Disabled:** Bradesco has a policy which includes opportunities for Disabled People, and under efforts of increasing the hiring number of these professionals, it is becoming partner of specialized institutions for pointing out the candidates.

On March 31, 2005, Bradesco's employees, including staff at the subsidiaries, totaled 72,619.

The following table presents the variation Bradesco's headcount:

Edgar Filing: BANK BRADESCO - Form 6-K

---

### Training

---

The Staff Training Department has created and provides specific professional capacity building and enhancement programs providing employees with technical knowledge and behavioral skills, which are in sync with the Organization's needs and market requirements.

Designed to provide ongoing improvement and quality staff training activities, this area is ISO 9001:2000 certified, guaranteeing that course requests are approved and that employees are satisfied with the programs offered and that training activities are efficient.

## Edgar Filing: BANK BRADESCO - Form 6-K

The on-line training, internally called TreiNet, allows the employees to practice their knowledge by their own, involving 437,728 employee participations in the 34 courses available. At the 1st quarter, 3 more technical programs were made available: GDAD Basic Concepts, Windows Basic Information and Fixed Assets Inventory. Up to the end of the year we estimate to develop new courses. Together with Fundação Bradesco, there are 13 courses available via TreiNet for customers who have Conta Universitária Bradesco (a special account for students).

In this period, together with other medias used for trainings, we made available 4 more on-line trainings, that are: Projeto Nikkei (Nikkei Project), Conta PAB de Relacionamento (PAB Relationship Account), Consórcio-Contemplação de Imóveis e Canais de Conveniência (Securities and Convenience Channels Contemplating-Consortium). Besides we also distributed 3 on-line trainings, with materials included, that broach the following subjects: Business Prospecting System, New Rules related to Taxes and Income Tax and Support to the Operators of Self-Service s Terminals.

In compliance with Resolution 3,158/03, of the National Monetary Council, preparatory programs for the compulsory Investment Product Certification Exam, were implemented by the Bank. These programs are specifically designed for our specialists in investments responsible for providing investment advice in the Branch Network and to institutional investors. Some 4,750 of our professionals have successfully sat this exam to date.

In this period, the Insurance Universe UNIVERSEG project was continued for brokers and dealerships that sell Bradesco Seguros e Previdência s products. Courses are offered in-class or online, via TreiNetSeg, TreiNetPrev and TreiNetCapi with specific courses for the Insurance, Private Pension Plan and Savings Bonds areas.

The new strategies towards the Retail Market Segment were greatly improved with the Customers Management, that broach, among other subjects, the customers managements model in order to simplify the relationship, taking into account its potential for increasing the assets and the branches incomes, with 775 participations in the period and estimating 3,000 participations up to the end of the year. The Crédito no Varejo (Retail Market Credit) program is also highlighted, aiming to qualify the Accounts Managers that work with corporate customers and in allowance to credit for micro and small businesses. This program s development could count on Sebrae s partnership and the estimate for this year is about 3,000 participations.

Since 1996, in partnership with educational institutions such as FIA, FIPE, FGV and Ibmec, 1,076 of the Organization's employees obtained MBAs or other Post-Graduate Degrees and Specialization courses. In this quarter, a group commenced studying for the Controller-MBA, in partnership with Fipecafi, with 30 participants, from diverse areas. Three other groups started their MBAs in banking business (two in-class groups and one on-line group) developed for branch managers Organization-wide in partnership with FGV São Paulo and FGV Rio de Janeiro, with 100 participants.

During the period from January to March 2005, 393 courses were given in 5,440 groups, with 116,201 employee participations and a total of 862,780 hours spent in training, as well as investments of R\$ 7.9 million.

Increase in Employee Training Participation in thousands

Total Amount Invested in Training R\$ million

### **Sociocultural Events**

---

In 1Q05, Bradesco participated in the Summer and Carnival Festival in Salvador (State of Bahia), the musical event Planeta Atlântida in Florianópolis (State of Santa Catarina) and Porto Alegre (RS) and the Fenavinho National Festival of Wine in Bento Gonçalves (State of Rio Grande do Sul). Bradesco also took part in the Show Rural Coopavel in Cascavel (PR), ExpoAgrodinâmica in Não-Me-Toque (State of Rio Grande do Sul) and Expogrande Expo Agropecuária of Campo Grande (State of Mato Grosso do Sul).

In the cultural area, Bradesco sponsored the Project Music in Museums (Concertos de Verão Summer Concerts), which consists in Brazilian classical music concerts in the main museums of Rio de Janeiro. Beyond bringing art to the people of Rio de Janeiro, the goal is to value and to make known contemporary Brazilian composers.

In the educational area, Fundação Bradesco continued the development project of Digital Inclusion Center CID, which allows, among others, the access of low-income people to computer courses. In January 2005, the first Centre was opened, addressed to the Native Brazilian Community, in Canuanã, Ilha do Bananal, in the State of Tocantins.

On March 6, Fundação Bradesco promoted, for the third year in a row, the National Day of Volunteer Action in its 40 schools and in other 50 nation wide community facilities. The action executed more than 700 thousand services, benefiting thousands of deprived people with 650 activities developed in the areas of: health, citizenship, art, environment, technology, sport and leisure. About 11 thousand volunteers took part, comprising a wide range of people such as: students, teachers, employees, doctors, dentists, nutritionists, nurses, psychologists and lawyers.

### **Finasa Sports Program**

---

The Bradesco Organization channels its support of sports activities through the FINASA Sports Program (FINASA ESPORTES), successor of the BCN Sports Program. This initiative which completed 17 years of activity in 2004, gained momentum in 1997, following its integration with Bradesco's other social projects. From that time on, the program has become a benchmark for assistance in the education of young people, using sports through the formation of womens' basketball and volleyball teams as an instrument for social inclusion. At present, 3,882 girls from 10 to 16 years old, enrolled at school and attending classes on a regular basis are included in the program. Some 70% of these girls come from deprived backgrounds and are considered to be at social risk.

FINASA ESPORTES maintains 78 training centers, 50 for volleyball and 28 for basketball, installed on the premises of state schools, at Osasco's city hall sports centers, at Fundação Bradesco school, at a SESI unit and at three private schools, all located in the municipality of Osasco, in Greater São Paulo. Acting in partnership with the local City Hall, the Bradesco Organization offers a full support structure which includes the supply of sports and learning materials, as well as a team of 60 professional instructors, including municipal and state coordinators and teachers.

## Edgar Filing: BANK BRADESCO - Form 6-K

From its creation, community integration has been the outstanding feature of this important work. The PROGRAM is designed to transform sports practice into a powerful tool for strengthening the ties with citizenship values. At the FINASA ESPORTES training centers, 2 classes every week are dedicated to counseling on various topics such as notions of hygiene, teen pregnancy, stress, drug abuse and other teen-related issues, always emphasizing the importance of team spirit. The training centers are also used to disseminate values that favor healthy living in society, including respect for others, union, dedication, persistence and excellence. Classes also stress the importance of having a positive and participative attitude, emphasizing the need to foster activities related to the recycling of materials, the rational use of water and electricity and the promotion of campaigns related to social issues, such as collecting donations in food and clothing.

The FINASA ESPORTES program shows that sports practice is much more than a way to discover vocations or create athletes, it lays the basis for the formation of citizens, who are the essence of a better country for everyone.

### **Fundação Bradesco The Bradesco Organization s Social Arm**

---

#### Background

---

Fundação Bradesco, a not-for-profit entity, headquartered at Cidade de Deus, Osasco, SP, was founded in 1956 and declared to be of Federal Public Utility by Decree 86,238, on July 30, 1981.

Aware that education lies on the roots of equal opportunities and personal and collective fulfillment, Fundação Bradesco currently holds 40 schools installed as priority in the country's most underprivileged regions, in all Brazilian States and in the Federal District.

#### Objectives and Goals

---

Through the pioneer action of private social investment, the main mission of Fundação Bradesco is to provide formal quality education to children, young people and adults, so that they achieve personal fulfillment through their work and citizenship.

Accordingly, the reach of Fundação Bradesco has been expanded yearly, increasing the number of enrolled students from 13,080 to more than 107,699 over the last twenty-four years. The schools of Fundação Bradesco run free education for Kindergarten, Elementary School and High School, as well as Basic Professional and Technical education in IT, electronics, industry, management and agribusiness. Distance learning is also offered as part of the Youth and Adult Basic Education Equivalency programs via Tele-education and the Virtual Classroom site.

### **Areas and Methods of Action**

---

#### Basic Education

---

Kindergarten and Elementary School comprise more than 43% of all students on courses provided by Fundação Bradesco each year. In addition, the students receive free school materials, uniforms, meals and health assistance.

Fundação Bradesco is always evaluating contemporary learning trends and, therefore, is always bringing new challenges for learning practices so that the conclusions are spread throughout all school units, ongoing interchange among them.

The schools are understood as a privileged environment for appraising citizenship values and for regarding students as original and creative human beings, who learn through experiences in both school and society. Hence, their potential and needs to interact and reflect on the diversity of knowledge are essential.

The multi-disciplinary learning seeks to provide students with access to practical and theoretical cognitive content, based on the principle that the development process is both dialectic and constructive and that their role in learning is faced as a producer of knowledge.

On this intent, Fundação Bradesco offers various continuing education opportunities, including e-learning.

## Edgar Filing: BANK BRADESCO - Form 6-K

These resources have resulted in the compilation of diverse learning materials, including text books used up to the fourth grade, Philosophy for High School and Cultural Diversity as well as other important support materials.

