Accident on Platform P-50

(Rio de Janeiro, July 4, 2007). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA, BCBA: APBR/APBRA], a Brazilian international energy company, announces that at about 4:00 p.m. today a fire broke out in the gas compressor transformers room onboard Platform P-50 in the Albacora Leste Field, Campos Basin, approximately 120 km off the coast of the state of Rio de Janeiro.

Oil and gas production was shut down and platform fire fighters immediately went into action, extinguishing the fire. There were neither victims nor any oil spills into the sea. Partial production has already been resumed.

Petrobras has already notified the occurrence to the appropriate authorities (the Navy and the ANP- the oil industry regulator).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