### Technical Professional Education

---

Based on the commitment of offering technical professional education capable of guaranteeing to the student the continuous right to develop their skills for a fruitful and social life, Fundação Bradesco is in consonance to the new model of technical learning in force in Brazil. Bradesco structured the subjects of the course, prioritizing the demands from the job market and the society from a brand new perspective.

Based on the professional areas of Agribusiness, Industry (Electronics) and Information Technology, a number of courses were developed and offered according to the specific needs of the communities in which the school units are located.

The content of these courses aims to ensure a strict relation among work, knowledge and citizenship. The final target is to bring out creative, productive and business minded citizens, as well as showing students the importance of permanent education.

When offering to students, who arise from underprivileged backgrounds, courses whose content will facilitate their entry and re-entry into the job market, Fundação Bradesco provides access to the emerging and fast-changing business world.

### Basic Professional Education

---

Fundação Bradesco runs free Basic Professional Education designed for the update and qualification of workers with different school levels. There are more than 105 options for courses, presenting flexible programs, in the same track of the job market conditions in the following professional areas: Management, Personal Image, (Fashion and Personal Beauty Care), Industry (Electrical, Electronics and Printing Technology), IT, Leisure and Social Development, Tourism and Hosting (Tourism, Hosting and Catering). In the Agribusiness Area, Fundação Bradesco offers courses which include Artificial Insemination techniques.

### Youth and Adult Education

---

These students come from different regions but often have similar life histories and comprise in their majority, workers and housewives who were unable to attend or remain at school when they were supposed to. At Fundação Bradesco, they can attend adult literacy courses and graduate at both Elementary and High School levels, apply for university entry, in order to improve their employment prospects and most importantly to increase their skills.

Youth and Adult education courses are given in two segments: Youth and Adult Literacy and Tele-education for Elementary and High School Equivalency.

The Tele-education courses are offered in the own schools of the Fundação or on the premises of the companies that have entered into operating agreements with it, with flexible timetables to suit the different work shifts, avoiding the need for students to travel to the school units. Another reason for the good performance is related to the investments made by Fundação Bradesco in learning technology resources.

Developed for the parents of students who attend the schools of Fundação Bradesco, the Adult Literacy Course is structured around a socio-constructive concept, whereby the student becomes an active subject in the learning process. The topics addressed during classes awake the interests and motivate learners, guaranteeing the success of the course.

The main purpose of the Fundação Bradesco is to prepare students to improve their lives, based on the acquisition of organized knowledge, since according to Bradesco philosophy education alone is capable of forming citizens who are participative and aware of their role in society.

## Edgar Filing: BANK BRADESCO - Form 6-K

### Significant Events

On March 6, all the School Units of Fundação Bradesco participated in the International Day of the Voluntary Action. More than 700 thousand people benefited from activities promoted in leisure and entertainment, education, culture, sports, preventive health, community development and citizenship. The action attracted 11 thousand volunteers in more than 100 facilities, that included schools of the Public Network, CIDs Digital Inclusion Centers and the own schools of Fundação Bradesco.

Aiming to provide basic learning in computers and access to public services via Internet, besides of appraising citizenship with actions development pronounced with the communities, Fundação Bradesco deployed two more CIDs Digital Inclusion Centers: one located at Rio de Janeiro and the other one at Javaés/TO, which is the first digital inclusion center located at Native Brazilian indian community. The project together with IT companies aims to avoid digital exclusion and to boost the compliance to people that live next to the schools, in places managed by the community's volunteers. High School students provide reinforcement for the activities, acting as main characters.

The agreement with Fundação Roberto Marinho was renewed for maintaining the TV channel Canal Futura. Fundação Bradesco is a partnership of this initiative since 1997, being known by its education programming and community rendering.

### School's Location

The majority of the Fundação Bradesco's educational units are located on the outskirts of major cities or in rural areas where there is a significant lack of educational and welfare assistance. Thousands of students in all over Brazil are given the opportunity to study at these schools.

7 Independent Auditors Report

**Independent auditors report on special review of supplementary account information included in the Report on Economic and Financial Analysis and in the Social Report**

---

To  
The Board of Directors and Stockholders  
Banco Bradesco S.A.  
Osasco SP

We have performed special reviews, in accordance with the specific rules established by the Brazilian Institute of Independent Auditors (IBRACON) jointly with the Brazilian Federal Accounting Council (CFC), of the consolidated interim report of Banco Bradesco S.A. and its subsidiaries for the three-month periods ended March 31, 2005, December 31, 2004 and March 31, 2004 and have issued an unqualified report, dated May 6, 2005.

Our reviews were performed for the purpose of reviewing the consolidated interim report of Bradesco S.A. and its subsidiaries taken as a whole. In connection with our special reviews, we have performed reviews of the supplementary account information included in the Report on Economic and Financial Analysis and in the Social Report, presented exclusively for the purpose of additional analysis and are not a required part of the financial statements.

Based on our special reviews, we are not aware of any significant modifications that should be made to the supplementary account information for it to be presented adequately, in all material respects, in relation to the interim report taken as a whole.

8 Financial Statements, Independent Auditors Report and Report of the Fiscal Council

**Banco Bradesco S.A.**

**Management Report**

We are pleased to present the Financial Statements for the quarter ended on March 31, 2005 of Banco Bradesco S.A., as well as the consolidated financial statements, prepared in accordance with the requirements of Brazilian Corporate Legislation.

Among the important events for the quarter at the Bradesco Organization, we highlight the following:

- **In January, agreement with Lojas Colombo**, one of Brazil's largest retail chain of home appliances and furniture, with 368 stores, aiming the structuring and distribution of a Credit Assignment Fund (FIDC). This enterprise will increase the working capital available for consumer sales financing, as well as expand Bradesco's services, as the 781 terminals of the stores will be connected to the Bank and able to receive third-parties collection bonds and utilities bills, among others.
- **On March 1, the increase by 21.121972% of the monthly amount of the Interest on Own Capital**, traditionally paid in advance to the Company's stockholders, from R\$0.047060 to R\$0.057000 (net of Withholding Income Tax - R\$ 0.048450), for the common stocks and from R\$0.051766 to R\$0.062700 (net of Withholding Income Tax - R\$ 0.053295), for the preferred stocks, to be paid as from April/2005.
- **On March 10, the Special Stockholders' Meeting incorporating the stocks of minority stockholders of Bradesco Seguros S.A.**, converting the company into a wholly-owned subsidiary of Bradesco. For each Bradesco Seguros' stock held by minority stockholders, 165.12329750137 Bradesco stocks were attributed, being 82.95659669277 common and 82.16670080860 preferred stocks.
- **It is also important to highlight the acquisition, on April 15, by means of its subsidiary Finasa Promotora de Vendas, of Banco Morada's Consumer Financing Network, comprising the operations of Personal Loans and Consumers' Direct Loan (CDC).** The agreement is a step further in the Bank's strategy to enlarge its operations in the consumer sales financing segment, with the inclusion of 1.1 million clients and more than 3.6 thousand affiliated outlets.

In the quarter, Bradesco presented Net Profit of R\$ 1.205 billion, equivalent to R\$ 2.45 per stock, annualized profitability of 32.50% on the final Net Equity and of 34.72% on the average Net Equity.

Taxes and social contributions, including social security, paid or provisioned in the period, calculated based on the main activities of Bradesco Organization, totaled R\$ 969.339 million, 80.41% of the Net Profit.

The paid-in Capital Stock at the end of the quarter was increased to R\$ 10 billion, by means of subscription of new stocks by stockholders in the amount of R\$ 700 million, deliberated on 12.9.2004 and approved on 3.10.2005, which raised more R\$ 24.250 million as premium in the auction of unsubscribed shares, recorded in the Capital Reverses account; the increase of R\$11.856 million through the issuance of new stocks to the minority stockholders from Bradesco Seguros S.A.; and the increase of R\$2.288 billion by means of Capitalization of Reserves, without issuing stocks, deliberated on March 10. Added to the Equity Reserves of R\$ 6.538 billion, Stockholders' Equity totaled R\$ 16.538 billion, up 21.39% from the same period of the prior year, corresponding to a book value of R\$ 33.62 per stock.

Stockholders' Equity is equivalent to 8.67% of the consolidated Assets, which increased 18.84% in relation to March/2004, totaling R\$ 191.299 billion. Therefore, the capital adequacy ratio reached 17.11% on the consolidated financial basis and 14.97% on the consolidated economic and financial basis; hence, over the minimum of 11% established by the Resolution 2099, from 8.17.1994, of the National Monetary Council of Brazil, in conformity to the Basel Committee. After the end of the quarter, the ratio of permanent assets, related to the Consolidated Reference Equity, was 43.85% in the consolidated financial basis and 21.13% in the consolidated economic and financial basis, within the maximum limit of 50%.

In compliance with the provisions of the Article 8 of the Brazilian Central Bank Circular 3068, of 11.8.2001, Bradesco declares that it has the financial capacity and the intention to hold to maturity the securities classified in the securities held to maturity category.

Global income funded and managed by Bradesco Organization, on March 31, recorded an increase of 20.50% when compared to the same period last year, totaling R\$ 276.767 billion, distributed as follows:

- R\$ 93.230 billion in Demand, Time and Interbank Deposits, Other Deposits, Open Market and Savings Accounts;
- R\$ 104.757 billion in managed resources, comprising Investment Funds, Managed Portfolios and Third-Parties Funds Quotas, with an increase of 22.20% in relation to the same period of the prior year;
- R\$ 36.191 billion recorded in the Foreign Exchange Portfolio, Borrowings and Onlendings, Own Working Capital, Collection and Deposits of Taxes and Similarities, Securities Issuance and Subordinated Debt in Brazil;
- R\$ 35.328 billion recorded in Technical Reserves for Insurance, Private Pension Plans and Savings Bonds, with an expansion of 26.41% when compared to the same period of 2004;

## Edgar Filing: BANK BRADESCO - Form 6-K

- R\$ 7.261 billion in External Income, through public and private issuances, Subordinated Debt and Securitization of Future Financial Flows, representing US\$ 2.735 billion.

Credit Operations, at the end of the period, recorded the balance of R\$ 65.979 billion, with an increase of 20.19% in relation to March/2004, including in this amount:

- R\$ 5.298 billion in Advances on Foreign Exchange Contracts, for a total Portfolio of US\$ 3.367 billion in Export Financing;
- US\$ 483.373 million of Import Financing in Foreign Currency;
- R\$ 1.774 billion in Leasing;
- R\$ 5.919 billion in business in the Agribusiness Industry;
- R\$ 19.526 billion in Consumer Sales Financing;
- R\$ 7.393 billion related to foreign and local onlendings, arising mainly from BNDES – National Bank for Social and Economic Development.

The consolidated balance of the allowance for loan loss reached R\$ 4.301 billion, corresponding to 6.52% of the total volume of credit operations.

Bradesco destined for Real Estate Financing activities during 1Q05 the amount of R\$ 150.157 million for the building and acquisition of homes, corresponding to 1,898 real estates.

In Capital Markets, Bradesco intermediated important operations of public placement of stocks, debentures and promissory notes, which totaled, in the quarter, R\$ 715.852 million, representing 6.51% of all issuances recorded at CVM. Moreover, the Bank participated vigorously in the advisory of special operations, especially credit assignment funds, mergers and acquisitions, project finance and financial and partnership restructurings.

Grupo Bradesco de Seguros, confirming its outstanding presence in the sector of Insurance, Private Pension Plans and Savings Bonds, recorded on March 31 Net Income of R\$ 431 million. The global earnings from premiums reached R\$ 3.616 billion, up 5.40% in relation to the prior year.

At the end of the quarter, the Bradesco Organization Network, at service of customers and users, comprised 12,800 outlets, parallel to 22,060 Bradesco Night and Day ATMs, 19,873 of which also operate at weekends and on bank holidays:

2,959 Branches in Brazil ( 2,958 Bradesco and 1 Banco Finasa);

4 Branches Abroad, being 1 in New York (Bradesco), 2 in Grand Cayman (Bradesco and Banco Boavista) and 1 in Nassau, Bahamas (Boavista);

5 Subsidiaries abroad (Banco Bradesco Argentina S.A. in Buenos Aires, Banco Bradesco Luxembourg S.A. in Luxembourg, Bradesco Securities, Inc. in New York, Bradesco Services Co., Ltd. in Tokyo and Cidade Capital Markets Ltd. in Grand Cayman);

5,389 Banco Postal branches;

2,348 Banking service posts and outlets in companies;

1,974 Outplaced terminals of the BDN – Bradesco Day and Night Network;

121 Branches of Finasa Promotora de Vendas, present in 14,853 vehicle dealerships and in 19,259 stores selling furniture and home decor, tourism, auto parts and IT related equipment and software, DIY, clothing and footwear, among others.

In compliance with the provisions of CVM Instruction 381, no non-audit services were contracted by the Bradesco Organization or provided by KPMG Auditores Independentes for an amount which exceeds 5% of the total external audit costs. This policy complies with the principles designed to maintain the independence of external auditors as follows: auditors should not audit their own work, nor exercise management functions for their clients, nor promote the interests of such clients. Each external audit is contracted for a maximum five-year period pursuant to the Brazilian Central Bank regulations.

The social work of the Organization is focused on educational and assistance programs developed through Fundação Bradesco, with presence in all of Brazil's states and the Federal District, with an educational network comprising 40 schools installed as a priority in regions which are both socially and economically deprived. More than 107 thousand students received education free of charge, including those enrolled on its youth and adult education and basic professional training courses. Another important aspect of the Fundação Bradesco's work, on a national level, is the provision of free meals, uniforms, school materials and medical/dental care to its more than 50 thousand junior, middle and high school and technical training students.

## Edgar Filing: BANK BRADESCO - Form 6-K

In the Human Resources Area, Bradesco continued its wide ranging training and qualification programs, designed to the qualification and development of the staff, for enhancing service and the required level of products and services rendered. In the quarter, 393 courses were given, with 116,201 participants. The assistance benefits that target to assure the well-being, the improvement in the quality of life and security of employees and its offspring comprised, on March 31, 175,535 lives.

The accomplishments and positions conquered reflect the dimension of the strategy developed by the Bradesco Organization, always based on concepts of quality and efficiency. For the achievements reached, we thank the support and the trust of our stockholders and customers and the efficient and dedicated work of our employees and other collaborators.

**1) OPERATIONS**

Banco Bradesco S.A. is a private-sector open-capital company which, operating as a Multiple Bank, carries out all types of authorized banking activities through its commercial, foreign exchange, investment, consumer financing, housing loan and credit card portfolios. The Bank also operates in a number of other activities through its direct and indirect subsidiary companies, particularly in Leasing, Consortium Management, Insurance, Savings Bonds and Private Pension Plan activities. Operations are conducted within the context of the companies comprising the Bradesco Group, which are jointly active in the market.

**2) PRESENTATION OF THE FINANCIAL STATEMENTS**

The financial statements of Banco Bradesco S.A. include the financial statements of Banco Bradesco S.A., its foreign branches and its direct and indirect subsidiaries and jointly controlled investments, in Brazil and abroad, and Special Purpose Entities (SPEs). They were prepared based on accounting policies determined by Brazilian Corporation Law for the recording of operations, as well as the rules and instructions of the National Monetary Council (CMN), Brazilian Central Bank (BACEN), Brazilian Securities Commission (CVM) and Superintendence of Private Insurance (SUSEP) and the National Agency for Supplementary Healthcare (ANS), and comprise the financial statements of the leasing companies based on the capital leasing method of accounting, whereby leased assets are reclassified to the leasing operations account.

Accordingly, for preparation purposes, intercompany investments, asset and liability account balances, revenue, expenses and unrealized income were eliminated from these financial statements and, in the case of investments which are jointly controlled with other stockholders, asset, liability and income components were included in the consolidated financial statements in proportion to the parent company's percentage capital ownership of each investee. Goodwill on the acquisition of investments in subsidiaries and in the jointly controlled investments is presented in deferred assets and minority interests in net income and stockholders' equity are separately disclosed. The exchange variation arising from transactions of subsidiaries and foreign branches was allocated to the statement of income accounts according to the corresponding assets and liabilities from which it originated.

The financial statements include estimates and assumptions, such as the calculation of the allowance for loan losses, the estimation of the fair value of certain financial instruments, provision for contingencies, other provisions, the quantification of technical reserves for insurance, pension plans and savings bonds and the determination of the useful economic life of specific assets. Actual results could differ from these estimates and assumptions.

We highlighted the main ownerships included in the consolidation:

- (23) Percentage ownership decreased through sale of stocks, in May 2004;
- (24) Merged into Cia. Brasileira de Meios de Pagamento Visanet in December 2004;
- (25) On August 31, 2004, União de Comércio e Participações Ltda. was partially spun off, with the spun-off portion merged into Caulim Participações Ltda. The remaining portion was merged into Banco Alvorada S.A. in September 2004; and
- (26) Formerly Caulim Participações Ltda.

### 3) SIGNIFICANT ACCOUNTING POLICIES

#### a) Determination of net income

Income and expenses are determined on the accrual basis of accounting. Transactions with prefixed rates are recorded at their redemption amounts and income and expenses for the future period are recorded as a discount to the corresponding asset and liability accounts. Income and expenses of a financial nature are prorated daily and calculated based on the exponential method, except when relating to discounted notes or to cross-border transactions which are calculated on the straight-line method. Post-fixed or foreign-currency-indexed transactions are adjusted to the balance sheet date.

The insurance and coinsurance premiums and income on commissions, net of premiums assigned in coinsurance and reinsurance and corresponding expenses for commission, are appropriated to results upon issuance of the corresponding insurance policies and are deferred for appropriation on a straight-line basis over the terms of the policies, through the recording and reversal of a provision for unearned premiums and deferred selling expenses. The accepted coinsurance and retrocession operations are recorded based on the information received from other companies and the Brazilian Institute of Reinsurers (IRB), respectively.

The revenue from savings bonds plans is recognized at the time it is effectively received. The expenses for placement of bonds, classified as Selling Expenses, are recorded as they are incurred. Brokerage expenses are recorded at the time the savings bonds certificate revenues are effectively received.

The supplementary pension plan contributions are recorded in income at the time they are effectively received.

The corresponding expenses for technical reserves for private pension plans and savings bonds are recorded at the same time as revenue therefrom is recognized

**b) Interbank investments**

Purchase and sale commitments subject to unrestricted movement agreements are adjusted to market value. Other assets are recorded at purchase cost, including accrued income up to the balance sheet date, net of loss accrual, when applicable.

**c) Securities**

- Trading securities - securities which are acquired for the purpose of being actively and frequently traded are adjusted to market value as a counter-entry to results for the period;

- Securities available for sale - securities which are not specifically intended for trading purposes or as held to maturity, are adjusted to market value as a counter-entry to a specific account in stockholders' equity, at amounts net of tax effects; and

- Securities held to maturity - securities for which there exists intention and financial capacity for maintenance through to maturity are recorded at cost, plus accrued earnings, as a counter-entry to results for the period.

**d) Derivative financial instruments (assets and liabilities)**

These are classified based on management's intended use thereof on the date of the operation and whether it was carried out for hedging purposes or not.

The derivative financial instruments which do not comply with the hedging criteria established by BACEN, particularly derivatives used to manage general exposure to risk, are recorded at market values, with the corresponding mark-to-market adjustments taken directly to income for the period.

The derivative financial instruments used for protection against exposure to risk or for changing the characteristics of financial assets and liabilities and which are: (i) significantly correlated in relation to the adjustment of their market value to the market value of the hedged item, at both the start and over the duration of the contract; and (ii) considered to be effective in mitigating the risk associated with the exposure which is to be protected, are classified as hedges in accordance with their specific nature:

- Market risk hedge - the hedged financial assets and liabilities and the corresponding derivative financial instruments are recorded at market value, with corresponding mark-to-market adjustments recorded directly in income for the period; and

- Cash flow hedge - hedged financial assets and liabilities and the corresponding derivative financial instruments are recorded at market value, with corresponding mark-to-market adjustments, net of tax effects, recorded in the stockholders' equity account. The non-hedged portion is recorded directly in results for the period.

**e) Credit and leasing operations, advances on foreign exchange contracts, other receivables and allowance for loan and leasing losses**

Credit and leasing operations, advances on foreign exchange contracts and other receivables are classified at their corresponding risk levels in compliance with: (i) the parameters established by CMN Resolution 2682, at nine levels from AA (minimum risk) to H (maximum risk); and (ii) management's risk level assessment. This assessment, which is carried out on a periodic basis, considers current economic conditions, and past loan loss experience, as well as specific and general risks relating to operations, borrowers and guarantors. Moreover, the length of the delay in payment defined in CMN Resolution 2682 is also taken into account for customer risk classification purposes as follows:

Past-Due Period	Customer classification
From 15 to 30 days	B
From 31 to 60 days	C
From 61 to 90 days	D
From 91 to 120 days	E
From 121 to 150 days	F
From 151 to 180 days	G
More than 180 days	H

The accrual of credit operations past due up to 60 days is recorded in income on credit operations and subsequent to the 61st day, in unearned income.

## Edgar Filing: BANK BRADESCO - Form 6-K

Past-due operations classified at H level remain at this level for six months, subsequent to which time they are written off against the existing allowance and controlled over a five-year period in memorandum accounts and no longer presented in the balance sheet.

Renegotiated operations are maintained with a classification equal to their prior rating. Renegotiated operations, already written off against the allowance and which are recorded in memorandum accounts are classified at H level and any gains derived from their renegotiation are recognized as revenue only when they are effectively received.

In the case of mortgage loans, the contractual capitalization period (monthly or quarterly) for income appropriation purposes complies with applicable legislation and end-borrower financings are adjusted to the present value of the installments receivable.

The allowance for loan losses is recorded at an amount considered sufficient to cover estimated losses and considers BACEN requirements and instructions, as well as Management's appraisal of the related credit risks.

### **f) Income tax and social contribution (asset and liability)**

Deferred income tax and social contribution, calculated on tax losses, negative basis of social contribution and temporary additions are recorded in Other receivables - Sundry, and the provision for deferred tax liabilities on excess depreciation and mark-to-market adjustments of securities is recorded in Other liabilities - Taxes and social security contributions. Only deferred tax assets which have already acquired tax deductibility rights are recorded on amortization of goodwill.

Deferred tax assets on temporary additions are realized upon use and/or reversal of the corresponding provisions on which they were recorded. Deferred tax assets on tax losses and negative basis of social contribution will be realized as taxable income is generated.

The provision for federal income tax is calculated at the standard rate of 15% of taxable income, plus an additional rate of 10% for income over established limits. The provision for social contribution is recorded at the rate of 9% of pre-tax income. Provisions were recorded for other taxes and social contributions in accordance with specific applicable legislation.

### **g) Technical reserves relating to insurance, pension plan and savings bonds activities**

Provision for unearned premiums

These are recorded based on the retained insurance premiums deferred over the terms of the insurance contracts, in accordance with criteria established by SUSEP and ANS standards.

Reserves for benefits to be granted and benefits granted

Mathematical reserves comprise the amounts of the liabilities assumed under the form of income, pension and savings plans and are calculated based on the financial method determined in the contract, under the responsibility of a legally qualified actuary registered with the Brazilian Institute of Actuaries (IBA). The mathematical reserves comprise the present value of future benefits estimated based on actuarial methods and assumptions. The reserve for benefits to be granted comprises participants whose receipt of benefits has not yet commenced and the reserve for benefits granted comprises participants who are currently receiving benefits.

Savings Bonds mathematical reserves for redemptions and draws

These were recorded in conformity with the actuarial technical notes approved by SUSEP, based on a variable percentage applicable to the amounts of the savings bonds certificates effectively received and are adjusted for price-level restatement.

Unsettled claims and IBNR

The reserve for unsettled claims is recorded based on the estimated payments of claims incurred, including claims which are under dispute in the courts, net of recoveries and adjusted for price-level restatement up to the balance sheet date. The reserve for claims incurred but not reported (IBNR) is calculated on an actuarial basis to quantify the volume and amount of the claims incurred, but which have not yet been reported to the insurance companies by the policyholders/beneficiaries.

### **h) Investments**

Significant investments in subsidiary and associated companies and jointly controlled investments are recorded on the equity method. The financial statements of the foreign branches and subsidiaries are adjusted to comply with the accounting practices adopted in Brazil, translated

## Edgar Filing: BANK BRADESCO - Form 6-K

into reais and their related effects recognized in income for the period.

The exchange membership certificates of Stock Exchanges, the Chamber of Financial Clearance and Custody of Private Securities (CETIP) and the Mercantile and Futures Exchange (BM&F) were recorded at their unaudited net book values, informed by the corresponding exchanges and fiscal incentives and other investments were recorded at cost, less the provision for loss, when applicable.

### i) Property and equipment in use

This is stated at cost, net of the corresponding accumulated depreciation, calculated on the straight-line method at annual rates which take into consideration the economic useful lives of the assets as follows: buildings in use - 4% per annum; furniture and fixtures and machinery and equipment - 10% per annum; data processing systems - 20% to 50% per annum; and transport systems - 20% per annum.

### j) Deferred charges

Deferred charges are recorded at cost of acquisition or formation, net of the corresponding accumulated amortization at 20% to 50% per annum, calculated on the straight-line method.

Goodwill on the acquisition of investments in subsidiary companies, based on expected future results, is amortized at rates of 10% to 20% per annum and is presented on a consolidated basis in deferred charges.

### k) Deposits and funds obtained in the open market

These are stated at the amount of the liabilities and include related charges up to the balance sheet date, on a daily pro rata basis.

### l) Other assets and liabilities

The assets were stated at their realizable amounts, including, when applicable, related income and monetary and exchange variations (on a daily pro rata basis), and provision for loss, when deemed appropriate. The liabilities include known or estimated amounts, plus related charges and monetary and exchange variations (on a daily pro rata basis).

Bradesco Organization's policy is not to record the active contingencies while the final decision, when no more appeals are possible, is effectively established.

## 4) INFORMATION FOR COMPARISON PURPOSES

### Reclassifications

In order to facilitate comparison of the financial statements, certain March 31, 2004 account balances were reclassified, aiming the adequacy of accounting procedures/classifications adopted on March 31, 2005.

	R\$ thousand		
STATEMENT OF INCOME	Prior disclosure	Reclassifications	Reclassified balance
<b>Other operating income (expenses)</b>	<b>(1,970,456)</b>	-	<b>(1,970,456)</b>
Income on insurance premiums, private pension plans and savings bonds (1)	3,269,613	(276,280)	2,993,333
Savings bond draws and redemptions (1)	(808,928)	276,280	(532,648)
<b>Net income</b>	<b>608,713</b>	-	<b>608,713</b>

(1) Pursuant to SUSEP requirements, VGBL plan redemptions were reclassified from benefits and redemptions for premium refunds.

### 5) ADJUSTED BALANCE SHEET AND STATEMENT OF INCOME BY BUSINESS SEGMENT

The following information is presented in conformity with the definitions set forth in the Chart of Accounts for National Financial System Institutions (COSIF).

- (1) Investments in fund quotas were distributed based on the securities comprising their portfolios, maintaining the fund category classification;
- (2) Reclassifications on December 31, 2004, in compliance with BACEN Circular 3068:  
 In BEM Distribuidora de Títulos e Valores Mobiliários Ltda., securities comprising mainly investment funds in the amount of R\$ 3,008 thousand which were classified as securities held to maturity, were reclassified. An amount of R\$ 3,006 thousand as trading securities and R\$ 2 thousand as securities available for sale with no effects on income and stockholders' equity;  
 In Banco Mercantil de São Paulo, trading securities in the amount of R\$ 51,738 thousand, mainly comprising privatization currencies were reclassified to securities available for sale, with no effect on income or stockholders' equity;
- (3) Investment fund and managed portfolio resources invested in purchase and sale commitments with Banco Bradesco, the investors in which are subsidiary companies, included in the consolidated financial statements;
- (4) The number of days to maturity was based on the maturity of the securities, regardless of accounting classification;
- (5) This column reflects book value subsequent to mark-to-market, except for securities held to maturity, whose market value is higher than book value by an amount of R\$ 786,677 thousand December 31, 2004 - R\$ 912,313 thousand - March 31, 2004 - R\$ 802,232 thousand);
- (6) The market value of securities is determined based on the market price available on the balance sheet date. In the event no market prices are available, amounts are estimated based on the prices quoted by dealers, on price definition models, quotation models or quotations for instruments with similar characteristics;
- (7) In compliance with the provisions of Article 8 of BACEN Circular 3,068, Bradesco declares that it has both the financial capacity and the intention to hold to maturity the securities classified in the securities held to maturity category. This financial capacity is evidenced in Note 7, which presents the maturities of asset and liability operations at the base date of March 31, 2005; and
- (8) In order to compare with the criteria adopted by the BACEN Circular 3,068 and by securities characteristic, we are placing the derivative financial instruments into Trading Securities .
- d) Composition of the portfolios by account:

(1) These consist of funds obtained from banks abroad, from the issuance of notes in the international market and under National Monetary Council (CMN) Resolution 2770 for:

- (i) onlending to local customers, repayable through 2009, under terms which do not exceed those of the funds obtained, with interest payable at LIBOR, plus a spread or pre-fixed interest;
- (ii) for financing exchange operations for customers, through purchase and sale of foreign currencies, discounts of export bills, pre-financing of exports and financing of imports, mainly on a short-term basis.

(2) Securitization of money orders and credit card bill receivables from cardholders abroad

From 2003 on, Organization Bradesco enters into certain agreements designed to optimize its funding and liquidity management activities through the use of Specific Purposes Entities (SPEs). These SPEs, Brazilian Merchant Voucher Receivables Limited and International Diversified Payment Rights Company, are financed through long-term obligations and settled through the future cash flows of the corresponding assets.

These assets consist mainly of the following:

- (i) Current and future flows of money orders remitted by individuals and corporate entities located abroad to beneficiaries in Brazil for which the Bank acts as paying agent; and
- (ii) Current and future flows of credit card receivables arising from expenses effected in Brazilian territory by holders of cards issued outside of Brazil.

The long-term notes issued by the SPEs and sold to investors will be settled through funds derived from the money order flows and credit card bills. Bradesco is obliged to redeem these notes in specific cases of default or if the SPEs operations are ended.

The funds derived from the sale of current and future money orders and credit card receivables, received by the SPE, must be maintained in a specific bank account until such time as a specific minimum limit is attained.

We present below the main features of the notes issued by the SPEs:

**20) CONTINGENT LIABILITIES**

The Bradesco Organization is currently a defendant in a number of legal suits in the labor, civil and tax spheres, arising from the normal course of its business activities.

The provisions were recorded based on the opinion of the Organization's legal advisors, the types of lawsuit, similarity with previous suits, complexity and jurisprudence and prior court sentences, whenever loss is deemed probable.

The Organization's Management considers that the provision recorded is sufficient to cover possible losses generated by the corresponding legal proceedings.

**Labor claims**

These are claims brought by former employees seeking indemnity, especially, the payment of unpaid overtime. Following the effective control over working hours implemented in 1992, via electronic time cards, overtime is paid regularly during the employment contract and accordingly, claims on an individual basis subsequent to 1977 are no longer significant.

The provision for labor contingencies is provisioned based on the average amount of the indemnities paid.

## Edgar Filing: BANK BRADESCO - Form 6-K

### Civil suits

These arise during the normal course of certain work routines and comprise claims for pain and suffering and pecuniary damages, mainly protests, bounced checks and the inclusion of names in the restricted credit registry.

In general, the amounts under dispute are unlikely to affect financial results since more than 60% of new suits were brought at the small claims court, i.e., for amounts of less than the maximum limit of 40 minimum wages. Moreover, some 50% of these suits are judged unfounded and the average cost of each indemnity is some 5% of the total amount claimed.

At present, there are no significant administrative suits in course, moved as a result of the lack of compliance with National Financial System regulations or payment of fines which could jeopardize the Bank's financial results.

### Tax proceedings

The Bradesco Organization is disputing the legality of certain taxes and contributions, for which provisions have been recorded in full, despite the likelihood of a successful medium and long-term outcome based on the opinion of their legal advisors.

The provisions recorded segregated by legal sphere are as follows:

	R\$ thousand		
	On March 31 2005	On December 31 2004	On March 31 2004

(1) Operation awaiting approval from BACEN.

At the Special Stockholders Meeting on December 17, 2003, approval was given for a 1-for-10.000 reverse split of Bradesco's stock. This process was ratified by BACEN on January 6, 2004.

At the Special Stockholders Meeting held on December 9, 2004, approval was given for the following:

- Cancellation of 443,566 stocks, held in treasury being 443,562 common stocks and 4 preferred ones, with no capital decrease;
- 2-for-1 split of the stocks comprising capital subsequent to the cancellation described above, with no change in value increasing the number of stocks by 200%, whereby 2 new stocks were received free of charge in exchange for each stock of the same class held at December 13, 2004. In the same proportion as the split carried out in the Brazilian market, a split of Depositary Receipts (DRs) was carried out in the U.S. (NYSE) and European (LATIBEX) markets, whereby investors received 2 new DRs, free of charge in exchange for each DR held, ensuring that DRs continued to be traded in the proportion of 1 stock for 1 DR, in the corresponding markets; and
- Capital increase in the amount of R\$ 700,000 thousand, from R\$ 7,000,000 thousand to R\$ 7,700,000 thousand, through the issue of 17,500,000 new common nominative-registered stocks with no par value, of which 8,791,857 are common and 8,708,143 are preferred stocks, by private subscription at the price of R\$ 40.00 per stock, to be subscribed during the period from December 27, 2004 thru January 27, 2005, in the proportion of 3.688612594% of the stake held at December 13, 2004, considering the stock split. The remaining stocks will be sold by auction to be held at the São Paulo Stock Exchange BOVESPA on February 15, 2005. The total amount of the transaction which exceeds the subscription amount will be fully recorded as a credit in the Capital reserve Stock Premium account.

## Edgar Filing: BANK BRADESCO - Form 6-K

At the Annual and Special Stockholders Meeting of March 10, 2005, it was given approval to:

- Capital increase deliberated on December 9, 2004.
- Capital increase in the amount of R\$ 11,856 thousand, through the issue of 363,271 new common nominative-registered shares with no par value, of which 182,504 are common and 180,767 are preferred shares in the proportional means of 165.12329750137 Bradesco's issuance shares for each share of Bradesco Seguros S.A., of which 82.95659669277 are common and 82.16670080860 are preferred shares for Bradesco Seguros S.A. stockholders, converting the former into Bradesco's wholly-owned subsidiaries.
- Capital increase in the amount of R\$ 2,288,144 thousand, enhancing it from R\$ 7,711,856 thousand to R\$ 10,000,000 thousand, through Reservation savings bonds activities, with no stocks issuance.

We present below the stockholders' equity for the quarter:

### c) Interest attributed to own capital

Non-voting preferred shares are entitled to all rights and benefits attributed to common shares and in conformity with the Bank's statutes have priority to repayment of capital and 10% additional interest attributed to own capital and/or dividends, in accordance with the provisions of paragraph 1, item II of Article 17 of Law 6404, as amended by Law 10303/2001.

In conformity with the Bank's statutes, stockholders are entitled to interest attributed to own capital and/or dividends which total at least 30% of net income for the year, adjusted in accordance with Brazilian corporate legislation.

Interest attributed to own capital is calculated based on the stockholders' equity accounts and limited to the variation in the long-term interest rate (TJLP), subject to the existence of profits, computed prior to the deduction thereof, or of retained earnings and revenue reserves in amounts that are equivalent to, or exceed twice the amount of such interest.

It is the Bank's policy to distribute, during the year, all the interest attributed to own capital, determined in conformity with the above criteria and to compute this interest for purposes of the minimum compulsory dividend, net of withholding tax (IRRF).

Interests were paid on the own capital, as follows:

Edgar Filing: BANK BRADESCO - Form 6-K

- h) Payables on interbank onlendings -funds from rural loans bearing interest and charges corresponding to normal rates practiced for this type of transaction;
- i) Transactions for securitization of the future flow of money orders received from abroad and securitization of the future flow of credit card bill receivables from foreign cardholder; and
- j) Obligations as a result of the settlement of Banco Mercantil de São Paulo S.A. s received rights.

## 33) FINANCIAL INSTRUMENTS

### a) Risk and risk management

The main risks related to financial instruments, arising from the business carried out by the Bank and its subsidiaries are as follows: credit risk; market risk; liquidity risk; and capital risk. Risk management involves an integrated series of controls and processes, embracing a range of different policies and strategies. These risk management policies are designed to limit possible loss for the Organization.

#### Credit risk

As part of its Credit Risk Management enhancement process, Bradesco is working uninterruptedly to improve the procedures for gathering and controlling portfolio information, develop new loss estimation models, enhance and prepare rating inventories used in the various sectors in which the Bank operates, to supervise the processes used in credit analysis, granting and settlement, monitor credit concentration, identify the causes of default and to prepare risk mitigation plans.

Efforts are focused on the utilization of advanced and robust risk assessment models fully integrated with all the credit process components, in line with best practices and the recommendations established by the New Basel Capital Accord s most advanced models.

Begun in 2004, the Credit Risk Executive Committee, performed monthly by the senior management, aims to ensure the strategic management of Bradesco s credit operations portfolio.

We highlight, among others, the following:

- Deployment of expected and unexpected losses calculation system, besides of the allocation of the corresponding capital in compliance with the Basileia New Agreement s requirements;
- Backtesting of models used to assess the credit portfolio risks;
- Improvement of the management information systems designed to meet the requirements of the present customer segmentation approach, with the emphasis on decision making and credit portfolio management;

## Edgar Filing: BANK BRADESCO - Form 6-K

- Accomplishment of critical risks: continuous monitoring of the main non-payment events through individual analysis based on customers' balance increase and recovery estimates by the main areas involved (Business, Credit and Recovery); and
- Review and restructuring of internal processes, embracing roles and responsibilities, capacity building, review of organizational structures and information technology demands.

### Market risk

Market risk is related to the possibility of the loss of income from fluctuating rates caused by the unhedged terms, currencies and indices of the Institution's asset and liability portfolios. This risk is closely monitored by the financial market to avoid loss for the institutions.

At Bradesco Organization, market risks are managed through methodologies and models which are consistent with local and international market reality, ensuring that the Organization's strategic decisions are implemented with speed and a high level of reliability.

The Organization adopts a conservative policy regarding market risk exposure and V@R (Value at Risk) limits are defined by Senior Management, and compliance is monitored daily by an area which is independent from portfolio management. The methodology used to determine V@R has a reliability level of 97.5%. The fluctuations and correlations used by the models are calculated on statistical bases based on forward-looking processes in accordance with economic studies.

Investments abroad are strategically protected by hedge transactions, in amounts that consider tax effects, which minimize risk sensibility and the consequent impact on results. Thus, as they are differently managed, they are not included in the V@R calculation.

The methodology applied and current statistical models are validated daily using backtesting techniques.

We present below the V@R of the Own Portfolio positions (Treasury):

<b>Risk factors</b>	<b>R\$ thousand</b>		
	<b>2005</b>	<b>2004</b>	
	<b>On March 31</b>	<b>On December 31</b>	<b>On March 31</b>

Correlated effect	(7,776)	(4,967)	(5,630)

**VaR (Value at Risk)** **12,728** **14,240** **10,223**

In addition, a daily Gap Analysis is performed to measure the effect of the movement in the internal interest rate and foreign exchange coupon curves (interest spread paid above the foreign exchange variation) on the portfolio.

Complementing the market risk monitoring, control and management structure and in accordance with Central Bank regulations, a daily verification is made of the values at risk for the fixed and foreign exchange positions of the Organization's entire portfolio and of minimum capital requirements.

**Liquidity risk**

Liquidity risk management is designed to control the different unhedged liquidation terms of the Bank's rights and obligations as well as the liquidity of the financial instruments used to manage the financial positions.

Knowledge and monitoring of this risk is critical since it enables the Organization to settle transactions on a timely and secure basis.

At Bradesco Organization, liquidity risk management involves a series of controls, mainly, the establishment of technical limits and an ongoing assessment of the positions assumed and financial instruments used.

**Capital risk**

The Organization's capital is managed to optimize the risk-return ratio, minimizing losses through the implementation of well-defined business strategies and maximizing efficiency in the combination of factors which impact the Capital Adequacy Ratio (Basel).

## Edgar Filing: BANK BRADESCO - Form 6-K

- (1) Includes advances on foreign exchange contracts, leasing operations and other receivables; and  
 (2) Not including increment in investments in associated companies.

### Determination of market value of financial instruments:

- The market value of securities, investments, subordinated debts and treasury stocks is determined based on the market price practiced on the balance sheet date. In the event no market prices are available, amounts are estimated based on the prices quoted by dealers, on price definition models, quotation models or quotations for instruments with similar characteristics;
- Prefixed credit operations were determined by discounting estimated cash flows, using interest rates which are equivalent to interest rates applied by the Bradesco Organization for new contracts with similar features. These rates are compatible with prices practiced in the market on the balance sheet date; and
- Time deposits, funds for issuance of securities and borrowings and onlendings were calculated by discounting the difference between the cash flows under the contract terms and the rates practiced in the market on the balance sheet date.

### c) Derivatives

Bradesco carries out transactions involving derivative financial instruments, which are recorded in balance sheet or memorandum accounts, for its own needs and for customers. The derivative financial instruments are used by the Bank to hedge its asset and liability positions against the effect of exchange variations. The derivatives generally represent future commitments for exchanging currencies or indices, or purchasing and selling other financial instruments according to the terms and dates set forth in the contracts. Under the option contracts, the purchaser is entitled, but not obliged, to purchase or sell a financial instrument at a specific strike price in the future.

I) The amounts of the instruments recorded in balance sheet and memorandum accounts are summarized below:

**34) EMPLOYEE BENEFITS**

## Edgar Filing: BANK BRADESCO - Form 6-K

Banco Bradesco and its subsidiaries sponsor a supplementary retirement pension plan for employees and directors. The unrestricted benefits generating plan (PGBL) is of the defined contribution type, which permits the accumulation of savings by participants over their professional careers through contributions paid by themselves and the sponsoring company. The related resources are invested in an Exclusive Financial Investment Fund - FIE.

The PGBL is managed by Bradesco Vida e Previdência S.A. and BRAM - Bradesco Asset Management S.A. DTVM is responsible for the financial administration of the FIE funds.

The contributions paid by employees and by Bradesco and its subsidiaries total 4% of salary, except for participants who in 2001 opted to migrate to the PGBL plan from the defined benefits plan and whose contributions to the PGBL plan were maintained at the levels in force for the defined benefits plan at the time of migration, respecting nevertheless the 4% minimum.

The actuarial liabilities of the defined contribution plan (PGBL) are fully covered by the net equity of the corresponding FIF fund.

As well as the aforementioned defined contribution plan (PGBL), former participants of the defined benefits plan are guaranteed a proportional deferred benefit, corresponding to their accumulated rights in the latter plan. For participants of the defined benefits plan, transferred or not to the PGBL plan, retired participants and pensioners, the present value of the plan's actuarial liabilities is fully covered by guaranteeing assets.

Banco Alvorada S.A. (into which Banco Baneb S.A., which had previously merged BEA S.A., was merged) maintains a supplementary pension plan managed by Caixa de Previdência dos Funcionários do BEA - CABEA, which is currently undergoing a sponsorship withdrawal process, with base date established at November 30, 2002 and whose sponsor's contributions ceased from December 1, 2002. The plan's actuarial liabilities are fully covered by the plan's net assets.

Banco Alvorada S.A. (into which Banco Baneb S.A. was merged) sponsors supplementary pension plans of the defined contribution (PGBL) and defined benefits type, through Fundação Baneb de Seguridade Social - BASES (for former Baneb employees). The actuarial liabilities of the defined contribution and defined benefit plans are fully covered by the net assets of the plans.

Banco BEM S.A. sponsors supplementary pension plans of the defined benefit and defined contribution type, through Caixa de Assistência e Aposentadoria dos Funcionários do Banco do Estado do Maranhão - CAPOF. The actuarial liabilities of the defined benefit and defined contribution plans are fully covered by the net assets of the plans.

The funds guaranteeing the private pension plans are invested in compliance with applicable legislation (government securities and corporate bonds, listed company stock and real estate),

Expenses with contributions made during the 1st quarter of 2005 totaled R\$ 63,133 thousand (in the 4th quarter of 2004 -R\$ 56,966 thousand and in the 1st quarter of 2004 - R\$ 50,354 thousand).

In addition, Bradesco and its subsidiaries offer their employees and directors a number of other benefits including: healthcare insurance, dental care, group life and personal accident insurance, as well as professional training, the expenses for which, including the aforementioned contributions, totaled in the 1st quarter of 2005 - R\$ 278,806 thousand (4th quarter of 2004 - R\$ 286,487 thousand and 1st quarter of 2004 - R\$ 246,207 thousand).

**36) OTHER INFORMATION**

**a)** The net assets of the investment funds and portfolios managed by the Bradesco Organization on March 31 2005 totaled R\$ 104,756,927 thousand (on December 31 2004 R\$ 99,640,172 thousand and on March 31 2004 R\$ 85,723,291 thousand).

**b)** Banco Bradesco and its subsidiaries are the principal maintainers of the Fundação Bradesco, the chief mission of which is to provide formal quality education to children, young people and adults, ensuring that they receive the qualifications required to achieve personal fulfillment through their work and to exercise their rights and duties as citizens. Accordingly, the Fundação has expanded its activities yearly, increasing the number of students matriculated in its schools from 13,080 to more than 107,000, over the last twenty-four years. Through its 40 schools, installed as a priority in regions which are both socially and economically deprived, across all of Brazil's states and in the Federal District, the Fundação Bradesco offers education free-of-charge at junior and high school levels, as well as basic professional and technical training in IT, electronics, industry, management and agriculture and livestock raising. Distance learning is also offered as part of its Youth and Adult Education programs. Contributions during the period from Bradesco's consolidated companies to the Fundação Bradesco totaled R\$ 18,000 thousand in the 4th quarter of 2004 and R\$ 16,300 thousand in the 1st quarter of 2004.

**c)** Through its subsidiary Finasa Promotora de Vendas Ltda. (Finasa), Banco Bradesco made an agreement on 4.15.2005 with Banco Morada S.A. and Morada Investimentos S.A. (Grupo Morada), the Settlement and Transfer Contract of Quotas and other agreements, relating to the transfer of Customer's Financing Business, involving Personal Credit (CP) and Credit to Customer's Rights (CDC) from Grupo Morada. It took place through the whole acquisition of Morada Serviços Financeiros Ltda. (Morada Serviços) social capital, totaling a demand payment of R\$ 80 million. The acquisition will make possible to Finasa the increase of its retailing products offer increase, including Bradesco ones, since bank account up to products related to insurance, supplementary pension plans and consortium through the Morada Serviços operating platform.

**Independent Auditors Report on special review**

---

To  
The Board of Directors and Stockholders  
Banco Bradesco S.A.  
Osasco SP

We have performed special reviews of the consolidated interim report of Banco Bradesco S.A. and its subsidiaries for the three-month periods ended March 31, 2005, December 31, 2004 and March 31, 2004, comprising the balance sheets, the statements of income and changes in financial position, which were prepared in conformity with accounting practices adopted in Brazil.

Our reviews were performed in conformity with the specific rules established by the Brazilian Institute of Independent Auditors (IBRACON), jointly with the Brazilian Federal Accounting Council (CFC), and consisted mainly of: (a) inquiries and discussions with the managers responsible for the accounting, financial and operational areas of Banco Bradesco S.A. and its subsidiaries, regarding the principal criteria adopted in the preparation of the interim reports; and (b) review of information and subsequent events that have or may have a significant effect on the financial position and operations of Banco Bradesco S.A. and its subsidiaries.

Based on our special reviews, we are not aware of any significant modifications that should be made to the aforementioned consolidated interim report for it to be in conformity with accounting practices adopted in Brazil.

## Report of the Fiscal Council

### **Banco Bradesco S.A.**

The undersigned, members of Banco Bradesco S.A.'s Fiscal Council, in the performance of their legal and statutory duties, having reviewed the Management Report and the Financial Statements for the quarter ended March 31, 2005, and based on the unqualified opinion of KPMG Auditores Independentes, declare that said documents, based on the corporate legislation in force, fairly present the Institution's equity and financial position.

**Glossary of Technical Terms**

**Activity Based Costing:** is a methodology used to facilitate the analysis of the costs of activities that consume the most significant volume of resources. The volume, relationship between cause and effect and the effectiveness with which the resources are consumed during the activities comprise the objective of the strategic ABC cost analysis, ensuring that indirect costs are directed as a priority to these activities and processes and subsequently to products, services and customers.

**Added value:** value created by the company as a result of its productive activities, representing the level of the company's contribution to society.

**Advanced Model Approach (AMA):** method used to allocate capital to operating risk, whereby complex internal variables are applied and integrated with management processes. The Bank must meet qualitative and quantitative criteria, as well as maintaining a database of loss for the prior 5 years and be apt to calculate operating V@R (Value at Risk).

**Advisor:** economic/financial consultant.

**Asset management companies:** the main activity of these companies is to manage third-party funds. The companies may be part of a financial group, but must create operating barriers, such as a Chinese Wall to avoid possible conflicts of interest and focus their business on the management of investors' funds.

**Back test:** this method is used to test the validity of the statistical models used, through the comparison of historical data and data generated by the models.

**Basel Capital Accord:** agreement signed by the Basel Committee, Switzerland, in 1988, designed to establish new conditions for the system used to regulate and supervise banking activities (compulsory for G-10 countries). The methodology used seeks to ensure that minimum capital requirements are compatible with the degree of risk of transactions. In June 2004, this agreement was revised and related changes must be implemented by January 2007.

**Basel Committee:** formed by the presidents of the central banks of the world's 10 most developed economies for purposes of introducing regulations for compliance by G-10 countries.

**Bonds:** government securities or corporate bonds which are subscribed and traded.

**Brazilian Depositary Receipts (BDRs):** these are certificates comprising securities issued by publicly held companies headquartered abroad, negotiable in the Brazilian market.

**Broker dealer:** a specialized firm which trades securities for its own account or as an intermediary for third parties.

**Capital adequacy ratio (Basel):** index introduced by the Basel Committee and regulated by the Brazilian Central Bank, which shows the ratio between the bank's stockholders' equity and its risk weighted assets.

**Capital savings:** comprise the capital paid as a lump sum to the beneficiaries indicated in the plan proposal, in the event of decease of the pension plan participant.

**Cash management:** cash administration.

**Claims:** this is the realization of risk provided for in the insurance contract, which causes material or personal damages to the policyholders or their beneficiaries.

**Claims ratio:** used by insurance companies to measure the proportion of expenses for claims to earned premium. Accordingly, the lower the ratio, the better the insurance company's risk selection strategy.

**Co-insurance:** insurance distributed among various insurance companies, with the related risk distributed in proportion to the corresponding quota held.

**Combined ratio:** ratio used by the insurance companies, according to which the sum of the expenses incurred with claims, administrative expenses and selling expenses are divided by the premium earned. Accordingly, the lower the ratio, the higher the efficiency of the insurance company.

## Edgar Filing: BANK BRADESCO - Form 6-K

**Commercial paper:** securities issued by publicly held companies for purposes of raising public funds for financing working capital.

**Committee of Sponsoring Organizations COSO:** a not-for-profit entity, dedicated to improving the presentation of financial reports based on ethics, efficient internal controls and corporate governance. Its members are representatives from the industry, accounting firms, investment companies and the New York Stock Exchange.

**Compliance:** adherence to a set of laws, rules and instructions introduced by either governmental or internal bodies.

**Compulsory deposits:** this compulsory reserve is the percentage of demand deposits and the terms under which banks are obliged to deposit at the Brazilian Central Bank (BACEN). The National Monetary Council (CMN) establishes the required percentage for purposes of limiting the expansion of credit operations in the economy. The compulsory deposit is a classic Central Bank instrument used to control the volume of currency available in the banking system.

**Contingent liabilities:** reflect the uncertainty as to whether, when and for how much an obligation will be paid. In general, the amounts recorded as contingencies are calculated based on the progress of the related law suits.

**Corporate finance:** banks act as intermediaries in complex transactions involving corporate mergers, spin-offs and acquisitions. In this segment, in conjunction with specialized consulting firms, the banks use their experience in financial and investment transactions ensuring that they are made feasible through the use of funds which are obtained either locally or from abroad.

**Corporate governance:** system by which companies are managed and monitored, involving relationships between stockholders, the board of directors, the executive board, the independent auditors, audit committee and fiscal council. Good corporate governance practices are designed to increase the company's value, facilitating access to capital and ensuring that it will continue as a going concern on a perennial basis.

**Correspondent banks:** these are commercial companies or service providers contracted by banks to operate in banking services authorized by the Brazilian Central Bank (BACEN). Since they are usually located in different commercial outlets, the correspondent bank can offer extended hours, often on a 24-hour basis.

**Courier:** messenger service, available for use by customers, to carry out a number of bank services, including check deposits, bill payments, checkbook delivery, among others, with no need for customers to leave the home or office.

**Covenants:** commitments contained in any formal debt agreement establishing that certain acts must be fulfilled, while others must not be executed. These commitments are designed to protect the lender's interests and involve matters such as working capital, dividend payment and the ratio of indebtedness.

**Coverage of technical reserves:** is the allocation of assets, by insurance, private pension plans and savings bond companies, in particular financial assets, in sufficient amount to cover technical reserves. These assets must offer diversity, liquidity, security and profitability.

**Coverage ratio:** measures the ratio between the amount of the allowance for loan losses (PDD) and the amount of non-performing loans (D to H rated credits)

**Credit scoring:** is a method using statistical tools to measure the probability of loss on a credit operation based on historical data.

**Cross-selling:** sale of related merchandise and services.

**Depository Receipts DRs:** are deposit receipts issued by a foreign institution (Depository), guaranteed by shares of a local company.

**Derivatives:** financial instruments used by companies, substantially for protection purposes and classified in 4 categories: futures market, swap, forward market and options.

**Earned premium:** the portion of an insurance premium retained which corresponds to the period of risk time passed, ie, it is the deferral of the retained premium for the period counted from the date of the insurance coverage.

**Eurobonds:** securities with notional value expressed in U.S. dollars or other currencies and which the banks issue through institutions abroad, the resources of which will be used to finance credit operations in Brazil. These are medium to long-term securities at fixed or floating rates and with premium or discount, depending on market demand. The eurobond market is an important source of capital for multinational companies and governments, including those located in developing countries.

## Edgar Filing: BANK BRADESCO - Form 6-K

**Euronotes:** are long-term notes, issued by governments and major companies and traded in the international financial market.

**Exchange coupon rate:** is the difference between the internal interest rate and the expected Brazilian exchange rate devaluation and, in general, is compatible with the composition of the remuneration offered by exchange bills in investments pegged to the variation in the U.S. dollar, ie, the interest rate in U.S. dollar paid to an investor who assumes the risk of investing in another currency.

**Exchange exposure:** assets and liabilities subject to exchange risks as a result of local currency valuation or devaluation as compared to other currencies.

**Financial holding company (FHC):** status granted by the U.S. Federal Reserve FED, which permits the subsidiary company of a foreign financial institution to carry out its activities under the same conditions as local US banks. This status is awarded subsequent to a detailed analysis of key factors determined by US banking legislation. For purposes of obtaining FHC status, the institution must comply with 3 main requirements: a) it must be properly capitalized, b) properly managed and c) submit a proper request for FHC status to the Federal Reserve Board FRB.

**Financial intermediation:** is a bank's main activity. The bank obtains funds from customers with resources available for investment which are lent to borrowers. Other activities such as leasing and exchange transactions also comprise financial intermediation.

**Financial margin:** this is the difference between interest income and expense generated by investments, funds obtained, credit and leasing operations and foreign exchange transactions. Non-interest income also comprises financial margin, derived from securities, treasury transactions and credit recoveries.

**Floating funds:** permanence of third-party funds in banks for a specific period without remuneration.

**Hedge:** an instrument used to offset risk investments subject to price and rate fluctuations.

**Home broker:** relationship channel between investors and brokerage houses, for stock market trading purposes through the online transmission of buy and sell orders via internet, permitting real time access to price quotations and share portfolio monitoring, among other resources.

**Interbank accounts:** comprise checks which are being cleared between banks and other notes, such as bank docket payments, as well as restricted deposits at the Brazilian Central Bank (deposits in foreign currency, deposits for exchange contracts, payment of funds for rural credit, credits subject to the National Housing System SFH, etc).

**Interbank deposits:** securities negotiated in the interbank market between financial institutions.

**Interdepartmental accounts:** comprise the amounts which are in transit between the bank's branches and departments or other group member companies (brokerage firms, insurance companies, supplementary private pension entities etc.).

**Investment advisory service:** these are consulting services for investors and include financial advice, preparation of financial reports and management of customer funds. The services are provided by consultants who are properly registered at the regulatory organs.

**Leasing:** this is an alternative medium, or long-term, financing method, documented through an agreement in which the leasing company purchases the assets, which are then ceded for use by the lessee in exchange for payment in installments.

**Market-making:** the maintenance of buy and sell offers for a specific securities and preparation to buy or sell standard lots at publicly quoted prices.

**Market share:** percentage sales or inventories in a specific segment of a certain company. Could also be the share that a specific brand holds in the market in which it operates.

**Mark-to-market:** method used to adjust a security or portfolio based on present market values.

**Merchant banking:** activities carried out by a financial institution including investment bank activity, advisory services, and intermediary services in mergers and acquisitions.

**Microcredit:** is the granting of limited loan amounts to small informal business owners and microcompanies, with difficult access to the traditional financial system, especially since they are unable to offer real guarantees. This credit is used for production purposes (working capital and investment) and its main features are less red tape, access by all customer income brackets and a quick and efficient approvals process.

## Edgar Filing: BANK BRADESCO - Form 6-K

**Mobile banking (WAP):** this technology allows banks to offer their customers banking services (balances, statements, institutional information consultation, rates and prices) via mobile communication equipment, such as cell phones. An option in addition to other channels, such as the Internet, magnet strip cards, branches and call centers.

**Money laundering:** method by which funds derived from illegal activities are incorporated into the economic system. The main purpose is to disguise the illicit origin of the funds using transactions which cannot be traced.

**Operating efficiency ratio:** ratio between administrative expenses (personal + administrative) and operating income.

**Overnight:** one-day investments which are guaranteed by government securities or corporate bonds, comprising a transaction between two institutions involving a sale, with a repurchase commitment.

**Over-the-counter market:** in which transactions are not carried out in the stock exchanges. Not only shares, but also assets, including derivatives, can be traded in this market. Since they attend certain customer specifications, not provided for in stock exchange trading, over-the-counter trades are also known as tailor-made transactions.

**Own position:** securities maintained in stock, available for trading, derived from definitive purchases or repurchases, recorded as fixed income securities.

**Plano remido:** in the health Insurance Line products, this is a plan in which insurance holders do not have the obligation to pay premiums to the insurance company, which, in turn, still has the obligation to pay benefits to the holder.

**Privatization currency:** government securities generally traded with discount and accepted by the government in payment for the acquisition of state-owned companies.

**Project finance:** is the combination of contracts which involve a specific business venture, interrelating all the operating agents and the guarantees related thereto. Project finance is a technical model in which the project is the center of gravity of the interaction between the related agents. Project finance is generally used in major engineering projects.

**Purchase and sale commitments:** a financial investment through which the bank sells government securities or corporate bonds to the customer, and whereby the bank is committed to repurchase and the customer to resell the related securities within the terms established in the contract.

**Qualified custody service:** this consists of the physical and financial settlement of assets and their safekeeping, as well as the administration and information on related income. The custody service also comprises the financial settlement of derivatives, swap contracts and forward transactions.

**Quality certification (ISO International Organization for Standardization):** is the combination of activities carried out by an independent commercial body designed to certify, publicly and in documental form, that a determined product, process or service complies with specific requirements. ISO certification improves the company's image, facilitating purchase decisions by customers and consumers.

**Rating agencies:** companies experienced in analyzing the risk of public and private, financial or non-financial institutions. Based on detailed analyses, these agencies attribute a score to the companies or countries under analysis which serves as a risk indicator for investors.

**Reinsurance:** is the ceding by the insurance company to the reinsurer of that portion of a liability which exceeds the limit of its capacity to retain risks. Reinsurance is a form of risk distribution and is contracted with IRB-Brasil Resseguros S.A., which has the monopoly on reinsurance in Brazil.

**Retained premium:** is the portion of an insurance premium which remains with the insurance company in the exact proportion of its retention, ie, the portions ceded as co-insurance and reinsurance are excluded from the premium issued, as well as refunds and cancellations.

**Retrocession:** is the transaction used by the reinsurer to cede to the local or international market, the liabilities which exceed the limits of its capacity to retain risks, ie, retrocession is the reinsurance of reinsurance.

**Sarbanes-Oxley Act, Section 404:** established to restore confidence in the financial information disclosed by companies listed in the U.S. stock exchanges. The U.S. politicians, Sarbanes (senator) and Oxley (federal congressman) drew up legislation to provide improved orientation on the following: clarity in the presentation of financial information, corporate governance, internal controls process and independence of the independent auditors and increased assurance procedures.

## Edgar Filing: BANK BRADESCO - Form 6-K

Pursuant to Section 404, both companies and their auditors must identify all key controls for each of their processes and test thoroughly the effectiveness and management appraisal capacity of these controls.

**Securitization:** this is the financial transaction whereby a loan and other debts are converted into securities which are negotiable in the market.

**Social responsibility:** is the philosophy whereby certain companies conduct their business as a partner, co-responsible for social development. The socially responsible company is capable of assimilating the interests of different stakeholders (stockholders, employees, service providers, suppliers, consumers, community, government and environment), ensuring that these interests are fully integrated into the planning of its activities, in the pursuit to meet the demands of all segments, not just those of the stockholders or owners.

**Sovereign risk:** this is an index calculated by the US investment bank J. P. Morgan used to measure the degree of risk to which a foreign investor is exposed when investing in a particular country. Technically, this risk is the surcharge payable in relation to the guaranteed return on US treasury bonds, since the US is considered to offer less risk to investors. Every 100 points represent 1% of additional interest as compared to US interest.

**Spread:** this is the difference between the interest rate charged to the borrower by the bank and the rate paid to customers for the use of the funds invested.

**Stock guide:** this is a report used as a guide for those interested in accompanying the performance of the secondary share market and an important tool for use in capital market area studies. Its content is updated periodically and includes information on all major listed companies. The inclusion of companies in this report is directly related to their share liquidity. The companies are grouped under different sectors, facilitating a comparative analysis of their performance (share behavior and profitability) in their own activity segment and between the different sectors.

**Stress testing:** a technique used to assess the response of an asset and/or liability portfolio to extreme variations in the prices, interest and exchange rates which affect these portfolios. The purpose of the stress test is to quantify possible loss on the portfolio in the event of an adverse market situation.

**Structured transactions:** a combination of two or more financial instruments (e.g. a purchase and sale commitment + Swap), designed to take advantage of market opportunities or secure protection against financial risks.

**Subordinated debt:** this is an instrument customarily used by financial institutions for obtaining funds since it is classified as tier II capital for purposes of calculating the capital adequacy ratio (Basel) and accordingly increases their credit granting capacity. In the event of bankruptcy, this debt is the ultimate obligation payable by the financial institution and is subordinate to the payment of all other creditors.

**Supplementary private pension plan:** a method used to accumulate resources over the years in the form of savings to be withdrawn during retirement. This plan is supplementary to the government retirement pension scheme.

**Technical reserves:** these are liabilities recorded by the insurance companies to guarantee the payment to policyholders of claims occurred or which will occur in the future as a result of the risks assumed. For the supplementary private pension entities and savings bond companies, these liabilities comprise the amounts accumulated with funds derived from the cost of the benefits contracted, for payment purposes of such benefits. All technical reserves are calculated established on actuarial bases.

**Third-party position:** securities with repurchase commitments not subject to resale commitments, ie, they are the institutions own portfolio securities related to the open market, recorded as fixed income securities subject to repurchase.

**Treasury stocks:** own company stocks acquired to remain in treasury or for cancellation.

**Underwriting:** term used internationally to define the launching of shares or debentures for public subscription, generally carried out by financial institutions authorized by the CVM, via three types of contract: straight (the financing institution subscribes the total launch and payment is made directly to the issuing company), stand-by (the financing company is bound to subscribe the securities not acquired by the public) and best-efforts (the financing company does not assume the responsibility to subscribe the securities and returns those that were not acquired by the public to the issuing company).

**V@R (value at risk):** is the expected maximum potential loss of an asset and/or liability portfolio with pre-established confidence level and over a specific time horizon.

**Web point:** this is a self-service terminal providing access to Internet Banking services.

## Edgar Filing: BANK BRADESCO - Form 6-K

**WebTA:** is the online transfer of files between the bank and its corporate customers with security efficiency and economy, using cryptography and data compaction.

**Wireless:** this technology permits connection between equipment with no direct physical link. For example, internet access by cell phones is made feasible through the use of wireless technology.
